STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR Shad White AUDITOR

May 9 2019

Members of the Board of Supervisors Franklin County, Mississippi

Dear Board Members:

I am pleased to submit to you the 2016 financial and compliance audit report for Franklin County. This audit was performed pursuant to Section 7-7-211(e), Mississippi Code Ann. (1972). The audit was performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

I appreciate the cooperation and courtesy extended by the officials and employees of Franklin County throughout the audit. Thank you for working to move Mississippi forward by serving as a supervisor for Franklin County. If I or this office can be of any further assistance, please contact me or Joe McKnight of my staff at (601) 576-2674.

Respectfully submitted,

Shad White

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR SHAD WHITE AUDITOR

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Supervisors Franklin County, Mississippi

Report on the Financial Statements

We have audited the accompanying cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Franklin County, Mississippi, (the County) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County's primary government as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting, as described in Note 1. This includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units

The financial statements do not include financial data for the County's legally separate component units. Accounting principles applicable to the County's cash basis of accounting require the financial data for that those component units to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units. The County has not issued such reporting entity financial statements. The amount by which this departure would affect the cash basis assets, net position, receipts, and disbursements of the aggregate discretely presented component units is not reasonably determinable.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units" paragraph, the financial statements referred to above do not present fairly the cash basis financial position of the aggregate discretely presented component units of Franklin County, Mississippi, as of September 30, 2017, or the changes in cash basis financial position thereof for the year then ended in accordance with accounting principles applicable to the County's cash basis of accounting.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Franklin County, Mississippi, as of September 30, 2017, and the respective changes in cash basis financial position thereof for the year then ended, in accordance with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements which describes that Franklin County, Mississippi prepares its financial statements on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Report on Other Information

The Budgetary Comparison Schedules, Schedule of Investments, Schedule of Interfund Loans and Advances, Schedule of Capital Assets, Schedule of Changes in Long-term Debt, Schedule of Surety Bonds for County Officials and corresponding notes have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 9, 2019 on our consideration of Franklin County, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Franklin County, Mississippi's internal control over financial reporting is internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Franklin County, Mississippi's internal control over financial reporting and compliance.

Gee 1 my might

JOE E. MCKNIGHT, CPA Director, County Audit Section

Notes to Financial Statements For the Year Ended September 30, 2017

(1) Summary of Significant Accounting Policies.

A. Financial Reporting Entity.

Franklin County, Mississippi (the County), is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. The financial statements of the County are presented on a cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America as established by the Governmental Accounting Standards Board. These accounting principles require Franklin County to present these financial statements on the primary government and its component units which have significant operational or financial relationships with the County.

Management has chosen to omit from these financial statements the following component units which have significant operational or financial relationships with the County. Accordingly, the financial statements do not include the data of all of the County's component units necessary for reporting in accordance with accounting principles applicable to the County's cash basis of accounting.

- Franklin County Memorial Hospital
- Okhissa Lake Sewer District

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the County legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor-Collector
- Sheriff
- B. Basis of Presentation.

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position – Cash Basis and a Statement of Activities – Cash Basis, fund financial statements and accompanying note disclosures which provide a detailed level of financial information.

Government-wide Financial Statements:

The Statement of Net Position – Cash Basis and Statement of Activities – Cash Basis display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental receipts and other nonexchange receipts and are reported separately from business-type activities. Business-type activities rely mainly on fees and charges for support.

The Statement of Net Position – Cash Basis presents the financial condition of the governmental activities and business-type activities of the County at year-end. The Government-wide Statement of Activities – Cash Basis presents a comparison between direct disbursements and program receipts for each function or program of the County's governmental activities and business-type activities. Direct disbursements are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other receipts not classified as program receipts are presented as general

Notes to Financial Statements For the Year Ended September 30, 2017

receipts of the County, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each business-type activity or governmental function is self-financing or draws from the general receipts of the County.

Fund Financial Statements:

Fund financial statements of the County are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, fund balances, receipts and disbursements. Funds are organized into governmental, proprietary and fiduciary. Major individual Governmental Funds and major individual Enterprise Funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column as Other Governmental Funds.

C. Measurement Focus and Basis of Accounting.

The Government-wide, Governmental Funds, Proprietary Funds and Fiduciary Funds financial statements are presented on a cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves the reporting of only cash and cash equivalents and the changes therein resulting from cash inflows (cash receipts) and cash outflows (cash disbursements) reported in the period in which they occurred. This cash basis of accounting differs from GAAP primarily because revenues (cash receipts) are recognized when received in cash rather than when earned and susceptible to accrual, and expenditures or expenses (cash disbursements) are recognized when paid rather than when incurred or subject to accrual.

The County reports the following major Governmental Funds:

<u>General Fund</u> - This fund is used to account for and report all financial resources not accounted for and reported in another fund.

<u>Countywide Bridge and Culvert Fund</u> - This fund is used to account for monies from specific sources that are restricted for bridge and culvert maintenance.

Hospital Contingency Fund - This fund is used to account for funds received from the benefit of the hospital.

The County reports the following major Enterprise Fund:

Sanitation and Waste Removal Fund - This fund is used to account for the County's activities of disposal of solid waste within the County.

Additionally, the County reports the following fund types:

GOVERNMENTAL FUND TYPES

<u>Special Revenue Funds</u> - These funds are used to account for and report the proceeds of specific cash sources that are restricted or committed to disbursement for specified purposes other than debt service or capital projects.

<u>Debt Service Funds</u> - These funds are used to account for and report financial resources that are restricted, committed, or assigned to disbursement for principal and interest.

PROPRIETARY FUND TYPE

<u>Enterprise Funds</u> - These funds are used to account for those operations that are financed and operated in a manner similar to private business enterprises or where the County has decided that periodic determination of receipts collected, disbursements paid and/or net income is necessary for management accountability.

Notes to Financial Statements For the Year Ended September 30, 2017

FIDUCIARY FUND TYPE

<u>Agency Funds</u> - These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

D. Account Classifications.

The account classification used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

E. Deposits and Investments.

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the County may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, all certificates of deposit and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less).

F. Equity Classifications.

Government-wide Financial Statements:

Equity is classified as net position and displayed in two components:

Restricted net position - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position not meeting the definition of "restricted."

Net Position Flow Assumption:

When a disbursement is paid for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When disbursements are paid for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Governmental fund balance is classified as nonspendable, restricted, committed, assigned or unassigned. The following are descriptions of fund classifications used by the County:

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Notes to Financial Statements For the Year Ended September 30, 2017

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds if disbursements paid for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Fund Balance Flow Assumption:

When a disbursement is paid for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When disbursements are paid for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

G. Property Tax Receipts.

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase. All property taxes are recognized as receipts when collected.

(2) Deposits.

The carrying amount of the County's total deposits with financial institutions at September 30, 2017, was \$5,545,117 and the bank balance was \$5,801,556. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of the failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

(3) Deficit Cash Balance.

For the year ended September 30, 2017, the General Fund paid \$122,685 in expenses incurred by the Sanitation and Waste Removal Fund, which is considered a Proprietary Fund of the County. Therefore, these expenses, as well as the related deficit cash balance, have been reflected in the General Fund and in Governmental Activities.

Notes to Financial Statements For the Year Ended September 30, 2017

(4) Claims and Judgments.

Risk Financing.

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is \$1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability. However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation, effective from January 1, 2017, to January 1, 2018. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures.

(5) Contingencies.

<u>Federal Grants</u> - The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the disbursements of resources for allowable purposes. The County may be responsible for any disallowances.

<u>Litigation</u> - The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

(6) Jointly Governed Organizations.

The County participates in the following jointly governed organizations:

Copiah Lincoln Community College operates in a district composed of the counties of Adams, Copiah, Franklin, Jefferson, Lawrence, Lincoln and Simpson. The Franklin County Board of Supervisors appoints two of the 27 members of the college board of trustees. The County contributed \$196,180 for maintenance and support of the district in fiscal year 2017.

Southwest Mississippi Planning and Development District operates in a district composed of the counties of Adams, Amite, Claiborne, Franklin, Jefferson, Lawrence, Lincoln, Pike, Walthall and Wilkinson. The Franklin County Board of Supervisors appoints four of the 40 members of the board of directors. The County contributed \$13,726 for support of the district in fiscal year 2017.

Southwest Mississippi Mental Health Complex operates in a district composed of the counties of Adams, Amite, Claiborne, Franklin, Jefferson, Lawrence, Lincoln, Pike, Walthall and Wilkinson. The Franklin County Board of Supervisors appoints one of the 10 members of the board of commissioners. The County contributed \$18,000 for its support in fiscal year 2017.

Southwest Mississippi Partnership operates in a district composed of the counties of Adams, Amite, Claiborne, Franklin, Jefferson, Lawrence, Lincoln, Pike, Walthall and Wilkinson. The entity is governed by ten members, appointed by each County's lead industrial foundation or chamber of commerce. If no industrial foundation or chamber of commerce is present, the member is appointed by the County's Board of Supervisors. The County provided no financial support in fiscal year 2017.

Notes to Financial Statements For the Year Ended September 30, 2017

(7) Defined Benefit Pension Plan.

<u>Plan Description</u>. Franklin County, Mississippi, contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

<u>Funding Policy</u>. At September 30, 2017, PERS members were required to contribute 9% of their annual covered salary, and the County is required to contribute at an actuarially determined rate. The rate at September 30, 2017 was 15.75% of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2017, 2016 and 2015 were \$294,903, \$284,067 and \$292,216, respectively, equal to the required contributions for each year.

Notes to Other Information For the Year Ended September 30, 2017

(1) Budgetary Comparison Information.

A. Budgetary Information.

Statutory requirements dictate how and when the County's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the County, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff and the Tax Assessor-Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of receipt, each general item of disbursement, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, it may make revisions to the budget.

The County's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

B. Basis of Presentation.

The Budgetary Comparison Schedule - Budget and Actual presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary basis and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund.

- (2) Long-term Debt Information:
 - A. <u>Legal Debt Margin</u> The amount of debt, excluding specific exempted debt that can be incurred by the County is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the then last completed assessment for taxation. However, the limitation is increased to 20% whenever a county issues bonds to repair or replace washed out or collapsed bridges on the public roads of the county. As of September 30, 2017, the amount of outstanding debt was less than one percent of the latest property assessments.

Issue Date	Interest Rate	Issue Amount	Type of Financing	Source of Financing
8/16/2018	2.75%	\$ 240,334	Lease purchase	Ad valorem
4/15/2019	3.59%	332,400	Loan	Ad valorem and charges for service fees

SPECIAL REPORTS

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR SHAD WHITE AUDITOR

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Supervisors Franklin County, Mississippi

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Franklin County, Mississippi (the County), as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 9, 2019. Our report includes an adverse opinion on the aggregate discretely presented component units due to the omission of the discretely presented component units which are required by accounting principles applicable to the County's cash basis of accounting to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Franklin County, Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Franklin County, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as 2017-001, 2017-003 and 2017-004 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as 2017-002 and 2017-005 to be significant deficiencies.

POST OFFICE BOX 956 • JACKSON, MISSISSIPPI 39205 • (601) 576-2800 • FAX (601) 576-2650

www.osa.state.ms.us

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Franklin County, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Responses as item 2017-003.

Franklin County's Responses to Findings

Franklin County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Franklin County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

May 9, 2019

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR SHAD WHITE AUDITOR

INDEPENDENT ACCOUNTANT'S REPORT ON CENTRAL PURCHASING SYSTEM, INVENTORY CONTROL SYSTEM AND PURCHASE CLERK SCHEDULES (AS REQUIRED BY SECTION 31-7-115, MISS. CODE ANN. (1972))

Members of the Board of Supervisors Franklin County, Mississippi

We have examined Franklin County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Sections 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2017. The Board of Supervisors of Franklin County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Franklin County, Mississippi, has established centralized purchasing for all funds of the County and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with state law.

Because of inherent limitations in any central purchasing system and inventory system, errors or irregularities may occur and not be detected. Also, projection of any current evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

In our opinion, Franklin County, Mississippi complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2017.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchases and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination of the purchasing system and, in our opinion, is fairly presented when considered in relation to that examination.

This report is intended for use in evaluating the central purchasing system and inventory control system of Franklin County, Mississippi, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

Our tests did not identify any purchases made noncompetively from a sole source.

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR SHAD WHITE AUDITOR

LIMITED INTERNAL CONTROL AND COMPLIANCE REVIEW MANAGEMENT REPORT

Members of the Board of Supervisors Franklin County, Mississippi

In planning and performing our audit of the financial statements of Franklin County, Mississippi (the County) for the year ended September 30, 2017, we considered Franklin County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Franklin County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the County's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated May 9, 2019, on the financial statements of Franklin County, Mississippi.

Although no findings came to our attention as a result of these review procedures and compliance tests, these procedures and tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of the internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

This report is intended solely for the information and use of management, the Board of Supervisors, and others within the entity and is not intended to be and should not be used by anyone other than these parties. However, this report is a matter of public record and its distribution is not limited.

Geet my might

JOE E. MCKNIGHT, CPA Director, County Audit Section

May 9, 2019

SCHEDULE OF FINDINGS AND RESPONSES

Schedule of Findings and Responses For the Year Ended September 30, 2017

Section 1: Summary of Auditor's Results

Financial	Statements:	
1.	Type of auditor's report issued on the financial statements:	
	Governmental activities	Unmodified
	Business-type activities	Unmodified
	Aggregate discretely presented component units	Adverse
	General Fund	Unmodified
	County wide Bridge and Culvert Fund	Unmodified
	Hospital Contingency Fund	Unmodified
	Sanitation and Waste Removal Fund	Unmodified
	Aggregate remaining fund information	Unmodified
2.	Internal control over financial reporting:	
	a. Material weaknesses identified?	Yes
	b. Significant deficiency identified?	Yes
3.	Noncompliance material to the financial statements noted?	Yes

Section 2: Financial Statement Findings

Board of Supervisors.	
Material Weakness	
2017-001.	County signed warrants without sufficient money.
Repeat Finding	Yes
Criteria	Section 19-13-43, Miss. Code Ann. (1972), prohibits the signing of warrants or the delivery of warrants until there is sufficient money in the fund upon which it is drawn to pay the same.
Condition	As reported in prior year's audit report, warrants were issued on funds which did not have sufficient money to pay the warrants. As of September 30, 2017, the following funds had negative cash balances in the indicated amounts:
	a. Sanitation and Waste Removal Fund - \$122,685b. Tiger Grant Fund - \$127,803
Cause	The County did not comply with state laws.
Effect	Failure to have sufficient cash balances in County funds prior to issuing warrants on these funds resulted in other funds' cash being used for purposes other than their intended purpose. This situation could result in the Board of Supervisors being held personally liable for such amount.
Recommendation	The Board of Supervisors should ensure that no warrants are signed or delivered until there is sufficient money in the fund upon which it is drawn to pay the same, as required by law.

Schedule of Findings and Responses For the Year Ended September 30, 2017

Views of Responsible Official(s)	Solid Waste: County is in the process of bring trash collection "in house". We also increased pick up fees for the first time in ten years. The county feels that this will address the deficit. Tiger Grant: This grant replaced nine county bridges. The County had to pay row fees, attorney fees, etc., prior to grant monies being paid from the grant.
Significant Deficiency	
2017-002.	Internal controls over the receipting of revenue should be strengthened.
Repeat Finding	No
Criteria	An effective system of internal control should include an accurate receipting of revenue into the County's financial system.
Condition	During the audit, it was noted that the County recorded revenue receipted into incorrect object codes.
Cause	The County did not possess the necessary internal controls to ensure the accurate recording of revenues received into the correct object codes.
Effect	Failure to receipt revenues into the correct object codes could result in inaccurate amounts being reported in the financial statements.
Recommendation	The Board of Supervisors should ensure that control procedures are in place for the accurate receipting of revenues into the financial statements.
Views of Responsible Official(s)	We will comply.
Material Weakness Material Noncompliance	
2017-003.	Controls over repayment of interfund loans should be strengthened.
Repeat Finding	No
Criteria	The Mississippi Code is silent regarding the authority of the County to make interfund loans.
Condition	The County has an interfund loan outstanding that is over one year old. This loan was made to resolve cash flow problems in the Sanitation and Waste Removal Fund. However, this loan was not repaid as of September 30, 2017.
Cause	The County failed to repay outstanding interfund loans.
Effect	Failure of the Board of Supervisors to ensure payment of this loan is an illegal diversion of legally restricted funds.
Recommendation	For any interfund loan made, the Board of Supervisors should approve and record in the board minutes the reason of the loan, when the loan will be repaid and the source of funds for repayment.

Schedule of Findings and Responses For the Year Ended September 30, 2017

The Board of Supervisors should ensure this loan is repaid by approving and recording in the board minutes a repayment schedule and complying with the repayment schedule.

Views of Responsible Official(s) Sheriff.	We will comply.
Material Weakness	
2017-004.	The Sheriff's Office should make daily deposits.
Repeat Finding	Yes
Criteria	An effective system of internal controls over cash requires that daily deposits be made.
Condition	As reported in the prior nine years' audit reports, the Sheriff failed to make daily deposits throughout the fiscal year.
Cause	The Sheriff lacks the necessary controls over cash.
Effect	The failure to make daily deposits could result in the loss or misappropriation of public funds.
Recommendation	The Sheriff should implement internal controls to ensure that daily bank deposits are made.
Views of Responsible Official(s)	I agree with the audit findings. The Sheriff's Department has accounted for all monies taken into this office. I will discuss with the Board of Supervisors the recommendations of the audit department.
Significant Deficiency	
Significant Deficiency 2017-005.	The Sheriff should establish adequate segregation of duties.
	<u>The Sheriff should establish adequate segregation of duties.</u> No
2017-005.	
2017-005. Repeat Finding	No An effective system of internal control for collecting, recording and disbursing cash in the Sheriff's
2017-005. Repeat Finding Criteria	No An effective system of internal control for collecting, recording and disbursing cash in the Sheriff's Office should include adequate segregation of duties. The bookkeeper receipts monies, prepares all deposits, makes all deposits, reconciles the bank statements, posts receipts to the cash journal, prepares the monthly settlement reports, and makes
2017-005. Repeat Finding Criteria Condition	No An effective system of internal control for collecting, recording and disbursing cash in the Sheriff's Office should include adequate segregation of duties. The bookkeeper receipts monies, prepares all deposits, makes all deposits, reconciles the bank statements, posts receipts to the cash journal, prepares the monthly settlement reports, and makes disbursements for all fees.
2017-005. Repeat Finding Criteria Condition Cause	No An effective system of internal control for collecting, recording and disbursing cash in the Sheriff's Office should include adequate segregation of duties. The bookkeeper receipts monies, prepares all deposits, makes all deposits, reconciles the bank statements, posts receipts to the cash journal, prepares the monthly settlement reports, and makes disbursements for all fees. The Sheriff lacks the necessary controls over the collecting, recording and disbursing of cash. Failure to adequately segregate duties over the collecting, recording and disbursing of cash increases
