**TOWN OF ECRU, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENT**

**Note 1: Summary of Significant Accounting Policies**

**Reporting Entity**

The financial statement of the Town consists of all the funds of the Town.

The Citizens of Ecrú have elected to operate under a Code Charter as permitted by Mississippi Statute 21-3-3, which prescribes a Mayor and Board of Aldermen form of government.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in accounting principles generally accepted in the United States of America. The basic - but not only - criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financial relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no includable or excludable potential component units.

**Fund Accounting**

The accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statement in this report, into two generic fund types and two broad fund categories as follows:

**Governmental Funds:**

**General Fund** - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

**TOWN OF ECRU, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENT**

**Note 1: Summary of Significant Accounting Policies (Continued):**

**Proprietary Funds:**

**Enterprise Funds** - Enterprise Funds are the Business-type Activities and are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through use charges; or (b) where the governing body had decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Business-type Activity is the Water/Sewer Fund.

**Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Town uses the cash basis of accounting as prescribed by the Mississippi Office of the State Auditor.

In the fund financial statements, governmental and business-type activities are presented using a cash basis of accounting. This basis recognizes assets, liabilities, net-assets/fund equity, revenues and expenditures/expenses when they result from cash transactions. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

If the Town utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Under the modified accrual basis revenues are recognized when measurable and available. Measurable means, being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

Under the accrual basis revenues are recognized when earned. Expenses (including depreciation and amortization) are recorded when the liability is incurred or the economic asset is used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

**Note 3: Result of Investigation**

The effects of subsequent events that provide evidence about conditions that existed at the Statement of Cash Receipts and Disbursements date are recognized in the accompanying financial statement. Subsequent events which provide evidence about conditions that existed after the Statement of Cash Receipts and Disbursements date require disclosure in the accompanying notes. Management of the Town of Ecrú evaluated the activity of the municipality through July 12, 2019, (the date the financial statement was available to be issued), and determined no subsequent events had occurred that would require disclosure in the notes to financial statement.

**REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS**

The Honorable Mayor and Board of Alderman  
 Town of Ecu, Mississippi

We have compiled the accompanying Statement of Cash Receipts and Disbursements – Governmental and Business-type Activities, Schedule of Long-Term Debt and Schedule of Surety Bonds for Municipal Officials of the Town of Ecu, Mississippi, for the year ended September 30, 2018, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statement has been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America.

We have performed procedures to test compliance with certain state laws and regulations as described in the Municipal Compliance Questionnaire that is prescribed by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the town’s compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures and our compilation of the accompanying Statement of Cash Receipts and Disbursements–Governmental and Business-type Activities, Schedule of Long-Term Debt and Schedule of Surety Bonds for Municipal Officials of the Town of Ecu, Mississippi, for the year ended September 30, 2018, disclosed the following instances of noncompliance with state laws and regulations.

1. The Town is not in compliance with Section 21-35-25, as the legal publication requirement was not met concerning budgetary changes of 10% or more within a department’s budget.
2. The Town is not in compliance with Section 21-35-25 that requires the budget be amended by its regular July meeting when revenues were less than estimated and a deficit is anticipated.

3. The Town is not in compliance with Section 21-35-25 that requires the municipal clerk submit to the board a monthly report of expenditures against each budget item for the preceding month and fiscal year to date and the unexpended balance of each budget item.
4. The Town is not in compliance with Section 21-17-5 of the Municipal Audit and Accounting Guide which requires fixed assets to be properly accounted for. The Town does not maintain a fixed asset inventory listing, take a fixed asset inventory, nor tag fixed assets.

This report is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES**

The Honorable Mayor and Board of Aldermen  
Town of Ecu, Mississippi

We have performed the procedures enumerated below, which were agreed to by the Office of the State Auditor, to the accounting records of the Town of Ecu, Mississippi, solely to assist the Office of the State Auditor in evaluating the Town of Ecu, Mississippi's compliance with certain laws and regulations as of September 30, 2018, and for the year then ended. This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Office of the State Auditor, State of Mississippi. Consequently, we make no representations regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. Our procedures and findings are as follows:

- 1) We reconciled cash on deposit with the following bank to balances in the respective general ledger accounts and obtained confirmation of the related balances from the bank:

<u>Bank</u>	<u>Fund</u>	<u>Balance Per General Ledger</u>
First Choice Bank	General Fund	\$ 13,606
First Choice Bank	General Fund	11,065
First Choice Bank	General Fund	26,589

Total General Fund		<u>\$ 194,665</u>
First Choice Bank	Water & Sewer Fund	<u>\$ 14,026</u>
Total Water & Sewer Fund		<u>\$ 14,026</u>

2) We performed the following procedures with respect to taxes on real and personal property (including motor vehicles) levied during the fiscal year:

- a. Tax assessments, billings and collections are handled by the Pontotoc County's tax collector's office and remitted monthly to the Town of Ecu. The tax levy and the calculation of the distribution to the individual entities is audited extensively by the auditors of Pontotoc County; therefore, the accountants will not perform a reconciliation of the tax roll to collections and will rely on the work of the audited Pontotoc County tax roll.
- b. Traced distribution of taxes collected to proper funds

The distribution of taxes to funds was found to be in accordance with prescribed tax levies.

Ad valorem tax collections were found to be within the limitations of §27-39-320 to §27-39-323, Miss. Code Ann. (1972).

There were no ad valorem tax collections for the retirement of General Obligation Debt.

3) We obtained a statement of payments made by the Department of Finance and Administration to the municipality. Payments indicated were traced to deposit in the respective bank accounts and recorded in the general ledger without exception. Payments traced were as follows:

Payment Purpose	Receiving Fund	General Amount
Sales Tax Allocation	General Fund	\$ 113,891
Homestead Reimbursement	General Fund	12,124
Fire Protection Allocation	General Fund	5,109

Transfer to Subgrantee	Water/Sewer	357,795
Total		<u>\$ 534,196</u>

- 4) We selected a sample of purchases made by the municipality during the fiscal year. Each sample item was evaluated for proper approval and compliance with purchasing requirements set forth in Title 31, Chapter 7, Miss. Code Ann. (1972), if applicable.

The sample consisted of the following:

- a. Number of Sample Items 60
- b. Total Dollar Value of Sample \$ 80,707

We found the municipality's purchasing procedures to be in agreement with the requirements of the above-mentioned sections.

- 5) We selected a sample of collection of fines and forfeitures and verified that the municipal court clerk had settled daily with the municipal clerk. We also selected a sample of state-imposed court assessments collected and determined that the municipal clerk had settled monthly with the Department of Finance and Administration.

We found the municipality to be in agreement with the requirements of the above mentioned sections except as follows.

The municipal clerk did not settle the state-imposed court assessments for the month of October until December 6, 2017.

- 6) We have read the Municipal Compliance Questionnaire completed by the Town. Some responses to the questionnaire indicated noncompliance with state requirements and other responses to the questionnaire, which did not indicate noncompliance with state requirements, were found to be noncompliant with state requirements. The following are noncompliance with state requirements:

The Town is not in compliance with Section 21-35-25, as the legal publication requirement was not met concerning budgetary changes of 10% or more within a department's budget.

The Town is not in compliance with Section 21-35-25, as the budget was not amended by its regular July meeting when revenues were less than estimated and a deficit is anticipated.

The Town is not in compliance with Section 21-17-5 of the Municipal Audit and Accounting Guide, as the fixed assets are not properly accounted for. The Town does not maintain a fixed asset inventory listing, take a fixed asset inventory, nor tag fixed assets.

- 7) We read the minutes of the meetings of the Board and noted that the Town is not in compliance with Section 21-35-25 that requires the municipal clerk submit to the board a monthly report of expenditures against each budget item for the preceding month and fiscal year to date and the unexpended balance of each budget item.

We were not engaged to and did not perform, an examination, the objective of which would be the expression of an opinion on management's compliance with laws and regulations. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the Office of the State Auditor, State of Mississippi and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
