#### INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Board of Aldermen Town of Shannon, Mississippi

We have audited the accompanying Statement of Cash Receipts and Disbursements of the Town of Shannon, Mississippi and as of and for the year ended September 30, 2015 and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement of Cash Receipts and Disbursements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

As described more fully in Note 1, the Town of Shannon, Mississippi has prepared these financial statements using accounting practices prescribed or permitted by the Mississippi Office of the State Auditor, which practices differ from accounting principles generally accepted in the United States of America. The effect on the financial statements of the variances between these

regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Town of Shannon, Mississippi as of September 30, 2015, the changes in its financial position, or, where applicable, its cash flows for the year then ended. Further, the Town of Shannon, Mississippi has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements. In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash balances of each fund of the Town of Shannon, Mississippi, as of September 30, 2015 and the respective cash receipts and disbursements for the year then ended in accordance with the basis of accounting described in Note 1.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the Statement of Cash Receipts and Disbursements of the Town of Shannon, Mississippi taken as a whole. Supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental information section is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information in those schedules has been subjected to the auditing procedures applied in the audit of the Statement of Cash Receipts and Disbursements and, in our opinion, is fairly presented in all material respects in relation to the Statement of Cash Receipts and Disbursements taken as a whole.

In accordance with *Governmental Auditing Standards*, we have also issued our report dated July 19, 2016, on our consideration of the Town of Shannon, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the results of our audit.

This report is intended for the information of the Town's management and the Office of the Mississippi State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **General Information**

The Town operates under the mayor/board of aldermen form of government and provides services as authorized by law.

#### **Basis of Accounting**

The Town of Shannon prepares its financial statements on the cash receipts and disbursements basis of accounting as permitted by the Mississippi Office of the State Auditor. This basis of accounting differs from generally accepted accounting principles in that revenues are recognized when received rather than when measurable and available as net current assets and expenditures are recognized when the funds are disbursed rather than when the liability is incurred. Consequently, these financial statements are not intended to present financial position or results of operations in accordance with generally accepted accounting principles. Under this basis of accounting, the Town has elected to omit substantially all government-wide financial statements, fund financial statements, management discussion and analysis, required supplemental information, and other supplemental information required under generally accepted accounting principles.

#### **Government-Wide Financial Statements**

The statement of cash receipts and disbursements displays information on all non-fiduciary activities of the primary government. The statement distinguishes between those activities of the Town that are governmental, which are normally supported by taxes and intergovernmental revenues, and those that are considered business-type activities, which rely to a significant extent on fees and charges for support.

The statement of cash receipts and disbursements presents a comparison between direct expenses and program revenues for each program or function of the Town's governmental activities and for the business-type activities of the Town. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods and services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the Town, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Town.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Financial Statement Presentation**

The Town reports the following governmental funds:

General Fund – The general fund is established to account for resources devoted to financing the general services that the Town performs for its citizens. General tax revenues and other sources of revenue used to finance the fundamental operations of the Town are included in this fund. The fund is charged with all cost of operating the government for which a separate fund has not been established.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted for specific expenditure purposes. Special Revenue Funds include the Fire Insurance Fund and the Home Grant Program Fund.

Capital Projects Fund – Capital Projects Funds are used to account for financial resources such as proceeds from the sale of bonds, bond anticipation notes, capital notes, transfers from governmental funds, and federal and state grants, all provided for the specific purpose of constructing, reconstructing or acquiring permanent or semi-permanent capital improvements. The Town Hall Building Fund is a Capital Project Fund.

The Town reports the following proprietary funds:

Proprietary Funds – Proprietary Funds are used to account for operations which are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods and services to general public on a continuing basis be financed or recovered primarily through user changes, or where the governing body has decided that periodic determination or revenues earned, expenses incurred or net income is appropriate for capital maintenance, public policy, management control accountability, or other purposes. Proprietary funds include the Water and Sewer Fund and the Gas Fund.

#### **Cash and Cash Equivalents**

The Town considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

#### Revenues and Expenditures/Expenses

Revenue for governmental and proprietary funds are recorded when they are received. Expenditures for governmental funds are recorded when paid.

#### **Property Tax Revenue**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and are due and payable at that time. All unpaid taxes levied October 1 become delinquent February 1 of the following year. Property taxes are recognized as revenues when they are received.

#### NOTE 2 - CASH AND OTHER DEPOSITS

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

#### **NOTE 3 - PROPERTY TAXES**

Property taxes, except motor vehicles, attach as an enforceable lien on property on January 1. The Town bills and collects its own property taxes, except motor vehicle taxes. Motor vehicle taxes are collected by the County Tax Collector and remitted to the Town.

#### **NOTE 4 - LONG TERM DEBT**

The annual requirements to amortize all debt outstanding as of September 30, 2015, including interest payments of \$339,245 are as follows:

Fiscal Year Ended September 30,		MDA Loans	CAP Loans	FHA Loans	Interest	Total
2016	\$	6,529 \$	22,000 \$	10,196 \$	32,914 \$	71,639
2017		6,728	23,000	10,691	31,494	71,913
2018		6,933	24,000	11,210	30,012	72,155
2019		7,144	26,000	11,754	25,449	70,347
2020		6,751	27,000	12,325	26,805	72,882
2021-2025		40,302	154,000	71,201	106,827	372,330
2026-2030		46,891	72,000	90,247	59,273	268,411
2031-2035		40,874	-	120,812	26,471	188,157
	\$_	162,152 \$	348,000 \$	338,436 \$	339,245 \$	1,187,833

#### NOTE 5 - DEFINED BENEFIT PENSION PLAN

<u>Plan Description</u> - The Town of Shannon contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employee Retirement System, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling (601) 359-3589 or 1(800) 444 PERS.

<u>Funding Policy</u> - PERS members are required to contribute 9.00% of their annual covered salary and the Town of Shannon is required to contribute at an actuarially determined rate. The current rate is 15.75% of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The Town of Shannon's contributions to PERS for the years ending September 30, 2015, 2014, and 2013 were \$55,372, \$51,937, and \$46,729, respectively, equal to the required contributions for the year.

#### **NOTE 6 - RISK MANAGEMENT**

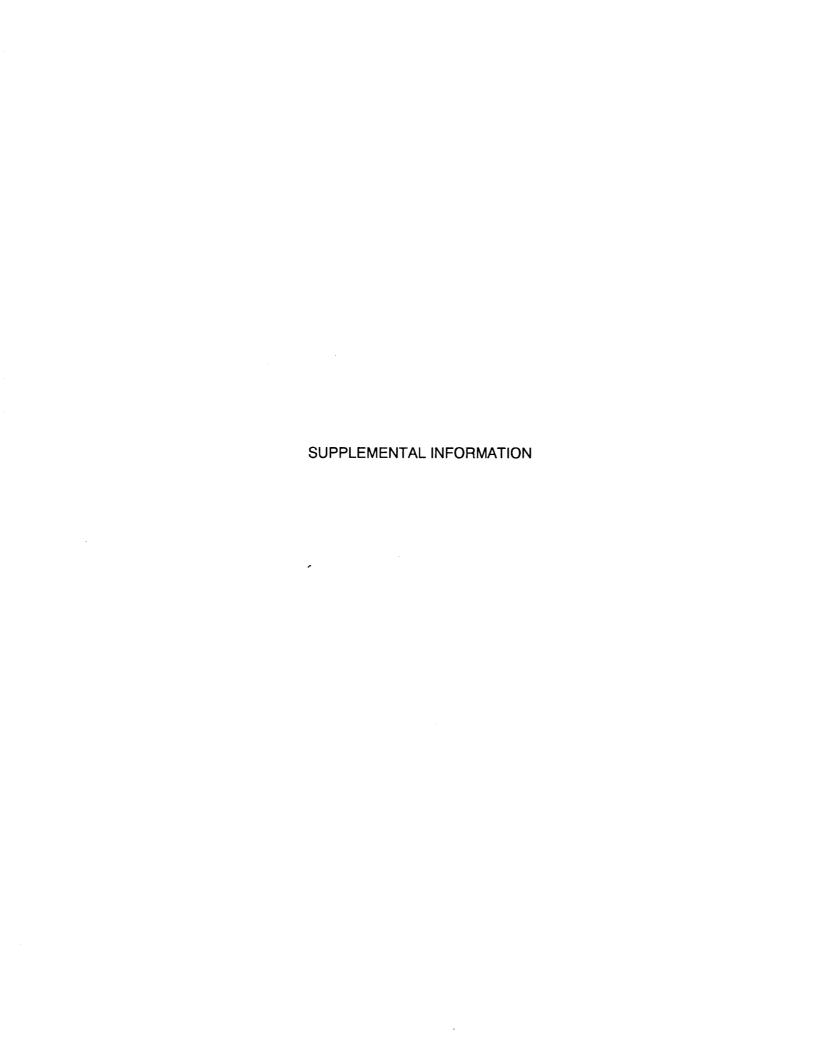

The Town of Shannon is exposed to various risks of losses related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all major programs of the Town except for certain employment practices liabilities, certain environmental liabilities, worker's compensation liabilities funded through a public entity risk pool, and catastrophic natural disasters that may exceed insurance coverages for which the Town retains the risk of loss.

Risk of loss related to workers compensation for injuries to Town employees is covered through the Mississippi Municipal Workers' Compensation Group, a public entity risk pool. The pool was formed on March 28, 1989, by the Mississippi Nonprofit Corporation Act, pursuant to Section 71-3-75, Mississippi Code Annotated (1972), to provide public entities within the State of Mississippi workers compensation and employers liability coverage. The Town pays premiums to the pool for its workers' compensation insurance coverage based on total payroll. The participation agreement provides that the pool will be self-sustaining through member premiums. The risk of loss is remote for claims exceeding the pool's retention liability. Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. For insured programs there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

#### **NOTE 7 - SUBSEQUENT EVENTS**

#### Date of Management Evaluation

Management has evaluated subsequent events through July 19, 2016, the date on which the financial statements were available to be issued.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Board of Aldermen Town of Shannon, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Cash Receipts and Disbursements of the Town of Shannon, Mississippi, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Town of Shannon, Mississippi's basic financial statements and have issued our report thereon dated July 19, 2016.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town of Shannon, Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Shannon, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Shannon, Mississippi's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses to be a material weakness. [Finding No. 2015-02]. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses to be a significant deficiency. [Finding No. 2015-01].

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town of Shannon, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as item [Finding 2015-02].

#### Town of Shannon's Response to Findings

The Town of Shannon, Mississippi's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The Town of Shannon, Mississippi's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Mayor and Board of Alderman Town of Shannon, Mississippi

We have audited the financial statements of the Town of Shannon, Mississippi, as of and for the year ended September 30, 2015, and have issued our report thereon dated July 19, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards*.

As required by the State legal compliance audit program prescribed by the Mississippi Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the general purpose financial statements disclosed the following material instances of noncompliance with state laws and regulations. Our findings and recommendations and your responses are included in the Schedule of Findings and Responses as finding 2015-02 on page 15.

The Office of the State Auditor or a public accounting firm will review, on a subsequent year's audit engagement, the findings in this report to ensure that corrective action has been taken.

This report is intended for the information of management and the Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

FRANKS, FRANKS, JARRELL & WILEMON, P.A.

#### TOWN OF SHANNON, MISSISSIPPI SCHEDULE OF FINDINGS AND RESPONSES September 30, 2015

#### Finding No. 2015-01 Internal Control (Significant Deficiency)

**Criteria**: The Town is to establish an internal control structure to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements.

**Cause of Condition**: The size of the Town's work force does not permit proper segregation of duties in various areas of the accounting system. The Town has only a few employees which makes proper segregation of duties impractical.

Recommendation: The Board should remain as involved as possible in oversight responsibility.

Response: The Board will attempt to closely monitor the activities of the Town.

#### Finding No. 2015-02 Fixed Assets (Material Weakness and Noncompliance)

**Criteria**: The Town is required, by State statutes, to maintain adequate subsidiary records substantiating the existence, completeness and valuations of its fixed assets.

**Cause of Condition**: The Town did not conduct inventory observations of fixed assets needed to maintain accountability of assets and prepare a complete listing of assets. The Town's listing is not complete.

**Recommendation:** The Town should conduct year-end inventory observations of its fixed assets needed to maintain accountability of assets. The Town should also prepare a complete fixed asset listing; substantiating the valuation, location, description and inventory tag numbers of its fixed assets. The Town should ensure all new assets purchased are tagged and properly accounted for on the fixed asset listing when the assets are placed in service.

**Response:** The Town will conduct year-end inventory observations of their fixed assets. Also, the Town will continue to develop a complete listing of all fixed assets to comply with State statutes.
