Members of the Board of Supervisors  
Oktibbeha County, Mississippi

Dear Board Members:

I am pleased to submit to you the 2013 financial and compliance audit report for Oktibbeha County. This audit was performed pursuant to Section 7-7-211(e), Mississippi Code Ann. (1972). The audit was performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

I appreciate the cooperation and courtesy extended by the officials and employees of Oktibbeha County throughout the audit. Thank you for working to move Mississippi forward by serving as a supervisor for Oktibbeha County. If I or this office can be of any further assistance, please contact me or Tom Story of my staff at (601) 576-2674.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Stacey E. Pickering". The signature is fluid and cursive.

Stacey E. Pickering  
State Auditor

**INDEPENDENT AUDITOR'S REPORT**

Members of the Board of Supervisors  
Oktibbeha County, Mississippi

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Oktibbeha County, Mississippi, (the County) as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County's primary government as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Basis for Adverse Opinion on the Aggregate Discretely Presented Component Unit**

The financial statements do not include financial data for the County's legally separate component unit. Accounting principles generally accepted in the United States of America require the financial data for this component unit to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component unit. The County has not issued such reporting entity financial statements. Because of this departure from accounting principles generally accepted in the United States of America, the assets, liabilities, net position, revenues and expenses of the aggregate discretely presented component unit would have been presented as \$114,412,854, \$27,152,550, \$87,260,304, \$66,482,217 and \$68,694,687.

### **Adverse Opinion**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the Aggregate Discretely Presented Component Unit" paragraph, the financial statements referred to above do not present fairly, the financial position of the discretely presented component unit of Oktibbeha County, Mississippi, as of September 30, 2013, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Qualified Opinion on General Fund**

Management did not maintain adequate subsidiary records documenting fines receivable and the aging of these fines receivable. Adequate subsidiary records were not maintained and preserved for the Justice Court fines receivable aging schedules at September 30, 2013. Due to the nature of the County's records, we were unable to satisfy ourselves as to the fair presentation of fines receivable, net, reported in the General Fund at \$972,402, as of September 30, 2013. Also, because of the nature of the fines receivable records, we could not satisfy ourselves as to the fair presentation of the related transactions of the General Fund.

### **Qualified Opinion**

In our opinion, except for the effects of such adjustments, if any, as might have been determined had we been able to examine evidence to determine the net realizable value of the fines receivable reported in the General Fund, the financial statements referred to above present fairly, in all material respects, the financial position of the General Fund of Oktibbeha County, Mississippi, as of September 30, 2013, and the changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Unmodified Opinions**

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the Countywide Road Maintenance Fund, the Countywide Bridge and Culvert Fund and the aggregate remaining fund information of Oktibbeha County, Mississippi, as of September 30, 2013, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules and corresponding notes, and the Schedule of Funding Progress – Other Postemployment Benefits be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Oktibbeha County, Mississippi's basic financial statements. The accompanying Schedule of Surety Bonds for County Officials is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2015, on our consideration of Oktibbeha County, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Oktibbeha County, Mississippi's internal control over financial reporting and compliance.

OKTIBBEHA COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED SEPTEMBER 30, 2013  
UNAUDITED

**INTRODUCTION**

The discussion and analysis of Oktibbeha County's financial performance provides an overall narrative review of the County's financial activities for the year ended September 30, 2013. The intent of this discussion and analysis is to look at the County's performance as a whole; readers should also review the notes to the basic financial statements and the financial statements to enhance their understanding of the County's financial performance.

This discussion and analysis is an element of required supplementary information specified in the "Governmental Accounting Standards Board's (GASB) Statement No. 34 - Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" issued June 1999. Certain comparative information between the current year and the prior year has been presented as required.

Oktibbeha County is located in northeastern Mississippi. The population, according to the 2010 census is 47,671. The local economic base is mainly Manufacturing, Research/Technology, and Mississippi State University.

**FINANCIAL HIGHLIGHTS**

Oktibbeha County is financially stable. The County has committed itself to financial excellence for many years by using sound financial planning, budgeting and strong internal controls. The County is committed to maintaining sound fiscal management to meet the challenges of the future.

Oktibbeha County continues to grow both economically and in population. This has allowed the County to maintain a steady growth in tax revenues without a significant tax increase.

Total net position increased \$3,120,325, which represents an increase of 11.79% from the prior fiscal year. The County's ending cash balance increased by \$953,893 from the prior fiscal year.

The County had \$22,132,457 in total revenues. Property tax revenues account for \$14,160,372 or 63.98% of total revenues. State revenues in the form of reimbursements, shared revenue or grants, account for \$2,247,344 or 10.15% of total revenues.

The County had \$19,012,132 in total expenses, which represents a decrease of \$1,516,186 or 7.39% decrease from the prior fiscal year. Expenses in the amount of \$4,207,611 were offset by charges for services, grants or outside contributions. General revenues of \$17,924,846 and proceeds from capital lease-purchases were adequate to provide for the remainder of the expenses.

Among major funds, the General Fund had \$10,932,795 in revenues and \$10,494,861 in expenditures. The General Fund's fund balance increased by \$785,277 which included excess revenues over expenses of \$437,934 plus the increase from the net effect of other financing sources and uses of \$397,845 in long term debt issued for the purchase of new patrol vehicles, \$19,400 from the sale of capital assets and transfers out to other governmental funds of \$69,902.

Among major funds, the Countywide Road Maintenance Fund had \$2,082,136 in revenues and \$3,181,293 in expenditures. The Countywide Road Maintenance Fund's fund balance decreased by \$552,898 from the prior fiscal year. The excess revenues under expenditures were offset by the net effect of the sale of capital assets of \$546,259.

Among major funds, the Countywide Bridge and Culvert Fund had \$2,042,581 in revenue and \$3,088,046 in expenditures. The Countywide Bridge and Culvert Fund's fund balance had an increase of \$2,639 from the prior year which included \$1,048,104 in long term capital debt issued.

Capital assets, net of accumulated depreciation, increased by \$1,944,033

Long-term debt decreased by \$408,644.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) Government-wide financial statements, 2) Fund financial statements and 3) Notes to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

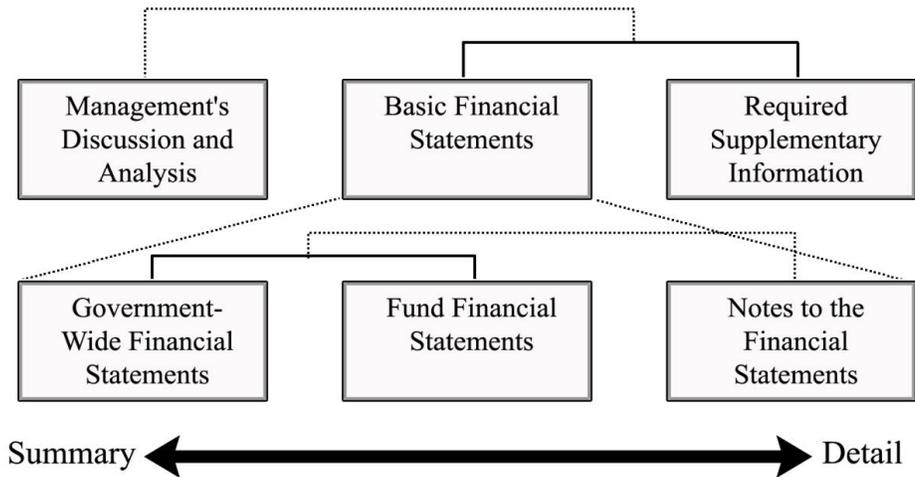

Figure 1 shows how required parts of this annual report are arranged and relate to one another.

Figure 2 summarizes the major features of the County's financial statements, including the portion of the County's government they cover and the types of information they contain. The remainder of this section of Management's Discussion and Analysis explains the structure and content of each of the statements.

OKTIBBEHA COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS

**Figure 2 — Major Features of the County's Government-Wide and Fund Financial Statements**

	Government Wide Financial Statements	Fund Financial Statements	
		Governmental Funds	Fiduciary Funds
Scope	Entire County government (except fiduciary funds) and component units	All activities of the County that are not business-type or fiduciary in nature	The County is the trustee or agent for someone else's resources
Required financial Statements	<ul style="list-style-type: none"> <li>• Statement of net position</li> <li>• Statement of Activities</li> </ul>	<ul style="list-style-type: none"> <li>• Balance sheet</li> <li>• Statement of revenues expenditures and changes in fund balances</li> </ul>	Statement of fiduciary assets and liabilities
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/ liability information	All assets and liabilities, both financial and capital and short and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both short and long term
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services are received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the County finances, in a manner similar to private-sector businesses.

The **statement of net position** presents information on all County assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The **statement of activities** presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

OKTIBBEHA COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED SEPTEMBER 30, 2013  
UNAUDITED

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or part of their costs through user fees and charges (business-type activities). However, the county had no business-type activities. The governmental activities of the County include general government; public safety; public works (roads and bridges); health and welfare; culture and recreation; education; conservation of natural resources; economic development; and interest on long-term debt.

The Government-wide Financial Statements can be found on pages 19 and 20 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

**Governmental funds** are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements. Governmental funds include the general, special revenue, debt service, and capital projects funds.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the "Governmental Funds Balance Sheet" and the "Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances" provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are on pages 22 and 24, respectively.

The County maintains individual governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for all major funds. All other non-major funds are combined together and presented in these reports as other governmental funds.

The basic governmental funds financial statements can be found on pages 21 and 23 of this report.

**Fiduciary funds** are used to account for resources held for the benefit of parties outside the County government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accrual basis of accounting is used for fiduciary funds. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The County's fiduciary activities are presented in a separate Statement of Fiduciary Assets and Liabilities, which can be found on page 25 of this report.

**Notes to the financial statements** provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 27 through 42 of this report. In addition to the basic financial statements and accompanying notes, this report also presents **Required Supplementary Information** concerning the County's budget process.

The County adopts an annual operating budget for all governmental funds. A budgetary comparison statement has been provided for the General Fund and each additional major fund. This required supplementary information can be found on pages 45 through 47 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED SEPTEMBER 30, 2013  
UNAUDITED

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net Position —Net position may serve over time as a useful indicator of government's financial position. In the case of Oktibbeha County, assets exceeded liabilities by \$29,580,603 as of September 30, 2013.

By far, the largest portion of the County's net position 146.31% reflects its investment in capital assets (e.g. roads, bridges, land, buildings, mobile equipment, furniture & equipment, leased property under capital lease and construction in progress) less related outstanding debt used to acquire such assets. The county uses these capital assets to provide services to its citizens.

The County's financial position is a product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

The following table presents a summary of the County's net position for the fiscal year ended September 30, 2013 as compared to September 30, 2012.

	Governmental Activities 2013	Governmental Activities 2012
	<u>2013</u>	<u>2012</u>
Current assets	\$ 29,395,064	27,549,284
Capital assets, net	<u>45,090,373</u>	<u>43,146,340</u>

Long-term debt outstanding	<u>28,750,303</u>	<u>29,158,947</u>
Total liabilities	<u>44,904,834</u>	<u>44,235,346</u>
Net position:		
Net investment in capital assets	\$ 43,278,788	41,967,680
Restricted	4,794,207	4,842,957
Unrestricted	<u>(18,492,392)</u>	<u>(20,350,359)</u>
Total net position	<u>\$ 29,580,603</u>	<u>26,460,278</u>

The following are significant current year transactions that have had an impact on the Statement of Net Position.

- \$1,066,669 completed road and bridge construction projects had a significant impact on the Statement of Net Position for the period ending September 2013.

**Changes in Net Position** — Oktibbeha County's total revenues for the fiscal year ending September 30, 2013 were \$22,132,457. The total cost for all services provided was \$19,012,132. Net position increased by \$3,120,325 from the prior fiscal year.

OKTIBBEHA COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED SEPTEMBER 30, 2013  
UNAUDITED

**FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS**

**Governmental funds** — At the close of the fiscal year, Oktibbeha County's governmental funds reported a combined fund balance of \$11,645,400 an increase of \$609,019. The primary reasons for this increase are highlighted in the analysis of governmental activities. In addition, other factors that affected ending fund balance are as follows:

The county expenditures exceeded revenues by \$1,402,589; however, the use of other financing sources provided the cash flow to cover the anticipated expenditures which include proceeds from the issuance of long-term capital debt and the sale of out-dated capital assets offset the excess of expenditures under revenues by \$2,011,608.

The General Fund is the principal operating fund of the County, and did have an increase in the year-end fund balance over the prior year of \$785,277.

**BUDGETARY HIGHLIGHTS OF MAJOR FUNDS**

Over the course of the year, Oktibbeha County revised its annual operating budget on several occasions. Significant budget amendments are explained as follows:

Budgeted revenues from state and federal sources were amended to account for grants awarded.

A schedule showing the original and final budget amounts compared to the County's actual financial activity for the General Fund and other major funds is provided in this report as required supplementary information.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets** — As of September 30, 2013, Oktibbeha County's total gross capital assets were \$102,162,825. This includes roads, bridges, other infrastructure, land, buildings, mobile equipment, furniture and equipment, leased property under capital lease and construction in progress. This amount represents an increase from the previous year of \$2,243,279. This includes new mobile equipment, office equipment and \$2,153,480 of additional bridge and road projects in 2013.

Total accumulated depreciation as of September 30, 2013 was \$57,072,452 including \$1,459,204 of depreciation expense for the current year. The balance in total net capital assets was \$45,090,373 at year-end.

Additional information on Oktibbeha County's capital assets is in note 5 on page 33 of this report.

**Debt Administration** — At September 30, 2013, Oktibbeha County had \$28,750,303 in long-term debt outstanding. This includes general obligation bonds, other loans and obligations under capital lease. Of this debt, \$1,142,064 is due within one year.

The State of Mississippi limits the amount of debt a county can issue to generally 15% of total assessed value. The County's outstanding debt as of September 30, 2013 was equal to 7.92% of the latest property assessments.

Additional information on Oktibbeha County's long-term debt can be found in note 9 on page 38 of this report.

**CURRENT AND FUTURE ITEMS OF IMPACT**

With Mississippi State University located in Oktibbeha County, the City of Starkville and the County continue to reap the benefits of the staff and now over 20,000 students living here almost year round and spending their money here. The University has started building new student housing in the last few years and continues to do so in order to try and keep up with the demand for student housing. A new 400-unit apartment complex adjoining the campus will be finished in time for the fall enrollment.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED SEPTEMBER 30, 2013  
UNAUDITED

The Cotton Mill Project finally started construction on a new full service hotel and convention center. This project will also include several new retail stores and dining establishments.

Oktibbeha County has joined Lowndes and Clay Counties and formed The Golden Triangle Economic Development Link. One major project has already committed to the area. Yokohama Tire Corporation has started construction on phase one. Once operational, this company will provide 1200 jobs in the Golden Triangle. When all phases are completed, the project will be one of, if not the largest manufacturer in the state. Oktibbeha County traditionally has a 35% to 40% share in jobs and new residents when a new industry moves into the Golden Triangle area. The new Link is a one of a kind venture and potentially the wave of the future in economic development strategy.

With the new partnership in the Link and MSU's continued student growth, the future looks very bright for Oktibbeha County.

**CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the funds it receives. If you have questions about this report or need additional financial information, please contact Emily Garrard, Oktibbeha County Administrator at P.O. Box 80285, Starkville, Mississippi 39759.

The notes to the financial statements are an integral part of this statement.

OKTIBBEHA COUNTY

Exhibit 4-1

Reconciliation of the Statement of Revenues, Expenditures and Changes in  
Fund Balances of Governmental Funds to the Statement of Activities  
For the Year Ended September 30, 2013

	<u>Amount</u>
Net Changes in Fund Balances - Governmental Funds	\$ 609,019
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Thus, the change in net position differs from the change in fund balances by the amount that capital outlays of \$3,533,282 exceeded depreciation of \$1,459,204 in the current period.	2,074,078
In the Statement of Activities, only gains and losses from the sale of capital assets are reported, whereas in the Governmental Funds, proceeds from the sale of capital assets increase financial resources. Thus, the change in net position differs from the change in fund balances by the amount of the net gain of \$435,614 and the proceeds from the sale of capital assets of \$565,659 in the current period.	(130,045)
Fine revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.	235,998
Solid waste revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.	18,435
Debt proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount of debt repayments of \$1,904,219 exceeded debt proceeds of \$1,445,949.	458,270
Under the modified accrual basis of accounting used in the Governmental Funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. Thus, the change in net position differs from the change in fund balances by a combination of the following items:	
Increase in compensated absences	(53,257)
Decrease in accrued interest payable	5,341
Change in other postemployment benefits payable	(67,709)
Amortization of bond issuance costs	(33,436)
Amortization of premium on bond	<u>3,631</u>
Change in Net Position of Governmental Activities	<u>\$ 3,120,325</u>

The notes to the financial statements are an integral part of this statement.

(This page left blank intentionally.)

## OKTIBBEHA COUNTY

### Notes to Financial Statements For the Year Ended September 30, 2013

#### (1) Summary of Significant Accounting Policies.

##### A. Financial Reporting Entity.

Oktibbeha County is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. Accounting principles generally accepted in the United States of America require Oktibbeha County to present these financial statements on the primary government and its component units which have significant operational or financial relationships with the County.

Management has chosen to omit from these financial statements the following component unit which has a significant operational or financial relationship with the County. Accordingly, the financial statements do not include the data of this component unit necessary for reporting in accordance with accounting principles generally accepted in the United States of America.

- Oktibbeha County Hospital

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the county legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor-Collector
- Sheriff

##### B. Basis of Presentation.

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, fund financial statements and accompanying note disclosures which provide a detailed level of financial information.

##### Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange revenues.

The Statement of Net Position presents the financial condition of the governmental activities of the County at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the County.

## OKTIBBEHA COUNTY

### Notes to Financial Statements For the Year Ended September 30, 2013

#### Fund Financial Statements:

Fund financial statements of the County are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenditures. Funds are organized into governmental and fiduciary. Major individual Governmental Funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column as Other Governmental Funds.

#### C. Measurement Focus and Basis of Accounting.

The Government-wide and Fiduciary Funds (excluding agency funds) financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the County. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied. Agency funds have no measurement focus, but use the accrual basis of accounting.

Governmental financial statements are presented using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate liabilities existing at the end of the year. Available means collected in the current period or within 60 days after year end to liquidate liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the accounting period when the related fund liabilities are incurred. Debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

The County reports the following major Governmental Funds:

General Fund - This fund is used to account for and report all financial resources not accounted for and reported in another fund.

Countywide Road Maintenance Fund - This fund is used to account for monies from specific revenue sources that are restricted for road maintenance.

Countywide Bridge & Culvert Fund - This fund is used to account for monies from specific revenue sources that are restricted for bridge and culvert maintenance.

Additionally, the county reports the following fund types:

#### GOVERNMENTAL FUND TYPES

Special Revenue Funds - These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt Service Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

## OKTIBBEHA COUNTY

### Notes to Financial Statements For the Year Ended September 30, 2013

Capital Projects Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

#### FIDUCIARY FUND TYPE

Agency Funds - These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

#### D. Account Classifications.

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

#### E. Deposits and Investments.

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the County may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, all certificates of deposit and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value. However, the County did not invest in any governmental securities during the fiscal year.

#### F. Receivables.

Receivables are reported net of allowances for uncollectible accounts, where applicable.

#### G. Interfund Transactions and Balances.

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position

#### H. Capital Assets.

Capital acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extent to which capital assets, other than infrastructure, costs have been estimated and the methods of estimation are not readily available. Donated capital assets are recorded at estimated fair market value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements. Depreciation is calculated on the straight-line basis for all assets, except land. A full year's depreciation expense is taken for all purchases and sales of capital assets during the year. The following schedule details those thresholds and estimated useful lives:

	<u>Capitalization Thresholds</u>	<u>Estimated Useful Life</u>
Land	\$ 0	N/A
Infrastructure	0	20-50 years
Buildings	50,000	40 years
Mobile equipment	5,000	5-10 years
Furniture and equipment	5,000	3-7 years
Leased property under capital leases	*	*

\* Leased property capitalization policy and estimated useful life will correspond with the amounts for the asset classification, as listed above.

I. Long-term Liabilities.

Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances, but may also include liabilities on lease-purchase agreements and other commitments.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

J. Equity Classifications.

Government-wide Financial Statements:

Equity is classified as Net Position and displayed in three components:

Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets.

Restricted net position - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position not meeting the definition of "restricted" or "net investment in capital assets."

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

## OKTIBBEHA COUNTY

### Notes to Financial Statements For the Year Ended September 30, 2013

Government fund balance is classified as nonspendable, restricted, committed, assigned or unassigned. The following are descriptions of fund classifications used by the County:

*Restricted fund balance* includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

*Unassigned fund balance* is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

#### K. Property Tax Revenues.

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase.

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

#### L. Intergovernmental Revenues in Governmental Funds.

Intergovernmental revenues, consisting of grants, entitlements and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the "available" criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

M. Compensated Absences.

The County has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements. In fund financial statements, Governmental Funds report the compensated absence liability payable only if the payable has matured, for example an employee resigns or retires.

N. Changes in Accounting Standards.

The County implemented the following standards issued by the Governmental Accounting Standards Board (GASB) in the current fiscal year as required: GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34*; GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*; and GASB Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The provisions of these standards have been incorporated into the financial statements and the notes.

(2) Deposits.

The carrying amount of the County's total deposits with financial institutions at September 30, 2013, was \$14,021,604, and the bank balance was \$14,304,001. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

**Custodial Credit Risk - Deposits.** Custodial credit risk is the risk that in the event of the failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the County. Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

(3) Interfund Transactions and Balances.

The following is a summary of interfund balances at September 30, 2013:

A. Due From/To Other Funds:

Receivable Fund	Payable Fund	Amount
Countywide Road Maintenance Fund	General Fund	\$ 48,253
Countywide Bridge and Culvert Fund	General Fund	20,877
Other Governmental Funds	General Fund	29,102
Agency Funds	General Fund	11,430
<b>Total</b>		<b>\$ 109,662</b>

The receivables represent the tax revenue and court fees collected in September 2013 but not settled until October, 2013. All interfund balances are expected to be repaid within one year from the date of the financial statements.

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

B. Transfers In/Out:

Transfer In	Transfer Out	Amount
Other Governmental Funds	General Fund	\$ 69,902

The principal purpose of interfund transfers was to provide funds for operating costs for garbage pickup and to correct errors in posting revenues. All interfund transfers were routine and consistent with the activities of the fund making the transfer.

(4) Intergovernmental Receivables.

Intergovernmental receivables at September 30, 2013, consisted of the following:

Description	Amount
<b>Governmental Activities:</b>	
Legislative tax credit	\$ 177,985
State Aid Road reimbursement	57,157
State of MS – reimbursement for housing prisoners	19,700
DUI public safety offices grant	16,090
City of Starkville, reimbursement for housing prisoners	8,600
Reimbursement for youth court	6,710
Motor vehicle fuel tax	20,332
Motor vehicle licenses	6,052
Emergency management grant	5,867
Triad grant	4,500
Other	8,982
Total Governmental Activities	\$ 331,975

(5) Capital Assets.

The following is a summary of capital assets activity for the year ended September 30, 2013:

**Governmental activities:**

	Balance Oct. 1, 2012	Additions	Deletions	Adjustments*	Balance Sept. 30, 2013

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

(6) Claims and Judgments.

Risk Financing.

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is \$1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability. However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation, effective from January 1, 2013, to January 1, 2014. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures.

The County finances its exposure to risk of loss relating to employee health and accident coverage through the Mississippi Public Entity Employee Benefit Trust, a public entity risk pool. The pool is a claims-servicing organization with the County retaining the risk of loss on all claims to which the County is exposed. Premium payments to the pool are determined on an actuarial basis. The County has reinsurance which functions on a specific stop loss coverage. This coverage is purchased from an outside commercial carrier. For the current fiscal year, the specific coverage begins when an individual participant's claim exceeds \$50,000. Claims expenses and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The following table provides changes in the balances of claims liabilities for fiscal years 2012 and 2013:

	2012	2013
Unpaid Claims, Beginning of Fiscal Year	\$ 251,331	241,309
Plus: Incurred Claims (Including IBNRs)	2,152,686	2,657,850
Less: Claims Payments	<u>2,162,708</u>	<u>2,588,654</u>
Unpaid Claims, End of Fiscal Year	<u>\$ 241,309</u>	<u>310,505</u>

(7) Capital Leases.

As Lessee:

The county is obligated for the following capital assets acquired through capital leases as of September 30, 2013:

Classes of Property		Governmental Activities
Mobile equipment	\$	1,299,203
Furniture and equipment		<u>122,349</u>
Total		1,421,552
Less: Accumulated depreciation		<u>354,981</u>
Leased Property Under Capital Leases	\$	<u><u>1,066,571</u></u>

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

The following is a schedule by years of the total payments due as of September 30, 2013:

Year Ending September 30	Governmental Activities	
	Principal	Interest
2014	\$ 226,847	11,830
2015	215,844	7,537
2016	201,078	3,999
2017	85,147	603
Total	\$ 728,916	23,969

(8) Other Postemployment Benefits.

Plan Description

The Oktibbeha County Board of Supervisors administers the County's health insurance plan which is authorized by Sections 25-15-101 et seq., Mississippi Code Ann. (1972). The County's health insurance plan may be amended by the Oktibbeha County Board of Supervisors. The County is self-insured through the Mississippi Public Employee Benefit Trust with reinsurance purchased from a commercial insurance company that is effective for claims in excess of \$50,000 and offers health insurance benefit coverage through the County's health insurance plan (the Plan). Since retirees may obtain health insurance by participating in a group with active employees and consequently receive a health insurance premium rate differential, the County has a postemployment healthcare benefit reportable under GASB Statement 45 as a single employer defined benefit health care plan. Effective October 1, 2012, the County implemented GASB Statement 45 prospectively, which requires reporting on an accrual basis the liability associated with other postemployment benefits. The County does not issue a publicly available financial report for the Plan.

Funding Policy

Employees' premiums are funded by the County with additional funding provided by retired employees and by active employees for spouse and dependent medical coverage. The Plan is financed on a pay-as-you-go basis. The Board of Supervisors, acting in conjunction with the commercial insurance company, has the sole authority for setting health insurance premiums for the County's health insurance plan.

Per Section 25-15-103, Mississippi Code Ann. (1972), any retired employee electing to purchase retiree health insurance must pay the full cost of the insurance premium monthly to the County. For the year ended September 30, 2013, retiree premiums range from \$292.50 to \$851.70 depending on dependent coverage and Medicare eligibility.

Actuarial Valuation

The County's Health Insurance Plan's Report of the Actuary on the Other Postemployment Benefits Valuation was prepared as of June 30, 2013. The plan presently has an actuarial valuation performed annually in order to be in compliance with GASB Statement 45.

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC was determined assuming the plan would fund the OPEB liability on a pay-as-you-go basis. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

The following table presents the OPEB cost for the year, the amount contributed and changes in the OPEB plan for fiscal year 2013:

Annual required contribution	\$	104,503
Adjustment to annual required contribution		
Annual OPEB cost		104,503
Contributions made		36,794
Increase in net OPEB obligation		67,709
Net OPEB obligation – Beginning of year		0
Net OPEB obligation – End of year	\$	67,709

The following table provides the County’s estimated annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for fiscal year 2013:

	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
2013	\$104,503	35.2%	\$67,709

Funding Status and Funding Progress

The following table provides funding information for the most recent actuarial valuation date:

Actuarial Valuation Date		June 30, 2013
Actuarial Value of Plan Assets	\$	0
Actuarial Accrued Liability (AAL) Projected Unit Credit Cost Method	\$	922,387
Unfunded AAL (UAAL)	\$	922,387
Funded Ratio		0%
Annual Covered Payroll	\$	*N/A
UAAL as a Percentage of Annual Covered Payroll		*N/A

\*Actuarial Accrued Liability is determined under the projected unit credit cost method which benefits are not tied to payroll amounts.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as RSI following the notes to the financial statements, is designed to present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Additional information as of the latest actuarial valuation follows:

OKTIBBEHA COUNTY

(9) Long-term Debt.

Debt outstanding as of September 30, 2013, consisted of the following:

Description and Purpose	Amount Outstanding	Interest Rate	Final Maturity Date
<b>Governmental Activities:</b>			
A. General Obligation Bonds:			
2009 Oktibbeha County Hospital	\$ 20,075,000 *	3.00-4.125%	11/01/2034
2010 Oktibbeha County Hospital	6,190,000 **	2.00-4.125%	09/01/2035
2011 Refunding bonds road and bridge construction	<u>970,000</u>	2.00-3.25%	03/01/2021
Total General Obligation Bonds	<u>\$ 27,235,000</u>		
B. Capital Leases:			
AS400 administrative, circuit, justice court	\$ 27,718	3.34%	04/15/2015
AS400 tax office	22,799	3.34%	03/15/2015
(15) Dodge chargers	295,669	1.81%	02/05/2016
(8) 2014 Western Star trucks	<u>382,730</u>	1.55%	07/02/2017
Total Capital Leases	<u>\$ 728,916</u>		
C. Other Loans:			
Service Zone cap loan	\$ 103,940	5.66%	04/01/2016
Service Zone cap loan	108,444	5.66%	05/01/2016
2013 FTL/asphalt distribution truck	<u>102,886</u>	1.75%	10/03/2015
Total Other Loans	<u>\$ 315,270</u>		

\* These bonds are secured by the full faith and credit and taxing power of the County as well as additional net revenues from the Oktibbeha County Hospital. However, any assets acquired or improvements made with the proceeds of these bonds are not included in Oktibbeha County's financial statements. Oktibbeha County Hospital contributed \$1,182,864 to the County during fiscal year 2013 towards reducing this outstanding debt.

\*\* These bonds are secured by the full faith and credit and taxing power of the County. However, any assets acquired or improvements made with the proceeds of these bonds are not included in Oktibbeha County's financial statements.

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

Annual debt service requirements to maturity for the following debt reported in the Statement of Net Position are as follows:

**Governmental Activities:**

Year Ending September 30	General Obligation Bonds		Other Loans	
	Principal	Interest	Principal	Interest
2014	\$ 775,000	975,920	136,586	11,396
2015	810,000	953,394	142,552	6,302
2016	865,000	927,645	36,132	1,227
2017	905,000	897,419		
2018	940,000	866,276		
2019 – 2023	5,130,000	3,812,646		
2024 – 2028	6,125,000	2,909,699		
2029 – 2033	7,910,000	1,631,729		
2034 – 2038	3,775,000	175,415		
Total	\$ 27,235,000	13,150,143	315,270	18,925

Legal Debt Margin - The amount of debt, excluding specific exempted debt, that can be incurred by the County is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the then last completed assessment for taxation. However, the limitation is increased to 20% whenever a county issues bonds to repair or replace washed out or collapsed bridges on the public roads of the County. As of September 30, 2013, the amount of outstanding debt was equal to 7.92% of the latest property assessments.

The following is a summary of changes in long-term liabilities and obligations for the year ended September 30, 2013:

	Balance Oct. 1, 2012	Additions	Reductions	Balance Sept. 30, 2013	Amount due within one year
<b>Governmental Activities:</b>					
Compensated absences	\$ 361,176	53,257		414,433	
General obligation bonds	27,985,000		750,000	27,235,000	775,000
Add:					
Premiums	60,315		3,631	56,684	3,631
Capital leases	82,479	1,298,981	652,544	728,916	226,847
Other loans	669,977	146,968	501,675	315,270	136,586
Total	\$ 29,158,947	1,499,206	1,907,850	28,750,303	1,142,064

Compensated absences will be paid from the fund from which the employees' salaries were paid which are generally the General Fund, Countywide Road Maintenance Fund, Countywide Bridge Fund and 911 Emergency Fund.

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

(10) Deficit Fund Balances of Individual Funds.

The following funds reported deficits in fund balances at September 30, 2013:

Fund	Deficit Amount
Countywide Road Maintenance	\$ 90,925
Sanitation and Solid Waste	33,202
FEMA Safer Grant	10,781
Education Building Construction	10,047

(11) Contingencies.

Federal Grants - The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a grantor audit may become a liability of the County. No provision for any liability that may result has been recognized in the County's financial statements.

Litigation - The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

General Obligation Bonds Series 2010 – On September 30, 2010, the County issued \$6,500,000 in General Obligation Bonds to fund construction projects for the renovation of Oktibbeha County Hospital. The County has approximately \$1,262,186 of bond proceeds in the Oktibbeha County Hospital Construction Fund at September 30, 2013. The County is currently seeking the advice of Bond Counsel as to the proper use of these funds and the remaining timeline for expenditure of these funds.

Hospital Revenue Bond Contingencies - The County issues revenue bonds to provide funds for constructing and improving capital facilities of the Oktibbeha County Hospital. Revenue bonds are reported as a liability of the hospital because such debt is payable primarily from the hospital's pledged revenues. However, the County remains contingently liable for the retirement of these bonds because the County has pledged the avails of a five mill levy in case of default by the hospital. The principal amount of hospital revenue bonds outstanding at September 30, 2013, is \$11,990,000.

(12) No Commitment Debt (Not Included in Financial Statements).

No commitment debt is repaid only by the entities for whom the debt was issued and includes debt that either bears the County's name or for which a moral responsibility may exist that is not an enforceable promise to pay. No commitment debt explicitly states the absence of obligation by the County other than possibly an agreement to assist creditors in exercising their rights in the event of default. Because a default may adversely affect the County's own ability to borrow, the principal amount of such debt outstanding at year end is disclosed as follows:

Description	Balance at Sept. 30, 2013
Hospital revenue bonds	\$ 4,510,000

## OKTIBBEHA COUNTY

### Notes to Financial Statements For the Year Ended September 30, 2013

(13) Related Organization.

The Board of Supervisors is responsible for appointing a voting majority of the members of the board of the Oktibbeha County Economic Development Authority, but the County's accountability for this organization does not extend beyond making the appointments. During the year, the County did not contribute any funds to this organization.

(14) Joint Ventures.

The County participates in the following joint ventures:

Oktibbeha County is a participant with the City of Starkville in a joint venture, authorized by Section 39-3-8, Miss. Code Ann. (1972), to operate the Oktibbeha County Library. The joint venture is governed by ten members, five appointed by each government. By contractual agreement, the County's contribution to the joint venture was \$182,345 in the fiscal year 2013. Complete financial statements for the Oktibbeha County Library can be obtained from 326 University Drive, Starkville, MS 39759.

Oktibbeha County is a participant with the City of Starkville in a joint venture, authorized by Section 61-5-39, Miss. Code Ann. (1972), to operate the George M. Bryan Field (airport). The joint venture is governed by seven members, three appointed by each government and one appointed by Mississippi State University. The County's contribution to the joint venture was \$31,928 in the fiscal year 2013.

Oktibbeha County is a participant with the Counties of Choctaw, Clay, Lowndes, Noxubee and Webster, and the Cities of Ackerman, Columbus, Eupora, Louisville, Macon, Starkville, and West Point in a joint venture, authorized by Section 17-17-307, Miss. Code Ann. (1972), to operate the Golden Triangle Regional Solid Waste Management Authority. The joint venture was created to provide a regional disposal site for solid waste. The Oktibbeha County Board of Supervisors appoints one of the 38 members of the board of directors. The authority is funded by user fees based on the volume of solid waste. Complete financial statements for the Golden Triangle Regional Solid Waste Management Authority can be obtained from P.O. Drawer DN, Mississippi State, MS 39762.

(15) Jointly Governed Organizations.

The County participates in the following jointly governed organizations:

East Mississippi Community College operates in a district composed of the Counties of Clay, Kemper, Lauderdale, Lowndes, Noxubee, and Oktibbeha. The Oktibbeha County Board of Supervisors appoints two of the 12 members of the college board of trustees. The County contributed \$819,500 for maintenance and support of the college in fiscal year 2013.

Golden Triangle Planning Development District operates in a district composed of the Counties of Choctaw, Clay, Lowndes, Noxubee, Oktibbeha, Webster, and Winston. The Oktibbeha County Board of Supervisors appoints four of the 28 members of the board of directors. The County contributes a small percentage of the district's total revenue. The County contributed \$50,000 for support of the district in fiscal year 2013.

Golden Triangle Regional Airport Authority operates in a district composed of Counties of Lowndes and Oktibbeha and the Cities of Columbus, Starkville, and West Point. The Oktibbeha County Board of Supervisors appoints one of the five members of the board of commissioners. The County provided no financial support for the authority in fiscal year 2013.

Community Counseling Services operates in a district composed of the Counties of Choctaw, Clay, Lowndes, Noxubee, Oktibbeha, Webster, and Winston. The Oktibbeha County Board of Supervisors appoints one of the seven members of the board of commissioners. The County contributed \$45,441 for support of the agency in fiscal year 2013.

OKTIBBEHA COUNTY

Notes to Financial Statements  
For the Year Ended September 30, 2013

Prairie Opportunity, Inc. operates in a district composed of the Counties of Choctaw, Clay, Lowndes, Noxubee, Oktibbeha, Webster, and Winston. The Oktibbeha County Board of Supervisors appoints one of the 21 board members. One board member from each of the counties must come from the private sector (recipient of services), and one member from each county must come from the community. These 14 members are not appointed by the county Board of Supervisors. The counties generally provide no financial support to the organization.

Mississippi Regional Housing Authority IV operates in a district composed of the Counties of Carroll, Choctaw, Clay, Grenada, Lowndes, Montgomery, Oktibbeha, Webster, and Winston. The Oktibbeha County Board of Supervisors appoints one of the nine board members. The counties generally provide no financial support to the organization.

(16) Defined Benefit Pension Plan.

Plan Description. Oktibbeha County, Mississippi, contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Benefit provisions are established by state law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

Funding Policy. At September 30, 2013, PERS members were required to contribute 9% of their annual covered salary, and the County is required to contribute at an actuarially determined rate. The rate at September 30, 2013 was 15.75% of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2013, 2012 and 2011 were \$849,074, \$723,416 and \$656,381, respectively, equal to the required contributions for each year.

(17) Subsequent Events.

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of Oktibbeha County evaluated the activity of the county through October 30, 2015, and determined that the following subsequent event have occurred requiring disclosure in the notes to the financial statements.

Subsequent to September 30, 2013, the County issued the following debt obligations:

<u>Issue Date</u>	<u>Interest Rate</u>		<u>Issue Amount</u>	<u>Type of Financing</u>	<u>Source of Financing</u>
8/27/2014	2.24%	\$	45,900	Capital lease	Ad valorem tax
10/14/2014	1.95%		140,000	Capital lease	Ad valorem tax

OKTIBBEHA COUNTY

Notes to the Required Supplementary Information  
For the Year Ended September 30, 2013

A. Budgetary Information.

Statutory requirements dictate how and when the County’s budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the county, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff and the Tax Assessor-Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, it may make revisions to the budget.

The County’s budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

B. Basis of Presentation.

The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP Basis) and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund. The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) is a part of required supplemental information.

C. Budget/GAAP Reconciliation.

The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The following schedule reconciles the budgetary basis schedules to the GAAP basis financial statements for the General Fund and each major Special Revenue Fund:

	Governmental Fund Types		
	General Fund	Countywide Road Maintenance Fund	Countywide Bridge and Culvert Fund
Budget (Cash Basis)	\$ 814,685	(229,520)	(11,831)
Increase (Decrease)			
Net adjustments for revenue accruals	199,733	(526,714)	1,045,785
Net adjustments for expenditure accruals	(229,141)	203,336	(1,031,315)
GAAP Basis	\$ 785,277	(552,898)	2,639

SPECIAL REPORTS

OKTIBBEHA COUNTY

(This page left blank intentionally.)

**STATE OF MISSISSIPPI**  
**OFFICE OF THE STATE AUDITOR**  
**STACEY E. PICKERING**  
AUDITOR

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE  
FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Supervisors  
Oktibbeha County, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Oktibbeha County, Mississippi, as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated October 30, 2015. Our report includes an adverse opinion on the discretely presented component unit due to the omission of the discretely presented component unit which is required by accounting principles generally accepted in the United States of America to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component unit. The report is also qualified on the General Fund because the County did not maintain and preserve adequate subsidiary records documenting the fines receivable and the aging of these fines receivable at September 30, 2013.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Oktibbeha County, Mississippi's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as 2013-001, 2013-002 and 2013-004 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Responses as 2013-003 to be a significant deficiency.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Oktibbeha County, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Responses as item 2013-002.

We also noted certain matters which we have reported to the management of Oktibbeha County, Mississippi, in the Independent Accountant's Report on Central Purchasing System, Inventory Control System and Purchase Clerk Schedules and the Limited Internal Control and Compliance Review Management Report dated October 30, 2015, included within this document.

### **Oktibbeha County's Responses to Findings**

Oktibbeha County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Oktibbeha County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

TOMMY STORY, CPA, CFE  
Director, County Audit Section

October 30, 2015

**STATE OF MISSISSIPPI  
OFFICE OF THE STATE AUDITOR  
STACEY E. PICKERING  
AUDITOR**

**INDEPENDENT ACCOUNTANT'S REPORT ON CENTRAL PURCHASING SYSTEM,  
INVENTORY CONTROL SYSTEM AND PURCHASE CLERK SCHEDULES  
(REQUIRED BY SECTION 31-7-115, MISS. CODE ANN. (1972))**

Members of the Board of Supervisors  
Oktibbeha County, Mississippi

We have examined Oktibbeha County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Sections 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2013. The Board of Supervisors of Oktibbeha County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Oktibbeha County, Mississippi, has established centralized purchasing for all funds of the County and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with state law.

Because of inherent limitations in any central purchasing system and inventory control system, errors or irregularities may occur and not be detected. Also, projection of any current evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

The results of our audit procedures disclosed an instance of noncompliance with the aforementioned code sections. This instance of noncompliance was considered in forming our opinion on compliance. Our finding and recommendation and your response are disclosed below:

Inventory Control Clerk.

1. Inventory Control Clerk should file inventory report by October 15.

Finding

Section 31-7-107, Miss. Code Ann. (1972), requires inventory reports to be filed with the Board of Supervisors, in triplicate with copies forwarded to the Office of the State Auditor no later than October 15<sup>th</sup> of each year. As reported in the prior three years' audit reports, the inventory reports were not filed with the Office of the State Auditor by October 15<sup>th</sup> as required. The inventory reports were filed with the Board of Supervisors on December 16, 2013. By not filing the annual reports with the proper persons, the County is not in compliance with applicable statutes.

Recommendation

The Inventory Control Clerk should file the inventory reports with the Board of Supervisors and copies should be forwarded to the Office of the State Auditor by October 15<sup>th</sup> of each year, as required by law.

Inventory Control Clerk's Response

The information needed for the changes made to the county's capital infrastructure (roads and bridges) is not available to the Inventory Control Clerk until after the end of each fiscal year, September 30<sup>th</sup>. Therefore, we are not able to compile and complete the report by the October 15<sup>th</sup> deadline, as required by law.

In our opinion, except for the noncompliance referred to in the preceding paragraph, Oktibbeha County, Mississippi, complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2013.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchases and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination of the purchasing system and, in our opinion, is fairly presented when considered in relation to that examination.

Oktibbeha County's response to the finding included in this report was not audited, and accordingly, we express no opinion on it.

This report is intended for use in evaluating the central purchasing system and inventory control system of Oktibbeha County, Mississippi, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

**STATE OF MISSISSIPPI  
OFFICE OF THE STATE AUDITOR  
STACEY E. PICKERING  
AUDITOR**

**LIMITED INTERNAL CONTROL AND COMPLIANCE REVIEW MANAGEMENT REPORT**

Members of the Board of Supervisors  
Oktibbeha County, Mississippi

In planning and performing our audit of the financial statements of Oktibbeha County, Mississippi for the year ended September 30, 2013, we considered Oktibbeha County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Oktibbeha County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the County's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated October 30, 2015, on the financial statements of Oktibbeha County, Mississippi.

Due to the reduced scope, these review procedures and compliance tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

The results of our review procedures and compliance tests identified certain areas that are opportunities for strengthening internal controls and operating efficiency. Our findings, recommendations, and your responses are disclosed below:

Board of Supervisors.

1. Oktibbeha County should strengthen passwords.

Finding

During our review, we noted that Oktibbeha County is using some parameters associated with password strength that do not meet industry standard best practices, thereby creating unnecessary risk for Oktibbeha County Information Assets.

Recommendation

We recommend that Oktibbeha County improve its password strength by changing password parameters to comply with password management best practices and industry standards.

#### Board of Supervisors' Response

We will change our password parameters to comply with password management best practices and industry standards as recommended.

2. Oktribbeha County should expire all individual's passwords on a periodic basis.

#### Finding

A review of Oktribbeha County's security settings revealed that some user's passwords were set to expire on a more infrequent basis than recommended in best business practices. All passwords should be set to expire in accordance with policy to be determined by Oktribbeha County.

#### Recommendation

We recommend that a policy be implemented to ensure passwords are expired on a regular basis. In addition, Oktribbeha County should conduct access reviews for information assets on a periodic basis (at least annually). Documentation of these reviews should be signed by the person conducting them and retained for review by auditors.

#### Board of Supervisors' Response

Oktribbeha County will implement a policy to ensure passwords are expired on a regular basis.

3. Oktribbeha County should ensure a rotation of backups are kept at a safe offsite location.

#### Finding

Oktribbeha County is currently creating backups, but they are not taking the backups offsite. Without off-site storage of back-up files and applications, material damage could be realized by the County and its processes should a catastrophic event occur involving the County's building and servers. Risk and probabilities of material loss escalates in relationship to the longer an exposure goes unmitigated.

#### Recommendation

We recommend that Oktribbeha County implement a plan to backup systems containing financial related data on a consistent basis to ensure that all back-up files are taken offsite on a regular basis and stored in a safe and secure location. This process should be documented in the Oktribbeha County Disaster Recovery Plan. With close proximity of a bank it would be convenient and safe to place the backup media in the night deposit drop and then place them in a safe deposit box the next day. It is further recommended that media be kept at the bank for several days (e.g., one week), in case of a disaster situation that required recovery and problems in reading recovery media were experienced.

#### Board of Supervisors' Response

Oktribbeha County will implement a plan to ensure all back-up files are taken offsite on a consistent basis.

4. Oktribbeha County needs to replace obsolete computer hardware and software.

#### Finding

Oktribbeha County is running operating systems as well as applications on some of its personal computers (PCs) that might not be supported by vendors. Due to lack of such support, these systems could become vulnerable to hackers and malware such as viruses.

Recommendation

We recommend that Oktibbeha County develop a plan to replace the operating systems, applications, and hardware where necessary that is associated with lack of support from vendors as soon as possible. Computers that originally came loaded with operating systems or applications that are no longer supported by vendors will have hardware that most likely cannot run the newest operating systems or applications, thereby requiring replacement of hardware, operating systems and applications in many cases. Due to the possible large number of PCs that need replacing this could involve a sizable expenditure by the County. Due to the cost and effort involved in such a project, this project should be begun as soon as possible.

Board of Supervisors' Response

Oktibbeha County is in the process of updating operating systems and hardware as needed to run the systems on all county owned computer equipment.

5. Oktibbeha County should execute a written contract for the administration and service of insurance program.

Finding

Section 25-15-301, Miss. Code Ann. (1972), gives the County the authority to contract the administration and service of the self-insured program to a third party. There is no written contract between the County and Mississippi Public Entity Employee Benefit Trust. The contract with MPEEBT should specify the services to be provided and amounts to be charged for these services. Failure to document the specific services and charges for these services in a contract could result in excess costs to the county.

Recommendation

The Board of Supervisors should execute a written contract for the administration and service of the County's insurance program which specifies the services to be performed and the charges for these services.

Board of Supervisors' Response

The board will comply with the recommendation to ensure written documentation of services and costs of 3<sup>rd</sup> party insurance administration is in place.

Chancery Clerk.

6. Chancery Clerk should settle excess fees to the county.

Finding

Section 9-1-43(1), Miss. Code Ann. (1972), limits the compensation of the Chancery Clerk to \$90,000 after making deductions for employee salaries and related salary expenses and expenses allowed as deductions by Schedule C of the Internal Revenue Code. All fees received in excess of this amount, less any allowable expenses, are to be paid to the County's General Fund on or before April 15<sup>th</sup> for the preceding calendar year. As reported in the prior year, the Chancery Clerk did not pay the fees received in excess of \$90,000 for the 2012 calendar year to the County's General Fund by April 15, 2013, as required by law. The excess fees for the 2012 calendar year were \$35,541. The Chancery Clerk has not remitted these fees to the County as of September 14, 2015. Failure to settle the excess fee by the required date results in a loan to the Chancery Clerk that is not authorized by law and the loss of public funds due to lost interest on these excess funds.

Recommendation

The Chancery Clerk should remit the \$35,541 to the General Fund immediately. In the future, the Chancery Clerk should settle fees received in excess of \$90,000 by April 15<sup>th</sup> for the preceding year.

#### Chancery Clerk's Response

The Chancery Clerk chose not to respond.

#### Auditor's Note

As of September 14, 2015, the Chancery Clerk has not remitted the 2012 excess fees of \$35,541 to the County. This matter has been referred to the Investigative Division of the Office of the State Auditor for collection.

#### 7. The Chancery Clerk deducted unallowable expenses on the annual financial report .

##### Finding

Section 9-1-43(1) Miss. Code Ann. (1972), limits the compensation of the Chancery Clerk to \$90,000 after making deductions for employee salaries and related salary expenses and expenses allowed as deductions by Schedule C of the Internal Revenue Code. A business expense must be both ordinary and necessary to be deductible. All fees received in excess of this amount, less any allowable expenses, are to be paid to the County's General Fund on or before April 15th for the preceding calendar year. The Chancery Clerk claimed \$1,695 in expenses in 2013 for which there was insufficient documentation or were not allowable business expenses. After the disallowance of these expenses, the Chancery Clerk owes an additional \$1,147 in excess fees for the 2013 calendar year which is amount disallowed of \$1,695 less \$548, the amount reported on the annual fee report as under the cap. The Chancery Clerk also owes additional amounts of \$9,237 from 2012 and \$12,937 from 2011 that were reported in prior years' audit reports that have not been paid to the County as of September 14, 2015. Failure to deduct only valid business expenses and to settle excess fees by the required date, results in a loan to the Chancery Clerk that is not authorized by law and the loss of public funds due to lost interest on these excess fees.

##### Recommendation

The Chancery Clerk should settle the additional amount of \$1,147 in excess fees for the 2013 calendar year to the General Fund. The Chancery Clerk should also settle the additional amounts for undocumented and unallowable expenses of \$9,237 and \$12,937 from 2012 and 2011, respectively.

#### Chancery Clerk's Response

The Chancery Clerk chose not to respond.

#### Auditor's Note

As of September 14, 2015, the Chancery Clerk has not remitted the additional amount for the 2013 excess fees of \$1,147 to the County General Fund. Also the Chancery Clerk has not remitted the additional amounts for the 2012 excess fees of \$9,237, nor the 2011 excess fees of \$12,937 to the County General Fund. This matter has been referred to the Investigative Division of the Office of the State Auditor for collection.

#### 8. The Chancery Clerk should file the annual fee report timely.

##### Finding

Section 9-1-45(1), Miss. Code Ann. (1972), requires each Chancery Clerk to file a true and accurate annual report not later than April 15 for the preceding year. The report for calendar year 2013 was filed on April 23, 2014. Failure to file the annual fee report timely is a violation of state law and could result in the loss of public funds.

##### Recommendation

The Chancery Clerk should file the annual fee report for the preceding year no later than April 15.

#### Chancery Clerk's Response

The annual fee report will be filed by April 15.

9. Authority for tax levies should be included in the board minutes.

Finding

Section 27-39-317, Miss Code Ann. (1972), requires the Board of Supervisors to specify the purpose of each tax levy when approving the tax levy. The tax levy for fiscal year 2012-2013 was not included in the board minutes. Failure to properly prepare the tax levy and include the purpose, code section and millage rate when approving the tax levy could result in unlawful taxes being collected.

Recommendation

The Chancery Clerk, as Clerk of the Board, should properly prepare the annual tax levy and include the levy in the board minutes as approved by the Board of Supervisors.

Chancery Clerk's Response

The annual tax levy specifying the levy purpose will be recorded in the minutes as per Section 27-39-317.

10. The Chancery Clerk should keep and preserve a complete and correct record of all board proceedings.

Finding

Section 19-3-27, Miss. Code Ann. (1972), requires the clerk of the Board of Supervisors to keep and preserve a complete and correct record of all board proceedings. As of January 9, 2015, the board minutes for meetings after July 2014 are not recorded in the minute book. The resolution adopted by the Board of Supervisors on November 4, 2013, to issue refunding bonds and the Disaster Recovery Plan adopted for the County on December 2, 2013 are not recorded in the board minutes or "attached" as stated in the board orders. Failure to record the minutes could result in unlawful acts as there is no record as to the actions of the Board.

Recommendation

The Chancery Clerk should keep a complete and correct record of all board proceedings.

Chancery Clerk's Response

I will be sure that all attachments are recorded with the appropriate board order and recorded in the minutes.

11. The Chancery Clerk should publish a synopsis of the annual audit report .

Finding

Section 7-7-221, Miss. Code Ann. (1972), requires the Clerk of the Board to publish a synopsis of the annual audit report as soon as possible after receipt of the report. The Clerk of the Board shall forward a copy of the published synopsis to the State Auditor. The Chancery Clerk did not publish a synopsis of the 2012 fiscal year audit report. If the synopsis is not published accordingly, the State Auditor is authorized to prepare the synopsis and have it published in accordance with Section 7-7-221, Miss. Code Ann. (1972), at cost to the county.

Recommendation

The Chancery Clerk should publish a synopsis of the annual audit report when the report is received and forward the synopsis to the State Auditor.

Chancery Clerk's Response

I will publish in a timely manner as prescribed by Section 7-7-221, Miss. Code Ann. (1972).

Circuit Clerk.

12. Circuit Clerk should settle excess fees to the county by April 15.

Section 9-1-43(1), Miss. Code Ann. (1972), limits the compensation of the Circuit Clerk to \$90,000 after making deductions for employee salaries and related salary expenses and expenses allowed as deductions by Schedule C of the Internal Revenue Code. All fees received in excess of this amount, less any allowable expenses, are to be paid to the County's General Fund on or before April 15th for the preceding calendar year. The Circuit Clerk did not pay the fees received in excess of the \$90,000 for the 2013 calendar year to the County's General Fund by April 15, 2014 as required by law. The excess fees for the 2013 calendar year of \$17,078 were not paid until May 8, 2014. Failure to settle the excess fee by the required date results in a loan to the Circuit Clerk that is not authorized by law and the loss of public funds due to lost interest on these excess funds.

Recommendation

In the future, the Circuit Clerk should settle fees received in excess of \$90,000 by April 15th for the preceding year.

Circuit Clerk's Response

The reason for the delay was because of the death of my mother which took me out of the office and delayed my filing.

13. The Circuit Clerk should file the annual financial report timely.

Section 9-1-45(1), Miss. Code Ann. (1972), requires each Circuit Clerk to file a true and accurate annual report not later than April 15 for the preceding year. The report for calendar year 2013 was filed on May 12, 2014. Failure to file the annual fee report timely is a violation of state law and could result in the loss of public funds.

Recommendation

The Circuit Clerk should file the annual fee report for the preceding year no later than April 15.

Circuit Clerk's Response

This was not an intentional oversight due to two back to back deaths between the first of April and the fifteenth. I called and advised the Audit Department of the situation and was told to get it in as soon after as possible.

14. The Circuit Clerk should properly report revenue and expenses.

Section 9-1-43(1), Miss. Code Ann. (1972), limits the compensation of the Circuit Clerk to \$90,000 after making deductions for employee salaries and related salary expenses and expenses allowed as deductions by Schedule C of the Internal Revenue Code. A business expense must be both ordinary and necessary to be deductible. All fees received in excess of this amount, less any allowable expenses, are to be paid to the County's General Fund on or before April 15th for the preceding calendar year. We noted the following discrepancies with the Circuit Clerk's fee journal and annual fee report:

- a. Revenue of \$3,630 for December 2013 civil fees from check dated December 31, 2013 which are subject to the cap were not reported on the 2013 annual fee report.
- b. Revenue of \$500 for December 2013 criminal fees from check dated December 31, 2013 which are subject to the cap were not reported on the 2013 annual fee report.
- d. The Circuit Clerk claimed \$783 in expenses in 2013 for which there was insufficient documentation or was not an allowable business expense.
- e. The amount reported on the annual fee report for prior year employer retirement expense is \$2,363 more than the amount on the supporting document provided by the Circuit Clerk.
- f. The amount reported on the annual fee report as fee income not subject to the salary limitation for Passport Agent Fees was \$192 less than the amount on the supporting document provided by the Circuit Clerk.
- g. Due to a computation error on the annual fee report, the Circuit Clerk overpaid the County by \$200 for revenues subject to the cap based on the annual fee report filed May 12, 2014.

Failure to deduct only valid business expenses and to report all income could result in the loss of public funds. These errors could result in a loan to the Circuit Clerk that is not authorized by law and the loss of public funds.

Recommendation

The Circuit Clerk should settle the additional amount of \$7,076 in excess fees for the 2013 calendar year to the General Fund. The Circuit Clerk should also maintain an accurate and complete fee journal. The Circuit Clerk should file an amended report for 2013 with the Office of the State Auditor and the Public Employee's Retirement System.

Circuit Clerk's Response

The Circuit Clerk chose not to respond.

Auditor's Note

This matter has been referred to the Investigative Division of the Office of the State Auditor for collection.

15. Deputy Circuit Clerks should be bonded.

Finding

Section 9-7-123 (2), Miss. Code Ann. (1972), requires each deputy circuit clerk to execute a bond for not less than \$50,000 nor more than \$100,000 upon employment to be payable, conditioned and approved as provided by law. Section 25-1-15, Miss. Code Ann. (1972), requires a new bond in an amount not less than that required by law shall be secured upon employment and coverage shall continue by the securing of a new bond every four years concurrent with the normal election cycle of the Governor or with the normal election cycle of the local government applicable to the employee. One deputy circuit clerk was not bonded as a deputy circuit clerk during fiscal year ended September 30, 2013. The failure to properly bond the deputy as a circuit clerk deputy could result in the loss of public funds.

Recommendation

The deputy circuit clerk should execute a current bond as deputy circuit clerk for the amount required by law for the correct office.

Circuit Clerk's Response

The deputy clerk in question was then bonded under the Oktibbeha Justice Court. The Oktibbeha County Administrator was under the belief that the bond would suffice without change. However after being advised to the contrary the bonding company changed the bond to place it under the Circuit Court Clerk.

The Mississippi Office of the State Auditor has taken exception to certain costs. The details of the exceptions and dispositions are as follows:

Exception Issued On:

Monica Banks, Chancery Clerk

Nature of Exception:

See Chancery Clerk Finding # 6 described in this report.

Amount of Exception:

\$35,541

Disposition of Exception:

This matter has been turned over to the Investigative Division of the Office of the State Auditor.

Exception Issued On:

Monica Banks, Chancery Clerk

Nature of Exception:

See Chancery Clerk Finding # 7 described in this report.

Amount of Exception:

\$23,321

Disposition of Exception:

This matter has been turned over to the Investigative Division of the Office of the State Auditor.

Exception Issued On:

Glen Hamilton, Circuit Clerk

Nature of Exception:

See Circuit Clerk Finding # 14 described in this report.

Amount of Exception:

\$7,076

Disposition of Exception:

This matter has been turned over to the Investigative Division of the Office of the State Auditor.

Oktober County's responses to the findings included in this report were not audited, and accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, the Board of Supervisors, and others within the entity and is not intended to be and should not be used by anyone other than these parties. However, this report is a matter of public record and its distribution is not limited.

TOMMY STORY, CPA, CFE  
Director, County Audit Section

October 30, 2015

OKTIBBEHA COUNTY

SCHEDULE OF FINDINGS AND RESPONSES

OKTIBBEHA COUNTY

(This page left blank intentionally.)

OKTIBBEHA COUNTY

Schedule of Findings and Responses  
For the Year Ended September 30, 2013

Section 1: Summary of Auditor’s Results

***Financial Statements:***

1.	Type of auditor’s report issued on the financial statements:	
	Governmental activities	Unmodified
	Aggregate discretely presented component unit	Adverse
	General Fund	Qualified
	Countywide Road Maintenance Fund	Unmodified
	Countywide Bridge and Culvert Fund	Unmodified
	Aggregate remaining fund information	Unmodified
2.	Internal control over financial reporting:	
	a. Material weaknesses identified?	Yes
	b. Significant deficiency identified?	Yes
3.	Noncompliance material to the financial statements noted?	Yes

Section 2: Financial Statement Findings

Board of Supervisors.

Material Weakness

2013-001. Component unit should be included in County’s financial statements.

Finding

Generally accepted accounting principles require the financial data of the County’s component unit to be reported with the financial data of the County’s primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component unit. As reported in the prior five years’ audit reports, the financial statements do not include the financial data for the County’s legally separate component unit. The failure to properly follow generally accepted accounting principles resulted in an adverse opinion on the discretely presented component unit.

Recommendation

The Board of Supervisors should provide the audited financial data for its discretely presented component unit for inclusion in the county’s financial statements.

Board of Supervisors’ Response

The Board of Supervisors has chosen to omit the component units in our financial statements. The Board will provide any and all data the Office of the State Audit requires for the inclusion in the County’s financial statements.

OKTIBBEHA COUNTY

Schedule of Findings and Responses  
For the Year Ended September 30, 2013

Material Weakness  
Material Non-compliance

2013-002. Controls over compliance with bond covenants should be strengthened.

Finding

The County entered into a general obligation bond agreement on September 30, 2010 for the renovation of Oktibbeha County Hospital and the construction of parking facilities in the amount of \$6,500,000. In the bond covenant there is a requirement for a due diligence test and for an expenditure test. The due diligence test states, "The County reasonably expects that the renovation and construction of the Construction Project will proceed with due diligence to completion by September 29, 2013." The expenditure test states, "It is expected that all of the net sale proceeds of the Bonds will be fully expended on the Project prior to September 29, 2013."

It was noted during our audit procedures, that \$1,262,186 remained in the Oktibbeha County Hospital Construction Fund and had not been expended for hospital construction projects as of September 30, 2013. Therefore, the County did not materially comply with the requirements of the bond covenant.

Recommendation

The County should seek legal guidance from the County's attorney and bond counsel as to the appropriate action the County should take at this time related to the remaining bond proceeds on hand to ensure compliance with the terms of the bond agreement. Internal controls should also be put in place to ensure that compliance with future bond covenants will be made.

Board of Supervisors' Response

All phases of the OCH Construction Project were completed on time, and the cost to the taxpayers was less than originally estimated. We will seek legal guidance as to the appropriate action the County should take for the remaining bond proceeds.

Significant Deficiency

2013-003. Oktibbeha County should implement a formal Information Security Policy.

Finding

Oktibbeha County has not adopted a formal Information Security Policy or Enterprise Security Plan. The lack of a formal Information Security Policy can lead to a breakdown of basic security practices in the areas of application security, LAN/WAN security, management of the security application and Internet protocol.

Recommendation

A robust set of Information Technology Policies should cover at least the following areas:

- Acceptable Use
- Portable Computing
- Change Management
- Encryption
- Security Incident Response
- Risk Management
- Backup and Recovery
- Business Continuity / Disaster Recovery

OKTIBBEHA COUNTY

Schedule of Findings and Responses  
For the Year Ended September 30, 2013

While full compliance with all facets of such a policy may be an economic challenge for Oktibbeha County, beginning steps to become compliant with a policy covering areas such as those listed above are necessary. We recommend that Oktibbeha County create a plan of compliance with industry standards to ensure progress towards a robust documented information security plan. This policy should be reviewed and approved by county supervisors. In addition, employees that utilize technology should review and accept such policies before access to computer resources is granted to employees. Proof of approval by management and acceptance by employees should be retained for review by auditors.

Board of Supervisors' Response

Oktibbeha County will follow the recommendation of the Audit Department.

Justice Court Clerk.

Material Weakness

2013-004. The Justice Court Clerk should ensure effective controls are maintained over fines receivable records.

Finding

An effective system of internal control over fines receivable records should include maintaining and preserving adequate subsidiary records to substantiate the total fines receivable balance. Based upon audit procedures performed, management did not maintain and preserve adequate subsidiary records documenting the existence and valuation of fines receivable for Justice Court fines and aging of fines receivable as of September 30, 2013. Therefore, the Independent Auditor's Report includes a qualified opinion on the General Fund because we were unable to satisfy ourselves as to the fair presentation of Justice Court fines receivable.

Recommendation

The Justice Court Clerk should establish procedures documenting the existence and valuation of Justice Court fines receivable, including the aging schedules of fines receivable. The Justice Court Clerk should also preserve a copy of these records.

Justice Court Clerk's Response

I will run my aging report on the 30<sup>th</sup> of September.

Justice Court Clerk's Response

I will run my aging report on the 30<sup>th</sup> of September.
