**RECEIVED**

**MAR 23 2017**

To the Honorable Mayor and Board of Alderpersons  
Town of Gloster  
Gloster, Mississippi

In planning and performing our audit of the financial statement of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Gloster, Mississippi for the year ended September 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Town of Gloster, Mississippi's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Town of Gloster, Mississippi's internal control. Accordingly we do not express an opinion on the effectiveness of the Town of Gloster, Mississippi's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified one deficiency in internal control that we consider to be a material weakness and another deficiency that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency in the Town of Gloster's internal control to be a material weakness:

Audit procedures identified material misstatements per the Town's accounting records as a result of the lack of controls over the review of journal entries and coding of receipts and disbursements. We recommend the Town of Gloster implement policies and procedures to ensure proper review of journal entries and coding of receipts and disbursements.

RECEIVED

MAR 23 2017

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Town of Gloster, Mississippi's internal control to be a significant deficiency:

Due to the limited number of people working in the office, many critical duties are combined and given to available employees. Presently, a single individual prepares checks, reconciles bank accounts, performs all payroll duties, and maintains the general ledger. To the extent possible, duties should be segregated to serve as a check and balance on the employee's performance and to maintain the best control system possible. We feel segregation could be improved if different employees performed the separate duties of processing cash receipts and cash disbursements, and maintaining books of original entry.

This communication is intended solely for the information and use of management, the Mayor and Board of Alderpersons, and others within the Town, and is not intended to be and should not be used by anyone other than these specified parties.

Our responsibility is to express opinions on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. **Basis of Accounting**

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. This financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

**TOWN OF GLOSTER, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENT**  
**SEPTEMBER 30, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Town of Gloster, Mississippi (the Town) was incorporated in 1892. The Town operates under a Mayor-Board of Alderpersons form of government and provides all of the rights and privileges provided by statute for municipalities.

**A. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The financial statement is reported using the cash basis of accounting as permitted by the Mississippi Office of the State Auditor, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The cash basis of accounting differs from GAAP primarily because revenues (cash receipts) are recognized when received rather than when earned and susceptible to accrual and expenditures or expenses (cash disbursements) are recognized when paid rather than when incurred or subject to accrual.

Governmental Activities

The Town reports the following major governmental fund:

The **General Fund** is the government's primary operating fund. It accounts for all the financial resources and the legally authorized activities of the Town except those required to be accounted for in other specialized funds.

Additionally, the Town reports the following governmental fund type:

**Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Business-Type Activities

The Town reports the following major proprietary funds:

The **Water and Sewer Fund** accounts for the activities of providing water and sewer services to citizens of the Town.

The **Natural Gas Fund** accounts for the activities of providing natural gas services to citizens of the Town.

When both restricted and unrestricted cash is available for use, it is the Town's policy to use restricted cash first, then unrestricted cash as it is needed.

**NOTE 2 - CASH AND CERTIFICATES OF DEPOSIT**

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi Legislature and is governed by Section 27-105-5, Mississippi Code Ann. (1972). Under this program, the Town's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of a failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

Cash and certificates of deposit are comprised of the following at September 30, 2016:

	<b>Unrestricted Cash and Certificates of Deposit</b>	<b>Restricted Cash and Certificates of Deposit</b>	<b><u>Total</u></b>
<b>Governmental activities:</b>			
General Fund	\$ 1,373,130	3,002	1,376,132

*Interest Rate Risk.* The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* State law limits investments to those prescribed in Sections 27-105-33(d) and 27-105-33(e) Miss. Code Ann. (1972). The Town does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

*Custodial Credit Risk - Investments.* Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have a formal investment policy that addresses custodial risk. However, the Mississippi State Treasurer manages the risk on behalf of the Town. Deposits above FDIC coverage are collateralized by the pledging financial institutions trust department or agent in the name of the Mississippi State Treasurer on behalf of the Town. The Town had no investments as of September 30, 2016.

*Concentration of Credit Risk.* Disclosure of investments by amount and issuer for any issuer that represents five percent or more of total investments is required. her accumulated member contributions plus interest. Upon withdrawal of contributions, a member forfeits service credit represented by those contributions. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011), are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. A member may elect a reduced retirement allowance payable for life with the provisions that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter.

For the year ended September 30, 2016, the Town's total payroll for all employees was \$490,259. Total covered payroll was \$451,335. Covered payroll refers to all compensation paid by the Town to active employees covered by the Plan.

*Contributions*

PERS members are required to contribute 9.00% of their annual covered salary and the Town is required to contribute at an actuarially determined rate. The rate for the year ended September 30, 2016 was 15.75% of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The Town's contributions to PERS for the fiscal year ended September 30, 2016, 2015 and 2014 were \$71,085, \$59,704 and \$64,173, respectively, which equaled the required contributions for each year.

within the State of Mississippi workers' compensation and employers' liability coverage. The Town pays premiums to the pool quarterly for its workers' compensation insurance coverage based on total payroll. The participation agreement provides that the pool will be self-sustaining through member premiums. If total claims during a year were to deplete the trust account, then the pool members would be required to pay for the deficiencies. The Town has not had an additional assessment for losses incurred by the pool.

The Town is a member of the Mississippi Municipal Liability Plan, a public entity risk pool. The Mississippi Municipal Liability Plan covers liability claims against its members and is funded through member contributions. The Town has not had an additional assessment for excess losses.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE**  
**WITH STATE LAWS AND REGULATIONS**

To the Honorable Mayor and Board of Alderpersons  
Town of Gloster, Mississippi

We have audited the financial statement of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Gloster, Mississippi for the year ended September 30, 2016, and have issued our report thereon dated February 7, 2017. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

As required by the state legal compliance audit program prescribed by the Mississippi Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the financial statement of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information disclosed no material instances of noncompliance with state laws and regulations.

This report is intended for the information of the Town of Gloster, Mississippi's management, Honorable Mayor and Board of Alderpersons, and the Mississippi Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
