INDEPENDENT AUDITOR'S REPORT

Members of the Board of Supervisors
Sunflower County, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Sunflower County, Mississippi, (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the North Sunflower Medical Center, the South Sunflower County Hospital or the Sunflower County Library, component units, which represent 100 percent of the assets, net position, and revenues of the aggregate discretely presented component unit column. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the aforementioned component units, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Sunflower County, Mississippi, as of September 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules and corresponding notes, the Schedule of the County's and Component Units' Proportionate Share of the Net Pension Liability, and the Schedule of the County's and Component Units' Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to this required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Omission of Required Supplementary Information

Sunflower County, Mississippi, has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected

by this missing information.

Other Information

The Schedule of Surety Bonds for County Officials has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 14, 2020 on our consideration of Sunflower County, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Sunflower County, Mississippi's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sunflower County, Mississippi's internal control over financial reporting and compliance.

The notes to the financial statements are an integral part of this statement.

SUNFLOWER COUNTY**Exhibit 4-1****Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2019**

	<u>Amount</u>
Net Change in Fund Balances - Governmental Funds	\$ 322,872
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Thus, the change in net position differs from the change in fund balances by the amount that capital outlay of \$4,586,567 exceeded depreciation of \$1,432,059 in the current period.	3,154,508
In the Statement of Activities, only gains and losses from the sale of capital assets are reported, while in the governmental funds, the proceeds from the sale of capital assets increase financial resources. Thus, the change in net position differs from the change in fund balances by the amount of the net loss of \$87,967.	(87,967)
Fine revenue recognized on the modified accrual basis in the funds during the current year is decreased because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.	(10,249)
Solid waste revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.	(2,943)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount of debt repayment of \$544,850.	544,850
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. Thus, the change in net position differs from the change in fund balances by a combination of the following items:	
Change in compensated absences	3,750
Change in accrued interest payable	2,576
Items reported in the Statement of Activities relating to the implementation of GASB 68 are not reported in the governmental funds. These activities include:	
Recognition of pension expense for the current year	(1,454,735)
Recognition of contributions made for the current year	809,495
Change in Net Position of Governmental Activities	\$ <u>3,282,157</u>

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES.

A. Financial Reporting Entity.

Sunflower County, Mississippi (the County) is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. Accounting principles generally accepted in the United States of America require Sunflower County to present these financial statements on the primary government and its component units which have significant operational or financial relationships with the County.

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the County legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor-Collector
- Sheriff

B. Individual Component Unit Disclosures.

Discretely Presented Component Units – The component units' columns in the financial statements include the financial data of the following component units of the County. They are reported in a separate column to emphasize that they are legally separate from the County. All members of the governing bodies of these component units are appointed by the County Board of Supervisors.

North Sunflower Medical Center provides inpatient, outpatient, emergency, psychiatric and long-term care services for the residents of Sunflower County, Mississippi and surrounding areas. The facility is governed by a Board of Trustees appointed by the Board of Supervisors of Sunflower County, Mississippi.

South Sunflower County Hospital is a public hospital created to handle the medical needs of Indianola, Mississippi and the surrounding area. The facility is governed by a Board of Trustees appointed by the Board of Supervisors of Sunflower County, Mississippi.

The Sunflower County Library consists of libraries located in Indianola, Inverness, Drew and Ruleville. The mission of the Library is to promote and develop adequate library services throughout Sunflower County that meet the general and specialized needs of the citizens of the County. The Board of Supervisors of Sunflower County appoints the five members of the Library's Board of Trustees.

C. Basis of Presentation.

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, fund financial statements and accompanying note disclosures which provide a detailed level of financial information.

Government-wide Financial Statements:

The Statement of Net Position and the Statement of Activities display information concerning the County as a whole. The statements include all non-fiduciary activities of the primary government and its

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

component units. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental revenues and other non-exchange revenues.

The Statement of Net Position presents the financial condition of the governmental activities of the County at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements:

Fund financial statements of the County are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, deferred inflows of resources, fund balances, revenues and expenditures. Funds are organized into governmental and fiduciary. Major individual Governmental Funds are reported as separate columns in the fund financial statements. Non-major funds are aggregated and presented in a single column as Other Governmental Funds.

D. Measurement Focus and Basis of Accounting.

The Government-wide and Fiduciary Funds (excluding agency funds) financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the County. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied. Agency funds have no measurement focus but use the accrual basis of accounting.

Governmental fund financial statements are presented using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate liabilities existing at the end of the year. Available means collected in the current period or within 60 days after year end to liquidate liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the accounting period when the related fund liabilities are incurred. Debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

The County reports the following major Governmental Funds:

General Fund - This fund is used to account for and report all financial resources not accounted for and reported in another fund.

Countywide Road Maintenance Fund – The fund is used to account for monies from specific revenue sources that are restricted for road maintenance.

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Bridge & Culvert Fund – This fund is used to account for monies from specific revenue sources that are restricted for repairs to bridges and culverts.

Additionally, the County reports the following fund types:

GOVERNMENTAL FUND TYPES

Special Revenue Funds - These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Debt Service Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Capital Projects Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

FIDUCIARY FUND TYPE

Agency Funds - These funds account for various taxes, deposits and other monies collected or held by the county, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

E. Account Classifications.

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

F. Deposits and Investments.

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the County may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, and all certificates of deposit and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value. However, the County did not invest in any governmental securities during the fiscal year.

G. Receivables.

Receivables are reported net of allowances for uncollectible accounts, where applicable.

H. Inter-fund Transactions and Balances.

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds." Inter-fund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

I. Capital Assets.

Capital acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extents to which capital assets, other than infrastructure, have been estimated, and the methods of estimation, are not readily available. Donated capital assets are recorded at estimated fair market value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements. Depreciation is calculated on the straight-line basis for all assets, except land. It is the practice of the County that no depreciation is taken on purchases of capital assets during the acquisition year.

A full year's depreciation is taken for all sales or other dispositions of capital assets during the year.

The schedule on the following page details those thresholds and estimated useful lives.

	<u>Capitalization Thresholds</u>	<u>Estimated Service Life</u>
Land	\$ 0	N/A
Infrastructure	0	20 to 50 years
Buildings	50,000	40 years
Improvements other than buildings	25,000	20 years
Mobile equipment	5,000	5 to 10 years
Furniture and equipment	5,000	3 to 7 years
Leased property under capital leases	*	*

*Leased property capitalization policy and estimated useful life will correspond with the amounts for the asset classification, as listed above.

J. Deferred Outflows/Inflows of Resources.

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred outflows related to pensions – This amount represents the County's proportionate share of the deferred outflows of resources reported by the pension plan in which the County participates. See Note 8 for additional details

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s), and so will not be recognized as an inflow of resources (revenue) until that time.

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Property tax for future reporting period/unavailable revenue – property taxes – Deferred inflows of resources should be reported when resources associated with imposed non-exchange revenue transactions are received or reported as a receivable before the period for which property taxes are levied.

Unavailable revenue – fines – When an asset is recorded in the governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Unavailable revenue – sanitation fees – When an asset is recorded in the governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Deferred inflows related to pensions – This amount represents the County's proportionate share of the deferred inflows of resources reported by the pension plan in which the County participates. See Note 8 for additional details.

K. Pensions.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Mississippi (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Long-term liabilities.

Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances but may also include liabilities on lease-purchase agreements and other commitments.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

M. Equity Classifications.

Government-wide Financial Statements:

Equity is classified as Net Position and displayed in three components:

Net Investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets.

Restricted net position - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position not meeting the definition of "restricted" or "net investment in capital assets."

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Net Position Flow Assumption:

When an expense is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenses are incurred for purposes for which unrestricted (committed, assigned or unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts and then unassigned amounts.

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Governmental fund balance is classified as non-spendable, restricted, committed, assigned, or unassigned. The following are descriptions of fund classifications used by the County:

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to a specific purpose within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Fund Balance Flow Assumption:

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned or unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts and then unassigned amounts.

N. Property Tax Revenues.

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicle and mobile homes become a lien and are due in the month that coincides with the month of the original purchase.

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of the original purchase occurs.

O. Intergovernmental Revenues in Governmental Funds.

Intergovernmental revenues, consisting of grants, entitlements and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the "available" criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

P. Compensated Absences.

The County has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements. In fund financial statements, Government Funds report the compensated absence liability payable only if the payable has matured, for example an employee resigns or retires.

NOTE 2 - PRIOR PERIOD ADJUSTMENTS.

A summary of significant net position adjustments is as follows:

Exhibit 2 - Statement of Activities - Governmental Activities:

Explanation	Amount
To correct capital assets.	10,925
Total prior period adjustments	\$ 10,925

NOTE 3 - DEPOSITS.

Deposits - The carrying amount of the County's total deposits with financial institutions at September 30, 2019, was \$8,870,781 and the bank balance was \$9,316,718. The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of the failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

NOTE 4- INTER-FUND TRANSACTIONS AND BALANCES.

The following is a summary of inter-fund balances at September 30, 2019:

Due From/To Other Funds:

Receivable Fund	Payable Fund	Amount
Countywide Road Maintenance Fund	General Fund	\$ 26,582
Bridge and Culvert Fund	General Fund	11,046
Other Governmental Funds	General Fund	14,566
Other Governmental Funds	Countywide Road Maintenance Fund	61,944
Agency	General Fund	9,782
Total		<u>\$ 123,920</u>

The receivables represent tax revenue collected in September, 2019, but not settled until October, 2019 (61,557), amounts due from the Countywide Road Maintenance Fund to the County Vehicle Fund (61,944), and amounts due the Law Library Fund (419). All interfund balances are expected to be repaid within one year from the date of the financial statements.

NOTE 5 - INTERGOVERNMENTAL RECEIVABLES.

Intergovernmental receivables at September 30, 2019, consisted of the following:

Governmental Activities:

Description	Amount
State Legislative Tax Credit	\$ 112,848
State Aid Roads	15,486
Total	<u>\$ 128,334</u>

NOTE 6 - LOANS RECEIVABLE.

The loan receivable at September 30, 2019, consisted of the following:

Description	Date of Loan	Interest Rate	Maturity Date	Balance Receivable
Delta Pride Catfish, Inc.	08-00	6.50%	05-16	\$ 315,906
Less: allowance for uncollectibles				(315,906)
Total				<u>\$ -</u>

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

NOTE 8 - DEFINED BENEFIT PENSION PLAN.

General Information about the Pension Plan

Plan Description. Sunflower County, Mississippi contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

Benefits Provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public-school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

Contributions. At September 30, 2019, PERS members were required to contribute 9% of their annual covered salary, and the County is required to contribute at an actuarially determined rate. The employer's rate at September 30, 2019 was 17.40% of annual covered payroll. This rate increased as of July 1, 2019 from 15.75%. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018 and 2017 were \$809,495, \$730,657, and \$721,683 respectively, equal to the required contributions for each year.

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019, the County reported a liability of \$12,314,378 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. The County's proportionate share used to calculate the September 30, 2019 net pension liability was 0.070 percent, which was based on a measurement date of June 30, 2019. There was no change in the percentage from its proportionate share used to calculate the September 30, 2018 net pension liability, which was based on a measurement date of June 30, 2018.

For the year ended September 30, 2019, the County recognized pension expense of \$1,454,735. At September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 7,285	13,254
Net difference between projected and actual earnings on pension plan investments		152,367
Changes of assumptions	120,732	
Changes in the proportion and differences between contributions and proportionate share of contributions	136,290	519
Contributions subsequent to the measurement date	223,377	
Total	\$ 487,684	166,140

The \$223,377 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	Amount
2020	\$ 156,627
2021	(159,676)
2022	44,992
2023	56,224
Total	\$ 98,167

Actuarial Assumptions. The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.75 percent
Salary increases	3.00 - 18.25 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements in life expectancy.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018. The experience report is dated April 2, 2019.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The most recent target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	27.00 %	4.90 %
International Equity	22.00	4.75
Global Equity	12.00	5.00
Fixed Income	20.00	1.50
Real Estate	10.00	4.00
Private Equity	8.00	6.25
Cash	1.00	0.25
	<u>100.00 %</u>	

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (17.40%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1- percentage-point higher (8.75 percent) than the current rate:

	<u>1% Decrease (6.75%)</u>	<u>Discount Rate (7.75%)</u>	<u>1% Increase (8.75%)</u>
County's Proportionate share of the net pension liability	\$ 16,187,681	12,314,378	9,117,320

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

DEFINED BENEFIT PENSION PLAN – COMPONENT UNITS

North Sunflower Medical Center

Plan Description. The North Sunflower Medical Center contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan.

Contributions. The Medical Center's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018 and 2017 were \$3,680,543, \$3,733,087, and \$3,894,813, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019, the Medical Center reported a liability of \$62,202,930 for its proportionate share of the net pension liability. At June 30, 2019, the Medical Center's proportion was 0.353587 percent, which was a decrease of 0.022970 percent from its proportion measured as of June 30, 2018.

For the year ended September 30, 2019, the Medical Center recognized pension expense of \$7,541,570. At September 30, 2019, the Medical Center reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 39,182	74,170
Net difference between projected and actual earnings on pension plan investments	2,314,742	3,360,412
Changes of assumptions	610,863	
Changes in the proportion and differences between contributions and proportionate share of contributions	1,128,637	4,072,054
Contributions subsequent to the measurement date	903,973	
Total	\$ 4,997,397	7,506,636

The \$903,973 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	Amount
2020	\$ (452,888)
2021	(2,633,164)
2022	(611,147)
2023	283,987
Total	\$ (3,413,212)

South Sunflower County Hospital

Plan Description. The South Sunflower County Hospital contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan.

Contributions. The Hospital's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018 and 2017 were \$1,359,407, \$1,289,734, and \$1,217,251, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019, the Hospital reported a liability of \$22,294,659 for its proportionate share of the net pension liability. At June 30, 2019, the Hospital's proportion was 0.126732 percent, which was an increase of 0.001512 percent from its proportion measured as of June 30, 2018.

For the year ended September 30, 2019, the Hospital recognized pension expense of \$2,336,431. At September 30, 2019, the Hospital reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 13,188	23,998
Net difference between projected and actual earnings on pension plan investments		243,915
Changes of assumptions	218,578	
Changes in the proportion and differences between contributions and proportionate share of contributions	659,445	
Contributions subsequent to the measurement date	397,447	
Total	\$ 1,288,658	267,913

The \$397,447 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	Amount
2020	\$ 430,384
2021	(26,954)
2022	118,085
2023	101,783

Sunflower County Library

Plan Description. The Sunflower County Library contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan.

Contributions. The Library's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018 and 2017 were \$44,780, \$45,418, and \$48,118, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019 the Library reported a liability of \$730,419 for its proportionate share of the net pension liability. At June 30, 2019, the Library's proportion was 0.004152 percent, which was a decrease of 0.000494 percent from its proportion measured as of June 30, 2018.

For the year ended September 30, 2019, the Library recognized pension expense of \$33,195. At September 30, 2019, the Library reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 609	897
Net difference between projected and actual earnings on pension plan investments	30,982	40,867
Changes of assumptions		
Changes in the proportion and differences between contributions and proportionate share of contributions	7,051	72,935
Contributions subsequent to the measurement date	12,852	
Total	\$ 51,494	114,699

The \$12,852 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	Amount
2020	\$ (26,548)
2021	(38,034)
2022	(14,807)
2023	3,332
Total	\$ (76,057)

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Annual debt service requirements to maturity for the following debt reported in the Statement of Net Position are as follows:

Year Ending September 30:	General Obligation Bonds		Other Loans		Capital Lease Obligations	
	Principal	Interest	Principal	Interest	Principal	Interest
2020	\$ 130,000	40,385	926,816	248,360	153,246	19,871
2021	135,000	37,395	282,417	6,496	840,942	4,451
2022	141,000	34,155				
2023	146,000	30,489				
2024	152,000	26,401				
2025 - 2028	671,000	56,531				
Total	\$ 1,375,000	225,356	1,209,233	254,856	994,188	24,322

Legal Debt Margin - The amount of debt, excluding specific exempted debt that can be incurred by the County is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the then last completed assessment for taxation. However, the limitation is increased to 20% whenever a county issues bonds to repair or replace washed out or collapsed bridges on the public roads of the County. As of September 30, 2019, the amount of outstanding debt was equal to 0.92% of the latest property assessments.

The following is a summary of changes in long-term liabilities and obligations for the year ended September 30, 2019:

	Balance Oct. 1, 2018	Additions	Reductions	Balance Sept. 30, 2019	Amount due within one year
Compensated absences	\$ 79,357		3,750	75,607	
General obligation bonds	1,500,000		125,000	1,375,000	130,000
Other loans	1,479,094		269,861	1,209,233	926,816
Capital lease obligations	1,144,177		149,989	994,188	153,246
Total	\$ 4,202,628	-	548,600	3,654,028	1,210,062

Compensated absences will be paid from the fund from which the employees' salaries were paid, which are generally the General Fund, Countywide Road Maintenance Fund, Bridge and Culvert Fund, and Other Governmental Funds.

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

Sunflower County Library

The following is the summary of changes in long-term liabilities for the year ended September 30, 2019:

	Balance Oct. 1, 2018	Additions	Reductions	Balance Sept. 30, 2019	Amount due within one year
Compensated absences	\$ 10,421		854	9,567	
Total	\$ 10,421	-	854	9,567	-

NOTE 11 - CONTINGENCIES.

Federal Grants - The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a grantor audit may become a liability of the County. No provision for any liability that may result has been recognized in the County's financial statements.

Litigation - The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

General Obligation Debt Contingencies - The County issued general obligation bonds, series 2009 to provide funds for constructing and improving the capital facilities of the North Sunflower Medical Center. Such debt is being retired from pledged resources of the Medical Center and, therefore, is reported as a liability of the Medical Center. However, because general obligation bonds are backed by the full faith, credit and taxing power of the County, the County remains contingently liable for its retirement. The principal amount of such debt outstanding at year end is as follows:

Description	Amount
General obligation hospital bonds, series 2009	\$ 1,860,000

NOTE 12 – EFFECT OF DEFERRED AMOUNTS ON NET POSITION

The governmental activities' unrestricted net position amount of (\$8,449,698) includes the effect of deferred inflows/outflows of resources related to pensions. A portion of the deferred outflow of resources related to pension in the amount of \$223,377 resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2020. The \$264,307 balance of the deferred outflow of resources related to pensions at September 30, 2019, will be recognized in pension expense over the next three years. The \$166,140 balance of the deferred inflow of resources related to pension at September 30, 2019, will be recognized in pension expense over the next four years.

The governmental activities' net position amount includes the effect of deferring the recognition of revenue resulting from property tax receivable. The \$8,332,582 balance of deferred inflows of resources from property tax for future reporting period at September 30, 2019, will be recognized as revenue in the next fiscal year.

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

NOTE 13 - JOINTLY GOVERNED ORGANIZATIONS.

The County participates in the following jointly governed organizations:

Mississippi Delta Community College operates in a district composed of the counties of Bolivar, Humphreys, Issaquena, Leflore, Sharkey, Sunflower and Washington. The Sunflower County Board of Supervisors appoints six of the 20 members of the College Board of Trustees. The County appropriated \$843,380 in taxes for maintenance and support of the College in fiscal year 2019.

Yazoo-Mississippi Water Management District operates in a district composed of the counties of Bolivar, Carroll, Coahoma, Desoto, Holmes, Humphreys, Issaquena, Leflore, Panola, Quitman, Sharkey, Sunflower, Tallahatchie, Tate, Tunica, Washington and Yazoo. The Sunflower County Board of Supervisors appoints one of the 21 members of the Board of Commissioners. The County levied a 2 mills tax, which raised \$143,251 for the maintenance and support of the District in the fiscal year 2019.

Region Six Mental Health/Mental Retardation Center/Life Help operates in a district composed of the counties of Attala, Carroll, Grenada, Holmes, Humphreys, Leflore, Montgomery and Sunflower. The Sunflower County Board of Supervisors appoints one of the eight members of the Board of Commissioners. The County appropriated \$57,300 to the entity in the fiscal year 2019.

The South Delta Planning and Development District operates in a district composed of the counties of Bolivar, Humphreys, Issaquena, Sharkey, Sunflower and Washington. The Sunflower County Board of Supervisors appoints four of the 22 members of the District's Board of Directors. The County appropriated \$11,254 for the support of the District in fiscal year 2019.

NOTE 14 – TAX ABATEMENT

For the year beginning October 1, 2016, the Governmental Accounting Standards Board (GASB) implemented Statement 77, *Tax Abatement Disclosures*. This statement requires governmental entities to disclose the reduction in tax revenues resulting from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The Sunflower County Board of Supervisors negotiates property tax abatements on an individual or entity basis with varying abatement periods. These abatements contribute to the economic development and citizenry of the County. The County had tax abatement agreements with nine entities as of September 30, 2019.

The County had abatements under the following statute, which does not provide for the abatement of school or state tax levies: 27-31-105, Miss. Code (Ann.) 1972. All allowable property tax levies:

Category	Fiscal Year 2019	
	% of Taxes Abated	Amount of Taxes Abated
Additions, expansions or equipment replacment	100.00%	\$ 306,876

SUNFLOWER COUNTY
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended September 30, 2019

The companies were not required to comply with any special provisions in order to receive the abatements and the County made no commitments as part of the agreements other than to reduce taxes.

NOTE 15 - SUBSEQUENT EVENTS.

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of Sunflower County evaluated the activity of the County through August 14, 2019 (the date the financial statements were available to be issued) and determined that the follow event occurred that requires disclosure.

Management is continuing to evaluate the impact of the coronavirus disease 2019 (COVID-19), which was declared a pandemic by the World Health Organization in March 2020, on the County's operations. This situation has depressed the tax bases and other areas in which the County received revenue during fiscal year 2019. As such, our financial position, operations, and cash flows will be negatively impacted for the fiscal year 2020 and may hinder our ability to meet the needs of our constituents. Management has and will take the necessary actions to marginalize the disruption caused by the outbreak. The specific impact on our financial position, operations, and cash flows is not readily determinable as of the date of these financial statements, therefore, the financial statements do not include any adjustments that might result from the outcome of this uncertainty.

UNAUDITED

BUDGETARY COMPARISON SCHEDULES

A. Budgetary Information.

Statutory requirements dictate how and when the County's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the County, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff and the Tax Assessor- Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, it may make revisions to the budget.

The County's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

B. Basis of Presentation.

The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP Basis) and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund. The Budget Comparison Schedule - Budget and Actual (Non-GAAP Basis) is a part of required supplementary information.

C. Budget/GAAP Reconciliation.

The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The following schedule reconciles the budgetary basis schedules to the GAAP basis financial statements for the General Fund and each major Special Revenue Fund:

	<u>Governmental Fund Types</u>		
	<u>General Fund</u>	<u>Countywide Road Maintenance Fund</u>	<u>Bridge & Culvert Fund</u>
Budget (Cash Basis)	\$ 615,466	(631,272)	192,781
Increase (Decrease)			
Net adjustments for revenue accruals	10,580	2,966	1,959
Net adjustments for expenditure accruals	(23,224)	31,203	(33,049)
GAAP Basis	<u>\$ 602,822</u>	<u>(597,103)</u>	<u>161,691</u>

SUNFLOWER COUNTY

PENSION SCHEDULES

A. Changes of assumptions.

2019

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:

For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119.

For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119.

Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:

For males, 137% of male rates at all ages.

For females, 115% of female rates at all ages.

Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 3.00% to 2.75%.

The wage inflation assumption was reduced from 3.25% to 3.00%.

Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

2017

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.

The wage inflation assumptions were reduced from 3.75% to 3.25%

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual and anticipated experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

2016

The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

SUNFLOWER COUNTY
Notes to the Required Supplementary Information
For the Year Ended September 30, 2019
UNAUDITED

2015

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.

The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

B. Changes in benefit provisions.

2016

Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

Method and assumptions used in calculations of actuarially determined contributions. The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported (June 30, 2017 valuation for the June 30, 2019 fiscal year end). The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, open
Remaining amortization period	38.4 years
Asset valuation method	5-year smoothed market
Price Inflation	3.00 percent
Salary increase	3.25 percent to 18.50 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Members of the Board of Supervisors
Sunflower County, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Sunflower County, Mississippi (the County), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated August 14, 2020. Other auditors audited the financial statements of the North Sunflower Medical Center, the South Sunflower County Hospital, and the Sunflower County Library, as described in our report on Sunflower County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting and on compliance and other matters that are reported separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Sunflower County, Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sunflower County, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sunflower County, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT ACCOUNTANT'S REPORT ON CENTRAL PURCHASING SYSTEM,
INVENTORY CONTROL SYSTEM AND PURCHASE CLERK SCHEDULES
(REQUIRED BY SECTION 31-7-115, MISS. CODE ANN. (1972))**

Members of the Board of Supervisors
Sunflower County, Mississippi

We have examined Sunflower County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Section 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2019. The Board of Supervisors of Sunflower County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Sunflower County, Mississippi, has established centralized purchasing for all funds of the County and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with state law.

Because of inherent limitations in any central purchasing system and inventory control system, errors or irregularities may occur and not be detected. Also, projection of any current evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

In our opinion, Sunflower County, Mississippi, complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2019.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchases and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination and, in our opinion, is fairly presented in relation to that examination.

This report is intended for use in evaluating Sunflower County, Mississippi's compliance with the aforementioned requirements, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

LIMITED INTERNAL CONTROL AND COMPLIANCE REVIEW MANAGEMENT REPORT

Members of the Board of Supervisors
Sunflower County, Mississippi

In planning and performing our audit of the financial statements of Sunflower County, Mississippi for the year ended September 30, 2019, we considered Sunflower County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Sunflower County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the County's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated August 14, 2020, on the financial statements of Sunflower County, Mississippi.

Although no findings came to our attention as a result of these review procedures and compliance tests, these procedures and tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of the internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

This report is intended solely for the information and use of management, the Board of Supervisors, and others within the entity and is not intended to be and should not be used by anyone other than these parties. However, this report is a matter of public record and its distribution is not limited.
