Honorable Mayor and Board of Aldermen Town of Shubuta Shubuta, Mississippi

Management is responsible for the accompanying combined statement of cash receipts and disbursements (all funds) of the Town of Shubuta, Mississippi, as of and for the year ended September 30, 2017, in accordance with the cash basis of accounting, and for determining that the cash basis of accounting is an acceptable financial reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the accompanying financial statement and we were not required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, and do not provide any form of assurance on the accompanying financial statement.

The accompanying financial statement is prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The supplementary information contained in the schedule of investments, schedule of long-term debt and the schedule of surety bonds for town officials is presented for purposes of additional analysis and is not a required part of the financial statement. The supplementary information has been compiled from information that is the representation of management. We have not audited or reviewed the supplementary information and, accordingly, do not express an opinion or provide any assurance on such supplementary information.

Management has elected to omit substantially all the disclosures ordinarily included in a financial statement prepared in accordance with the cash basis of accounting. If the omitted disclosures were included in the financial statement, they might influence the user's conclusions about the Town's cash receipts and disbursements. Accordingly, the financial s statement is not designed for those who are not informed about such matters.

Management has omitted the management's discussion and analysis, budgetary comparison information, and the schedules related to net pension liability that are required to be presented for purposes of additional analysis. Such missing information, although not a part of the basic financial statement, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context.

In accordance with the provisions of Section 21-35-31, Miss. Code Ann. (1972), we have issued a report dated May 31, 2018, on the results of our agreed-upon procedures.
