CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON THE BASIC FINANCIAL
STATEMENTS AND SUPPLEMENTARY INFORMATION

Superintendent and School Board
Greenwood Public School District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenwood Public School District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Greenwood Public School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

1929 SPILLWAY ROAD, SUITE B
BRANDON, MISSISSIPPI 39047
TELEPHONE 601-992-5292 FAX 601-992-2033

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenwood Public School District, as of June 30, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of District Contributions on pages 8 to 18 and 52 to 58 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Greenwood Public School District's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, the Schedule of Instructional, Administrative and Other Expenditures for Governmental Funds, and the other information section, which includes the Statement of Revenues, Expenditures and Changes in Fund Balances - General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Funds, Last Four Years are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the Schedule of Instructional, Administrative and Other Expenditures for Governmental Funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information mentioned above is fairly stated in all material respects in relation to the basic financial statements as a whole.

The other information section, which includes the Statement of Revenues, Expenditures and Changes in Fund Balances - General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Funds, Last Four Years has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 28, 2017, on our consideration of the Greenwood Public School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Greenwood Public School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

The following discussion and analysis of Greenwood Public School District's financial performance provides an overview of the School District's financial activities for the year ended June 30, 2016. The intent of this discussion and analysis is to look at the School District's performance as a whole. Readers are encouraged to review the financial statements and the notes to the financial statements to enhance their understanding of the School District's financial performance.

FINANCIAL HIGHLIGHTS

- Total net position for 2016 decreased \$1,415,972, including a prior period adjustment of (\$57,096), which represents a 9% decrease from fiscal year 2015. Total net position for 2015 decreased \$30,407,107, including a prior period adjustment of (\$29,132,804), which represents a 212% decrease from fiscal year 2014.
- General revenues amounted to \$18,943,378 and \$18,352,057, or 71% and 73% of all revenues for fiscal years 2016 and 2015, respectively. Program specific revenues in the form of charges for services and grants and contributions accounted for \$7,751,647, or 29% of total revenues for 2016, and \$6,636,737, or 27% of total revenues for 2015.
- The District had \$28,053,901 and \$26,263,097 in expenses for fiscal years 2016 and 2015; only \$7,751,647 for 2016 and only \$6,636,737 for 2015 of these expenses were offset by program specific charges for services, grants and contributions. General revenues of \$18,943,378 for 2016 and \$18,352,057 for 2015 were not adequate to provide for these programs.
- Among the major funds, the General Fund had \$18,520,381 in revenues and \$18,295,757 in expenditures for 2016, and \$17,885,721 in revenues and \$18,548,878 in expenditures for 2015. The General Fund's fund balance decreased by \$322,877 from 2015 to 2016, and decreased by \$924,775, which includes a prior period adjustment of \$285,345 and a fund reclassification of the Sixteenth Section Interest Funds of \$131,360, from 2014 to 2015.
- Capital assets, net of accumulated depreciation, decreased by \$444,997 for 2016 and decreased by \$194,540 for 2015. The decrease for 2016 was primarily due to the increase in accumulated depreciation.
- Long-term debt decreased by \$494,662 for 2016 and decreased by \$479,662 for 2015. The decrease for 2016 was due primarily to the principal payments on outstanding long-term debt. The liability for compensated absences increased by \$14,079 for 2016 and decreased by \$46,640 for 2015.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the District's basic financial statements, which include government-wide financial statements, fund financial statements, and notes to the

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

financial statements. This report also contains required supplementary information, supplementary information, and other information.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the District's finances. These statements consist of the Statement of Net Position and the Statement of Activities, which are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. The current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position presents information on all the District's nonfiduciary assets, deferred outflow of resources, liabilities, and deferred inflows of resources with the differences between them reported as "net position." Over time, increases or decreases in the District's net position may serve as a useful indicator of whether its financial position is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, non-instructional, sixteenth section, pension expense, and interest on long-term liabilities.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds - Most of the District's general activities are reported in its governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental funds are accounted for using the modified accrual basis of accounting and the flow of current financial resources measurement focus. The approach focuses on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at year end. The governmental fund statements provide a detailed view of the District's near-term financing requirements.

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may gain a better understanding of the long-term impact of the District's near-term financing decisions. The governmental funds Balance Sheet is reconciled to the Statement of Net Position, and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances is reconciled to the Statement of Activities to facilitate this comparison between governmental funds and governmental activities.

The District maintains individual governmental funds in accordance with the *Financial Accounting Manual for Mississippi Public School Districts*. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for all major funds. All non-major funds are combined and presented in these reports as other governmental funds.

Fiduciary funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because resources of those funds are not available to support the District's own programs. These funds are reported using the accrual basis of accounting. The school district is responsible for ensuring that the assets reported in these funds are used for their intended purpose.

Reconciliation of Government-wide and Fund Financial Statements

The financial statements include two schedules that reconcile the amounts reported on the governmental funds financial statements (modified accrual basis of accounting) with government-wide financial statements (accrual basis of accounting). The following summarizes the major differences between the two statements:

Capital assets used in governmental activities are not reported on governmental funds financial statements.

Capital outlay spending results in capital assets on government-wide financial statements, but is reported as expenditures on the governmental funds financial statements.

Bond and note proceeds result in liabilities on government-wide financial statements, but are recorded as other financing sources on the governmental funds financial statements.

Certain other outflows represent either increases or decreases in liabilities on the government-wide financial statements, but are reported as expenditures on the governmental funds financial statements.

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents budgetary comparison schedules, Schedule of the District's Proportionate Share of the Net Pension Liability, and Schedule of District Contributions as required supplementary information. The District adopts an annual operating budget for all governmental funds. A budgetary comparison schedule has been provided for the General Fund and each additional major special revenue fund as required by the Governmental Accounting Standards Board.

Supplementary Information

Additionally, a Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and a Schedule of Instructional, Administrative and Other Expenditures for governmental funds can be found in this report.

Other Information

Although not a required part of the basic financial statements, the Statement of Revenues, Expenditures and Changes in Fund Balances - General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Funds, Last Four Years, is presented for purposes of additional analysis as required by the Mississippi Department of Education.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position

Net position may serve over time as a useful indicator of the District's financial position. Liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$17,511,615 as of June 30, 2016.

The District's financial position is a product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

Table 1 presents a summary of the District's net position at June 30, 2016 and June 30, 2015.

| | |
|--|---------------------|
| Total unrestricted net position | \$ (26,953,773) |
| Less unrestricted deficit in net position resulting from recognition of the net pension liability, including the deferred outflows and deferred inflows related to pensions. | <u>31,206,401</u> |
| Unrestricted net position, exclusive of the net pension liability effect | <u>\$ 4,252,628</u> |

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

The following are significant current year transactions that have had an impact on the Statement of Net Position:

- Decrease in net capital assets in the amount of \$444,997.
- The principal retirement of \$500,000 of long-term debt.

Changes in net position

The District's total revenues for the fiscal years ended June 30, 2016 and June 30, 2015 were \$26,695,025 and \$24,988,794, respectively. The total cost of all programs and services was \$28,053,901 for 2016 and \$26,263,097 for 2015.

Table 2 presents a summary of the changes in net position for the fiscal years ended June 30, 2016 and June 30, 2015.

Governmental activities

The following table presents the cost of six major District functional activities: instruction, support services, non-instructional, sixteenth section, pension expense, and interest on long-term liabilities. The table also shows each functional activity's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost presents the financial burden that was placed on the State and District's taxpayers by each of these functions.

Chart of Expenses per Statement of Activities

- Net cost of governmental activities (\$20,302,254 for 2016 and \$19,626,360 for 2015) was financed by general revenue, which is primarily made up of property taxes (\$5,472,618 for 2016 and \$5,180,341 for 2015) and state and federal revenues (\$13,408,475 for 2016 and \$12,876,811 for 2015). In addition, there was \$13,500 and \$14,850 in Sixteenth Section sources for 2016 and 2015, respectively.
- Investment earnings amounted to \$13,308 for 2016 and \$12,899 for 2015.

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on current inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$5,857,107, an increase of \$137,552, which includes the increase in inventory of \$7,104. \$2,174,601 or 37% of the fund balance is unassigned, which represents the residual classification for the general fund's fund balance that has not been assigned to other funds and that has not been restricted or assigned to specific purposes within the general fund. The remaining fund balance of \$3,682,506 or 63% is either nonspendable, restricted or assigned to indicate that it is not available for spending except only for the purposes to which it is restricted or assigned.

The General Fund is the principal operating fund of the District. The decrease in fund balance in the General Fund for the fiscal year was \$322,877. The fund balance of Other Governmental Funds showed an increase in the amount of \$168,124. The increase (decrease) in the fund balances for the other major funds were as follows:

| Major Fund | | Increase (Decrease) |
|--------------------------|----|-------------------------|
| School Food Service Fund | \$ | 292,305 |
| Title I Fund | | no increase or decrease |

BUDGETARY HIGHLIGHTS

Over the course of the year, the District revised the annual operating budget. Budget revisions were made to address and correct the original budgets to reflect more accurately the sources and uses of funding for the School District.

A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund and each major special revenue fund is provided in this report as required supplementary information.

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. As of June 30, 2016, the District's total capital assets were \$21,321,232, including land, school buildings, improvements other than buildings, mobile equipment, buses, other school vehicles and furniture and equipment. This amount represents an increase of \$63,331 from 2015. Total accumulated depreciation as of June 30, 2016, was \$11,687,591, and total depreciation expense for the year was \$496,256, resulting in total net capital assets of \$9,633,641.

Table 4
Capital Assets, Net of Accumulated Depreciation

| | <u>June 30, 2016</u> | <u>June 30, 2015</u> | <u>Percentage Change</u> |
|-----------------------------------|----------------------|----------------------|------------------------------|
| Land | \$ 496,738 | 496,738 | 0% |
| Buildings | 8,226,342 | 8,464,374 | (3)% |
| Improvements other than buildings | 81,649 | 81,649 | 0% |
| Mobile equipment | 404,033 | 446,734 | (10)% |
| Furniture and equipment | 424,879 | 589,143 | (28)% |
| Total | <u>\$ 9,633,641</u> | <u>10,078,638</u> | <u>(4)%</u> |

Additional information on the District's capital assets can be found in Note 5 included in this report.

Debt Administration. At June 30, 2016, the District had \$1,779,907 in outstanding long-term debt, of which \$514,662 is due within one year. The liability for compensated absences increased \$14,079 from the prior year.

Table 5
Outstanding Long-Term Debt

| | <u>June 30, 2016</u> | <u>June 30, 2015</u> | <u>Percentage Change</u> |
|----------------------------------|----------------------|----------------------|------------------------------|
| Limited obligation bonds payable | \$ 1,600,000 | 2,100,000 | (24)% |
| Discounts | (10,675) | (16,013) | 33% |
| Compensated absences payable | 190,582 | 176,503 | 8% |
| Total | <u>\$ 1,779,907</u> | <u>2,260,490</u> | <u>(21)%</u> |

Additional information on the District's long-term debt can be found in Note 6 included in this report.

Greenwood Public School District
Management's Discussion and Analysis
For the Year Ended June 30, 2016

CURRENT ISSUES

The Greenwood Public School District is financially stable. The District is proud of its community support of the public schools.

The District has committed itself to financial excellence for many years. The District's system of financial planning, budgeting and internal financial controls is well regarded. The District plans to continue its sound fiscal management to meet the challenges of the future.

The District actively pursues grant funding to supplement the local, state and federal revenues.

Enrollment for the 2015 - 2016 year increased by 7% to 2,795 students.

In accordance with House Bill 987, as passed by the Mississippi Legislature in the regular session of 2016, the Leflore County School District and the Greenwood Public School District will consolidate on July 1, 2017 to form the Greenwood - Leflore Consolidated School District. At such time the assets and liabilities of the two school districts will be consolidated and Leflore County School District will cease to exist.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

If you have questions about this report, contact the Superintendent's Office of the Greenwood Public School District, Post Office Box 1497, Greenwood, MS 38930.

Greenwood Public School District

Notes to the Financial Statements
For the Year Ended June 30, 2016

Greenwood Public School District

Notes to the Financial Statements
For the Year Ended June 30, 2016

Note 1 - Summary of Significant Accounting Policies

The accompanying financial statements of the school district have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the school district's accounting policies are described below.

A. Financial Reporting Entity

As defined by accounting principles generally accepted in the United States of America, the school district is considered an "other stand-alone government." The school district is a related organization of, but not a component unit of, the City of Greenwood since the governing authority of the city selects a majority of the school district's board but does not have financial accountability for the school district.

For financial reporting purposes, Greenwood Public School District has included all funds and organizations. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District.

B. Government-wide and Fund Financial Statements

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the non-fiduciary activities of the District. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Position presents the District's non-fiduciary assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position. Net position is reported in three categories:

1. Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by outstanding balances of bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

2. Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.
3. Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function, or segment, are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property taxes and other items not included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported in separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other governmental funds.

The school district reports the following major governmental funds:

General Fund - This is the school district's primary operating fund. The general fund is used to account for and report all financial resources not accounted for and reported in another fund.

School Food Service Fund - This special revenue fund is used to account for the financial resources associated with the federal grants in the Child Nutrition Cluster, which provides nutritious breakfasts and lunches to the district's students.

Title I Fund - This is a special revenue fund that accounts for the federal revenue received and expenditures incurred related to the Title I grants to local educational agencies program.

All other governmental funds not meeting the criteria established for major funds are presented in the other governmental column of the fund financial statements.

The District's fiduciary funds include the following:

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

Student Club Funds - These funds are used to account for the transaction of student clubs.

Payroll Clearing Fund - This fund is used as a clearing account for payroll and payroll related transactions.

Accounts Payable Clearing Fund - This fund serves as a clearing fund for accounts payable type transactions.

Scholarship Funds - These funds are used to account for the contributions to and scholarships awarded from the district's scholarship funds.

Additionally, the school district reports the following fund types:

GOVERNMENTAL FUNDS

Special Revenue Funds - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt Service Funds - Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Permanent Funds - Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings, and not the principal, may be used for purposes that support the district's programs.

FIDUCIARY FUNDS

Agency Funds - Agency Funds are used to report resources held by the district in a purely custodial capacity (assets equal liabilities) and do not involve measurement of results of operations.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the economic resources measurement focus and the accrual basis of accounting, as are the Fiduciary Fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred or economic asset used, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Measurable means knowing or being able to reasonably estimate the amount. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and judgments, are recorded only when payment is due.

Federal grants and assistance awards made on the basis of entitlement periods are recorded as receivables and revenues when entitlement occurs. Federal reimbursement type grants are recorded as revenues when the related expenditures are recognized. Use of grant resources is conditioned upon compliance with terms of the grant agreements and applicable federal regulations, which include subjecting grants to financial and compliance audits.

Property taxes, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual.

Ad valorem property taxes are levied by the governing authority of the city on behalf of the school district based upon an order adopted by the school board of the school district requesting an ad valorem tax effort in dollars. Since the taxes are not levied and collected by the school district, the revenues to be generated by the annual levies are not recognized until the taxes are actually collected by the tax levying authority.

Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

The effect of inter-fund activity has been eliminated from the government-wide statements.

Revenues from the Mississippi Adequate Education Program are appropriated on

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

a fiscal year basis and are recorded at the time the revenues are received from the State of Mississippi.

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing, and Financial Reporting*, issued in 2012 by the Government Finance Officers Association and are consistent with the broad classifications recommended in *Financial Accounting for Local and State School Systems*, 2003, issued by the U.S. Department of Education.

D. Encumbrances

An encumbrance system is not maintained to account for commitments resulting from approved purchase orders, work orders and contracts.

E. Assets, liabilities, deferred outflows/inflows, and net position/fund balances

1. Cash, Cash equivalents and Investments

Cash and cash equivalents

The district's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The school district deposits excess funds in the financial institutions selected by the school board. State statutes specify how these depositories are to be selected.

Investments

The school district can invest its excess funds, as permitted by Section 29-3-113, Miss. Code Ann. (1972), in interest-bearing deposits or other obligations of the types described in Section 27-105-33, Miss. Code Ann. (1972), or in any other type investment in which any other agency, instrumentality or subdivision of the State of Mississippi may invest, except that 100% of said funds are authorized to be so invested.

For accounting purposes, certificates of deposit are classified as investments if they have an original maturity greater than three months when acquired.

Investments for the district are reported at fair market value.

2. Receivables and payables

Activities between funds that are representative of lending/borrowing

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e. the current portion of inter-fund loans) or “advances to/from other funds” (i.e. the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

3. Due from Other Governments

Due from other governments represents amounts due from the State of Mississippi and various grants and reimbursements from other governments.

4. Inventories and Prepaid Items

Donated commodities are received from the USDA and are valued at USDA cost. Other inventories are valued at cost (calculated on the first-in, first-out basis). The costs of governmental fund type inventories are reported as expenditures when purchased.

Prepaid items, such as prepaid insurance, are not reported for governmental fund types since the costs of such items are accounted for as expenditures in the period of acquisition.

5. Restricted Assets

Certain resources set aside for repayment of debt are classified as restricted assets on the Statement of Net Position because their use is limited by applicable debt statutes. Also, the nonexpendable portion of the Permanent Fund, if applicable, is classified as restricted assets because the 16th Section Principal fund is not available for use by the district except as provided for under state statute for loans from this fund.

6. Capital Assets

Capital assets include land, improvements to land, easements, water rights, timber rights, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Capital

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

assets are reported in the governmental activities column in the government-wide Statement of Net Position. Capital assets are recorded at historical cost or estimated historical cost based on appraisals or deflated current replacement cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the thresholds in the table below.

Capital acquisition and construction are reflected as expenditures in the Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements.

Depreciation is calculated on the straight-line basis for all assets, except land.

The following schedule details the capitalization thresholds:

| | Capitalization Policy | Estimated Useful Life |
|--------------------------------------|--------------------------|--------------------------|
| Land | \$ 0 | 0 |
| Buildings | 50,000 | 40 years |
| Building Improvements | 25,000 | 20 years |
| Improvements other than buildings | 25,000 | 20 years |
| Mobile equipment | 5,000 | 5-10 years |
| Furniture and equipment | 5,000 | 3-7 years |
| Leased property under capital leases | * | * |

(*) The threshold amount will correspond with the amounts for the asset classifications, as listed. See Note 5 for details.

7. Deferred outflows/inflows of resources

In addition to assets, the statement financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The school district has a deferred outflow which is presented as a deferred outflow for deferred charges on debt refunding and pension.

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then. The school district has a deferred inflow which is presented as a deferred inflow for pension.

See Note 13 for further details.

8. Compensated Absences

Employees of the school district accumulate sick leave at a minimum amount as required by state law. A greater amount may be provided by school district policy provided that it does not exceed the provisions for leave as provided in Sections 25-3-93 and 25-3-95. Some employees are allowed personal leave and/or vacation leave in accordance with school district policy. The district pays for unused leave for employees as required by Section 37-7-307(5), Miss. Code Ann. (1972).

The liability for these compensated absences is recorded as a long-term liability in the government-wide statements. The current portion of this liability is estimated based on historical trends. In the fund financial statements, governmental funds report the liability for compensated absences from expendable available financial resources only if the payable has matured, for example, an employee retires.

9. Long-term Liabilities and Bond Discounts/ Premiums

In the government-wide financial statements, outstanding debt is reported as liabilities. Bond discounts or premiums, and the difference between reacquisition price and the net carrying value of refunded debt are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures. See Note 6 for details.

10. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

Employees' Retirement System (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, the benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

11. Fund Balances

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Governmental fund balance is classified as nonspendable, restricted, committed, assigned or unassigned. Following are descriptions of fund classifications used by the district:

Nonspendable fund balance includes items that cannot be spent. This includes activity that is not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds are restricted, committed, or assigned) and activity that is legally or contractually required to remain intact, such as a principal balance in a permanent fund.

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Committed fund balance includes amounts that can be used only for the specific purposes pursuant to constraints imposed by a formal action of the School Board, the District's highest level of decision-making authority. Currently there is no committed fund balance for this school district.

Assigned fund balance includes amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. For governmental funds, other than the general fund, this is the residual amount within the fund that is not restricted or committed. Assignments of fund balance are created by the Superintendent and Business Manager pursuant to authorization established by the policy adopted by the school district.

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) resources are available, it is the District's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the District's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

It is the policy of the District to maintain a minimum fund balance in the General Fund at fiscal year end of not less than 7% of the revenues of the General Fund. If the unassigned fund balance at fiscal year end falls below the goal, the District shall develop a restoration plan to achieve and maintain the minimum fund balance.

Note 2 - Cash and Cash Equivalents, Cash with Fiscal Agents, and Investments

The district follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Restrictions on deposits and investments are imposed by statutes as follows:

Deposits. The school board must advertise and accept bids for depositories no less than once every three years as required by Section 37-7-333, Miss. Code Ann. (1972). The collateral pledged for the school districts' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation.

Investments. Section 29-3-113 and 37-59-43, Miss. Code Ann. (1972), authorizes the school board to invest excess funds in the types of investments authorized by Section 27-105-33(d) and (e), Miss. Code Ann. (1972). This section permits the following types of investments: (a) certificates of deposits or interest bearing accounts with qualified state depositories; (b) direct United States Treasury obligations; (c) United States Government

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

agency, United States Government instrumentality or United States Government sponsored enterprise obligations, not to exceed fifty percent of all monies invested with maturities of thirty days or longer; (d) direct security repurchase agreements and reverse direct security repurchase agreements of any federal book entry of only those securities enumerated in (b) and (c) above; (e) direct obligations issued by the United States of America that are deemed to include securities of, or other interests in, any open-end or closed-end management type investment company or investment trust approved by the State Treasurer and the Executive Director of the Department of Finance and Administration, not to exceed twenty percent of invested excess funds. Investment income on bond funds (Capital Projects), bond sinking funds (Debt Service Funds) and sixteenth section principal funds (Permanent Funds) must be credited to those funds. Investment income of \$100 or more of any fund must be credited to that fund. Investment income of less than \$100 can be credited to the General Fund.

Cash and Cash Equivalents

The carrying amount of the school district's deposits with financial institutions reported in the governmental funds and fiduciary funds was \$4,184,082 and \$1,031,447, respectively.

Custodial Credit Risk - Deposits. Custodial credit risk is defined as the risk that, in the event of the failure of a financial institution, the district will not be able to recover deposits or collateral securities that are in the possession of an outside party. The district does not have a deposit policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation. Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the district. As of June 30, 2016, none of the district's bank balance of \$8,024,585 was exposed to custodial credit risk.

Cash with Fiscal Agents

The carrying amount of school district's cash with fiscal agents held by financial institutions was \$288,650.

Investments

As of June 30, 2016, the district had the following investments.

| Investment Type | Rating | Maturities (in years) | Fair Value |
|-------------------------|-----------|-----------------------|------------------|
| Certificates of Deposit | No rating | 1 to 5 | \$ <u>14,313</u> |

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

Interest Rate Risk. The district does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments to those prescribed in Sections 27-105-33(d) and 27-105-33(e), Miss. Code Ann. (1972). The district does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

Custodial Credit Risk - Investments. Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the district will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The district does not have a formal investment policy that addresses custodial credit risk.

Concentration of Credit Risk. Disclosures of investments by amount and issuer for any issuer that represents five percent or more of total investments is required. This requirement does not apply to investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds and external investment pools, and other pooled investments. As of June 30, 2016, the district had the following investments:

| Issuer | Fair Value | % of Total Investments |
|-------------------------|------------|------------------------|
| Certificates of Deposit | \$ 14,313 | 100% |

Note 3 - Inter-fund Receivables, Payables and Transfers

The following is a summary of inter-fund transactions and balances:

A. Due From/To Other Funds

| Receivable Fund | Payable Fund | Amount |
|--------------------------|--------------------------|--------------|
| General Fund | Fiduciary Funds | \$ 2,086,814 |
| | Title I Fund | 431,872 |
| | Other Governmental Funds | 623,295 |
| | School Food Service Fund | 412,166 |
| School Food Service Fund | Other Governmental Funds | 19,167 |
| Fiduciary Funds | General Fund | 895,918 |
| | School Food Service Fund | 1,123,635 |
| | Title I Fund | 136,284 |
| | Other Governmental Funds | 162,811 |
| Other Governmental Funds | General Fund | 80 |
| | Fiduciary Funds | 98,542 |
| Total | | \$ 5,990,584 |

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

The purpose of the more significant inter-fund loans was to eliminate deficit cash balances in certain federal programs as part of the normal year end closing adjustments.

B. Inter-fund Transfers

| Transfers In | Transfers Out | Amount |
|--------------------------|--------------------------|-------------------|
| General Fund | School Food Service Fund | \$ 187,326 |
| | Other Governmental Funds | 20,241 |
| Other Governmental Funds | General Fund | 755,068 |
| Total | | <u>\$ 962,635</u> |

The purpose of transfers was to provide funds for general operating activities. All transfers were routine and consistent with the fund making the transfer.

Note 4 - Restricted Assets

The restricted assets represent the cash and investment balances, totaling \$129,456 and \$11,000, respectively, of the Sixteenth Section Principal Fund (Permanent Fund) which is legally restricted and may not be used for purposes that support the district's programs. In addition, the restricted assets represent the cash with fiscal agents balance, totaling \$288,650, of the MAEP Debt Retirement Fund.

Note 5- Capital Assets

The following is a summary of changes in capital assets for governmental activities:

| | Balance 7-1-2015 | Additions | Retirements | Adjustments | Balance 6-30-2016 |
|---|----------------------|------------------|---------------|-----------------|----------------------|
| <u>Non-depreciable capital assets:</u> | | | | | |
| Land | \$ 496,738 | | | | 496,738 |
| Total non-depreciable capital assets | <u>496,738</u> | <u>0</u> | <u>0</u> | <u>0</u> | <u>496,738</u> |
| <u>Depreciable capital assets:</u> | | | | | |
| Buildings | 16,341,433 | | | | 16,341,433 |
| Improvements other than buildings | 408,244 | | | | 408,244 |
| Mobile equipment | 2,046,939 | | | 87,176 | 2,134,115 |
| Furniture and equipment | 1,964,547 | 111,723 | 53,942 | (81,626) | 1,940,702 |
| Total depreciable capital assets | <u>20,761,163</u> | <u>111,723</u> | <u>53,942</u> | <u>5,550</u> | <u>20,824,494</u> |
| <u>Less accumulated depreciation for:</u> | | | | | |
| Buildings | 7,877,059 | 238,032 | | | 8,115,091 |
| Improvements other than buildings | 326,595 | | | | 326,595 |
| Mobile equipment | 1,600,205 | 67,231 | | 62,646 | 1,730,082 |
| Furniture and equipment | 1,375,404 | 190,993 | 50,574 | | 1,515,823 |
| Total accumulated depreciation | <u>11,179,263</u> | <u>496,256</u> | <u>50,574</u> | <u>62,646</u> | <u>11,687,591</u> |
| Total depreciable capital assets, net | <u>9,581,900</u> | <u>(384,533)</u> | <u>3,368</u> | <u>(57,096)</u> | <u>9,136,903</u> |
| Governmental activities capital assets, net | <u>\$ 10,078,638</u> | <u>(384,533)</u> | <u>3,368</u> | <u>(57,096)</u> | <u>9,633,641</u> |

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

Adjustments were made to properly present capital assets at fiscal year end.

Depreciation expense was charged to the following governmental functions:

| | Amount |
|----------------------------|-------------------|
| Instruction | \$ 347,379 |
| Support services | 99,251 |
| Non-instructional | 49,626 |
| Total depreciation expense | \$ <u>496,256</u> |

Note 6 - Long-term liabilities

The following is a summary of changes in long-term liabilities and other obligations for governmental activities:

| | Balance 7-1-2015 | Additions | Reductions | Balance 6-30-2016 | Amounts due within one year |
|-------------------------------------|---------------------|-----------|------------|----------------------|-----------------------------------|
| A. Limited obligation bonds payable | \$ 2,100,000 | | 500,000 | 1,600,000 | 520,000 |
| Discounts | (16,013) | | (5,338) | (10,675) | (5,338) |
| B. Compensated absences payable | 176,503 | 14,079 | | 190,582 | |
| Total | \$ 2,260,490 | 14,079 | 494,662 | 1,779,907 | 514,662 |

A. Limited obligation bonds payable

Limited obligation bonds are direct obligations and pledge the full faith and credit of the school district. Limited obligation bonds currently outstanding are as follows:

| Description | Interest Rate | Issue Date | Maturity Date | Amount Issued | Amount Outstanding |
|--|------------------|---------------|------------------|---------------------|-----------------------|
| State Aid Capital Improvement Refunding Bonds - Series 2007 | 3.6-3.85% | 04-30-07 | 02-01-18 | \$ <u>4,760,000</u> | <u>1,600,000</u> |

The following is a schedule by years of the total payments due on this debt:

| Year Ending June 30 | Principal | Interest | Total |
|------------------------|---------------------|---------------|------------------|
| 2017 | \$ 520,000 | 50,790 | 570,790 |
| 2018 | 1,080,000 | 30,912 | 1,110,912 |
| Total | \$ <u>1,600,000</u> | <u>81,702</u> | <u>1,681,702</u> |

This debt will be retired from the MAEP Debt Retirement Fund.

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

The state aid capital improvement bonds are secured by an irrevocable pledge of certain revenues the district receives from the State of Mississippi pursuant to the Mississippi Accountability and Adequate Education Program Act, Sections 37-151-1 through 37-151-7, Miss. Code Ann. (1972). The state aid capital improvement bonds are not included in the computation of the debt limit percentage.

B. Compensated absences payable

As more fully explained in Note 1(E)(8), compensated absences payable is adjusted on an annual basis as required by Section 37-7-307(5), Miss. Code Ann. (1972). Compensated absences will be paid from the fund from which the employees' salaries were paid.

Note 7 - Prior Year Defeasance of Debt

In prior years, the Greenwood Public School District defeased certain limited obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the district's financial statements. On June 30, 2016, \$1,085,000 of bonds outstanding are defeased.

Note 8 - Defined Benefit Pension Plan

General Information about the Pension Plan

Plan Description. The school district contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201 or by calling (601) 359-3589 or 1-800-444-PERS.

Benefits provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

Contributions. PERS members are required to contribute 9.00% of their annual covered salary, and the school district is required to contribute at an actuarially determined rate. The employer's rate as of June 30, 2016 was 15.75% of annual covered payroll. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Section 25-11-1 of the Mississippi Code of 1972, as amended, and may be amended only by the Mississippi Legislature. The school district's contributions to PERS for the fiscal years ending June 30, 2016, 2015, and 2014, were \$2,325,378, \$2,341,177, and \$2,388,440, respectively, which equaled the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the school district reported a liability of \$36,779,596 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the school district's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. The school district's proportionate share used to calculate the June 30, 2016 net pension liability was 0.237932 percent, which was based on a measurement date of June 30, 2015. This was a decrease of 0.012068 percent from its proportionate share used to calculate the June 30, 2015 net pension liability, which was based on a measurement date of June 30, 2014.

For the year ended June 30, 2016, the District recognized pension expense of \$3,613,901. At June 30, 2016 the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|-----------------------------------|----------------------------------|
| Differences between expected and actual experience | \$ 1,039,399 | \$ |
| Net difference between projected and actual earnings on pension plan investments | | 2,246,792 |
| Changes of assumptions | 3,168,437 | |
| Changes in proportion and differences between District contributions and proportionate share of contributions | 1,117,837 | (168,936) |
| District contributions subsequent to the measurement date | 2,325,378 | |
| Total | <u>\$ 7,651,051</u> | <u>\$ 2,077,856</u> |

\$2,325,378 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| | |
|----------------------|---------------------|
| Year ending June 30: | |
| 2017 | \$ 1,363,015 |
| 2018 | 1,166,347 |
| 2019 | 180,456 |
| 2020 | 537,999 |
| Total | <u>\$ 3,247,817</u> |

Actuarial assumptions. The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|---------------------------|---|
| Inflation | 3.0 percent |
| Salary increases | 3.75 – 19.00 percent, including inflation |
| Investment rate of return | 7.75 percent, net of pension plan investment expense, including inflation |

Mortality rates were based on the RP-2014 Healthy Annuitant Blue Collar Table Projected with Scale BB to 2016, with males rates set forward one year.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2014. The experience report is dated May 4, 2015.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| <u>Asset Class</u> | <u>Target Allocation</u> | <u>Long-Term Expected Real Rate of Return</u> |
|-------------------------|--------------------------|---|
| U.S. Broad | 34% | 5.20% |
| International Equity | 19 | 5.00 |
| Emerging Markets Equity | 8 | 5.45 |
| Fixed Income | 20 | 0.25 |
| Real Assets | 10 | 4.00 |
| Private Equity | 8 | 6.15 |
| Cash | 1 | (0.50) |
| Total | <u>100%</u> | |

Discount rate. The discount rate used to measure the total pension liability was 7.75 percent, a decrease of 0.25 percentage points since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

| | <u>1% Decrease (6.75%)</u> | <u>Current Discount Rate (7.75%)</u> | <u>1% Increase (8.75%)</u> |
|---|--------------------------------|--|--------------------------------|
| District's proportionate share of the net pension liability | \$ <u>48,478,876</u> | \$ <u>36,779,596</u> | \$ <u>27,071,380</u> |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Note 9 - Risk Management

The school district is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The district carries commercial insurance for these risks. Settled claims resulting from these

Greenwood Public School District

Notes to the Financial Statements For the Year Ended June 30, 2016

insured risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 10 - Contingencies

Federal Grants - The school district has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowances resulting from the grantor audit may become a liability of the school district.

Litigation - The school district is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate the outcome or liability, if any, of the school district with respect to the various proceedings. However, the school district's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the school district.

Note 11 - Sixteenth Section Lands

Sixteenth section school lands, or lands granted in lieu thereof, constitute property held in trust for the benefit of the public schools. The school board, under the general supervision of the Office of the Secretary of State, has control and jurisdiction of said school trust lands and of all funds arising from any disposition thereof. It is the duty of the school board to manage the school trust lands and all funds arising therefrom as trust property. Accordingly, the board shall assure that adequate compensation is received for all uses of the trust lands, except for uses by the public schools. The following are the future rental payments to be made to the school district for the use of school trust lands. These future rental payments are from existing leases and do not anticipate renewals or new leases.

| Year Ending June 30 | Amount |
|------------------------|------------|
| 2017 | \$ 6,005 |
| 2018 | 6,005 |
| 2019 | 6,005 |

Greenwood Public School District

Notes to the Financial Statements
For the Year Ended June 30, 2016

Note 12 - Prior Period Adjustments

A summary of significant Net Position adjustments is as follows

Exhibit B - Statement of Activities

| <u>Explanation(s)</u> | <u>Amount</u> |
|--|--------------------|
| Adjustments were made to properly present capital assets at fiscal year end. | \$ <u>(57,096)</u> |

Note 13 - Effect of Deferred Amounts on Net Position

The net investment in capital assets net position amount of \$8,053,486 includes the effect of deferring the recognition of expenses resulting from a deferred outflow from advance refunding of school district debt. The \$9,170, balance of the deferred outflow of resources at June 30, 2016 will be recognized as an expense and decrease the net investment in capital assets net position.

The unrestricted net position amount of (\$26,953,773) includes the effect of deferring the recognition of expenses resulting from a deferred outflow from pensions. The \$7,651,051 balance of deferred outflow of resources, at June 30, 2016 will be recognized as an expense and will decrease the unrestricted net position over the next 3 years.

The unrestricted net position amount of (\$26,953,773) includes the effect of deferring the recognition of revenue resulting from a deferred inflow from pensions. The \$2,077,856 balance of deferred inflow of resources, at June 30, 2016 will be recognized as a revenue and will increase the unrestricted net position over the next 4 years.

Note 14 - Subsequent Events

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of the Greenwood Public School District evaluated the activity of the district through the date the financial statements were available to be issued, and determined that the following subsequent event has occurred requiring disclosure in the notes to the financial statement:

In accordance with House Bill 987, as passed by the Mississippi Legislature in the regular session of 2016, the Leflore County School District and the Greenwood Public School District will consolidate on July 1, 2017 to form the Greenwood-Leflore Consolidated School District. At such time the assets and liabilities of the two school districts will be consolidated and Leflore County School District will cease to exist.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

Greenwood Public School District

Notes to the Required Supplementary Information
For the Year Ended June 30, 2016

Budgetary Comparison Schedules

(1) Basis of Presentation

The Budgetary Comparison Schedules present the original legally adopted budget, the final legally adopted budget, the actual data on the GAAP basis, variances between the original budget and the final budget, and variances between the final budget and the actual data.

(2) Budget Amendments and Revisions

The budget is adopted by the school board and filed with the taxing authority. Amendments can be made on the approval of the school board. By statute, final budget revisions must be approved on or before October 15. A budgetary comparison is presented for the General Fund and each major Special Revenue Fund consistent with accounting principles generally accepted in the United States of America.

Pension Schedules

(1) Changes of benefit terms

None.

(2) Changes of assumptions

In 2015 and later, the expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015. In 2015, the expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015. Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience. In 2015, assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience. Finally, the price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75% respectively.

(1) Schedule of Expenditures of Federal Awards

- a. The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the school district and is presented on the same basis of accounting and the same significant accounting policies, as applicable, as those used for the financial statements; however, the expenditures include transfers out. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Because the schedule presents only a selected portion of the operations of the school district, it is not intended to and does not present the financial position, changes in net position, or cash flows of the school district.
- b. The pass-through entities did not assign identifying numbers to the school district.
- c. The school district did not elect to use the 10% de minimis indirect cost rate.
- d. Donated commodities of \$122,756 are included in the National School Lunch Program.

(2) Schedule of Instructional Administrative and Other Expenditures - Governmental Funds

- a. This schedule is presented on the same basis of accounting and the same significant accounting policies, as applicable, as those used for the financial statements.

REPORTS ON INTERNAL CONTROL AND COMPLIANCE

FORTENBERRY & BALLARD, PC
CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Superintendent and School Board
Greenwood Public School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Greenwood Public School District, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Greenwood Public School District's basic financial statements, and have issued our report thereon dated July 28, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the school district's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the school district's internal control. Accordingly, we do not express an opinion on the effectiveness of the school district's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses as Findings 2016-001 and 2016-002.

1929 SPILLWAY ROAD, SUITE B
BRANDON, MISSISSIPPI 39047
TELEPHONE 601-992-5292 FAX 601-992-2033

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Greenwood Public School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Greenwood Public School District's Responses to Findings

The Greenwood Public School District's responses to the findings identified in our audit are described in the accompanying auditee's corrective action plan. The Greenwood Public School District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Superintendent and School Board
Greenwood Public School District

Report on Compliance for Each Major Federal Program

We have audited Greenwood Public School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Greenwood Public School District's major federal programs for the year ended June 30, 2016. The Greenwood Public School District's major federal programs are identified in the summary of the auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Greenwood Public School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the school district's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the school district's compliance.

1929 SPILLWAY ROAD, SUITE B
BRANDON, MISSISSIPPI 39047
TELEPHONE 601-992-5292 FAX 601-992-2033

Opinion on Each Major Federal Program

In our opinion, the Greenwood Public School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Greenwood Public School District is responsible for establishing and maintaining effective internal control over compliance with the type of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Greenwood Public School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the school district's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
STATE LAWS AND REGULATIONS

Superintendent and School Board
Greenwood Public School District

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenwood Public School District as of and for the year ended June 30, 2016, which collectively comprise Greenwood Public School District's basic financial statements and have issued our report thereon dated July 28, 2017. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Section 37-9-18(3)(a), Miss. Code Ann. (1972), states in part, "the auditor shall test to ensure that the school district is complying with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), relating to classroom supply funds." As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain other state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our procedures performed to test compliance with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), disclosed no instances of noncompliance. The district reported \$0 of classroom supply funds carried over from previous years.

Section 37-9-18(3)(b), Miss. Code Ann. (1972), states in part, "the auditor shall test to ensure correct and appropriate coding at the function level. The audit must include a report showing the correct and appropriate functional level expenditure codes in expenditures by the school district."

The results of our procedures performed to test compliance with the requirements of Section 37-9-18(3)(b), Miss. Code Ann. (1972), disclosed no instances of noncompliance related to incorrect or inappropriate functional level expenditure coding.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain other state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of procedures performed to test compliance with certain other state laws and regulations and our audit of the financial statements disclosed the following instances of noncompliance with other state laws and regulations. Our findings and recommendations and your responses are as follows:

1929 SPILLWAY ROAD, SUITE B
BRANDON, MISSISSIPPI 39047
TELEPHONE 601-992-5292 FAX 601-992-2033

Finding 1:

Criteria:

Section 37-61-19, Miss. Code Ann. (1972), requires the Mississippi School Districts to legally adopt a final amended budget on or before October 15, 2016.

Condition:

The district did not adopt an amended budget until October 20, 2016.

Cause:

The District failed to implement policies and procedures to ensure compliance with Section 37-61-19, Miss. Code Ann. (1972).

Effect:

This caused the District to be in noncompliance with Section 37-61-19, Miss. Code Ann. (1972).

Recommendation:

The District should comply with Miss. Code Section 37-61-19.

Response:

The District will implement policies and procedures to ensure compliance with the Miss. Code Section 37-61-19.

Finding 2:

Criteria:

Section 37-7-333, Miss. Code Ann. (1972) requires the school district to advertise and accept bids for depositories once every three (3) years when the board determines that it can obtain a more favorable rate of interest and less administrative processing. The bids of financial institutions for the privilege of keeping school funds may be received by the school board subsequent meeting, but no later than the regular June meeting. The selection by the school board of the depository or depositories shall be effective on July 1 of each year.

Condition:

The school district opened and selected a bid for school depositories on August 11, 2015 for the fiscal year ended June 30, 2016.

Cause:

The District failed to implement policies and procedures to ensure compliance with Section 37-7-333, Miss. Code Ann. (1972).

Effect:

This caused the District to be in noncompliance with Section 37-7-333, Miss. Code Ann. (1972).

Recommendation:

The District should comply with Section 37-7-333, Miss. Code Ann. (1972).

Response:

The District will implement policies and procedures to ensure compliance with the Section 37-7-333, Miss. Code Ann. (1972).

Finding 3:

Criteria:

Section 27-105-315, Miss. Code Ann. (1972), states: “Not later than thirty (30) days following its fiscal year end, a public depositor shall notify the State Treasurer of its official name, address, federal tax identification number, and provide a listing of all accounts that it had with qualified public depositories, including the deposit balance in those accounts, as of its fiscal year end. A public entity established during the year shall furnish its official name, address and federal tax identification number to the State Treasurer before making any public deposit.”

Condition:

During the course of test work performed, the district did not include all depository institutions and depository accounts on the State Treasurer’s Collateral Sufficiency Report. When the district reconciles bank balances to the report, any differences noted should be reported to the State Treasurer.

Cause:

The District failed to implement policies and procedures to ensure compliance with Section 27-105-315, Miss. Code Ann. (1972).

Effect:

The District did not comply with Section 27-105-315, Miss. Code Ann. (1972).

Recommendation:

We recommend that the district comply with Section 27-105-315, Miss. Code Ann. (1972), by including all depository institutions and depository accounts on the State Treasurer’s Collateral Sufficiency Report so that the collateralization of the deposits will be properly monitored.

Response:

The District will comply with Section 27-105-315, Miss. Code Ann. (1972), by including all depository institutions and depository accounts on the State Treasurer’s Collateral Sufficiency Report so that the proper collateralization of the deposits can be reviewed by that office.

The Office of the State Auditor or a public accounting firm will review, on the subsequent year’s audit engagement, the findings in this report to ensure that corrective action has been taken.

The Greenwood Public School District’s responses to the findings included in this report were not audited and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the school board and management, entities with accreditation overview, and federal awarding agencies, the Office of the State Auditor and pass-through entities and is not intended to be and should not be used by anyone

other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Greenwood Public School District

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2016

Section I: Summary of Auditor's Results

Financial Statements:

1. Type of auditor's report issued: Unmodified.
2. Internal control over financial reporting:
 - a. Material weakness(es) identified? Yes.
 - b. Significant deficiency(ies) identified? None reported.
3. Noncompliance material to financial statements noted? No.

Federal Awards:

4. Internal control over major programs:
 - a. Material weakness(es) identified? No.
 - b. Significant deficiency(ies) identified? None reported.
5. Type of auditor's report issued on compliance for major programs: Unmodified
6. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? No
7. Identification of major programs:

| CFDA Numbers: | Name of Federal Program or Cluster |
|---------------|--|
| 84.010 | Title I Grants to Local Educational Agencies |
| 84.367 | Supporting Effective Instruction State Grant |

8. Dollar threshold used to distinguish between type A and type B programs: \$750,000.
9. Auditee qualified as low-risk auditee? No.

Section II: Financial Statements Findings

The results of our tests disclosed the following findings related to the financial statements that are required to be reported by *Government Auditing Standards*.

Material Weaknesses

Finding 2016-001:

Criteria:

Management is responsible for establishing an internal control system that ensures strong financial accountability and safeguarding of assets. A critical aspect of financial management is the maintenance of accurate accounting records.

Condition:

During our testing of cash and the bank reconciliation process, we noted bank statements were not reconciled in a timely manner nor were they reconciled accurately. The Gear Up Mississippi Fund was completely left off the bank reconciliation.

Cause:

Internal controls were not in place to ensure bank reconciliations were completed accurately and in a timely manner.

Effect:

Failure to prepare accurate and timely bank reconciliations could lead to misappropriation of assets that go undetected by management.

Recommendation:

Policies and procedures should be implemented to ensure all bank reconciliations are completed accurately and in a timely manner.

Finding 2016-002:

Criteria:

Management is responsible for establishing an internal control system that ensures strong financial accountability and safeguarding of assets. A critical aspect of financial management is the maintenance of accurate accounting records.

Condition:

Upon examination of liabilities, we noted two invoices were recorded twice which caused liabilities to be overstated by \$284,985.

Cause:

This caused expenditures and accounts payable to be overstated. This overstatement was corrected by an audit adjustment.

Effect:

The District lacked internal control procedures to ensure liabilities were accurately recorded during the fiscal year.

Recommendation:

Policies and procedures should be implemented to ensure liabilities are recorded accurately and in the correct fiscal year end.

Section III: Federal Awards Findings and Questioned Costs

The results of our tests did not disclose any findings and questioned costs related to the federal awards.
