#### INDEPENDENT ACCOUNTANTS' COMPILATION REPORT

Honorable Mayor and Aldermen Town of Duncan Duncan, Mississippi

We have compiled the accompanying statement of cash receipts and disbursements - governmental and business-type activities of the Town of Duncan, Mississippi, for the year ended September 30, 2015, and the accompanying supplementary information contained in Schedules 1 through 5, which are presented only for supplementary analysis purposes. The financial statements have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with the cash basis of accounting.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Management has not presented government-wide financial statements to display the cash basis financial position and changes in cash basis financial position of its governmental activities and business-type activities. Accounting principles generally accepted in the United States of America, as applied to the Town's cash basis of accounting, require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements resulting from the cash basis transactions for the Town's governmental activities and business-type activities are not reasonably determinable.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The Town of Duncan operates under a Mayor-Board of Aldermen form of government. The Town has an approximate population of 423. The accounting policies of the Town of Duncan conform to the laws of Mississippi for a municipality with revenues or expenditures of less than \$1,000,000. The following is a summary of the more significant policies.

Reporting Entity - This report includes all of the funds and account groups of the Town of Duncan. The Town has developed criteria to determine whether outside agencies or authorities with activities which benefit the citizens of the Town should be included within its financial reporting entity. The criteria include, but are not limited to, whether the Town exercises oversight responsibility on financial inter-dependency, selection of governing authority, and accountability for fiscal matter, scope of public service and special financing relationships. No component unit was identified for inclusion or potential inclusion utilizing the criteria indicated.

Basis of Presentation - Fund Accounting - The accounts of the Town of Duncan are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. Each fund is accounted for by a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures/expenses. The individual funds account for the governmental resources allocated to them for the purpose of carrying on specific activities in accordance with laws, regulations, or other restrictions.

Basis of Accounting - All governmental and proprietary funds are accounted for using the cash receipts and disbursements basis of accounting, as allowed by the Mississippi State Department of Audit. This basis of accounting differs from accounting principles generally accepted in the United States of America in that revenues are recognized when received rather than when measurable and available as net current assets and expenditures are generally recognized when the related fund expense is disbursed rather than when the related fund liability is incurred. Consequently, these financial statements are not intended to present financial position or results of operations in accordance with accounting principles generally accepted in the United States of America. Financial statements issued following accounting principles generally accepted in the United States of America normally contain Government-wide Financial Statements, Fund Financial Statements, Management Discussion and Analysis (MD&A), and other supplemental information.

Receipts and disbursements were classified according to requirements for small towns as permitted by the Office of the State Auditor.

The following funds and groups of accounts are used by the Town:

#### **Governmental Fund Types:**

**General Fund** - This fund is established to account for resources devoted to financing the general services that the Town performs for its citizens, including the servicing of general long-term debt (debt service funds). General tax revenues and other sources of revenue used to finance the fundamental operations of the Town are included in this fund. The fund is charged with all cost of operating the government for which a separate fund has not been established.

**Special Revenue Fund** - The Special Revenue Fund is used to account for revenue sources that are legally restricted to expenditures for specific purposes.

#### **Proprietary Fund Types:**

**Enterprise Funds** - These funds account for operations that are organized to be self-supporting through user charges. Included in this category is the Water and Sewer Fund.

**Budgetary Data** - Formal budgetary accounting is employed as a management control for all funds of the Town. Annual operating budgets are adopted each fiscal year through passage of an annual budget ordinance and amended as required for governmental and proprietary funds. For governmental funds, receipts are budgeted on the cash basis.

Expenditures are budgeted on the modified cash basis of accounting. This is consistent with the applicable laws of Mississippi for municipalities. Budgets for Special Revenue Funds are made on a project basis, spanning more than one fiscal year. Budgetary control is exercised at the departmental level or by projects.

All unencumbered budget appropriations, except special revenue project budgets, lapse at the end of each fiscal year.

Cash - Cash in excess of current requirements is invested in various interest-bearing bank deposits.

**Property Tax Revenues** - Property taxes are levied on January 1 based on the assessed value of property per the County Tax Bills. Assessed values are an approximation of market value.

Property taxes are recognized as revenue when they are received.

**Encumbrances** - The Town of Duncan does not use encumbrance accounting.

**Compensated Absences** - The Town of Duncan, Mississippi does not grant sick leave or vacation pay.

**Interfund Transfers** - The interfund transfers have not been eliminated.

**Restricted Funds** - When an expenditure is incurred that could be paid by either restricted or unrestricted funds, restricted funds are used first.

**Total Columns** - The Combined Statements of Cash Receipts and Disbursements, Governmental and Business-type Activities includes a total column that is described as memorandum only. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Interfund transactions have not been eliminated from the total column of this financial statement.

#### **NOTE 2 - PROPERTY TAXES:**

Property taxes attach as an enforceable lien as of February 1.

The Town used a tax levy in 2015 of 44.13 mills on assessed valuation for taxing property within the incorporated boundaries. The Town utilized the county tax rolls and values in assessing the ad valorem taxes on real and personal property within the Town boundaries. The Town pays a fee to the Bolivar County Tax Collector to collect its ad valorem taxes.

Property for which ad valorem taxes have not been paid is advertised for sale in April of each year. Property not sold at the auction is purchased by the State of Mississippi. Since unpaid ad valorem taxes at year end are usually not collected within the 60 day period following the close of the Town's fiscal year, delinquent property taxes are not recorded as a receivable on the books of the Town.

#### **NOTE 3 - CASH AND OTHER DEPOSITS:**

The collateral for public entities' deposits in financial institutions is now held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

The carrying amount of the Town's deposits with financial institutions was \$81,159 and the bank balance was \$86,692. The bank balance is categorized as follows:

Amount insured or collateralized with securities held by the Town or its agent in the Town's name

\$86,692

Custodial Credit Risk - Deposits. Custodial credit risk is defined as the risk that, in the event of the failure of a financial institution, the Town will not be able to recover deposits or collateral securities that are in the possession of an outside party. The Town does not have a deposit policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the Town. Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the Town. As of September 30, 2015, none of the Town's bank balances of \$86,692 was exposed to custodial credit risk.

#### **NOTE 4 - LONG-TERM DEBT:**

Transactions of the long-term debt group of accounts are shown in Schedule 1. The following schedule reflects the debt service requirements of the revenue debt contained in the schedule of long-term debt for the next five years and thereafter:

Settled claims resulting from these insured risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Participation in Public Entity Risk Pool

The Town is a member of the Mississippi Municipal Workers' Compensation Group (MMWCG). The group is a risk-sharing pool; such a pool is frequently referred to as a self-insurance pool. The pool was formed on March 28, 1989, by the Mississippi Nonprofit Corporation Act, pursuant to Section 71-3-75, Mississippi Code Annotated (1972), to provide

public entities within the State of Mississippi worker's compensation and employers' liability coverage. The Town pays premiums on a quarterly basis for its workers' compensation insurance coverage based on total payroll. The participation agreement provides that the pool will be self-sustaining through member premiums. The risk of total claims exceeding the pool's resources is remote. In the event claims deplete the trust account, pool members would be required to pay for the deficiencies. Settlement amounts have not exceeded for the current year nor the prior three years.

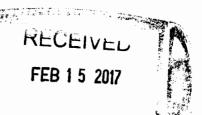

The Town is a member of the Mississippi Municipal Liability Plan, a public entity risk pool. The Mississippi Municipal Liability Plan covers liability against its members. The Plan is funded by member contributions. The Town has not had an additional assessment for excess losses.

#### NOTE 6 - ECONOMIC DEPENDENCY

The Town is a rural community located in the Mississippi Delta. It is dependent on ad valorem taxes and user fees from its residents to remain viable.

#### **NOTE 7 - SUBSEQUENT EVENTS**

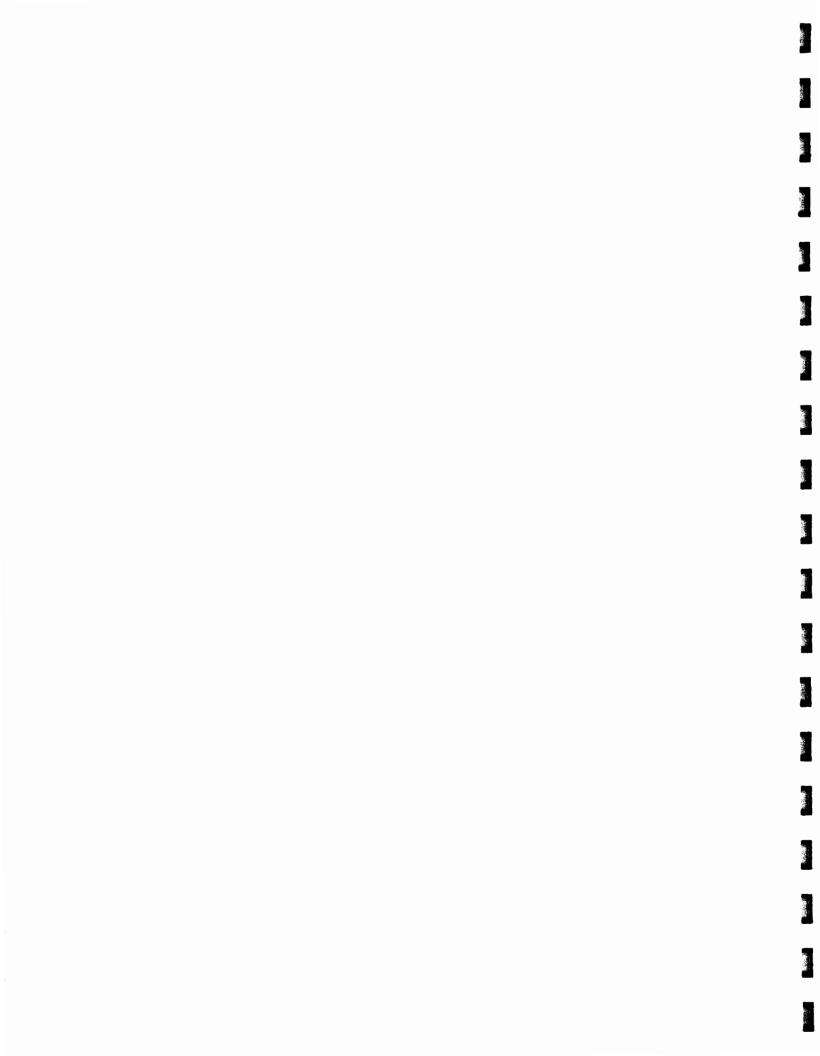

Events that occur after the statement of net assets date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of net assets date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of net assets date require disclosure in the accompanying notes. Management of the Town of Duncan evaluated the activity of the Town through June 15, 2016 and determined that there were no subsequent events requiring disclosure in the financial statements.

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Honorable Mayor and Aldermen Town of Duncan, Mississippi

We have compiled the Statement of Cash Receipts and Disbursements, Governmental and Business-type Activities of the Town of Duncan, Mississippi as of and for the year ended September 30, 2015, and have issued our report thereon dated June 15, 2016. Our report differed from the standard report due to the basis of accounting. All governmental and proprietary funds contained in this report are accounted for using the cash receipts and disbursements basis of accounting, as allowed by the Mississippi State Department of Audit. This basis of accounting differs from generally accepted accounting principles in that revenues are recognized when received rather than when measurable and available as net current assets and expenditures are generally recognized when the related fund expense is disbursed rather than when the related fund liability is incurred. Consequently, these financial statements are not intended to present financial position or results of operations in accordance with generally accepted accounting principles. Financial statements issued following accounting principles generally accepted in the United States of America normally contain Government-Wide Financial Statements, Fund Financial Statements, Management Discussion and Analysis (MD&A). Management elected to omit the MD&A.

We have performed procedures to test compliance with certain state laws and regulations as described in the Municipal Compliance Questionnaire that is prescribed by the Office of the State Auditor. Our procedures were substantially less than an audit, the objective of which is to express an opinion on the Town's compliance with those requirements. Accordingly, we do not express such an opinion.

With respect to items tested, the results of those procedures and our compilation of the accompanying Statement of Cash Receipts and Disbursements - Governmental and Business-Type Activities, Schedule of Long-Term Debt, Schedule of Surety Bonds for Town Officials, Schedule of Budget and Actual Revenue and Expenses, Schedule of Investments and Schedule of Capital Assets for the year ended September 30, 2015 disclosed no instances of noncompliance.

This report is intended for the information and use of management and is not intended and should not be used by anyone other than those specified parties.

We found the municipality's purchasing procedures to be in agreement with the requirements of the above-mentioned sections.

- 6. The Town of Duncan, Mississippi does not have a municipal court.
- 7. We have read the Municipal Compliance Questionnaire completed by the municipality. It was completed, signed and recorded in the board's minutes. Test of the questionnaire indicated it was accurately prepared.

Because the above procedures do not constitute an audit in accordance with generally accepted auditing standards, we do not express an opinion on any of the specific accounts or classes of transactions referred to above. In connection with the procedures referred to above, no matters came to our attention that caused us to believe the items specified in Paragraphs 1, 2, 3 and 4 should be adjusted. Had we performed additional procedures or had we conducted an audit of the financial statements in accordance with generally accepted auditing standards, matters might have come to our attention that would have been reported to you. This report should not be associated with the financial statements of the Town of Duncan, Mississippi, for the year ended September 30, 2015.

This report is intended solely for the use of the Office of the State Auditor, State of Mississippi and the mayor and Board of Aldermen of the Town of Duncan and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes.
