INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Board of Aldermen City of Nettleton, Mississippi

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Nettleton, Mississippi as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Nettleton, Mississippi, as of September 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 12, the schedule of the City's proportionate share of the net pension liability on page 42, and the schedule of the City's contributions on page 43 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Nettleton, Mississippi's basic financial statements. The introductory section, the combining and individual nonmajor fund financial statements, and other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and other supplemental information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and other supplemental information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 22, 2018, on our consideration of the City of Nettleton, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Nettleton, Mississippi's internal control over financial reporting and compliance.

Franks, Franks, Jarrell + Williams, P.A.

FRANKS, FRANKS, JARRELL & WILEMON, P.A. Tupelo, Mississippi February 22, 2018 MANAGEMENT'S DISCUSSION AND ANALYSIS

Required Supplemental Information for the Year Ended September 30, 2017

This section of the City of Nettleton's Financial Report presents our discussion and analysis of the City's financial performance during the fiscal year ending September 30, 2017. Please read it in conjunction with the City of Nettleton financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The City's net position increased by \$23,676 as a result of this year's operations. Net
 position of our business-type activities increased by \$12,822, or .26%, net position of our
 governmental activities increased by \$10,854, or .22%.
- The assets and deferred outflows of the City exceeded its liabilities at the close of the most recent fiscal year by \$4,923,726. This compares to the previous year when assets exceeded liabilities by \$4,900,050.
- As of the close of the current fiscal year, the City of Nettleton governmental funds reported combined ending fund balances of \$618,954, an increase of \$192,567 in comparison to the prior year. Approximately 90% of the combined fund balances, \$554,110, is considered unassigned and is available for spending at the City of Nettleton discretion.
- The City of Nettleton's total debt is \$1,218,783. New debt in the amount of \$59,573 was issued during the year and \$130,968 in debt was repaid during the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts—management's discussion and analysis (this section), the basic financial statements, required supplementary information, and an optional section that presents combining statements for non-major governmental funds. The basic financial statements include two kinds of statements that present different views of the City of Nettleton.

- The first two statements are government-wide financial statements that provide both longterm and short-term information about the City of Nettleton's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City of Nettleton's operations in more detail than the government-wide statements.

The Governmental Funds statements tell how general government services such as public safety were financed in the short term as well as what remains for future spending. The City of Nettleton has two Governmental Fund types: General Fund and Special Revenue Fund.

Proprietary fund statements offer short- and long-term financial information about the activities the government operates in a similar manner as businesses, and include the Water & Sewer Fund, and Solid Waste Funds.

PERMIT NEW

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. In addition to these required elements, we have included a section with combining statements that provide details about our non-major governmental funds, each of which are added together and presented in single columns in the basic financial statements.

Figure A-1 summarizes the major features of the City of Nettleton's financial statements, including the portion of the City of Nettleton they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-1

Major Features of the City of Nettleton's Government-wide and Fund Financial Statements

		Fund State	ments
	Government-wide Statements	Governmental Funds	Proprietary Funds
Scope Entire City Government (except fiduciary funds) and the City's component units.		The activities of the City that are not proprietary or fiduciary, such as police, fire, and parks and recreation	Activities the City operates similar to private businesses: Water & Sewer, and Solid Waste.
Required financial statements	Statement of net position; statement of activities	Balance sheet; statement of revenues, expenditures, and changes in fund balances	Statement of net position; statement of revenues, expenses, and changes in net position, statement of cash flows
Accounting Accrual accounting and economic resources focus		Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of Asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included	All assets and liabilities, both financial and capital, and short- term and long-term
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Government-wide Statements

The government-wide statements report information about the City of Nettleton as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, liabilities, and deferred inflows / outflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City of Nettleton's net position and how they have changed. Net position—the difference between the City of Nettleton's assets, liabilities, and deferred inflows / outflows—is one way to measure the City of Nettleton's financial health.

- Over time, increases or decreases in the City of Nettleton's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City of Nettleton, the reader should consider additional non-financial factors such as changes in the City of Nettleton's property tax base.
- Governmental activities Most of the City of Nettleton's basic services are included here, such as the police, fire, public works, and parks and recreation departments, and general administration. Property taxes, sales and use taxes, and state and federal grants finance most of these activities.
- Business-type activities The City of Nettleton charges fees to customers to help it cover the costs of certain services it provides. The City of Nettleton's solid waste collection and water and sewer systems are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the City of Nettleton's most significant funds—not the City as a whole. The "fund" level is where the basic unit of financial organization and operation within the City of Nettleton exists. Funds are accounting tools that are used to keep track of specific sources of funding and spending for particular purposes. They are the basic budgetary and accounting entities.

- Some funds are required by State law and by bond covenants.
- The Board of Alderman establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

The City of Nettleton has two kinds of funds:

- Governmental funds-Most of the City of Nettleton's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed shortterm view that help determine whether there are more or fewer financial resources that can be spent in the near future to finance the City of Nettleton's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them. The measurement focus of governmental funds is upon determination of financial position and changes in financial position (sources, uses, and balance of financial resources) rather than upon net income determination. These funds are maintained on a modified accrual basis of accounting (explained further in the notes to the financial statements under "Summary of Significant Accounting Policies"). The basic financial statements for governmental funds are the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balance. The City of Nettleton utilizes two types of governmental funds: General Fund and Special Revenue Fund.
- Proprietary funds—Services for which the City of Nettleton charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. The City has only one type of proprietary funds—enterprise funds. The City of Nettleton's enterprise funds are the same as its business-type activities yet provide more detail and additional information, such as cash flows. The measurement focus of proprietary funds is upon determination of net income, financial position and change in financial position. These funds are maintained on the accrual basis of accounting. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and Statement of Cash Flows are all required statements.

Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial situation. The City of Nettleton's assets and deferred outflows exceeded liabilities by \$4,923,726 at the close of the most recent fiscal year. This is a \$23,676 increase over last year's net position of \$4,900,050. Tables A-1 and A-2 provide a summary of the City's net position at September 30, 2017 and 2016.

KLUEIVED

JUL 2 5 2018

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

A large portion, 100% and 100%, of the City's net position reflects its investment in capital assets such as land, buildings, machinery, equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding for the years ended September 30, 2017 and 2016. The City uses these capital assets to provide services to citizens; however, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Table A-1

Net Position: Net Investment in Capital Assets Restricted Unrestricted (Deficit)	2,318,467 3,408 (134,039)	2,458,383 3,364 (284,765)	2,543,400 0 192,490	2,558,024 0 165,044	4,861,867 3,408 58,451	5,016,407 3,364 (119,721)		
Total Net Position	\$ 2,187,836	\$ 2,176,982	\$2,735,890	\$ 2,723,068	\$ 4,923,726	\$ 4,900,050		

An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used. The \$192,490 of the unrestricted net position in the business-type activities provides excess funds to meet the government's ongoing obligations to citizens and creditors.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

The unrestricted net position of our business-type activities is \$192,490 of the total unrestricted net position. These resources cannot be used to add to the net position surplus in governmental activities. The City of Nettleton generally can only use these net assets to finance the continuing operations of the business type activities.

Changes in net assets. Approximately 15.03% of the City of Nettleton's revenue comes from property taxes, with 37.95% of all revenue coming from some type of tax. (See Table A-2.) This compares to 10.92% and 27.71% for the fiscal year ended September 30, 2016. Another 43.99% comes from fees charged for services, and 2.62% is from operating and capital grants and contributions and the remainder is from investment earnings and miscellaneous.

Table A-2 and the narrative that follows consider the operations of governmental and business-type activities separately.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Governmental Activities

Governmental activities increased the City's net position by \$10,854.

The cost of all governmental activities this year was \$1,115,158. However, the amount taxpayers paid for these activities through city taxes (property taxes) was only \$269,944.

The largest funding sources for the City's governmental activities, as a percent of total revenues, are property taxes (25%), other taxes (39%), and operating and capital grants and contributions (2%).

The largest expense category for the City's governmental activities is public safety (46%).

Business-type Activities

Business-type activities increased the City's net position by \$12,822.

Charges for services are the major revenue categories for the enterprise funds. Total business-type revenues are comprised of \$575,649 or water and sewer and \$130,887 for solid waste management.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds—The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

General Fund—The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$554,110, which comprised 90% of the total fund balance. As a measure of the general fund's liquidity, it may be useful to compare the fund balance, restricted, assigned, and unassigned, to total fund expenditures. Total fund balance represents 67% of total fund expenditures. The fund balance of the City's general fund increased by \$192,523 during the current fiscal year.

Special Revenue Fund—The special revenue fund is used to account for the programs and projects primarily funded by grants from the federal and state governments. At the end of the current fiscal year, the fund balance was \$3,408, which will be used for future expenditures.

Capital Projects Fund—The capital projects fund accounts for the construction and reconstruction of general public improvements, excluding projects related to business-type activities, which are accounted for elsewhere. For 2017, the City did not have any capital project funds.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Proprietary Funds—The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The net position of the proprietary funds at the end of the current fiscal year totaled \$2,735,890. Changes in net assets, which totaled \$12,822, were as follows: the water and sewer fund increased by \$4,781 and the solid waste management fund increased by \$8,041.

Budgetary Highlights

The City's annual budget, which is prepared on an operating basis, includes estimated revenues and annual appropriations for the proprietary funds as well as the governmental funds.

Comparing the FY 2017 original budget General Fund amount of \$951,809 to the final budget amount of \$961,085 shows a net increase of \$9,276. Differences between the original budget and the final budget were mainly related to a increase in amounts being budgeted for supplies and capital expenditures related to general government and public safety.

The City's tax millage for the 2017 fiscal year remained unchanged at 34.00 mills.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets—In accordance with GASB 34, the City has recorded depreciation expense associated with all of its capital assets. The City's investment in capital assets for its governmental and business-type activities as of September 30, 2017 and 2016, amounted to \$6,080,650 and \$6,306,585, net of accumulated depreciation of \$5,211,529 and \$4,841,442. This investment in capital assets includes land, buildings, improvements other than buildings, and machinery & equipment.

CITY OF NETTLETON, MISSISSIPPI RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES For the Year Ended September 30, 2017

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$	192,567
Amounts reported for Governmental Activities in the Statement of Activities are different be	cause:	
Governmental Funds report capital outlay as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.		43,856
Depreciation expense on capital assets is reported in the Statement of Activities, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in Governmental Funds.		(204,458)
Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the remaining basis of the capital assets sold.		(1,894)
Because some property taxes will not be collected for several months after the Government's fiscal year ends, they are not considered "available" revenues in the governmental funds.		(42)
Revenues in the statement of activities that do not provide current financial resources and are not reported as revenues in the funds related to court fines.		8,761
Pension expense is reported in the Statement of Activities but does not provide or require the use of current financial resources. Therefore, pension expense is not reported as expenditures in the governmental funds.		(48,764)
Bond and related debt proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position Repayment of bond principal and other related debt is an expenditure in Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position		
This amount represents long-term debt repayments and issuance costs.		22,580
Decrease in accrual of compensated absences.		(1,752)
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$	10,854

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Nettleton, Mississippi operates under the Home-Rule authority granted by the 1985 Mississippi Legislature. A mayor-board of aldermen form of government is used and the City provides the following services: public safety (police and fire), street maintenance, sanitation, water and sewer services and general administrative services.

Government-Wide and Fund Financial Statements

The City's financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information on all nonfiduciary activities of the primary government and its component units. The statements distinguish between those activities of the City that are governmental, which are normally supported by taxes and intergovernmental revenues, and those that are considered business-type activities, which rely to a significant extent on fees and charges for support. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of net position presents the financial condition of the governmental and business-type activities for the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods and services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the governmental-wide financial statements. The focus of governmental and enterprise fund financial statements are on major funds. Each major fund is presented in a separate column. Nonmajor funds, where applicable, are aggregated and presented in a single column. Fiduciary funds are reported by type.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible in the current period or soon enough thereafter to pay liabilities of the current period. For this purposes, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Significant revenues considered to be susceptible to accrual in addition to general property taxes include sales tax and various categorical grants.

The City reports the following governmental funds:

General Fund – The General Fund is used to account for all financial resources of the primary government except those required to be accounted for in another fund. The majority of current operations are financed by this fund. Transfers to other funds and agencies are made from this fund. Monies from other funds may be received unless prohibited by the purpose and object of such funds.

Additionally the City reports the following governmental fund types:

Special Revenue Fund – The Special Revenue Fund is used to account for the proceeds of specific federal and state grants that are legally restricted to expenditures for specified purposes. All of the special revenue funds are non-major funds for 2017.

Capital Projects Funds – Capital Projects Funds are used to account for financial resources such as proceeds from the sale of bonds, bond anticipation notes, capital notes, transfers from governmental funds, and federal and state grants, all provided for the specific purpose of constructing, reconstructing or acquiring permanent or semi-permanent capital improvements. Capital improvements intended for Enterprise Fund use are not included in the Capital Projects Funds.

JUL 2 5 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Measurement Focus, Basis of Accounting and Financial Statement Presentation</u> (continued)

The City reports the following proprietary funds:

The Water & Sewer Fund – This fund is used to account for the City's water treatment and distribution system. This fund is responsible for water delivery to the residents of the City of Nettleton.

The Solid Waste Management Fund – This fund is used to account for the City's garbage collection system. The fund is responsible for garbage collection to the residents of the City of Nettleton.

The City has elected to apply all Governmental Accounting Standards Board (GASB) pronouncements, applicable Financial Accounting Standards Board (FASB) pronouncements, and Accounting Principals Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include: 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. General revenues are those which cannot be associated directly with program activities.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues for the proprietary funds are as follows: sale of water for the Water Fund and refuse collection charges for the Solid Waste Fund. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use the most restrictive fund first in the following order: restricted, assigned, then unassigned as needed.

Fund Balances / Net Position

On the government-wide and proprietary fund statement of new assets, the City reports net position in the following three categories:

Net Investment in Capital Assets – consists of capital assets net of accumulated depreciation reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition or construction of those assets.

11.20 20.3

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Balances / Net Position (continued)

Restricted Net Position – consists of assets, less any related liabilities, restricted externally by creditors, grantors, contributors, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – consists of net assets that are not classified as invested in capital assets, net of related debt or restricted net assets.

GASB Statement No. 54. Fund Balance Reporting and Governmental Fund Type Definitions – this statement enhances the usefulness of fund balance information by providing clearer fund balance classifications and clarifying the existing governmental fund type definitions. The fund balance amounts for governmental funds have been reclassified in accordance with this GASB statement. See the below notes for further descriptions of the City's fund balance classifications and policies.

On the fund financial statements, the governmental funds balance sheet reports assets in excess of liabilities as fund balances. The fund balances are segregated into the following classifications indicating the extent to which the City is bound to honor constraints on the specific purposes for which those funds can be spent:

Restricted – the fund balance is reported as restricted when constraints placed on the resources are (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments: or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – the fund balance is reported as committed for amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the board of aldermen. Committed amounts cannot be uncommitted except by removing the constraints through the same formal action.

Assigned – the fund balance is reported as assigned for resources that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Intent can be expressed by the board of aldermen or an official to which the board has delegated the authority to assign amounts to be used for specific purposes.

Unassigned – the unassigned fund balance is the residual classification for the general fund. This classification represents general fund balance that is not otherwise reported as restricted or assigned to specific purposes. This classification is also used to report any negative fund balance in other governmental funds.

Budgets and Budgetary Accounting

The mayor and board of aldermen generally follow the following proposed budget calendar of the State Department of Audit in establishing the budgetary data reflected in the financial statements:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Budgets and Budgetary Accounting (continued)

- (1) The mayor and board formulate the budget policy at the May board meeting.
- (2) Department budget requests are prepared by the appropriate people and submitted by the July board meeting.
- (3) A proposed budget is presented at the August meeting and a notice of public budget hearings and availability of the budget for inspection is published.
- (4) Between August 15th-30th a public hearing is held and the budget is adopted. The anticipated tax levy is reviewed to determine whether public notice is required on any levy.
- (5) Between September 1st-15th the budget must be adopted and the tax levy set.
- (6) Between September 1st-30th, in accordance with the City's population, the budget must be posted in three public places.
- (7) And, between September 15th-30th the budget as adopted should be written up, filed with the municipal clerk and public notice given of the availability of the budget for inspection. Expenditures may not legally exceed budgeted appropriations at the activity level. During the year, several supplementary appropriations were necessary.
- (8) Further, budgets are used as management control devices in the Proprietary Fund. This budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP), except the Proprietary Fund recognizes all expenditures for debt as expense and no depreciation expense is recognized.

Unused appropriations for all of the above annually budgeted funds lapse at the end of the year. The budget amounts shown in the financial statements are the final authorized amounts after appropriate revisions during the year.

Expenditures may not legally exceed budgeted appropriations at the activity level except for capital outlays, election expenses and emergency expenditures.

Cash and Investments

The collateral for the City's deposits in financial institutions is now held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 Miss. Code Ann. (1972). Under this program, the City's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deferred Outflows and Inflows of Resources

The City reports decreases or increases in net assets that relate to future periods as deferred outflows or inflows of resources in a separate section of its government-wide and proprietary funds statements of net position. Deferred outflows of resources reported in this year's financial statements included a deferred amount arising from the refunding of enterprise general obligation bonds in a previous year. This deferred refunding amount is being amortized over the remaining life of the refunding bonds as part of amortization expense. The remaining deferred outflows and inflows are related to pensions. See Note 8 for further details.

Revenue Recognition - Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and are due and payable at that time. All unpaid taxes levied October 1 become delinquent February 1 of the following year.

Compensated Absences

The City's policy allows employees to accumulate unused sick leave up to 60 days. The City also allows employees to accumulate comp time. Upon termination, accumulated comp time will be paid to the employee up to 160 hours.

General Obligation Refunding Bonds

The enterprise funds provide 89% of the annual debt service requirement on the 2012 general obligation refunding bonds (not secured by system revenues) issued to finance system improvements. The general fund provides the remaining 11% debt service requirement. Since the enterprise funds and the general fund share in providing the annual debt service requirements on these general obligation refunding bonds, the bonds are recorded as obligations of both the governmental activities and the enterprise funds by their aforementioned percentages.

Encumbrances

State law does not require that funds be available when goods or services are ordered, only when paid for. Due to this circumstance the City does not employ an encumbrance system.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include those assumed in computing the provision for uncollectible court fines and the net pension liability as mentioned in Note 4 and Note 8, respectively. It is as least reasonably possible that the significant estimate used will change within the next year.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

For purposes of the statement of cash flows, all highly liquid debt instruments purchased with a maturity of three months or less are considered to be cash equivalents.

Business Information

The City of Nettleton provides water and sewer services to customers located within the City limits of Nettleton, Mississippi as well as a limited number of customers outside the City limits. Credit is extended to all of these customers for services.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Nettleton's participation in the Public Employees' Retirement System of Mississippi (PERS), and additions to/deductions from the City of Nettleton's fiduciary net position have been determined on the same basis as they are reported by the Public Employees' Retirement System of Mississippi (PERS). For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employees' Retirement System of Mississippi (PERS). Investments are reported at fair value.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE 2 - PROPERTY TAXES

Property taxes, except motor vehicles, attach as an enforceable lien on property as of January 1st. All property taxes, including motor vehicle taxes, are collected by the Lee and Monroe County Tax Collectors and remitted to the City. The County Tax Collectors also collect taxes for the Separate School District. Taxes are levied on October 1st and are due and payable at that time. All unpaid taxes levied October 1st become delinquent February 1st of the following year. Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within thirty days after year end.

NOTE 3 - FIXED ASSETS

The City adopted a capitalization threshold of \$1,000 for general fixed assets and a threshold of \$5,000 for infrastructure assets effective for the current fiscal year.

The following is a summary of capital asset activity as of September 30, 2017:

		Balance Oct. 1, 2016		Increases		Decreases		Balance Sept. 30, 2017

Total Business-Type				
Capital Assets, net	\$ 3,699,537	\$ (60,821)	\$ (2,618)	\$ 3,636,098

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. Depreciation has been calculated on the fixed assets using the following useful lives:

Plant, building, and Improvements	5 – 40 Years
Machinery and Equipment	5 – 15 Years
Furniture and Fixtures	5 - 20 Years
Vehicles	5 - 10 Years

NOTE 3 - FIXED ASSETS (continued)

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities: General Government Public Safety Public Works Culture and Recreation	\$ 40,991 88,899 64,407
Total Depreciation Expense - Governmental Activities	\$ <u>204,458</u>
Business-type Activities: Water and Sewer Solid Waste	\$ 195,276 9,900
Total Depreciation Expense – Business-type Activities	\$ <u>205,176</u>

NOTE 4 - RECEIVABLES AND COURT FINES RECEIVABLE

Receivables at September 30, 2017, consisted primarily of taxes, accounts (billings for user charged services including unbilled utility services), intergovernmental receivables arising from entitlements and shared revenues, and accrued interest on investments.

An allowance for doubtful accounts has been recorded at September 30, 2017 in the amount of \$27,499 for the business-type activities accounts receivable. An allowance has also been recorded in the Governmental Activities for uncollectible court fines receivable in the amount of \$264,366.

NOTE 5 - LONG-TERM DEBT

The following is a summary of bond transactions of the City for the year ended September 30, 2017:

	_	General Obligation Bonds Payable	Notes & Bonds Payable	Total
Bonds and Other Long-Term Debt at 10/1/16	\$	445,000 \$	784,712 \$	1,229,712
Add: Bonds and Other Long-Term Debt Acquired		0	59,573	59,573
Less: Bonds and Other Long-Term Debt Retired	_	60,000	46,335	106,335
Bonds and Other Long-Term Debt at 9/30/17	\$ _	385,000 \$	797,950 \$	1,182,950

NOTE 5 - LONG-TERM DEBT (continued)

Bonds and other long-term debt at September 30, 2017 are comprised of the following issues:

General Obligation Bonds:

\$59,573 CDBG note in progress

\$675,000 Refunding Bonds due in annual installments of \$55,000 to \$70,000 through December 1, 2022; interest is variable (currently 1.25 percent)	\$ <u>385,000</u>
Notes Payable: \$216,600 Note due over a 35 year term through May 2046; interest at 3.25 percent	\$ <u>192,355</u>
\$161,640 Note due over a 10 year term through August 2022; interest at 2.00 percent	\$ <u>83,735</u>
\$140,044 Note due over a 20 year term through February 2024; interest at 3.00 percent	\$ <u>53,154</u>
\$429,128 MDEQ note due over a 20 year term through April 2036; interest at 1.75 percent	\$ <u>409,133</u>

There are a number of limitations and restrictions contained in the bond indentures. The City is in compliance with all significant limitations and restrictions.

59,573

The Annual requirements to amortize all finalized debt outstanding as of September 30, 2017 including interest payments of \$223,597 are as follows:

Year Ending September 30	Governm Principal	nental Funds Interest	Propriet Principal	ary Funds Interest	Total Principal	Total Interest
2018 2019 2020 2021 2022 2023 - 2027 2028 - 2032 2033 - 2037 2038 - 2042 2043 - 2046	\$ 22,927 23,806 23,592 24,485 24,124 7,151 0 0 0	\$ 2,514 2,059 1,587 1,089 571 197 0 0	\$ 84,296 89,454 85,730 90,924 96,136 200,811 146,331 125,206 41,819 36,585	\$ 22,888 21,166 19,341 17,342 15,220 51,516 34,956 19,523 10,440 3,188	\$ 107,223 113,260 109,322 115,409 120,261 207,961 146,331 125,206 41,819 36,585	\$ 25,402 23,224 20,927 18,431 15,791 51,713 34,956 19,523 10,440 3,188

NOTE 6 - CAPITAL LEASES

The Town entered into a \$98,537 capital lease agreement for a CAT backhoe loader in 2015. The economic substance of the lease is that the Town is financing the acquisition through the lease and accordingly, the equipment is recorded in the Town's assets and liabilities. The CAT backhoe loader lease is payable in monthly installments of \$2,142 through January 26, 2019. The lease is secured with the CAT backhoe loader.

Future minimum lease payments under the capital lease are as follows:

2018	\$ 25,704
2019	10,727
Minimum Lease Payments	36,431
Less: Interest	598
Present Value of Minimum Lease Payments	\$ 35,833

The asset held under the capital lease is included in property and equipment as follows:

Equipment	\$ 98,537
Less: Accumulated Depreciation	 52,553
	\$ 45,984

NOTE 7 - LITIGATION

Certain claims, suits, and complaints arising in the ordinary course of business have been filed or are pending against the City. In the opinion of the elected officials, all such matters are adequately covered by insurance, or if not so covered, are without merit or are of such kind, or involve such amounts, as would not have a significant effect on the financial position or results of operations of the City if disposed of unfavorably.

NOTE 8 - DEFINED BENEFIT PENSION PLAN

<u>Plan Description</u> - Employees of the City of Nettleton are provided a defined benefit pension plan through the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing agent multiple-employer pension plan. The Public Employees' Retirement System of Mississippi (PERS) was created with the purpose to provide pension benefits for all state and public education employees, sworn officers of the Mississippi Highway Safety Patrol, other public employees whose employers have elected to participate in the System, and elected members of the State Legislature and the President of the Senate. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201 or by calling (601) 359-3589 or 1-800-444-PERS.

Benefits Provided - For the cost-sharing plan participating members who are vested and retire at or after age 60 or those retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0% of their average compensation for each year of creditable service up to and including 30 years (25 years

NOTE 8 - DEFINED BENEFIT PENSION PLAN (continued)

for those who became members of PERS before July 1, 2011), plus 2.5% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. A member may elect a reduced retirement allowance payable for life with the provision that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirementallowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter.

Employee membership data related to the Plan, as of June 30, 2017 was as follows:

Inactive Members or Beneficiaries Currently Receiving Benefits	102,260
Inactive Members Assumed Eligible for a	
Benefit at Retirement Date	16,682
Inactive Members Assumed Not to Receive	
Service Retirement Benefits	50,170
Active Members	152,382
Total	321,494

Contributions - The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. PERS members are required to contribute 9.00% of their annual covered salary and the City of Nettleton is required to contribute at an actuarially determined rate. The current rate is 15.75% of annual covered payroll. The contributions are deducted from the employees' wages or salary and remitted by the City to PERS on a monthly basis. By law, employer contributions are required to be paid. The employer's actuarially determined contribution and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

For the year ended September 30, 2017, the City of Nettleton's total payroll for all employees was \$477,908. Total covered payroll was also \$467,162. Covered payroll refers to all compensation paid by the City to active employees covered by the Plan.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions - At September 30, 2017, the City of Nettleton reported a liability of \$1,212,842 for its proportionate share of the net pension liability.

NOTE 8 - DEFINED BENEFIT PENSION PLAN (continued)

The net pension liability was measured as of June 30, 2017, and the total pension liability percentage used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City of Nettleton's proportion of the net pension was based on a projection of the City of Nettleton's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2017, the City of Nettleton's proportion was 0.007296 percent.

For the year ended September 30, 2017, the City of Nettleton recognized pension expense of \$57,323. At September 30, 2017, the City of Nettleton reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Difference Between Expected and		
Actual Experience	\$ 17,425	\$ 8,850
Net Difference Between Expected and		
Actual Investment Earnings	0	15,572
City Pension Contributions Subsequent		
to the Measurement Date	18,574	0
Changes of Assumptions	26,957	2,067
Changes in Proportion and Differences		
Actual Earnings on Pension Plan Assets	0	67,834
Total	\$ 62,956	\$ 94,323

The \$18,574 of deferred outflows of resources resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Fiscal Year Ending September 30,	Amount
2018	\$ (12,763)
2019	(7,513)
2020	(6,238)
2021	(23,427)
Total	\$ (49,941)

<u>Actuarial Assumptions</u> - The total pension liability was determined by an actuarial valuation as of June 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Salary increases

3.00%

3.25 -18.50%, average, including inflation

Investment rate of return 7.75%, net of pension plan investment expense, including

inflation

NOTE 8 - DEFINED BENEFIT PENSION PLAN (continued)

Mortality rates were based on the RP-2014 Healthy Annuitant Blue Collar Table projected Scale BB to 2022, with rates set forward one year for males with adjustments.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2016. The experience report is dated April 18, 2017.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2017, are summarized in the following table:

	Target		Long-Term Expected Real Rate	
Asset Class	Allocation		of Return	
U.S. Broad	27.00	%	4.60	%
International Equity	18.00		4.50	
Emerging Markets Equity	4.00		4.75	
Global	12.00		4.75	
Fixed Income	18.00		0.75	
Real Assets	10.00		4.50	
Private Equity	8.00		5.10	
Emerging Debt	2.00		2.25	
Cash	1.00		0.00	
Total	100.00	%		

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (15.75%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 8 - DEFINED BENEFIT PENSION PLAN (continued)

Sensitivity of the City of Nettleton's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the City of Nettleton's proportionate share of the net pension liability using the discount rate of 7.75 percent, as well as what the City of Nettleton's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

		City of Nettleton's
	Discount	Proportionate Share
	Rate	of Net Pension Liability
1% Decrease	6.75%	\$ 1,590,724
Current Discount Rate	7.75%	1,212,842
1% Increase	8.75%	899,119

<u>Plan Fiduciary Net Position</u> - Detailed information about the Plan's fiduciary net position is available in the separately issued Public Employees' Retirement System of Mississippi (PERS) financial report.

NOTE 9 - FUND BALANCE RECONCILIATION - GENERAL FUND BUDGET BASIS

Mississippi state law requires, for budget purposes, that the general fund record revenues on the cash basis. Generally accepted accounting principles (GAAP) would require that the revenues be accounted for on the modified accrual basis; therefore, the required budgetary basis would not be considered to be GAAP. Any accruals of revenues or expenditures included on the "General Fund Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Budgetary Basis" are eliminated for budget purposes. In the current fiscal year, accrued revenues were \$1,611 more than cash revenues.

NOTE 10 - SUBSEQUENT EVENTS

Date of Management Evaluation

Management has evaluated subsequent events through February 22, 2018, the date on which the financial statements were available to be issued.

CITY OF NETTLETON, MISSISSIPPI Notes to the Required Supplementary Information For the Year Ended September 30, 2017

Changes of Assumptions

2017 The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.

The wage inflation assumption was reduced from 3.75% to 3.25%.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

- 2016 The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.
- 2015 The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.

The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

Changes of Benefit Provisions

2016 Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Board of Aldermen City of Nettleton, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Nettleton, Mississippi as of and for the year ended September 30, 2017 and the related notes to the financial statements, which collectively comprise the City of Nettleton, Mississippi's basic financial statements and have issued our report thereon dated February 22, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Nettleton, Mississippi's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Nettleton, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Nettleton, Mississippi's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies as finding 1.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Nettleton, Mississippi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Nettleton, Mississippi's Response to Findings

The City of Nettleton, Mississippi's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The City of Nettleton, Mississippi's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Mayor and Board of Alderman City of Nettleton, Mississippi

We have audited the financial statements of the City of Nettleton, Mississippi, as of and for the year ended September 30, 2017, and have issued our report thereon dated February 22, 2018. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Government Auditing Standards.

As required by the State legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the general purpose financial statements disclosed no material instances of noncompliance with state laws and regulations.

This report is intended for the information of management and the Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

CITY OF NETTLETON, MISSISSIPPI SCHEDULE OF FINDINGS AND RESPONSES September 30, 2017

FINANCIAL STATEMENT FINDINGS:

FINDING NO. 1 - Segregation of Duties (significant deficiency)

Criteria: The City is to maintain adequate internal controls to ensure accurate processing of transactions for the fair presentation of its financial records.

Cause of Condition: The City's internal control did not provide for adequate segregation of duties in relation to the collection, processing and administering of various revenue sources and the overall accounting system of the City. The City's size and number of personnel limit the opportunities for adequate segregation of duties.

Recommendation: The City should consider segregation of duties in all areas of the accounting system. Due to the size and number of employees, optimal segregation of duties will be difficult; however, the City should strengthen segregation of duties in all areas possible.

Response: The City will analyze the accounting system and establish procedures that optimize all possibilities for segregation of duties.
