STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR SHAD WHITE AUDITOR

July 23, 2018

Members of the Board of Supervisors Webster County, Mississippi

Dear Board Members:

I am pleased to submit to you the 2017 financial and compliance audit report for Webster County. This audit was performed pursuant to Section 7-7-211(e), Mississippi Code Ann. (1972). The audit was performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

I appreciate the cooperation and courtesy extended by the officials and employees of Webster County throughout the audit. Thank you for working to move Mississippi forward by serving as a supervisor for Webster County. If I or this office can be of any further assistance, please contact me or Joe McKnight of my staff at (601) 576-2674.

Respectfully submitted,

Shad White State Auditor

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR STACEY E. PICKERING AUDITOR

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Supervisors Webster County, Mississippi

Report on the Financial Statements

We have audited the accompanying cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Webster County, Mississippi, (the County) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting, as described in Note 1. This includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Webster County, Mississippi, as of September 30, 2017, and the respective changes in cash basis financial position thereof for the year then ended, in accordance with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements which describes that Webster County, Mississippi prepares its financial statements on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Report on Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Webster County, Mississippi's basic financial statements. The Budgetary Comparison Schedules, Schedule of Investments, Schedule of Advances, Schedule of Capital Assets, Schedule of Changes in Long-term Debt, Schedule of Surety Bonds for County Officials and corresponding notes have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 23, 2018 on our consideration of Webster County, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Webster County, Mississippi's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Webster County, Mississippi's internal control over financial reporting and compliance.

Geel my might

JOE E. MCKNIGHT, CPA Director, County Audit Section

Notes to Financial Statements For the Year Ended September 30, 2017

(1) Summary of Significant Accounting Policies.

A. Financial Reporting Entity.

Webster County, Mississippi (the County), is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. The financial statements of the County are presented on a cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America as established by the Governmental Accounting Standards Board. These accounting principles require Webster County to present these financial statements on the primary government and its component units which have significant operational or financial relationships with the County. There are no outside organizations that should be included as component units of the County's reporting entity.

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the County legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor-Collector
- Sheriff

B. Basis of Presentation.

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position – Cash Basis and a Statement of Activities – Cash Basis, fund financial statements and accompanying note disclosures which provide a detailed level of financial information.

Government-wide Financial Statements:

The Statement of Net Position – Cash Basis and Statement of Activities – Cash Basis display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental receipts and other nonexchange receipts.

The Statement of Net Position – Cash Basis presents the financial condition of the governmental activities of the County at year-end. The Government-wide Statement of Activities – Cash Basis presents a comparison between direct disbursements and program receipts for each function or program of the County's governmental activities. Direct disbursements are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other receipts not classified as program receipts are presented as general receipts of the County, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing or draws from the general receipts of the County.

Fund Financial Statements:

Fund financial statements of the County are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, fund balances, receipts and disbursements. Funds are organized into governmental and fiduciary. Major individual Governmental Funds are reported as separate columns in the fund financial

Notes to Financial Statements For the Year Ended September 30, 2017

statements. Nonmajor funds are aggregated and presented in a single column as Other Governmental Funds.

C. Measurement Focus and Basis of Accounting.

The Government-wide, Governmental Funds, and Fiduciary Funds financial statements are presented on a cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves the reporting of only cash and cash equivalents and the changes therein resulting from cash inflows (cash receipts) and cash outflows (cash disbursements) reported in the period in which they occurred. This cash basis of accounting differs from GAAP primarily because revenues (cash receipts) are recognized when received in cash rather than when earned and susceptible to accrual, and expenditures or expenses (cash disbursements) are recognized when paid rather than when incurred or subject to accrual.

The County reports the following major Governmental Funds:

<u>General Fund</u> - This fund is used to account for and report all financial resources not accounted for and reported in another fund.

<u>Courthouse Recovery Fund</u> - This fund is used to account for monies from specific sources that are committed for the replacement of equipment and for rebuilding the courthouse.

Additionally, the County reports the following fund types:

GOVERNMENTAL FUND TYPES

<u>Special Revenue Funds</u> - These funds are used to account for and report the proceeds of specific cash sources that are restricted or committed to disbursement for specified purposes other than debt service or capital projects.

<u>Debt Service Funds</u> - These funds are used to account for and report financial resources that are restricted, committed, or assigned to disbursement for principal and interest.

<u>Capital Projects Funds</u> - These funds are used to account for and report financial resources that are restricted, committed, or assigned to disbursement for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

FIDUCIARY FUND TYPE

<u>Agency Funds</u> - These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

D. Account Classifications.

The account classification used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

Notes to Financial Statements For the Year Ended September 30, 2017

E. Deposits.

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the County may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, all certificates of deposit that mature within the twelve months after year end and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less).

F. Equity Classifications.

Government-wide Financial Statements:

Equity is classified as net position and displayed in two components:

Restricted net position - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position not meeting the definition of "restricted."

Net Position Flow Assumption:

When a disbursement is paid for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When disbursements are paid for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Governmental fund balance is classified as nonspendable, restricted, committed, assigned or unassigned. The following are descriptions of fund classifications used by the County:

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by a formal action of the Board of Supervisors, the County's highest level of decision-making authority. This formal action is an order of the Board of Supervisors as approved in the board minutes.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds if disbursements paid for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Notes to Financial Statements For the Year Ended September 30, 2017

Fund Balance Flow Assumption:

When a disbursement is paid for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When disbursements are paid for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

G. Property Tax Receipts.

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase. All property taxes are recognized as receipts when collected.

H. Changes in Accounting Standards.

The County implemented the following standard issued by the Governmental Accounting Standards Board (GASB) in the current fiscal year as required: GASB Statement No. 77, *Tax Abatement Disclosures*. The provisions of this standard have been incorporated into the financial statements and notes.

(2) Deposits.

The carrying amount of the County's total deposits with financial institutions at September 30, 2017, was \$5,033,038, and the bank balance was \$5,418,943. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of the failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

Notes to Financial Statements For the Year Ended September 30, 2017

(3) Interfund Transfers.

The following is a summary of interfund transfers at September 30, 2017:

Transfers In/Out:

Transfers In	Transfers Out	 Amount
General Fund	Other Governmental Funds	\$ 7,800
Other Governmental Funds	General Fund	59,269
Other Governmental Funds	Other Governmental Funds	 165,700
Total		\$ 232,769

The principal purpose of interfund transfers was to repay interfund loans and provide funds for operating expenses. All interfund transfers were routine and consistent with the activities of the fund making the transfer.

(4) Claims and Judgments.

Risk Financing.

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is \$1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability. However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation, effective from January 1, 2017, to January 1, 2018. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures.

(5) Contingencies.

<u>Federal Grants</u> - The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the disbursements of resources for allowable purposes. The County may be responsible for any disallowances.

<u>Litigation</u> - The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

(6) Joint Ventures.

The County participates in the following joint venture:

Webster County is a participant with the counties of Choctaw, Clay, Lowndes, Noxubee, Oktibbeha and Winston and the Cities of Ackerman, Columbus, Eupora, Louisville, Macon, Starkville and West Point in a joint venture, authorized by Section 17-17-307, Miss. Code Ann. (1972), to operate the Golden Triangle Regional Solid Waste Management Authority. The joint venture was created for waste management purposes and is governed by 38 board members. No one primary government appoints a majority of the Authority's board members. Webster County did not contribute any funds to the organization in the fiscal year 2017. Complete financial statements for the Golden Triangle Regional Solid Waste Management Authority can be obtained from Golden Triangle Planning and Development District, Post Office box 828, Starkville, Mississippi 39760-0828.

Notes to Financial Statements For the Year Ended September 30, 2017

(7) Jointly Governed Organizations.

The County participates in the following jointly governed organizations:

Holmes Community College operates in a district composed of the Counties of Attala, Carroll, Choctaw, Grenada, Holmes, Madison, Montgomery, Webster and Yazoo. The Webster County Board of Supervisors appoints two of the 22 members of the board of trustees. The County contributed \$121,710 for maintenance and support of the college in fiscal year 2017.

The Golden Triangle Planning and Development District operates in a district composed of the Counties of Choctaw, Clay, Lowndes, Noxubee, Oktibbeha, Webster and Winston. The Webster County Board of Supervisors appoints four of the 28 members of the board of directors. The County contributed \$29,000 for the district in fiscal year 2017.

Tombigbee Regional Library System provides services for the Counties of Choctaw, Clay, Monroe and Webster. The Webster County Board of Supervisors appoints one of the five members of the board of directors. The County contributed \$34,000 for maintenance and support of the system in fiscal year 2017.

The Mississippi Regional Housing Authority IV operates in a district composed of the Counties of Carroll, Choctaw, Clay, Grenada, Lowndes, Montgomery, Oktibbeha, Webster and Winston. The Webster County Board of Supervisors appoints one of the nine board members. The counties generally provide no financial support to the organization.

Community Counseling Services operates in a district composed of the Counties of Choctaw, Clay, Lowndes, Noxubee, Oktibbeha, Webster and Winston. The Webster County Board of Supervisors appoints one of the seven members of the board of directors. The County contributed \$20,000 for the support of the agency in fiscal year 2017.

Prairie Opportunity, Inc. operates in a district composed of the Counties of Choctaw, Clay, Lowndes, Noxubee, Oktibbeha, Webster and Winston. Each counties Board of Supervisors appoints one of the 21 members of the board of directors totaling 7. The other 14 board members are not appointed by the counties. Most of the funding for the district is derived from federal funds, and the County provides a modest amount of financial support when matching funds are required for federal grants.

(8) Defined Benefit Pension Plan.

<u>Plan Description</u>. Webster County, Mississippi, contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

<u>Funding Policy</u>. At September 30, 2017, PERS members were required to contribute 9% of their annual covered salary, and the County is required to contribute at an actuarially determined rate. The rate at September 30, 2017 was 15.75% of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2017, 2016 and 2015 were \$262,597, \$261,908 and \$264,189, respectively, equal to the required contributions for each year.

(9) Tax Abatements.

As of September 30, 2017, Webster County provides tax exempt status to three manufacturing companies subject to the requirements of GASB Statement No. 77. These manufacturing companies are exempt from real property taxes and personal property taxes except for levies involving the school; the mandatory mill, and community college tax levies. These exemptions are authorized under Sections 27-31-101 and 27-31-105 of the Miss. Code Ann. (1972). These exemptions encourage businesses to locate or expand operations in the County and to create jobs. The amount of taxes abated during fiscal year 2017 totaled \$87,209.

WEBSTER COUNTY Schedule of Interfund Loans and Advances For the Year Ended September 30, 2017 UNAUDITED

The following is a summary of interfund balances at September 30, 2017:

A. Due From/To Other Funds:

		Balance at
Receivable Fund	Payable Fund	 Sept. 30, 2017
Other Governmental Funds	Other Governmental Funds	\$ 63,000

The amount due represents equipment purchased for District 3 Road Maintenance Fund, which is expected to be repaid within one year from the date of the financial statements.

B. Advances From/To Other Funds:

		Balance at
Receivable Fund	Pay able Fund	 Sept. 30, 2017
General Fund	Other Governmental Funds	\$ 60,200

The amount payable to General Fund represents fire trucks purchased for Volunteer Fire – Levy Fund, which are not expected to be repaid within one year.

WEBSTER COUNTY Schedule of Capital Assets For the Year Ended September 30, 2017 UNAUDITED

Governmental activities:

		Balance				Balance
		Oct. 1, 2016	Additions	Deletions	Adjustments *	Sept. 30, 2017
Land	\$	139,290			6,750	146,040
Construction in progress		137,540	336,669		(163,349)	310,860
Infrastructure		5,451,606			163,349	5,614,955
Buildings		1,641,802				1,641,802
Mobile equipment		3,784,203	70,850	242,523	140,252	3,752,782
Furniture and equipment		316,858				316,858
Leased property under capital leases		1,159,264	300,144	125,333	(140,252)	1,193,823
	_					
Total capital assets	\$	12,630,563	707,663	367,856	6,750	12,977,120

*The adjustments column includes completed construction projects transferred to infrastructure and reclassification of paid off capital leases to mobile equipment. It also includes land purchased in the prior year.

WEBSTER COUNTY Schedule of Changes in Long-term Debt For the Year Ended September 30, 2017 UNAUDITED

Rock Spreader	8/8/2017	8/5/2021	1.94%		145,751	5,871	139,880
B. Other Loans:							-
Front Line Apparel MDA Loan	5/7/2007	11/1/2009	3.00%	108,833			108,833 *
Front Line Apparel MDA Loan	8/13/2005	7/1/2011	3.00%	242,500			242,500 *
\$500,000 Negotiable note, series 2012	11/30/2012	11/30/2017	1.83%	205,457		101,796	103,661
Total			\$	1,153,045	337,593 **	338,213	1,152,425

* On June 14, 2010, the Mississippi Development Authority (MDA) notified Webster County that based on the County's good faith attempts to secure repayment of the loans receivable associated with these loans, the Mississippi Development Authority does not expect Webster County to continue collection efforts on these loans. The Mississippi Development Authority approved the closeout of this project on January 15, 2011. However, due to state law, Mississippi Development Authority cannot write off this loan payable from the County to MDA.

** Capital leases added to debts exceed lease purchase additions to capital assets by \$37,449 due to support services included in financing and other down payments.

The accompanying notes to the Other Information are an integral part of this schedule.

Notes to the Other Information For the Year Ended September 30, 2017

UNAUDITED

(1) Budgetary Comparison Information.

A. Budgetary Information.

Statutory requirements dictate how and when the County's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the County, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff and the Tax Assessor-Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of receipt, each general item of disbursement, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, it may make revisions to the budget.

The County's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

B. Basis of Presentation.

The Budgetary Comparison Schedule - Budget and Actual presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary basis and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund.

- (2) Long-term Debt Information:
 - A. <u>Legal Debt Margin</u> The amount of debt, excluding specific exempted debt that can be incurred by the County is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the then last completed assessment for taxation. However, the limitation is increased to 20% whenever a county issues bonds to repair or replace washed out or collapsed bridges on the public roads of the county. As of September 30, 2017, there is no outstanding debt that is subject to these debt limitations.
 - B. <u>Certificates of Participation</u> In accordance with Section 31-8-1 et seq. Miss. Code Ann. (1972), Webster County (County) entered into a five year capital lease agreement with Golden Triangle Public Buildings Leasing Corporation (Corporation). The Golden Triangle Public Buildings Leasing Corporation (Corporation) borrowed funds which are to be used to construct a new courthouse. The County is obligated to pay the Corporation rent equal to the principal and interest on the debt. The County purchased five Certificates of Deposit in the total amount of \$4,485,000 which are to be used to make rental payments to the Corporation. The Corporation is obligated to use the rental payments from the County to pay off the debt. At the completion of the lease, the County will assume ownership of the facility.

SPECIAL REPORTS

(This page left blank intentionally.)

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR STACEY E. PICKERING AUDITOR

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Supervisors Webster County, Mississippi

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Webster County, Mississippi (the County), as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated July 23, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Webster County, Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Webster County, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as 2017-001, 2017-003, 2017-004, 2017-005, 2017-006 and 2017-007 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Responses as 2017-002 to be a significant deficiency.

33

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Webster County, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Responses as item 2017-007.

We also noted certain matters which we have reported to the management of Webster County, Mississippi, in the Independent Accountant's Report on Central Purchasing System, Inventory Control System and Purchase Clerk Schedules and the Limited Internal Control and Compliance Review Management Report dated July 23, 2018, included within this document.

Webster County's Responses to Findings

Webster County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Webster County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

July 23, 2018

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR SHAD WHITE AUDITOR

INDEPENDENT ACCOUNTANT'S REPORT ON CENTRAL PURCHASING SYSTEM, INVENTORY CONTROL SYSTEM AND PURCHASE CLERK SCHEDULES (AS REQUIRED BY SECTION 31-7-115, MISS. CODE ANN. (1972))

Members of the Board of Supervisors Webster County, Mississippi

We have examined Webster County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Sections 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2017. The Board of Supervisors of Webster County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Webster County, Mississippi, has established centralized purchasing for all funds of the County and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with state law.

Because of inherent limitations in any central purchasing system and inventory system, errors or irregularities may occur and not be detected. Also, projection of any current evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

The results of our audit procedures disclosed certain instances of noncompliance with the aforementioned code sections. These instances of noncompliance were considered in forming our opinion on compliance. Our findings and recommendations and your responses are disclosed below.

Board of Supervisors.

1.	Board of Supervisors should ensure purchasing documents are completed before making purchases.
Repeat Finding	Yes
Criteria	Section 31-7-103, Miss. Code Ann. (1972), requires a requisition, purchase order, and receiving report for all purchases, except for those items enumerated by the Office of the State Auditor under the authority of Section 31-7-113, Miss. Code Ann. (1972), except for purchases of not more than \$1,000 prior to July 1, 2017, and not more than \$1,500 effective July 1, 2017.

POST OFFICE BOX 956 • JACKSON, MISSISSIPPI 39205 • (601) 576-2800 • FAX (601) 576-2650 www.osa.state.ms.us

35

Condition	During test work, we noted three purchases made without the retention of a requisition, purchase order or receiving report.
Cause	Unknown
Effect	Failure to complete and retain these documents could result in the loss or misappropriation of public funds.
Recommendation	The Board of Supervisors should ensure that purchasing documents are present and completed with sufficient detail and specific amounts, as required, prior to making purchases.
Board of Supervisors' Response	We will comply.
Inventory Control Clerk.	
2.	Capital asset purchases should be recorded in capital asset records.
Repeat Finding	No
Criteria	Section 31-7-107, Miss. Code Ann. (1972), requires the Inventory Control Clerk to maintain an inventory system. An effective system of internal controls over capital assets should include proper recording of additions.
Condition	The subsidiary records did not include all additions for capital asset purchases totaling \$133,851.
Cause	Unknown
Effect	Failure to record all capital asset transactions could result in the loss of capital assets.
Recommendation	The Inventory Control Clerk should properly record additions in the capital asset subsidiary records.
Inventory Control Clerk's Response	I will comply.

In our opinion, except for the noncompliance referred to in the preceding paragraph, Webster County, Mississippi, complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2017.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchases and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination of the purchasing system and, in our opinion, is fairly presented when considered in relation to that examination.

Webster County's responses to the findings included in this report were not audited, and accordingly, we express no opinion on it them.

This report is intended for use in evaluating the central purchasing system and inventory control system of Webster County, Mississippi, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

Our tests did not identify any purchases made noncompetively from a sole source.

STATE OF MISSISSIPPI OFFICE OF THE STATE AUDITOR STACEY E. PICKERING AUDITOR

LIMITED INTERNAL CONTROL AND COMPLIANCE REVIEW MANAGEMENT REPORT

Members of the Board of Supervisors Webster County, Mississippi

In planning and performing our audit of the financial statements of Webster County, Mississippi (the County) for the year ended September 30, 2017, we considered Webster County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Webster County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the County's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated July 23, 2018, on the financial statements of Webster County, Mississippi.

Due to the reduced scope, these review procedures and compliance tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

The results of our review procedures and compliance tests identified certain areas that are opportunities for strengthening internal controls and operating efficiency. Our finding, recommendation, and your response is disclosed below:

Tax Assessor-Collector.

1.	Tax Assessor-Collector should not be making changes in assessments without approval by the Board of Supervisors.
Repeat Finding	No
Criteria	Section 27-35-143 through 27-35-149, Miss. Code Ann. (1972), prescribes the procedures to be followed for making changes in assessments. Changes in assessment must be approved by the Board of Supervisors prior to changing the roll or the receipt.
Condition	The Tax Assessor-Collector changed a personal property assessment from exempt to nonexempt without the approval of the Board of Supervisors. The inventory assessment was included in the amount assessed to the company's exempt property on the personal property roll instead of being assessed with the non-exempt property, the Tax Assessor-Collector changed the receipt before collection to include the inventory assessment on the proper receipt with the non-exempt property but did not prepare a change in assessment form to be approved by the Board of Supervisors.

POST OFFICE BOX 956 • JACKSON, MISSISSIPPI 39205 • (601) 576-2800 • FAX (601) 576-2650

www.osa.state.ms.us

Cause	Unknown
Effect	Failure to follow proper procedures could result in the loss of public funds and increases the potential for changes in assessments to be made for improper reasons. The County is not in compliance with applicable statutes.
Recommendation	The Tax Assessor-Collector should comply with the provisions of the law when making assessment changes.
Tax Assessor-Collector's	

Response I understand the finding and there will be no more changes without Board approval.

Webster County's response to the finding included in this report was not audited, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Board of Supervisors, and others within the entity and is not intended to be and should not be used by anyone other than these parties. However, this report is a matter of public record and its distribution is not limited.

JOE E. MCKNIGHT, CPA Director, County Audit Section

July 23, 2018

SCHEDULE OF FINDINGS AND RESPONSES

Schedule of Findings and Responses For the Year Ended September 30, 2017

Section 1: Summary of Auditor's Results

Financial Statements:

1.	Type of auditor's report issued on the financial statements: Unmodified	
2.	Internal control over financial reporting:	
	a. Material weaknesses identified?	Yes
	b. Significant deficiencies identified?	Yes
3.	Noncompliance material to the financial statements noted?	Yes

Section 2: Financial Statement Findings

Tax Assessor-Collector.

Material Weakness

2017-001.	Controls over cash collections and disbursements in the Tax Collector's office should be strengthened.
Repeat Finding	Yes; 2016-001
Criteria	An effective system of internal control should include an adequate separation of duties.
Condition	Cash collection and disbursement functions in the Tax Assessor-Collector's office are not adequately separated for effective internal control. The Tax Assessor-Collector prepares deposits, calculates the monthly settlements, posts to the cash journal, reconciles the bank statements and disburses all funds. We also noted that cash drawers cannot be locked.
Cause	Unknown
Effect	Failure to have an adequate separation of duties could result in the loss of public funds.
Recommendation	The Tax Assessor-Collector should implement a system for review of the accounting records by another person. The Tax Assessor-Collector should provide a separate locked cash drawer for each person collecting taxes.
Tax Assessor-Collector's Response	We are a small county, and I only have two employees. I will try to do better in the future.
Significant Deficiency	
2017-002.	The Tax Assessor-Collector should keep all voided receipts.
Repeat Finding	Yes; 2016-004
Criteria	An effective system of internal control requires an accounting for missing and voided receipts.
Condition	We noted that there is no accounting for voided receipts, as original copies of voided receipts are not retained in the Tax Assessor-Collector's Office.

Schedule of Findings and Responses For the Year Ended September 30, 2017

	-	
Cause	Unknown	
Effect	Failure to keep all voided receipts could result in the loss or misappropriation of public funds.	
Recommendation	The Tax Assessor-Collector should implement a system of internal controls to ensure that the original copies of voided receipts are retained.	
Tax Assessor-Collector's Response	We will from now on keep a separate folder for voided receipts.	
Material Weakness		
2017-003.	Bank statements should be properly reconciled and have adequate supporting documentation.	
Repeat Finding	No	
Criteria	An effective system of internal control should include a properly reconciled bank statement to the Tax Assessor-Collector's records.	
Condition	The following deficiencies were noted during a cash count:	
	a. Overages and shortages were not identified and investigated as to cause.	
	b. Several outstanding checks have been outstanding for over a year.	
	c. The Tax Assessor-Collector was unable to determine the source of funds for an overage of \$23,000 noted during the cash count.	
	d. Checks in the amount of \$3,164 from October 2017 were still outstanding at the time of audit. These outstanding checks resulted in the County under-settling with the State of Mississippi for the month of October 2017.	
	e. Cash journal shows bad checks in the amount of \$11,823. However, a separate list of bad checks maintained by the Tax Assessor-Collector only listed \$1,020.	
	f. Adjustments of \$46,609 have been made to cash journal to reclassify revenues to match supporting documents by the Tax Assessor-Collector following the cash count.	
	g. Checks in the amount of \$25,983 have been voided after the cash count because of posting errors discovered.	
Cause	Unknown	
Effect	Failure to prepare accurate cash reconciliations and resolve discrepancies could result in the loss of public funds.	
Recommendation	The Tax Assessor-Collector should ensure that accurate cash reconciliations are prepared each month. Any discrepancies that arise should be reviewed and corrected in the same month, which will prevent mistakes and errors from being carried forward. The Tax Assessor-Collector should ensure that the reconciled cash balance per the reconciliation always matches the cash journal balance. Long outstanding checks should be examined by the Tax Assessor-Collector and reissued if necessary.	

Schedule of Findings and Responses For the Year Ended September 30, 2017

Tax Assessor-Collector's Response	I am aware of the errors I made. I believe they were made when the new Marvin system was in place. I have been in touch with Data Systems and they will be coming when I do the end of month to help me with the process so that I can do it correctly from now on. I have settled the \$3,164 to the State through an amended return for October 2017 on February 22, 2018.
Circuit Clerk.	
Material Weakness	
2017-004.	Controls over cash collections and disbursements in the Circuit Clerk's office should be strengthened.
Repeat Finding	Yes; 2016-005
Criteria	An effective system of internal control should include an adequate separation of duties.
Condition	Cash collection and disbursement functions in the Circuit Clerk's office are not adequately separated for effective internal control.
Cause	Unknown
Effect	Failure to have an adequate separation of duties could result in the loss of public funds.
Recommendation	The Circuit Clerk should implement a system for review of the accounting records by another person.
Circuit Clerk's Response	I, as Circuit Clerk, do post to cash journal and disburse funds. I also reconcile bank statements. However, my deputy does look over statements, etc. behind me. My office is small so I cannot separate duties effectively.
Justice Court Clerk.	
Material Weakness	
2017-005.	Controls over cash collections and disbursements in the Justice Court Clerk's office should be strengthened.
Repeat Finding	Yes; 2016-006
Criteria	An effective system of internal control should include an adequate separation of duties.
Condition	Cash collection and disbursement functions in the Justice Court office are not adequately separated for effective internal control. The Justice Court Clerk is involved in preparing deposits, calculating the monthly settlements, reconciling the bank statements, and disbursing funds.
Cause	Unknown
Effect	Failure to have an adequate separation of duties could result in the loss of public funds.
Recommendation	The Justice Court Clerk's office should implement a system for review of the accounting records by another person.

Schedule of Findings and Responses For the Year Ended September 30, 2017

Justice Court Clerk's Response	There is limited personnel.
Material Weakness	
2017-006.	Controls over accounting for cash collections in Justice Court should be strengthened.
Repeat Finding	Yes; 2016-007
Criteria	An effective system of internal control over cash collections in the Justice Court Clerk's office should include the proper recording of all collections and settlements in the cash journal and the reconciliation of the cash balances in the cash journals to the bank account each month.
Condition	The clearing account and bond account were not properly reconciled to the cash balance reported in the Justice Court's cash journals.
Cause	Unknown
Effect	Failure to properly reconcile cash balances per cash journal to bank account and to adequately document reconciling items could result in the loss of public funds.
Recommendation	The Justice Court Clerk should ensure that cash reported in the cash journals is properly reconciled to the bank accounts and implement a system for review of the accounting records by another person.
Justice Court Clerk's Response	I will correct in the future
Inventory Control Clerk.	
Material Weakness Material Noncompliance	
2017-007.	Capital asset purchases should be recorded in capital asset records.
Repeat Finding	No
Criteria	An effective system of internal controls over capital assets should include proper recording of additions.
Condition	The subsidiary records did not include all additions for capital asset purchases totaling \$133,851.
Cause	Unknown
Effect	Failure to record all capital asset transactions could result in the loss of capital assets.
Recommendation	The Inventory Control Clerk should properly record additions in the capital asset subsidiary records.
Inventory Control Clerk's Response	I will comply.
