#### B. Fund accounting

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity.

#### C. Basis of Accounting

Consequently, certain revenues are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

#### (2) Report Classification

#### (3) Collateral for deposits

The collateral for public entities' deposits in financial institutions is now held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 Miss. Code Ann (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution should be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

#### (4) Encumbrance Accounting

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to serve that portion of the applicable appropriation, is not used by the Town of Osyka.

#### (5) Compensated Absences

The Town of Osyka, Mississippi does not compensate employees for unused vacation or sick leave.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

Accordingly, we do not express such an opinion.

This report is intended for the information and use of management and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
