**NOTE 1 - SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING
POLICIES**

A. Reporting Entity

The Town of Crowder is located in the southeastern part of Quitman County. The town was incorporated in 1917, it operates under the Mayor and Board of Aldermen form of government and it provides the following services to its citizens: safety (police & fire), maintenance, and administrative. The town has no component units and therefore is considered as one unit.

B. Accounting Method

The Town uses funds to report its cash receipts and disbursements. Fund accounting is used to demonstrate legal compliance by segregating transactions related to specific government functions.

The Town uses three classifications of funds: general fund, special revenue and proprietary fund. Each fund has a separate balanced set of accounts.

The general governmental fund is used to account for all the Town's general governmental activities and include the accounting for fixed assets and general long term debt.

The special revenue fund is used to account for specific revenues that are restricted to expenditures for specific purposes.

The proprietary fund (utility fund) is used to account for activities where net income or net loss is determined as if operated as a business-type activity.

C. Basis of Accounting

The financial statement is prepared using the cash receipts and disbursements method of accounting as prescribed by the Office of the State Auditor. Revenues are recognized when received rather than when earned and expenses are recognized when paid rather than when incurred.
