Certified Public Accountant, P.C.

1105 South Adams • P.O. Box 217 Fulton, Mississippi 38843 (662) 862-7955 • FAX (662) 862-7957 mdozier@nexband.com

#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Aldermen The City of Fulton Fulton, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund in formation, of The City of Fulton, Mississippi, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Fulton's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and the maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions of these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund in formation, of the City of Fulton, Mississippi as of September 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter** 

As discussed in Note R to the financial statements, in 2015 the City of Fulton, Mississippi adopted new accounting guidance, GASB Statement No. 68, Accounting and financial Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for contributions Made Subsequent to the Measurement Date – an amendment of GASB No. 68. Our opinion is not modified with respect to this matter.

|  |   |   |
|  |   |   |
|  |   |   |
|  |   |   |
|  |   |   |

#### Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-13 budgetary comparison information on pages 60-63, the schedule of the City's proportionate share of the net pension liability, on page 66, and the schedule of the City's pension contributions, on page 67, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide an assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Fulton basic financial statements. The combining and individual fund Financial Statements and other supplemental information, listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual Non-Major Fund Financial Statements and the schedule of surety bonds for municipal officials and employees are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual Non-Major Fund Financial Statements and the schedule of surety bonds for municipal officials and employees are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated July 19, 2016, on our consideration of the City of Fulton, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Fulton's internal control over financial reporting and compliance.

Mike Dozier,

Certified Public Accountant, P.C.

Mik Dogu

Fulton, Mississippi July 19, 2016

As management of the City of Fulton, Mississippi, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2015. We encourage readers to consider the information presented here in conjunction with the City's financial statements, which follow this section.

### Financial Highlights

The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$11,570,702 (net position). Of this amount, \$142,846 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.

The \$142,846 of unassigned net position shown on the statement of net position includes a \$3,350,721 reduction in net position as a result of GASB No. 68, which required employers to disclose their share of the plan's unfunded pension liability. The plan is administered by PERS of Mississippi.

The governments total net position decreased by \$3,900,749 during the current fiscal year.

As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$2,236,902 a increase of \$67,100 during the current fiscal year.

Approximately 74% percent of this total amount, or \$1,649,439, is available for spending at the government's discretion (unassigned fund balance).

At the end of the current fiscal year, unsigned fund balance for the general fund was \$1,460,103.

The City's total debt decreased by \$585,067 during the current fiscal year.

The City's governmental fund property taxes increased by approximately \$22,779, and sales taxes increased by \$51,118.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government- wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

RECEIVED

FEB 1 0 2017

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, culture and recreation, economic development and housing and community development. The business-type activities of the City include natural gas operations, water and sewer operations and waste collection operations.

The government-wide financial statements can be found on pages 14 and 15 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Governmental funds - continued. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term effect of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund which is considered to be a major fund. Data from the other two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its general fund, debt service fund and the special revenue funds. Budgetary comparison schedules for the general fund have been provided in the financial statements on pages 60-63 to demonstrate compliance with those budgets.

The basic governmental fund financial statements can be found on pages 16-20 of this report.

**Proprietary funds.** The City maintains four different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government- wide financial statements. The City uses enterprise funds to account for its natural gas operations, water operations, sewer operations, and its waste collection operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the natural gas operations, the water operations, sewer operations, and the waste collection operations. The gas system fund, the water fund and sewer fund are considered to be major funds of the City. The waste collection fund is considered to be a non-major fund of the City. The revenues and expenditures reported in the internal service fund are not included in the government-wide financial statements since the related expense pertaining to each activity has already been included therein.

The basic proprietary fund financial statements can be found on pages 21-26 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 27 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-59 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. This is limited to budgetary comparison schedules for certain governmental funds referred to earlier. Required supplementary information can be found on pages 60-63 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 68 and 69 of this report.

Government-Wide Financial Analysis. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Fulton, assets exceeded liabilities by \$11,570,702 at the close of the most recent fiscal year.

By far the largest portion of the City's net position (92 percent) reflects its investment in capital assets (e.g., land, buildings, vehicles, equipment and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (approximately 7 percent or \$784,706) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (approximately 2 percent or \$142,846) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net positions, both for the government as a whole, as well as for its separate governmental and business-type activities.

The government's net position decreased by \$550,028 during the current fiscal year. This decrease was mainly due to the \$412,336 decrease in net position from the governmental activities and the business-type activities of \$137,692 as detailed on the City of Fulton, Mississippi's changes in net position presented on the following pages. See other detail changes on the following pages.

#### Government-Wide Financial Analysis – (continued)

Governmental Activities. Governmental activities decreased the City's net position by \$412,336 as a result of this year's operations. By comparison governmental activities reported a \$321,066 decrease for the prior year. Key elements of the changes were as follows:

The City's earnings on investments decreased by approximately \$2,114, and charges for services increased by \$20,803. Payments in lieu of taxes decreased by \$9,729. Road taxes and advalorem taxes from Itawamba County increased \$11,163. The City's property taxes increased \$22,779, and sales taxes increased \$51,118.

General government expenses increased by \$33,806, public safety expenses increased by \$91,359 (12 percent), public works increased by \$103,183 (9 percent), culture and recreation increased by \$7,981 (3 percent), fire protection decreased \$631, emergency management increased \$3,597 and other programs increased by \$25,728 (14 percent), and interest and fiscal charges decreased by \$5,153 (5 percent).

**Business-Type Activities**. Business-type activities decreased the City's net position by \$137,692 as a result of this year's operations. By comparison, business-type activities reported a decrease in net position the previous fiscal year of approximately \$177,402. Key elements of this increase over the prior year are as follows:

Charges for services for business-type activities decreased \$98,861, or 3 percent, compared to the prior year. This was the result of normal variation in natural gas sold and an increase in the cost of gas.

Expenses decreased approximately 4 percent or \$159,510, primarily due to natural gas expenditures decreased by \$30,451 (12% primarily due to an decrease in the cost of natural gas purchased).

Water purchases decreased by \$97,624.

#### Financial Analysis of the Government's Funds.

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's governmental funds is to provide information on nearterm inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

#### Governmental Funds – (continued)

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$2,236,902, an increase of \$67,100 in comparison with the prior year. Approximately 74 percent of this total amount \$1,649,439 constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) for prepaid expense \$26,921, and 2) restricted \$560,542, (\$421,106 for debt service, \$74,978 for tourism, \$53,856 for fire protection, \$6,012 for Gaither House and \$4,590 for drug prevention).

The increase of \$67,100 in the combined fund balances of the City's governmental funds was mostly attributable to the changes in the individual funds as follows:

- . The General Fund increased \$185,839.
- . The Special Revenue Park and Recreation Fund decreased \$62,816.
- . The Debt Service Funds decreased \$100,859.
- . The Tourism Tax Fund increased \$16,830.
- . The Fire Protection Fund increased \$21,774.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unreserved fund balance of the general fund was \$1,460,103, while total fund balance was \$1,487,024. As a measure of the general fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 52 percent of total general fund expenditures.

#### **Proprietary Funds**

The City's proprietary funds provide the same type information found in the government-wide financial statements, but in more detail. Unrestricted net position of the gas system, water system, sewer system and waste collection funds at the end of the year amounted to \$112,797, \$768,003, \$162,823, and \$54,423 respectively. The gas system fund had a decrease in net position for the year of \$183,076, the water system fund had a decrease in net position for the year of \$42,743 the sewer system fund had an increase in net position for the year of \$108,279, and the waste collection fund had a decrease of \$30,152. Other factors concerning the finances of these four funds have already been addressed in the discussion of the City's business-type activities.

### General Fund Budgetary Highlights

The City made the following amendments to its original budgets. Significant differences were as follows: a \$30,550 increase in grant revenue, \$1,700 increase in interest income, \$36,130 increase in

### General Fund Budgetary Highlights - (continued)

finance and administrative expenditures, \$85,100 increase in police expenditures, \$2,500 increase in Emergency Management expenditures, and \$19,500 decrease in street department expenditures. These changes were precipitated by the need to increase expenditures in certain areas deemed by the Board of Alderpersons to be beneficial to the City.

During the year, general fund revenues were more than the budgetary estimates and expenditures were less resulting in an actual increase in fund balance that was less than the final amended budget fund balance amount by approximately \$200,485.

### Capital Asset and Debt Administration

Capital assets. The City's net investment in capital assets for its governmental and business type activities as of September 30, 2015, amounted to \$19,756,162 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, machinery and equipment, and park facilities. Capital assets also include roads, highways, bridges and other infrastructure acquired after October 1, 2003.

Major capital asset events during the current fiscal year included the following:

| 1. General Administration- Equipment | \$<br>5,242 |
|--------------------------------------|-------------|
| 2. Street Department Equipment       | 74,942      |
| 3. Water System Equipment            | 9,548       |
| 4. Fire Fixtures & Equipment         | 9,102       |
| 5. Police Vehicles                   | 93,509      |

| Total                    | \$ 2,645,102      | \$ 6,457,910      | \$ <u>9,113,012</u> |

The City's total debt increased by \$585,067 during the current fiscal year.

Not included above, but reported as long-term debt in the financial statements, is the accumulated leave time that would be paid as employees take leave or retire. Under GAAP reporting, this liability must be reported as a compensated absence at year-end, due to contract language to the effect that the employee has "earned" this compensation.

### Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the City's budget for the 2015-16 fiscal year:

The City does not expect its tax base to vary significantly from the current year.

Inflationary trends in the region compare favorably to national indices.

#### Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Clerk, 213 W. Wiygul St., Fulton, Mississippi 38843.

#### CITY OF FULTON

### RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION SEPTEMBER 30, 2015

| Fund balances of governmental funds  | \$ | 2,236,902   |
|--|----|-------------|
| Amounts reported for governmental activities in the statement of net position are different because:   |    |             |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.  The assets were adjusted as follows:   |    |             |
| Land and right of ways   |    | 3,587,464   |
| Other capital assets   |    | 10,750,525  |
| Less: accumulated depreciation   |    | (6,731,417) |
| Total capital assets   | _  | 7,606,572   |
| Some of the City's revenues will be collected after year end but will not be available soon enough to pay for the current period's expenditures and; therefore, are deferred in the governmental funds. The unavailable revenues were adjusted as follows: |    |             |
| Revenues - Municipal court fines   |    | 183,610     |
| Revenues - Property taxes  |    | 1,040       |
| Total deferred revenues  |    | 184,650     |
| Interest payable on long-term debt did not require current financial resources; therefore, interest payable was not reported as a liability in the governmental funds.   |    | (12,775)    |
| Long-term liabilities, including bonds and notes payable and compensated absences not due and payable in the current period and; therefore, are not reported in the governmental funds. The long-term liabilities were adjusted as follows:                |    |             |
| Bonds and notes payable  |    | (2,645,102) |
| Unfunded pension liability   |    | (3,280,966) |
| Deferred outflows  |    | 636,551     |
| Deferred inflows   |    | (70,497)    |
| Compensated absences   |    | (88,523)    |
| Total long-term debt   |    | (5,448,537) |
| Total net position of governmental activities  | \$ | 4,566,812   |

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES AND CHANGES IN NET POSITION FOR THE YEAR ENDED SEPTEMBER 30, 2015

| Net change in fund balances - total governmental funds                               | \$ | 67,100    |
|--|----|-----------|
| Governmental funds report capital outlays as expenditures.                           |    |           |
| However, in the statement of activities, activities with an individual cost of more  |    |           |
| than \$ 500 are capitalized and the cost is allocated over their estimated useful    |    |           |
| lives and are reported as depreciation expense. This is the amount by which          |    |           |
| capital outlays exceed depreciation in the current period.                           |    |           |
| Capital outlay   |    | 119,209   |
| Depreciation expense   |    | (638,316) |
|  |    | (519,107) |
|  | ,  |           |
| The repayment of long-term debt is reported as an expenditure                        |    |           |
| when due in governmental funds, but as a reduction of principal                      |    |           |
| outstanding in the statement of activities.  |    | 202,825   |
| Revenues in the statement of activities that are not available in governmental       |    |           |
| funds are not reported as revenue in governmental funds. Unavailable revenues        |    |           |
| increased (decreased) by these amounts during the current year.                      |    |           |
| Property taxes   |    | (1,505)   |
| Municipal court fines  |    | 30,817    |
|  |    | 29,312    |
| Some expenses in the statement of activities do not require the use of current       |    |           |
| financial resources and; therefore, are not reported as expenditures in governmental |    | •         |
| funds. They are as follows:  |    |           |
| (Increase) decrease in accrued interest  |    | 2,420     |
| Change in unfunded pension liability   |    | (242,818) |
| Change in deferred outflow (inflows) of resources                                    |    | 40,946    |
| (Increase) decrease in compensated absences  |    | 6,986     |
|  |    | (192,466) |
| Changes in net position of governmental activities.                                  | \$ | (412,336) |

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Fulton, Mississippi, ("the City") operates under the Home-Rule Authority granted by the 1985 Mississippi Legislature. A mayor-board of aldermen form of government is used and the City provides the following services: public safety (police and fire), street maintenance, sanitation, emergency management, park & recreation, natural gas utilities, water services, sewer services, and general administrative services.

The accounting and reporting policies of the City relating to the accompanying financial statements conform to accounting principles generally accepted in the United States of America, (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting board for establishing governmental accounting and financial reporting principles. For the government-wide financial statements, and proprietary fund accounting, all applicable Financial Accounting Standards Board (FASB) pronouncements issued on or prior to November 30, 1989, and applied, unless those pronouncements conflict with or contradict GASB pronouncements. The more significant accounting and reporting policies and practices used but the City are described below.

#### 1. New Accounting Standard Implemented

In the fiscal year 2015, the City implemented a new statement of financial standard issued by the Governmental Accounting Standards Board (GASB).

The PHA adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27 during the year. The objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement. See Note R for information concerning the Unfunded Pension Liability.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2. Reporting Entity

#### (a) Reporting Entity

As required by GAAP, the accompanying financial statements present the financial data of the City (the primary government). The City is governed by an elected Mayor and five member Board of Alderpersons. In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity is governed by applying the criteria set forth in Governmental Accounting Standards Board (GASB) Statements, determining whether certain organizations are component units. These criteria state that the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The City for financial purposes, includes all of the activities relevant to the operations of the organization. The financial statements of the City include all administered programs that are controlled by or dependent on the City. Control or dependence is determined on the basis of budget adoption, funding and appointment of the respective governing board of commissioners. The City has no oversight responsibility for any other government entity since no other entities are considered to be controlled by or dependent on the City, therefore no other entities have been identified as a component unit.

#### 3. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support. The previous reporting model emphasized fund types (the total of all funds of a particular type). In the new reporting model, as defined by GASB Statement No. 34, the focus is either the City as a whole, or major individual funds (within the fund financial statements).

#### NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 3. Government-Wide and Fund Financial Statements - Continued

The government-wide statement of activities demonstrates the degree to which the direct expenses of a functional category (Public Safety, Public Works, etc) or activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenue include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity and 2) grants and contributions that are restricted to meeting the operational requirements of a particular function or activity and 3) grants and contributions that are restricted to meeting the capital requirements of a particular function or activity. Taxes and other items not properly included among program revenues are reported instead as general revenues. The net cost (by function or business-type activity) is normally covered by general revenue (property, sales, franchise taxes, intergovernmental revenues, interest income, etc.). When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate fund based financial statements are provided for governmental funds, propriety funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The major governmental fund is the general fund. The major business type funds are the gas system fund, the water fund and the sewer system fund. GASB Statement No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category for the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. The nonmajor funds are detailed in the combining section of the statements. The City's fiduciary funds (which have been refined and narrowed in scope) are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party (other local governments, individuals, etc.) and cannot be used to address activities or obligation of the government, these funds are not incorporated into the government-wide financial statements.

The government-wide focus is more of the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The focus of the fund financial statements is on major individual funds of the governmental and business-type categories as well as the fiduciary funds. Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 4. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund level financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they "are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting; however, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the liability has matured and payment is due.

Ad valorem taxes, franchise taxes, licenses, fines, interest revenues and charges for services are recognized under the susceptible to accrual concept. All other revenue items are considered to be measurable and available only when cash is received by the City. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria is met.

Business-type activities and all proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund-type operating statements present increases (e.g. revenues) and decreases (e.g. expenses) in net total assets. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's gas fund, water fund, sewer fund and waste collection fund are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The following major funds are used by the City:

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 4. Measurement Focus and Basis of Accounting - Continued

#### **Governmental Funds:**

The following is a description of the Governmental Funds of the City:

a. General Fund accounts for several of the City's primary services (General Government, Public Safety, Public Works and Emergency Management, etc.), and is the primary operating unit of the City.

The City additionally reports other governmental funds which is a summary of all the nonmajor governmental funds.

#### **Proprietary Funds:**

The following is a description of the Major Proprietary Funds of the City:

- a. Gas System Fund accounts for the operation of the City's natural gas utility. Activities of the fund include administration, operation and maintenance of the natural gas system, and billing and collection activities. The fund also accounts for the accumulation of resources for and payment of long term debt principal and interest for revenue bonds and obligations under capital leases when due through the year. All cost are financed through charges made to utility customers with rates reviewed regularly and adjusted, if necessary, to ensure integrity of the fund.
- b. Water System and Sewer accounts for the operations of the City's water and sewer utilities. Activities of these funds include administration, operation and maintenance of the water fund and sewer system, and billing and collection activities. These funds also account for the accumulation of resources for and payment of long term debt principal and interest for revenue bonds and obligations under capital leases when due through the year. All costs are financed through charges made to utility customers with rates reviewed regularly and adjusted, if necessary, to ensure integrity of these funds.
- c. The City additionally reports non-major funds consisting of the Garbage Collection Fund, which accounts for the operation of the City's Garbage Collection. Customers are billed monthly at a rate to cover the cost of providing such service.

## NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## Other Fund Types:

The City additionally, reports for the following fund type:

a. Agency Funds are used to account for assets held by the City in an agency capacity for other governments, individuals or companies.

### Non-Current Governmental Assets/Liabilities

GASB Statement No. 34 eliminates the presentation of Account Groups, but provides for these records to be maintained and incorporates the information into the Governmental Activities column in the government-wide Statement of Net Position.

#### 5. Statement of Cash Flows

For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of 90 days or less when purchased to be cash equivalents. Certificates of deposit with a maturity of more than 90 days when purchased are not considered to be cash equivalents. All investments are in certificates of deposit that are valued at cost which approximates fair value.

Cash and cash equivalents include the following Proprietary Fund cash balances.

|                 | Gas              | Sewer     | Water       | Garbage         |                     |

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## 6. Inventories and Prepaid Items

Inventories of the enterprise funds are maintained on the consumption method and are valued at cost. Cost is determined using the first-in, first-out method. Inventory consists of enterprise fund expendable supplies held for consumption. The governmental funds record inventories under the purchase method; therefore, items are recorded as expenses when purchased. The City governmental funds do not maintain material inventories; therefore, the accompanying fund and government-wide financial statements do not reflect governmental fund or governmental activities inventory.

Prepaid items record payments to vendors that benefit future reporting periods and are reported on the consumption basis for both fund and government-wide financial statements.

## 7. Capital Assets

Property, plant and equipment purchased or acquired is recorded at historical cost or estimated historical cost. Contributed fixed assets are recorded at estimated fair market value at the time received. As permitted by GASB 34, the city has elected to not report public domain (infrastructure) fixed assets acquired prior to October 1, 2003. Capital assets are defined by the government as assets with an initial, individual cost of \$500 or more and an estimated useful life in excess of one year.

Major outlays for assets and improvement are capital as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized phase of capital assets constructed. Net revenue bond interest costs incurred during construction periods is capitalized when material.

Property, plant and equipment of the primary government, is depreciated using the straight line method over the following useful lives:

| Assets                              | Years |
|-------------------------------------|-------|
| Vehicles and equipment              | 5     |

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### 8. Compensated Absences

All full-time employees will accrue paid vacation at the following rate based on total continuous service:

| After one (1) of service thru 5 years of service | 1 Week per year        |
|--|------------------------|
| Six years of service thru 10 years of service    | 2 Weeks per year       |
| After 10 years of services                       | 3 Weeks per year       |
| Police Department                                | 1 Week equal 4 Days    |
| Fire Department                                  | 1 Week equals 2 ½ Days |
| All Other Departments                            | 1 Week equals 5 Days   |

A complete year is understood to be from the date of hire to the anniversary date.

All annual leave, comp time, and holiday hours given beginning January 1, 2011 will be taken before their hire date of the following year or they will lose it. Vacation will be granted, as far as possible, in accordance with employee preference and in line with department seniority.

In accordance with the provisions of GASB Statement No. 16, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type financial statement of net assets.

## 9. Payable from Restricted Assets

Certain assets of the business-type activities have been restricted for debt service, and customer deposits. These assets consist of cash demand deposits and a savings account.

|                                      | Sewer System | Gas System       | Water System      |

## NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The ordinances authorizing the Waste System Revenue Bonds require that the City establish the above revenue bond reserves. At September 30, 2015, the revenue bond reserve accounts were sufficient to satisfy such bond ordinance requirements.

## 10. Capitalization of Interest

In Conformity with Financial Accounting Standards No. 34, Capitalization of Interest Cost, the City capitalizes interest costs for business-type activities only, net of related interest earned, from the date of the borrowing until the projects acquired with those funds are ready for their intended use. Total interest and fiscal charges incurred in the enterprise funds was \$ -0- for the year ended September 30, 2015.

#### 11. Fund Equity/Net Positions

In the government-wide financial statements, restricted net position are legally restricted by outside parties for a specific purpose. In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources.

Nonspendable fund balance. This classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories, or (b) legally or contractually required to be maintained intact.

Restricted fund balance. This classification reflects the constraints imposed on resources either (a) Externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance. These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Board of Alderpersons, the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the Board of Alderpersons removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance. This classification reflects the amounts constrained by the City's "intent" to be used for a specific purpose, but are neither restricted nor committed. The Board of Alderpersons and Mayor have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the general fund, that are not classified as non-spendable and are neither restricted nor committed.

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

## 11. Fund Equity/Net Positions – (continued)

Unassigned fund balance. This fund balance is the residual classification for the general fund. It is also used to report negative fund balances in other governmental funds.

The constraints on fund balances as listed in aggregate in the Statement of Revenues Expenditures, and Changes in Fund Balance are detailed according to balance classification and fund.

| Fund Balances:                   | General Fund | Other<br>Governmental<br><u>Funds</u> |
|----------------------------------|--------------|---------------------------------------|
| Nonspendable:                    |              |                                       |
| Prepaid Items                    | \$ 26,921    | <u>\$</u>                             |
| Total – Nonspendable             | \$ 26,921    | \$                                    |
| Fund Balances:                   |              |                                       |
| Restricted:                      |              |                                       |
| Drug Fund                        | \$ -         | \$ 4,590                              |
| Debt Service                     | -            | 421,106                               |
| Tourism Tax                      | -            | 74,978                                |
| Gaither House                    | -            | 6,012                                 |
| Fire Protection                  |              | 53,856                                |
| Total Restricted                 | \$           | <u>\$ 560,542</u>                     |
| Committed:                       | \$           | \$                                    |
| Total Committed                  | \$           | <u>\$</u>                             |
| Assigned:                        |              |                                       |
| Subsequent year budget shortfall | \$           | <u>\$</u>                             |
| Total Assigned                   | <u>\$</u>    | \$                                    |

When restricted, committed, assigned and unrestricted resources are available for use, it is the City's policy to use externally restricted resources first then committed, assigned, and unassigned in that order as needed.

## NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## 12. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. As such, actual results could differ from those estimates.

#### **NOTE B – DEPOSITS AND INVESTMENTS**

## **Deposits**

At September 30, 2015, the cash balances included the following:

| Account Bal     | ances       | Ownership of Funds             |
|-----------------|-------------|--------------------------------|
| Demand deposits | \$3,886,934 | Governmental Funds \$1,951,358 |
| Savings Account | 10,117      | Enterprise Funds 1,939,178     |
| Other Cash      | 0           | Fiduciary Funds 6,515          |
|                 | \$3,897,051 | \$ <u>3,897,051</u>            |

The collateral for public entities' deposits in financial institutions are now held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against these deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation. The pooled collateral is held in the pooled participant's name by Trustmark Bank and Bancorpsouth Bank (Category 2 - Collateralized with securities held by the pledging financial institution's agent in the State Treasurer's name).

The State Treasurer does not confirm this information with the City or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the City under the pooling method, the potential exists for under collateralization, and the risk may increase in periods of high cash flows. However, the State Treasurer for Mississippi enforces strict standards of financial stability for each depository that collateralizes under the Statewide Collateral Pool Program.

#### NOTE B – DEPOSITS AND INVESTMENTS – CONTINUED

## **Deposits- Continued**

At September 30, 2015, the City's deposits had a carrying amount of \$3,897,051 and a bank balance of \$3,898,851. Of the bank balance \$260,585 was covered by federal deposit insurance and the remainder were covered by the statewide collateral pool program as discussed above.

The City has designated Trustmark Bank as its official depository.

#### Investments

Mississippi laws address the investments of surplus money by municipalities and the investment of proceeds separately. The investment of surplus money is limited to bonds or other direct obligations of the United States of America or the State of Mississippi or any county or municipality of this state of any school district or obligation issued or guaranteed in full as to principal and interest by the United States of America which are subject to a repurchase agreement with a qualified depository or time certificate of deposits in qualified depositories. The City of Fulton's policy is to advertise for the qualified depository that will offer the highest rate on all its deposits.

The City had no investments as of or during the year ended September 30, 2015.

#### **Interest Rate Risk**

The City has no formal investment policy that limits investment maturities as a means of managing its exposure its exposure to fair value losses arising for increasing interest rates. The City had no investments during the year and limited its demand deposits during the year to federal depository insured accounts with Trustmark Bank and BancorpSouth Bank.

## **Credit Risk**

State law limits investments to 1) financial institutions insured by FDIC that are members of the Statewide Collateral Pool Program, 2) bonds or other direct obligations of the United States of America or the State of Mississippi or any county or municipality of this state or any school district or obligation issued or guaranteed in full as to principal and interest by the United States of America. The City has no investment policy that would limit its investment choices.

#### NOTE B – DEPOSITS AND INVESTMENTS – CONTINUED

#### **Custodial Credit Risks**

Custodial credit is the risk that the City will not be able to recover the value of its investments that are in the possession of its safekeeping custodian. To minimize the risk, the City's investment policy requires that all negotiable instruments shall be held in safekeeping in the trust department of a bank. The City had no investments in negotiable instruments during the year ended September 30, 2015.

## Concentration of Credit Risks

The City of Fulton had no investments at September 30, 2015, but had demand deposits with more than 5% of the total in Trustmark Bank. These demand deposits represented approximately 99% of total demand deposits.

#### NOTE C-PROPERTY TAX

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on January 1 of the following year and are due and payable at that time. All unpaid taxes levied January 1 become delinquent February 1. Property taxes for automotives are collected and remitted to the City of Fulton by Itawamba County, Mississippi.

Appraised values are established by Itawamba County, Mississippi at 100 percent of estimated market values. The City is required to adopt county tax rolls. The 2014 taxes are collected in December, 2014 and January, 2015. The 2014 taxes are levied to fund the 2014-2015 budget year. The assessed value upon which the 2014 taxes were based was \$21,279,316.

City property tax revenue is recorded in governmental funds as receivables and unavailable revenues at the time the tax attaches as an enforceable lien, which includes the 2015 taxes intended to fund the 2015-2016 budget year of \$871,651. Current year revenues recognized are those collected within the current period, or soon enough thereafter to pay current liabilities, generally within sixty days after year end. An allowance is provided for delinquent personal property taxes not expected to be collected in the future.

The 2015 taxes of \$871,651 are also included in unavailable revenue and not in current revenues in governmental activities because they are levied to fund the 2015-2016 budget year.

For the year ended September 30, 2015 the City assessed a tax rate of 31 mills.

## **NOTE D - RECEIVABLES**

Receivables at September 30, 2015 for the government's individual major funds, non-major funds, and business-type funds, including the applicable allowances for uncollectible accounts, consist of the following:

|                     |             | Water     | Gas              | Sewer           | Garbage         | Non-Major         |

#### NOTE F-LONG-TERM DEBT

## **General Long-Term Debt**

Notes, General and limited obligation debt consists of debt issued that is backed by the full faith and credit of the City.

Revenue bonds consist of debt issued by the Water and Sewer System. The gross revenues of the Water System Fund and the Sewer System Fund, after deduction of reasonable expenses of operations and maintenance, are pledged to such funds in amounts equal to the total annual principal and interest requirements of the bonds and amounts required to maintain the Reserve Funds.

The capital lease obligation payable consist of debt entered into by the City that is collateralized by various energy saving fixtures and utility meters.

General long-term debt balance and transactions for the year ended September 30, 2015 are as follows:

### NOTE I - INTERGOVERNMENTAL REVENUES

Intergovernmental revenues include the following:

### **Major Governmental Funds**

| General Fund                            |               |
|---|---------------|
| State of Miss - Municipal Aid & Gas Tax | \$<br>5,910   |
| Homestead exemption                     | 63,763        |
| In Lieu of Taxes                        | 92,302        |
| State of Miss – Civil Defense           | 33,507        |
| Itawamba County                         | 247,033       |
| TVA Franchise Tax                       | 135,592       |
| Total Governmental Funds                | \$<br>578,107 |

#### NOTE J – SEGMENT INFORMATION FOR ENTERPRISE FUNDS

Certain segmented information for the individual Enterprise Funds is included on the Proprietary Funds – Statement of Assets, Proprietary Funds – Statement of Revenues, Expenses and Changes in Fund Net Assets, and the Proprietary Funds – Statement of Cash Flows. The capital asset activity for each individual Enterprise Fund is included in Note E. The Schedule of Changes in Long-Term Debt for each individual Enterprise Fund is included in Note F.

The individual Enterprise Funds have the following types of goods or services:

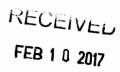

Gas System – Provide natural gas to its citizens and surrounding areas.

Water and Sewer System - Provide water and sewer services to its citizens.

Waste Collection System - Provide waste collection services to its citizens.

The individual Enterprise Funds have the following net working capital (current assets less current liabilities) at September 30, 2015:

| Water                   | \$  | 991,870 |
|-------------------------|-----|---------|
| Gas System              |     | 561,446 |
| Sewer System            |     | 251,205 |
| Waste Collection System |     | 90,622  |
| Total                   | \$1 | 895,143 |

#### NOTE J – SEGMENT INFORMATION FOR ENTERPRISE FUNDS - CONTINUED

Enterprise Funds operate in the City of Fulton, Mississippi geographic area. Their revenues are subject to the economic conditions of Fulton, Mississippi. At September 30, 2015, the Gas System Fund had extended credit to customers totaling \$127,665. Gas System Fund receivables are secured by customer deposits totaling \$61,737. The balance of the receivables is unsecured. At September 30, 2015, the Water System Fund had extended credit to customers totaling \$245,619. Water System Fund receivables are secured by customer deposits totaling \$67,004. The balances of the receivables are unsecured. At September 30, 2015, the Sewer System had extended credit to customers totaling \$71,094. The receivables are not secured. At September 30, 2015, the Non-major Enterprise Fund had extended credit to customers totaling \$53,288. The Non-major Enterprise receivables are not secured.

Gas System Fund accounts payable – operations consist of \$6,334 for operations. The Water System Fund accounts payable – operations consist of \$16,356 for operations. The Sewer System Fund Accounts payable operation consists of \$41,994. The Non-major Enterprise fund accounts payable were \$-0- at September 30, 2015.

#### NOTE K - RELATED PARTY TRANSACTIONS

The City had no material related party transactions during the current year.

### NOTE L - COMMITMENTS AND CONTINGENCIES AND UNCERTAINTIES

### **Grant Audit**

The City receives federal and state grants for specific purposes that are subject and audit by federal and state agencies. Such audits could result in a request for reimbursement by the federal or state agencies for expenditures disallowed under the terms and conditions of the appropriate agency.

The amount of any disallowance of grant expenditures, if any, is unknown; therefore, the accompanying financial statements do not include any liability for such disallowances. In the opinion of City management, such disallowances, if any will not be significant.

### NOTE M - RISK MANAGEMENT CLAIMS AND JUDGEMENTS

The City is a member of the Mississippi Municipal Service Company which provides general liability and worker's compensation. The City pays insurance premiums based on experience ratios. Settlement amounts have not exceeded insurance coverage for the current or three prior years.

### NOTE N – SUBSEQUENT EVENTS

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of the City of Fulton, Mississippi evaluated the activity of the city through July 19, 2016, and determined that there was no subsequent event that required adjustment to or disclosure in the financial statements.

### NOTE O - POST EMPLOYMENT BENEFITS AND 125 CAFETERIA PAN

Other Postemployment Benefits

The City does not have any retired employees that participate in post- employment benefits.

#### NOTE P - NET POSITION - RESTRICTED

The Government-wide statement of net position reports \$784,706 of restricted net position.

### NOTE Q - DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The deferred inflows are directly related to pension reporting.

See Note R for further details.

### Note R - Defined Benefit Pension Plan

#### General Information about the Pension Plan

Plan Description. The City contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the Mississippi Legislature. PERS issued a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201 or by calling (601) 359-3589 or 1-800-444-PERS.

Benefits provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years for those who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

Contributions. PERS members are required to contribute 9.00% of their annual covered salary, and the City is required to contribute at an actuarially determined rate. The employer's rate as of September 30, 2015 was 15.75% of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only the State of Mississippi Legislature. The City's contributions to PERS for the fiscal years ending September 30, 2015, 2014 and 2013 were \$255,745, \$267,597 and \$260,582 respectively, which equaled the required contributions for each year.

|   |  |  |

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2015, the City reported a liability of \$4,374,621 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. At June 30, 2015, the City's proportion was 0.0283 percent.

For the year ended September 30, 2015, the City recognized pension expense of \$521,379. At September 30, 2015 the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------|-------------------------------|
| Differences between expected and actual experience  | \$ 67,323                      | -                             |
| Net difference between projected and actual earning on pension plan investments                                   | s \$ 349,958                   | -                             |
| Changes of assumptions  | \$ 376,859                     |                               |
| Changes in proportion and differences between<br>City's contributions and proportionate share<br>of contributions | -                              | \$ 93,996                     |
| City's contributions subsequent to the measurement date   | \$ 54,594                      | -                             |
| Total   | \$848,734                      | \$ 93,996                     |

\$54,594 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended September 30: |            |
|--------------------------|------------|
| 2016                     | \$ 227,293 |
| 2017                     | 227,293    |
| 2018                     | 181,568    |
| 2019                     | 63,991     |
| 2020                     | -0-        |
| Thereafter               | -0-        |

Actuarial assumptions. The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                 | 3.0 percent   |
|---------------------------|---|
| Salary increases          | 3.75-19.00 percent, including inflation                                   |
| Investment rate of return | 7.75 percent, net of pension plan investment expense, including inflation |

Mortality rates were based on the RP-2014 Health Annuitant Blue Collar Table Projected with Scale BB to 2016, set forward one year for males.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2014. The experience report is dated May 4, 2015.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                         | Target     | Long-Term Expected Real |
|-------------------------|------------|-------------------------|
| Asset Class             | Allocation | Rate of Return          |
| U.S. Broad              | 34%        | 5.20%                   |
| International Equity    | 19         | 5.00                    |
| Emerging Markets Equity | 8          | 5.45                    |
| Fixed Income            | 20         | 0.25                    |
| Real Assets             | 10         | 4.00                    |
| Private Equity          | 8          | 6.15                    |
| Cash                    | 1          | (0.50)                  |
| Total                   | 100 %      |                         |

Discount rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate members, (9.00%). Employer contributions will be made at the current employer contribution rate (15.75%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

# CITY OF FULTON NOTES TO REQUIRED SUPPLEMENTARY BUDGETARY REPORTING FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2015

### **BUDGETARY INFORMATION**

**NOTE A:** A City is legally subject to the budgetary control requirements of the State of Mississippi. The City follows the following procedures in establishing the budgetary comparison schedule:

- A. Prior to September 1, the City Clerk submits to the Board of Alderpersons a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year. The State of Mississippi requires at a minimum expenditures be adopted in four categories (personnel services, supplies, other services and charges, and capital outlays).
- B. Public hearings are conducted to obtain taxpayer comments.
- C. Prior to September 15, the budget is legally enacted through passage of an ordinance.
- D. The budget must be balanced. The balanced budget may include a contribution to or appropriation from fund balance.
- E. The budget must be amended when necessary.
- F. Debt cannot be entered into unless permitted by law.
- G. Expenditures, except for capital outlays, cannot exceed budget appropriations.
- H. Expenditures cannot be made unless authorized in the budget.
- I. Appropriations lapse at the end of each fiscal year.

NOTE B: Budgets are adopted on a modified cash basis. Claims that have been incurred prior to the end of the year and that are paid within 30 days are recorded under the accrual basis. Prior year claims that are paid after 30 days revert to the cash basis. All revenue is accounted for under the cash basis. The required budgetary basis is therefore not considered a generally accepted accounting principal. Governmental accounting requires the budgetary comparison schedule be prepared according to budgetary laws which is the modified cash basis (GAAP).

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLAINCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Board of Alderpersons The City of Fulton Fulton, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the government activities, the business-type activities, each major fund and the aggregate remaining fund information of The City of Fulton, Mississippi, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Fulton, Mississippi's basic financial statements, and have issued our report thereon dated July 19, 2016.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Fulton, Mississippi's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Fulton, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Fulton, Mississippi's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be material weaknesses. They are labeled as items 2015-1, 2015-3, and 2015-4.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies in internal control that we consider to be significant deficiencies.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Fulton, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, which is described in the accompanying schedule of findings and responses as item 2015-2.

### City of Fulton, Mississippi's Response to Findings

City of Fulton, Mississippi response to the findings identified in our audit is described in the accompanying schedule of findings and responses. City of Fulton, Mississippi's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Honorable Mayor and Board of Alderpersons+ City of Fulton, Mississippi

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Fulton, Mississippi, as of and for the year ended September 30, 2015, which collectively comprise the City of Fulton, Mississippi's basic financial statements and have issued our report thereon dated July 19, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Compliance

As required by the state legal compliance audit program prescribed by the office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and accordingly, we do not express such an opinion.

The results of those procedures and our audit of the financial statements disclosed material instances of noncompliance with state laws and regulations and which are described in the accompanying schedule of findings and responses as item number 2015-2.

The instances of noncompliance of the prior year have not been corrected by management as discussed in the accompanying schedule of results of prior year findings or otherwise included in the above noted findings and questioned cost.

### City of Fulton, Mississippi's Response to Findings

City of Fulton, Mississippi's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. City of Fulton, Mississippi's response was not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on it. The Office of the State Auditor or a public accounting firm will review, on a subsequent year's audit engagement, the findings in this report to ensure that corrective action has been taken.

### CITY OF FULTON SCHEDULE OF FINDINGS AND RESPONSES FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2015

Finding – Financial Statement Audit Reportable Conditions

### 2015-1. Segregation of Duties

<u>Condition</u>: The City does not have an adequate segregation of duties among accounting personnel and functions.

<u>Criteria</u>: Internal controls should be implemented to require a segregation of duties among accounting personnel and functions.

<u>Effect</u>: The City Clerk maintains the general ledgers, collects cash, writes and signs checks, reconciles bank statements. The City Court Clerk handles court fine billings, receivables and collections. This type of lack of segregation of duties could result in misappropriation of funds that would not be timely discovered.

<u>Cause</u>: The City does not have enough personnel to have adequate segregation of duties.

Recommendation: The City should have a segregation of duties among accounting functions. However, we recognize that the expense of acquiring the additional employees might be prohibitive. The cost benefit of implementing corrective action over this condition may not be justified. The City's management should be aware of this risk from lack of segregation of duties and provide management oversight of the accounting function to the fullest extent possible. The Mayor and Board of Alderman should periodically review accounting functions to compensate for a lack of segregation of duties.

Response: We concur with the recommendation.

### 2015-2. General Fixed Assets

<u>Condition</u>: The city did not conduct an annual inventory of fixed assets as required by the State of Mississippi audit manual.

<u>Criteria</u>: Internal controls should be in a place that require an annual physical inventory of fixed assets.

Effect: The inventory is necessary to verify the existence, not the condition, of all fixed assets.

|   |   |  |  |  |
|   |   |  |  |  |

### CITY OF FULTON SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2015

### 2015-2. General Fixed Assets (continued)

<u>Cause</u>: Management did not properly see that an annual physical inventory of fixed assets was peformed.

<u>Recommendation</u>: At the close of each fiscal year, each department head should list each item of equipment in their department, including a brief description of the item, and its property number, taken from the actual piece of equipment. The procedures to perform an annual physical inventory of fixed assets are located in the State of Mississippi audit manual. Proper supervision should be established to insure that this is done annually.

Response: We are in the process of performing a physical inventory of fixed assets.

#### MATERIAL WEAKNESSES

### 2015-3. Outsourcing Financial Statements and Related Notes, and Supplementary Information Preparation

<u>Condition:</u> Management outsources financial statements and related notes, and supplementary information preparation

<u>Criteria</u>: Part of effective internal control over financial reporting is the ability to adequately produce financial statements in accordance with generally accepted accounting principles.

<u>Effect</u>: The City must incur the expense of outsourcing the preparation of the financial statements and related notes, and supplementary information.

<u>Cause</u>: As is normal for governments of this type and size, the City's staff and management do not have the required technical expertise to meet the above criteria.

<u>Recommendation</u>: Due to the size of the City and the cost of hiring additional staff, no change is recommended.

<u>Response</u>: We agree with the finding, but feel the City is best served by continuing to outsource the preparation of the financial statements and related notes, and supplementary information. this is less costly than hiring additional staff to perform these tasks.

## CITY OF FULTON SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2015

#### MATERIAL WEAKNESS-CONTINUED

### 2015-4. Police Fine Collection Efforts

Condition: The delinquent police fine receivables are increasing.

<u>Criteria</u>: Effective internal controls include establishing procedures to have someone review delinquent police fines monthly and perform the necessary procedures to collect delinquent police fines.

Effect: The police fines receivables increased by \$75,418 during the year ended September 30, 2015.

<u>Cause</u>: The City did not have anyone reviewing the police fine receivables or instructing someone to enforce the collection of police fines.

<u>Recommendation</u>: The City should designate a person to be responsible for reviewing delinquent police fines and getting the correct court order to enforce collection.

Response: We concur with the recommendation.

## CITY OF FULTON RESULTS OF PRIOR AUDIT FINDINGS FOR THE FISCALYEAR ENDED SEPTEMBER 30, 2015

### 2014-1. Segregation of Duties

<u>Condition</u>: The City does not have adequate segregation of duties among accounting personal and functions.

Recommendation: The City should have a segregation of duties among accounting functions. However, we recognize that the expense of acquiring the additional employees might be prohibitive. The cost benefit of implementing corrective action over this condition may not be justified. The City's management should be aware of this risk from lack of segregation of duties and provide management oversight of the accounting function to the fullest extent possible. The Mayor and Board of Alderman should periodically review accounting functions to compensate for a lack of segregation of duties.

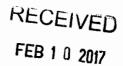

Status: This is still a finding in this report. See current year Finding No.2015-1.

### 2014-2.General Fixed Assets

<u>Condition</u>: The City did not conduct an annual inventory of fixed assets as required by the State of Mississippi audit manual.

Recommendation: At the close of each fiscal year, each department head should list each item of equipment in their department, including a brief description of the item, and its property number, taken from the actual piece of equipment. The procedures to perform an annual physical inventory of fixed assets are located in the State of Mississippi audit manual. Proper supervision should be established to insure that this is done annually.

Status: This is still a Finding in this report. See current year Finding No. 2015-2.

## CITY OF FULTON RESULTS OF PRIOR AUDIT FINDINGS (CONTINUED) FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2015

### 2014-3. Outsourcing Financial Statements and related Notes, and Supplementary Information Preparation

<u>Condition</u>: Management outsources financial statements and related notes, and supplementary information preparation.

<u>Recommendation:</u> Due to the size of the City and the cost of hiring additional staff, no change is recommended.

Status: This is still a Finding in this report. See current Finding 2015-3.

### 2014-4. Police Fine Collection Efforts

Condition: The delinquent police fine receivables are increasing.

<u>Recommendation</u>: The City should designate a person to be responsible for reviewing Delinquent police fines and getting the correct court order to enforce collection.

Status: This is still a Finding in this report. See current year Finding No. 2015-4.
