Forrest County, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Forrest County, Mississippi, (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County's primary government as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not

for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units

The financial statements do not include financial data for the County's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units. The County has not issued such reporting entity financial statements. The amount by which this departure would affect the assets, liabilities, net position, revenues and expenses of the aggregate discretely presented component units has not been determined.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units" paragraph, the financial statements referred to above do not present fairly, the financial position of the aggregate discretely presented component units of Forrest County, Mississippi, as of September 30, 2019, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of Forrest County, Mississippi, as of September 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedule and corresponding notes, the Schedule of the County's Proportionate Share of the Net Pension Liability, and the Schedule of County Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Forrest County, Mississippi's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulation Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

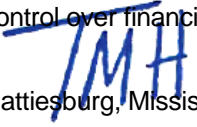

Members of the Board of Supervisors
Forrest County, Mississippi

prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Surety Bonds for County Officials has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2020 on our consideration of Forrest County, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Forrest County, Mississippi's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Forrest County, Mississippi's internal control over financial reporting and compliance.

**FORREST COUNTY, MISSISSIPPI
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2019**

INTRODUCTION

This discussion and analysis of Forrest County's financial performance provides an overall narrative review of the County's financial activities for the year ended September 30, 2019. The intent of this discussion and analysis is to look at the County's performance as a whole; readers should also review the basic financial statements and related notes to enhance their understanding of the County's financial performance.

Forrest County is located in southeastern Mississippi along Interstate I-59. The population, according to the 2010 census, is 74,934. The local economic base is driven mainly by Manufacturing and Poultry Processing, as well as diverse trade and service developments including a regional healthcare center of Southeast Mississippi.

FINANCIAL HIGHLIGHTS

Forrest County is financially stable. The County has committed itself to financial excellence for many years by using sound financial planning, budgeting and strong internal controls. The County is committed to maintaining sound fiscal management to meet the challenges of the future.

Forrest County continues to grow both economically and in population. This has allowed the County to maintain a steady growth in tax revenues without a significant tax increase. The County government tax rate has increased only 4.52% over the last 5 years. This does not include School tax increases.

Key financial highlights for 2019 were as follows:

- Total net position increased \$6,017,304, which includes a \$2,000,000 prior period adjustment, that represents a 10.24% increase from the prior fiscal year. The County's ending cash balance increased by \$225,079 which represents a 0.63% increase from the prior fiscal year.
- The County had \$53,026,450 in total revenues. Tax revenues account for \$33,917,634 or 63.96% of total revenues. State and federal revenues in the form of reimbursements, shared revenue or grants, account for \$14,477,008 or 27.30% of total revenues.
- The County had \$49,009,146 in total expenses, which represents an increase of \$5,335,114 or a 12.22% increase from the prior fiscal year. Expenses in the amount of \$17,225,957 were offset by user charges, grants, and outside contributions. General revenues of \$35,800,493 were adequate to provide for the remaining expenses.
- The General Fund had \$41,838,322 in revenues and \$37,376,287 in expenditures exclusive of other financing sources (uses). The General Fund's fund balance increased \$3,497,043 over the prior year.

- Capital assets, net of accumulated depreciation, decreased by \$77,910.
- Long-term debt increased by \$1,651,541 due to an increase in the County's net pension liability.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) Government-wide financial statements, 2) Fund financial statements and 3) Notes to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

Government-Wide Financial Statements - The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to private-sector businesses.

The statement of net position presents information on all County assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or part of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government; public safety; public works (roads and bridges); health and welfare; culture and recreation; conservation of natural resources; economic development and assistance; pension expense and interest on long-term debt.

Management has chosen to omit from the financial statements, the following component units:

Forrest General Hospital
Rawls Springs Volunteer Fire Department
North Forrest Fire Protection District
Forrest County Agriculture High School

The Government-wide Financial Statements can be found on pages 15 - 17 of this report.

Fund Financial Statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements. Governmental funds include the general, special revenue, debt service, and capital projects funds.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the "Governmental Funds Balance Sheet" and the "Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances" provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are on pages 19 and 21 - 22, respectively.

The County maintains individual governmental funds in accordance with the *Mississippi County Financial Accounting Manual*. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for all major funds. All other non-major funds are combined together and presented in these reports as other governmental funds.

The basic governmental funds financial statements can be found on pages 18 and 20 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the County government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accrual basis of accounting is used for fiduciary funds. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The County's fiduciary activities are presented in a separate Statement of Fiduciary Assets and Liabilities, which can be found on page 23 of this report.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 24 - 53 of this report.

In addition to the basic financial statements and accompanying notes, this report also presents a Budgetary Comparison Schedule, Schedule of the County's Proportionate Share of the Net Pension Liability and Schedule of County Contributions as Required Supplementary Information.

The County adopts an annual operating budget for all governmental funds. A budgetary comparison schedule has been provided for the General Fund. This required supplementary information can be found on pages 54 - 55 of this report.

Additionally, a Schedule of Expenditures of Federal Awards is required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and can be found on pages 62 - 63 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position - Net position may serve over time as a useful indicator of a government's financial position. In the case of Forrest County, assets and deferred outflows exceeded liabilities and deferred inflows by \$64,778,699 as of September 30, 2019.

By far, the largest portion of the County's net position consists of its investment in capital assets (e.g. land, construction in progress, infrastructure, buildings, improvements other than buildings, mobile equipment, furniture and equipment) less related outstanding debt used to acquire such assets. The County uses these capital assets to provide services to its citizens.

The County's financial position is a product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

Table 1 presents a summary of the County's net position for the fiscal year ended September 30, 2019.

Additional information on the net pension liability:

In connection with the standards on accounting and financial reporting for pensions, management presents the following additional information:

Total unrestricted net position (deficit)	\$ (8,621,058)
Less unrestricted deficit in net position resulting from recognition of GASB 68 & 71	30,412,310
Unrestricted net position, exclusive of the net pension liability effect	\$ 21,791,252

Although recent changes in general accounting standards require inclusion of the State of Mississippi's pension liability attributable to current Forrest County employees, the Forrest County Supervisors disagree that this liability is a legal obligation of the County, but rather solely of the State of Mississippi pursuant to statute establishing the Public Employees Retirement System.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Governmental Funds - At the close of the fiscal year, Forrest County's governmental funds reported a combined fund balance of \$37,848,751, an increase of \$5,924,633.

The General Fund is the principal operating fund of the County. The increase in the fund balance of the General Fund for the fiscal year was \$3,497,043.

BUDGETARY HIGHLIGHTS OF MAJOR FUNDS

Over the course of the year, Forrest County revised its annual operating budget on several occasions. Significant budget amendments are explained as follows:

- Amendments were made to correct the estimated beginning fund balances made in the original budget to actual beginning fund balances on October 1.
- Budgeted revenue from state/federal sources was increased due to additional grant authorizations and receipts.
- Budgeted expenditures were increased due to litigation payments, building repairs, and parking lot improvements. Additionally, new projects were approved and started during the FY.

Even with these adjustments, actual disbursements were below final budget amounts by \$5,775,530 for the General Fund.

A schedule showing the original and final budget amounts compared to the County's financial activity for the General Fund is provided in this report as required supplementary information.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - As of September 30, 2019, Forrest County's total capital assets was \$157,575,098. This includes roads, bridges, other infrastructure, land, buildings, mobile equipment, furniture and equipment, and construction in progress. This amount represents an increase from the previous year of \$2,503,330. The majority of this increase is due to the acquisition of mobile equipment during the current year.

Total accumulated depreciation as of September 30, 2019, was \$77,917,257, including \$3,121,239 of depreciation expense for the year. The balance in total net capital assets was \$79,657,841 at year-end.

Additional information on Forrest County's capital assets can be found in Note 7 on pages 37 and 38 of this report.

Table 4 provides an overview of the County's capital assets, net of accumulated depreciation.

CURRENT AND FUTURE ITEMS OF IMPACT

Forrest County has long been the “Hub” of South Mississippi from its beginning days as a rail and timber community to the vibrant economy of today built upon the pillars of healthcare, education, and military. Not only does Forrest County operate the largest hospital in the Pine Belt with Forrest General Hospital serving a 19-county regional area, the County is also home to Hattiesburg Clinic, the largest privately owned health clinic in the State of Mississippi. The Forrest County economy relies on a skilled workforce produced at multiple educational institutions, including several A-rated k12 school districts, Pearl River Community College, a private Christian University in William Carey University, and the University of Southern Mississippi, the third largest university in the State of Mississippi. Forrest County is also home to the Nation’s largest State-owned National Guard training facility in Camp Shelby. The 135,000 acre military base has been in operation since 1917 and will continue to serve as an economic engine in Forrest County and South Mississippi. Forrest County continues to further strengthen its economic vitality and further diversity its employment base, evident by Forrest County’s partnership with Lamar County to create the Eagle One Mega Site located in the central-western portion of the County, just outside the City of Hattiesburg. This 2,284 acre property is ideally situated to serve a large advance manufacturing employer with access to multiple modes of transportation and close proximity to a major metro-area. The investment in due diligence studies on this property strategically position the site to compete on a global stage to recruit companies from around the world and will further strengthen Forrest County’s economy. With a stable economy built on diverse and robust pillars, Forrest County will continue to lead South Mississippi into the future.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2019**

	<u>Amount</u>
Net Changes in Fund Balances - Governmental Funds	\$ 3,924,633
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Thus, the change in net position differs from the change in fund balances by the amount that capital outlays of \$3,123,127 exceeded depreciation of \$3,121,239 in the current period.	1,888
In the Statement of Activities, only gains and losses from the sale of capital assets are reported, whereas in the Governmental Funds, proceeds from the sale of capital assets increase financial resources. Thus, the change in net position differs from the change in fund balances by the amount of the net gain of \$17,873 and the proceeds from the sale of \$97,671 in the current period.	(79,798)
Fine revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.	(106,997)
Debt proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount that debt repayments of \$4,659,731 exceed debt proceeds of \$4,000,000.	659,731

IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2019**

	<u>Amount</u>
<p>Under the modified accrual basis of accounting used in the Governmental Funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. Thus, the change in net position differs from the change in fund balances by a combination of the following items:</p>	
Change in claims and judgements	\$ 67,575
Change in compensated absences	107,312
Change in accrued interest payable	1,076
Deferred charges on refunding bond	(82,121)

NOTES TO FINANCIAL STATEMENTS

FORREST COUNTY, MISSISSIPPI

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity - Forrest County, Mississippi (the County) is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. Accounting principles generally accepted in the United States of America require Forrest County to present these financial statements on the primary government and its component units which have significant operational or financial relationships with the County.

Management has chosen to omit from these financial statements the following component units which have significant operational or financial relationships with the County. Accordingly, the financial statements do not include the data of all of the County's component units necessary for reporting in accordance with accounting principles generally accepted in the United States of America.

- Forrest General Hospital
- Rawls Springs Volunteer Fire Department
- North Forrest Fire Protection District
- Forrest County Agricultural High School

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the County legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor
- Tax Collector
- Sheriff

B. Individual Component Unit Disclosure

Blended Component Units - Certain component units, although legally separate from the primary government, are nevertheless so intertwined with the primary government that they are, in substance, the same as the primary government. Therefore, these component units are reported as if they are part of the primary government. The following component unit's balances and transactions are blended with the balances and transactions of the primary government.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Forrest County Public Improvement Corporation was incorporated as a nonprofit under Section 31-8-3, Miss. Code Ann. (1972), which allows counties to enter into lease agreements with any corporation. The corporation's three-member board of directors is appointed by the Board of Supervisors. Although legally separate from the primary government, the Corporation's balances and transactions are blended with the balances and transactions of the primary government. The Corporation produces a financial benefit through its ability to finance the construction, acquisition and renovation of capital facilities for the primary government and imposes a financial burden on the primary government by obligating funds to repay the debt pursuant to a lease agreement.

C. Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, fund financial statements and accompanying note disclosures which provide a detailed level of financial information.

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange revenues.

The Statement of Net Position presents the financial condition of the governmental activities of the County at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the County.

FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Fund Financial Statements:

Fund financial statements of the County are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows, liabilities, deferred inflows, fund balances, revenues and expenditures. Funds are organized into governmental and fiduciary. Major individual Governmental Funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column as Other Governmental Funds.

D. Measurement Focus and Basis of Accounting - The Government-wide and Fiduciary Funds (excluding agency funds) financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the County. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied. Agency funds have no measurement focus, but use the accrual basis of accounting.

Governmental fund financial statements are presented using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate liabilities existing at the end of the year. Available means collected in the current period or within 60 days after year end to liquidate liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the accounting period when the related fund liabilities are incurred. Debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

The County reports the following major Governmental Fund:

General Fund - This fund is used to account for and report all financial resources not accounted for and reported in another fund.

FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Additionally, the County reports the following fund types:

GOVERNMENTAL FUND TYPES

Special Revenue Funds - These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt Service Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Capital Projects Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

FIDUCIARY FUND TYPE

Agency Funds - These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

E. Account Classifications - The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

F. Deposits and Investments - State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the County may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, all certificates of deposit and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value. However, the County did not invest in any governmental securities during the fiscal year.

FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

G. *Receivables* - Receivables are reported net of allowances for uncollectible accounts, where applicable.

H. *Interfund Transactions and Balances* - Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

I. *Prepaid Items* - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items, such as prepaid insurance, are not reported for Governmental Fund Types since the costs of such items are accounted for as expenditures in the period of acquisition.

J. *Restricted Assets* - Assets required to be held and/or used as specified in bond indentures, bond resolutions and board resolutions have been reported as restricted assets. When both restricted and unrestricted assets are available for use, the policy is to use the restricted assets first.

K. *Capital Assets* - Capital acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extent to which capital assets costs have been estimated and the methods of estimation are not readily available. Donated capital assets are recorded at estimated fair market value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements. Depreciation is calculated on the straight-line basis for all assets, except land. A full year's depreciation expense is taken for all purchases and sales of capital assets during the year.

FORREST COUNTY, MISSISSIPPI

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

The following schedule details those thresholds and estimated useful lives:

	<u>Capitalization Thresholds</u>	<u>Estimated Useful Life</u>
Land	\$ -	N/A
Infrastructure	-	20-50 years
Buildings	50,000	40 years
Improvements other than buildings	25,000	20 years
Mobile equipment	5,000	5-10 years
Furniture and equipment	5,000	3-7 years

L. Deferred Outflows/Inflows of Resources - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until then.

Deferred amount on refunding - For current refunding's and advance refunding's resulting in defeasance of debt reported by governmental activities, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter.

Deferred outflows related to pensions - This amount represents the County's proportionate share of the deferred outflows of resources reported by the pension plan in which the County participates. See Note 11 for additional details.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred revenues - property taxes/unavailable revenue - property taxes - Deferred inflows of resources should be reported when resources associated with imposed nonexchange revenue transactions are received or reported as a receivable before the period for which property taxes are levied.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Unavailable revenue - fines - When an asset is recorded in the governmental fund financial statements but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Deferred inflows related to pensions - This amount represents the County's proportionate share of the deferred inflows of resources reported by the pension plan in which the County participates. See Note 11 for additional details.

M. Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Mississippi (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Long-Term Liabilities - Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances, but may also include liabilities on lease-purchase agreements and other commitments.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

In the fund financial statements, the face amount of the debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

O. Equity Classifications

Government-wide Financial Statements:

Equity is classified as Net Position and displayed in three components:

Net investment in capital assets - Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets.

FORREST COUNTY, MISSISSIPPI

FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Restricted net position - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position not meeting the definition of "restricted" or "net investment in capital assets."

Net Position Flow Assumption:

When an expense is incurred for purposes for which both restricted and unrestricted (committed or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenses are incurred for purposes for which unrestricted (committed and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by unassigned amounts.

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Government fund balance is classified as restricted, committed, or unassigned. The following are descriptions of fund classifications used by the County:

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by a formal action of the Board of Supervisors, the County's highest level of decision-making authority. This formal action is an order of the Board of Supervisors as approved in the board minutes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Fund Balance Flow Assumption:

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first and then unassigned amounts.

P. Property Tax Revenues - Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase.

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Q. Intergovernmental Revenues in Governmental Funds - Intergovernmental revenues, consisting of grants, entitlements and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the “available” criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

R. Compensated Absences - The County has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements. In fund financial statements, Governmental Funds report the compensated absence liability payable only if the payable has matured, for example an employee resigns or retires.

S. Changes in Accounting Standards - The County implemented the following standard issued by the Governmental Accounting Standards Board (GASB) in the current year as required: GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments in light of the COVID-19 pandemic.

T. Recent Accounting Pronouncement - In June 2018, GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. In May 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance* which postponed the effective date of GASB 88 to years beginning after June 15, 2020. Management is currently evaluating the impact of this standard on our financial statements.

NOTE 3 - DEPOSITS

Deposits - The carrying amount of the County's total deposits with financial institutions at September 30, 2019, was \$37,057,511 and the bank balance was \$36,210,428 which includes cash with fiscal agents. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of the failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

Cash with Fiscal Agents - The carrying amount of the County's cash with fiscal agents held by financial institutions was \$1,344,272 at September 30, 2019. Included in this amount is \$1,301,069 in the County's 2012 Qualified School Construction Bond Sinking Fund.

RISK FINANCING

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is \$1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention

FOR THE YEAR ENDED SEPTEMBER 30, 2019

As more fully explained in Note 10, debt has been issued by the County that qualifies as Qualified School Construction bonds. Debt currently outstanding is as follows:

<u>Description and Purpose</u>	<u>Interest Rate</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Amount Issued</u>	<u>Amount Outstanding</u>
G.O. bond, series 2012 (Qualified school construction bonds payable)	0%	08/2012	08/2027	\$ 3,000,000	\$ 3,000,000

Legal Debt Margin

The amount of debt, excluding specific exempted debt that can be incurred by the County is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the then last completed assessment for taxation. However, the limitation is increased to 20% whenever a county issues bonds to repair or replace washed out or collapsed bridges on the public roads of the County. As of September 30, 2019, the amount of outstanding debt was equal to 2.75% of the latest property assessments.

Prior Year Defeasance of Debt

In prior years, the County defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. On September 30, 2019, \$14,520,000 of bonds outstanding were considered defeased.

NOTE 10 - QUALIFIED SCHOOL CONSTRUCTION BONDS

Section 1521 of the American Recovery and Reinvestment Act (ARRA) of 2009 provides for a source of capital at no or at nominal interest rates for costs incurred by certain public schools in connection with the construction, rehabilitation or repair of a public school facility or for the acquisition of land where a school will be built. Investors receive Federal income tax credits at prescribed tax credit rates in lieu of interest, which essentially allows state and local governments to borrow without incurring interest costs. The current maturity limit of tax credit bonds is 17 years, per the U.S. Treasury Department. Under this program, 10.00% of the proceeds must be subject to a binding commitment to be spent within six months of issuance and 100.00% must be spent within three years. Up to 2.00% of bond proceeds can be used to pay costs of issuance.

In August 2012, the County issued G.O. Bond, Series 2012 (Qualified School Construction Bonds) on behalf of Forrest County Agricultural High School (FCAHS) in the amount of \$3,000,000. The stated interest rate on the bonds is 0.00% with an applicable tax credit rate of 4.41%. The County remitted the entire amount of the bond proceeds, net of \$26,494 issuance costs, to FCAHS for capital improvement projects.

Pursuant to the bond documents, these bonds are to be repaid in full August 2027, from the proceeds of the annual minimum sinking fund deposit schedule. The County was originally scheduled to make 15 equal annual payments of \$200,000 into a sinking fund, with a maximum permitted yield of 3.34%. These sinking fund requirements were adjusted during fiscal year 2013 to reflect annual payments of \$210,000 for years 2014 – 2022 and \$211,000 for years 2023 – 2027. The amount accumulated in the sinking fund at the end of the 15-year period will be sufficient to retire the debt. The amount on deposit at September 30, 2019 was \$1,301,069.

The following schedule reports the projected annual deposits required for the sinking fund.

NOTE 11 - DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan Description - Forrest County, Mississippi contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

Benefits Provided - Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly

for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

Contributions - At September 30, 2019, PERS members were required to contribute 9% of their annual covered salary, and the County is required to contribute at an actuarially determined rate. The employer's rate at September 30, 2019 was 17.40% of annual covered payroll. This rate increased as of July 1, 2019 from 15.75%. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018, and 2017 were \$2,365,853, \$2,204,355, and \$2,188,984, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2019, the County reported a liability of \$39,071,772 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. The County's proportionate share used to calculate the September 30, 2019 net pension liability was .2221% which was based on a measurement date of June 30, 2019. This was an increase of .0034% from its proportionate share used to calculate the September 30, 2018 net pension liability, which was based on a measurement date of June 30, 2018.

FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 11 - DEFINED BENEFIT PENSION PLAN (Cont.)

For the year ended September 30, 2019, the County recognized pension expense of \$3,041,169. At September 30, 2019, the County reported deferred outflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 16,967	\$ 30,872
Net difference between projected and actual earnings on pension plan investments	-	341,972
Changes of assumptions	281,185	-
Changes in the proportion and differences between the County's contributions and proportionate share of contributions	8,134,947	-
County contributions subsequent to the measurement date	599,207	-
Total	\$ 9,032,306	\$ 372,844

\$599,207 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending September 30:	Amount
2020	\$ 2,174,897
2021	2,174,897
2022	2,151,657
2023	1,558,804
Total	\$ 8,060,255

NOTE 11 - DEFINED BENEFIT PENSION PLAN (Cont.)

Actuarial Assumptions - The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.75 percent
Salary increases	3.00 - 18.25 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements in life expectancy.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The most recent target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	27.00%	4.90%
International Equity	22.00	4.75
Global Equity	12.00	5.00
Fixed Income	20.00	1.50
Real Estate	10.00	4.00
Private Equity	8.00	6.25
Cash	1.00	0.25
Total	100.00%

NOTE 11 - DEFINED BENEFIT PENSION PLAN (Cont.)

Discount rate - The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (17.40%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.75%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate:

	1% Decrease (6.75%)	Discount Rate (7.75%)	1% Increase (8.75%)
County's proportionate share of the net pension liability	\$ 51,361,198	\$ 39,071,772	\$ 28,927,954

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

NOTE 12 - CONTINGENCIES

Federal Grants - The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a grantor audit may become a liability of the County. No provision for any liability that may result has been recognized in the County's financial statements.

NOTE 12 - CONTINGENCIES (Cont.)

Litigation - The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

NOTE 13 - EFFECT OF DEFERRED AMOUNTS ON NET POSITION

The governmental activities' unrestricted deficit net position amount of \$8,621,058 includes the effect of deferred inflows/outflows of resources related to pensions. A portion of the deferred outflow of resources related to pensions in the amount of \$599,207 resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2020. The \$8,433,099 balance of the deferred outflow of resources related to pensions at September 30, 2019, will be recognized in pension expense over the next four years. The \$372,844 balance of the deferred inflow of resources related to pensions at September 30, 2019, will be recognized in pension expense over the next three years.

The governmental activities' net investment in capital assets net position of \$59,958,401 includes the effect of deferring the recognition of expenditures resulting from an advance refunding of County debt. \$359,678 of the \$9,391,984 balance of deferred outflows of resources at September 30, 2019, will be recognized as an expense and will decrease the net investment in capital assets net position over the next five years.

NOTE 14 - JOINT VENTURES

The County participates in the following joint ventures:

Forrest County is a participant with the City of Hattiesburg in a joint venture, authorized by Chapter 956, House Bill 1865, of the Local and Private Laws of 1994, to operate the Forrest County Industrial Park Commission. The joint venture was created to develop and operate an industrial park complex for the citizens of Forrest County and the City of Hattiesburg. The Forrest County Board of Supervisors appoints five of ten members of the board. By contractual agreement, the County's appropriation to the joint venture was \$200,000 in fiscal year 2019. Complete financial statements for the Forrest County Industrial Park Commission can be obtained from Post Office Box 1898, Hattiesburg, Mississippi 39403.

NOTE 16 - TAX ABATEMENTS

The Governmental Accounting Standards Board (GASB) implemented Statement 77, *Tax Abatement Disclosures* requiring governmental entities to disclose the reduction in tax revenues resulting from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The Forrest County Board of Supervisors negotiates property tax abatements on an individual basis. All abatements are for five and/or ten years and are for economic development purposes. The County had tax abatement agreements with twenty-seven entities as of September 30, 2019.

The County had two types of abatements, one of which provides for the abatement of school or state tax levies:

Sections 27-31-101 and 27-31-105, Miss. Code (Ann.) 1972 - All allowable property tax levies.

There are twenty-six companies that have tax abatements under this statute.

Section 27-31-104, Miss Code (Ann.) 1972 - Payments in-lieu of taxes.

There is one company that had tax abatements under this statute.

<u>Category</u>	<u>% of Taxes Abated During the Fiscal Year</u>	<u>Amount of Taxes Abated During Fiscal Year</u>
Construction and expansion of a storage facility	67%	\$ 745,583

The company was required to comply with any-special provisions, and did so, in order to receive the abatements and the County made no commitments as part of the agreements other than to reduce taxes.

NOTE 18 - SUBSEQUENT EVENTS

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of Forrest County, Mississippi evaluated the activity of the County through November 11, 2020, (the date the financial statements were available to be issued), and determined that the following subsequent event has occurred requiring disclosure in the notes to the financial statements.

The spread of a novel strain of coronavirus (COVID-19) in the United States of America has caused economic uncertainties which are likely to negatively impact the County's operational and financial performance. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Therefore, while the County expects this matter to negatively impact its operating results, the related financial impact and duration cannot be reasonably estimated at this time.

FORREST COUNTY, MISSISSIPPI

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE 1 - BUDGETARY INFORMATION

Budgetary Information - Statutory requirements dictate how and when the County's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the County, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff, Tax Assessor, and the Tax Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, it may make revisions to the budget.

The County's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

Basis of Presentation - The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP Basis) and variances between the final budget and the actual amounts. The schedule is presented for the General Fund. The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) is a part of required supplementary information.

Budget/GAAP Reconciliation - The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

NOTE 2 - PENSION SCHEDULES (Cont.)

- Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 3.00% to 2.75%.

The wage inflation assumption was reduced from 3.25% to 3.00%.

Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

Changes in Benefit Provisions

2016

Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

Method and assumptions used in calculations of actuarially determined contributions. The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported (June 30, 2017 valuation for the June 30, 2019 fiscal year end). The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, open
Remaining amortization period	38.4 years
Asset valuation method	5-year smoothed market
Price inflation	3.00%
Salary increase	3.25% to 18.50%, including inflation
Investment rate of return	7.75%, net of pension plan investment expense, including inflation

SPECIAL REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Members of the Board of Supervisors
Forrest County, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Forrest County, Mississippi (the County), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 11, 2020. Our report includes an adverse opinion on the aggregate discretely presented component units due to the omission of the discretely presented component units which are required by accounting principles generally accepted in the United States of America to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Forrest County, Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Forrest County, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Members of the Board of Supervisors
Forrest County, Mississippi

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs as 2019-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs as 2019-002 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Forrest County, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Forrest County, Mississippi's Responses to Findings

Forrest County, Mississippi's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Forrest County, Mississippi's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Members of the Board of Supervisors
Forrest County, Mississippi

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Members of the Board of Supervisors
Forrest County, Mississippi

Report on Compliance for the Major Federal Program

We have audited Forrest County, Mississippi's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Forrest County, Mississippi's major federal program for the year ended September 30, 2019. Forrest County, Mississippi's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Forrest County, Mississippi's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to

above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Forrest County, Mississippi's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Forrest County, Mississippi's compliance.

Opinion on the Major Federal Program

In our opinion, Forrest County, Mississippi complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of Forrest County, Mississippi is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Forrest County, Mississippi's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Members of the Board of Supervisors
Forrest County, Mississippi

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

FORREST COUNTY, MISSISSIPPI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS PAGE TWO FOR THE YEAR ENDED SEPTEMBER 30, 2019

SECTION 2: FINANCIAL STATEMENT FINDINGS

2019-001 The financial statements do not include the financial data for the County's legally separate component units.

Finding Type: Material Weakness

Repeat Finding: Yes

Criteria - Generally accepted accounting principles require the financial data for the County's component units to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units.

Condition - As reported in the prior years' audit report, the County's financial statements do not include the financial data of the County's component units.

Cause - The County did not provide audited financial statements for the required presentation of the aggregate discretely presented component units (not presented in this report).

Effect - Failure to include the data required by generally accepted accounting principles resulted in an adverse opinion on the aggregate discretely presented component units.

Recommendation - The Board of Supervisors should provide the financial data of all its discretely presented component units in accordance with generally accepted accounting principles.

Views of Responsible Officials - See Auditee Corrective Action Plan.

2019-002 The Sheriff's Office should perform monthly reconciliations between the Jail Tracker software and the settlement reports.

Finding Type: Significant Deficiency

Repeat Finding: Yes

Criteria - Settlement reports are required by state statute to be reconciled to underlying support in a timely manner.

SECTION 2: FINANCIAL STATEMENT FINDINGS (Cont.)

Condition - Monthly reconciliations of receipts in Jail Tracker software to settlement reports are not being performed.

Cause - Monthly reconciliations were not performed between the receipts included in the Sheriff's settlement reports and what was recorded as receipts in the Jail Tracker Software System.

Effect - Settlement reports may not represent all activity occurring during the reporting period which may result in the untimely settlement of receipts and inaccurate records.

Recommendation - The Sheriff's office should perform monthly reconciliations of receipts recorded in the Jail Tracker Software System to the manual receipts used in the preparation of settlement reports that are remitted to the Chancery Clerk's office on a timely basis.

View of Responsible Official - See Auditee Corrective Action Plan.

SECTION 3: FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

The results of our tests did not disclose any findings and questioned costs related to federal awards.

AUDITEE CORRECTIVE ACTION PLAN

Forrest County, Mississippi respectfully submits the following corrective action plan

Audit Period: September 30, 2019

The findings discussed below are numbered consistently with the numbers assigned in the schedule of findings and questioned costs.

Corrective Action Plan for Financial Statement Findings

2019-001

Forrest County, Mississippi made a conscious decision to exclude the discrete presentation of the County's component units in its financial statements because the cost and effort of this reporting requirement outweighs the benefit to the County.

Name of Responsible Person: Board of Supervisors of Forrest County, Mississippi

Expected Date of Completion: Unknown

2019-002

The newly elected Sheriff took office in January of 2020. He was informed of the many findings in past years regarding these audit findings relating to the Tracker system. Upon taking office, he has taken steps to fully have his office in compliance within the next audit period. He has staff that are qualified in respect to the proper management of the Tracker system throughout his complete Sheriff Department operation. They have training and had secured the process to include the full management scheme of the system. His monthly settlement reports are reflecting the proper use of the tracker software and these reports are being submitted to the Chancery Clerk's office in a timely basis.

Name of Responsible Person: Sheriff Charlie Sims (took office January 2020)

Expected Date of Completion: Reports are now reflective of the Tracker software usage in balancing.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Year Ended September 30, 2019

The following is an update of the prior audit findings.

2018-001

Condition - As reported in the prior nine years' audit reports, the County's financial statements do not include the financial data of the County's component units.

Recommendation - The Board of Supervisors should provide the financial data for its discretely presented component units for the inclusion in the County's financial statements.

Current Status - Not corrected. See Finding 2019-001.

2018-002

Condition - This finding was a significant deficiency stating that monthly reconciliation were not performed between the receipts included in the Sheriff's settlement reports and what was recorded as receipts in the Jail Tracker Software System.

Recommendation - The auditor recommended that the Sheriff's office perform monthly reconciliations of receipts that are recorded in the Jail Tracker Software System to the manual receipts used in the preparation of Settlement reports.

Current Status - Not corrected. See Finding 2019-002. Subsequent to September 30, 2019, reports are reflective of the Tracker software usage in balancing.
