Board of Trustees and Management
State of Mississippi Institutions of Higher Learning
3825 Ridgewood Rd
Jackson, Mississippi 39211

Dear Ladies and Gentlemen:

We are pleased to confirm our understanding of the terms and objectives of our engagements and the nature and limitations of the audit and nonaudit services CliftonLarsonAllen LLP ("CLA," "we," "us," and "our") will provide for the State of Mississippi Institutions of Higher Learning ("you," "your," or "the entity") for the years ended June 30, 2018, June 30, 2019, June 30, 2020, and June 30, 2021.

Christina Bowman and Jeff Bonick are responsible for the performance of the audit engagements.

Audit services

We will audit the financial statements of the business-type activities and the aggregate discretely presented component units, which collectively comprise the basic financial statements of the State of Mississippi Institutions of Higher Learning, as of and for the years ended June 30, 2018, June 30, 2019, June 30, 2020, and June 30, 2021 and the related notes to the financial statements.

The Governmental Accounting Standards Board (GASB) provides for certain required supplementary information (RSI) to accompany the entity's basic financial statements. The following RSI will be subjected to certain limited procedures, but will not be audited.

1. Management's discussion and analysis.
2. GASB-required supplementary pension and OPEB information.

We will also evaluate and report on the presentation of the following supplementary information other than RSI accompanying the financial statements in relation to the financial statements as a whole:

1. Schedule of expenditures of federal awards
2. Combining supplemental information
3. Component unit information

Nonaudit services

We will also provide the following nonaudit services:

- Assist with preparation of your financial statements, schedule of expenditures of federal awards, and related notes.
- Preparation of adjusting journal entries.

Audit objectives

The objective of our audits is the expression of opinions about whether your basic financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Our audits will be conducted in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS); the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our audits will include tests of your accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express opinions and render the required reports. We will apply certain limited procedures to the RSI in accordance with U.S. GAAS. However, we will not express an opinion or provide any assurance on the RSI because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. We will also perform procedures to enable us to express an opinion on whether the supplementary information (as identified above) other than RSI accompanying the financial statements is fairly stated, in all material respects, in relation to the financial statements as a whole.

The objectives of our audits also include:

- Reporting on internal control over financial reporting and compliance with the provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Reporting on internal control over compliance related to major programs and expressing an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We will issue written reports upon completion of our audits of your financial statements and compliance with requirements applicable to major programs. We will make reference to other auditors' audits of Mississippi State

University Foundation, Inc., The University of Mississippi Foundation, the University of Southern Mississippi Foundation, The University of Mississippi Medical Center Educational Building Corporation, The University of Mississippi Educational Building Corporation, The University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund in our report on your financial statements. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement. If our opinions on the financial statements or the single audit compliance opinion are other than unmodified, we will discuss the reasons with you in advance. If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements or material noncompliance caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming opinions on the financial statements or an opinion on compliance, we retain the right to take any course of action permitted by professional standards, including declining to express opinions or issue reports, or withdrawing from the engagement.

Auditor responsibilities, procedures, and limitations

We will conduct our audits in accordance with U.S. GAAS and the standards for financial audits contained in *Government Auditing Standards*. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the basic financial statements as a whole are free from material misstatement, whether due to fraud or error. An audit involves performing procedures to obtain sufficient appropriate audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

There is an unavoidable risk, because of the inherent limitations of an audit, together with the inherent limitations of internal control, that some material misstatements or noncompliance may not be detected, even though the audit is properly planned and performed in accordance with U.S. GAAS, *Government Auditing Standards*, and the Uniform Guidance. Because we will not perform a detailed examination of all transactions, material misstatements, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity, may not be detected. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management and those charged with governance of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management and those charged with governance of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a single audit.

In making our risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the basic financial statements and compliance in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the

entity's internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting fraud or errors that are material to the financial statements and to preventing and detecting misstatements resulting from noncompliance with provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with the direct and material compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify deficiencies, significant deficiencies, or material weaknesses in internal control. However, we will communicate to you in writing significant deficiencies or material weaknesses in internal control relevant to the audit of the basic financial statements that we identify during the audits that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the entity's compliance with the provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. However, the objective of our audits will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

We will include in our report on internal control over financial reporting and on compliance relevant information about any fraud; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or abuse that may have occurred that are required to be communicated under *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards that may have a direct and material effect on each of the entity's major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "OMB Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on each of the entity's major programs. The purpose of these procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

We will evaluate the presentation of the schedule of expenditures of federal awards accompanying the financial statements in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the schedule to determine whether the information complies with U.S. GAAP and the Uniform Guidance, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audits of the financial statements. We will compare and reconcile the schedule to the underlying accounting records and other records used to prepare the financial statements or to the financial statements themselves.

Our responsibility as auditors is limited to the periods covered by our audits and does not extend to any later periods for which we are not engaged as auditors.

Management responsibilities

Our audits will be conducted on the basis that you (management and, when appropriate, those charged with governance) acknowledge and understand that you have certain responsibilities that are fundamental to the conduct of an audit.

You are responsible for the preparation and fair presentation of the financial statements, RSI, and the schedule of expenditures of federal awards in accordance with U.S. GAAP. Management is also responsible for identifying all federal awards received, understanding and complying with the compliance requirements, and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with the requirements of the Uniform Guidance.

Management's responsibilities include the selection and application of accounting principles; recording and reflecting all transactions in the financial statements; determining the reasonableness of significant accounting estimates included in the financial statements; adjusting the financial statements to correct material misstatements; and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. Management is responsible for compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs. Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are responsible for the design, implementation, and maintenance of effective internal control, including internal control over compliance, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; and that there is reasonable assurance that government programs are administered in compliance with compliance requirements.

You are responsible for the design, implementation, and maintenance of internal controls to prevent and detect fraud; assessing the risk that the financial statements may be materially misstated as a result of fraud; and for informing us about all known or suspected fraud affecting the entity involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for implementing systems designed to achieve compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; identifying and ensuring that the entity complies with applicable laws, regulations, contracts, and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; and informing us of all instances of identified or suspected noncompliance whose effects on the financial statements should be considered.

You are responsible for taking timely and appropriate steps to remedy any fraud; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or abuse that we may report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings; and to follow up and take prompt corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review on June 30, 2018.

You are responsible for ensuring that management is reliable and for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters, and for the accuracy and completeness of that information, and for ensuring the information is reliable and properly reported; (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance; (3) additional information that we may request for the purpose of the audit; and (4) unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence. You agree to inform us of events occurring or facts discovered subsequent to the date of the financial statements that may affect the financial statements. You are also responsible for providing us access to component information, those charged with governance of components, component management, and component auditors (including relevant audit documentation and communications).

Management is responsible for providing us with, or making arrangements to facilitate (1) unrestricted communication between us and the component auditor(s) to the extent permitted by law or regulation; (2) communications between the component auditor(s), those charged with governance of the component(s), and component management, including communications of significant deficiencies and material weaknesses in internal control; (3) communications between regulatory authorities and the component(s) related to financial reporting matters; (4) access to component information, those charged with governance of the component(s), component management, and the component auditor(s) (including relevant audit documentation requested by us); and (5) permission to perform work, or request a component auditor to perform work, on the financial information of the component(s).

You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is fairly presented in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

Management is responsible for the preparation and fair presentation of other supplementary information in accordance with U.S. GAAP. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include

the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. You agree to provide us written representations related to the presentation of the supplementary information.

Management is responsible for providing us with a written confirmation concerning representations made by you and your staff to us in connection with the audits and the presentation of the basic financial statements and RSI. During our engagement, we will request information and explanations from you regarding, among other matters, the entity's activities, internal control, future plans, specific transactions, and accounting systems and procedures. The procedures we will perform during our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the representations that we receive in the representation letter and otherwise from you. Accordingly, inaccurate, incomplete, or false representations could cause us to expend unnecessary effort or could cause a material fraud or error to go undetected by our procedures. In view of the foregoing, you agree that we shall not be responsible for any misstatements in the entity's financial statements that we may fail to detect as a result of misrepresentations made to us by you.

Management is responsible for authorizing the predecessor auditor to allow us to review the predecessor auditor's workpapers and to respond fully to our inquiries, thereby providing us with information to assist us in planning and performing the engagement. You will be responsible for any fees billed by the predecessor auditor related to our review of their workpapers and our inquiries.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies to us of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the "Audit objectives" section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Responsibilities and limitations related to nonaudit services

For all nonaudit services we may provide to you, management agrees to assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, and/or experience to understand and oversee the services; evaluate the adequacy and results of the services; and accept responsibility for the results of the services.

The responsibilities and limitations related to the nonaudit services performed as part of this engagement are as follows:

- We will assist in preparing a draft of your financial statements, schedule of expenditures of federal awards, and related notes in conformity with U.S. GAAP and the Uniform Guidance based on information provided by you. Since the preparation and fair presentation of the financial statements and schedule of expenditures of federal awards is your responsibility, you will be required to acknowledge in the representation letter our assistance with preparation of the financial statements and schedule of expenditures of federal awards and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted

responsibility for them. You have a responsibility to be in a position in fact and appearance to make an informed judgment on those financial statements and schedule of expenditures of federal awards.

- We will propose adjusting journal entries as needed. You will be required to review and approve those entries and to understand the nature of the changes and their impact on the financial statements.

These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*.

Use of financial statements

Should you decide to include or incorporate by reference these financial statements and our auditors' report(s) thereon in a future private placement or other offering of equity or debt securities, you agree that we are under no obligation to re-issue our report or provide consent for the use of our report in such a registration or offering document. We will determine, at our sole discretion, whether we will re-issue our report or provide consent for the use of our report only after we have performed the procedures we consider necessary in the circumstances. If we decide to re-issue our report or consent to the use of our report, we will be required to perform certain procedures including, but not limited to, (a) reading other information incorporated by reference in the registration statement or other offering document and (b) subsequent event procedures. These procedures will be considered an engagement separate and distinct from our audit engagements, and we will bill you separately. If we decide to re-issue our report or consent to the use of our report, you agree that we will be included on each distribution of draft offering materials and we will receive a complete set of final documents. If we decide not to re-issue our report or decide to withhold our consent to the use of our report, you may be required to engage another firm to audit periods covered by our audit reports, and that firm will likely bill you for its services. While the successor auditor may request access to our workpapers for those periods, we are under no obligation to permit such access.

If the parties (i.e., you and CLA) agree that CLA will not be involved with your official statements related to municipal securities filings or other offering documents, we will require that any official statements or other offering documents issued by you with which we are not involved clearly indicate that CLA is not involved with the contents of such documents. Such disclosure should read as follows:

CliftonLarsonAllen LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. CliftonLarsonAllen LLP also has not performed any procedures relating to this offering document.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website or submitted on a regulator website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information in the electronic site with the original document.

We may issue preliminary draft financial statements to you for your review. Any preliminary draft financial statements should not be relied on or distributed.

Engagement administration and other matters

We understand that your employees will prepare all confirmations, account analyses, and audit schedules we request and will locate any documents or invoices selected by us for testing. A list of information we expect to need for our audits and the dates required will be provided in a separate communication.

At the conclusion of the engagement, we will complete the auditor sections of the electronic Data Collection Form SF-SAC and perform the steps to certify the Form SF-SAC and single audit reporting package. It is management's responsibility to complete the auditee sections of the Data Collection Form. We will create the single audit reporting package PDF file for submission; however, it is management's responsibility to review for completeness and accuracy and electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be electronically submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the entity; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

We are available to perform additional procedures with regard to fraud detection and prevention, at your request, as a separate engagement, subject to completion of our normal engagement acceptance procedures. The terms and fees of such an engagement would be documented in a separate engagement letter.

The audit documentation for this engagement is the sole and exclusive property of CLA and constitutes confidential and proprietary information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to U.S. Department of Education, or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of CLA personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by the U.S. Department of Education. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

CLA will not disclose any confidential, proprietary, or privileged information of the entity to any persons without the authorization of entity management or unless required by law. This confidentiality provision does not prohibit us from disclosing your information to one or more of our affiliated companies in order to provide services that you have requested from us or from any such affiliated company. Any such affiliated company shall be subject to the same restrictions on the use and disclosure of your information as apply to us.

Professional standards require us to be independent with respect to you in the performance of these services. Any discussion that you have with our personnel regarding potential employment with you could impair our

independence with respect to this engagement. Therefore, we request that you inform us prior to any such discussions so that we can implement appropriate safeguards to maintain our independence and objectivity. Further, any employment offers to any staff members working on this engagement without our prior knowledge may require substantial additional procedures to ensure our independence. You will be responsible for any additional costs incurred to perform these procedures.

Our relationship with you is limited to that described in this letter. As such, you understand and agree that we are acting solely as independent accountants. We are not acting in any way as a fiduciary or assuming any fiduciary responsibilities for you. We are not responsible for the preparation of any report to any governmental agency, or any other form, return, or report or for providing advice or any other service not specifically recited in this letter.

Our engagement and responsibility end on delivery of our signed report. Any additional services that might be requested will be a separate, new engagement. The terms and conditions of that new engagement will be governed by a new, specific engagement letter for that service.

Government Auditing Standards require that we make our most recent external peer review report publicly available. The report is posted on our website at www.CLAconnect.com/Aboutus/.

Mediation

Any dispute concerning a question of fact arising under this contract shall be disposed of by good faith negotiation between duly authorized representatives of the Mississippi Institutions of Higher Learning, the Office of the State Auditor of Mississippi (OSA), and CLA. Such a resolution shall be reduced to writing and a copy thereof mailed or furnished to CLA and shall be final and conclusive. If a resolution cannot be reached, CLA shall mail or furnish to the Mississippi Institutions of Higher Learning and OSA a written request for review. CLA shall be afforded an opportunity to be heard and to offer evidence in support of his/her/its position on the issue in dispute and under review. The review will be handled under a three (3) person panel for arbitration composed of the Deputy State Auditor, the Director of Technical Assistance and the Director of the Financial and Compliance Audit Division. The decision of the arbitration panel of OSA on the review shall be final and conclusive unless determined by a court of competent jurisdiction in Hinds County, State of Mississippi, to have been fraudulent, capricious, or so grossly erroneous as necessarily to imply bad faith, or not be supported by substantial evidence. Pending final decision of a dispute hereunder, CLA shall proceed diligently with the performance of the duties and obligations of the contract.

Any Dispute will be governed by the laws of the state of Mississippi, without giving effect to choice of law principles.

Fees

Our fees for these services will be \$842,000, \$857,000, \$874,000 and \$892,000 for the system-wide financial statement audits and single audits for the years ended June 30, 2018, June 30, 2019, June 30, 2020, and June 30, 2021, respectively. The fees are based on anticipated cooperation from your personnel and their assistance with preparing confirmations and requested schedules. If the requested items are not available on the dates required or are not accurate, the estimated fee for services will likely be higher. If unexpected circumstances require significant additional time, we will advise you before undertaking work that would require a substantial increase in the fee estimate. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and will not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed even if we have not issued our reports.

You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination.

CLA acknowledges that the Mississippi Institutions of Higher Learning and OSA are relying on the timely completion of this contract in its scheduling and budgeting and that time is of the essence. If CLA fails to meet the completion date prescribed herein, the Mississippi Institutions of Higher Learning and/or OSA may, at their option, reduce the agreed compensation by an amount not to exceed ten percent (10%) of the total contract amount as liquidated damages for the failure to complete the contract by the completion date provided the failure to meet the report delivery deadline is not the result of Mississippi Institutions of Higher Learning delays.

The Mississippi Institutions of Higher Learning with the written consent of the OSA's authorized representative is empowered to accept or reject the services furnished by CLA in compliance with the material provisions of this contract. However, any rejection of services must be based solely on CLA's failure to comply with the material terms of this contract and cannot be based on the nature of CLA's opinion on the financial status of the Mississippi Institutions of Higher Learning in its audit report. However, prior to termination of this contract by the Mississippi Institutions of Higher Learning, the Mississippi Institutions of Higher Learning must provide written justification to the OSA documenting the reasons for requesting the contract be terminated. The Mississippi Institutions of Higher Learning must obtain written approval from the OSA prior to terminating the contract.

Unanticipated services

We do not anticipate encountering the need to perform additional services beyond those described in this letter. Below are listings of services considered to be outside the scope of our engagement. If any such service needs to be completed before the audit can proceed in an efficient manner, we will determine whether we can provide the service and maintain our independence. We will notify you and provide a fair and reasonable price for providing the service. We will not proceed with additional unanticipated services without the approval of the OSA and the Mississippi Institutions of Higher Learning. We will bill you for the service at periodic dates after the additional service has been performed.

Bookkeeping services

Bookkeeping services are not audit services. Bookkeeping services include the following activities:

- Preparation of a trial balance

- Significant new accounting issues
- Significant changes in your volume of business
- Mergers, acquisitions, or other business combinations
- New or unusual transactions

- Substantial increases in the number or significance of problem loans
- Regulatory examination matters
- Implementation or adoption of new or existing accounting, reporting, regulatory, or tax requirements

Changes in engagement timing and assistance by your personnel

The fee estimate is based on anticipated cooperation from your personnel and their assistance with timely preparation of confirmations and requested schedules. If the requested items are not available on the dates required or are not accurate, we will advise management. Additional time and costs may be necessary because of such unanticipated delays. Examples of situations that may cause our estimated fee to increase include:

- Significant delays in responding to our requests for information such as reconciling variances or providing requested supporting documentation (e.g., invoices, contracts, and other documents)

- Rescheduling our fieldwork
- Schedule disruption caused by litigation, financial challenges (going concern), loan covenants (waivers), etc.
- Identifying a significant number of proposed audit adjustments
- Schedules prepared by your personnel that do not reconcile to the general ledger
- Numerous revisions to information and schedules provided by your personnel
- Restating financial statements for accounting errors in the prior year
- Lack of availability of entity personnel during audit fieldwork

Changes in accounting and audit standards

Standard setters and regulators continue to evaluate and modify standards. Such changes may result in new or revised financial reporting and disclosure requirements or expand the nature, timing, and scope of the activities we are required to perform. To the extent that the amount of time required to provide the services described in the letter increases due to such changes, our fee may need to be adjusted. We will discuss such circumstances with you prior to performing the additional work.

Other fees

You also agree to compensate us for any time and expenses, including time and expenses of legal counsel, we may incur in responding to discovery requests or participating as a witness or otherwise in any legal, regulatory, or other proceedings that we are asked to respond to on your behalf.

Finance charges and collection expenses

The State of Mississippi requires CLA to submit invoices electronically throughout the term of the agreement. Vendor invoices shall be submitted to the Mississippi Institutions of Higher Learning using the processes and procedures identified by the Mississippi Institutions of Higher Learning. Payments by the Mississippi Institutions of Higher Learning using Mississippi Accountability System for Government Information and Collaboration (MAGIC) shall be made and remittance information provided electronically as directed by the State of Mississippi. These payments shall be deposited into the bank account of CLA's choice. CLA understands and agrees that the State is exempt from the payment of taxes. All payments shall be in United States currency.

CLA's invoices will outline the work performed and the number of hours worked. The Mississippi Institutions of Higher Learning will pay ninety percent (90%) of each invoice and will retain the remaining ten percent (10%) until final payment is made. The Mississippi Institutions of Higher Learning will pay such invoices in accordance with the law related to timely payment for purchases by public bodies (Miss. Code Ann. Section 31-7-301 et seq., Rev.1990). The final payment, including retained amounts, shall be made after completion and acceptance of the audit services. In no instance will a payment be made in excess of the contract amount.

Any accrual rate for interest owed on an unpaid balance past due shall be in accordance with applicable Mississippi law. In the event that any collection action is required to collect unpaid balances due us, reasonable attorney fees and expenses shall be recoverable.

Termination

Termination for Cause. Upon the failure of either party to perform any obligation or observe any covenant required hereunder, the non-defaulting party, with the written consent of the OSA, shall have the right to send a written notice to the defaulting party specifying such failure and demanding cure within ten (10) days of receipt of such notice. If the defaulting party has not remedied such failure within the cure period, or has not made substantial progress toward remedying such failure within the cure period, then the non-defaulting party may terminate the contract immediately by sending a written notice of termination to the defaulting party. However, prior to termination of this contract by the Mississippi Institutions of Higher Learning, the Mississippi Institutions of Higher Learning must provide written justification to the OSA documenting the reasons for requesting the contract be terminated. The Mississippi Institutions of Higher Learning must obtain written approval from the OSA prior to terminating the contract. In the event of termination for cause by the Mississippi Institutions of Higher Learning and/or OSA, in addition to other remedies provided herein or available at law or in equity, CLA shall bear all costs associated with the issuance of a new contract for audit services, including, but not limited to, the cost of reissuing another request for proposals and any additional costs resulting from an acceleration of services necessary for the timely completion of such auditing services.

Termination by Mississippi Institutions of Higher Learning Without Cause. The Mississippi Institutions of Higher Learning, with the written consent of the OSA, may terminate this contract, without cause, by providing a fifteen (15) day written notice of termination to CLA. However, prior to termination of this contract by the Mississippi Institutions of Higher Learning, the Mississippi Institutions of Higher Learning must provide written justification to the OSA documenting the reasons for requesting the contract be terminated. The Mississippi Institutions of Higher Learning must obtain written approval from the OSA prior to terminating the contract.

In the event of termination, CLA will be entitled to payment for services in an amount which bears the same ratio to the total compensation as the services actually performed bear to the total services of CLA covered by the contract, less payments previously made. All finished or unfinished tests, surveys, checklists, forms, manuals, reports or other material prepared by CLA under this contract shall become the property of the OSA.

Subcontractors

CLA may, at times, use subcontractors to perform services under this agreement, and they may have access to your information and records. Any such subcontractors will be subject to the same restrictions on the use of such information and records as apply to CLA under this agreement.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. This letter and Entity's "IHL Standard Services Contract" attached hereto as Exhibit "A" constitute the entire agreement regarding these services and supersedes all prior agreements (whether oral or written), understandings, negotiations, and discussions between you and CLA. The CONTRACTOR must assert any claim for adjustment under this clause in writing within thirty (30) days from the date the CONTRACTOR received the IHL's notification of change, unless the IHL grants additional time before the date of
