# NOTES TO FINANCIAL STATEMENT SEPTEMBER 30, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Summit, Mississippi (the Town) was incorporated in 1858. The Town operates under a Mayor-Board of Councilpersons form of government and provides all of the rights and privileges provided by statute for municipalities.

# A. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statement is reported using the basis of cash receipts and disbursements, as permitted by the Mississippi Office of the State Auditor, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The cash basis of accounting differs from GAAP primarily because revenues (cash receipts) are recognized when received rather than when earned and susceptible to accrual and expenditures or expenses (cash disbursements) are recognized when paid rather than when incurred or subject to accrual.

# Governmental Activities

The Town reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all the financial resources and the legally authorized activities of the Town except those required to be accounted for in other specialized funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities or infrastructure (other than those financed by proprietary funds).

Additionally, the Town reports the following fund types:

**Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

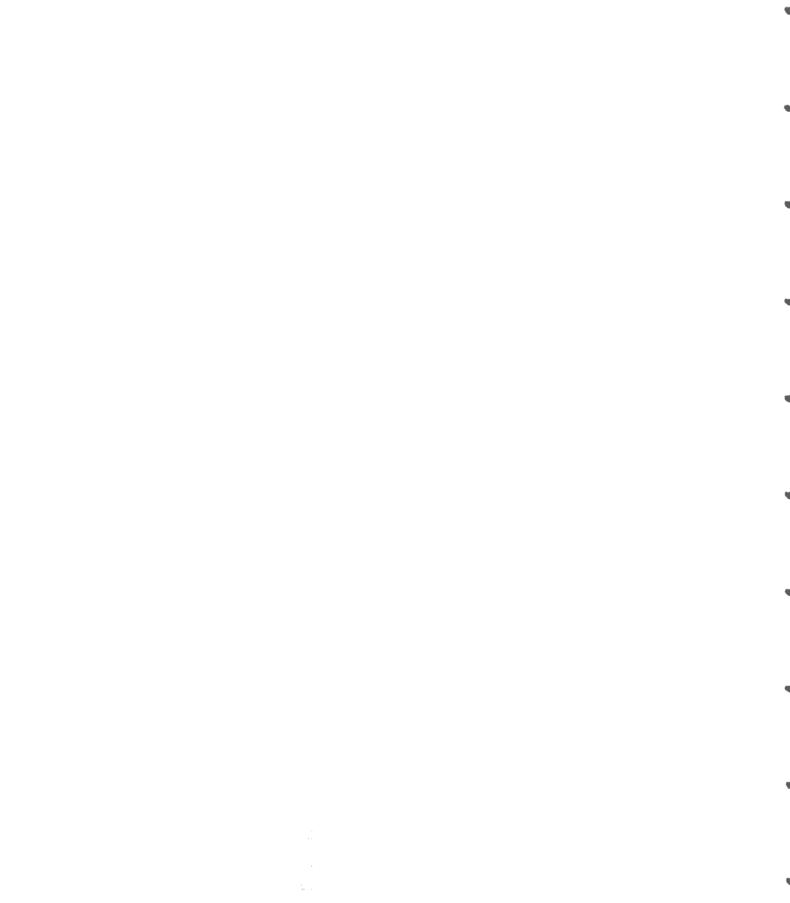

**Debt Service Funds** are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

## **Business-Type Activities**

The Town reports the following major proprietary fund:

The Water and Sewer Fund accounts for the activities of providing water and sewer services to citizens of the Town.

When both restricted and unrestricted cash is available for use, it is the Town's policy to use restricted cash first, then unrestricted cash as it is needed.

#### NOTE 2 - CASH AND CERTIFICATES OF DEPOSIT

The collateral for public entities, deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi Legislature and is governed by Section 27-105-5, Mississippi Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of a failure of a financial institution, securities pledged by that financial institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

Cash and certificates of deposit are comprised of the following at September 30, 2015:

#### NOTE 2 - CASH AND CERTIFICATES OF DEPOSIT - CONTINUED:

The difference of \$1,216 was principally due to deposits in transit exceeding outstanding checks. Of the bank balance, \$661,777 was covered by Federal depository insurance.

Custodial Credit Risk-Deposits. Custodial credit risk is defined as the risk that, in the event of a failure of a financial institution, the Town will not be able to recover deposits or collateral securities that are in the possession of an outside party. The Town does not have a formal policy for custodial credit risk. However, the Mississippi State Treasurer manages the risk on behalf of the Town. As of September 30, 2015, \$1,468,366 of the Town's bank balance of \$2,130,143 was exposed to custodial credit risk as follows:

Collateralized by the state public funds:

Guaranty pool

\$ <u>1,468,366</u>

Interest Rate Risk. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments to those prescribed in Sections 27-105-33(d) and 27-105-33(e) Miss. Code Ann. (1972). The Town does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

Custodial Credit Risk - Investments. Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have a formal investment policy that addresses custodial risk. However, the Mississippi State Treasurer manages the risk on behalf of the Town. Deposits above FDIC coverage are collateralized by the pledging financial institutions trust department or agent in the name of the Mississippi State Treasurer on behalf of the Town. The Town had no investments as of September 30, 2015.

Concentration of Credit Risk. Disclosure of investments by amount and issuer for any issuer that represents five percent or more of total investments is required. This requirement does not apply to investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds and external investment pools, and other pooled investments. As of September 30, 2015, the Town had no investments.

Following is a list of the Town's eligible investments, which in accordance with state statute are limited to the investment of funds in excess of sums required for immediate expenditure or current obligations:

PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling (601) 359-3589 or 1-800-444-PERS, or by visiting online at www.pers.ms.gov.

Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Members and employers are statutorily required to contribute certain percentages of salaries and wages as specified by the Board of Trustees. A member who terminates employment from all covered employers and who is not eligible to receive monthly retirement benefits may request a full refund of his or her accumulated member contributions plus interest. Upon withdrawal of contributions, a member forfeits service credit represented by those contributions. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011), are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. A member may elect a reduced retirement allowance payable for life with the provisions that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter.

For the year ended September 30, 2015, the Town's total payroll for all employees was \$528,509. Total covered payroll was \$427,962. Covered payroll refers to all compensation paid by the Town to active employees covered by the Plan.

#### **NOTE 8 - RISK MANAGEMENT - CONTINUED:**

Town carries commercial insurance for risks of loss other than workers' compensation. Settled claims resulting from these commercially covered risks have not exceeded commercial coverage in any of the past three fiscal years.

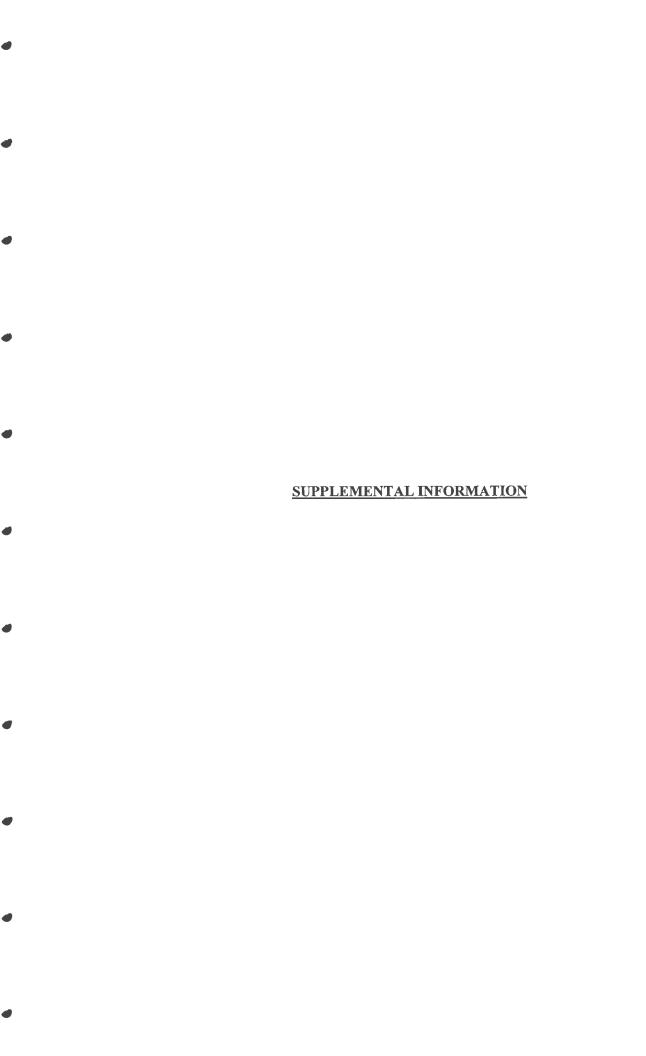

Risk of loss related to workers' compensation for injuries to Town employees is covered through the Mississippi Municipal Workers' Compensation Group, a public entity risk pool. The pool was formed on March 28, 1989, by the Mississippi Nonprofit Corporation Act, pursuant to Section 71-3-75, Mississippi Code Annotated (1972), to provide public entities within the State of Mississippi workers' compensation and employers' liability coverage. The Town pays premiums to the pool quarterly for its workers' compensation insurance coverage based on total payroll. The participation agreement provides that the pool will be self-sustaining through member premiums. If total claims during a year were to deplete the trust account, then the pool members would be required to pay for the deficiencies. The Town has not had an additional assessment for losses.

The Town is a member of the Mississippi Municipal Liability Plan, a public entity risk pool. The Mississippi Municipal Liability Plan covers liability claims against its members and is funded through member contributions. The Town has not had an additional assessment for excess losses.

# **NOTE 9 - SUBSEQUENT EVENTS**

The Town had no subsequent events of a material nature requiring adjustment to or disclosure in the financial statement through March 1, 2016, the date the financial statement was approved by the Town's management and thereby available to be released.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

To the Honorable Mayor and Board of Councilpersons Town of Summit, Mississippi

We have audited the financial statement of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Summit, Mississippi as of and for the year ended September 30, 2015, and have issued our report thereon dated March 1, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

As required by the state legal compliance audit program prescribed by the Mississippi Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the financial statement of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information disclosed no material instances of noncompliance with state laws and regulations.

This report is intended for the information of the Town of Summit, Mississippi's management, Honorable Mayor and Board of Councilpersons, and the Mississippi Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
