# INTRODUCTORY SECTION (UNAUDITED)

This section contains a letter of transmittal intended to give the reader a concise but thorough understanding of the background, structure, and the economic and financial condition of the City. An organizational chart is included along with a listing of principal City officials.

RECEIVED

March 21, 2018

To the Citizens of the City of Ridgeland, Mississippi:

It is our pleasure to submit the Comprehensive Annual Financial Report (CAFR) of the City of Ridgeland, Mississippi, for the fiscal year ended September 30, 2017. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentations in the financial statements, including all disclosures, rests with the management of the City of Ridgeland. This report was prepared in conformity with accounting principles generally accepted (GAAP) in the United States of America.

The City is responsible for establishing and maintaining internal controls to ensure that adequate accounting data is compiled to allow preparation of financial statements in conformity with GAAP. Because the cost of a control should not exceed the benefits likely to be derived, internal controls have been implemented to provide reasonable, but not absolute, assurance regarding the reliability of the financial statements. We believe the information as presented is complete and accurate.

Haddox Reid Eubank Betts PLLC, Certified Public Accountants, performed an audit, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, of the basic financial statements for the City of Ridgeland. Their unmodified opinion is presented as the first page of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A of the City of Ridgeland can be found immediately following the auditor's report.

#### Profile of the Government

The City of Ridgeland, incorporated in 1899, is located in central Mississippi in south Madison County. With a land area of 22 square miles, the City has grown rapidly since 1980. The City of Ridgeland has seen continuous growth in population from census figures of 11,714 in 1990 to 20,173 in 2000 to 24,047 in 2010. The latest population count as of July 1, 2016 is 24,483.

The Ross Barnett Reservoir, a major recreational area, adjoins Ridgeland to the east. The Natchez Trace Parkway, a Federal park commemorating the historical route from Natchez, Mississippi to Nashville, Tennessee, goes through the heart of the City.

board of aldermen. D.l. Smith, cmo - at-large • Ken Heard, cmo - ward 1 • Chuck Gautier, cmo - ward 2 Kevin Holder, cmo, mayor pro tempore - ward 3 • Brian P. Ramsey, cmo - ward 4 • Bill Lee - ward 5 • Wesley Hamlin, cmo - ward 6

#### Profile of the Government - continued:

Ridgeland is a code-charter municipality that operates under a Mayor/Board of Aldermen form of government. The Mayor is full-time and is elected at-large. Of the seven aldermen, six are elected by ward and one is elected at-large. The Mayor and Board serve concurrent four-year terms. The next city-wide general election will be held in 2021.

#### **Accounting System and Budgetary Control**

The financial statements present information on the financial position and operations of the City as a single comprehensive reporting entity. The City of Ridgeland provides a full range of services to enhance and protect the lives of its citizens. The services include, but are not limited to, police and fire protection, water and sewer services, construction and maintenance of streets and infrastructure, planning and zoning, recreational and cultural services, and general administrative services.

The City of Ridgeland maintains specific budgetary controls. The objective of the budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Mayor and Board of Aldermen. Activities of the general fund, debt service funds, special revenue funds, capital projects funds, and enterprise funds are included in the annual appropriated budget. The legal level of budgetary control, the level at which expenditure can not legally exceed the appropriated amount, is established by major expenditure classifications within departments. These major classifications are personnel, supplies, other services and charges, and capital outlay. Any change in the appropriated amount of any major classification requires approval by the Mayor and Board of Aldermen. The City Clerk can approve any transfer within a major classification.

#### **Factors Affecting Financial Condition**

The City of Ridgeland is located in one of the fastest growing areas of the state. The City has seen steady economic growth from the 1980s through 2017. The valuation of non-residential permits issued by the City of Ridgeland increased by approximately \$9 million from 2016 to 2017. The unemployment rate has decreased from 4.4% in 2016 to 3.6% in 2017.

Ridgeland continues to enjoy a balanced mix of residential and commercial development. The opening of 950,000 square foot Northpark mall in 1985 was the catalyst for a retail building boom in this area. Northpark mall announced a \$25 million renovation in 2017 that will be constructed in 2018. This renovation will include new interior finishes, new interior lighting, an expanded food court, new entrance features, new parking lot LED lighting, and repaving the parking lot. Once complete, the mall is expected to have a brand new feel with a modern style with Southern charm and is expected to boost values and leases in the area. Other commercial development quickly followed, with an associated increase in residential construction. In 2002 Madison County saw the beginning operations of a \$930 million Nissan production plant, which employs as many as four thousand employees in its automotive production facilities.

The Highland Colony Parkway was constructed in the late 1990s and has blossomed into a vibrant mixed-use corridor. Many international, national, and regional office headquarters have located along the Parkway. The Parkway is also home to numerous retail developments including Renaissance at Colony Park and Township at Colony Park. Renaissance is a 400,000 square foot retail, restaurant, and office development that is adjacent to several mid-rise office buildings. A second phase of the Renaissance began construction in 2017 and will add an additional 80,000 square feet of retail buildings plus additional outparcel development. Township is an 80-acre mixed use development complete with retail, office,

#### **Factors Affecting Financial Condition - continued:**

recreational, and housing uses. In addition, several neighborhoods have developed around the Parkway. The Township continues to grow and is planning a new hotel and conference center to begin construction in late 2018 or early 2019. The Highland Colony Parkway corridor remains the fastest growing area of the City of Ridgeland.

Highland Colony Parkway south of the round-about continues to see development activity as well. The Renaissance Phase III project, which was approved in 2016, is planned to contain approximately 300,000 square feet of retail space and outparcel development. The first phase of Renaissance Phase III is planned to be a new Costco. Other developers reacted favorably to the news of the Renaissance Phase III project and purchased the undeveloped 50 acres across the street for an anticipated mixed commercial use development.

On the east side of the interstate, Ridgeland continues to enjoy economic development opportunities. Mercedes recently constructed a brand new facility on a ten acre site. Other proposals have been recently submitted including, but not limited to, hotels, retail, restaurants, and office buildings.

Madison County and adjacent Hinds and Rankin counties comprise what is known informally as the "Metro Area". The City of Ridgeland has one of the lowest tax rates in the area, which has remained unchanged since 1992.

#### **Long-Term Financial Planning**

In 2008, a long-term strategic plan was adopted by the Mayor and Board of Aldermen with input from citizens and the business community. The primary focus during the coming years will be continued improvement of transportation infrastructure and neighborhood revitalization. As with any rapidly-growing municipality, the City of Ridgeland is faced with keeping up with current demand for services as well as planning for long-term growth.

#### **Major Initiatives**

The City of Ridgeland has received national recognition for Freedom Ridge Park, earning multiple awards from USA Softball and other organizations. This led to the City of Ridgeland being selected to host the Men's and Women's USA Softball National Championship Softball Series at Freedom Ridge Park in 2018. This marks only the second time the event will be held outside of USA Softball's headquarters in Oklahoma City, and on both occasions the City of Ridgeland was selected as the host site.

Ridgeland Recreation and Parks is also a nineteen time recipient of USA Softball's James Ferrell Award of Excellence, awarded to cities annually for hosting the country's highest rated softball tournaments. Ridgeland's Freedom Ridge Park was selected as the 2007 USA Softball National Complex of the Year.

Ridgeland is an environmental hero among cities, earning the following awards for its efforts in recycling and environmental protection: 2013 First Place Local Government Award from Keep Mississippi Beautiful, Steward in the Mississippi Department of Environmental Quality's Enhance Program since 2011, Local Government Recycler of the Year 2011 from the Mississippi Recycling Coalition, Merit Award from the American Society of Landscape Architects for the Ridgeland Area Master Plan and Tree City USA certification since 2009.

#### Major Initiatives - continued:

The Ridgeland Area Master Plan earned a Clarion-Ledger/Mississippi Municipal League Excellence Award for Planning and Development in 2008 for its citizen-led process of developing a long-range vision for Ridgeland's future. The plan included progressive tactics to enhance development in a sustainable manner.

Ridgeland has also been recognized for its forward thinking and technology-oriented businesses. Ridgeland was named Mississippi's eCity 2013 by Google for its strong online business community, making Ridgeland one of the nation's digital capitals. BusinessWeek.com named Ridgeland as the Best Small City for Startups in Mississippi in 2009.

Known as a destination for bicycling and a promoter of bicycling safety, Ridgeland earned the bronze award for Bicycle Friendly Community 2010-2015 by the League of American Bicyclists. Designated bike routes in Ridgeland include the Natchez Trace Parkway and Highland Colony Parkway. Local bicycling events often use the multiuse trails, mountain bike trails and the bike routes in Ridgeland.

In 2007, the City of Ridgeland issued \$19,365,000 in bonds for improvement to the water and sewer system, widening Lake Harbour Drive to five lanes, and other miscellaneous drainage, roadway, and park improvements. Construction is completed.

In 2011, the City of Ridgeland issued \$5,825,000 in bonds for the design and construction of a City Center, which was selected as the priority project by the citizen-based Master Plan Steering Committee. The above and below-ground concrete which was left by a former concrete bridge beam construction company has been removed. Currently, the proposed site plan design is being finalized. The City is waiting for the bids on the Lake Harbour Drive Extension before construction begins to ensure there is adequate funding for all current projects. The 2011 bonds also funded the construction of an open-air pavilion at the multi-use trail head. The pavilion includes picnic tables, restrooms, a bike rack and a bike repair station.

In 2014, the City issued \$5,100,000 in bonds for continued design and construction of the City Center and the Right-of-way and relocation of Colony Park Boulevard. In 2015, the City issued \$11.9 million bonds for continued construction of the City Center. These projects are currently in progress.

The City of Ridgeland is in the process of obtaining funding for several road expansion projects. The City of Ridgeland is in the process of obtaining funding for the Lake Harbour Drive Extension project. This project is estimated to cost approximately \$20 million. The Mayor and Board of Aldermen continue to appropriate \$1,000,000 of the annual budget for street maintenance.

Mississippi law limits the amount of general obligation debt a municipality may issue to 15% of total assessed valuation. With an assessed valuation of \$458,535,747, the City of Ridgeland's margin for further issuance of general obligation debt is \$41,634,433 as of September 30, 2017.

Moody's Investor Services, widely regarded as one of the top three companies in financial research and analysis, awarded the City of Ridgeland with a bond rating of Aa2. Aa2 is categorized as high-grade for long-term debt ratings and Prime-1, which is highest quality, for short-term debt ratings. Aa2 is subject to very low credit risk. The Aa2 rating received by the City of Ridgeland is the highest bond rating among cities in the State of Mississippi.

#### Financial Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Ridgeland for its

#### Financial Awards and Acknowledgements - continued:

Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. The reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. This was the twenty-fifth consecutive year that the City of Ridgeland received this prestigious award. We believe our current report continues to conform to the City of Achievement Program requirements, and we are submitting it to GFOA.

The preparation of this report on a timely basis could not have been accomplished without the cooperation of the entire staff of the Department of Finance Administration. We also wish to express our appreciation to the other departments within the City of Ridgeland for their submission of information for this report.

In conclusion, we acknowledge the Board of Aldermen who consistently support the goal of excellence in all aspects of financial management by the City of Ridgeland. Their continuing interest and support are greatly appreciated.

1981

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Board of Aldermen City of Ridgeland Ridgeland, Mississippi

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Ridgeland, Mississippi as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

#### Auditor's Responsibility - continued:

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Ridgeland, Mississippi as of September 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 14 to 37, the Schedule of the City's Proportionate Share of the Net Pension Liability, the Schedule of the City's Contributions, and budgetary comparison information (Exhibits B1-B3) on pages 88 to 91 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Ridgeland, Mississippi's basic financial statements. The introductory section, combining and individual fund financial statements and schedules (Exhibits C1 - C27), supplemental information section (Schedules D-1 - D-3) and statistical section (Tables 1 - 25), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Matters - continued:

Other Information - continued:

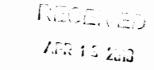

The introductory section, supplementary information section, and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reports Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 21, 2018, on our consideration of the City of Ridgeland, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Ridgeland, Mississippi's internal control over financial reporting and compliance.

Haddox Reid Eubank Batts PLLC

Jackson, Mississippi March 21, 2018

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

Our discussion and analysis of the City of Ridgeland's (the City) financial performance provides an overview of the City's financial activities for the year ended September 30, 2017. The intent of this discussion and analysis is to look at the City's financial performance as a whole. Readers are also encouraged to review the financial statements and the notes to the financial statements to enhance their understandings of the City's financial performance.

#### FINANCIAL HIGHLIGHTS

- Total net position of the City decreased \$364,527, as a result of this year's operations (\$3,027,624 increase in 2016).
- General revenues of the City account for \$25,466,163 or 63.4% of all revenues in 2017. General revenues accounted for \$27,042,357 or 58.9% of all revenues in 2016. Program specific revenues in the form of charges for services and grants and contributions accounted for \$14,734,563 or 36.6% of total revenues in 2017, compared with \$18,860,910 or 41.1% of total revenues in 2016.
- The City had \$40,565,253 in expenses, an amount which decreased when compared with the \$42,875,643 in expenses for 2016; \$14,734,563 of these expenses were offset by program specific charges for services, grants and contributions. General revenues of \$25,466,163 were not adequate to provide for these programs in 2017, while general revenues of \$27,042,357 were adequate to provide for these programs in 2016.
- Among the major funds, the General Fund had \$22,282,688 in revenues and \$23,038,136 in expenditures. In 2016, the General Fund had \$22,885,862 in revenues and \$23,111,827 in expenditures. The General Fund's fund balance decreased by \$803,695 from 2016 to 2017 and decreased by \$521,766 from 2015 to 2016.
- Public Utility Enterprise Fund had \$6,806,565 in operating revenues and \$6,846,917 in operating expenses. Its decrease in net position after net non-operating expenses, transfers, and capital contributions was \$335,063. Last year it reported \$6,924,368 in operating revenues and \$7,152,829 in operating expenses. The prior year decrease in net position was \$497,276 after net non-operating expenses and capital contributions.
- Capital assets, net of accumulated depreciation, decreased by \$1,162,332 in the governmental activities after restatement from 2016 to 2017. Capital assets, net of accumulated depreciation, increased by \$558,465 in the governmental activities from 2015 to 2016.
- Capital assets, net of accumulated depreciation, decreased by \$701,803 in the business-type activities after restatement from 2016 to 2017. Capital assets decreased \$639,972 in the business-type activities from 2015 to 2016.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL HIGHLIGHTS - CONTINUED:

- Long-term debt decreased by \$4,172,840 in the governmental activities from 2016 to 2017. The decrease was attributed to current year principal payments on long-term debt. Long-term debt increased by \$8,629,369 in the governmental activities from 2015 to 2016.
- Long-term debt decreased by \$710,073 in the business-type activities from 2016 to 2017. The decrease was attributed to current year principal payments on long-term debt. Long-term debt decreased by \$531,065 in the business-type activities from 2015 to 2016.

#### USING THE ANNUAL FINANCIAL REPORT

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the City of Ridgeland, Mississippi as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial conditions.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements show how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

#### REPORTING THE CITY AS A WHOLE

#### Statement of Net Position and Statement of Activities

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole looks at all financial transactions and asks the question, "How did we do financially during 2017?" The Statement of Net Position and the Statement of Activities answer this question.

These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. The accrual basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid. These two statements report the City's net position for the 2017 fiscal year and changes in them. The City's net position - assets plus deferred outflows of resources less liabilities and deferred inflows of resources - is one way to measure the City's financial health or financial

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### REPORTING THE CITY AS A WHOLE - CONTINUED:

#### Statement of Net Position and Statement of Activities - continued:

position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. However, in evaluating the overall position of the City, non-financial information, such as changes in the City's tax base and the condition of the City's capital assets, will also need to be evaluated.

In the Statement of Net Position and the Statement of Activities, the City is divided into two types of activities:

- Governmental Activities Most of the City's basic services are reported here which includes general government, police, fire, court services, public services, health and welfare, and culture and recreation. Property taxes, sales taxes, court fines and fees, and franchise fees finance most of these activities.
- Business-Type Activities The City charges a fee to customers to help it cover all or most of
  the cost of certain services it provides. The City's public utility system, regional sewer
  system, and sanitation services are reported here.

#### Reporting the City's Most Significant Funds

#### **Fund Financial Statements**

The analysis of the City's major funds begins on page 40. The fund financial statements provide detailed information about the City's most significant funds - not the City as a whole. Based on restrictions on the use of monies, the City has established many funds which account for the multitude of services provided to the City's residents. Some funds are required to be established by State law, while others are established by the City to help control and manage money for a particular purpose. However, these fund financial statements focus on the City's most significant funds. The City's two types of funds - governmental and proprietary - utilize different accounting approaches.

Governmental funds - The majority of the City's basic services are reported in governmental funds, which focus on how money flows into and out of the individual funds, and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future on services provided to the City's residents. The

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

Fund Financial Statements - continued:

#### Governmental funds - continued:

relationship (or differences) between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The City of Ridgeland considers the General Fund, Debt Service Fund, Colony Park TIF Bond Debt Fund and City Center Fund to be major funds and, therefore, presents information on these funds separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances. Data from all other governmental funds are combined into a single, aggregated nonmajor fund presentation.

**Proprietary funds** - The City charges customers for certain services it provides. These services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds are identical to the business-type activities that are reported in the government-wide statements, but provide more detail and additional information such as cash flows. The Internal Service Fund is utilized to report activities that provide services for the City's other programs and activities. Because these services benefit both governmental as well as business-type functions, their cost has been included in both the governmental and business-type activities in the government-wide financial statements.

The City of Ridgeland maintains three individual enterprise funds. The City uses enterprise funds to account for its public utility system, regional sewer system and sanitation services. The proprietary fund financial statements provide separate information for the Public Utility Fund, East Madison County Regional Sewer Fund, and Sanitation Fund.

#### FINANCIAL ANALYSIS OF THE CITY

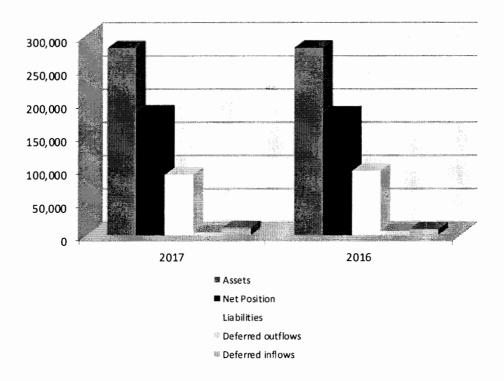

Over time the trend as well as the amount of net position may serve as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$220,658,586 at September 30, 2017.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

#### Governmental Activities

The following chart depicts the total amount of assets, deferred outflows, liabilities, deferred inflows and net position as of September 30, 2017 and 2016 in the governmental activities column of the government-wide financial statements. The amounts are expressed in thousands.

The largest portion of the City's net position for governmental activities (\$167,990,092, or 91.1%) is net investment in capital assets (capital assets less any capital related outstanding debt used to acquire those capital assets). Although the City's investment in capital assets is reported net of the related debt, it should be noted that the resources needed to repay this debt must be provided from other sources and not the capital assets themselves.

Table 1 provides a summary of the City's net position for governmental activities. The City's net position for governmental activities was \$184,365,289 and \$182,804,226 as of September 30, 2017 and 2016, respectively. Prior year amounts have not been restated to reflect the effect of the current year prior period adjustment.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

Governmental Activities - continued:

#### Table 2 - continued: Condensed Statement of Changes in Net Position For the Years Ended September 30, 2017 and 2016

	-	2017	2016	Percentage Change
PRIOR PERIOD ADJUSTMENT	\$	2,367,824		100.0%
NET POSITION AT BEGINNING OF YEAR, as restated		185,172,050	179,399,708	3.2%
NET POSITION AT END OF YEAR	\$	184,365,289	182,804,226	0.9%

Governmental activities revenues decreased \$5,212,571 from 2016 to 2017. The most significant decreases resulted from the following:

- A \$3,319,953 decrease in capital grant and contribution revenue for the Lake Harbour Drive Extension Fund and the Craft Center Parking Lot Fund as a result of less construction activity during 2017 compared to 2016.
- A decrease of \$370,213 in fines and forfeitures revenue due in part to a decrease in the number of traffic and parking violations issued for the year.
- A decrease of \$909,474 in intergovernmental revenue received from Madison County in the Colony Park TIF Bond Debt Fund. Two annual payments were received from Madison County in 2016 as a result of the timing of information received from the State of Mississippi.
- A decrease of \$377,487 in sales tax revenue resulting from more conservative consumer spending in 2017 compared to 2016.

Several revenue sources fund our governmental activities. The City's largest source of operating revenue was received from sales tax which accounted for \$13,220,505 or 45.6% of gross revenue; revenues from charges for services accounted for \$2,873,270 or 9.9% of gross revenues; and property taxes accounted for \$9,880,924 or 34.1% of revenues. Capital and operating grants and contributions amounted to \$682,263 or 2.4% of gross revenue.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

#### Governmental Activities - continued:

Governmental activities expenses decreased \$601,292 from 2016 to 2017. The majority of the decrease resulted from the following:

- A decrease of \$365,228 in bond issuance costs as a result of the City not issuing any new bonds in 2017.
- A decrease of \$75,243 in interest expense on long-term debt.
- A decrease of \$191,201 in expenses related to compensated absences.

Major expense activities include police and fire safety expenses accounting for 40.8% of the total program expenses, and public services expenses accounting for 25.1%. The City of Ridgeland is committed to providing the best services possible for its citizens.

The City of Ridgeland has worked very hard to increase our property tax base and our sales tax collections by being proactive with new businesses in our City and limiting increases in operating costs to the minimum amount necessary to provide essential services for each department. The ability of the City to continue to provide quality services without increasing taxes rests on the City management's ability to keep these costs in line.

#### **General Government Functions**

The City's General Fund is used to account for expenditures of traditional services as well as all financial resources other than those required to be accounted for in other funds. General Fund revenues include property tax, intergovernmental revenues, various permit fees, franchise taxes, fines, and other sources as indicated on the accompanying graphs and tables. Prior year amounts have not been restated to reflect the effect of the prior period adjustment.

Total expenditures	\$	23,038,136	23,111,827	(73,691)	-0.3%

#### Revenues

The primary source of General Fund revenues is sales tax. The State of Mississippi levies a general sales tax of 7% on most retail sales. Of the amount collected by the state, each municipality receives 18.5% of the amount collected within its corporate boundaries. Sales tax accounted for 51.1% of General Fund revenues in fiscal year 2017, compared to 51.7% in fiscal year 2016. Sales tax collections in fiscal year 2017 were \$11,395,154, a 3.7% decrease compared to the \$11,826,998 collected in 2016. Total General Fund operating revenues were \$22,282,688, a decrease of \$603,174 compared to the prior year.

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

**General Government Functions** - continued:

#### **Expenditures - continued:**

#### **General Fund's Other Expenditures**

#### Status of Fund Balance

On the General Fund balance sheet, fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent and the remaining portion is available for appropriation. The fiscal year ended September 30, 2017 ending unassigned fund balance is \$15,163,683 which is 65.8% of the general fund operating expenditures.

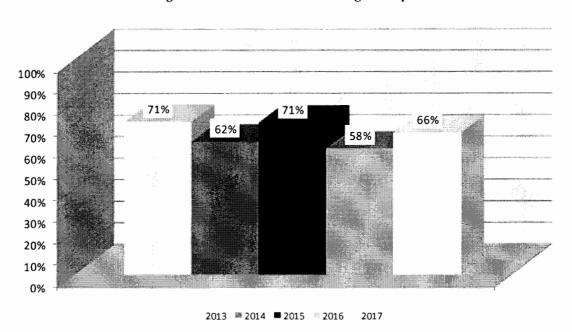

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

General Government Functions - continued:

Status of Fund Balance - continued:

#### Unassigned Fund Balance as a Percentage of Expenditures

#### Other Governmental Funds

As the City completed the year, its governmental funds reported a combined fund balance of \$34,403,897, a decrease of \$895,538. \$13,918,163 or 40.5% of the fund balance is classified as unassigned, which represents the residual classification of fund balance that has not been assigned to other funds and that has not been restricted or assigned to specific purposes. The remaining fund balance of \$20,485,734 or 59.5% is either nonspendable, restricted or assigned to indicate that it is not available for spending except only for the purposes to which it is restricted, committed or assigned.

Unassigned fund balance is the residual classification for the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. This year the City of Ridgeland had a positive \$15,163,638 unassigned fund balance in the general fund, which constitutes 44.1% of the total fund balance in the governmental funds. The Other Nonmajor Funds had a negative unassigned fund balance in the amount of \$1,245,520. Authoritative guidance indicates that if

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

#### General Government Functions - continued:

#### Other Governmental Funds - continued:

there is a negative balance after classifying amounts as nonspendable, restricted or committed, the fund would report a negative amount as unassigned. The Board of Aldermen passed a resolution in a previous year to maintain a fund balance of at least 45% of expenditures in the General Fund.

The increase in fund balance in the Debt Service Fund was \$204,306. The increase is attributed to property tax revenues exceeding debt service requirements. The Colony Park TIF Bond Debt Fund reported a decrease of \$50,282. The decrease is attributed to current year debt service requirements being slightly more than revenue. The City Center Fund reported an increase of \$42,675 which was the result of reduced capital outlay expenditures. The fund balance of Other Nonmajor Funds reported a decrease of \$288,542. The decrease is attributed to capital project expenditures exceeding revenue.

#### **Proprietary Funds**

Ridgeland's proprietary operations consist of the Public Utility Fund, the Sanitation Fund, and the East Madison County Regional Sewer (EMCRS) Fund. The Public Utility Fund accounts for traditional water and sewer revenues and expenditures to construct and maintain a water and sewer system. The Sanitation Fund accounts for revenues from garbage and recycling fees and expenses for those services. The East Madison County Regional Sewer Fund was created through an agreement between the Cities of Ridgeland, Madison, and the Pearl River Valley Water Supply District whereby all sewage is sent through interceptor lines to be treated at the City of Jackson treatment plant. All entities involved collect a separate sewer fee for this service and submit the fee to the City of Ridgeland monthly. The City of Ridgeland maintains the accounting records, forwards payments to the City of Jackson, and performs maintenance on the system.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

#### Business-Type Activities - continued:

Total revenues of the City's business-type activities were \$11,227,978 and \$11,717,948 for the fiscal years ended September 30, 2017 and 2016, respectively. Total expenses including transfers for the City's business-type activities were \$10,785,744 for 2017 and \$12,094,842 for 2016, resulting in an increase in net position of \$442,234 in 2017 and a decrease in net position of \$376,894 in 2016.

#### **Public Utility Fund**

The City operates its own water and sewer utility system. Comparative financial data for the Public Utility Revenue Fund for the last two fiscal years is presented below:

	_	2017	2016
Operating revenues	\$	6,806,565	6,924,368
Operating expenses		(6,846,917)	(7,152,829)
Operating loss	\$	(40,352)	(228,461)

#### East Madison County Regional Sewer Fund

As previously stated this fund is used to account for monies collected from customers of the City of Ridgeland, the City of Madison, and the Pearl River Valley Water Supply District for operation and maintenance of the regional sewer utility, and for payments to the City of Jackson for treatment of sewage at their treatment plant. The amount each entity contributes is based on flow which is metered at various locations.

Comparative financial data for the East Madison County Regional Sewer Fund for the last two years is presented as follows:

	_	2017	2016
Operating revenues	\$	2,367,647	3,116,221
Operating expenses		(1,765,240)	(3,187,175)
Operating income (loss)	\$ .	602,407	(70,954)

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### FINANCIAL ANALYSIS OF THE CITY - CONTINUED:

Business-Type Activities - continued:

#### Sanitation Fund

Comparative financial data for the Sanitation Fund for the last two years is presented as follows:

	_	2017	2016
Operating revenues	\$	1,546,378	1,510,678
Operating expenses		(1,354,504)	(1,313,507)
Operating income	\$ ,	191,874	197,171

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The City's budgets are prepared using the modified cash basis in accordance with the laws of the State of Mississippi. The most significant budgeted fund is the General Fund.

#### Original budget compared to final budget

The original general fund expenditure budget of \$25,335,482 was amended by \$651,777 to a final general fund expenditure budget of \$25,987,259. Major components of the amendment included:

- Expenditures for public safety capital outlay were increased \$124,860 for vehicles and equipment necessary for additional officers, \$39,187 for insurance proceeds used to replace damaged vehicles and equipment, and \$22,643 for equipment purchased with funds received from Homeland Security.
- Expenditures for public services other services and charges were increased \$129,690 for projects budgeted and expected to be completed in the prior year that were not completed until the current year.
- Expenditures for public services capital outlay were increased \$38,363 for insurance proceeds used to replace damaged equipment and \$79,664 for projects budgeted and expected to be completed in the prior year that were not completed until the current year.
- Transfers to capital project funds were increased by \$136,357 to provide funding for the required local match.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2017

#### **GENERAL FUND BUDGETARY HIGHLIGHTS - CONTINUED:**

#### Final budget compared to actual results

Sales tax receipts were \$542,875 less than estimated as a result of conservative spending by consumers combined with an increase in the sales tax receivable at year end.

Fines and forfeitures receipts were \$242,599 less than estimated due in part to a decrease in the number of traffic and parking violations issued for the year.

Actual expenditures for the year were \$2,910,126 less than estimated. In general, the City has been proactive in limiting the amount of operating costs to the minimum necessary to provide essential services. The most significant differences in the final budget and actual occurred in the following areas:

- General government other services and charges were \$1,307,612 less than estimated resulting from a \$1,132,000 decrease in legal fees for Community Development, a \$60,000 decrease in liability insurance, and a \$30,000 decrease in election expenses.
- Public safety personnel services were \$298,818 less than estimated resulting from vacancies budgeted but not filled.
- Public safety other services and charges were \$232,863 less than estimated resulting from a \$100,541 decrease in equipment repair and maintenance, \$38,239 decrease in jail fees, \$37,902 decrease in utility expenditures, \$21,321 decrease in telephone expenditures and \$27,851 decrease in training expenditures.
- Public services other services and charges were \$334,903 less than estimated resulting
  from a \$129,860 decrease in utility expenditures for street lights and \$35,833 decrease in
  professional fees. Drainage projects were also budgeted that were either not completed
  or completed at a cost less than the amounts estimated which resulted in a decrease of
  \$149,250.

#### CAPITAL ASSETS AND LONG-TERM DEBT OBLIGATIONS

At September 30, 2017, the City's capital assets for governmental activities include non-depreciable assets consisting of land and construction in progress of \$132,267,359, and depreciable capital assets, net of accumulated depreciation of \$95,355,989 for a total of \$227,623,348 in capital assets as reported in the Governmental Activities column of the Statement of Net Position. The changes in capital assets are summarized in table 6 below. Prior year amounts have not been restated to reflect the effect of the prior period adjustment.

Total fund balances - governmental funds	\$	34,403,897
Amounts reported for governmental activities in the Statement of Net Position are different because:  Capital assets used in the operation of governmental funds are not financial resources and, therefore, are not reported in the funds.  Governmental capital assets  Less accumulated depreciation	327,329,070 (99,705,722)	227,623,348
Fines revenue that was earned in the current period but not received within 60 days is not recognized in the fund statement but recognized under full accrual.		1,149,329
Other long-term assets are not available to pay for current period expenditures and therefore, are unavailable in the funds and recognized as revenue in the Statement of Activities.		8,058,667
An internal service fund is used by management to charge the assets and liabilities of the internal service revenue fund are included in governmental activities in the Statement of Net Position.  Some liabilities, including net pension obligations, are not due and payable in the current period and therefore, are not reported in the funds:  Net pension liability		68,774 (26,873,683)
Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds:  Deferred outflows of resources related to pension  Deferred inflows of resources related to pension	4,194,830 (2,807,767)	1,387,063
Long-term liabilities of governmental funds, including bonds payable, are not due and payable in the current period and therefore, are not reported in the funds. These long-term liabilities consist of:  Bond obligations Loan and lease obligations Accrued interest payable Compensated absences  Net position of governmental activities	(53,566,767) (6,066,489) (986,225) (832,625)	(61,452,106) 184,365,289

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Ridgeland, Mississippi (the City) was incorporated in 1899 and operates under a Mayor-Board of Aldermen form of government. The City is a primary government with no separate component units. The City is organized into the following divisions: general government, public safety (police and fire), court services, public services, health and welfare, and culture and recreation.

The financial statements of the City of Ridgeland have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies:

#### A. Financial Reporting Entity

#### **Component Units**

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the City of Ridgeland (the primary government) and any component units thereof. Component units must either be (1) a legally separate organization for which the elected officials of the primary government are financially accountable or (2) another organization for which the nature and significance of its relationship with the primary government is such that exclusion would cause the City of Ridgeland's financial statements to be misleading or incomplete. Based upon the application of these criteria, no potential component unit will be included as a part of the City.

#### Related Organizations

Related organizations are excluded from the financial reporting entity because the City's accountability does not extend beyond making appointments. Audited financial statements are available from the respective organizations. Related organizations are described as follows:

Related Organization	Brief Description of Activities and Relationship to the City
Ridgeland Tourism Commission	Promotes tourism for the City of Ridgeland. All members are appointed by the Board of Aldermen. The Commission reports independently.

#### B. Government-Wide and Fund Financial Statements

Basic financial statements consist of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

# RECEIVED

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### B. Government-Wide and Fund Financial Statements - continued:

The government-wide financial statements consist of the statement of net position and the statement of activities and report information on all of the nonfiduciary activities of the Primary Government. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. All internal balances in the statement of net position have been eliminated with the exception of those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total government column.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety (police and fire), court services, public services, health and welfare, and culture and recreation. The business-type activities of the City include operation of the public utility system and sanitation.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Indirect expenses are allocated based on the annual cost allocation plan. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds financial statements. Revenues are recorded when earned or, for property tax revenues, in the period in which levied. Expenses are recorded when a liability is incurred regardless of the timing and related cash flows.

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measureable and available. Revenues are considered to be available when

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation - continued:

they are collectible within the current period. The City, in general, considers revenues available if they are collected within 60 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgements which are recognized when payment is due.

The accounts of the City are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. General tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenses, fixed charges, and capital improvement costs not paid through other funds are paid from this fund.

The **Debt Service Fund** accounts for the accumulation of financial resources for the payment of principal and interest on the City's general obligation debt. The primary revenue source is local property taxes levied specifically for debt service.

The City Center Fund is a capital project fund that accounts for the financial resources to be used for the construction of the new City hall.

The Colony Park TIF Bond Debt Fund is a debt service fund that accounts for the accumulation of financial resources for the payment of principal and interest on the debt related to the Colony Park project.

The City reports the following major proprietary funds:

The Public Utility Fund accounts for the operating activities of the City's public utility services.

The East Madison County Regional Sewer Fund accounts for the operating activities related to sewer services provided as a result of an interlocal cost-sharing agreement between the City of Ridgeland, Mississippi, the City of Madison, Mississippi and the Pearl River Valley Water Authority.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation - continued:

The Sanitation Fund accounts for the operating activities related to garbage and recycling services.

Additionally, the City reports the following fund types:

**Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The Insurance Trust Fund is an internal service fund that accounts for the insurance transactions handled by the City for their self-insured employee health insurance program.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds of the City are charges to customers for sales and services. Operating expenses for the proprietary fund includes the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### D. Cash and Other Deposits and Cash Equivalents

The City deposits excess funds in the financial institutions selected by the Mayor and Board of Aldermen in accordance with state statutes.

Cash consists of amounts on deposit with a financial institution in interest bearing demand accounts and petty cash. Other deposits consist of non-interest-bearing accounts. Cash and other deposits are valued at cost.

Various restrictions on deposits are imposed by state statutes. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer.

For purposes of the combined statement of cash flows, the municipality considers to be cash equivalents all highly liquid investments and certificates of deposit if they have a maturity of three months or less when acquired.

#### NOTES TO FINANCIAL STATEMENTS **SEPTEMBER 30, 2017**

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### E. Investments

The City is allowed, by statute, to invest excess funds in any bonds or other direct obligations of the United States of America or the State of Mississippi, or of any county or municipality of this state, when such county or municipal bonds have been properly approved; or in interest-bearing time deposits with any financial institution approved for the deposit of state funds. The interest earned is reported in the fund reporting the investment. Investments are reported at fair value.

#### F. Receivables

Receivables, net of estimated uncollectible amounts, are reported in the governmental and proprietary financial statements for goods and services, taxes, loans, grants, and interest. The estimated uncollectible amounts by fund are reported in Note 3.

#### G. Inventories

Inventories of materials and supplies in the Enterprise Funds are stated at cost, calculated on the first-in, first-out basis.

#### H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items using the consumption method in both government-wide and fund financial statements.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position and balance sheet report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position and balance sheet report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to future periods and will not be recognized as an inflow of resources (revenue) until then.

#### **Budgets and Budgetary Accounting**

The budget is adopted annually by the Mayor and the Board of Aldermen, and subsequent amendments are made during the year on the approval of the Mayor and Board or, when allowed, upon authority of the City Clerk, as described in the following paragraphs.

RECEIVED
ACR 13 2003

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### J. Budgets and Budgetary Accounting - continued:

The governmental fund and proprietary fund types are budgeted in accordance with the laws of the State of Mississippi which require that municipalities budget on a modified-cash basis. Claims that have been incurred prior to the end of the year and that are paid within 30 days are recorded under the accrual basis. Prior year claims that are paid after 30 days revert to the cash basis. All revenue is accounted for under the cash basis. The required budgetary basis is therefore not considered to be in accordance with generally accepted accounting principles. Governmental accounting requires that the "Budget to Actual" statement be prepared according to budgetary laws and the "Combined Statement of Revenues, Expenditures, and Fund Balance" be prepared according to the modified accrual basis (GAAP).

The legal level of control, that is the level on which actual expenditures may not legally exceed appropriations, is the major expenditure classifications within departments. Such classifications are Personnel Services, Supplies, Other Services and Charges and Capital Outlay.

All amendments to the budget to the legal level of control must be approved by the City of Ridgeland's Mayor and Board of Alderman. The City Clerk is allowed to reclassify, without governing body approval, any budget "line items"; that is, amounts below the legal level of control.

The expenditure budget adopted and approved by the duly elected members of the governing authority of the City of Ridgeland is the appropriation ordinance of said municipality.

As allowed by statute, the expenditure budget was amended and approved by the duly elected members of the governing authority of the City of Ridgeland. Such amendments are included in the reported budgetary data.

#### K. Capital Assets

In the governmental funds, the cost incurred for the purchase or construction of capital assets are recorded as capital outlay expenditures.

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Donated capital assets are reported at acquisition value.

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenses that materially change capacities or extend useful lives are capitalized. Upon sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective amounts and any resulting gain or loss is included in the statement of activities.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### K. Capital Assets - continued:

All proprietary funds are accounted for on an economic measurement focus. This means that all assets and liabilities (whether current or noncurrent) associated with their activity are included on their Statement of Net Position. Their fund equity is reported in the total net position of the Statement of Revenues, Expenses and Changes in Net Position. The capital assets threshold for the proprietary funds is the same as it is for governmental funds which is described in detail below.

In accordance with authoritative guidance, governmental infrastructure has been capitalized. Capitalization thresholds (dollar value above which assets acquisitions are added to the capital asset account) and estimated useful lives of capital assets are reported in the government-wide statements and proprietary funds. Depreciation is calculated on the straight-line basis for all assets, except land. The following schedule details those thresholds.

### Capital assets thresholds are as follows:

Land	\$ N/A
Infrastructure	N/A
Furniture, vehicles and equipment	500
Improvements other than buildings	25,000
Buildings	50,000
Leased assets under capital leases	*

### Estimated useful lives, in years, for depreciable assets are as follows:

Computer equipment and peripherals	3 years
Vehicles and equipment	5 years
Heavy equipment (backhoes, dozers, front-end	
loaders, tractors, etc.)	10 years
Furniture and fixtures	7 years
Improvements other than buildings	20 years
Buildings	40 years
Infrastructure:	
Roads	20 years
Concrete bridges	50 years
Timber bridges	30 years
Leased assets under capital leases	*

<sup>\*</sup>The threshold amount will correspond with the amounts for the applicable asset classifications as listed.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### L. Unearned Revenue and Deferred Inflows of Resources

Unearned revenue is a liability that arises when resources are obtained before revenue recognition criteria, other than time recognition criteria, have been satisfied. Resources that are obtained before time recognition criteria have been satisfied are considered as deferred inflows of resources.

#### M. Compensated Absences

Upon termination of employment, the City of Ridgeland provides payment of accrued personal leave to the departing employee. While such leave is accumulated from 5 to 20 days each year, depending on length of service, no payment for medical leave is allowed absent the required evidence of such need.

Unpaid personal leave expected to be paid from the Governmental Funds is reported under Long-term Debt as "Compensated Absences" in the government-wide statements. Similar amounts related to the proprietary funds are accrued in the enterprise funds. Typically the related "Compensated Absences Expense" has been paid from the General Fund and the Public Utility Fund.

The respective liabilities are computed utilizing the specific identification method (i.e., each employee's actual accumulated personal leave days are multiplied by the applicable actual per day salary). The City's liability for compensated absences is not recorded in the governmental funds, for such liability may be paid from financial resources not currently available. Compensated absences are reported in governmental funds only if they have matured.

#### N. Encumbrances

An encumbrance system is maintained to account for commitments resulting from approved purchase orders, work orders and contracts. All encumbrances lapse at year-end; accordingly, no encumbrances were outstanding at September 30, 2017.

#### O. Net Position and Fund Balances

Net position in government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as follows:

<u>Net investment in capital assets</u> - This component of net position consists of capital assets, net of accumulated depreciation and is reduced by any debt outstanding against the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt is included in this component of net position.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### O. Net Position and Fund Balances - continued:

<u>Restricted net position</u> - This component of net position consists of restricted assets plus deferred outflows of resources reduced by liabilities and deferred inflows of resources related to those assets.

<u>Unrestricted net position</u> - This component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of the net investment in capital assets or restricted net position.

In the fund financial statements, fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent. Fund balances are composed of two major types which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund.

In addition to the nonspendable fund balance, spendable fund balance is composed of four classifications designed to disclose the hierarchy of spending constraints.

- Restricted: fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- Committed: fund balances that contain self-imposed constraints of the government from its highest level of decision making authority.
- Assigned: fund balances that contain self-imposed constraints of the government to be used for a particular purpose.
- Unassigned: fund balance that is not constrained for any particular purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) resources are available, it is the City's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the City's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

It is the goal of the City to achieve and maintain a fund balance in the general fund at fiscal yearend of not less than 45% of the expenditures in the current year's General Fund. If the fund balance at fiscal year-end falls below the goal, the City shall develop a restoration plan to achieve and maintain the minimum fund balance.

RECEIVED

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### P. Restricted Assets

Certain proceeds of the City's bonds, as well as certain resources set aside for their repayment, are classified as restricted on the Statement of Net Position because their use is limited by applicable debt covenants. Additionally, customer utility deposits are set aside for repayment are classified as restricted. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

#### Q. Capitalization of Interest

The City capitalizes interest costs for business-type activities only, net of related interest earned, from the date of the borrowing until the projects acquired with those funds are ready for their intended use.

#### R. Pensions

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, the benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### S. Long-Term Liabilities

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Initial-issue bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. The difference between the reacquisition price of refunding bonds and the net carrying amount of refunded debt (deferred amount on refunding) is amortized over the shorter of the lives of the refunding debt or remaining life of the refunded debt. The unamortized portion of the deferred amount on refunding is recorded as either a deferred outflow of resources or deferred inflow of resources. Bonds payable are reported net of the unamortized portion of applicable premium or discount. Bond issuance costs are expensed during the current period. Amortization of bond premiums, discounts, and deferred amounts on refunding are included in interest expense.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED:

#### T. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of asset and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### **NOTE 2 - CASH AND INVESTMENTS**

Cash and investments are comprised of the following at September 30, 2017.

			Restricted

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### **NOTE 2 - CASH AND INVESTMENTS - CONTINUED:**

#### **Deposits**

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the City's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation. Deposits at September 30, 2017 are summarized as follows:

	Reported	Bank
	<u>Amount</u>	<b>Balance</b>
Cash	\$ 20,735,051	21,233,234
Total deposits	\$ 20,735,051	21,233,234

The difference of \$498,183 was principally due to outstanding checks. Of the bank balance, \$750,000 was covered by Federal Depository Insurance.

Custodial Credit Risk - Deposits - Custodial risk is defined as the risk that, in the event of a financial institution's failure, the City's deposits may not be returned to it. As of September 30, 2017, \$20,483,234 of the City's bank balance of \$21,233,234 was exposed to custodial credit risk as follows:

Guaranty Pool	\$ <u>20,483,23</u>	<u>4</u>
Total	\$ 20,483,23	4

#### **Investments**

The City is allowed, by statute, to invest excess funds in any bonds or other direct obligations of the United States of America or the State of Mississippi, or of any county or municipality of this state, when such county or municipal bonds have been properly approved; or in interest-bearing time deposits with any financial institution approved for the deposit of state funds. Investments are reported at fair value.

Interest Rate Risk. Interest Rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The City's investment policy is limited to complying with the

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 2 - CASH AND INVESTMENTS - CONTINUED:

#### **Investments** - continued:

Credit Risk. The City is allowed, by State Statute, to invest excess funds in any bonds or other direct obligations of the United States of America, of the State of Mississippi, or of any county or municipality of Mississippi, when such county or municipal bonds have been properly approved; or in obligations issued or guaranteed in full as to principal and interest by the United States of America which are subject to a repurchase agreement with a qualified depository; or in interest-bearing time certificates of deposit with any financial institution approved for the deposit of state funds.

Custodial Credit Risk - Investments. Custodial credit risk is defined as the risk that, in the event of a financial institution's failure, the City will not be able to recover the value of its investments. The City does not have a formal investment policy that addresses custodial credit risk. As of September 30, 2017, \$-0- of the City's investment balance was insured and was exposed to custodial credit risk as follows:

Uninsured and collateralized by pledging	
department not in City's name	\$ 21,444,441
Total	\$ 21,444,441

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lower priority to unobservable inputs (Level 3 measurements).

The City has the following recurring fair value measurements as of September 30, 2017:

- Mortgage Backed Securities of \$396,121 are valued using quoted market prices (Level 2 inputs)
- Collateralized Mortgage Obligations of \$4,917,349 are valued using quoted market prices (Level 2 inputs)
- Municipal Obligations of \$4,404,062 are valued using quoted market prices (Level 2 inputs)
- Corporate Bonds of \$269,441 are valued using quoted market prices (Level 2 inputs)
- US Government Obligations of \$10,608,783 are valued using quoted market prices (Level 2 inputs)
- US Treasury Bills of \$848,685 are valued using quoted market prices (Level 2 inputs)

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### **NOTE 5 - PROPERTY TAXES**

Property taxes for fiscal year 2017 were levied in September 2016 on the assessed valuation of property located in the City of Ridgeland, Mississippi as of the preceding January 1, the lien date. Revenues from property taxes are recognized in the fiscal year for which property taxes are levied. The financial statements reflect the accrual of the estimated fiscal year 2018 property taxes levied in September 2017. The City has recorded deferred inflows for the estimated fiscal year 2018 real and personal property taxes as of September 30, 2017.

The City levies property taxes annually based upon assessed valuations. Real, personal property, public utility, automobile ad valorem taxes and certain road taxes are collected by the tax collector of Madison County and are disbursed to the City accordingly. Current collection of real, public utility, and personal property taxes for the year end September 30, 2017 were approximately 99% of the total tax levy.

The tax rate levied by the City for 2017 was set at 20.03 mills. The City allocated the property tax per \$1,000 of assessed value for the year as follows:

General Fund	\$ 11.27
Debt Service Fund	8.76
	\$ 20.03

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### **NOTE 7 - LONG-TERM LIABILITIES - CONTINUED:**

Limited Obligation Bonds:

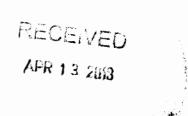

\$24,625,000 Tax Increment Financing Bonds Series 2009 due in annual installments of \$845,000 to \$1,850,000, payable 10-1-10 through 10-1-29; and interest varying annually from 3.000% to 5.375%, payable on 4-1 and 10-1 of each year beginning with 4-1-10 and ending with 10-1-29. The bonds are to be funded by ad valorem taxes collected annually on the incremental increase in the value of real and personal property and any increase in sales tax revenues located within the specified benefiting area. In accordance with a tax pledge agreement between the City and Madison County, Mississippi, the County has pledged its ad valorem tax collections on benefiting property up to an annually calculated percentage, under the terms of the interlocal cooperation agreement.

\$ 18,245,000

\$10,375,000 Tax Increment Financing Bonds Series 2011 due in annual installments of \$315,000 to \$845,000, payable 4-1-12 through 4-1-2031, net of unamortized discount of \$124,162 at September 30, 2017; and interest varying annually from 5.200% to 6.375%, payable on 4-1 and 10-1 of each year beginning with 10-1-11 and ending with 4-1-31. The bonds are to be funded by ad valorem taxes collected annually on the incremental increase in the value of real and personal property and any increase in sales tax revenues located within the specified benefiting area. In accordance with an interlocal cooperation agreement between the City and Madison County, Mississippi, the County has pledged its ad valorem tax collections on benefiting property up to an annually calculated percentage, under the terms of the interlocal cooperation agreement.

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 7 - LONG-TERM LIABILITIES - CONTINUED:

Notes - continued:

\$363,006 note payable to Madison County Wastewater Authority for Bozeman Road pump station improvements. The note is payable in monthly installments for 234 months starting on 5-5-12 through 10-5-31 with interest at 1.75%. This note is to be paid by the City's Public Utility Enterprise Fund.

\$ 274,251

\$1,845,000 Taxable Note, Series 2015 due in annual installments of \$345,000 to \$394,000, payable on 9-1-16 through 9-1-20; and interest at 3.35%, payable on 3-1 and 9-1 of each year beginning with 9-1-16 and ending with 9-1-20. The notes are to be funded by ad valorem taxes collected annually on the incremental increase in the value of real and personal property and any increase in sales tax revenues located within the specified benefiting area. In accordance with an interlocal cooperation agreement between the City and Madison County, Mississippi, the County has pledged its ad valorem tax collections on the benefiting property annually.

1,145,000

\$ 10,639,887

The amount of general obligation bonded debt that can be incurred by the City is limited by state statute. Total outstanding bonded debt during a year can be no greater than 15% of the assessed value of the taxable property within such municipality, according to the last completed assessment for taxation, unless certain conditions, such as set forth in state statutes under Mississippi Code Ann., Section 21-33-303, have been met which increases the bonded debt to no greater than 20% of the assessed value. As of September 30, 2017, the amount of outstanding bonded debt was equal to 5.92% of property assessments of \$458,535,747 computed as follows:

#### Bonded debt:

General obligation bonds - Governmental Activities	\$ 27,145,929
General obligation bonds - Business-Type Activities	7,718,632
Less excludable debt:	
General obligation bonds - Business-Type Activities	(7,718,632)
Total debt subject to limitation	\$ 27,145,929
Assessed valuation	\$ 458,535,747
Percentage	5.92%

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

# **NOTE 7 - LONG-TERM LIABILITIES - CONTINUED:**

The following is a graphic representation of the bond debt capacity:

# **Bond Debt Capacity**

# Capital Lease Obligations

The City has entered into three lease agreements for financing the acquisition of a front-end loader, three police vehicles and a telephone system. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been reported at the present value of the future minimum lease payments as of the inception date. See Note 6 of the financial statements for capitalization and depreciation related to assets under capital lease. Obligations of the City's governmental activities under capital leases at September 30, 2017 are as follows:

		<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending September 30,				
2018	\$	64,258	3,860	68,118
2019		55,916	1,708	57,624
2020	-	8,135	101	8,236
Total lease payments	\$ _	128,309	5,669	133,978

# NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### **NOTE 7 - LONG-TERM LIABILITIES - CONTINUED:**

# Operating Lease Obligations

The City has entered into several equipment operating lease agreements. Future payments are due as follows:

	<u>Amount</u>
Year ending September 30,	
2018	\$ 84,565
2019	75,721
2020	35,196
2021	1,675
2022	 140
Total lease payments	\$ 197,297

There are a number of limitations and restrictions contained in the various bond indentures. The City is in compliance with all significant limitations and restrictions.

#### NOTE 8 - INTERFUND RECEIVABLES AND PAYABLES

The following tables summarize interfund advances from/to, and transfers in/out at September 30, 2017:

# Advances

Advances to/from other funds at September 30, 2017 are as follows:

Receivable Fund	Payable Fund	 Amount
General Fund	Other Nonmajor Funds Colony Park TIF City Center	\$ 1,665,862 668,310 244,020
Public Utility Fund	Other Nonmajor Funds	63,175
Total		\$ 2,641,367

The above interfund balances resulted from the time lag between the dates that reimbursable expenses occur and payments between the funds are made. The balances are expected to be paid within one year.

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 8 - INTERFUND RECEIVABLES AND PAYABLES - CONTINUED:

## **Transfers**

Operating transfer in/out from other funds at September 30, 2017 are as follows:

Transfer To	Transfer From		Amount
General Fund	Public Utility Fund	\$	400,000
Other Nonmajor Funds	General Fund		529,112
Debt Service Fund	Other Nonmajor Funds	_	9
Total		\$ _	929,121

Transfers are used to: (1) move revenues from the fund required by statute or budget to collect them to the fund required by statute or budget to expend them, and (2) move receipts identified for debt service from the funds collecting the receipts to the Debt Service Funds to make debt service payments when they become due.

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN

#### General Information about the Pension Plan

Plan Description. The City contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005, by calling (601) 359-3589 or 1-800-444-PERS, or by visiting online at www.pers.ms.gov.

Benefits Provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi (the State), state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Members and employers are statutorily required to

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN - CONTINUED:

#### General Information about the Pension Plan - continued:

contribute certain percentages of salaries and wages as specified by the Board of Trustees. A member who terminates employment from all covered employers and who is not eligible to receive monthly retirement benefits may request a full refund of his or her accumulated member contributions plus interest. Upon withdrawal of contributions, a member forfeits service credit represented by those contributions. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. A member may elect a reduced retirement allowance payable for life with the provision that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter.

The City's total payroll for all employees was \$11,683,327 and the total covered payroll was \$11,542,419 for the year ended September 30, 2017. Covered payroll refers to all compensation paid by the City to active employees covered by the Plan.

Contributions: PERS members are required to contribute 9.00% of their annual covered salary and the City is required to contribute at an actuarially determined rate. The rate for the year ended September 30, 2017 was 15.75% of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The City's contributions to PERS for the fiscal years ended September 30, 2017, 2016 and 2015 were \$1,817,931, \$1,828,010, and \$1,793,444, respectively. The contributions for each year met the required contributions.

RECEIVED
ACR 13 2003

# NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN - CONTINUED:

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At September 30, 2017, the City reported a liability of \$29,689,382 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2017, the City's proportion was 0.1786 percent, which was an increase of .0027 percent from its proportion measured as of June 30, 2016.

For the year ended September 30, 2017, the City recognized pension expense of \$3,994,700. At September 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows	Inflows
	of Resources	of Resources
Differences between expected and actual experience	\$ 450,131	225,235
Net difference between projected and actual		
earnings on pension plan investments	2,679,649	2,293,963
Change of assumptions	668,749	54,170
Changes in proportion and differences between City		
contributions and proportionate share of contributions	352,640	528,583
City contributions subsequent to the measurement date	483,176	-
Total	\$ 4,634,345	3,101,951

The \$483,176 of deferred outflows of resources resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ended June 30,	
2018	\$ 1,046,734
2019	486,683
2020	89,291
2021	(573,490)
Total	\$1,049,218

# NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN - CONTINUED:

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions - continued:

Actuarial Assumptions. The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

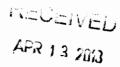

Inflation	3.0 percent
Salary increases	3.25 - 18.50 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment
	expense, including inflation

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2016. The experience report is dated April 18, 2017. Mortality rates were based on the RP-2014 Healthy Annuitant Blue Collar Table projected with Scale BB to 2022 with rates set forward for one year for males with adjustments.

The long-term expected rate of return on pension plan investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Long-Term Expected Real		
Asset Class	Allocation		Rate of Return	
U.S. Broad	\$ 27	%	4.60	%
International Equity	18	%	4.50	%
Emerging Markets Equity	4	%	4.75	%
Global	12	%	4.75	%
Fixed Income	18	%	0.75	%
Real Estate	10	%	3.50	%
Private Equity	8	%	5.10	%
Emerging Debt	2	%	2.25	%
Cash	1	%	-	%
Total	\$ 100	%		

# NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 9 - DEFINED BENEFIT PENSION PLAN - CONTINUED:

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions - continued:

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (15.75%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following table presents the City's proportionate share of the net pension liability of PERS based on the June 30, 2017, actuarial valuations, calculated using the discount rate of 7.75 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent) or one percentage point higher (8.75 percent) than the current rate:

	City's
	Proportionate
	Share of Net
	Pension Liability
1.00% decrease (6.75%)	\$ 38,939,606
Current discount rate (7.75%)	29,689,382
1.00% increase (8.75%)	22,009,685

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Public Employees' Retirement System of Mississippi's financial report.

#### **NOTE 10 - CONTINGENT LIABILITIES**

#### **Grant Audits**

The City receives Federal and state grants for specific purposes that are subject to review and audit by Federal and state agencies. Such audits could result in a request for reimbursements for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of City management, such disallowances, if any, will not be significant.

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 10 - CONTINGENT LIABILITIES - CONTINUED:

#### Litigation

The City is party to numerous legal proceedings, which occur in the normal course of governmental operations. Several suits were filed against the City as a result of the City amending its Zoning Ordinance in 2014. The majority of litigation surrounding the amendment to the Zoning Ordinance has been resolved with prejudice. It is not possible at the present time to estimate the outcome or liability, if any, of the City in respect to the various proceedings, however, in the opinion of management all claims will be disposed of without material adverse effect on the net position of the City.

#### **NOTE 11 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in State insurance funds for risks of loss for all liability and workers' compensation insurance. Settled claims resulting from these insured risks have not exceeded State insurance coverage in any of the past three fiscal years.

The City has joined with other municipalities to pool its risk as a member of the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The City pays premiums to the pool for its worker's compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is \$500,000 for employees for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability.

However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures. A report can be obtained by accessing the following website: http://www.mwcc.state.ms.us/or by writing to the Mississippi Workers' Compensation Commission at P.O. Box 5300, Jackson, Mississippi 39296-5300.

#### **NOTE 12 - HEALTH INSURANCE**

The City has established a Risk Pool Agreement authorized by Section 25-15-101 of the Mississippi Code to be self-insured for its employee group health plan. The City contributes \$387 per month per employee to the plan to cover each employee and each employee, at their option, authorizes payroll withholdings to pay contributions for dependent coverage. The City's monthly premiums to cover all employees have been expensed in the General Fund, Public Utility Enterprise Fund, and the East Madison County Regional Sewer Fund in the same manner as the employees' salary.

# NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 12 - HEALTH INSURANCE - CONTINUED:

The City has contracted with a third party administrator to act on behalf of the City in the administration of the plan. The administrator is to perform enrollment and underwriting functions and to audit, process and pay all medical expense claims of the plan. Provisions for administrative fees and stop loss premiums are included in the contractual provisions. The administrative contract can be terminated upon thirty days of written notice.

The City of Ridgeland became self-insured in February 2003. Blue Cross Blue Shield of Mississippi is the third party administrator and their mailing address is P.O. Box 1043, Jackson, Mississippi 39215. Under this plan, the employee benefit plan payments to be covered are medical and prescription drug card. The aggregate percentage reimbursable (excess of aggregate deductible) is 100%. For the purpose of the aggregate excess insurance, the maximum allowable covered expense per person is \$65,000 for the contract period. No active service is required and retirees are not covered. In addition, the policy will reimburse the City if total losses for the policy year exceed \$1,720,900, the annual aggregate attachment point (AAAP). The AAAP is an amount equal to the product of an aggregate monthly factor times the number of covered individuals.

For the fiscal year ended September 30, 2017, the City was reimbursed \$-0- for losses in excess of \$65,000 per individual. The AAAP was not exceeded for the fiscal year. The liability reported at September 30, 2017 is based on the requirements that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. These liabilities include an amount for claims that have been incurred but not reported. Because actual claims liabilities depend on numerous complex factors, the process used in computing the claims liability does not necessarily result in an exact amount. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. Changes in this claims liability during fiscal years 2015 through 2017 were as follows:

	]	Balance at	Current Year		
		Beginning	Claims and		Balance at
		of	Changes in	Claims	End of
	I	Fiscal Year	Estimates	Payments	Fiscal Year
2014-2015	\$	_	1,042,844	1,037,609	5,235
2015-2016	•	5,235	1,225,423	1,150,474	80,184
2016-2017	\$	80,184	1,381,462	1,367,172	94,474

# NOTES TO FINANCIAL STATEMENTS **SEPTEMBER 30, 2017**

## **NOTE 13 - COMMITMENTS**

At September 30, 2017, the City has entered into contracts to acquire and construct municipal facilities and infrastructure as follows:

		Total	Cost Incurred as of	Commitment Outstanding as of
Project	Contract Type	Contract Amount	September 30, 2017	September 30, 2017
Proposed City Center	Architecture	\$ 390,276	276,740	113,536

# **NOTE 16 - NEW ACCOUNTING PRONOUNCEMENTS**

## **Recently Adopted Accounting Pronouncements**

In June 2015, the GASB issued Statement 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans. GASB 74 establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 16 - NEW ACCOUNTING PRONOUNCEMENTS - CONTINUED:

## Recently Adopted Accounting Pronouncements - continued:

governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities. This Statement is effective for financial statements for fiscal years beginning after June 15, 2016. The implementation of this statement did not impact the City's financial statements.

GASB Statement No. 77, Tax Abatement Disclosures, issued in August 2015, improves financial reporting by giving users of financial statements essential information that is not consistently or comprehensively reported to the public at present. Disclosure of information about the nature and magnitude of tax abatements will make these transactions more transparent to financial statement users. As a result, users will be better equipped to understand (1) how tax abatements affect a government's future ability to raise resources and meet its financial obligations and (2) the impact those abatements have on a government's financial position and economic condition. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. The implementation of this statement did not impact the City's financial statements.

GASB Statement No. 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans, issued in December 2015. This Statement amends the scope and applicability of Statement 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. The implementation of this statement did not impact the City's financial statements.

GASB Statement No. 79, Certain External Investment Pools and Pool Participants, issued in December 2015, enhance comparability of financial statements among governments by establishing specific criteria used to determine whether a qualifying external investment pool may elect to use an amortized cost exception to fair value measurement. Those criteria will provide qualifying external investment pools and participants in those pools with consistent application of an amortized cost-based measurement for financial reporting purposes. That measurement approximates fair value and mirrors the operations of external investment pools that transact with participants at a stable net asset value per share. The requirements of this Statement are effective for reporting periods beginning after June 15, 2015, except for the provisions in paragraphs 18, 19, 23–26, and 40, which are effective for reporting periods beginning after December 15, 2015. The implementation of this statement did not impact the City's financial statements.

# NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 16 - NEW ACCOUNTING PRONOUNCEMENTS - CONTINUED:

#### Recently Adopted Accounting Pronouncements - continued:

GASB Statement No. 80, Blending Requirements for Certain Component Units, an amendment of GASB Statement No. 14, issued January 2016, enhance the comparability of financial statements among governments. Greater comparability improves the decision-usefulness of information reported in financial statements and enhances its value for assessing government accountability. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. The implementation of this statement did not impact the City's financial statements.

GASB Statement No. 82, *Pension Issues*, an amendment of GASB Statements No. 67, No. 68, and No. 73, issued March 2016, improve financial reporting by enhancing consistency in the application of financial reporting requirements to certain pension issues. The Board proposed that this Statement be effective for reporting periods beginning after June 15, 2016. The implementation of this statement did not have a significant impact on the City's financial statements.

## **Recently Issued Accounting Pronouncements**

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, issued in June 2015, will improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement is effective for fiscal years beginning after June 15, 2017. This accounting pronouncement is not expected to impact the City's financial statements.

GASB Statement No. 81, *Irrevocable Split-Interest Agreements*, issued March 2016, enhances the comparability of financial statements by providing accounting and financial reporting guidance for irrevocable split-interest agreements in which a government is a beneficiary. This Statement also enhances the decision-usefulness of general purpose external financial reports, and their value for assessing accountability, by more clearly identifying the resources that are available for the government to carry out its mission. The requirements of this Statement are effective for periods beginning after December 15, 2016. This accounting pronouncement is not expected to impact the City's financial statements.

GASB Statement No. 83, Certain Asset Retirement Obligations, issued November 2016, enhances comparability of financial statements among governments by establishing uniform criteria for governments to recognize and measure certain AROs, including obligations that may not have been previously reported. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring disclosures related to those AROs. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Management is currently evaluating the impact of the adoption of this Statement on the City's financial statements.

# NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017

#### NOTE 16 - NEW ACCOUNTING PRONOUNCEMENTS - CONTINUED:

## Recently Issued Accounting Pronouncements - continued:

GASB Statement No. 84, *Fiduciary Activities*, issued January 2017, will enhance consistency and comparability by (1) establishing specific criteria for identifying activities that should be reported as fiduciary activities and (2) clarifying whether and how business-type activities should report their fiduciary activities. Greater consistency and comparability enhances the value provided by the information reported in financial statements for assessing government accountability and stewardship. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Management is currently evaluating the impact of the adoption of this Statement on the City's financial statements.

GASB Statement No. 85, *Omnibus 2017*, issued March 2017, will enhance consistency in the application of accounting and financial reporting requirements. Consistent reporting will improve the usefulness of information for users of state and local government financial statements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Management is currently evaluating the impact of the adoption of this Statement on the City's financial statements.

GASB Statement No. 86, Certain Debt Extinguishment Issues, issued May 2017, will increase consistency in accounting and financial reporting for debt extinguishments by establishing uniform guidance for derecognizing debt that is defeased in substance, regardless of how cash and other monetary assets placed in an irrevocable trust for the purpose of extinguishing that debt were acquired. The requirements of this Statement also will enhance consistency in financial reporting of prepaid insurance related to debt that has been extinguished. In addition, this Statement will enhance the decision-usefulness of information in notes to financial statements regarding debt that has been defeased in substance. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Management is currently evaluating the impact of the adoption of this Statement on the City's financial statements.

GASB Statement No. 87, Leases, issued June 2017, will increase the usefulness of governments' financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring notes to financial statements related to the timing, significance, and purpose of a government's leasing arrangements. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Management is currently evaluating the impact of the adoption of this Statement on the City's financial statements.

# NOTES TO REQUIRED SUPPLEMENTAL INFORMATION SCHEDULES SEPTEMBER 30, 2017

#### **Budgetary Comparison Schedules**

#### NOTE A - BASIS OF PRESENTATION

The City's governmental fund types are budgeted in accordance with the laws of the State of Mississippi which require that municipalities budget on a modified-cash basis. Claims that have been incurred prior to the end of the year and that are paid after 30 days revert to the cash basis. All revenue is accounted for under the cash basis. The required budgetary basis is therefore not considered to be in accordance with generally accepted accounting principles. Governmental accounting requires that the "Budget to Actual" statement be prepared according to budgetary laws.

#### Pension Schedules

#### **NOTE A - VALUATION DATE**

Actuarially determined contribution rates are calculated as of June 30, three months prior to the end of the fiscal year in which contributions are reported.

#### **NOTE B - CHANGES OF BENEFIT TERMS**

None.

#### NOTE C - CHANGES OF ASSUMPTIONS

- The expectation of the retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.
- The wage inflation assumption was reduced from 3.75% to 3.25%.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- The percentage of active member disabilities assumed to be in the line of duty was increased from 6.00% to 7.00%.

#### NOTE D - DATA AVAILABLE AND PRESENTED

The required supplementary pension schedules are presented to illustrate the requirement to show information for ten years, as required by GASB 68. GASB 68 was implemented during the fiscal year ended September 30, 2015, and only reflects data for years for which trend information is available.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

# MAJOR GOVERNMENTAL FUNDS SEPTEMBER 30, 2017

- 1. Debt Service Fund This fund accounts for the accumulation of financial resources for the payment of principal and interest on the City's general obligation debt.

## STATISTICAL SECTION (UNAUDITED)

This part of the City of Ridgeland's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

#### Financial Trends (Tables 1-5)

These schedules contain financial trends information intended to assist the reader in understanding and assessing how a government's financial position has changed over time.

#### Revenue Capacity (Tables 6-9)

These schedules contain information to help the reader assess the factors affecting the City's ability to generate its own-source revenues-property and sales tax.

#### Debt Capacity (Tables 10-16)

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

#### Demographic and Economic Information (Tables 17-21)

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.

#### Operating Information (Tables 22-25)

These schedules contain services and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

(1) Sales tax is not an "own-source revenue" of the City. Sales taxes are levied by the State of Mississippi at a rate of 7 percent. The State of Mississippi levies and collects all sales taxes in the state and remits 18.5 percent of the 7 percent levied to each municipality based on their portion of sales taxes generated from sales within the municipality. Principal payer information is not currently made available to the City of Ridgeland.

(1) Assessment rates are as follows:

Real Property - Assessed at 10% of actual value for homeowner-occupied, 15% for all others.

Personal Property - Assessed at 15% of actual value.

Utilities - Assessed at 15% of actual value.

Vehicles - Assessed at 30% of actual value.

Above schedule uses estimated combined assessment ratio of 13.68% for real property.

(2) Assessed values for 2016 and 2017 real property are presented net of homestead exemption. Amounts for 2008-2015 are presented gross of homestead exemption.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Board of Aldermen City of Ridgeland, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Ridgeland, Mississippi, as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City of Ridgeland, Mississippi's basic financial statements, and have issued our report thereon dated March 21, 2018.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Ridgeland Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Ridgeland, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Ridgeland, Mississippi's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Ridgeland, Mississippi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Haddox Reid Eubank Betts PLLC

Jackson, Mississippi March 21, 2018

APR 1 3 2018

#### SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED SEPTEMBER 30, 2017

#### (1) SUMMARY OF AUDIT RESULTS

#### Financial Statements:

- 1. The auditor's report expresses an unmodified opinion on whether the financial statements of the City of Ridgeland, Mississippi were prepared in accordance with GAAP.
- No significant deficiencies relating to the audit of the financial statements are reported in the "Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards."
- 3. No instances of noncompliance material to the financial statements of the City of Ridgeland, Mississippi, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.

#### (2) FINDINGS - FINANCIAL STATEMENT AUDIT

None.

#### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED SEPTEMBER 30, 2017

#### FINDING - FINANCIAL STATEMENT AUDIT

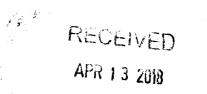

Material Weakness:

2016-001 Financial Statement Adjustment and Disclosure

Condition: Audit procedures identified numerous errors which required material audit adjustments including the recording of prior period adjustments.

Recommendation: We recommend the implementation of policies and procedures to ensure that the financial statement amounts are reported in accordance with generally accepted accounting principles.

Current Status: The recommendation was adopted in 2017. No similar findings were noted in 2017.

#### STATE COMPLIANCE SECTION

APR 1 3 2018

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

To the Honorable Mayor and Board of Aldermen City of Ridgeland, Mississippi

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Ridgeland, Mississippi as of and for the year ended September 30, 2017, which collectively comprise the City of Ridgeland, Mississippi's basic financial statements and have issued our report thereon dated March 21, 2018. We have conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

As required by the state legal compliance audit program prescribed by the Mississippi Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the financial statements disclosed no material instances of noncompliance with state laws and regulations.

This report is intended solely for the information of the City's management, Board of Aldermen, Federal awarding agencies and pass-through entities, and the Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
