**NOTE 1 - SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING  
POLICIES**

**A. Reporting Entity**

The Town of Crowder is located in the southeastern part of Quitman County. The town was incorporated in 1917, it operates under the Mayor and Board of Aldermen form of government and it provides the following services to its citizens: safety (police & fire), maintenance, and administrative. The town has no component units and therefore is considered as one unit.

**B. Accounting Method**

The Town uses funds to report its cash receipts and disbursements. Fund accounting is used to demonstrate legal compliance by segregating transactions related to specific government functions.

The Town uses three classifications of funds: general fund, special revenue and proprietary fund. Each fund has a separate balanced set of accounts.

The general governmental fund is used to account for all the Town's general governmental activities and include the accounting for fixed assets and general long term debt.

The special revenue fund is used to account for specific revenues that are restricted to expenditures for specific purposes.

The proprietary fund (utility fund) is used to account for activities where net income or net loss is determined as if operated as a business-type activity.

**C. Basis of Accounting**

The financial statement is prepared using the cash receipts and disbursements method of accounting as prescribed by the Office of the State Auditor. Revenues are recognized when received rather than when earned and expenses are recognized when paid rather than when incurred.

**TOWN OF CROWDER**  
**Notes to the Financial Statement (continued)**  
**September 30, 2019**

**D. Cash Deposits**

The Town deposits all its funds in financial institutions selected by the board of aldermen that are insured by the Federal Deposit Insurance Corporation up to \$250,000.

**E. Column Totals**

The total column in this financial statement is presented for overview information purposes and is not meant to present fairly the cash receipts and disbursements on a consolidated basis.

**F. Date of Management's Review**

The Town's management has evaluated subsequent events through November 12, 2019, the date on which the financial statement was available to be issued.

**NOTE 2 – AD VALOREM TAX**

The Town uses the county tax rolls for the assessment of its Ad Valorem tax. Property is assessed in January of each year and the millage rate is set in September of each year. The Town Clerk bills property owners for the Ad Valorem tax in December of each year. They are due on January 1<sup>st</sup> and become delinquent after February 1<sup>st</sup>. The taxes levied for the year ended September 30, 2019 was 45.0 mills.

**NOTE 3 – CASH AND OTHER DEPOSITS**

The collateral for public entities' deposit in financial institutions are now held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 Miss. Code (1972). Under this program, the entity's funds are protected through a collateral pool administered by the securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasury to replace the public deposits not covered by the Federal Depository Insurance Corporation.

The caring amount of the Town's deposit with financial institutions was \$180,533 and the bank balance was \$180,533.
