**INDEPENDENT AUDITORS' REPORT ON
THE COMBINED STATEMENT OF CASH RECEIPTS AND
DISBURSEMENTS AND SUPPLEMENTAL INFORMATION**

Honorable Mayor and Board of Aldermen
City of Macon
Macon, Mississippi

We have audited the accompanying Combined Statement of Cash Receipts and Disbursements of the City of Macon, Mississippi for the year ended September 30, 2020, and the related notes to financial statement, as listed in the contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the cash basis of accounting as described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the presentation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the respective results of operations—cash basis of the governmental funds, one proprietary fund, and fiduciary fund of the City of Macon, Mississippi for the year ended September 30, 2020, in accordance with the cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. The financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the Combined Statement of Cash Receipts and Disbursements of the City of Macon, Mississippi. The schedule of capital assets, long-term debt, schedule of investments, and schedule of surety bonds for municipal officials are presented for purposes of additional analysis and are not a required part of the Combined Statement of Cash Receipts and Disbursements.

The schedule of capital assets, long-term debt, schedule of investments and schedule of surety bonds, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the Combined Statement of Cash Receipts and Disbursements. Such information has been subjected to the auditing procedures applied in the audit of the Combined Statement of Cash Receipts and Disbursements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Combined Statement of Cash Receipts and Disbursements or to the Combined Statement of Cash Receipts and Disbursements itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of capital assets, long-term debt, schedule of investments and schedule of surety bonds, are fairly stated, in all material respects, in relation to the Combined Statement of Cash Receipts and Disbursements.

As discussed in Note 1, the Combined Statement of Cash Receipts and Disbursements presents only the governmental funds, one proprietary fund, and fiduciary fund of the City of Macon, Mississippi, and does not purport to, and does not, present fairly the results of operations – cash basis of the City of Macon, Mississippi, for the year ended September 30, 2020, in conformity with the cash basis of accounting described in Note 1.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 21, 2021 on our consideration of the City of Macon, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Macon, Mississippi's internal control over financial reporting and compliance.

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

The citizens of Macon, Mississippi have elected to operate under a Code Charter as permitted by Mississippi Statue 21-3-3, which prescribes a Mayor and Board of Alderman form of government.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in accounting principles generally accepted in the United States of America. The basic-but not only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the City of Macon, Mississippi's reporting entity.

Not included within the reporting entity:

City of Macon Electric Department: The Electric Department's governing board is the City of Macon, Mississippi's governing body. The rates for user charges and bond issuance authorizations are determined by the government's governing body. The Electric Department has been excluded from the City of Macon's financial statement. The Electric Department prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the provision of the power contract between the Electric Department and the Tennessee Valley Authority, and are consistent with the requirements of the Federal Energy Regulatory Commission's system of accounts which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The fiscal year end for the Electric Department is June 30, and a separate audit report has been issued.

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 1 - Summary of Significant Accounting Policies (Continued)

The following is a summary of the more significant accounting principles:

Fund Accounting

The accounts of the City of Macon, Mississippi are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped into five generic fund types and three broad fund categories as follows:

Governmental Funds

General Fund - The General Fund is the general operating fund of the City of Macon, Mississippi. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally restricted for specific expenditure purposes. The Special Revenue Fund is the Environmental Protection Agency Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of general long-term debt principal, interest, and related costs. The primary revenue source is local property taxes levied specifically for debt service.

Capital Projects Fund - The Capital Projects Funds are used to account for the acquisition of fixed assets or construction of major capital projects not being financed by Proprietary or Nonexpendable Trust Funds. The Capital Projects Funds are the Street Bond Fund, Infrastructure Act Fund, and Project Fund.

Fiduciary Funds

Trust and Agency Fund - The Trust and Agency Fund is used to account for assets held by the City of Macon, Mississippi in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Nonexpendable Trust Funds are used to account for the principal portion of Trust Funds, the part which cannot be expended. They are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. The Trust and Agency Fund is the Cemetery Fund.

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Accounting (Continued)

Proprietary Funds

Enterprise Funds – Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Proprietary Funds are the Electric System and the Water and Sewer Department. The Electric System operates under the Tennessee Valley Authority and is accounted for and reported on separately with a fiscal year end of June 30.

Basis of Accounting

The financial statement is prepared on a cash basis, as prescribed by the Office of the State Auditor. Consequently, certain revenues are recognized when received (cash receipts) rather than when earned and certain expenses are recognized when paid (cash disbursements) rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in conformity with the cash receipts and disbursements basis, as prescribed by the Office of the State Auditor requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Encumbrances

An encumbrance system is not maintained to account for commitments resulting from approved purchase orders, work orders and contracts.

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 1 - Summary of Significant Accounting Policies (Continued)

Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefit Accounts

For proprietary funds (including Macon Electric and Water and Sewer) the City of Macon, Mississippi records expense and liability for compensated absences as the benefit is earned. Because the focus of the General Fund is “spendable resources” the expenditure is not recorded until the liability is discharged. However, the obligation is recorded in the Schedule of Long-Term Debt as the benefit is earned by the employees. The City of Macon, Mississippi’s policy on annual leave is it must be taken within the year accrued. Except for certain situations, five workdays may be carried over into the next year. The carryover of annual leave is immaterial; therefore it is not recorded in the Schedule of Long-Term Debt.

Note 2 - Cash and Other Deposits

The collateral for public entities’ deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity’s funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation. All of the City’s funds eligible to be included in the state’s collateral pool program were properly included and were fully collateralized as of September 30, 2020.

The carrying amount of the City’s deposits with financial institutions was \$1,162,674 on September 30, 2020, and the total of all bank balances was \$1,121,838.

Note 3 - Report Classifications

Receipts and disbursements were classified according to requirements for small towns in the State of Mississippi as prescribed by the Office of the State Auditor.

Note 4 - Joint Ventures

The City of Macon, Mississippi entered into an agreement on November 8, 1994, with the Golden Triangle Regional Solid Waste Management Authority. This authority was organized under laws of the state of Mississippi (Section 17-17-301 et seq. Ms. Code of 1972 as amended).

The authority’s purpose is to operate and maintain a landfill facility. The project was permitted by DEQ in December, 1994. The City of Macon, Mississippi’s share of expense and liability is based on a pro rata share of waste tonnage. The other members of the Authority are Noxubee County, City of West Point, Clay County, City of Columbus, Lowndes County, City of

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 4 - Joint Ventures (Continued)

Starkville, Oktibbeha County, City of Eupora, Webster County, the Town of Ackerman and Choctaw County.

The City of Macon, Mississippi entered into an inter-local cooperative agreement with Noxubee County, Mississippi and Noxubee County School District on December 11, 2007, to develop and operate the Noxubee Sportsplex. The agreement shall be governed by and construed in accordance with the laws of the State of Mississippi, specifically Sections 17-13-1 et seq., Mississippi Code of 1972, Annotated, as amended, being the Interlocal Government Cooperation Act of 1974, as amended. The parties agreed to cooperate in the development of the Noxubee Sportsplex that was completed in two stages over a period of approximately two years with financial and in-kind contributions from each party. The board of Aldermen of the City of Macon agreed to commit \$50,000 for the first stage and \$50,000 for the second stage plus five years of maintenance and grounds keeping for the ball fields located on the Sportsplex valued at approximately \$50,000 for a five year period. A Board of Governors consisting of five persons was appointed by the three governmental entities to serve as a joint board for the cooperative undertaking contained in the interlocal agreement. Two members were appointed by the Board of Education of Noxubee County, two members were appointed by the Board of Supervisors of Noxubee County and one member was appointed by the City of Macon. The appointees shall be elected or appointed members of their respective governmental bodies. The two year budget for constructing the Sportsplex, including in-kind services, totaled \$1,050,000.

The City of Macon's total contribution to the project was \$150,000 with \$50,000 paid on February 1, 2008, \$50,000 on February 1, 2009, and the balance of \$50,000 satisfied with in-kind services consisting of maintenance and grounds keeping for the ball fields for the first five years of operation. In the event of a shortfall in the operation of the Sportsplex, the shortfall will be covered as follows: Noxubee County 29%, City of Macon 14% and the Noxubee School District 57%. In the event of a profit from the operation of the Sportsplex, the entities may decide to invest all profits back into the Sportsplex; however, each entity reserves the right to withdraw profits based on the following percentages: Noxubee County 29%, City of Macon 14% and the Noxubee School District 57%. In the event that this agreement is not fulfilled or is cancelled in the future, it is understood that the entire ball field complex will be forfeited to the Noxubee County School District. The \$100,000 cash contribution of the City of Macon will be repaid in five equal annual installments of \$20,000 with the first payment being due six months after the complex is turned over to the Noxubee County School District and the remaining payments being due on the anniversary of that date.

On March 1, 2016, Noxubee County School System, Noxubee County Board of Supervisors, and the City of Macon, with respect to Noxubee County Sportsplex agreed that Noxubee County School System would pay the City of Macon \$34,200 after July 1, 2016, for City of Macon's agreement to maintain the Sportsplex for one year. The Noxubee County Board of Supervisors

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 4 - Joint Ventures (Continued)

agreed to pay the City of Macon \$17,400 after October 1, 2016 for the City of Macon's agreement to maintain the Sportsplex for one year. The City of Macon maintained and bore all responsibility and expenses of maintenance of the Sportsplex for the period of one year. Noxubee County Board of Supervisors satisfied their agreement on March 9, 2016, and Noxubee County School System satisfied its agreement on September 23, 2016.

Note 5 - Risk Management

The City of Macon, Mississippi is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City of Macon, Mississippi carries commercial insurance for these risks. Settled claims resulting from these insured risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Under GASB Statement No. 10, *Accounting and Financial Reporting for Risks Financing and Related Insurance Issues*, a liability for claims must be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and that the amount of the loss can be reasonably estimated. As of the date of this audit report, there were no known claims above the amount of coverage purchased for risks of loss related to torts, theft of, damage to, and the destruction of assets, errors and omissions, injuries to employees and natural disasters at September 30, 2020, therefore no liability has been accrued at this time.

Note 6 - Property Tax

Numerous statutes exist under which the Mayor and Board of Aldermen may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the City. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Mayor and Board of Aldermen, each year at a meeting in September, levy property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year.

Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year.

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 6 – Property Tax (Continued)

Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase. The City taxes are collected and remitted to the City by the Noxubee County Tax Collector.

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

The distribution of taxes to funds was made in accordance with prescribed tax levies, and uncollected taxes were properly handled.

Delinquent taxes are not recorded as assets.

Note 7 – Prior Period Adjustment

A prior period adjustment was made on the financial statement at September 30, 2020 to reclassify cash to the appropriate fund. The General Fund beginning cash balance was increased by \$49,143, the Special Revenue Fund beginning cash balance was increased by \$3, and the Fiduciary Fund beginning balance was increased by \$3,178. The effect on excess (deficiency) of receipts over disbursements was an increase of \$49,143 in the General Fund, \$3 in the Special Revenue Fund, and \$3,178 in the Fiduciary Fund. The Capital Projects beginning cash balance was decreased by \$52,323. The effect on excess (deficiency) of receipts over disbursements was a decrease of \$52,323. The adjustment had no net effect on total ending cash.

Note 8 – Commitments & Contingencies

Since the advent of the COVID-19 pandemic in March 2020, the City has maintained relative operating normalcy. To date, national COVID-19 related regulation has not adversely impacted operations. Additionally, the City has had no ongoing projects that have been impacted by the pandemic. As of the date of the audit report, management declines to speculate on when a return to pre-COVID-19 operations will occur, but does not anticipate a material impact on normal operations for the City.

CITY OF MACON, MISSISSIPPI
Notes to Financial Statement

Note 9 - Subsequent Events

Events that occur after the Combined Statement of Cash Receipts and Disbursements date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Combined Statement of Cash Receipts and Disbursements date are recognized in the accompanying financial statement. Subsequent events which provide evidence about conditions that existed after the Combined Statement of Cash Receipts and Disbursements date require disclosure in the accompanying notes. The City has evaluated subsequent events through May 21, 2021, the date the financial statements were available to be issued, and determined that there were no subsequent events requiring disclosure.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH STATE LAWS AND REGULATIONS**

Honorable Mayor and Board of Alderman
City of Macon
Macon, Mississippi

We have audited the Combined Statement of Cash Receipts and Disbursements and supplemental information of the City of Macon, Mississippi, as of and for the year ended September 30, 2020, and have issued our report dated May 21, 2021. We have conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the Combined Statement of Cash Receipts and Disbursements and supplemental information indicate that, with respect to the items tested, the City of Macon, Mississippi complied with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe the City of Macon, Mississippi had not complied with those provisions.

This report is intended solely for the information and use of management, the Board of Alderman, federal awarding agencies, the Office of the State Auditor and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Mayor and Board of Alderman
City of Macon
Macon, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Combined Statement of Cash Receipts and Disbursements of the City of Macon, Mississippi for the year ended September 30, 2020, and the related notes to the financial statement, and have issued our report thereon dated May 21, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Macon, Mississippi's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the City of Macon, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Macon, Mississippi's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and responses, as an item that we consider to be a significant deficiency (Finding 2020-01).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Macon, Mississippi's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Macon, Mississippi's Response to Findings

The City of Macon, Mississippi's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The City of Macon, Mississippi's response was not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Starkville, Mississippi

Watkins Ward and Stafford, P.C.

CITY OF MACON, MISSISSIPPI
Schedule of Findings and Responses
For the Year Ended September 30, 2020

Section 1: Summary of Auditors' Results

1. Type of auditors' report issued on the financial statements:
Unmodified
2. Internal control over financial reporting:
 - a. Material weakness identified? No
 - b. Significant deficiency identified? Yes
3. Noncompliance material to the financial statements noted? No

Section 2: Financial Statement Findings

2020-01: Internal Controls over Proprietary Fund Capital Expenditures (Significant Deficiency)

Finding

Capital projects for the City of Macon Water Department are accounted for in the capital project fund of the City of Macon and are transferred to the proprietary fund with an adjusting journal entry that we recommend. In accordance with Governmental Auditing and Accounting Standards, it is inappropriate to account for proprietary fund capital expenditures in a capital projects fund of the City.

Recommendation

Capital projects for the City of Macon Water Department should be accounted for in the proprietary fund in accordance with Governmental Auditing and Accounting Standards.

Response

The City will continue to account for capital project expenditures of the Macon Water Department in the City's capital project fund in order for the Mayor to closely monitor the accounting for the Water Department's sewer projects.
