Independent Auditors' Report on Financial Statements and Supplemental Information

Board of Directors
Itawamba Community College

Report on the Financial Statements

We have audited the accompanying financial statements of Itawamba Community College as of and for the year ended June 30, 2015, and the related notes to the financial statements, which comprise the College's basic financial statements as listed in the table of contents. We have also audited the statement of financial position of Itawamba Community College Foundation, Inc., a discretely presented component unit of Itawamba Community College, as of June 30, 2015, and the related statements of activities and cash flows for the year then ended. The financial statements of Itawamba Community College Foundation, Inc. are presented in comparative form and report the financial position of the Foundation for the June 30, 2015 and 2014 fiscal years.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Itawamba Community College Foundation, Inc. were not audited in accordance with Governmental Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Itawamba Community College and its discretely presented component unit, Itawamba Community College Foundation, Inc., as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of the College's Proportionate Share of the Net Pension Liability, and the Schedule of College Contributions on pages 3-11, 38 and 39, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of federal financial assistance, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2016 on our consideration of Itawamba Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Itawamba Community College's internal control over financial reporting and compliance.

ITAWAMBA COMMUNITY COLLEGE MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Itawamba Community College annual financial report presents our discussion and analysis of the financial performance of the College during the fiscal years ended June 30, 2015 and 2014. This discussion has been prepared by management along with the financial statements and related footnote disclosures and should be read in conjunction with and is qualified in its entirety by the financial statements and footnotes. The financial statements, footnotes, and this discussion are the responsibility of management.

Using the Annual Report

This annual report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. These financial statements differ significantly, in both form and the accounting principles used, from prior financial statements presented. The financial statements presented in prior years focused on the accountability of funds, while these statements focus on the financial condition of the College, the results of operations, and cash flows of the College as a whole.

One of the most important questions asked is whether the College as a whole is better or worse off because of the year's activities. The key to understanding this question is the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. These Statements present financial information in a form similar to that used by corporations. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

The Statement of Net Position includes all assets, deferred outflows of resources, liabilities and deferred inflows of resources. The College's net position (the difference between the assets and deferred outflows of resources and the liabilities and deferred inflows of resources) are one indicator of the College's financial health. Over time, increases or decreases in net position are one indicator of the improvement or erosion of the College's financial health when considered with non-financial facts such as enrollment levels and the condition of the facilities.

The Statement of Revenues, Expenses, and Changes in Net Position presents the revenues earned and the expenses incurred during the year. Activities are reported as either operating or nonoperating. The financial reporting model classifies State appropriations and gifts as nonoperating revenues. The College's dependency on State aid and gifts results in an operating deficit. The utilization of long-lived assets, referred to as Capital Assets, is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

Another important factor to consider when evaluating financial viability is the College's ability to meet financial obligations as they mature. The Statement of Cash Flows presents information related to cash inflows and outflows summarized by operating, noncapital financing, capital and related financing, and investing activities.

Total operating loss for the fiscal year 2015 and 2014 was \$27,369,530 and \$27,092,553, respectively. Since the State of Mississippi appropriation is not included within operating revenue per GASB No. 35, the College will show a significant operating loss.

The sources of operating revenue for the College are tuition and fees, grants and contracts, auxiliary services, and other operating revenues.

The College strives to provide students with the opportunity to obtain a quality education. Future enrollments at the College may be affected by a number of factors including any material increases in tuition and other mandatory charges stemming from any material decrease in appropriation funding from the State of Mississippi.

Total operating revenues for fiscal year 2015 and 2014 were \$43,666,237 and \$45,637,729, respectively. Tuition and fees were \$14,394,310 and \$13,667,201, respectively. The tuition discount was \$3,657,138 and \$3,297,956, respectively. Operating expenses, including depreciation and amortization of \$2,981,872 and \$3,046,377, totaled \$71,035,767 and \$72,730,282, respectively. Of this total \$26,499,733 and \$26,486,444 or 37% and 36% was for instruction.

Nonoperating Revenues (Expenses)

State Appropriations

The College's largest source of nonoperating revenue is the State of Mississippi appropriation. The College received \$19,443,253 for 2015 fiscal year and \$18,424,558 for 2014 fiscal year, of which \$19,443,253 and \$18,424,558 was for operations. State capital aid in the amount of \$0 and \$0 was received for the purchase, construction, renovation, and repair of fixed assets.

Local Appropriations

The College also receives revenue from the counties in college's district. The College uses the funding for salaries and benefits and for operational purposes. The College receives the appropriation in monthly payments, beginning in July of each year, since the fiscal year begins July 1st. The College received \$5,474,174 and \$5,219,412 for the 2015 and 2014 fiscal years from the counties. This appropriation was fully recorded by the College during the fiscal year.

Noncapital Gifts

This consists of gifts made to the College from a nongovernmental organization and/or individuals. The cash gifts totaled \$1,465,876 and \$1,121,781 at June 30, 2015 and 2014, respectively.

Investment Income, Net

This includes the interest income from the cash in the bank accounts. The investment income at June 30, 2015 and 2014 shows \$16,009 and \$41,825 in investment income.

Other Revenues

State Appropriations for Capital Purposes

\$0 and \$0 are the amounts of revenue received from the State of Mississippi to purchase, construct, renovate, or repair capital assets during the 2015 and 2014 fiscal year, respectively.

Local Appropriations for Capital Purposes

This includes revenue received from the counties for capital projects during the fiscal years. The amount of this grant totaled \$4,903,020 and \$4,884,294 for the 2015 and 2014 fiscal years.

Statement of Cash Flows

Another way to assess the financial health of the College is to look at the Statement of Cash Flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of the College during a period. The Statement of Cash Flows also helps users assess:

- The ability to generate future net cash flows,
- The ability to meet obligations as they come due, and
- A need for external financing.

Cash and Cash Equivalents – End of the Year	<u>\$ 31,834,036</u>	<u>\$ 29,562,618</u>

The major sources of funds included in operating activities include student tuition and fees, \$14,362,357 and \$13,978,659, auxiliary enterprises, \$7,081,907 and \$7,855,807, and grants and contracts, \$20,108,183 and \$24,373,006. The major uses of funds were payments made to employees, \$34,104,493 and \$33,852,453 and to suppliers, \$6,843,452 and \$8,700,121 for fiscal year end June 30, 2015 and 2014.

The largest inflow of cash in the noncapital financing activities group is the State appropriation of \$19,339,247 and \$18,418,127 for June 30, 2015 and 2014, respectively.

**ITAWAMBA COMMUNITY COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

Factors Impacting Future Periods

There are a number of issues of Community College-wide importance that directly impacted the fiscal year 2015 financial situation. The decrease in the level of State support, compensation increases, student tuition and fee increases, and energy cost increases impact the College's ability to expand programs, undertake new initiatives, and meet its core mission and ongoing operational needs.

State appropriations contribute approximately twenty-five percent of general operations' revenue. The level of State support is therefore one of the key factors influencing the College's financial condition.

The need to continue to address priority needs and requirements for deferred maintenance, new technology, repairs, and new construction projects is a large challenge facing the College in the years to come.

Various committees and individuals are assessing the College's performance toward identified goals and ways to achieve greater efficiencies and reduce expenditures in an effort to assist in meeting the future challenges.

ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2015

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Reporting Entity – Itawamba Community College was founded in 1948 and is one of Mississippi's 15 public community colleges. The legal authority for the establishment of Itawamba Community College is found in Section 37-29-31, Miss. Code Ann. (1972).

Itawamba Community College is governed by a thirty-member board of trustees, selected by the board of supervisors of Itawamba, Lee, Monroe, Pontotoc and Chickasaw Counties who support the district through locally assessed ad valorem tax millage. One of the trustees from each of the supporting counties must be the county superintendent of education, unless the superintendent chooses not to serve, in which case the county board of supervisors shall fill the vacancy in accordance with Section 37-29-65, Miss. Code Ann. (1972). Each board member is appointed for a 5-year term. In addition, Itawamba Community College works jointly with the Mississippi State Board for Community and Junior Colleges, which coordinates the efforts of all 15 community colleges as they serve the taxpayers of the State of Mississippi.

Itawamba Community College reports the following discretely presented component unit:

Itawamba Community College Foundation, Inc. (Foundation) – The Foundation is a legally separate, tax-exempt nonprofit organization founded in 1975. The Foundation acts primarily as a fund raising organization to supplement the resources available to Itawamba Community College (college) in support of its programs.

Although the college does not control the timing or amount of receipts from the Foundation, the majority of its resources or income thereon that the Foundation holds and invests are restricted to the activities of the college by the donors.

During the year ended June 30, 2015, the Foundation distributed \$101,962 to the College.

- B. Basis of Presentation - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis of Public College and Universities*, issued in June and November, 1999, respectively. The college now follows the "business-type activities" reporting requirements of GASB Statement No. 34 that provides a comprehensive one-line look at the college's financial activities.
- C. Basis of Accounting - The financial statements of the college have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.
- D. Cash Equivalents - For purposes of the Statement of Cash Flows, the college considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2015

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

- E. Short-Term Investments – The College considers all highly liquid investments with an original maturity of more than three months but less than twelve months to be short-term investments.
- F. Accounts Receivables, Net - Accounts receivables consist of tuition and fees charged to students, state appropriations, amounts due from state and federal grants and contracts, local governments and credits due to the college from vendors. Accounts receivables are recorded net of an allowance for doubtful accounts.
- G. Inventories - Inventories consist of bookstore, printing and food service supplies. These inventories are generally valued at the lower of cost or market, on either the first-in, first-out ("FIFO") basis or the average cost basis.
- H. Capital Assets, Net of Accumulated Depreciation - Capital assets are recorded at cost at the date of acquisition, or, if donated, at fair market value at the date of donation. Renovations to buildings and improvements other than buildings that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance costs are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expenditure categories. See Note 4 for additional details concerning useful lives, salvage values and capitalization thresholds. Expenditures for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose.
- I. Deferred Outflows/Inflows of Resources – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The College reports \$4,655,087 of deferred outflows related to its pension plan.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The College reports \$9,607,767 of deferred inflows related to its pension plan.

See Note 8 for further details.

- J. Unearned Revenues - Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2015

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

- K. Compensated Absences - The College does not provide for the accumulation of leave beyond one year. Therefore, no accrual for compensated absences has been recorded in the financial statements.
- L. Classification of Revenues - The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:
- Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most federal, state and local grants and contracts, and (4) interest on institutional student loans. Gifts (pledges) that are received on an installment basis are recorded at net present value.
- Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting* and GASB Statement No. 34, such as state appropriations, local appropriations and investment income.
- M. State Appropriations – Itawamba Community College receives funds from the State of Mississippi through the State Board of Community and Junior Colleges. The appropriations are distributed to community and junior colleges based on a funding formula which has been approved by all of the presidents of the colleges. Currently, the first 15% of the appropriations are split equally among the colleges, and then the remaining 85% of the appropriations are allocated based on the college's total credit hours generated by all students with special consideration given to those programs that are considered high costs programs.
- N. Scholarship Discounts and Allowances - Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid, such as loans, funds provided to students as awarded by third parties and Federal Direct Lending, is accounted for as a third party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses, or scholarship allowances, which reduce revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a college basis by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2015

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

- O. Net Position - GASB Statement No. 63 reports equity as "Net Position" rather than "Net Assets". Net position is classified according to external donor restrictions or availability of assets for satisfaction of college obligations. Nonexpendable restricted net position is gifts that have been received for endowment purposes, the corpus of which cannot be expended. Expendable restricted net position represents funds that have been gifted for specific purposes and funds held in federal loan programs.
- P. Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions by the management of the Institution. Those estimates and assumptions affect the reported amounts of assets and liabilities and reported revenues and expenses. It is at least reasonably possible that the estimates and assumptions used could change within the next year.

NOTE 2 – CASH AND INVESTMENTS

Policies:

- A. Cash, Cash Equivalents and Short-term Investments - Investment policies as set forth by policy and state statute authorize the college to invest in demand deposits and interest-bearing time deposits such as savings accounts, certificates of deposit, money market funds, U.S. Treasury bills and notes, and repurchase agreements.

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the college's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against these deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

Custodial Credit Risk – Deposits. Custodial credit risk is defined as the risk that, in the event of the failure of a financial institution, the institution will not be able to recover deposits or collateral securities that are in the possession of an outside party. The institution does not have a formal policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the college. Deposits above FDIC coverage are collateralized by the pledging financial institutions trust department or agent in the name of the Mississippi State Treasurer on behalf of the institution. As of June 30, 2015, \$0 of the institution's bank balance was exposed to custodial credit risk.

- B. Investments – Investment policies as set forth by policy and state statute also authorize the college to invest in equity securities, bonds and other securities. Investments are reported at fair value (market).

NOTE 2 – CASH AND INVESTMENTS - continued

The following table summarizes the carrying values of the college's investments reported on the statement of net position at June 30, 2015:

Short-term investments	\$ <u>717,259</u>
------------------------	-------------------

The following table summarizes the categorization of investments at June 30, 2015:

<u>Investment Type</u>	<u>Matures (in Years)</u>	<u>Fair Value</u>	<u>Rating</u>
Certificates of deposit	Less than 1	\$ <u>717,259</u>	Not Rated

Interest Rate Risk - The College does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State law limits investments to those prescribed in Section 27-105-33(d) and 27-105-33(e), Miss. Code Ann. (1972). The College does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

Custodial Credit Risk - Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Concentration of Credit Risk - Disclosures of investments by amount and issuer for any issuer that represents five percent or more of total investments is required. This government, investments in mutual funds and external investment pools, and other pooled investments. As of June 30, 2015, the college did not have any investments to which this would apply.

NOTE 8 - DEFINED BENEFIT PENSION PLAN

Plan Description- Employees of Itawamba Community College are provided a defined benefit pension plan through the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing agent multiple-employer pension plan. The Public Employees' Retirement System of Mississippi (PERS) was created with the purpose to provide pension benefits for all state and public education employees, sworn officers of the Mississippi Highway Safety Patrol, other public employees whose employers have elected to participate in the System, and elected members of the State Legislature and the President of the Senate. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201 or by calling (601) 359-3589 or 1-800-444-PERS.

Benefits Provided- For the cost-sharing plan participating members who are vested and retire at or after age 60 or those retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.00% of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.50% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service.

NOTE 8 - DEFINED BENEFIT PENSION PLAN - continued

A member may elect a reduced retirement allowance payable for life with the provision that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary. Retirees and beneficiaries who have been receiving benefit payments for at least one full fiscal year are eligible to receive an annual Cost-of-Living Adjustment (COLA). Designed to help offset the effects of inflation, the COLA is equal to 3% of your annual base benefit for each full fiscal year of retirement prior to the year in which you reach age 55 (Retirement Tiers 1 through 3) or age 60 (Retirement Tier 4), plus 3% compounded for each fiscal year thereafter, beginning with the fiscal year in which you turn age 55.

Employee membership data related to the Plan, as of June 30, 2014 was as follows:

Retirees and Survivors	93,504
Terminated Vested Employees	18,064
Inactive Nonvested Members	114,489
Active Members	<u>161,360</u>
Total	<u><u>387,417</u></u>

Contributions- The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. PERS members are required to contribute 9.00% of their annual covered salary and Itawamba Community College is required to contribute at an actuarially determined rate. The current rate is 15.75% of annual covered payroll. The contributions are deducted from the employees' wages or salary and remitted by the College to PERS on a monthly basis. By law, employer contributions are required to be paid. The employer's actuarially determined contribution and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

For the year ended June 30, 2015, Itawamba Community College's total payroll for all employees was \$26,202,509. Total covered payroll was also \$24,708,698. Covered payroll refers to all compensation paid by the College to active employees covered by the Plan.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions- At June 30, 2015, Itawamba Community College reported a liability of \$48,941,098 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

**ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2015**

NOTE 8 - DEFINED BENEFIT PENSION PLAN - continued

Itawamba Community College's proportion of the net pension liability was based on a projection of Itawamba Community College's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2014, Itawamba Community College's proportion was 0.4032%.

For the year ended June 30, 2015, Itawamba Community College recognized pension expense of \$2,410,491. At June 30, 2015, Itawamba Community College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference Between Expected and Actual Results - Pensions	\$ 763,467	\$ 0
College Pension Contributions Subsequent to the Measurement Date	3,891,620	0
Changes in proportionate share	0	2,513,395
Net Difference Between Projected and Actual Earnings on Pension Plan Assets	0	7,094,372
Total	\$ <u>4,655,087</u>	\$ <u>9,607,767</u>

The \$3,891,620 of deferred outflows of resources resulting from the College's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Fiscal Year Ending June 30,	<u>Amount</u>
2016	\$ 2,403,064
2017	2,403,064
2018	2,264,580
2019	1,773,593
Total	\$ <u>8,844,300</u>

Actuarial Assumptions-The total pension liability was determined by an actuarial valuation as of June 30, 2014, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.50%
Salary increases	4.25-19.50%, average, including inflation
Investment rate of return	8.00%, net of pension plan investment expense, including inflation

**ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2015**

NOTE 8 - DEFINED BENEFIT PENSION PLAN - continued

Mortality rates were based on the RP-2000 Combined Mortality Table Projected with Scale AA to 2025, set forward two years for males.

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2012. The experience report is dated June 12, 2013.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2014, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Broad	34.00%	5.20%
International Equity	19.00%	5.00%
Emerging Markets Equity	8.00%	5.45%
Fixed Income	20.00%	0.25%
Real Assets	10.00%	4.00%
Private Equity	8.00%	6.15%
Cash	1.00%	(0.50)%
Total	100.00%	

Discount Rate-The discount rate used to measure the total pension liability was 8.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (15.75%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of Itawamba Community College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate-The following presents Itawamba Community College's proportionate share of the net pension liability using the discount rate of 8.0%, as well as what Itawamba Community College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.0%) or 1-percentage-point higher (9.0%) than the current rate:

	Discount Rate	College's Proportionate Share of Net Pension Liability
1% decrease	7.0%	\$66,721,310
Current discount rate	8.0%	\$48,941,098
1% increase	9.0%	\$34,109,756

Plan Fiduciary Net Position-Detailed information about the Plan's fiduciary net position is available in the separately issued Public Employees' Retirement System of Mississippi (PERS) financial report.

NOTE 9 - CONCENTRATIONS OF CREDIT RISK

The Institution's operations are located in Fulton and Tupelo, Mississippi and its students come primarily from Mississippi and surrounding states. The Institution's major source of revenue is derived from State appropriations, federal grants, tuition and room and board.

The Institution receives funds, which are applied against students' accounts, from federal and state governmental organizations that provide assistance to students attending institutions of higher education.

NOTE 10 – NEW ACCOUNTING STANDARD AND PRIOR PERIOD ADJUSTMENT

During the year ended June 30, 2015, Itawamba Community College implemented GASB Statement No. 68 *Accounting and Financial Reporting for Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. Implementation resulted in a direct decrease of \$55,374,907 to net position.

NOTE 11 – SUBSEQUENT EVENTS

The Institution has evaluated subsequent events through January 26, 2016, which is the date the financial statements were available to be issued.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The Itawamba Community College Foundation, Inc., (the Foundation), is a Mississippi non-profit corporation chartered on January 30, 1975. The Foundation's purpose is to receive and hold by gift, bequest, devise, grant, purchase, lease or otherwise any real or personal property, and to invest and reinvest, and to use and dispose of the same for the purpose of providing residents of the State of Mississippi with funds to pursue their collegiate training at Itawamba Community College. The funds are used to acquire or purchase real or personal property; to pay for service for instruction; to provide funds to carry on any proper activity at the Itawamba Community College; and to engage in any and all lawful activities that may be incidental or reasonably necessary to carry out its purposes.

B. Basis of Accounting

The accounts of the Foundation are maintained in accordance with the principles of not-for-profit accounting. The statements have been prepared on an accrual basis.

C. Basis of Presentation

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Net assets of the Foundation and changes therein are classified in to the following three categories:

- Unrestricted net assets represent the portion of expendable funds that are available for support of the operations of the Foundation.
- Temporarily restricted net assets consist of contributions that have been restricted by the donor for specific purposes or are time restricted.
- Permanently restricted net assets consist of contributions that have been restricted by the donor that stipulate the resources be maintained permanently, but permit the Foundation to use or expand part or all of the income derived from the donated assets for either specified or unspecified purposes.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by donor-imposed restrictions. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

D. Income Taxes

The Foundation is a not-for-profit entity as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from Federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been made. As of June 30, 2015, there were no material uncertain tax positions.

ITAWAMBA COMMUNITY COLLEGE FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

E. Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted net assets depending on the existence or nature of any donor restrictions.

F. Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized. Short-term investments consist of debt securities with original maturities of twelve months or less. Long-term investments consist of debt securities with original maturities greater than twelve months.

G. Fair Value of Financial Instruments

The Fair Value Measurements and Disclosures topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three board levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Foundation uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Foundation measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would be used only when Level 1 or Level 2 inputs were not available.

H. Cash and Cash Equivalents

For purposes of the statements of cash flows, the Foundation considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents.

I. Promises to Give

All unconditional promises to give are recorded at their estimated realizable value on a discounted basis. Allowance is made for uncollectible pledges based upon management's judgment and analysis of specific accounts, past collection experience and other relevant factors.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

J. Prior Year Information

The financial statements include certain prior year information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in accordance with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2014, from which the summarized information was derived.

NOTE 2 - TEMPORARILY RESTRICTED NET ASSETS

Temporary restricted net assets at the end of June 30, 2015, are restricted for the following purposes:

Student financial support	<u>\$ 1,485,087</u>
Total temporarily restricted net assets	<u><u>\$ 1,485,087</u></u>

NOTE 3 - PREMISES

The Foundation has an agreement with Itawamba Community College whereby the Foundation and the Community College share the use of two buildings for activities of each respective organization.

NOTE 4 - ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 5 - INVESTMENTS

Investments consisted of the following at June 30, 2015:

Investments:	Cost	Market value (Level 1)
Common stocks	\$ 4,315	\$ 5,152
Bond funds	1,583,259	1,926,779
Stock funds	1,035,105	4,420,985

NOTE 6 - PLEDGES RECEIVABLE

Unconditional promises to give, net, are summarized as follows at June 30, 2015:

Unconditional promises expected to be collected in:	
Less than one year	\$ 454,650
One to three years	<u>232,750</u>
	687,400
Less unamortized discount (rates range from .25% to .75%)	<u>(1,059)</u>
	686,341
Less allowance for uncollectible pledges	<u>(1,225)</u>
	<u><u>\$ 685,116</u></u>

NOTE 7 - CONCENTRATIONS OF CREDIT RISK

Financial instruments which potentially expose the Foundation to concentrations of credit risk include cash and cash equivalents, investments in marketable securities, and pledges receivable. As a matter of policy, the Foundation only maintains cash balances with financial institutions having a high credit quality. Concentration of credit risk for investments in marketable securities is mitigated by both the distribution of investment funds among asset managers and the overall diversification of managed investment portfolios.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Itawamba Community College

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Itawamba Community College as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Itawamba Community College's basic financial statements, and have issued our report thereon dated January 26, 2016. We have also audited the statement of financial position of Itawamba Community College Foundation, Inc. a discretely presented component unit of Itawamba Community College, as of June 30, 2015, and the statements of activities and cash flows for the year then ended. The financial statements of Itawamba Community College Foundation, Inc. were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Itawamba Community College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Itawamba Community College's internal control. Accordingly, we do not express an opinion on the effectiveness of Itawamba Community College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Itawamba Community College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of Directors
Itawamba Community College

Report on Compliance for Each Major Federal Program

We have audited Itawamba Community College's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Itawamba Community College's major federal programs for the year ended June 30, 2015. Itawamba Community College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Itawamba Community College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Itawamba Community College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Itawamba Community College's compliance.

Opinion on Each Major Federal Program

In our opinion, Itawamba Community College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Itawamba Community College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Itawamba Community College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Itawamba Community College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Board of Directors
Itawamba Community College

We have audited the financial statements of Itawamba Community College as of and for the year ended June 30, 2015, and have issued our report dated January 26, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

We have also performed procedures to test compliance with certain laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the financial statements did not disclose any instances of noncompliance with state laws and regulations.

This report is intended solely for the information and use of management, entities with accreditation overview, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
