Members of the Board of Supervisors
Leflore County, Mississippi

Dear Board Members:

I am pleased to submit to you the 2013 financial and compliance audit report for Leflore County. This audit was performed pursuant to Section 7-7-211(e), Mississippi Code Ann. (1972). The audit was performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

I appreciate the cooperation and courtesy extended by the officials and employees of Leflore County throughout the audit. Thank you for working to move Mississippi forward by serving as a supervisor for Leflore County. If I can be of any further assistance, please contact me at (601) 951-8318.

Respectfully submitted,

Shoemaker and Company

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Supervisors
Leflore County, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, the discretely presented component unit and the aggregate remaining fund information of Leflore County, Mississippi, (the County) as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County's primary government as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Greenwood Leflore Hospital component unit, which represent 100 percent of the assets, net position, and revenues of the component unit column. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aforementioned component unit, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinions

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component unit, each major fund and the aggregate remaining fund information of Leflore County, Mississippi, as of September 30, 2013, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

POST OFFICE BOX 2201 CLINTON, MISSISSIPPI 39060

WWW.SHOEMAKERCPA.NET

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules and corresponding notes be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Leflore County, Mississippi's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The accompanying Reconciliation of Operating Costs of Solid Waste is also presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The Schedule of Expenditures of Federal Awards and the Reconciliation of Operating Costs of Solid Waste have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the Reconciliation of Operating Costs of Solid Waste are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Schedule of Surety Bonds for County Officials has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 10, 2015, on our consideration of Leflore County, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Leflore County, Mississippi's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS

LEFLORE COUNTY

(This page left blank intentionally.)

LEFLORE COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2013

The discussion and analysis of Leflore County's financial performance provides an overall narrative review of the County's financial activities for the year ended September 30, 2013. The intent of this discussion and analysis is to look at the County's performance as a whole; readers should also review the notes to the basic financial statements and the financial statements to enhance their understanding of the County's financial performance. Information contained in this section is supplemented by the more detailed information contained elsewhere in this County's financial statements, notes to financial statements and any accompanying materials. To the extent this discussion contains any forward-looking statements of the County's plans, objectives, expectations and prospects, the actual results could differ materially from those discussed herein.

FINANCIAL HIGHLIGHTS

- Total net position decreased \$1,091,530, including a prior period adjustment of \$ 394,398, which represents a 2.12% decrease from fiscal year 2012. This was due primarily because of an increase in general government, public safety and public works expenditures.
- General revenues account for \$14,716,121 in revenue, or 72% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$5,280,814 or 28% of total revenues.
- The County had \$21,482,863 in total expenses; only \$5,280,814 of these expenses was offset by program specific charges for services, grants and contributions. General revenues of \$14,716,121 were adequate to provide for all but \$1,091,530 of the remainder of these programs.
- Among major funds, the General Fund had \$12,421,857 in revenues and \$13,563,249 in expenditures. The General Fund's fund balance decreased \$863,814 over the prior year.
- Among major funds, the HUD Section 108 Loan Fund had \$221,704 in revenues and \$477,600 in expenditures. The HUD Section 108 Loan Fund's fund balance decreased by \$255,896 over the prior year.
- Among major funds, the 2012 Construction Fund had \$37,589 in revenues and \$2,351,949 in expenditures. The 2012 Construction Fund's fund balance decreased \$2,314,360.
- Capital assets, net of accumulated depreciation, increased by \$2,260,748 primarily due to increased construction in progress, mobile equipment and leased property under capital leases.
- Long-term debt increased by \$1,902,814 due primarily to the issuance of capital leases and other loans.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. These statements are prepared using the accrual basis of accounting and include all assets and liabilities.

The statement of net position presents information on all the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal years.

Both of these government-wide financial statements outline functions of the County that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the County include general government, public safety, public works, health and welfare, culture and recreation, conservation of natural resources, economic development and assistance, and interest on long-term debt.

The County has the following discretely presented component unit.

Greenwood Leflore Hospital

This discretely presented component unit is reported in a separate column in the combined financial statements to emphasize that it is legally separate from the primary government.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County used fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's current financing requirements. Governmental Funds are reported using modified accrual accounting. This method of accounting measures cash and other assets that can be easily converted to cash. The Governmental Funds Statements provide a detailed short-term view of the County's operations.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's current financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains individual government funds in accordance with the *Mississippi County Financial Accounting Manual*. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for all major funds. All other non-major funds are combined together and presented in these reports as other governmental fund.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accrual basis of accounting is used for fiduciary funds. The County is responsible for ensuring that the assets reported in these funds are used for their intended purpose. The County's fiduciary balances are presented in a separate Statement of Fiduciary Assets and Liabilities.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's budget process.

The County adopts an annual operating budget for all governmental funds. A budgetary comparison statement has been provided for the General Fund and each additional major fund.

Additionally, a schedule of expenditures of federal awards is required by OMB Circular A-133 and is included in this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position. Net position may serve over time as a useful indicator of government's financial position. In the case of the County, assets exceeded liabilities by \$50,461,059 as of September 30, 2013.

By far the largest portion of the County's net position (95%) reflects its investment in capital assets (e.g., land, buildings, improvements other than buildings, mobile equipment, furniture and equipment, leased property under capital leases, infrastructure assets, and construction in progress), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to the county; consequently these assets are not available for future spending.

The County's financial position is a product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

The following table presents a comparative summary of the County's net position for the fiscal year ended September 30, 2013.

		2012	2013
Current and other assets	\$	27,795,953	30,122,051
Capital assets, net		59,008,321	61,269,069
Total assets		86,804,274	91,391,120
Current liabilities		15,034,574	16,617,351
Long-term debt outstanding		20,217,111	24,312,710
Total liabilities		35,251,685	40,930,061
Net position:			
Net investment in capital assets	\$	48,745,837	47,746,955
Restricted		10,840,710	7,214,724
Unrestricted		<u>(8,033,958)</u>	<u>(4,500,620)</u>
Total net position		51,552,589	50,461,059

The following are significant current year transactions that have had an impact on the Statement of Net position.

- The increase in current assets was due mainly to property tax receivable increases in the General Fund and the other governmental funds.
- The Board of Supervisors issued \$2,195,744 in capital leases and \$2,477,816 in other loans.

Changes in net position. The County's total revenues for the fiscal year ended September 30, 2013 were \$19,996,935. The total cost of all programs and services was \$21,482,863. The decrease in net position was \$1,091,530 including a prior period adjustment of \$394,398. The following table presents a comparative summary of the changes in net position for the fiscal year ended September 30, 2013.

	<u>2012</u>	<u>2013</u>
Revenues:		
Program revenues		
Charges for services	\$ 2,569,225	\$ 2,646,814
Operating grants & contributions	4,429,978	1,871,091
Capital grants & contributions	544,569	762,909
General revenues		
Property taxes	12,900,534	13,599,331
Road and bridge privilege taxes	277,512	299,484
Grants & contributions not restricted	756,307	491,062
Unrestricted interest income	76,281	120,879
Miscellaneous	659,859	205,365
Total revenues	<u>22,214,265</u>	<u>19,996,935</u>
Expenses:		
General Government	4,572,856	6,042,859
Public Safety	7,240,229	6,825,004
Public Works	4,680,386	5,519,475
Health and Welfare	698,451	702,866
Culture and Recreation	706,450	803,234
Conservation of Natural Resources	129,172	292,351
Economic Development & Assistance	2,712,878	433,697
Interest on long-term liabilities	761,104	863,377
Total expenses	<u>21,501,526</u>	<u>21,482,863</u>
Prior Period Adjustment		394,398
Increase/(Decrease) in net assets	\$ 712,739	\$ (1,091,530)

Governmental activities. The following table presents the cost of eight major county functional activities: general government, public safety, public works, health and welfare, culture and recreation, conservation of natural resources, economic development and assistance and interest on long-term debt. The comparative table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the County's taxpayers by each of these functions.

	<u>2012</u>	<u>2012</u>	<u>2013</u>	<u>2013</u>
	Total	Net	Total	Net
	Expenses	(Expense) Revenue	Expenses	(Expense) Revenue
General Government	\$ 4,572,856	\$ (2,621,480)	\$ 6,042,859	\$ (5,246,540)
Public Safety	7,240,229	(5,015,287)	6,825,004	(4,663,192)
Public Works	4,680,386	(1,941,417)	5,519,475	(3,424,485)
Health & Welfare	698,451	(470,381)	702,866	(533,597)
Culture & Recreation	706,450	(476,467)	803,234	(803,234)
Conservation of Natural Resources	129,172	(129,172)	292,351	(292,351)
Economic Development & Assistance	2,712,878	(2,542,446)	433,697	(375,273)
Interest on long-term liabilities	761,104	(761,104)	863,377	(863,377)
Total Expenses	\$ 21,501,526	\$ (13,957,754)	\$ 21,482,863	\$ (16,202,049)

Net cost of governmental activities of \$16,202,049, was financed by general revenue, which is made up of property taxes of \$13,599,331, road and bridge privilege of \$299,484, grants and contributions not restricted to specific programs of \$491,062, interest earning of \$120,879, miscellaneous revenues of \$205,365. Beginning of year net position were used to cover remaining costs.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the county uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the county's governmental funds is to provide information on current inflows, outflows and balances of spendable resources. Such information is useful in assessing the county's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the county's net resources available for spending at the end of the fiscal year.

The financial performance of the county as a whole is reflected in its governmental funds. As the county completed the year, its governmental funds reported a combined fund balance of \$11,290,246. The amount of \$3,120,697 or 28% of the fund balance constitutes unassigned fund balance, which is available to be expended by the county. The remaining fund balance of \$8,169,549 or 72% is nonspendable or restricted to indicate that it is not available for spending because it has already been committed for loans receivable, debt service, and unemployment compensation.

The General Fund is the principal operating fund of the county. The decrease in fund balance in the General Fund for the fiscal year was \$863,814. The fund balance of the HUD Section 108 Loan fund decreased by \$255,896. The fund balance of Other Governmental Funds showed a decrease of \$464,697. The fund balance of the 2012 Construction fund decreased by \$2,314,360.

BUDGETARY HIGHLIGHTS

Over the course of the year, the county revised the annual operating budget. This was due to new grants and unanticipated expenses.

A schedule showing the original and final budget amounts compared to the county's actual financial activity for the General Fund and other major funds is provided in this report as required supplementary information.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. As of September 30, 2013, the county's total capital assets were \$143,700,525, including land, construction in progress, buildings, improvements other than buildings, infrastructure, mobile equipment, leased property under capital leases, and furniture and equipment. This amount represents an increase of \$3,121,130 from the previous year. The majority of this increase is due to the purchase of mobile equipment, furniture and equipment and improvements other than buildings, along with a substantial increase in construction in progress.

Total accumulated depreciation as of September 30, 2013 was \$82,431,456 and total depreciation expense for the year was \$1,808,668.

The balance in total net capital assets was \$61,269,069 at year end.

Additional information of the county's capital assets can be found in Note 7 of this report.

Debt Administration. At September 30, 2013, the county had \$24,312,710 in general obligation bonds and all other long-term obligations outstanding, of which \$2,379,297 is due within one year.

The county maintains an A3 bond rating.

Additional information of the county's long-term debt can be found in Note 10 of this report.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

If you have any questions about this report, contact the Chancery Clerk's Office of Leflore County, P. O. Box 250, Greenwood, MS 38935-0250.

LEFLORE COUNTY

Exhibit 4-1

Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2013

	<u>Amount</u>
Net Changes in Fund Balances - Governmental Funds	\$ (3,898,767)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Thus, the change in net position differs from the change in fund balances by the amount that capital outlays of \$5,356,488 exceeded depreciation of \$1,808,668 in the current period.	3,547,820
In the Statement of Activities, only gains and losses from the sale of capital assets are reported, whereas in the Governmental Funds, proceeds from the sale of capital assets increase financial resources. Thus, the change in net position differs from the change in fund balances by the amount of the net loss of \$634,040 and the proceeds from the sale of \$653,032 in the current period	(1,287,072)
Fine revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.	(19,689)
Solid waste revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.	(21,269)
Debt proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount that debt proceeds of \$4,673,560 exceeded debt repayments of \$2,738,166.	(1,935,394)
Under the modified accrual basis of accounting used in the Governmental Funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. Thus, the change in net position differs from the change in fund balances by a combination of the following items:	
Decrease in compensated absences	35,420
Increase in accrued interest payable	(14,922)
Refunding of bond deferred charges	(3,830)
Discount on refunding bond	(40)
Premium on refunding bond	1,030
In the Statement of Activities, only interest income from payments received on capital leases are reported, whereas in the governmental funds, both principal and interest payments received increase financial resources. Thus, the change in net position differs from change in fund balances by the principal collections on the capital leases.	(367,031)
The revenue from the principal portion of the new capital lease receivable is deferred under the modified accrual basis of accounting, but is recognized under the full accrual basis of accounting.	<u>2,477,816</u>

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

(1) Summary of Significant Accounting Policies

A. Financial Reporting Entity

Leflore County is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. Accounting principles generally accepted in the United States of America require Leflore County to present these financial statements on the primary government and its component units which have significant operational or financial relationships with the County.

State law pertaining to County government provides for the independent election of County officials. The following elected and appointed officials are all part of the County legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor
- Tax Collector
- Sheriff

B. Individual Component Unit Disclosures

Discretely Presented Component Unit

The component unit column in the financial statements includes the financial data of the following component unit of the County. It is reported in a separate column to emphasize that it is legally separate from the County. A majority of the members of the governing body of this component unit are appointed by the County Board of Supervisors.

The Greenwood Leflore Hospital is a 248 bed acute care hospital and related psychiatric, rehabilitation and outpatient care facilities and physician clinics principally located in Greenwood, Mississippi.

The discretely presented component unit is audited by an independent auditor, and its financial statements are issued under separate cover. The audited financial statements are available from Greenwood Leflore Hospital.

C. Basis of Presentation.

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, fund financial statements and accompanying note disclosures which provide a detailed level of financial information. Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements.

LEFLORE COUNTY

Notes to Financial Statements For the Year Ended September 30, 2013

Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange revenues. The primary government is reported separately from its legally separate component unit for which the primary government is financially accountable.

The Statement of Net Position presents the financial condition of the governmental activities of the County at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements:

Fund financial statements of the County are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenditures. Funds are organized into governmental and fiduciary. Major individual Governmental Funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

D. Measurement Focus and Basis of Accounting.

The Government-wide and Fiduciary Funds (excluding agency funds) financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the County. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied. Agency funds have no measurement focus, but use the accrual basis of accounting.

Governmental financial statements are presented using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate 2013 liabilities existing at the end of the year. Available means collected in the current period or within 60 days after year end to liquidate 2013 liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the accounting period when the related fund liabilities are incurred. Debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

The County reports the following major Governmental Funds:

General Fund - This fund is used to account for all activities of the general government for which a separate fund has not been established.

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

HUD Section 108 Loan Fund - This fund is used to account for the note receivable from Enterprise Corporation of the Delta (ECD) for HUD Section 108 Loan granted to Mid-Delta Community and Individual Investment Corporation (MDCIIC) for loans to small businesses. MDCIIC was subsequently acquired by ECD.

2012 Construction Fund - This fund is used to account for the construction activities from bond revenue raised in 2012.

Additionally, the County reports the following fund types:

GOVERNMENTAL FUND TYPES

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. Special Revenue Funds account for, among others, certain federal grant programs, taxes levied with statutorily defined distributions and other resources restricted as to purpose.

Debt Service Funds - These funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

FIDUCIARY FUND TYPE

Agency Funds - These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

E. Account Classifications.

The account classifications used in the financial statements conform to the broad classifications recommended in Governmental Accounting, Auditing and Financial Reporting as issued in 2005 by the Government Finance Officers Association.

F. Deposits and Investments.

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any County, municipality or school district of this state. Further, the County may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, all certificates of deposit and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value. However, the County did not invest in any governmental securities during the fiscal year.

G. Receivables.

Receivables are reported net of allowances for uncollectible accounts, where applicable.

H. Interfund Transactions and Balances.

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

referred to as "due to/from other funds." Noncurrent portions of interfund receivables and payables are reported as "advances to/from other funds." Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance reserve account in applicable Governmental Funds to indicate that they are not available for appropriation and are not expendable available financial resources. Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

I. Prepaid Items.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

J. Capital Assets.

Capital acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extent to which capital assets, other than infrastructure, costs have been estimated and the methods of estimation are not readily available. Donated capital assets are recorded at estimated fair market value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements. Depreciation is calculated on the straight-line basis for all assets, except land. A full year's depreciation expense is taken for all purchases and sales of capital assets during the year. The following schedule details those thresholds and estimated useful lives:

		Capitalization Thresholds	Estimated Useful Life
Land	\$	-	N/A
Infrastructure		-	20-50 years
Buildings		50,000	40 years
Improvement other than buildings		25,000	20 years
Mobile equipment		5,000	5-10 years
Furniture and equipment		5,000	3-7 years
Leased property under capital leases		*	*

* Leased property capitalization policy and estimated useful life will correspond with the amounts for the asset classification, as listed above.

K. Long-term Liabilities.

Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

liabilities from debt issuances, but may also include liabilities on lease-purchase agreements and other commitments.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

In the fund financial statements, Governmental Fund Types recognize bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Equity Classifications.

Government-wide Financial Statements:

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets.

Restricted net position - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position not meeting the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Government fund balance is classified as nonspendable, restricted, committed, assigned or unassigned. The following are descriptions of fund classifications used by the County:

Nonspendable fund balance includes amounts that cannot be spent. This includes amounts that are either not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds from the collection of those receivables or from the sale of those properties are restricted, committed or assigned) or amounts that are legally or contractually required to be maintained intact, such as a principal balance of a permanent fund.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Restricted fund balance includes amounts that have constraints placed upon the use of the

LEFLORE COUNTY

Notes to Financial Statements For the Year Ended September 30, 2013

resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

M. Property Tax Revenues.

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110 percent of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase.

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectibility criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

N. Intergovernmental Revenues in Governmental Funds.

Intergovernmental revenues, consisting of grants, entitlements and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the "available" criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

O. Compensated Absences.

The County has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements. In fund financial statements, Governmental Funds report the compensated absence liability payable only if the payable has matured, for example an employee resigns or retires.

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

(2) Prior Period Adjustments.

A summary of significant fund equity adjustments is as follows:

Exhibit 2 - Statement of Activities.

Explanation	Amount
To correct error in accounts receivable	\$ 301,998
To correct error in fines receivable	139,488
To correct error in capital lease interest receivable	(47,088)
Total prior period adjustments	\$ 394,398

(3) Deposits and Investments.

Primary Government:

Deposits:

The carrying amount of the County's total deposits with financial institutions at September 30, 2013, was \$8,323,849, and the bank balance was \$8,396,698. In addition, the County's agency funds had total deposits with financial institutions at September 30, 2013 of \$42,446. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of the failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the County. Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

**Discretely Presented Component Unit:
Greenwood Leflore Hospital**

Custodial credit risk is the risk that, in the event of a bank failure, the hospital's deposits might not be recovered. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27 105-5, Miss. Code Ann. (1972). Under this program, the hospital's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). All deposits with financial

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

institutions must be collateralized in an amount equal to 105 percent of uninsured deposits and are therefore fully insured. The collateralized and insured bank balance was \$37,695,017 at September 30, 2013.

Investments:

**Discretely Presented Component Unit:
Greenwood Leflore Hospital**

The statutes of the State of Mississippi restrict authorized investments of the hospital to obligations of the U.S. Treasury, agencies and instrumentalities of the United States and certain other types of investments. The hospital does not have a formal investment policy that further limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates.

The hospital's investments generally are reported at fair value. At September 30, 2013, the hospital had the following investments and maturities all of which were held in the hospital's name by a custodial bank that is an agent of the hospital:

Investments balances at September 30, 2013, are as follows:

Investment Type	Maturities	Fair Value
Certificates of deposits	1 - 5 years	\$ 4,990,344
Total		\$ 4,990,344

Deposits and investments are presented on the balance sheet as of September 30, 2013 as follows:

Cash and cash equivalents	\$ 37,463,836
Investment	4,990,344
Total	\$ 42,454,180
Cash and cash equivalents	\$ 20,973,927
Assets limited as to use	1,480,253
Internally designated for capital improvements	20,000,000
	\$ 42,454,180

(4) Interfund Transactions and Balances.

The following is a summary of interfund balances at September 30, 2013:

A. Due From/to Other Funds:

Receivable Fund	Payable Fund	Amount
General Fund	Other Governmental Funds	\$ 125,955
Other Governmental Funds	Other Governmental Funds	971
Total		\$ 126,926

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

The amount payable from Other Governmental Funds represents expenditures for state or federal grants, which will be repaid when funds have been reimbursed by the granting agency. All interfund balances are expected to be repaid within one year from the date of the financial statements.

B. Advances from/to Other Funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Other Governmental Funds	\$ 21,284
General Fund	Agency Funds	3,000
Total		<u>\$ 24,284</u>

The amount payable from Other Governmental Funds represents expenditures for state and federal grants, which will be repaid when funds have been reimbursed by the granting agency. The amount payable from Agency Funds represents interest not transferred to General Fund.

C. Transfers In/Out:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Other Governmental Funds	\$ 436,914
Other Governmental Funds	General Fund	\$ 522,024
Other Governmental Funds	Other Governmental Funds	1,266,882
Total		<u>\$ 2,225,820</u>

The principal purpose of interfund transfers was to provide funds for grant matches, capital outlay, debt service, or to provide funds as budgeted for operations. Interfund transfers are also used to repay expenditures made from the General Fund for specific operating purposes. All interfund transfers were routine and consistent with the activities of the fund making the transfer.

(5) Intergovernmental Receivables

Intergovernmental receivables at September 30, 2013, consisted of the following:

<u>Description</u>	<u>Amount</u>
Governmental Activities:	
Legislative Tag Credit	\$ 116,286
Reimbursement for Housing Prisoners	159,226
Motor Vehicle Fuel Tax	31,645
Motor Vehicle Licenses	15,706
Public Safety Grant	132,143
Public Works Grant	25,602
Reimbursement for State Aid Road	36,957
Other	94,229
Total Governmental Activities	<u>\$ 611,794</u>

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

(6) Loans Receivable.

Loans receivable balances at September 30, 2013, are as follows:

Description	Date of Loan	Interest Rate	Maturity Date	Balance
Enterprise Corporation of the Delta (ECD) Section 108 Loan	8/11/2003	4.60/5.20%	08/2023	\$ 3,750,000
Total				<u>\$ 3,750,000</u>

In accordance with legal agreements entered into by the County, Mid-Delta Community and Individual Investment Corporation (MDCIIC), the U.S. Department of Housing and Urban Development (HUD), Enterprise Corporation of the Delta (ECD, the guarantor) and the Mississippi Development Authority (MDA), MDCIIC may make loans to small businesses in the Mid-Delta, when approved by the Mississippi Development Authority. ECD has acquired the common stock of MDCIIC and is responsible for making loans to small businesses in the Mid-Delta Region of Mississippi. ECD is obligated to repay Leflore County for the HUD loan of \$3,750,000 (plus interest), equal to \$250,000 principal per year, which matures August 2023. ECD has assumed the liability of MDCIIC and is responsible for the payment of the principal and interest on the HUD Section 108 loan that Leflore County entered into. This loan is guaranteed by the pledged assets of ECD and further guaranteed in case of default by ECD by future Community Development Block Grant Funds to be received by the State of Mississippi.

(7) Capital Assets.

The following is a summary of capital assets activity for the year ended September 30, 2013:

**Primary Government:
Governmental activities:**

	Oct. 1, 2012	Additions	Deletions	Sept. 30, 2013

The hospital had approximately \$1,065,000 in construction commitments outstanding as of September 30, 2013. Interest capitalized and included in construction in progress for the year ended September 30, 2013 totaled \$89,913.

(8) Claims and Judgments.

Risk Financing.

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is \$1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability. However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation, effective from January 1, 2013, to January 1, 2014. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures.

(9) Capital Leases.

As Lessor:

The County leases the following property with varying terms and options as of September 30, 2013:

<u>Class of Property</u>	<u>Amount</u>
Buildings	<u>\$ 2,477,816</u>
Total	<u><u>\$ 2,477,816</u></u>

The future minimum lease receivables and the present value of the net minimum lease receivables as of September 30, 2013, are as follows:

<u>Year ended September 30,</u>	<u>Principal</u>	<u>Interest</u>
2014	\$ 221,869	\$ 65,243
2015	209,303	53,883
2016	215,132	48,054
2017	221,122	42,064

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

* The principal and interest amounts for the MDA loans are based on the original amortization schedules and any immaterial differences are reflected in the final years' payments for each loan.

Legal Debt Margin - The amount of debt, excluding specific exempted debt that can be incurred by the County is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the then last completed assessment for taxation. However, the limitation is increased to 20% whenever a County issues bonds to repair or replace washed out or collapsed bridges on the public roads of the County. As of September 30, 2013, the amount of outstanding debt was equal to 6.26% of the latest property assessments.

The following is a summary of changes in long-term liabilities and obligations for the year ended September 30, 2013:

Governmental Activities:	Balance Oct. 1, 2012	Additions	Reductions	Balance Sept. 30, 2013	Amount due Within one year
Compensated absences	\$ 498,739		35,420	463,319	48,610

December 22, 2010, the Hospital entered into an Equipment Lease-Purchase Agreement by issuing a bond in the amount of \$10,100,000 maturing December 22, 2017. The proceeds are held in escrow in a public money market account to be used to purchase equipment in accordance with the Equipment Lease-Purchase Agreement. The balance as of September 30, 2013 was \$2,736,766.

(11) Deficit Fund Balances of Individual Funds

No funds reported deficits in fund balances at September 30, 2013.

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

(12) Contingencies

Federal Grants - The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes.

Any disallowance resulting from a grantor audit may become a liability of the County. No provision for any liability that may result has been recognized in the County's financial statements.

Litigation - The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

(13) Related Organizations.

The Leflore County Board of Supervisors is responsible for appointing a voting majority of the members of the boards of the following organizations, but the County's accountability for these organizations does not extend beyond making appointments and in making small appropriations, if any, to these organizations:

East Leflore Water & Sewer District Minter City Water & Sewer District Blue Lake Water & Sewer District Philipston Water District

Teoc Drainage District

Big Sand Drainage District

Abiaca Drainage District

Fighting Bayou Drainage District Pecan Bayou Drainage District Abotapoota Drainage District Leflore County Drainage District

New Jones Walton Drainage District

Cude Drainage District

Rucker Ellsberry Drainage District

Lake Henry Drainage District

(14) Joint Ventures.

The County participates in the following joint ventures:

Leflore County is a participant with the City of Greenwood in a joint venture, authorized by Section 61 -3-5, Miss. Code Ann. (1972), to operate the Greenwood-Leflore County Airport. The joint venture was created to provide airport services and is governed by a five-member board of commissioners with two appointed by the Leflore County Board of Supervisors, two appointed by the City of Greenwood and one jointly appointed. By contractual agreement, the County's appropriation from the General Fund this year to the joint venture amounted to \$125,206. Complete financial statements for the Greenwood-Leflore Airport can be obtained from the Greenwood-Leflore County Airport, P.O. Box 378, Greenwood, MS 38930.

Leflore County entered into an interlocal agreement with Claiborne, Grenada, Holmes and Humphreys Counties and the Cities of Itta Bena, Greenwood and Grenada to provide a multi-jurisdictional drug

LEFLORE COUNTY

Notes to Financial Statements For the Year Ended September 30, 2013

enforcement task force known as North Central Narcotics Task Force. Most of the funding is provided by a federal grant, with the local entities contributing a minimum of 25 percent. Leflore County contributed \$26,728 to the task force. The accounting for the project is performed by Leflore County. All of the project's transactions are reflected in the financial statements of Leflore County.

Leflore County is a participant with the City of Greenwood in a joint venture, authorized by Section 39 -3-8, Miss. Code Ann. (1972), to operate the Greenwood-Leflore Public Library. The joint venture was created to provide library services to the public and is governed by a five-member board of which two members are appointed by Leflore County and three members are appointed by the City of Greenwood. The County's appropriation from the General Fund this year to the joint venture amounted to \$171,935. Complete financial statements for the Greenwood-Leflore Public Library can be obtained from the following address: 405 West Washington, Greenwood, MS 38930.

(15) Jointly Governed Organizations.

The County participates in the following jointly governed organizations:

Region Six Mental Health/Mental Retardation Center Life Help operates in a district composed of the Counties of Attala, Carroll, Grenada, Holmes, Humphreys, Leflore, Montgomery and Sunflower. The Leflore County Board of Supervisors appoints one of the eight members of the board of commissioners. Leflore County contributed \$121,500 for the support of the center in fiscal year 2013.

Yazoo-Mississippi Delta Water Management District operates in a district composed of the Counties of Bolivar, Carroll, Coahoma, DeSoto, Holmes, Humphreys, Issaquena, Leflore, Panola, Quitman, Sharkey, Sunflower, Tallahatchie, Tate, Tunica, Washington and Yazoo. The Leflore County Board of Supervisors appoints two of the 21 members of the district board of commissioners. The County levied a .61 mill tax resulting in \$109,034 for the maintenance and support of the district in fiscal year 2013.

North Central Planning and Development District operates in a district composed of the Counties of Attala, Carroll, Grenada, Holmes, Leflore, Montgomery and Yalobusha. The Leflore County Board of Supervisors appoints four of the 28 members of the district board of directors. Leflore County contributed \$33,212 for the support of the district in fiscal year 2013.

Mississippi Delta Community College operates in a district composed of the Counties of Bolivar, Coahoma, Humphreys, Issaquena, Leflore, Sharkey, Sunflower and Washington. The Leflore County Board of Supervisors appoints two of the 20 members of the college board of trustees. The County appropriated \$543,738 for maintenance and support of the college in fiscal year 2013.

Greenwood-Leflore Industrial Board members are appointed by the Greenwood-Leflore-Carroll Economic Foundation whose membership is open to the public. Leflore County and the City of Greenwood fund the industrial board equally. The County contributed \$111,760 in support of the industrial board in fiscal year 2013.

(16) Defined Benefit Pension Plan.

Plan Description. Leflore County, Mississippi, contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Benefit provisions are established by state law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

LEFLORE COUNTY

Notes to Financial Statements
For the Year Ended September 30, 2013

Funding Policy. At September 30, 2013, PERS members were required to contribute 9% of their annual covered salary, and the County is required to contribute at an actuarially determined rate. The rate at September 30, 2013 was 15.75% of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2013, 2012 and 2011 were \$800,598, \$810,696, and \$704,910, respectively, equal to the required contributions for each year.

(17) Subsequent Events

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of Leflore County evaluated the activity of the County through July 10, 2015, the date the financial statements were available to be issued, and determined that the following subsequent events have occurred requiring disclosure in the notes to the financial statements:

Subsequent to September 30, 2013, the County issued the following debt obligations:

Issue Date	Interest Rate	Issue Amount	Type of Financing	Source of Financing
10/07/2013	2.00%	825,000	Other Loan	Capital Lease
01/18/2014	1.94%	172,933	Capital Lease	Ad valorem taxes
02/26/2015	3.00%	5,000,000	General Obligation Bonds	Ad valorem taxes
03/23/2015	2.03%	395,511	Capital Lease	Ad valorem taxes

LEFLORE COUNTY

(This page left blank intentionally.)

LEFLORE COUNTY

Notes to the Required Supplementary Information
For the Year Ended September 30, 2013

A. Budgetary Information.

Statutory requirements dictate how and when the county's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the county, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff, the Tax Assessor and the Tax Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, it may make revisions to the budget.

The county's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

B. Basis of Presentation.

The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP Basis) and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund. The Budgetary Comparison Schedule - Budget and Actual (Non- GAAP Basis) is a part of required supplemental information.

C. Budget/GAAP Reconciliation.

The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The following Schedule reconciles the budgetary basis schedule to the GAAP basis financial statements for the General Fund and each major Special Revenue Fund.

	<u>Governmental Fund Types</u>		
	<u>General Fund</u>	<u>2012 Construction Fund</u>	<u>HUD Section 108 General Fund</u>
Budget (Cash Basis)	(342,463)	(1,933,275)	(5,896)
Increase (Decrease)			
Net adjustments for revenue accruals	447,583		(250,000)
Net adjustments for expenditure accruals	(968,934)	(381,085)	
GAAP Basis	<u>(863,814)</u>	<u>(2,314,360)</u>	<u>(255,896)</u>

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Supervisors
Leflore County, Mississippi

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Leflore County, Mississippi, as of and for the year ended September 30, 2013, which collectively comprise the county's basic financial statements and have issued our report thereon dated July 10, 2015. Our report includes a reference to another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Another auditor audited the financial statements of the Greenwood Leflore Hospital, as described in our report on Leflore County, Mississippi's financial statements. This report does not include the results of the other auditor's testing of internal control and on compliance and other matters that are reported separately by the other auditor.

Internal Control Over Financial Reporting

Management of the county is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Leflore County, Mississippi's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the county's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the county's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Leflore County, Mississippi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Supervisors, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Members of the Board of Supervisors
Leflore County, Mississippi

Report on Compliance for Each Major Federal Program

We have audited the compliance of Leflore County, Mississippi with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2013. Leflore County, Mississippi's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Leflore County, Mississippi's major federal program(s) based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Leflore County, Mississippi's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Leflore County, Mississippi's compliance.

Opinion on Each Major Federal Program

In our opinion, Leflore County, Mississippi, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2013.

Report on Internal Control Over Compliance

Management of Leflore County, Mississippi, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Leflore County, Mississippi's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of

expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT ON CENTRAL PURCHASING SYSTEM,
INVENTORY CONTROL SYSTEM AND PURCHASE CLERK SCHEDULES
(REQUIRED BY SECTION 31-7-115, MISS. CODE ANN. (1972))

Members of the Board of Supervisors
Leflore County, Mississippi

We have examined Leflore County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Sections 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2013. The Board of Supervisors of Leflore County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures as considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Leflore County, Mississippi, has established centralized purchasing for all funds of the county and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with state law.

Because of inherent limitations in any central purchasing system and inventory control system, errors or irregularities may occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

In our opinion, Leflore County, Mississippi, complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2013.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchases and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination of the purchasing system and, in our opinion, is fairly presented when considered in relation to that examination.

This report is intended for use in evaluating the central purchasing system and inventory control system of Leflore County, Mississippi, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

LIMITED INTERNAL CONTROL AND COMPLIANCE REVIEW MANAGEMENT REPORT

Members of the Board of Supervisors
Leflore County, Mississippi

In planning and performing our audit of the financial statements of Leflore County, Mississippi for the year ended September 30, 2013, we considered Leflore County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Leflore County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the county's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated July 10, 2015, on the financial statements of Leflore County, Mississippi.

Although no findings came to our attention as a result of these review procedures and compliance tests, there procedures and tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

This report is intended solely for the information and use of management, the Board of Supervisors, and others within the entity and is not intended to be and should not be used by anyone other than these parties. However, this report is a matter of public record and its distribution is not limited.
