## FINANCIAL AUDIT REPORT

FORTENBERRY & BALLARD, PC  
CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON THE BASIC FINANCIAL  
STATEMENTS AND SUPPLEMENTARY INFORMATION

Superintendent and School Board  
Hancock County School District

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hancock County School District as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Hancock County School District's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

1929 SPILLWAY ROAD, SUITE B  
BRANDON, MISSISSIPPI 39047  
TELEPHONE 601-992-5292 FAX 601-992-2033

## **Opinions**

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Hancock County School District, as of June 30, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 8 to 18 and 54 to 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Hancock County School District's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by the Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133), the Schedule of Instructional, Administrative and Other Expenditures for Governmental Funds, and the other information section, which includes the Statement of Revenues, Expenditures and Changes in Fund Balances - General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Funds, Last Four Years are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards, as required by the Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133) and the Schedule of Instructional, Administrative and Other Expenditures for Governmental Funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing

and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information mentioned above is fairly stated in all material respects in relation to the basic financial statements as a whole.

The other information section, which includes the Statement of Revenues, Expenditures and Changes in Fund Balances - General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Funds, Last Four Years has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2014, on our consideration of the Hancock County School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hancock County School District's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

**Hancock County School District**  
Management's Discussion and Analysis  
For the Year Ended June 30, 2014

The following discussion and analysis of Hancock County School District's financial performance provides an overview of the School District's financial activities for the year ended June 30, 2014. The intent of this discussion and analysis is to look at the School District's performance as a whole. Readers are encouraged to review the financial statements and the notes to the financial statements to enhance their understanding of the School District's financial performance.

**FINANCIAL HIGHLIGHTS**

- Total net position for 2014 increased \$2,053,735, which represents a 3% increase from fiscal year 2013. Total net position for 2013 increased \$4,193,258, which represents a 6% increase from fiscal year 2012.
- General revenues amounted to \$32,931,328 and \$31,346,236, or 81% and 76% of all revenues for fiscal years 2014 and 2013, respectively. Program specific revenues in the form of charges for services and grants and contributions accounted for \$7,815,889, or 19% of total revenues for 2014, and \$10,062,646, or 24% of total revenues for 2013.
- The District had \$38,693,482 and \$37,215,624 in expenses for fiscal years 2014 and 2013; only \$7,815,889 for 2014 and \$10,062,646 for 2013 of these expenses were offset by program specific charges for services, grants and contributions. General revenues of \$32,931,328 for 2014 and general revenues \$31,346,236 for 2013 were adequate to provide for these programs.
- Among the major funds, the General Fund had \$29,439,371 in revenues and \$28,588,688 in expenditures for 2014, and \$27,773,361 in revenues and \$32,719,608 in expenditures for 2013. The General Fund's fund balance decreased by \$223,738 from 2013 to 2014 and decreased by \$6,438,429 from 2012 to 2013.
- Capital assets, net of accumulated depreciation, increased by \$2,539,153 for 2014 and increased by \$5,629,650 for 2013. The increase for 2014 was primarily due to the additions to construction in progress, buildings, improvements other than buildings, mobile equipment and furniture and equipment .
- Long-term debt increased by \$2,484,534 for 2014 and increased by \$7,285,000 for 2013. This increase for 2014 was due primarily to the issuance of a general obligation bond in the amount of \$6,100,000. The liability for compensated absences increased by \$57,874 for 2014 and decreased by \$13,707 for 2013.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis serves as an introduction to the District's basic financial statements, which include government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains required supplementary information, supplementary information, and other information.

**Hancock County School District**  
Management's Discussion and Analysis  
For the Year Ended June 30, 2014

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the District's finances. These statements consist of the Statement of Net Position and the Statement of Activities, which are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. The current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position presents information on all the District's nonfiduciary assets and liabilities, with the differences between the two reported as "net position." Over time, increases or decreases in the District's net position may serve as a useful indicator of whether its financial position is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net Position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, non-instructional, sixteenth section and interest on long-term liabilities.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

**Governmental funds** - Most of the District's general activities are reported in its governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental funds are accounted for using the modified accrual basis of accounting and the flow of current financial resources measurement focus. The approach focuses on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at year end. The governmental fund statements provide a detailed view of the District's near-term financing requirements.

**Hancock County School District**  
Management's Discussion and Analysis  
For the Year Ended June 30, 2014

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may gain a better understanding of the long-term impact of the District's near-term financing decisions. The governmental funds Balance Sheet is reconciled to the Statement of Net Position, and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances is reconciled to the Statement of Activities to facilitate this comparison between governmental funds and governmental activities.

The District maintains individual governmental funds in accordance with the *Financial Accounting Manual for Mississippi Public School Districts*. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for all major funds. All non-major funds are combined and presented in these reports as other governmental funds.

**Fiduciary funds** - Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because resources of those funds are not available to support the District's own programs. These funds are reported using the accrual basis of accounting. The school district is responsible for ensuring that the assets reported in these funds are used for their intended purpose.

### **Reconciliation of Government-wide and Fund Financial Statements**

The financial statements include two schedules that reconcile the amounts reported on the governmental funds financial statements (modified accrual basis of accounting) with government-wide financial statements (accrual basis of accounting). The following summarizes the major differences between the two statements:

Capital assets used in governmental activities are not reported on governmental funds financial statements.

Capital outlay spending results in capital assets on government-wide financial statements, but is reported as expenditures on the governmental funds financial statements.

Bond and note proceeds result in liabilities on government-wide financial statements, but are recorded as other financing sources on the governmental funds financial statements.

Certain other outflows represent either increases or decreases in liabilities on the government-wide financial statements, but are reported as expenditures on the governmental funds financial statements.

**Hancock County School District**  
Management's Discussion and Analysis  
For the Year Ended June 30, 2014

**Notes to the financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

**Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report also presents budgetary comparison schedules as required supplementary information. The District adopts an annual operating budget for all governmental funds. A budgetary comparison schedule has been provided for the General Fund as required by the Governmental Accounting Standards Board.

**Supplementary Information**

Additionally, a Schedule of Expenditures of Federal Awards as required by OMB Circular A-133 and a Schedule of Instructional, Administrative and Other Expenditures for governmental funds can be found in this report.

**Other Information**

Although not a required part of the basic financial statements, the Statement of Revenues, Expenditures and Changes in Fund Balances - General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Funds, Last Four Years, is presented for purposes of additional analysis as required by the Mississippi Department of Education.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Net Position**

Net Position may serve over time as a useful indicator of the District's financial position. Assets exceeded liabilities by \$81,267,551 as of June 30, 2014.

The District's financial position is a product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

Table 1 presents a summary of the District's net position at June 30, 2014 and June 30, 2013.

**Hancock County School District**  
**Management's Discussion and Analysis**  
**For the Year Ended June 30, 2014**

**Table 1**

<b>Total net position</b>	<u>\$ 81,267,551</u>	<u>79,213,816</u>	3%

The following are significant current year transactions that have had an impact on the Statement of Net Position:

- Increase in net capital assets in the amount of \$2,539,153.
- The principal retirement of \$3,615,466 of long-term debt.

**Changes in net position**

The District's total revenues for the fiscal years ended June 30, 2014 and June 30, 2013 were \$40,747,217 and \$41,408,882, respectively. The total cost of all programs and services was \$38,693,482 for 2014 and \$37,215,624 for 2013.

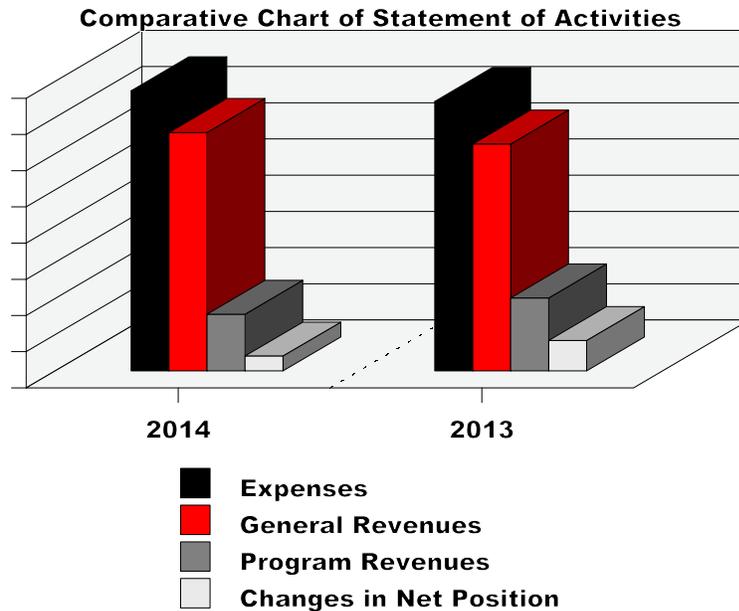

Table 2 presents a summary of the changes in net position for the fiscal years ended June 30, 2014 and June 30, 2013.

**Hancock County School District**  
**Management's Discussion and Analysis**  
**For the Year Ended June 30, 2014**

**Governmental activities**

The following table presents the cost of five major District functional activities: instruction, support services, non-instructional, sixteenth section and interest on long-term liabilities. The table also shows each functional activity's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost presents the financial burden that was placed on the State and District's taxpayers by each of these functions.

**Table 3**

Sixteenth section	(5,206)	(25,825)	(80)%
Interest on long-term liabilities	(623,225)	(674,481)	(8)%
<b>Total net (expense) revenue</b>	<u>\$ (30,877,593)</u>	<u>(27,152,978)</u>	<u>14%</u>

**Chart of Expenses per Statement of Activities**

- Net cost of governmental activities (\$30,877,593 for 2014 and \$27,152,978 for 2013) was financed by general revenue, which is primarily made up of property taxes (\$13,983,617 for 2014 and \$12,086,554 for 2013), gaming amounted to \$242,713 for 2014, and state and federal revenues (\$18,252,533 for 2014 and \$18,396,741 for 2013). In addition, there was \$111,744 and \$235,745 in Sixteenth Section sources for 2014 and 2013, respectively.
- Investment earnings amounted to \$90,771 for 2014 and \$64,538 for 2013.

**Hancock County School District**  
Management's Discussion and Analysis  
For the Year Ended June 30, 2014

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the District's governmental funds is to provide information on current inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$31,491,073, an increase of \$2,209,359, which includes an increase in inventory of \$8,379. \$4,374,725 or 14% of the fund balance is unassigned, which represents the residual classification for the general fund's fund balance that has not been assigned to other funds and that has not been restricted or assigned to specific purposes within the general fund. The remaining fund balance of \$27,116,348 or 86% is either nonspendable, restricted or assigned to indicate that it is not available for spending except only for the purposes to which it is restricted or assigned.

The General Fund is the principal operating fund of the District. The decrease in fund balance in the General Fund for the fiscal year was \$223,738. The fund balance of Other Governmental Funds showed an increase in the amount of \$292,709, which includes an increase in inventory of \$8,379. The increase (decrease) in the fund balances for the other major funds were as follows:

Major Fund	Increase (Decrease)
Local Building Fund	\$ 591,487
2012 Bond Building Fund	\$ (4,551,840)
2014 Bond Building Fund	\$ 6,100,741
Bond Issues Retirement Fund	no increase or decrease

**BUDGETARY HIGHLIGHTS**

Over the course of the year, the District revised the annual operating budget. Budget revisions were made to address and correct the original budgets to reflect more accurately the sources and uses of finding for the School District.

A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund is provided in this report as required supplementary information.

**Hancock County School District**  
Management's Discussion and Analysis  
For the Year Ended June 30, 2014

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets.** As of June 30, 2014, the District's total capital assets were \$100,260,632, including land, construction in progress, school buildings, improvements other than buildings, mobile equipment, buses, other school vehicles and furniture and equipment. This amount represents an increase of \$4,741,858 from 2013. Total accumulated depreciation as of June 30, 2014, was \$23,321,441, and total depreciation expense for the year was \$2,364,616, resulting in total net capital assets of \$76,939,191.

**Table 4**  
**Capital Assets, Net of Accumulated Depreciation**

	<u>June 30, 2014</u>	<u>June 30, 2013</u>	<u>Percentage Change</u>
Land	\$ 1,138,399	1,138,399	0%
Construction in progress	4,221,372	14,357,053	(71)%
Buildings	66,675,621	54,694,287	22%
Improvements other than buildings	2,691,555	2,058,977	31%
Mobile equipment	1,645,128	1,816,646	(9)%
Furniture and equipment	567,116	334,676	69%
<b>Total</b>	<u>\$ 76,939,191</u>	<u>74,400,038</u>	<u>3%</u>

Additional information on the District's capital assets can be found in Note 5 included in this report.

**Debt Administration.** At June 30, 2014, the District had \$26,979,372 in outstanding long-term debt, of which \$2,675,000 is due within one year. The liability for compensated absences increased \$57,874 from the prior year.

**Table 5**  
**Outstanding Long-Term Debt**

	<u>June 30, 2014</u>	<u>June 30, 2013</u>	<u>Percentage Change</u>
General obligation bonds payable	\$ 14,125,000	10,900,000	30%
Limited obligation bonds payable	2,370,000	2,800,000	(15)%
Qualified school construction bonds payable	3,000,000	3,000,000	0%
Three mill notes payable	7,185,000	7,495,466	(4)%
Compensated absences payable	299,372	241,498	24%
<b>Total</b>	<u>\$ 26,979,372</u>	<u>24,436,964</u>	<u>10%</u>

Management's Discussion and Analysis  
For the Year Ended June 30, 2014

Additional information on the District's long-term debt can be found in Note 6 included in this report.

**CURRENT ISSUES**

The Hancock County School District is financially stable. The District is proud of its community support of the public schools.

The District has committed itself to financial excellence for many years. The District's system of financial planning, budgeting and internal financial controls is well regarded. The District plans to continue its sound fiscal management to meet the challenges of the future.

The District actively pursues grant funding to supplement the local, state and federal revenues.

Enrollment for the 2013 - 2014 year increased by 9% to 4,533 students.

**CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

If you have questions about this report, contact the Superintendent's Office of the Hancock County School District, 17304 Hwy. 603, Kiln, MS 39556.

**Hancock County School District**

Notes to the Financial Statements  
For the Year Ended June 30, 2014

## **Hancock County School District**

Notes to the Financial Statements  
For the Year Ended June 30, 2014

### **Note 1 - Summary of Significant Accounting Policies**

The accompanying financial statements of the school district have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the school district's accounting policies are described below.

#### **A. Financial Reporting Entity**

As defined by accounting principles generally accepted in the United States of America, the school district is considered a "primary government." The school district is governed by a five member board to which each member is elected by the citizens of each defined county district.

For financial reporting purposes, Hancock County School District has included all funds and organizations. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District.

#### **B. Government-wide and Fund Financial Statements**

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the non-fiduciary activities of the District. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Position presents the District's non-fiduciary assets and liabilities, with the difference reported as net position. Net position is reported in three categories:

1. Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by outstanding balances of bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

2. Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.
3. Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function, or segment, are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property taxes and other items not included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported in separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other governmental funds.

The school district reports the following major governmental funds:

General Fund - This is the school district's primary operating fund. The general fund is used to account for and report all financial resources not accounted for and reported in another fund.

Local Building Fund - This fund is used to account for the construction, upgrade and repair of school facilities.

2012 Bond Building Fund - This fund is used to account for the bond proceeds received in 2012 for construction, upgrade and repair of school facilities.

2014 Bond Building Fund - This fund is used to account for the bond proceeds received in 2014 for construction, upgrade and repair of school facilities.

Bond Issues Retirement Fund - This fund accounts for the debt service of the general obligations bonds payable.

All other governmental funds not meeting the criteria established for major funds are presented in the other governmental column of the fund financial statements.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

The District's fiduciary funds include the following:

Accounts Payable Clearing Fund - This fund is used to report the accounts payable resources held by the district in a purely custodial capacity (assets equal liabilities) and do not involve measurement of results of operations.

Student Club Funds - These various funds account for the monies raised through school club activities and fund raisers and club related expenditures approved by the individual clubs.

Additionally, the school district reports the following fund types:

### GOVERNMENTAL FUNDS

Special Revenue Funds - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Funds - Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Debt Service Funds - Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Permanent Funds - Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings, and not the principal, may be used for purposes that support the district's programs.

### FIDUCIARY FUNDS

Agency Funds - Agency Funds are used to report resources held by the district in a purely custodial capacity (assets equal liabilities) and do not involve measurement of results of operations.

## C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the economic resources measurement focus and the accrual basis of accounting, as are the Fiduciary Fund financial statements. Revenues are recorded when earned, and expenses are recorded when

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

a liability is incurred or economic asset used, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Measurable means knowing or being able to reasonably estimate the amount. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and judgments, are recorded only when payment is due.

Federal grants and assistance awards made on the basis of entitlement periods are recorded as receivables and revenues when entitlement occurs. Federal reimbursement type grants are recorded as revenues when the related expenditures are recognized. Use of grant resources is conditioned upon compliance with terms of the grant agreements and applicable federal regulations, which include subjecting grants to financial and compliance audits.

Property taxes, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual.

Ad valorem property taxes are levied by the governing authority of the county on behalf of the school district based upon an order adopted by the school board of the school district requesting an ad valorem tax effort in dollars. Since the taxes are not levied and collected by the school district, the revenues to be generated by the annual levies are not recognized until the taxes are actually collected by the tax levying authority.

Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

The effect of inter-fund activity has been eliminated from the government-wide statements.

Revenues from the Mississippi Adequate Education Program are appropriated on a fiscal year basis and are recorded at the time the revenues are received from the State of Mississippi.

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing, and Financial Reporting*, issued in 2012 by the Government Finance Officers Association and are consistent with the broad classifications recommended in *Financial Accounting for Local and State School Systems*, 2003, issued by the U.S. Department of Education.

### **D. Encumbrances**

An encumbrance system is not maintained to account for commitments or assignments resulting from approved purchase orders, work orders and contracts.

### **E. Assets, liabilities, and net position/fund balances**

#### 1. Cash, Cash equivalents and Investments

##### Cash and cash equivalents

The district's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The school district deposits excess funds in the financial institutions selected by the school board. State statutes specify how these depositories are to be selected.

##### Investments

The school district can invest its excess funds, as permitted by Section 29-3-113, Miss. Code Ann. (1972), in interest-bearing deposits or other obligations of the types described in Section 27-105-33, Miss. Code Ann. (1972), or in any other type investment in which any other agency, instrumentality or subdivision of the State of Mississippi may invest, except that 100% of said funds are authorized to be so invested.

For accounting purposes, certificates of deposit are classified as investments if they have an original maturity greater than three months when acquired.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

Investments for the district are reported at fair market value.

### 2. Receivables and payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of inter-fund loans) or “advances to/from other funds” (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

### 3. Due from Other Governments

Due from other governments represents amounts due from the State of Mississippi and various grants and reimbursements from other governments.

### 4. Inventories and Prepaid Items

Donated commodities are received from the USDA and are valued at USDA cost. Other inventories are valued at cost (calculated on the first-in, first-out basis). The costs of governmental fund type inventories are reported as expenditures when purchased.

Prepaid items, such as prepaid insurance, are not reported for governmental fund types since the costs of such items are accounted for as expenditures in the period of acquisition.

### 5. Restricted Assets

Certain resources set aside for repayment of debt are classified as restricted assets on the Statement of Net Position because their use is limited by applicable debt statutes, e.g. Qualified School Construction Bonds sinking funds. Also, the nonexpendable portion of the Permanent Fund, if applicable, is classified as restricted assets because the 16<sup>th</sup> Section Principal fund is not available for use by the district except as provided for under state statute for loans from this fund.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

### 6. Capital Assets

Capital assets include land, improvements to land, easements, water rights, timber rights, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Capital assets are reported in the governmental column in the government-wide Statement of Net Position. Capital assets are recorded at historical cost or estimated historical cost based on appraisals or deflated current replacement cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the thresholds in the table below.

Capital acquisition and construction are reflected as expenditures in the Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements.

Depreciation is calculated on the straight-line basis for all assets, except land.

The following schedule details the capitalization thresholds:

		Capitalization Policy	Estimated Useful Life
Land	\$	0	0
Buildings		50,000	40 years
Building Improvements		25,000	20 years
Improvements other than buildings		25,000	20 years
Mobile equipment		5,000	5-10 years
Furniture and equipment		5,000	3-7 years
Leased property under capital leases		*	*

(\*) The threshold amount will correspond with the amounts for the asset classifications, as listed. See Note 5 for details.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

### 7. Compensated Absences

Employees of the school district accumulate sick leave at a minimum amount as required by state law. A greater amount may be provided by school district policy provided that it does not exceed the provisions for leave as provided in Sections 25-3-93 and 25-3-95. Some employees are allowed personal and/or vacation leave in accordance with school district policy. The district pays for unused leave for employees as required by Section 37-7-307(5), Miss. Code Ann. (1972).

The liability for these compensated absences is recorded as a long-term liability in the government-wide statements. The current portion of this liability is estimated based on historical trends. In the fund financial statements, governmental funds report the liability for compensated absences from expendable available financial resources only if the payable has matured, for example, an employee retires.

### 8. Long-term Liabilities and Bond Discounts/Premiums

In the government-wide financial statements, outstanding debt is reported as liabilities. Bond discounts or premiums and the difference between reacquisition price and the net carrying value of refunded debt are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures. See Note 6 for details.

### 9. Fund Balances

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Governmental fund balance is classified as nonspendable, restricted, committed, assigned or unassigned. Following are descriptions of fund classifications used by the district:

*Nonspendable fund balance* includes items that cannot be spent. This includes activity that is not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds are restricted, committed, or assigned) and

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

activity that is legally or contractually required to remain intact, such as a principal balance in a permanent fund.

*Restricted fund balance* includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

*Committed fund balance* includes amounts that can be used only for the specific purposes pursuant to constraints imposed by a formal action of the School Board, the District's highest level of decision-making authority. Currently there is not committed fund balance for this school district.

*Assigned fund balance* includes amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. For governmental funds, other than the general fund, this is the residual amount within the fund that is not restricted or committed. Assignments of fund balance are created by the Superintendent and Business Manager pursuant to authorization established by the policy adopted by the school district.

*Unassigned fund balance* is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) resources are available, it is the District's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the District's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

It is the goal of the District to achieve and maintain an unassigned fund balance in the general fund at fiscal year end of not less than 7% of actual received revenues. If the unassigned fund balance at fiscal year end falls below the goal, the District shall develop a restoration plan to achieve and maintain the minimum fund balance.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

### Note 2 - Cash and Cash Equivalents, Cash with Fiscal Agents, and Investments

The district follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Restrictions on deposits and investments are imposed by statutes as follows:

**Deposits.** The school board must advertise and accept bids for depositories no less than once every three years as required by Section 37-7-333, Miss. Code Ann. (1972). The collateral pledged for the school districts' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation.

**Investments.** Section 29-3-113 and 37-59-43, Miss. Code Ann. (1972), authorizes the school board to invest excess funds in the types of investments authorized by Section 27-105-33(d) and (e), Miss. Code Ann. (1972). This section permits the following types of investments: (a) certificates of deposits or interest bearing accounts with qualified state depositories; (b) direct United States Treasury obligations; (c) United States Government agency, United States Government instrumentality or United States Government sponsored enterprise obligations, not to exceed fifty percent of all monies invested with maturities of thirty days or longer; (d) direct security repurchase agreements and reverse direct security repurchase agreements of any federal book entry of only those securities enumerated in (b) and (c) above; (e) direct obligations issued by the United States of America that are deemed to include securities of, or other interests in, any open-end or closed-end management type investment company or investment trust approved by the State Treasurer and the Executive Director of the Department of Finance and Administration, not to exceed twenty percent of invested excess funds. Investment income on bond funds (Capital Projects), bond sinking funds (Debt Service Funds) and sixteenth section principal funds (Permanent Funds) must be credited to those funds. Investment income of \$100 or more of any fund must be credited to that fund. Investment income of less than \$100 can be credited to the General Fund.

The carrying amount of the school district's deposits with financial institutions reported in the governmental funds and fiduciary funds was \$30,775,900 and \$119,565, respectively.

*Custodial Credit Risk - Deposits.* Custodial credit risk is defined as the risk that, in the event of the failure of a financial institution, the district will not be able to recover deposits or collateral securities that are in the possession of an outside party. The district

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

does not have a deposit policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the district. Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the district. As of June 30, 2014, none of the district's bank balance of \$32,601,252 was exposed to custodial credit risk.

### Cash with Fiscal Agents

The carrying amount of school district's cash with fiscal agents held by financial institutions was \$226,795.

### Investments

As of June 30, 2014, the district had a portion of the investments in a sinking fund restricted for the payment of its Qualified School Construction Bonds described in Note 11.

Investment Type	Rating	Maturities (in years)	Fair Value
Federated Treasury Obligation	AAA	More than one year	\$ 856,013
Hancock Holding Company	B	More than one year	187,196
Total			\$ <u>1,043,209</u>

*Interest Rate Risk.* The district does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* State law limits investments to those prescribed in Sections 27-105-33(d) and 27-105-33(e), Miss. Code Ann. (1972). The district does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

*Custodial Credit Risk - Investments.* Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the district will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The district does not have a formal investment policy that addresses custodial credit risk. The investments in the Hancock Horizon Treasury Securities Money Market Mutual Funds are uninsured and unregistered and are not backed by the full faith and credit of the federal government.

*Concentration of Credit Risk.* Disclosures of investments by amount and issuer for any issuer that represents five percent or more of total investments is required. This requirement does not apply to investments issued or explicitly guaranteed by the U.S.

**Hancock County School District**

Notes to the Financial Statements  
For the Year Ended June 30, 2014

government, investments in mutual funds and external investment pools, and other pooled investments. As of June 30, 2014, the district had the following investments:

Issuer	Fair Value	% of Total Investments
Federated Treasury Obligation	\$ 856,013	82%
Hancock Holding Company	187,196	18%
Total	\$ 1,043,209	100%

**Note 3 - Inter-fund Receivables, Payables and Transfers**

The following is a summary of inter-fund transactions and balances:

**A. Due From/To Other Funds**

Receivable Fund	Payable Fund	Amount
General Fund	Bond Issues Retirement Fund	\$ 662,418
	Other Governmental Funds	312,594
Bond Issues Retirement Fund	General Fund	560,280
Total		\$ 1,535,292

The purpose of the inter-fund loans was to cover federal and state funds not received prior to year-end and amounts due from and amounts due to agency funds. Payments are made of amounts due between funds within three months.

**B. Inter-fund Transfers**

Transfers In	Transfers Out	Amount
Local Building Fund	Other Governmental Funds	\$ 1,213,141
Other Governmental Funds	General Fund	1,162,342
	Other Governmental Funds	22,840
Total		\$ 2,398,323

The primary purpose of the inter-fund transfers out of the general fund and into the other governmental funds was to finance basic operations of the district that are not directly funded.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

### Note 4 - Restricted Assets

The restricted assets represent the cash and investment balance totaling \$551,976 and \$2, respectively, of the Sixteenth Section Principal Fund (Permanent Fund) which is legally restricted and may not be used for purposes that support the district's programs. In addition, the restricted assets represent the cash with fiscal agents balance totaling \$226,795, MAEP Limited Obligation Bond/Note Fund. In addition, the restricted assets represent the cash and investment balances, totaling \$46,827 and \$856,011, respectively, of the QSCB Debt Retirement Fund.

### Note 5- Capital Assets

The following is a summary of changes in capital assets for governmental activities:

	Balance 7-1-2013	Additions	Retirements	Completed Construction	Adjustments	Balance 6-30-2014
<u>Non-depreciable capital assets:</u>						
Land	\$ 1,138,399					1,138,399
Construction in progress	14,357,053	3,526,558		(13,662,239)		4,221,372
Total non-depreciable capital assets	15,495,452	3,526,558	0	(13,662,239)	0	5,359,771
<u>Depreciable capital assets:</u>						
Buildings	70,291,442	823,192	742,472	13,476,261		83,848,423
Improvements other than buildings	3,175,720	614,900		185,978		3,976,598
Mobile equipment	4,853,615	169,000				5,022,615
Furniture and equipment	1,702,545	439,230	88,550			2,053,225
Total depreciable capital assets	80,023,322	2,046,322	831,022	13,662,239	0	94,900,861
<u>Less accumulated depreciation for:</u>						
Buildings	15,597,155	1,664,032	74,247		(14,138)	17,172,802
Improvements other than buildings	1,116,743	154,162			14,138	1,285,043
Mobile equipment	3,036,969	340,518				3,377,487
Furniture and equipment	1,367,869	205,904	87,664			1,486,109
Total accumulated depreciation	21,118,736	2,364,616	161,911	0	0	23,321,441
Total depreciable capital assets, net	58,904,586	(318,294)	669,111	13,662,239	0	71,579,420
Governmental activities capital assets, net	\$ 74,400,038	3,208,264	669,111	0	0	76,939,191

Adjustments were made to correctly present accumulated depreciation.

Depreciation expense was charged to the following governmental functions:

	Amount
Instruction	\$ 1,655,231
Support services	472,923
Non-instructional	236,462
Total depreciation expense	\$ 2,364,616

## Hancock County School District

### Notes to the Financial Statements For the Year Ended June 30, 2014

Construction in progress is composed of:

	Spent to June 30, 2014	Remaining Commitment
East Hancock Renovation	\$ 1,662,746	104,637
Career Technical Center	1,603,278	793,765
Hancock High Fine Arts	229,364	8,106,390
Architect Fees	725,984	63,610
Total	<u>\$ 4,221,372</u>	<u>9,068,402</u>

Construction projects included in governmental activities are funded from the Local Capital Expenditures Fund and the Local Building Fund.

### Note 6 - Long-term liabilities

The following is a summary of changes in long-term liabilities and other obligations for governmental activities:

	Balance 7-1-2013	Additions	Reductions	Balance 6-30-2014	Amounts due within one year
A. General obligation bonds payable	\$ 10,900,000	6,100,000	2,875,000	14,125,000	1,725,000
B. Limited obligation bonds payable	2,800,000		430,000	2,370,000	445,000
C. Three mill notes payable	7,495,466		310,466	7,185,000	505,000
D. Qualified school construction bonds payable	3,000,000			3,000,000	
E. Compensated absences payable	241,498	57,874		299,372	
Total	<u>\$ 24,436,964</u>	<u>6,157,874</u>	<u>3,615,466</u>	<u>26,979,372</u>	<u>2,675,000</u>

#### A. General Obligation Bonds Payable

General obligation bonds are direct obligations and pledge the full faith and credit of the school district. General obligation bonds currently outstanding are as follows:

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
General Obligation refunding bonds, Series 2004	3.0-5.0%	10-28-04	04-15-14	\$ 14,200,000	0
General Obligation Bonds, Series 2012	1.63%	12-05-12	06-01-21	9,900,000	8,025,000
General Obligation Bonds, Series 2014	1.5%	06-10-14	04-01-21	<u>6,100,000</u>	<u>6,100,000</u>
Total				<u>\$ 30,200,000</u>	<u>14,125,000</u>

## Hancock County School District

### Notes to the Financial Statements For the Year Ended June 30, 2014

1. Series 2004:

This debt was paid off during the year and retired from the 2004 bond service fund.

2. Series 2012:

The following is a schedule by years of the total payments due on this debt:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	\$ 1,250,000	130,406	1,380,406
2016	1,100,000	110,094	1,210,094
2017	1,075,000	92,218	1,167,218
2018	1,100,000	74,750	1,174,750
2019	1,100,000	56,876	1,156,876
2020 - 2021	<u>2,400,000</u>	<u>58,500</u>	<u>2,458,500</u>
Total	\$ <u>8,025,000</u>	<u>522,844</u>	<u>8,547,844</u>

This debt will be retired from the Bond I & S 2012 Fund.

3. Series 2014:

The following is a schedule by years of the total payments due on this debt:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	\$ 475,000	228,750	703,750
2016	750,000	210,938	960,938
2017	850,000	182,813	1,032,813
2018	925,000	150,938	1,075,938
2019	1,000,000	116,250	1,116,250
2020 - 2021	<u>2,100,000</u>	<u>120,000</u>	<u>2,220,000</u>
Total	\$ <u>6,100,000</u>	<u>1,009,689</u>	<u>7,109,689</u>

This debt will be retired from the Bond I & S 2014 Fund.

# Hancock County School District

## Notes to the Financial Statements For the Year Ended June 30, 2014

Total general obligation bond payments for all issues:

Year Ending June 30	Principal	Interest	Total
2015	\$ 1,725,000	359,156	2,084,156
2016	1,850,000	321,032	2,171,032
2017	1,925,000	275,031	2,200,031
2018	2,025,000	225,688	2,250,688
2019	2,100,000	173,126	2,273,126
2020 - 2021	4,500,000	178,500	4,678,500
Total	<u>\$ 14,125,000</u>	<u>1,532,533</u>	<u>15,657,533</u>

The amount of bonded indebtedness that can be incurred by the school district is limited by Sections 37-59-5 and 37-59-7, Miss. Code Ann. (1972). Total outstanding bonded indebtedness during a year can be no greater than 15% of the assessed value of the taxable property within such district, according to the then last completed assessment for taxation, unless certain conditions, as set forth in Section 37-59-7, Miss. Code Ann. (1972) have been met. As of June 30, 2014, the amount of outstanding bonded indebtedness was equal to 4% of property assessments as of October 1, 2013.

### B. Limited Obligation Bonds Payable

Limited obligation bonds are direct obligations and pledge the full faith and credit of the school district. Limited obligation bonds currently outstanding are as follows:

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
State Aid Capital Improvements Bonds	3.0-3.6%	03-06-08	02-01-18	\$ <u>4,055,000</u>	<u>2,370,000</u>

The following is a schedule by years of the total payments due on this debt:

Year Ending June 30	Principal	Interest	Total
2015	\$ 445,000	71,790	516,790
2016	455,000	57,949	512,949
2017	470,000	43,027	513,027
2018	1,000,000	26,907	1,026,907
Total	<u>\$ 2,370,000</u>	<u>199,673</u>	<u>2,569,673</u>

This debt will be retired from the MAEP Bond Retirement Fund.

# Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

The state aid capital improvement bonds are secured by an irrevocable pledge of certain revenues the district receives from the State of Mississippi pursuant to the Mississippi Accountability and Adequate Education Act, Sections 37-151-1 through 37-151-7, Miss. Code Ann. (1972). The state aid capital improvement bonds are not included in the computation of the debt limit percentage.

## C. Three mill notes payable

Debt currently outstanding is as follows:

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
Limited tax note	4.16%	10-16-07	10-01-27	\$ 9,500,000	0
Limited tax refunding notes, Series 2013	2.0-3.75	10-01-13	10-01-27	7,185,000	7,185,000
				<u>\$ 16,685,000</u>	<u>7,185,000</u>

### 1. Series 2007:

This debt was refinanced on 10-01-2013.

### 2. Series 2013:

The following is a schedule by years of the total payments due on this debt:

Year Ending June 30	Principal	Interest	Total
2015	\$ 505,000	179,068	684,068
2016	495,000	184,656	679,656
2017	480,000	174,756	654,756
2018	470,000	165,156	635,156
2019	485,000	155,756	640,756
2020 - 2024	2,600,000	603,481	3,203,481
2025 - 2028	<u>2,150,000</u>	<u>184,357</u>	<u>2,334,357</u>
Total	<u>\$ 7,185,000</u>	<u>1,647,230</u>	<u>8,832,230</u>

This debt will be retired from the Three Mill Note Fund.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

### D. Qualified school construction bonds payable

As more fully explained in Note 11, debt has been issued by the school district that qualifies as Qualified school construction bonds. Debt currently outstanding is as follows:

<u>Description</u>	<u>Interest Rate</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Amount Issued</u>	<u>Amount Outstanding</u>
Qualified school construction bonds	0.84%	01-15-10	09-15-23	\$ <u>3,000,000</u>	<u>3,000,000</u>

### E. Compensated absences payable

As more fully explained in Note 1(E)(7), compensated absences payable is adjusted on an annual basis as required by Section 37-7-307(5), Miss. Code Ann. (1972). Compensated absences will be paid from the fund from which the employees' salaries were paid.

### Note 7 - Other Commitments

Commitments under construction contracts are described in Note 5.

### Note 8 - Defined Benefit Pension Plan

**Plan Description.** The school district contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201 or by calling (601) 359-3589 or 1-800-444-PERS.

**Funding Policy.** PERS members are required to contribute 9.00% of their annual covered salary, and the school district is required to contribute at an actuarially determined rate. The employer's rate as of June 30, 2014 was 15.75% of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The school district's contributions to PERS for the fiscal years ending June 30, 2014, 2013, and 2012 were \$3,033,960, \$2,733,839, and \$2,361,046, respectively, which equaled the required contributions for each year.

## **Hancock County School District**

Notes to the Financial Statements  
For the Year Ended June 30, 2014

### **Note 9 - Risk Management**

The school district is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Except as described below, the district carries commercial insurance for these risks. Settled claims resulting from these insured risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### **Participation in Public Entity Risk Pool**

The school district is a member of the Mississippi Municipal Workers' Compensation Group (MMWCG). The group is a risk-sharing pool; such a pool is frequently referred to as a self-insurance pool. MMWCG covers risks of loss arising from injuries to the school district's employees. The Mississippi Workers' Compensation Commission requires that an indemnity agreement be executed by each member in a workers' compensation self-insurance pool for the purpose of jointly and severally binding the pool and each of the employers comprising the group to meet the workers' compensation obligations of each member. Each member of MMWCG contributes quarterly to a fund held in trust. The funds in the trust account are used to pay any claim up to \$500,000. For a claim exceeding \$500,000, MMWCG has insurance which will pay the excess up to the statutory amount required by the Mississippi Workers' Compensation Commission Act. If total claims during a year were to deplete the trust account, then the pool members would be required to pay for the deficiencies. The district has not had an additional assessment for excess losses incurred by the pool.

### **Note 10 - Sixteenth Section Lands**

Sixteenth section school lands, or lands granted in lieu thereof, constitute property held in trust for the benefit of the public schools. The school board, under the general supervision of the Office of the Secretary of State, has control and jurisdiction of said school trust lands and all funds arising from any disposition thereof. It is the duty of the school board to manage the school trust lands and all funds arising therefrom as trust property. Accordingly, the board shall assure that adequate compensation is received for all users of the trust lands, except for uses by the public schools. The following are the future rental payments to be made to the school district for the use of school trust lands. These future rental payments are from existing leases and do not anticipate renewals or new leases.

## Hancock County School District

Notes to the Financial Statements  
For the Year Ended June 30, 2014

2040 - 2042	<u>27,877</u>
Total	<u>\$ 1,494,713</u>

### Note 11 - Qualified School Construction Bonds

Section 1521 of the American Recovery and Reinvestment Act (ARRA) of 2009 provides for a source of capital at no or at nominal interest rates for costs incurred by certain public schools in connection with the construction, rehabilitation or repair of a public school facility or for the acquisition of land where a school will be built. Investors receive Federal income tax credits at prescribed tax credit rates in lieu of interest, which essentially allows state and local governments to borrow without incurring interest costs. While the Qualified School Construction Bonds (QSCBs) are intended to be interest free to a borrower, the ARRA legislation allows a lender to charge supplemental interest, and such supplemental interest is the responsibility of the school district.

When the stated interest rate on the QSCB results in interest payments that exceed the supplemental interest payments discussed in the preceding paragraph, the school district may apply for a direct cash subsidy payment from the U.S. Treasury which is intended to reduce the stated interest rate to a nominal percentage. These subsidy payments do not include the amount of any supplemental interest paid on a QSCB.

The current maturity limit of tax credit bonds is 17 years, per the U. S. Treasury Department. Under this program, ten percent of the proceeds must be subject to a binding commitment to be spent within six months of issuance and 100% must be spent within three years. Up to two percent of bond proceeds can be used to pay costs of issuance. The amount on deposit at June 30, 2014 was \$902,838. The amount accumulated in the sinking fund at the end of the seventeen-year period will be sufficient to retire the debt. The following schedule reports the annual deposits to be made to the sinking fund by the school district.

For the Year Ended June 30, 2014

Year Ending June 30		Amount
2015	\$	214,000
2016		214,000
2017		214,000
2018		214,000
2019		214,000
2020 - 2024		1,074,000
Total	\$	<u>2,144,000</u>

### Note 12 - Contingencies

Federal Grants - The school district has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are federally conditional upon compliance with the terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowances resulting from the grantor audit may become a liability of the school district.

Litigation - The school district is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate the outcome or liability, if any, of the school district with respect to the various proceedings. However, the school district's legal counsel believes that ultimate liability resulting from these laws will not have a material adverse effect on the financial condition of the school district.

### Note 13 - Insurance Recovery

The Hancock County School District received \$9,539 in insurance loss recoveries related to property and collision damage during the 2013-2014 fiscal year. In the government-wide Statement of Activities, the insurance loss recoveries were reported as general revenues.

### Note 14 - Subsequent Events

Events that occur after the Statement Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of the Hancock County School District evaluated the activity of the district through the date the financial

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

## **Hancock County School District**

Notes to the Required Supplementary Information  
For the Year Ended June 30, 2014

### Budgetary Comparison Schedule

(1) Basis of Presentation

The Budgetary Comparison Schedule presents the original legally adopted budget, the final legally adopted budget, the actual data on the GAAP basis, variances between the original budget and the final budget, and variances between the final budget and the actual data.

(2) Budget Amendments and Revisions

The budget is adopted by the school board and filed with the taxing authority. Amendments can be made on the approval of the school board. By statute, final budget revisions must be approved on or before October 15. A budgetary comparison is presented for the general fund consistent with accounting principles generally accepted in the United States of America.

## REPORTS ON INTERNAL CONTROL AND COMPLIANCE

FORTENBERRY & BALLARD, PC  
CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON  
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS*

Superintendent and School Board  
Hancock County School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Hancock County School District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Hancock County School District's basic financial statements, and have issued our report thereon dated December 15, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the school district's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the school district's internal control. Accordingly, we do not express an opinion on the effectiveness of the school district's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Hancock County School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Certified Public Accountants

FORTENBERRY & BALLARD, PC  
CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL  
PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY  
OMB CIRCULAR A-133

Superintendent and School Board  
Hancock County School District

**Report on Compliance for Each Major Federal Program**

We have audited Hancock County School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of school district's major federal programs for the year ended June 30, 2014. The Hancock County School District's major federal programs are identified in the summary of the auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Hancock County School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the school district's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the school district's compliance.

## Opinion on Each Major Federal Program

In our opinion, the Hancock County School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

## Report on Internal Control Over Compliance

Management of the Hancock County School District is responsible for establishing and maintaining effective internal control over compliance with the type of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Hancock County School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the school district's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of out testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH  
STATE LAWS AND REGULATIONS

Superintendent and School Board  
Hancock County School District

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hancock County School District as of and for the year ended June 30, 2014, which collectively comprise Hancock County School District's basic financial statements and have issued our report thereon dated December 15, 2014. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Section 37-9-18(3)(a), Miss. Code Ann. (1972), states in part, "the auditor shall test to ensure that the school district is complying with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), relating to classroom supply funds." As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain other state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our procedures performed to test compliance with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), disclosed no instances of noncompliance. The district reported \$0 of classroom supply funds carried over from previous years.

Section 37-9-18(3)(b), Miss. Code Ann. (1972), states in part, "the auditor shall test to ensure correct and appropriate coding at the function level. The audit must include a report showing the correct and appropriate functional level expenditure codes in expenditures by the school district."

The results of our procedures performed to test compliance with the requirements of Section 37-9-18(3)(b), Miss. Code Ann. (1972), disclosed no instances of noncompliance related to incorrect or inappropriate functional level expenditure coding.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain other state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of procedures performed to test compliance with certain other state laws and regulations and our audit of the financial statements did not disclose any instances of noncompliance with other state laws and regulations.

This report is intended solely for the information and use of the school board and management, entities with accreditation overview, and federal awarding agencies, the Office of the State Auditor and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
