## INDEPENDENT AUDITOR'S REPORT

To the Board of Aldermen City of Ocean Springs Ocean Springs, Mississippi

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Ocean Springs, Mississippi ("City"), as of and for the year ended September 30, 2015, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2015, and the respective changes in financial position and cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 8 through 14, the schedule of budgetary comparison information on pages 51 through 53 and the schedules of the City's proportionate share of the net pension liability and PERS contributions on pages 54 through 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplemental and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, the combining nonmajor fund financial statements, the schedule of long-term debt, surety bonds, and statistical schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* are is also not a required part of the financial statements.

The combining statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

The introductory section, the schedule of long-term debt, surety bonds, and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated July 25, 2016, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Gulfport, Mississippi July 25, 2016 Management's Discussion and Analysis

ł

#### Introduction

The following Management's Discussion and Analysis of the City of Ocean Springs's ("the City") activities and financial performance provides an introduction to the financial statements of the City for the fiscal year ended September 30, 2015. The information contained in this Management's Discussion and Analysis has been prepared by management and should be considered in conjunction with the financial statements and the notes thereto, which follow this section.

The components of the annual financial report include:

- Management's Discussion and Analysis (MD&A)
- Basic Financial Statements
- Required Supplemental Information (RSI)

The MD&A introduces the basic financial statements and provides an analytical overview of the City's financial activities. This MD&A provides comparisons with the previous year.

#### **Financial and Economical Highlights**

- The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows at September 30, 2015 by \$37,478,302 and by \$50,496,443 at September 30, 2014, with the large decrease mainly attributable to the implementation of GASB 68 on net pension obligation.
- The total net position increased by \$1,141,613 for 2015, and increased by \$2,937,787 for 2014; and of these amounts, governmental activities increased by \$748,423, while business type activities increased by \$393,190 during 2015, even after transferring \$500,000 to the General fund. During 2014, governmental activities net position increased \$2,778,925, and business type activities net position increased \$158,862.
- The City's governmental funds reported a combined ending fund balance of \$4,742,451 for 2015, and \$2,966,736 for 2014, an increase of \$1,775,715.
- Unassigned fund balance for the general fund was \$2,813,505 for 2015 or 21.2% of total general fund expenditures, compared to \$1,261,087 for 2014 or 9.5% of total general fund expenditures, as a result of conservative fiscal management.
- The City was voted Best Place to Live in Mississippi, Best Town for Weekend Visit, and Best Downtown Area in Mississippi Magazine for 2016.
- Smithsonian Magazine named Ocean Springs as one of the top 20 Small Towns to visit in the nation, and Coastal Magazine named the City the top five in the Happiest Seaside Town in 2015.
- The City recently received designation from Mississippi Department of Transportation as a Scenic Byway.
- In 2013 Ocean Springs was one of three Great American Main Street award winners in the United States.
- The City hosts the annual Peter Anderson Arts and Crafts Festival in November and it is known as the largest fine arts festival in the state with over 400 artists, crafters and food vendors along with over 100,000 visitors in attendance.

#### **Overview of the Financial Statements**

The City's basic financial statements comprise the following elements:

#### Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, health & welfare, economic development, and culture and recreation. The major business-type activities of the City include providing water and sewer services to the residents of the City of Ocean Springs.

#### Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting not only to ensure and demonstrate compliance with finance-related legal requirements but also to help control and manage money for particular purposes or to show it is meeting legal responsibilities for using certain taxes, grants, and other money. All of the funds of the City can be divided into two categories:

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

The City maintains twenty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the statement of revenues, expenditures, and changes in fund balances for the general fund, and the food and beverage tax fund, which are determined to be major funds, and the other governmental funds for the purpose of consistency. The general obligation debt service fund was also selected by the City to be reported as a major fund due to its importance to readers.

#### Proprietary Fund

The City maintains for enterprise funds, which is only one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Information is presented in the proprietary statement of net position and the statement of revenues, expenses, and changes in net position, along with a statement of cash flow.

#### Notes to the Financial Statements

Notes to the financial statements provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. Refer to Note 1 for more detailed information on the elements of the financial statements.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain other supplemental information. The budget comparison for the general fund is presented immediately after the basic financial statements as required supplemental information.

#### **Government-wide Financial Analysis**

The table below presents the City's condensed statement of net position as of September 30, 2015 and 2014.

#### Analysis of Government Wide Statement of Net Position:

The City's assets exceeded liabilities by \$37,478,302 for 2015 and by \$50,496,443 for 2014. By far, the largest portion of the City's net assets reflects its investment in capital assets, less any related debt used to acquire or construct those assets. In 2015 that amount increased by \$499,923 from \$46,804,888 in 2014 to \$47,304,811 in 2015, while the Capital assets, net of depreciation also decreased from \$68,058,288 in 2014 to \$67,561,729 in 2015. There remains \$2,165,058 of construction in progress on the fixed asset books at the end of 2015. The restricted net assets of \$1,540,872 are comprised of \$23,563 for capital improvements, \$253,047 for public safety, \$57,778 for culture, \$469,293 for economic development, and \$737,191 for future debt service.

## Analysis of Government Wide Statement of Activities:

#### Revenues

Total revenues for 2015 increased by \$2.5 million from \$20,539,782 in 2014 to \$22,991,558 in 2015. With the near completion of hurricane recovery, federal grants are returning to pre-hurricane levels. The following graphs reflect the revenues and expenses of the City and the percentage of total for each type.

*Property Tax* – Property tax accounts for \$3.8 million or 17% of the City's total revenues and is usually considered one of the most stable revenue sources for the City. The City's property tax revenue decreased by \$120,731 as compared to the previous year. The entire Gulf South Region is experiencing significant insurance cost increases, increased cost of construction due to new elevation requirements, and overall insurability issues.

Sales, Restaurant, and Hotel Tax – The most significant source of revenue for the City is sales taxes accounting for \$4.9 million or 22% of the City's total revenues. Sales tax increased as compared to the prior year by \$643,331, while Food & Beverage tax increased by \$122,519 from 2014.

#### Expenses

Total program expenses increased by \$1,240,827 from \$20,609,118 in 2014 to \$21,849,945 in 2015. The Chart below represents the cost of each of the City's major governmental activities functional areas for 2015:

		Total Cost of Service		Net Cost of Service
Governmental Activities:	 	··· ······	1	1
General Government	\$	1,985,235	\$	1,928,804
Public Safety		7,337,130		6,137,306
Public Works		2,401,806		1,384,002
Health and Welfare		369,378		369,378
Economic Development		864,805		583,084
Culture and Recreation		2,454,485		1,689,888
Interest on long term debt		697,389		697,389
Total Governmental activities	\$	16,110,228	\$	12,789,851

#### **Governmental Funds Analysis**

As of the close of the fiscal year, the City's governmental funds reported a combined ending fund balance of \$4,742,451, an increase of \$1.8 million from the previous fiscal year. Of that balance \$23,563 is restricted for capital improvements, \$469,293 for economic development, \$253,047 for public safety, \$57,778 for library support, and \$918,884 for future debt service payments, with the remainder unrestricted in the general fund.

- General Fund
  - 1. Fund balance totaled \$3,019,886, an increase of \$1.5 million from the previous year.
  - 2. Revenues increased \$1.3 million, while expenditures increased by only \$7,478.
  - 3. Received \$500,000 transfer from Water & Sewer funds.
  - 4. Received \$250,000 loan proceeds for Mary C. O'Keefe building roof repair.
- General Obligation Fund (Debt Service)
  - 1. Paid out \$498,484 in debt service, and received \$301,819 in property tax revenues.
  - 2. Fund Balance totaled \$181,384, a decrease of \$196,665 from the previous year.
- Food and Beverage Tax Fund
  - 1. Received \$1,204,356 in tax revenues.
  - 2. Paid out \$998,316 in costs, including \$896,293 of debt service.
  - 3. Fund balance totaled \$1,200,335, an increase of \$258,021 from the previous year.

#### **Enterprise Funds Analysis**

Total operating income decreased \$52,519 from previous year, and the net change in position was \$393,190 after transferring \$500,000 to the General fund, resulting in unrestricted net position of \$(653,765) at the end of 2015.

#### City of Ocean Springs, Mississippi Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Assets as of September 30, 2015

Total fund balances of governmental funds in the balance sheet, page 18		\$ 4,742,451
Amounts reported for governmental activities in the statement of net		
assets are different because:		
Capital assets used in governmental activities are not financial		
resources and, therefore, are not reported in the funds.		
Governmental capital assets	61,435,832	
Less: accumulated depreciation	(15,197,766)	46,238,066
Some liabilities, including net pension obligations, are not due and		
payable in the current period and, therefore, are not reported		
in the governmental funds.		
Net pension liability		(14,763,636)
Deferred outflows and inflows of resources related to pensions are		
to future periods and, therefore, are not reported in the funds:		
Deferred outflows of resources related to pensions	2,575,980	
Deferred inflows of resources related to pensions	(1,127,230)	1,448,750
Free terms Math 1991 - Start Blanch - descended and a data and		
Long-term liabilities, including bonds payable are not due and		
payable in the current period and, therefore, are not reported in the funds. Also governmental funds report the effect of		
issuance costs when debt is first issued, whereas these amounts		
are deferred and amortized in the statement of activities.		
Deferred charges on bond discounts	202,361	
Accrued interest payable	(181,693)	
Governmental bonds and notes payable	(14,884,401)	
Compensated absences payable	(620,977)	(15,484,710)
Net position of governmental activities, page 16		\$ 22,180,921

City of Ocean Springs, Mississippi Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities for the Fiscal Year Ended September 30, 2015

Amounts reported for governmental activities in the statement of activities are differe	nt because:		
Net change in fund balances of governmental funds, page 20		\$ 1,775,715	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.			
Expenditures for capital assets	1,016,386		
Less: current year depreciation	(1,301,420)	(285,034)	
When assets are sold or retired in the fund statements the entire amount is			
shown in the fund statements, however, only the difference in book value			
and income received is shown as income in the government wide statements. Loss on disposal of assets		(6,486)	
Repayment of borrowed principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets			
Proceeds of loan	(250,000)		
Principal debt repayments	793,669	543,669	
The statement of Activities reports an expense equal to the City's proportionate	1455		
share of the net pension expense for the cost sharing pension plan, however,			
in governmental funds, the cost sharing expenses are measured by the current			
amount of contributions made to the plan Pension expense	(1,477,762)		
Deferred outflow of current year pension contributions subsequent to	(1,477,702)		
measurement date	213,107	(1,264,655)	
		(-,,,,	
Some expenses reported in the statement of activities do not require the use of			
current financial resources and are not reported as expenditures in governmental funds.			
Accrued interest expense	(15,098)		
A mortization of bond discounts	(11,242)		
Change in long-term compensated absences	11,554	 (14,786)	
Change in net position of governmental activities, page 17		\$ 748,423	

The Accompanying Notes are an Integral Part of the Financial Statements.

#### I. Summary of Significant Accounting Policies

The financial statements of the City of Ocean Springs, Mississippi (the City) have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) applicable to governmental units. The following is a summary of the more significant accounting policies of the City:

#### (A) Reporting Entity

The City of Ocean Springs, Mississippi was incorporated on September 10, 1892 under the laws of the State of Mississippi. The City operates under a Mayor-Alderman form of government and provides the following services: public safety, (police, fire, and civil defense), public works (highways, streets, and sanitation), health and social services, culture-recreation, community development, planning and zoning, and general administrative services.

The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. As required by GAAP, these financial statements present the City of Ocean Springs (the primary government) and its components.

#### (B) Component Unit Disclosure

The criteria for including component units consists of identification of legally separate organizations for which the elected officials of the City are financially accountable. This criteria also includes identification of organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are in substance, part of the government's operations, therefore data from these units is combined with data of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the government. The City has no component units.

#### (C) Related Organizations

The Ocean Springs Municipal Separate School District has been excluded from the reporting entity, because it is an "other stand-alone government". The school district is a related organization of, but not a component unit of the City of Ocean Springs. Although the governing authorities of the City select a majority of the school district's board, they do not have ongoing financial accountability for the school district.

#### (D) Joint Ventures and Jointly Governed Organizations

Additionally, during its evaluation of potential component units, management identified one joint venture (Mississippi Gulf Coast Regional Wastewater Authority), and one jointly governed organization (the Jackson-George Regional Library System).

A joint venture is a legal entity or other organization that results from a contractual arrangement that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. Generally, the purpose of a joint venture is to pool resources and share the costs, risks, and rewards of providing goods or services to the venture participants directly, or for the benefit of the general public or specific service recipients. City of Ocean Springs, Mississippi Notes to the Financial Statements For the Year Ended September 30, 2015

A jointly governed organization is similar in nature to a joint venture in that they provide goods and services to the citizenry of two or more governments. However, they do not meet the definition of a joint venture because there is no ongoing significant financial interest or responsibility by the participating governments.

#### (E) Basic Financial Statements- GASB Statement 34

#### **Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. While the previous financial reporting model emphasized fund types (the total of all funds of a particular type), the new financial reporting model focuses on either the City as a whole, or on major individual funds (within the fund financial statements). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type.

The government-wide financial statements, including the *statement of net position* and the *statement of activities*, report information on all of the non-fiduciary activities of the City. For the most part, the effect of interfund activity has been removed from the statements. Governmental activities, which are primarily supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely extensively on fees and charges for support. In the government-wide statement of net position, both the governmental and business-type activities columns are presented on a consolidated basis by column, and are reflected on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major enterprise funds are reported as separate columns in the fund financial statements.

#### (F) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become susceptible to accrual, i.e., measurable and available to pay liabilities of the current period.

City of Ocean Springs, Mississippi Notes to the Financial Statements For the Year Ended September 30, 2015

Available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recognized when the related fund liability is incurred, if measurable, except for interest on long-term debt and the long-term portion of accumulated compensated absences, which are recognized when due.

Year-end accruals of ad valorem taxes, sales taxes, and franchise fees are based upon actual collections of amounts remitted to the City within 60 days of year end. Anticipated refunds of taxes are recorded as liabilities and reductions of revenue when they are measurable. Other licenses and permits, charges for services, fines and penalties, and miscellaneous revenues are recorded as revenues when they are received, as they are generally not measurable until actually received; however, charges for services which are measurable are recorded as revenue in the period earned.

In applying the "susceptible to accrual" concept to intergovernmental revenues pursuant to GASB Statement No. 33 the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenue when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should, under most circumstances, be reported as advances by the provider and deferred revenue by the recipient.

The financial transactions of the City are recorded in the individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures / expenses. The various funds are reported by generic classification within the financial statements.

GASB Statement No. 34 sets forth minimum criteria for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal operations. The principal operating revenues of the Water, Sewer and Garbage Collection funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The preparation of the basic financial statements in conformity with GAAP requires management to make use of estimates that affect reported amounts in the basic financial statements. Actual results could differ from estimates.

#### (G) Fund Types and Major Funds

#### **Governmental Funds**

Governmental funds are those funds through which the City finances most of its municipal services and are accounted for on the basis of a spending measurement focus. The focus on governmental funds is on the determination of changes in financial position rather than upon net income determination. The City's major governmental funds are as follows:

#### City of Ocean Springs, Mississippi Notes to the Financial Statements For the Year Ended September 30, 2015

General Fund is the City's primary operating fund. It is used to account for all financial resources of the general government except those required to be accounted for in a separate fund. This fund is always classified as a major fund by definition.

General Obligation Fund is used to account for the accumulation of resources for and the payment of general long-term debt principal, interest, and related costs. Revenues are received primarily from a separate property tax levy. This fund was selected to be classified as a major fund due to the type of expenditures.

**Food and Beverage Tax Special Revenue Fund** is used to account for a special 2% sales tax on local food and beverage sales. This money will be used for economic development projects and will repay the debt on a recent \$10.7 million bond issue. This fund was deemed to be a major fund by the requirements set forth in GASB 34 issued by the Governmental Accounting Standards.

Other Non-Major Governmental Funds is a summarization of all non-major governmental funds including:

#### Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

#### **Capital Projects Funds**

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

#### **Proprietary Funds**

The focus of Proprietary Fund measurement is upon determination of operating income, changes in fund net position, financial position, and cash flows, which is similar to businesses. The following is a description of the Proprietary Funds of the City:

#### **Enterprise Funds**

The Water Fund and the Sewer Fund account for the activities of the City's water and sewer systems, the Garbage Collection Fund accounts for the activities of the City's solid waste collection system.

Non-Major Proprietary Fund accounts for the City's utility deposits.

#### Non-Current Governmental Assets / Liabilities

GASB Statement No. 34 eliminates the presentation of Account Groups, but provides for these records to be maintained and incorporates the information into the Governmental Activities column in the government-wide Statement of Net Position.

#### (H) Assets, Liabilities and Net Position or Equity

#### **Cash and Cash Equivalents**

The City considers cash on hand, demand deposits, certificates of deposit, and bank repurchase agreements as cash and cash equivalents. In addition, each fund's equity in the City's investment pool has been treated as a cash equivalent since cash may be deposited or withdrawn from the pool at any time without prior notice or penalty.

RECEIVED SEP 1 2 2016

## Accounts Receivable

Accounts receivable are recorded in the Governmental and Business-type Funds. Where appropriate, an associated allowance for doubtful accounts has been established in the related fund.

#### Inventories

Governmental and Proprietary Fund inventories are valued at the lower of cost (first-in, first-out) or market. Inventories consist of expendable supplies held for consumption. The cost is recorded as expenditure at the time individual inventory items are consumed.

#### **Capital Assets**

Capital assets, including land, buildings, improvements other than buildings, infrastructure (i.e., roads, bridges, street lighting, and other similar items), and equipment are reported in the applicable governmental and business-type activities columns in the government-wide financial statements. The City's capitalization levels are as follows: purchased assets costing more than \$5,000 are capitalized; building renovations are capitalized when their cost exceeds 25% of the building's previously capitalized cost and if the repair extends the building's estimated useful life; contributed capital assets are capitalized and recorded at the estimated market value at the time of the contribution. Salvage values range from 10% to 30% of cost. Assets acquired using capital lease obligations are treated in the same manner as purchased capital assets. Depreciation of capital assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	40-50 years
Improvements	40-50 years
Infrastructure	20-60 years
Equipment	3-15 years

#### **Compensated Absences**

The City accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee. Employees are paid for up to 30 days of unused vacation and all unused comp time upon retirement or termination, while excess vacation and all accumulated sick leave remaining are counted as creditable service toward retirement.

#### Post Employment Health Care Benefits

The City has no known costs associated with post-employment benefits for retired employees.

#### **Interfund Transactions**

Disbursements made by one fund which are properly chargeable to another fund result in the creation of interfund receivables and payables. This type of transaction is normally settled by a cash payment between the funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government financial statements as "internal balances". All other interfund transactions are accounted for as either an operating transfer or a capital transfer. A capital transfer results when a governmental fund permanently transfers funds to a proprietary fund as a capital infusion for the construction of fixed assets, for example. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government wide columnar presentation.

#### **Advances to Other Funds**

Various funds have made short-term advances to other funds. These advances, shown as "Due From Other Funds", are temporary in nature, bear no interest, and are considered "available spendable resources". Long-term advances, if any, are those for which the timing of repayment is uncertain; thus, an allocable portion of fund balance would be reserved in governmental funds.

#### Bond Discounts, Bond Premiums, and Issuance Costs

In governmental funds, bond discounts, bond premiums, and issuance costs are treated as period costs in the year of issue and are shown as "Other Financing Sources (Uses)".

In proprietary funds (and for governmental activities, in government-wide statements) bond discounts, and bond premiums, are deferred and amortized over the term of the bonds using the bonds outstanding method, which approximates the effective interest method. Bond issuance costs are expensed when incurred.

#### **Restrictions of Fund Equity**

The City does not have a formal minimum fund balance policy; however, the Mississippi State Code does not allow deficit fund balances. There were no individual funds reported with deficit fund balances.

Note III (I) discusses in more detail the fund balance classification determinations for the governmental funds.

#### II. Stewardship, Compliance and Accountability:

#### A. Budgetary Data

The procedures used by the City in establishing the budgetary data reflected in the combined financial statements are as follows:

- 1. Prior to October 1, the Mayor submits to the Board of Aldermen a proposed operating budget for the fiscal year beginning October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. Not later than September 15, the budget is legally enacted through passage of a resolution.
- 4. The budgetary comparisons present budget figures at the legal level of control. The City legally adopts annual budgets for all funds. The Board of Aldermen formally adopts the annual budget for the general fund with revenues segregated by source (ad valorem tax, licenses and permits, intergovernmental, etc.). The general fund expenditure budget is set at the character level (current, capital outlay, debt service) for each department (function) with current expenditures further detailed at the object level (personal services, supplies, other services and charges, and contractual services).

- 5. The budget for capital project funds is adopted at total fund type level with the revenue budget set at the source level and expenditures set at the total expenditure level. Proprietary fund budgets are adopted for the Water and Sewer Funds with revenues delineated at the source level (total intergovernmental revenue and total charges for services) and expenditure budgets delineated by character (current, capital outlay, debt service).
- 6. State statutes authorize the State Auditor to regulate the municipal budget process. Expenditures must be defined to the minimum level prescribed by the State Auditor. The State Auditor has set this level at the purpose level. Municipalities are prohibited from spending in excess of the lowest level adopted in the budget except for the capital outlay, election expense, and emergency warrants.
- 7. Formal budgetary integration at the "account level" is employed by management for expenditure control purposes. Management may transfer budget items between expenditure accounts within each character grouping of the expenditure accounts for each department.
- 8. The City's budgets are adopted in accordance with state statutes and regulations of the State Auditor and not on a basis consistent with Generally Accepted Governmental Accounting Principles. The budgets for revenues are on a cash basis revenue is recognized if actually received within the year. Budgeted expenditures are on the cash basis with allowance for encumbrances for goods and services actually received prior to year-end and liquidated (paid) within thirty days after year-end. Accounting principles applied in preparation of the budget comparison statements differ from the generally accepted accounting principles used in preparation of the fund financial statements. These differences in the principles used results in timing differences in the recognition of revenues and expenditures. Below is a reconciliation of the General Fund Statement of Revenues, Expenditures and Changes in Fund Balance, Budget and Actual Budget Basis to the General Fund column of the Statement of Revenues, Expenditures and Changes in Fund Balance Governmental Funds:

	General Fund		ood and verage Tax Fund
Excess (deficiency) of revenues over			
expenditures, budgetary basis	\$ (219,770)	\$	185,543
Adjustments .			
To convert receivables	344,395		(1,492)
To convert liabilities	 (4,369)	_	23,989
Totals, GAAP basis	\$ 120,256	\$	208,040

#### **B. Excess Expenditures over Appropriations**

There were no funds with excess expenditures over appropriations and available resources in individual funds for the current year.

#### III. Detail Notes - All Funds

#### A. Property Tax Revenues

The City levies a tax on real and personal property based on the assessed value of property as compiled by the Jackson County Tax Assessor. The taxes on real and personal property attach as an enforceable lien on the property as of January 1 of each year. Taxes on real and personal property are levied by the Board of Aldermen at the first regular meeting in September. Through an inter-local agreement, all of the property taxes of the City of Ocean Springs are collected by the Jackson County Tax Collector and remitted as tax settlements (less an appropriate collection fee) to the City on a monthly basis. Taxes for the Ocean Springs Municipal Separate School District are also billed and collected by the county and remitted to the schools through the City.

In accordance with the Mississippi Code of 1972, as amended, the Board of Aldermen may levy taxes in any amount for general revenue purposes and general improvements. However, taxes collected for any one year may not exceed one hundred and ten percent (110%) of the taxes collected for the prior assessment year. For purposes of the computation, taxes collected in the current year resulting from property added to the tax assessment roll are excluded from the computation. In addition, the Board of Aldermen may levy additional taxes for specific purposes, such as culture and recreation, as authorized by law.

The tax levies approved by the Board to be collected during the fiscal years indicated below are as follows:

	2015-2016 Millage	2014-2015 Millage	2013-2014 Millage
City Funds			
General	19.05	19.05	19.05
Library maintenance	2.77	1.01	1.01
Debt service	1.77	1.77	1.77
Total City administered funds	22.83	21.83	21.83
School Funds			
District maintenance	55.75	55.00	55.00
School debt	13.90	14,61	14.63
Total School administered funds	69.65	69.61	69.61
Total levy	92.48	91.44	91.46

#### **B.** Deposits and Investments

#### Deposits

The City deposits funds in financial institutions selected by the Board of Aldermen in accordance with state statutes. Furthermore, the City invests excess funds in various investment instruments that are allowed by statutes. Various restrictions on deposits and investments are imposed by statutes. Deposits and investments are summarized below.

Deposits consist of cash amounts in demand accounts and certificates of deposit. The collateral for public entities' deposits in financial institutions are now held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation (FDIC). By using this multiple financial institution collateral pool, all of the City's deposits at September 30, 2014 fall into the credit risk category of "Insured or collateralized with securities held by the entity or by its agent in the entity's name".

The City awarded Hancock Bank the designated depository for calendar year 2014-2015, who then allocates resulting balances of cash to other City approved depositories as follows:

	Allocation
Hancock Bank	60.00%
Peoples Bank	10.00%
BancorpSouth Bank	30.00%
Total	100.00%

*Custodial Credit Risk.* Deposits. Custodial credit risk is the risk that in the event of a depository failure, the City's deposits may not be returned to it. The City does not have a formal policy for custodial credit risk. However, state law permits the Mississippi State Treasurer's office to manage that risk on behalf of the City. Deposits above FDIC coverage are collateralized by the pledging financial institutions' trust department or agent in the name of the Mississippi State Treasurer on behalf of the City. By signed agreement the Mississippi State Treasurer's office is acting on behalf of the City. Deposits at September 30, 2015 (including restricted deposits) are as follows:

	Bank Balances		Carrying Value		
Pooled deposits:	-				
Cash and cash equivalents	\$	4,817,976	\$	4,772,434	
Non-pooled deposits:					
Cash and cash equivalents		210,670		260,394	
Total	\$	5,028,646	\$	5,032,828	
Reconciliation to Government-wide Stateme of Net Position:	nt				
Government activities:

Business-type activities:			÷	=,,	
Unrestricted cash				1,508,144	
Restricted (Utility deposits)			1	485,431	
Total				4,772,434	
Agency fund cash (not included in governm	ient-			- the state	
wide statements)				260,394	
Total			\$	5,032,828	

## Investments

The debt service reserve of \$737,500 is invested in the Hancock Horizon Government Mutual fund, which is uninsured and unregistered and is not backed by the full faith and credit of the federal government, however is exclusively made up of short-term U.S. Government Securities.

#### C. Receivables

The Statement of Net Position of the City of Ocean Springs includes the following receivables at September 30, 2015:

Taxes receivable:		
Franchise taxes	\$	238,910
Sales, restaurant, and hotel taxes		684,465
Ad valorem taxes		89,668
Total taxes receivable	\$ _	1,013,043
Customer accounts receivable:		
Garbage fees	\$	248,763
Water and sewer utility charges (billed)		1,016,291
Less allowance for doubtful accounts		(748,256)
Customer accounts receivable earned but not billed		175,894
Total customer accounts receivable, net	\$ =	692,692
Grants receivable:		
Federal, state, and local grants	\$ _	893,715
Prepaid Insurance		,

Prepaid Insurance at September 30, 2015 consists of the following:		
Governmental Funds (Building & Liability)	\$206	.381

## E. Interfund Transactions

D.

Almost all funds are pooled into one bank account, therefore limiting the need for interfund loans, except for grant funds that have been expended but not yet reimbursed by year end. Interfund loans are reported on the government wide statements as internal balances. The following is a recap of interfund loans as of September 30, 2015:

Receivable Fund	Payable Fund	Amount
General Fund	Other governmental funds	\$ 210,653
Other governmental funds	General Fund	2,395
Water Fund	General Fund	8,598
Sewer Fund	General Fund	 2,818
Total		\$ 224,464

## E. Interfund Transactions (Continued)

Transfers Out	Transfers In	 Amount
General Funds	Other governmental funds	\$ 5,333
Other governmental funds	Food and Beverage Tax Fund	49,981
	General Fund	8,942
Water Fund	General Fund	250,000
Sewer Fund	General Fund	 250,000
Total		\$ 564,256

Interfund transfers for the year ended September 30, 2015 are as follows:

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

## F. Capital Assets

Capital asset activity for the year ended September 30, 2015 is as follows:

Sewer system		184,574
Total	-	583,545
Total All Depreciation	\$	1,884,965

## G. Capital Leases

The City has entered into several capital leases to finance the purchase of equipment and vehicles. The purchases were financed at a fixed, simple interest rate. Title to the assets is held in the name of the City and the banks as lien holder. The City insures the assets and accounts for the leases as financing arrangements. The City will make the following future payments of principal and interest on all leases:

	I	Principal	1	nterest	Total
2016	\$	125,580	\$	79,053	\$ 204,633
2017		125,247		71,687	196,934
2018		133,017		63,918	196,935

Total Business Type Debt Less: Current Portion			5,458,480 (465,388)
Total Business Type Long-Term Debt			\$ 4,993,092

#### H. Long-Term Debt (Continued)

The annual requirements to pay principal and interest on the bonds, notes and loans outstanding at September 30, 2015 are as follows:

Year	Go	vernmental Type A	Activities	Busi	ness Type Activi	ties
Ending	Principal	Interest	Total	Principal	Interest	Total
2016	726,258	566,05	1,292,308	465,388	118,815	584,203
2017	647,662	544,43	1,192,093	478,459	105,742	584,201
2018	668,504	524,64	1,193,151	427,523	92,892	520,415
2019	689,371	503,42	1,192,797	404,295	82,981	487,276
2020	665,264	480,60	1,145,866	414,002	73,276	487,278
2021-2025	3,424,845	2,015,19	5,440,038	1,871,780	231,148	2,102,928
2026-2030	4,180,000	1,221,13	5,401,138	1,171,146	56,955	1,228,101
2031-2034	2,600,000	341,58	2,941,582	139,924	2,874	142,798
¢	\$ 13,601,904	\$ 6,197,06	9 \$ 19,798,973	\$ 5,372,517	\$ 764,683	\$ 6,137,200

The City's legal debt limit for general obligation debt is as follows:

Assessed valuations 2015 (inside the City):

Real property	\$	138,328,422
Personal property		10,280,654
Public utility		10,259,417
Autos, estimated		20,527,098
Total assessed valuations	<u>\$</u>	179,395,591
Fifteen percent (15%) of total assessed valuation	\$	26,909,339
Less: outstanding general obligation debt at 9/30/15	_	(3,815,000)
Remaining	\$	23,094,339

The Board of Aldermen annually adopts a resolution providing for the amount of property tax millage necessary to be levied and collected by the City in the next fiscal year for the payment during such year of principal and interest on all outstanding general obligation bonds of the City. The City's debt service millage rate for the year ended September 30, 2015, again remained at 1.77 mills or \$1.77 per \$1,000 of assessed value.

#### I. Fund Balance Disclosures

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies governmental fund balances as follows:

**Non-spendable** - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints. The City currently only has prepaid insurance reported as non-spendable fund balance.

#### I. Fund Balance Disclosures (continued)

**Restricted** – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

**Committed** – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year end. The City has no committed fund balances at this time.

Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Board or by an official or body to which the Board delegates authority. The City has no assigned fund balances reported at this time.

**Unassigned** – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The Board of Alderman establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as special incentives). Assigned fund balance is established by the Board through adoption or amendment of the budget as intended for specific purpose (such as the purchase of fixed assets, construction, debt service, or for other purposes).

The City uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

#### J. Retirement Plans

#### PERS' Defined Benefit Pension Plan

All full-time City employees hired after June 30, 1987, participate in the Public Employees' Retirement System of Mississippi (PERS). Other City employees hired prior to July 1, 1987 may elect to participate in the retirement system under an option offered by PERS.

Plan Description: The City of Ocean Springs contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employee Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201 or by calling (601) 359-3589 or 1-800-444 PERS.

#### J. Retirement Plans (Continued)

Benefits provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

*Contributions*: PERS members are required to contribute 9.00% of their annual covered salary, and the City is required to contribute at an actuarially determined rate. The employer's rate for the fiscal year ended September 30, 2015 was 15.75% of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The City's contributions to PERS for the fiscal years ending September 30, 2015, 2014, and 2013 were \$1,078,020, \$1,115,367, and \$1,044,765, respectively, which equaled the required contributions for each year.

## Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2015, the City reported a liability of \$17,003,831 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's portion of the net pension liability was based on a projection of the City's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. At September 30, 2015, the City's proportionate share was .11% percent.

For the year ended September 30, 2015, the City recognized pension expense of \$1,701,994. At September 30, 2015 the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

## J. Retirement Plans (Continued)

		Deferred Outflows of Resources	 Deferred Inflows of Resources
Differences between expected and actual Experience	\$	261,680	\$ 
Net difference between projected and actual earnings on pension plan investments		994,906	1,298,273
Changes in proportion and differences between City contributions and	ŝ.		
proportionate share of contributions		1,464,822	-
City contributions subsequent to the measurement date		245,444	
Total	\$	2,966,852	\$ 1,298,273

\$245,444 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended		
September 30:		
2016	\$ 558,902	
2017	558,902	
2018	381,174	
2019	(75,842	.)

Actuarial assumptions. The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.75 - 19.00 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2000 Combined Mortality Table Projected with Scale BB to 2016, set forward one year for males. The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2014. The experience report is dated May 4, 2015.

The long-term expected rate of return on pension plan investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class.

These ranges ae combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

## J. Retirement Plans (Continued)

	Target	Long-Term Expected Real
Asset Class	Allocation	Rate of Return
U.S. Broad	34%	5.20%
International Equity	19	5.00
Emerging Markets Equity	8	5.45
Fixed Income	20	0.25
Real Assets	10	4.00
Private Equity	8	6.15
Cash	1	(0.50)
Total	100%	

*Discount rate.* The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 8 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7 percent) or 1-percentage-point higher (9 percent) than the current rate:

	10/ D	Current Discount	1%		
City's proportionate	 1% Decrease (6.75%)	Rate (7.75%)		Increase (8.75%)	
share of the net pension liability	\$ 22,412,607	\$ 17,003,831	\$	12,515,558	

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

#### **Deferred Compensation Plan**

The City also offers employees voluntary participation in a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, Group Flexible Fund Retirement Contracts, administered by Nationwide Retirement Solutions, Inc., permits employees to defer a portion of their salary until future years. All plan assets are held in trust by Nationwide for the exclusive benefit of the participants and their beneficiaries and not subject to the claims of the City's general creditors.

## K. Community Development Block Grant Program

#### **Status of Grants**

The City of Ocean Springs was awarded a grant by the Department of Housing and Urban Development Community Block Grant Program for the purpose of providing sidewalks on front beach as detailed below:

		Awarded	Expended		Expended		
Round III Community Revitalization Front Beach Sidewalks	s	2,247,388	s		\$	1,955,608	
	4	_, ,	*		· ·	-,,	

## L. Related Party Commitments

#### **Joint Venture**

The City of Ocean Springs is a member of the Jackson County Utility Authority (Authority) which was established by an act of the Mississippi Legislature and operates under MS Code 49-17-701 to provide for adequate wastewater treatment and solid waste disposal services to the citizens of Jackson County, Mississippi.

The governing board is comprised of one member from each of the cities and two members from each of the counties who are members of the Authority. Through a fifty-year contract, the City of Ocean Springs is obligated to pay monthly, its pro-rata share of all operating, administrative, and capital costs of the Authority. Additionally, the City is jointly and severally liable for all of the liabilities of the Authority. The Authority is classified as a joint venture between the City of Ocean Springs and the other members. The following is a synopsis of the Authority's financial statements as of and for the year ended September 30, 2015, a complete copy of which is on file at the administrative offices of the Authority.

## Jackson County Utility Authority Statement of Net Position

Statement of Revenues, Expenditures and

The following financial information concerning transactions with the Authority has been included in the City of Ocean Springs's financial statements under the following captions:

#### Sewer Enterprise Fund Group

Statement of revenues, expenses and changes in fund balance:	
Contractual Services (wastewater treatment)	\$ <u>1,542,698</u>

#### M. Jointly Governed Organizations

**Jackson George Regional Library System** – On November 2, 1970, the City entered into an agreement with the Cities of Moss Point, Pascagoula, Gautier, and Lucedale, and the Board of Supervisors of Jackson and George Counties, to mutually cooperate in securing a more economical public library system through combined resources, interests, materials and facilities to be known as the Jackson George Regional Library System. There are no specific monetary terms in the agreement and the City of Ocean Springs has no equity interest in the organization.

The City of Ocean Springs contributed \$177,769 for the year ended September 30, 2015 through proceeds of a specific tax levy authorized by MS Code 39-3-13. The amount budgeted for the City of Ocean Springs for the fiscal year ended September 30, 2016 is \$179,670, which includes \$135,000 of appropriations and \$44,670 of building insurance and repairs. This agreement is cancelable upon 90 days written notice prior to the end of the fiscal year and therefore, the City of Ocean Springs does not have an ongoing financial responsibility.

## N. Other Commitments

In connection with the Capital Projects, the City budgeted certain commitments for engineering services, construction and other capital project costs. The projects are to be funded, in part, with State and Federal grants. The remainder of the required funds will be generated by local sources. The following is a summary of the budgeted commitment for future capital projects:

	ontract mount	Expended to Date		maining ontract
Ocean Springs Harbor	\$ 736,320	\$	264,707	\$ 471,613
Government Street Signal	528,644		489,214	39,430
Street Scape Phase III	480,744		140,326	340,418
Hawk Pedestrian Gov't St.	1,122,592		37,363	1,085,229

	Total prior period adjustment related to			
	GASB 68 and 71		_	(1,828,470)
То	tal Prior Period Adjustments		\$_	(14,159,754)

## P. Subsequent Events

Events that occur after the statement of net position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. Management of the City of Ocean Springs evaluated the activity of the City through July 25, 2016, and determined there were no reportable subsequent events that require disclosure in the notes to the financial statements.

## City of Ocean Springs, Mississippi Schedule of Expenditures of Federal Awards For the Year Ended September 30, 2015

# NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the City of Ocean Springs and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the presentation of, the basic financial statements.

## NOTE 2. LOAN AGREEMENTS OUTSTANDING

Proceeds of various State Revolving Funds were obtained and expended in prior years for sewer rehabilitation, capital improvements and drinking water system improvements. The State Revolving Funds are financed, at least in part, by the U.S. Environmental Protection Agency. The Community Disaster Loan is financed by the U.S Department of Homeland Security. The principal balance outstanding on these loans as of September 30, 2015 was:

	Current Feder Expendi	al	Federal Loan Balance	Total Loan Balance
State Revolving Loan # SRF-C280752-01-3	\$		\$ 173,589	\$ 214,307
State Revolving Loan # SRF-C280752-02-2		-	273,875	944,398

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Aldermen City of Ocean Springs, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the financial statements of *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Ocean Springs, Mississippi ("City"), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated July 25, 2016.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide any opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To the Board of Aldermen City of Ocean Springs, Mississippi

#### Report on Compliance for Each Major Federal Program

We have audited the City of Ocean Springs, Mississippi's (City's) compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2015. The City's major federal programs are identified in the summary of the auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the City's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the City of Ocean Springs, Mississippi complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

RECEIVED

#### **Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the type of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance over compliance with a type of compliance with a type of compliance is a deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH MISSISSIPPI'S STATE LAWS AND REGULATIONS

24 7-

To the Board of Aldermen City of Ocean Springs, Mississippi

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Ocean Springs, Mississippi as of and for the year ended September 30, 2015, which collectively comprise the City's basic financial statements and have issued our report thereon dated July 25, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of procedures performed to test compliance with certain other state laws and regulations and our audit of the financial statements did not disclose any instances of noncompliance with other state laws and regulations.

This report is intended solely for the information and use of the City of Ocean Springs, Mississippi's aldermen and management, federal awarding agencies, the Office of the State Auditor and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
