As a result, the following document was not prepared by the Office of the State Auditor. Instead, it was prepared by a private CPA firm and submitted to the Office of the State Auditor. Independent Accountant's Report on Compliance with State Laws and Regulations

To the Mayor and Board of Aldermen Town of Louin, Mississippi

We have compiled the accompanying Statement of Cash Receipts and Disbursements - Governmental and Business-type Activities, Schedule of Investments, Schedule of Surety Bonds for Municipal Officers and Schedule of Long-Term Debt of the Town of Louin, Mississippi, for the year ended September 30, 2017, in accordance with Statements of Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statement has been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America.

We have performed procedures to test compliance with certain state laws and regulations as described in the Municipal Compliance Questionnaire that is prescribed by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the town's compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures and our compilation of the accompanying Statement of Cash Receipts and Disbursements-Governmental and Business-type Activities, Schedule of Surety Bonds for Municipal Officers and Schedule of Long-Term Debt of the Town of Louin, Mississippi, for the year ended September 30, 2017, disclosed instances of noncompliance with state laws and regulations.

This report is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
