Honorable Mayor and Alderpersons Town of Louise, Mississippi

Management is responsible for the accompanying statement of cash receipts and disbursements of the governmental activities and business-type activities of The Town of Louise, Mississippi, for the year ended September 30, 2020, which collectively comprise the Town's basic financial statements as listed in the table of contents, in accordance with the cash basis of accounting, and for determining that the cash basis of accounting is an acceptable financial reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the statement of cash receipts and disbursements of the governmental activities and business-type activities, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. The statement of cash receipts and disbursements is prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Management has elected to omit substantially all of the disclosures ordinarily included in a financial statement prepared on the cash basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Town's cash receipts and disbursements. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted Management's Discussion and Analysis that is required to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

The accompanying supplementary information is presented in compliance with the requirements of the Mississippi Office of the State Auditor and has been compiled from information that is the representation of management. This information was subject to our compilation engagement however, we have not audited or reviewed the supplementary information and, accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on such supplementary information.

These reports are intended solely for informational use of the governing body and management of the Town of Louise, Mississippi, and filing with the Office of the State Auditor of Mississippi. This restriction is not intended to limit the distribution of this report which is a matter of public record.

TOWN OF LOUISE, MISSISSIPPI NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Town of Louise, Mississippi (the Municipality), have been prepared using the cash receipts and disbursements basis of accounting. That is, revenues are recognized when received rather than when measurable and available, and expenditures are recognized when paid rather than when the obligations are incurred. Accordingly, the statement of cash receipts and disbursements is not intended to present results of operations in conformity with generally accepted accounting principles.

General Information:

The Municipality operates under the Mayor and Alderpersons form of government and provides services as required by law.

Reporting Entity:

The Municipality utilizes fund accounting, with each fund being considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures.

The Municipality reports the following major Governmental Funds:

 $\underline{\text{General Fund}}$ - This fund is used to account for and report all financial resources not accounted for and reported in another fund.

Governmental Fund Types:

<u>Capital Projects Fund</u> - The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of major capital facilities.

Proprietary Fund Types:

<u>Enterprise Funds</u> - These funds are used to account for those operations that are financed and operated in a manner similar to private business enterprises or where the county has decided that periodic determination of revenues earned, expenses incurred and/or net income is necessary for management accountability.

NOTE 2. Report Classifications:

Receipts and disbursements were classified according to requirements for small towns in the State of Mississippi as prescribed by the Office of the State Auditor.

TOWN OF LOUISE, MISSISSIPPI NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2020

NOTE 3. Budget:

Budgets are adopted as prescribed by the State of Mississippi. Annual appropriated budgets are adopted for all funds. The Mississippi Code Ann. (1972) prescribes cash basis reporting of revenues for budgeting of expenditures to be disbursed within thirty days after year end (with exception for construction in progress).

NOTE 4. Cash and Cash Equivalents:

The carrying amount of the Municipality's deposits with financial institutions reported in the governmental funds was \$335,432, which includes \$71,254 in certificate of deposits with original maturities beyond three months. The bank balance was \$335,432.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of the failure of a financial institution, the Municipality will not be able to recover deposits or collateral securities that are in the possession of an outside party. The Municipality does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the Municipality.

NOTE 5. Property Tax

The Board of Alderpersons, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicle and mobile homes become a lien and are due in the month that coincides with the month of the original purchase. The Municipality entered into an agreement with the Bolivar County Tax Collector to bill and collect real and personal property taxes. Personal auto taxes and mobile home taxes continue to be collected and remitted to the Municipality by the county tax collector. The General Fund millage rate for the Town of Louise was 44.70 mills.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Honorable Mayor and Alderpersons Town of Louise, Mississippi

We have compiled the accompanying Statement of Cash Receipts and Disbursements - Governmental Activities and Business-Type Activities, Schedule of Investments, and Schedule of Surety Bonds for Municipal Officials for the year ended September 30, 2020, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statement has been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

We have performed procedures to test compliance with certain state laws and regulations as described by the Municipal Compliance Questionnaire that is prescribed by the Office of the State Auditor of Mississippi. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the Municipality's compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to items tested, the results of those procedures, our compilation of the accompanying Statement of Cash Receipts and Disbursements – Governmental Activities and Business-Type Activities, Schedule of Investments, and Schedule of Surety Bonds for Municipal Officials, of the Town of Louise, Mississippi, for the year ended September 30, 2020, disclosed no material instances of noncompliance with state laws and regulations.

1. In accordance with Section 21-35-13, Miss Code Ann. (1972), the Municipal Clerk is to submit to the board a monthly report of expenditures against each budget item for the preceding month and fiscal year to date and the unexpended balances of each budget item; no such report was prepared and submitted.

This report is intended solely for the information and use of management, Town Alderpersons, and the Office of the State Auditor of Mississippi and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.
