INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the Board of Aldermen City of Bruce, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and business-type activities, each major fund and the aggregate remaining fund information of the City of Bruce, Mississippi, as of and for the year ended September 30, 2016, and the related notes to the financial statements. These financial statements are the responsibility of the City of Bruce, Mississippi management. Our responsibility is to express an opinion on these financial statements based on our audit.

Management's Responsibility for the Financial Statements

for preparation Management responsible the and is presentation of these financial statements in accordance with the cash receipts and disbursements basis of accounting, as described in Note 1, which is a comprehensive basis of accounting other than accounting generally accepted in the United States of America; this includes determining that the cash receipts and disbursements basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's Accordingly, we express no such opinion. internal control. audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the City of Bruce, Mississippi, as of September 30, 2016, and the respective changes in cash basis financial position thereof, for the year then ended in accordance with the basis of accounting described in Note 1.

Basis of Accounting

As discussed in Note 1 of the financial statements, the City of Bruce, Mississippi prepares its financial statements on the basis of cash receipts and disbursements, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that budgetary comparison information on page 20 through 22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in

		•
		•
		•
		•
		•
		•
		•
		•
		•
		•
		•

an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The City of Bruce, Mississippi has not presented Management's Discussion and Analysis which is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 19, 2017 on our consideration of the City of Bruce, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Bruce, Mississippi's internal control over financial reporting and compliance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Bruce, Mississippi (the City) was incorporated in 1927. The City operates under a Mayor-Board of Alderman form of government and provides all of the rights and privileges and services as provided by statutes for municipalities.

The financial statements of the City have been prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

B. Government-wide and Fund Financial Statements

Basic financial statements consist of the following:

Statement of activities and net assets - cash basis

Statement of cash basis assets and fund balances and cash receipts, disbursements and changes in cash basis fund balances

The government-wide statements report information on all of the nonfiduciary activities of the primary government. As a general rule, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The City combines the statement of activities and statement of net assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include 1) receipts from customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program receipts are reported instead as general receipts.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recorded when collected and expenditures are recorded when cash is spent.

Government fund financial statements are reported using the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Receipts are recognized as soon as they are collected. Expenditures generally are recorded when cash is spent.

The City reports the following major governmental fund:

The **general** fund is the government's primary operating fund. The fund accounts for all the financial sources and the legally authorized activities of the City except those required to be accounted for in other specialized funds.

The City reports the following major proprietary fund:

The water and sewer fund accounts for the activities of providing water and sewer services to citizens of the City.

Additionally, the City reports the following fund type:

The capital project fund which is not legally restricted but is used as a reserve by the City for capital expansion.

Amounts reported as program receipts include 1) receipts from customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general receipts rather than as program receipts.

D. Assets and Net Assets of Equity

1. Cash and Investments

The government's cash and cash equivalents are considered to be cash in checking or savings accounts or cash invested in certificates of deposit.

2. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTE 2. CASH AND CASH EQUIVALENTS

The collateral for public entities' deposits in financial institutions are now held in the name of the State Treasurer under a program established by the Mississippi Legislature and is governed by Section 27-105-5, Mississippi Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits.

Cash is comprised of the following at September 30, 2016:

GOVERNMENTAL ACTIVITIES:	CASH AND CASH EQUIVALENTS	RESERVED CASH AND CASH EQUIVALENTS	TOTAL
General Fund Capital Project Fund Total Governmental Activities	\$ 1,109,083	\$ 110,290 \$ \\ \frac{-0-}{110,290}	1,219,373 163,213 1,382,586

Deposits at September 30, 2016, are summarized as follows:

	REPORTED AMOUNT	BANK BALANCE
Cash Certificate of Deposit	\$ 802,728 1,006,768	\$ 801,874 1,006,768
Total Deposits	\$ <u>1,809,496</u>	\$ 1,808,642

Custodial Credit Risk - Deposits. Custodial credit risk is defined as the risk that, in the event of a failure of a financial institution, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. The City does not have a formal policy for custodial credit risk. However, the Mississippi State Treasury manages the risk on behalf of the City. Deposits above FDIC coverage are collateralized by the pledging financial institutions trust department or agent in the name of the Mississippi State Treasurer on behalf of the City. As of September 30, 2016, none of the City's bank balance of \$1,956,359 was exposed to custodial credit risk.

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a mean of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments to those prescribed in Sections 27-105-33(d) and 27-105-33(e) Miss. Code Ann. (1972). The City does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

Custodial Credit Risk - Investments. Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a formal investment policy that addresses custodial risk. However, the Mississippi State Treasurer manages the risk on behalf of the City. Deposits above FDIC coverage are collateralized by the pledging financial institutions trust department or agent in the name of the Mississippi State Treasurer on behalf of the City. As of September 30, 2016, the City had no investments other than certificates of deposit.

Concentration of Credit Risk. Disclosures of investments by amount and issuer for any issuer that represents five percent or more of total investments is required. This requirement does not apply to investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds and external investment pools, and other pooled investments. Cities may invest any funds in excess of sums required for immediate expenditure or current obligations. State statutes limit the City's eligible investments to approved certificates of deposit or direct obligations of the United States of America and any Mississippi school, county, or state obligations.

State statute allows the investment of funds received from the sale of bonds, notes or certificates of indebtedness which are not immediately required for disbursement for the purpose issued, in direct obligations issued by or guaranteed in full by the United States of America, or in certificates of deposit with approved municipal depositories.

NOTE 3 - PROPERTY TAX

The City levies property taxes annually based upon assessed valuations by the county. The City collects it's real and personal property ad valorem taxes. Automobile ad valorem taxes and certain road taxes are collected by the Calhoun County tax collector and disbursed to the City. Current collections of taxes for the year ended September 30, 2016, were approximately 99.79% of the total tax levy.

The tax rate levied by the City for fiscal year 2016 remained at 26.4 mills. The general fund receives all property tax collections and allocates them between departments as follows:

Park \$ 16,472 Library \$ 11,393 Admin, Public Safety, Public Works \$306,250

CITY OF BRUCE, MISSISSIPPI NOTES TO FINANCIAL STATEMENTS September 30, 2016

NOTE 4 - DEFINED BENEFIT PENSION PLAN

Public Employees' Retirement System

A. Plan Description and Provisions

The City of Bruce, Mississippi contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost sharing, multiple-employee defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to provisions and beneficiaries. Benefit members established by State law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplemental information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 1005 or by calling (601) 359-3589 or 1-800-444-PERS.

B. Plan Funding Policy

PERS members are required to contribute 9.0% of their annual covered salary and the City of Bruce, Mississippi is required to contribute at an actuarially determined rate, currently set at 15.75% of covered payroll. The contribution requirements of PERS members are established and may be amended only by State of Mississippi Legislature. The City of Bruce, Mississippi's contributions to PERS for the years ended September 30, 2016, 2015, and 2014 were \$96,776, \$96,174 and \$99,047 respectively, which equaled to the required contributions for each year.

C. Trend Information

Ten year historical information showing PERS' progress in accumulating sufficient assets to pay benefits when due is presented in the PERS' June 30, 2016, comprehensive annual financial report.

NOTE 5 - LITIGATION

The City is not currently involved in any litigation.

CITY OF BRUCE, MISSISSIPPI NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended September 30, 2016

Note A - Budgetary Information

Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Alderman of the City, using historical and anticipated fiscal data, prepare an original budget for the general fund for said fiscal year. The completed budget for the fiscal year includes every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Alderman that budgetary estimates will not be met, it may make revisions to the budget.

The City's budget is prepared on the cash basis of accounting. All appropriations lapse at year-end, and there are no encumbrances to the budget because state law does not require that funds be available when good or services are ordered, only when payment is made.

Note B - Basis of Presentation

The Budgetary Comparison Schedule - budget, actual and variance - present the original adopted budget, the final adopted budget, actual amounts on a budgetary (non-GAAP) basis and variance between the final budget and the actual amounts. The schedule is presented for the General Fund.

Note C - Budget Reconciliation

As discussed in Note 1, the financial statements are prepared on the basis of cash receipts and disbursements which is the same as the basis used for budget preparation.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Mayor and Board of Aldermen City of Bruce, Mississippi

We have audited the financial statements of the City of Bruce, Mississippi as of and for the year ended September 30, 2016, and have issued our report thereon dated May 19, 2017. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, We have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the basic financial statements disclosed no material instances of noncompliance with state laws and regulations. The prior year findings have been corrected unless otherwise noted.

This report is intended for the information of the City's management and the Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mayor and Board of Aldermen City of Bruce, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bruce, Mississippi, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Bruce, Mississippi's basic financial statements, and have issued our report thereon dated May 19, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Bruce, Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Bruce, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Bruce, Mississippi's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Bruce, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
