INDEPENDENT AUDITORS' REPORT

Members of the Board of Supervisors
Pearl River County, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pearl River County, Mississippi, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County's primary government as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units

The financial statements do not include financial data for the County's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units. The County has not issued such reporting entity financial statements. The amount by which this departure would affect the assets, liabilities, net position, revenues and expenses of the aggregate discretely presented component units is not reasonably determinable.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units" paragraph, the financial statements referred to above do not present fairly, the financial position of the aggregate discretely presented component units of Pearl River County, Mississippi, as of September 30, 2018, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, except for the effects of the matter discussed in the preceding sections, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Pearl River County, Mississippi, as of September 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules and corresponding notes, the Schedule of the County's Proportionate Share of the Net Pension Liability, the Schedule of the County's Contributions, and corresponding notes be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Omission of Required Supplementary Information

Pearl River County, Mississippi, has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary and Other Information

The Schedule of Surety Bonds for County Officials has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 30, 2021, on our consideration of Pearl River County, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Pearl River County, Mississippi's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Pearl River County, Mississippi's internal control over financial reporting and compliance.

PEARL RIVER COUNTY, MISSISSIPPI
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2018

Exhibit 4-1

Net Changes in Fund Balances - Total Governmental Funds	\$ 8,809,681
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Thus, the change in net position differs from the change in fund balances by the amount that depreciation expense of \$2,272,848 was exceeded by capital outlays of \$4,755,222 in the current period.	2,482,374
In the Statement of Activities, only gains and losses from the sale of capital assets are reported, whereas in the Governmental Funds, proceeds from the sale of capital assets increase financial resources. Thus, the change in net position differs from the change in fund balances by the amount of the difference between the net gain of \$72,591 and the proceeds from the sale of \$308,570 in the current period.	(235,979)
Fine revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would be required on the Statement of Activities using the full-accrual basis of accounting.	69,726
Other revenue recognized on the modified accrual basis in the funds during the current year is increased because prior year recognition would be required on the Statement of Activities using the full-accrual basis of accounting.	(417,800)
Debt proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the changes in fund balances by the amount that debt repayments of \$1,581,703 are exceeded debt proceeds of \$11,530,917.	(9,949,214)
Under the modified accrual basis of accounting used in the Governmental Funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. Thus, the change in net position differs from the change in fund balances by a combination of the following items:	
The amount of decrease in accrued interest payable	(16,998)
The amount of increase in compensated absences	(227,395)
The amortization of:	
Premiums on refunding bonds	18,953
Discount on refunding bonds	(4,011)
Some items reported on the Statement of Activities relating to the implementation of GASB 68 are not reported in the government funds. These activities include:	
Recording of pension expense for the current period	(2,921,385)
Recording of contributions made during the year	1,407,280
Change in Net Position of Governmental Activities	\$ (984,768)

The notes to the financial statements are an integral part of this statement.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

I. Summary of Significant Accounting Policies.

A. Financial Reporting Entity.

Pearl River County is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. Accounting principles generally accepted in the United States of America require Pearl River County to present these financial statements on the primary government and its component units, which have significant operational or financial relationships with the County.

Management has chosen to omit from these financial statements the following component units, which have significant operational or financial relationships with the County. Accordingly, the financial statements do not include the data of all the County's component units necessary for reporting in conformity with accounting principles generally accepted in the United States of America.

- Pearl River County Hospital
- Carriere Fire District
- Crossroads Fire District
- Henleyfield Fire District
- McNeil Fire District
- Southeast Fire District
- Amackertown Fire District
- Northeast Fire District
- Pine Grove Fire District
- Nicholson Fire District
- Derby/Whitesand Fire District
- North Central Fire District
- Steephollow Fire District
- Pearl River Economic Development District

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the County legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor-Collector
- Sheriff

B. Individual Component Unit Disclosures.

Blended Component Units

Certain component units, although legally separate from the primary government, are nevertheless so intertwined with the primary government that they are, in substance, the same as the primary government. Therefore, these component units are reported as if they are part of the primary government. The following component unit's balances and transactions are blended with the balances and transactions of the primary government:

- Mississippi Corrections PRC, LLC

Mississippi Corrections PRC, LLC was formed for the purpose of the construction of a new jail facility.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

C. Basis of Presentation.

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, fund financial statements and accompanying note disclosures which provide a detailed level of financial information.

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange revenues.

The Statement of Net Position presents the financial condition of the governmental activities of the County at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements:

Fund financial statements of the County are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures. Funds are organized into governmental and fiduciary. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column, as other Governmental Funds.

D. Measurement Focus and Basis of Accounting.

The Government-wide and Fiduciary Funds (excluding agency funds) financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the County. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied. Agency funds have no measurement focus, but use the accrual basis of accounting.

Governmental financial statements are presented using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate liabilities existing at the end of the year. Available means collected in the current period or within sixty days after year end to liquidate liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the accounting period when the related fund liabilities are incurred. Debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

D. Measurement Focus and Basis of Accounting. (Continued)

The County reports the following major Governmental Funds:

General Fund - This fund is used to account for and report all financial resources not accounted for and reported in another fund.

Countywide Road Fund - This fund is used to account for monies from specific revenue sources that are restricted for road maintenance.

Bridge and Culvert Fund - This fund is used to account for monies from specific revenue sources that are restricted for bridge and culvert maintenance.

Additionally, the County reports the following fund types:

GOVERNMENTAL FUND TYPES

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditures for specified purposes. Special Revenue Funds account for, among others, certain federal grant programs, taxes levied with statutorily defined distributions and other resources restricted as to purpose.

Debt Service Funds - These funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

FIDUCIARY FUND TYPES

Agency Funds - These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

E. Account Classifications.

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

F. Deposits and Investments.

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality, or school district of this state. Further, the County may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, all certificates of deposit, and cash equivalents, which are short-term, highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value.

G. Receivables.

Receivables are reported net of allowances for uncollectible accounts, where applicable.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

H. Interfund Transactions and Balances.

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds". Noncurrent portions of interfund receivables and payables are reported as "advances to/from other funds." Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable Governmental Funds to indicate that they are not available for appropriation and are not expendable available financial resources. Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

I. Restricted Assets.

Assets required to be held and/or used as specified in bond indentures, bond resolutions, trustee agreements, board resolutions and donor specifications have been reported as restricted assets. Certain resources and revenues associated with the County's revenue bonds are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants. The "administrative expense" fund is used to provide for, to the extent of monies available, all expenses of the developer or the County (not otherwise paid or provided for out of the proceeds of the sale of certificates) incidental to the certificates and required to be paid by either of them in order to comply with the terms of the certificates or the trust indenture. The "base rental" fund is used to accumulate base rental payments until transfer of funds to the interest account and the principal account in amounts of interest and principal then due. The "debt service reserve" fund is used to report resources set aside to subsidize potential deficiencies from the County's operation that could adversely affect debt service payments. When both restricted and nonrestricted assets are available for use, the policy is to use restricted assets first.

J. Capital Assets.

Capital acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the governmental activities' column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extent to which capital assets, other than infrastructure costs, have been estimated and the methods of estimation are not readily available. Donated capital assets are recorded at estimated fair market value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements. Depreciation is calculated on the straight-line basis for all assets, except land. A full year's depreciation expense is taken for all purchases and sales of capital assets during the year. The following schedule details those thresholds and estimated useful lives.

	Capitalization Thresholds	Estimated Useful Life
Land	\$ -	n/a
Infrastructure	-	20-50 years
Buildings	50,000	40 years
Improvements other than building	25,000	20 years
Mobile equipment	5,000	5-10 years
Furniture and equipment	5,000	3-7 years
Leased property under capital leases	*	*

* Leased property capitalization policy and estimated useful life will correspond with the amounts for the asset classification, as listed above.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

K. Deferred Outflows/Inflows of Resources.

In additions to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then.

Deferred outflows related to pensions – This amount represents the County’s proportionate share of the deferred outflows of resources reported by the pension plan in which the County participates. See Note XII for additional details.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Unavailable revenue – property taxes – Deferred inflows of resources should be reported when resources associated with imposed nonexchange revenue transactions are received or reported as a receivable before the period for which property taxes are levied.

Unavailable revenue – fines – When an asset is recorded in the governmental fund financial statements but revenue is not available, the government should report a deferred inflow of resources until such time as the revenues becomes available.

Unavailable revenue – accounts receivable – When an asset is recorded in the governmental fund financial statements but revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Deferred inflows related to pensions – This amount represents the County’s proportionate share of the deferred inflows of resources reported by the pension plan in which the County participates. See Note XII for additional details.

L. Pensions.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees’ Retirement System of Mississippi (PERS) and additions to/deductions from PERS’ fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefits payments (included refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

M. Long-term Liabilities.

Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances, but may also include liabilities on lease-purchase agreements and other commitments.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, Governmental Fund Types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. Equity Classifications.

Government-wide Financial Statements:

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvements of those assets.

Restricted net position - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position not meeting the definition of “restricted” or “net investment in capital assets.”

Net Position Flow Assumption:

When an expense is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County’s general policy to use restricted resources first. When expenses are incurred for purposes for which unrestricted (committed, assigned or unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County’s general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

N. Equity Classifications. (Continued)

Government fund balance is classified as non-spendable, restricted, committed, assigned or unassigned. The following are descriptions of fund classifications used by the County:

Non-spendable fund balance includes amounts that cannot be spent. This includes amounts that are either not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds from the collection of those receivables or from the sale of those properties are restricted, committed or assigned) or amounts that are legally or contractually required to be maintained intact, such as a principal balance of a permanent fund.

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Assigned fund balance includes amounts that are constrained by the County's intent to be used for a specific purpose, but are neither restricted nor committed. For governmental funds, other than the general fund, this is the residual amount within the fund that is not classified as non-spendable and is neither restricted nor committed. Assignments of fund balance are created by the Board of Supervisors pursuant to authorization established by the policy adopted by the County.

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Fund Balance Flow Assumption:

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

O. Property Tax Revenues.

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase.

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

P. Intergovernmental Revenues in Governmental Funds.

Intergovernmental revenues, consisting of grants, entitlements, and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the “available” criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

Q. Compensated Absences.

The County has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements. In fund financial statements, Governmental Funds report the compensated absences liability payable only if the payable has matured, for example an employee resigns or retires.

II. Deposits and Cash with Fiscal Agents.

Deposits:

The carrying amount of the County's total deposits with financial institutions at September 30, 2018, was \$23,614,004 and the bank balance was \$24,372,503. The collateral for public entities' deposits in financial institutions are held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of the failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the County. Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

III. Interfund Transactions and Balances.

The following is a summary of interfund balances at September 30, 2018:

A. Due From/To Other Funds:

<u>Receivable Fund:</u>	<u>Payable Fund</u>	<u>Amount</u>
Countywide Road Fund	General Fund	\$ 148,423
Bridge and Culvert Fund	General Fund	19,165
Other Governmental Funds	General Fund	20,517
Total		<u>\$ 188,105</u>

The receivables represent the tax revenue collected but not settled until October 2018. All interfund balances are expected to be repaid within one year from the date of the financial statements.

B. Advances from/to Other Funds:

<u>Receivable Fund:</u>	<u>Payable Fund</u>	<u>Amount</u>
Countywide Road Fund	General Fund	<u>\$ 97,330</u>

The purpose of the advance was to reclassify road and bridge privilege tax that was improperly recorded in General Fund.

C. Transfers In/Out:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	General Fund	\$ 36,892
Bridge and Culvert Fund	General Fund	400,000
Other Governmental Funds	General Fund	951,157
Total		<u>\$ 1,388,049</u>

The principal purpose of interfund transfers was to provide funds for grant matches or to provide funds to pay for capital outlay. All interfund transfers were routine and consistent with the activities of the fund making the transfer.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

IV. Intergovernmental Receivables.

Intergovernmental receivables at September 30, 2018 consisted of the following:

Description	Amount
Governmental Activities:	
Legislative Tax Credit	\$ 294,574
TRIAD Grant	1,600
Stop Violence Against Women Grant	16,213
Victims of Crime Act Grant	25,839
Total Governmental Activities	<u>\$ 338,226</u>

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

V. Capital Assets.

The following is a summary of capital assets activity for the year ended September 30, 2018:

Governmental Activities:

	Balance Oct 1, 2017	Additions	Deletions	Balance Sept 30, 2018
Non-depreciable capital assets:				
Land	\$ 1,707,511	\$ 21,335	\$ (416)	\$ 1,728,430
Construction in progress	-	568,691	-	568,691
Total non-depreciable capital assets	<u>1,707,511</u>	<u>590,026</u>	<u>(416)</u>	<u>2,297,121</u>
Depreciable capital assets:				
Infrastructure	143,647,033	3,268,533	-	146,915,566
Buildings	29,487,585	53,894	-	29,541,479
Improvements other than buildings	1,413,096	-	-	1,413,096
Mobile equipment	4,916,212	254,241	(420,361)	4,750,092
Furniture and equipment	3,497,098	101,611	(218,194)	3,380,515
Leased property under capital leases	2,612,499	486,917	(267,747)	2,831,669
Total depreciable capital assets	<u>185,573,523</u>	<u>4,165,196</u>	<u>(906,302)</u>	<u>188,832,417</u>
Less accumulated depreciation for:				
Infrastructure	89,124,703	942,238	-	90,066,941
Buildings	5,830,515	571,318	-	6,401,833
Improvements other than buildings	302,017	56,527	-	358,544

Furniture and equipment	3,023,369	93,309	(189,737)	2,926,941
Leased property under capital leases	847,747	451,562	(120,495)	1,178,814
Total accumulated depreciation	<u>102,908,649</u>	<u>2,272,848</u>	<u>(670,739)</u>	<u>104,510,758</u>
Total depreciable capital assets, net	<u>82,664,874</u>	<u>1,892,348</u>	<u>(235,563)</u>	<u>84,321,659</u>
Governmental activities capital assets, net	<u><u>\$ 84,372,385</u></u>	<u><u>\$ 2,482,374</u></u>	<u><u>\$ (235,979)</u></u>	<u><u>\$ 86,618,780</u></u>

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

V. Capital Assets. (Continued)

Depreciation expense was charged to the following functions:

Governmental Activities:	Amount
General government	\$ 419,985
Public safety	524,350
Public works	1,326,755
Culture and recreation	1,758
Total governmental activities depreciation expense	<u>\$ 2,272,848</u>

Commitments with respect to unfinished capital projects at September 30, 2018, consisted of the following:

<u>Description of Commitment</u>	<u>Remaining Financial Commitment</u>	<u>Expected Date of Completion</u>
Construction of new courthouse	\$7,182,960	June, 2020
Renovations of old courthouse	\$1,859,656	December, 2021

VI. Claims and Judgments.

Risk Financing.

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is \$1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability. However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation, effective from January 1, 2018, to January 1, 2019. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

VII. Capital Leases.

As Lessee:

The County is obligated for the following capital assets acquired through capital leases as of September 30, 2018:

<u>Classes of Property</u>	<u>Governmental Activities</u>
Mobile equipment	\$ 2,379,937
Furniture and equipment	<u>451,732</u>
Total	2,831,669
Less: Accumulated depreciation	<u>(1,178,814)</u>
Leased Property under Capital Leases	<u><u>\$ 1,652,855</u></u>

The following is a schedule by years of the total payments due as of September 30, 2018:

<u>Year Ending September 30:</u>	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2019	\$ 487,643	\$ 32,990
2020	736,279	19,245
2021	520,415	7,207
2022	38,064	569
Total	<u><u>\$ 1,782,401</u></u>	<u><u>\$ 60,011</u></u>

PEARL RIVER COUNTY, MISSISSIPPI

2029-2033	2,734,000	1,397,984	1,345,000	137,130	
2034-2038	3,330,000	801,060	-	-	
2039-2043	2,338,000	140,836	-	-	
Total	<u>\$ 13,857,205</u>	<u>\$ 6,401,196</u>	<u>\$ 3,590,000</u>	<u>\$ 1,020,955</u>	

Legal Debt Margin - The amount of debt, excluding specific exempted debt, which can be incurred by the County, is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the then last completed assessment for taxation. However, the limitation is increased to 20% whenever the County issues bonds to repair or replace washed out or collapsed bridges on the public roads of the County. As of September 30, 2018, the amount of outstanding debt was 4.67% of the latest property assessments.

The following is a summary of changes in long-term liabilities and obligations for year ended September 30, 2018:

	<u>Balance</u>			<u>Balance</u>	<u>Amount Due</u>
	<u>Oct. 1, 2017</u>	<u>Additions</u>	<u>Reductions</u>	<u>Sept. 30, 2018</u>	<u>Within One</u>

Compensated absences will be paid from the fund from which the employees' salaries were paid, which are generally the General Fund and Countywide Road Fund.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

IX. Contingencies.

Federal Grants – The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance from a grantor agency may become a liability of the County. No provision for any liability that may result has been recognized in the County's financial statements.

Litigation – The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

X. Joint Ventures.

The County participates in the following joint ventures:

Pearl River County is a participant with the Cities of Picayune and Poplarville in a joint venture, authorized by Section 39-3-8, Miss. Code Ann. (1972), to operate the Pearl River County Library System. The library system was created to provide free library service to all the people in the County. The library system is governed by a board of trustees consisting of ten members. Pearl River County appoints five members, Picayune appoints four and Poplarville appoints one. The library system is funded by each governmental entity on a previously agreed to proportional basis. The County's appropriation to the joint venture was \$252,000 in fiscal year 2018. Complete financial statements for the Pearl River County Library System can be obtained from the Margaret Reed Crosby Memorial Library located at 900 Goodyear Blvd., Picayune, MS 39466.

Pearl River County is a participant with the City of Poplarville in a joint venture, authorized by Section 61-3-5, Miss. Code Ann. (1972), to operate the Poplarville/Pearl River County Airport. The joint venture was created to provide airport service to the area. The airport is governed by a five-member board of commissioners appointed as follows: Pearl River County, two; Poplarville, two; and jointly, one. For fiscal year 2018 no grant funds were obtained, so the County did not appropriate any matching funds to the joint venture in fiscal year 2018. Complete financial statements can be obtained from Highway 53 South, Poplarville, MS 39470.

XI. Jointly Governed Organizations.

The County participates in the following jointly governed organizations:

Mississippi Regional Housing Authority VIII operates in a district composed of the Counties of Covington, Forrest, George, Greene, Hancock, Harrison, Jackson, Jones, Lamar, Marion, Pearl River, Perry, Stone and Wayne. The governing body is a 15-member board of commissioners, one appointed by the Board of Supervisors of each of the member counties and one appointed at large. The counties generally provide no financial support to the organization.

Region XIII Commission for Mental Health and Mental Retardation operates in a district composed of the counties of Hancock, Harrison, Pearl River, and Stone. The governing body is a four-member board of commissioners, one appointed by the Board of Supervisors of each of the member counties. The County appropriated \$98,000 for support of the agency in fiscal year 2018.

Pearl River Valley Opportunity, Inc., operates in a district composed of the Counties of Covington, Forrest, Jefferson Davis, Jones, Lamar, Marion, Pearl River and Perry. The entity was created to administer programs conducted by community action agencies, limited purpose agencies and related programs authorized by federal law. The Pearl River County Board of Supervisors appoints one of the 24 members of the board of directors. The primary source of funding for the entity is derived from federal funds. Each county provides a modest amount of financial support when matching funds are required for federal grants. The County appropriated \$37,000 for support of the agency in fiscal year 2018.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

XI. Jointly Governed Organizations. (Continued)

Southeast Mississippi Air Ambulance District provides air ambulance service to the Counties of Covington, Forrest, Greene, Jefferson Davis, Lamar, Marion, Pearl River, Perry and Walthall. The Pearl River County Board of Supervisors appoints one of the nine members of the board of directors. The County appropriated \$150,000 for support of the district in fiscal year 2018.

Pearl River Community College operates in a district composed of the Counties of Forrest, Hancock, Jefferson Davis, Lamar, Marion and Pearl River. The Pearl River County Board of Supervisors appoints two of the 16 members of the college board of trustees. The County appropriated \$1,761,408 for maintenance and support of the college in fiscal year 2018.

Southern Mississippi Planning and Development District operates in a district composed of the Counties of Covington, Forrest, George, Greene, Hancock, Harrison, Jackson, Jefferson Davis, Jones, Lamar, Marion, Pearl River, Perry, Stone and Wayne. The Pearl River County Board of Supervisors appoints one of the 27 members of the board of directors. The County appropriated \$48,500 for support of the district in fiscal year 2018.

XII. Defined Benefit Pension Plan.

General Information about the Pension Plan

Plan Description. Pearl River County, Mississippi, contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of living adjustments, and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

Benefits Provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public-school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

XII. Defined Benefit Pension Plan. (Continued)

Contributions. PERS members are required to contribute 9 percent of their annual covered salary, the county is required to contribute at an actuarially determine rate. The employer's rate as of September 30, 2018 was 15.75 percent of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The County's contributions to PERS for the fiscal years ending September 30, 2018, 2017, and 2016 were \$1,407,280, \$1,379,627, and \$1,379,309, respectively, which equaled the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

At September 30, 2018, Pearl River County reported a liability of \$23,144,945 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. At June 30, 2018, the County's proportion was .139151 percent, which was an increase of .004241 percent from its proportion measured as of June 30, 2017.

For the year ended September 30, 2018, the County recognized pension expense of \$2,921,385. At September 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 97,477	\$ 94,594
Net difference between projected and actual earnings on pension plan investments	-	473,317
Changes in assumptions	13,240	12,141
Changes in the proportion and differences between the County's contributions and proportionate share of contributions	706,411	106,887
County contributions subsequent to the measurement date	382,827	-
	<u>\$ 1,199,955</u>	<u>\$ 686,939</u>

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

XII. Defined Benefit Pension Plan. (Continued)

For the year ended September 30, 2018, \$382,827 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ended September 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending September 30</u>	
2019	\$ 462,243
2020	143,740
2021	(371,709)
2022	(104,085)
	<hr/>
	\$ 130,189
	<hr/>

Actuarial Assumptions The total pension liability in the June 30, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	3.25%-18.50%, including inflation
Investment rate of return	7.75%, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 Healthy Annuitant Blue Collar Table Projected with Scale BB to 2022, with male's rates set forward one year.

The actuarial assumptions used in the June 30, 2018, valuation was based on the results of an actuarial experience study for the period July 1, 2012 through June 30, 2016. The experience report is dated April 18, 2017.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

XII. Defined Benefit Pension Plan. (Continued)

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2018, are summarized in the following table:

Asset Class	Target Allocation Percentage	Long-term Expected Real Rate of Return
U. S. Broad	27.00 %	4.60 %
International equity	18.00	4.50
Emerging markets equity	4.00	4.75
Global	12.00	4.75
Fixed income	18.00	.75
Real estate	10.00	3.50
Private equity	8.00	5.10
Emerging debt	2.00	2.25
Cash	1.00	0.00
	100.00 %	

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00 percent) and that employer contributions will be made at the current employer contribution rate (15.75 percent). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using a discount rate of 7.75 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
County's proportionate share of the net pension liability	\$ 30,475,252	\$ 23,144,945	\$ 17,052,493

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

XIII. Effect of Deferred Amounts on Net Position.

The governmental activities' unrestricted net position (deficit) amount of (\$4,862,347) includes the effect of deferred inflows/outflows of resources related to pensions. A portion of the deferred outflow of resources related to pension in the amount of \$382,827, resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2019. The \$817,128 balance of the deferred outflow of resources related to pensions at September 30, 2018, will be recognized in pension expense over the next 3 years. The \$686,939 balance of the deferred inflow of resources related to pension at September 30, 2018, will be recognized in pension expense over the next 4 years.

XIV. Tax Abatements.

For the year beginning October 1, 2016, the Governmental Accounting Standards Board (GASB) implemented Statement 77, *Tax Abatement Disclosures*. This statement requires governmental entities to disclose the reduction in the tax revenues resulting from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The Pearl River County Board of Supervisors negotiates property tax abatements on an individual basis. All abatements are for ten years and are for economic development purposes. The County had a tax abatement agreement with one (1) entity that ended on December 31, 2017.

XV. Subsequent Events.

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of Pearl River County, Mississippi evaluated the activity of the County through January 30, 2021, (the date the financial statements were available to be issued), and determined that the following subsequent events have occurred requiring disclosure in the notes to the financial statements:

On October 8, 2018, the Board approved the lease purchase of one new excavator w/hydraulic thumb in the amount of \$169,900.

On February 20, 2019, the Board guaranteed a \$1,500,000 line of credit for the Pearl River County Hospital and Nursing Home and approved a \$300,000 temporary loan to the Pearl River County Hospital and Nursing Home.

On March 20, 2019, the Board approved issuance of \$2,000,000 Negotiable Note Series 2019 at 3.125%.

On April 1, 2019, the Board approved payment for the Courthouse Annex in the amount of \$495,376.

On May 6, 2019, the Board approved payment for the Courthouse Annex in the amount of \$532,411.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

XV. Subsequent Events. (Continued)

On May 6, 2019, the Board approved the lease purchase of one Kubota trac loader w/Bradco cold planer in the amount of \$83,047.

On May 22, 2019, the Board approved the lease purchase of Turnkey Election System in the amount of \$269,302 at \$4,952.19 per month for 60 months with an interest rate of 3.94%.

On June 3, 2019, the Board approved payment for the Courthouse Annex in the amount of \$698,048.

On June 7, 2019, the Board approved issuance of \$350,000 State General Obligation Bond for renovations to County Courthouse.

On August 5, 2019, the Board approved payment for the Courthouse Annex in the amount of \$514,274.

On September 18, 2019, the Board approved payment in the amount of \$244,783 for Project ERBR-STP/BR-0055.

On September 18, 2019, the Board approved payment for the Courthouse Annex in the amount of \$627,269.

On October 7, 2019, the Board approved payment for the Courthouse Annex in the amount of \$422,438.

On October 7, 2019, the Board approved the purchase of a 2019 Dodge Crew Cab in the amount of \$26,154.

On October 7, 2019, the Board approved the purchase of a 2019 Nissan Pathfinder in the amount of \$23,100.

On November 20, 2019, the Board guaranteed a \$155,000 loan for the Southeast Fire District and a \$111,000 loan for the Derby/Whitesand Fire District.

On December 26, 2019, the Board approved the lease purchase of four excavators in the amount of \$354,500 with an interest rate of 3.44%.

In December 2019, a novel strain of coronavirus was reported to have surfaced in China. The spread of this virus began to cause some business disruption through reduced revenue. While this disruption is currently expected to be temporary, there is considerable uncertainty around the duration. However, the related financial impact and duration cannot be reasonably estimated at this time.

On January 22, 2020, the Board approved a lease of the Pearl River Hospital and Nursing Home to Forrest General Hospital. The Hospital and Clinic lease is \$41,667 and the Nursing Home lease is \$16,667 each month. The County retains ownership of the property.

On February 19, 2020, the Board approved the purchase of two metal buildings in the amount of \$24,485.

On March 16, 2020, the Board declared a State of Emergency due to COVID 19.

On May 4, 2020, the Board approved the lease purchase of four Dodge Durango Pursuits in the amount of \$148,264 with an interest rate of 2.34% for 48 months.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to the Financial Statements
For the Year Ended September 30, 2018

XV. Subsequent Events. (Continued)

On May 4, 2020, the Board approved the update of Time Clock in the amount of \$72,720.

On June 1, 2020, the Board approved a lease purchase for four 2020 Dodge Durango police vehicles in the amount of \$148,264.

On June 17, 2020, the Board approved the lease purchase of one Dodge Durango Pursuit in the amount of \$35,066 with an interest rate of 2.34% for 48 months.

On August 3, 2020, the Board approved a purchase agreement for Nicholson Volunteer Fire Department to purchase a fire truck in the amount of \$276,455.

On October 21, 2020, the Board received payment from the Cares Act in the amount of \$960,747.

On December 7, 2020, the Board approved the Sheriff's Department purchase of one 2019 Dodge Ram Crew Cab.

On December 21, 2020, the Board approved financing for Dispatch equipment in the amount of \$745,180 with an interest rate of 2.34% and a monthly payment of \$13,172.

On January 20, 2021, the Board approved a loan for a new pumper truck for the Nicholson Volunteer Fire Department in the amount of \$50,000 with an interest rate of 2.91% with 3 annual payments beginning October 1, 2021.

On January 20, 2021, the Board approved for the County Administrator to secure 2 quotes from subcontractors and proceed with construction on the new County Administration Building.

County's covered payroll	8,935,100	8,759,534	8,757,515	8,605,542
Contributions as a percentage of covered payroll	15.75%	15.75%	15.75%	15.75%

* This schedule is presented to illustrate the requirement to show information for 10 years. However, GASB Statement 68 was implemented for the fiscal year ended September 30, 2015, and, until a full 10 year trend is compiled, the County has only presented information for the years in which information is available.

See Notes to the Required Supplementary Information.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to Required Supplementary Information-UNAUDITED
For the Year Ended September 30, 2018

A. Budgetary Information.

Statutory requirements dictate how and when the County's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the County, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff and the Tax Assessor-Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, it may make revisions to the budget.

The County's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

B. Basis of Presentation.

The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP) basis and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and the Countywide Road Fund. The Budgetary Comparison Schedule – Budget and Actual (Non-GAAP Basis) is a part of required supplementary information.

C. Budget/GAAP Reconciliation.

The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The following schedule reconciles the budgetary basis schedules to the GAAP basis financial statements for the General Fund and each major special revenue fund:

	<u>General Fund</u>	<u>Countywide Road Fund</u>	<u>Bridge and Culvert Fund</u>
Budget (Cash Basis)	\$ 8,973,467	\$ (1,311,334)	\$ (44,668)
Increase (Decrease)			
Net adjustments for revenue accruals	1,292,508	1,808,094	1,506,473
Net adjustments for expenditure accruals	<u>(324,906)</u>	<u>(1,861,880)</u>	<u>(1,425,091)</u>
GAAP Basis	<u><u>\$ 9,941,069</u></u>	<u><u>\$ (1,365,120)</u></u>	<u><u>\$ 36,714</u></u>

PEARL RIVER COUNTY, MISSISSIPPI
Notes to Required Supplementary Information- UNAUDITED
For the Year Ended September 30, 2018

D. Schedule of the County's Proportionate Share of the Net Pension Liability and Schedule of the County's Contributions.

Changes in Assumptions.

2017

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.
- The wage inflation assumption was reduced from 3.75% to 3.25%.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

2016

- The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

2015

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.
- The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.
- The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

Changes in Benefit Provisions.

2016

- Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

PEARL RIVER COUNTY, MISSISSIPPI
Notes to Required Supplementary Information- UNAUDITED
For the Year Ended September 30, 2018

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported (June 30, 2016 valuation for the June 30, 2018 fiscal year end).

The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule.

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, open
Remaining amortization period	36.6 years
Asset valuation method	5-year smoothed market
Price inflation	3.00 percent
Salary increase	3.75 percent to 19.00 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Supervisors
Pearl River County, Mississippi

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Pearl River County, Mississippi, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated January 30, 2021. Our report includes an adverse opinion on the aggregate discretely presented component units due to the omission of the discretely presented units which are required by accounting principles generally accepted in the United States of America to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Pearl River County, Mississippi's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a deficiency in internal control, as described in the accompanying Schedule of Findings and Responses as 2018-001, that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pearl River County, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pearl River County's Response to Finding

Pearl River County's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. We did not audit Pearl River County's response and, accordingly, we express no opinion on it.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT ACCOUNTANTS' REPORT ON CENTRAL PURCHASING SYSTEM, INVENTORY CONTROL SYSTEM AND PURCHASE CLERK SCHEDULES (REQUIRED BY SECTION 31-7-115, MISS. CODE ANN. (1972))

Members of the Board of Supervisors
Pearl River County, Mississippi

We have examined Pearl River County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Sections 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2018. The Board of Supervisors of Pearl River County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Pearl River County, Mississippi, has established centralized purchasing for all funds of the County and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with state law.

Because of inherent limitations in any central purchasing system and inventory control system, errors or irregularities may occur and not be detected. Also, projection of any current evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

In our opinion, Pearl River County, Mississippi, complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2018.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchases and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination of the purchasing system and, in our opinion, is fairly presented when considered in relation to that examination.

This report is intended for use in evaluating Pearl River County, Mississippi's compliance with the aforementioned requirements, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

LIMITED INTERNAL CONTROL AND COMPLIANCE REVIEW MANAGEMENT REPORT

Members of the Board of Supervisors
Pearl River County, Mississippi

In planning and performing our audit of the financial statements of Pearl River County, Mississippi for the year ended September 30, 2018, we considered Pearl River County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Pearl River County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the County's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated January 30, 2021, on the financial statements of Pearl River County, Mississippi.

Although no findings came to our attention as a result of these review procedures and compliance tests, these procedures and tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of the internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

This report needs to be viewed in conjunction with the Mississippi Office of the State Auditor's report. The Mississippi Office of the State Auditor is responsible for the compliance testing. As of the date of this report, the Mississippi Office of the State Auditor's report has not been issued. We do not believe that the Mississippi Office of the State Auditor's Compliance Report has any impact on the opinion of the financial report.

This report is intended solely for the information and use of management, the Board of Supervisors, and others within the entity and is not intended to be and should not be used by anyone other than these parties. However, this report is a matter of public record and its distribution is not limited.

| 3. | Noncompliance material to the financial statements noted? | No |

PEARL RIVER COUNTY, MISSISSIPPI
Schedule of Findings and Responses
For the Year Ended September 30, 2018

Section 2: Financial Statement Findings

2018-001. Finding

Board of Supervisors

Material Weakness

As reported in prior years, generally accepted accounting principles require the financial data for the County's component units to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units. As reported in the prior five years' audit reports, the financial statements do not include the financial data for its component units. The failure to properly follow generally accepted accounting principles resulted in an adverse opinion on the discretely presented component units.

Repeat Finding: Yes, 2017-001.

Criteria: The County should establish procedures to ensure that all component unit's financial data is included in the financial statements.

Condition: The County should include component unit financial data in the financial statements.

Cause: The component unit data was not included in the financial statements.

Effect: The effect on the financial statements is not determinable without the component unit financial data.

Recommendation: The Board of Supervisors should provide the financial data for its discretely presented component units for the inclusion in the County's financial statements.

Views of Responsible Officials: The Board of Supervisors has financial reports on all component units. In the future, financial reports will be compiled together.
