As a result, the following document was not prepared by the Office of the State Auditor. Instead, it was prepared by a private CPA firm and submitted to the Office of the State Auditor. TOWN OF SLATE SPRINGS, MISSISSIPPI

Notes to Financial Statement

Note 1: Summary of Significant Accounting Policies

Reporting Entity

The financial statement of the Town consists of all the funds of the Town.

The Citizens of Slate Springs have elected to operate under a Code Charter as permitted by Mississippi Statute 21-3-3, which prescribes a Mayor and Board of Aldermen form of government.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in accounting principles generally accepted in the United States of America. The basic - but not only - criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financial relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no includable or excludable potential component units.

Fund Accounting

The accounts of the Town operate under one governmental fund which comprises the general fund. The general fund is the general operating fund of the Town. It is used to account for all financial resources. The fund is accounted for using a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate.

Notes to Financial Statement

Note 1: Summary of Significant Accounting Policies (Continued):

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Town uses the cash basis of accounting as prescribed by the Mississippi Office of the State Auditor.

In the fund financial statements, governmental activities are presented using a cash basis of accounting. This basis recognizes assets, liabilities, net-assets/fund equity, revenues and expenditures/expenses when they result from cash transactions. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

If the town utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Under the modified accrual basis revenues are recognized when measurable and available. Measurable means, being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

Under the accrual basis revenues are recognized when earned. Expenses (including depreciation and amortization) are recorded when the liability is incurred or the economic asset is used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Note 2: Report Classifications

Receipts and disbursements were classified according to requirements for small towns in the State of Mississippi as prescribed by the Office of the State Auditor.

The Honorable Mayor and Board of Alderman
Town of Slate Springs
Slate Springs, MS 38955

We have compiled the accompanying Statement of Cash Receipts and Disbursements – Governmental Activities, Schedule of Investments, Schedule of Long-Term Debt, and Schedule of Surety Bonds for Municipal Officials of the Town of Slate Springs, Mississippi, for the year ended September 30, 2021, in accordance with Statements of Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statement has been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America.

We have performed procedures to test compliance with certain state laws and regulations as described in the Municipal Compliance Questionnaire that is prescribed by the Office of the State Auditor. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the town's compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures and our compilation of the accompanying Statement of Cash Receipts and Disbursements–Governmental Activities, Schedule of Investments, Schedule of Long-Term Debt, and Schedule of Surety Bonds for Municipal Officials of the Town of Slate Springs, Mississippi, for the year ended September 30, 2021, disclosed no instances of noncompliance with state laws and regulations.

This report is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Our procedures and findings are as follows:

- 3) We performed the following procedures with respect to taxes on real and personal property (including motor vehicles) levied during the fiscal year:

- b. Traced distribution of taxes collected to proper funds; and
- c. Analyzed increases in taxes for most recent period for compliance with increase limitations of §27-339-323, Miss. Code Ann. (1972)

The distribution of taxes to funds was found to be in accordance with prescribed tax levies.

Ad valorem tax collections were found to be within the limitations of §27-39-320 to §27-39-323, Miss. Code Ann. (1972).

- 4) We obtained a statement of payments made by the Department of Finance and Administration to the municipality. Payments indicated were traced to deposit in the respective bank accounts and recorded in the general ledger without exception. Payments traced were as follows:

In connection with the procedures referred to above, no matters came to our attention that caused us to believe the items specified in Paragraphs 1, 2, and 3 should be adjusted. Had we performed additional procedures or had we conducted an audit of the financial statements in accordance with generally accepted auditing standards, matters might have come to

our attention that would have been reported to you. This report should not be associated with the financial statements of the Town of Slate Springs, Mississippi, for the year ended September 30, 2021.
