INDEPENDENT AUDITOR'S REPORT ON THE BASIC FINANCIAL STATEMENTS

To the Board of Directors
Mississippi Business Finance Corporation
Jackson, Mississippi

Report on the Financial Statements

We have audited the accompanying basic financial statements of Mississippi Business Finance Corporation, a component unit of the State of Mississippi, which comprise the statements of net position as of June 30, 2021 and 2020, and the related statements of revenues, expenses and changes in net position and statements of cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective net position of Mississippi Business Finance Corporation, as of June 30, 2021 and 2020, and the respective changes in net position, and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, Schedule of the Corporation's Proportionate Share of the Net Pension Liability, Schedule of the Corporation's Contributions (PERS), Schedule of the Corporation's Proportionate Share of the Net OPEB Liability, Schedule of the Corporation's Contributions (OPEB) and the notes to the required supplementary information on pages 6-9 and 33-41 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 7, 2021, on our consideration of Mississippi Business Finance Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Mississippi Business Finance Corporation's internal control over financial reporting and compliance.

October 7, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Mississippi Business Finance Corporation's ("MBFC," the "Corporation") audit report presents our discussion and analysis of the Corporation's financial performance during the fiscal year that ended on June 30, 2021. Please read it in conjunction with the Corporation's financial statements, which follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

MBFC is a not-for-profit public corporation that administers a variety of finance programs designed to assist business and industry in locating or expanding in the State of Mississippi (the "State"). The Corporation was established in 1983 pursuant to MS Code Section 57-10-167. MBFC works with other public entities and the private sector to coordinate efforts to stimulate both commercial and industrial development.

MBFC is an independent public body and the powers conferred upon the Corporation are vested in the Board of Directors of MBFC ("Board") and in no other state agency (House Bill 781, 2001 Regular Session). MBFC has been determined to be a component unit of the State.

Funds are accounting devices that state and local political subdivisions use to keep track of specific sources of funding and spending for particular purposes. Activities the political subdivision operates like businesses are accounted for in proprietary funds. Proprietary fund reporting focuses on the determination of net position, operating income, changes in net position, and cash flows. The proprietary fund category includes enterprise funds. Enterprise funds are used to report any activity for which a fee is charged to external users for goods or services. All of the activities of the Corporation are recorded in one enterprise fund.

GASB Statement No. 34 and related pronouncements are written from the perspective of general purpose governments – states, cities, counties, towns, and villages. However, the Corporation and many political subdivisions are special purpose governments. These political subdivisions are legally separate entities and generally provide a limited set of services or programs. Special purpose governments engaged only in business-type activities should present only the financial statements required for enterprise funds under the provisions of GASB Statement No. 34 and related pronouncements.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the special purpose governments described in the previous paragraph, basic financial statements consist of:

1. Statement of net position,
2. Statement of revenues, expenses, and changes in net position,
3. Statement of cash flows.

The financial statements also include notes to the financial statements that explain some of the information in the financial statements and provide more detailed data. The financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. All assets and liabilities, both financial and capital, and short-term and long-term are included in the financial statements. In addition, all revenues and expenses during the year are included in the financial statements using the accrual method of accounting, regardless of when cash is received or paid.

FINANCIAL ANALYSIS

Changes in Net Position

Net position increased \$102,298 for the year ended June 30, 2021 as compared to an increase of \$359,868 in 2020 and an increase of \$564,300 in 2019. The primary reasons for the difference in change in net position are the fluctuations in program participation from year to year and net earnings on investments.

Operating revenues consist of program fees and administrative fees. Program fees earned by the Corporation totaled \$584,406, \$331,632 and \$286,048 for the years ended June 30, 2021, 2020 and 2019, respectively. Program fees earned depend upon the level of participation in the various finance programs administered by the Corporation. Participation varies from year to year based on the level of economic development in the State and various other economic factors.

MBFC provides office facilities and administrative support to the Mississippi Development Bank ("MDB"), a related party. MBFC recorded administrative fees for these services of \$300,000 in 2021, \$300,000 in 2020 and \$500,000 in 2019.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

MANAGEMENT'S DISCUSSION AND ANALYSIS

Operating expenses totaled \$935,032 in 2021 compared to \$978,047 in 2020, a decrease of approximately 1%.

Nonoperating revenue for fiscal years 2021, 2020 and 2019 is comprised of net earnings on investments. The net earnings on investments for these fiscal years totaled \$152,924, \$706,283 and \$764,380, respectively. The difference between years is primarily due to fluctuations in the yield on the Corporation's investments, including adjustments to market value in each respective year.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Net Position

Cash and cash equivalents, investments and interest receivable for fiscal years 2021 and 2020 represent approximately 99% of total assets for each year. Noncurrent liabilities, deferred outflows of resources and deferred inflows of resources have fluctuated due to the provisions of GASB Statement 68 which requires MBFC to record their proportionate share of the collective net pension liability for the cost-sharing defined benefit pension plan and the provisions of GASB Statement 75 which requires MBFC to record their proportionate share of the collective net OPEB liability for the self-insured plan.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Mississippi Business Finance Corporation ("MBFC," the "Corporation"), which have been followed in preparing the accompanying financial statements are set forth below. The Corporation's fiscal year runs annually from July 1st to June 30th of the following year.

Organization

MBFC is a not-for-profit public corporation that administers a variety of finance programs designed to assist business and industry in locating or expanding in the State of Mississippi (the "State"). The Corporation was established in 1983 pursuant to Mississippi Code Section 57-10-167. MBFC works with other public entities and the private sector to coordinate efforts to stimulate both commercial and industrial development.

MBFC is an independent public body and the powers conferred upon the Corporation are vested in the Board of Directors of MBFC ("Board") and in no other state agency (House Bill 781, 2001 Regular Session). MBFC has been determined to be a component unit of the State. The Corporation's members are appointed by various state elected officials. MBFC's Board is elected by its members. In the event of dissolution, any net assets of MBFC will be transferred to the State.

Revenue Recognition

Bond issuance fees related to the Small Enterprise Development Program ("SED") and the Industrial Development Revenue Bond Program ("IRB") are recognized when bonds are sold. Annual bond fees are recognized when billed, and fees earned under the guaranty program are recognized when received. Revenue transactions are classified as operating revenue if those transactions constitute the Corporation's principal ongoing operations.

Operating Expenses

Expense transactions are classified as operating expenses if those transactions constitute the Corporation's principal ongoing operations.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 1 - Summary of Significant Accounting Policies (Continued)

Capital Assets

Purchased or constructed capital assets are stated at cost and include expenditures for new additions and those which substantially increase the useful lives of existing property and equipment. Maintenance, repairs and minor replacements are expensed as incurred. The cost of equipment is depreciated on a straight-line basis over the estimated useful life of 3-5 years for each asset. Depreciation expense for the years ended June 30, 2021 and 2020 was \$0 and \$16,774, respectively. All of the Corporation's capital assets were fully depreciated as of June 30, 2021 and 2020.

Income Taxes

The Corporation is exempt from income taxes under Internal Revenue Code Section 501(c)(4) and similar state statutes.

Contributed Net Assets

The Mississippi Economic Development Corporation and the Small Businessman's Loan Committee were abolished in 1983, and their assets, liabilities, powers, duties and authority were transferred to MBFC. Net assets totaling approximately \$4,995,000 were contributed to MBFC in that year.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, the benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the State and School Employees' Life and Health Plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recorded when the OPEB benefits come due in accordance with the benefit terms. Investments are reported at fair value.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 2 - Cash, Cash Equivalents and Investments

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the insurance corporations.

The Corporation considers certificates of deposit to be cash equivalents if they have a maturity of three months or less when acquired. Certificates of deposit with maturities in excess of three months are considered investments.

Custodial credit risk is the risk that in the event of the failure of a financial institution, the Corporation will not be able to recover deposits or collateral securities that are in the possession of an outside party. The Corporation does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the insurance corporations. The carrying amount of the Corporation's deposits with financial institutions was \$713,931 for 2021 and \$596,137 for 2020. The bank balance was \$720,944 for 2021 and \$602,189 for 2020. None of the bank balances were exposed to custodial credit risk.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Corporation has a policy regarding investment maturity. Investments should be primarily with maturities of five years or less. United States government and agency obligations and guaranteed investment contracts may be considered for maturities greater than five years. Investments with maturities of greater than five years require approval by the Corporation's investment committee.

The Corporation categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 are significant unobservable inputs.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 2 - Cash, Cash Equivalents and Investments (Continued)

The Corporation has the following recurring fair value measurements:

- Government agency bonds, municipal bonds, collateralized mortgage obligations and mortgage-backed securities of \$15,132,105 and \$15,120,810 as of June 30, 2021 and 2020, respectively, are valued using quoted market prices (Level 1 inputs).

Investments made by the Corporation that are included on the statement of net position are summarized below as of June 30, 2021 and 2020.

Investment Type	2021 at Fair Value	Investment Maturities (in years)		
		Less than 1	1-5	5-10
Government agency bonds	\$ 3,375,992	\$ 539,230	\$ 1,090,763	\$ 1,745,999
Municipal bonds	4,587,910	761,299	2,963,258	863,353
Collateralized mortgage obligations	119,392	12,320	107,072	-
Mortgage-backed securities	7,048,811	445,056	6,398,477	205,278
	15,132,105	<u>\$ 1,757,905</u>	<u>\$ 10,559,570</u>	<u>\$ 2,814,630</u>
Investment in State of Mississippi Treasury Pool	<u>2,188,127</u>			
Total at June 30, 2021	<u>\$ 17,320,232</u>			

Investment Type	2020 Fair Value	Investment Maturities (in years)		
		Less than 1	1-5	5-10
Government agency bonds	\$ 3,604,490	\$ 743,203	\$ 1,796,432	\$ 1,064,855
Municipal bonds	5,224,083	1,041,973	3,498,068	684,042
Mortgage-backed securities	6,292,237	336,674	5,751,086	204,477
	15,120,810	<u>\$ 2,121,850</u>	<u>\$ 11,045,586</u>	<u>\$ 1,953,374</u>
Investment in State of Mississippi Treasury Pool	<u>2,173,325</u>			
Total at June 30, 2020	<u>\$ 17,294,135</u>			

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 2 - Cash, Cash Equivalents and Investments (Continued)

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Corporation's investments in debt securities at June 30, 2021 and 2020 are summarized by Standard & Poor's credit quality rating as follows:

<u>S&P Rating</u>	<u>2021</u>	<u>2020</u>
AA+	\$ 7,413,663	\$ 6,534,697
AA	2,334,288	3,107,742
AA-	1,529,817	1,546,295
B-	1,107	-
BB-	-	1,410
Rated by agency other than S&P (1)	348,251	190,477
Not rated	<u>128,987</u>	<u>135,699</u>
Total	<u>\$ 11,756,113</u>	<u>\$ 11,516,320</u>

(1) Investment grade rated by agency other than Standard & Poor.

The Corporation's investments in government agency bonds and certificates of deposit are not considered to have credit risk and are not included in the disclosure of credit quality. The Corporation's investment policy requires investments in obligations of insurance firms or other corporations be rated "AA", or its equivalent, or better by recognized rating companies at the time of purchase.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Corporation, and are held by either the counterparty or the counterparty's trust department or agent but not in the Corporation's name. The Corporation did not have any investment securities at June 30, 2021 and 2020 that were exposed to custodial credit risk.

Excluding government agency bonds, investments in mutual funds and other pooled investments, the Corporation had no investments in any one issuer that represent five percent or more of total investments at June 30, 2021 and 2020.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 3 - Capital Assets

The changes in capital assets for the year ended June 30, 2021 and 2020 are summarized as follows:

	July 1, 2020 Beginning Balance	Increases	Decreases	June 30, 2021 Ending Balance
Capital assets-				
Property & equipment	\$ 83,207	\$ -	\$ -	\$ 83,207

Note 4 - Guaranty Loans

MBFC serves as guarantor on loans made to small businesses by financial institutions under the Small Businessman's Loan Assistance Act of 1972. The Corporation's potential risk related to the loans is up to 75% of any loss realized upon default of a loan, after consideration of collateral. The total of loans outstanding under this program was \$101,164 and \$112,660 at June 30, 2021 and 2020, respectively.

MBFC evaluates all guaranty loans periodically and provides an allowance for losses on guaranteed loans that may default based upon existing defaulted or delinquent loans and an estimated percentage of outstanding loan guarantees. The allowance for guaranty losses at June 30, 2021 and 2020, was \$5,000.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 5 - Industrial Revenue and General Obligation Bonds

MBFC is authorized to issue industrial revenue bonds pursuant to state statutes. Bonds are sold on behalf of businesses within the state under the Industrial Development Revenue Bond Program to finance the acquisition or improvement of real property, machinery and equipment. The bonds are secured by an irrevocable, direct-pay letter of credit or other credit enhancement acceptable to MBFC. Since MBFC has no primary obligation under the bonds, the amount of bonds outstanding is not included in the Corporation's financial statements.

MBFC administers the Small Enterprise Development Program (SED loans) for the State of Mississippi. In that capacity, MBFC is authorized by state statutes to request the State Bond Commission to issue general obligation bonds not exceeding the aggregate sum of \$140,000,000 outstanding at any one time. Bond proceeds are loaned to manufacturing or processing companies within the state to finance the cost of fixed assets, including land, buildings, machinery and new equipment. The bonds are secured by an irrevocable, direct-pay letter of credit or other credit enhancement acceptable to MBFC. SED loans outstanding at June 30, 2021 and 2020 totaled approximately \$335,000 and \$1,525,000, respectively. Since MBFC has no primary obligation under the bonds, the amount of bonds outstanding is not included in the Corporation's financial statements.

Note 6 - Related Parties

Mississippi Development Bank ("MDB") is a statewide authority created primarily to provide financing assistance to governmental debt borrowers. MDB is a component unit of the State. By statute, the Board of MBFC serves as the Board of Directors of MDB. Also, the officers of MBFC serve as officers of MDB in accordance with MDB by-laws.

MBFC provides office facilities and administrative support to MDB. Administrative fees earned for the years ended June 30, 2021 and 2020 totaled \$300,000 in each year.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 7 - Risk Management

The Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Corporation carries commercial insurance for these risks. There have been no settled claims resulting from these insured risks in any of the past three fiscal years.

Note 8 - Defined Benefit Pension Plan

Plan Description. The Corporation contributes to the Public Employees' Retirement System of Mississippi ("PERS"), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by state law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report is available at www.pers.ms.gov.

Benefits Provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 8 - Defined Benefit Pension Plan (Continued)

Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits.

A Cost of Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired plan member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter.

Funding Policy. PERS members are required to contribute 9.00% of their annual covered salary and the Corporation is required to contribute at an actuarially determined rate. The current rate is 17.4% of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The Corporation's contributions to PERS for the fiscal years ending June 30, 2021, 2020 and 2019 were approximately \$86,000, \$86,000, and \$76,000, respectively, and equaled the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the Corporation reported a liability of \$1,548,707 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Corporation's proportion of the net pension liability was based on a projection of the Corporation's long-term share of contributions to the pension plan relative to projected contributions of all participating entities, actuarially determined. At June 30, 2020, the Corporation's proportion was 0.008 percent. This proportionate share did not change from the prior year.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 8 - Defined Benefit Pension Plan (Continued)

For the years ended June 30, 2021 and 2020, the Corporation recognized pension expense of \$163,955 and \$181,452, respectively. At June 30, 2021 the Corporation deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 13,443	\$ -
Net difference between projected and actual earnings on pension plan investments	63,614	-
Changes of assumptions	8,664	-
MBFC's contributions subsequent to the measurement date	86,134	-
	<u>\$ 171,855</u>	<u>\$ -</u>

\$86,134 reported as deferred outflows of resources related to pensions resulting from the Corporation's contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2022	\$ 5,474
2023	29,587
2024	30,162
2025	<u>20,498</u>
	<u>\$ 85,721</u>

Actuarial Assumptions. The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Salary increases	3.00-18.25 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 8 - Defined Benefit Pension Plan (Continued)

Mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments. For males 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements for life expectancy.

The actuarial assumptions are based on the experience investigation for the four-year period ending June 30, 2018.

The long term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	27 %	4.90 %
International Equity	22	4.75
Global Equity	12	5.00
Debt Securities	20	0.50
Real Estate	10	4.00
Private Equity	8	6.25
Cash Equivalents	1	-
Total	<u>100 %</u>	

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at the current employer contribution rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 8 - Defined Benefit Pension Plan (Continued)

Sensitivity of the Corporation's proportionate share of the net pension liability to changes in the discount rate. The following presents the Corporation's proportionate share of the net pension liability calculated as of June 30, 2021, using the discount rate of 7.75 percent, as well as what the Corporation's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
Corporation's proportionate share of the net pension liability	\$ 2,004,611	\$ 1,548,707	\$ 1,172,403

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Note 9 - Other Postemployment Benefits (OPEB)

Plan Description. State law mandates that all state, public education, library, junior and community college and retiring employees be offered health and life benefit coverage through the State and School Employees' Life and Health Insurance Plan (the Plan). The Plan was established by Section 25-15-3 et seq., Mississippi Code Ann. (1972), which may be amended only by the State Legislature. The State and School Employees' Health Insurance Management Board (the Board) administers the Plan. The Board has the sole legal authority to promulgate rules and regulations governing the operations of the Plan within the confines of the law governing the Plan. The Plan is self-insured and is financed through premiums collected from employers, employees, retirees and COBRA participants. The Plan provides for Other Postemployment Benefits (OPEB) as a multiple-employer defined benefit OPEB plan for units of state government, political subdivisions, community colleges and school districts. The Plan issues a publicly available financial report that can be obtained at <http://knowyourbenefits.dfa.ms.gov>.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 9 - Other Postemployment Benefits (OPEB) (Continued)

Benefits Provided. The Plan was formed by the State Legislature to provide group health and life benefits to full-time active and retired employees of the State, agencies, universities, community/junior colleges, public school districts and public libraries. In addition, the spouse and/or children of covered employees and retirees, as well as surviving spouses and COBRA participants, may be eligible for health insurance coverage under the Plan. Benefits of the OPEB Plan consist of an implicit rate subsidy, which is essentially the difference between claims cost and premiums received for retirees.

Employees' premiums are funded primarily by their employers. Retirees must pay their own premiums, as do active employees for spouse and dependent medical coverage. The Board has the sole authority for setting life and health insurance premiums for the Plan. Per Section 12-15-15 (10) Mississippi Code Ann. (1972), a retired employee electing to purchase retiree life and health insurance must pay the full cost of such insurance premium. If the Board determines actuarially that the premium paid by the participating retirees adversely affects the overall cost of the Plan to the State, then the Board may impose a premium surcharge, not to exceed 15%, upon such participating retired employees who are under the age for Medicare eligibility and who are initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who are initially employed on or after January 1, 2006, the Board may impose a premium surcharge in an amount the Board determines actuarially to cover the full cost of insurance. The Plan offers a Base option and a Select option for health benefits for non-Medicare participants. The Plan includes a separate coverage level for Medicare eligible retirees, Medicare eligible surviving spouses, and Medicare eligible dependents of retirees and surviving spouses.

Contributions. The Board has the sole authority for setting life and health insurance premiums for the Plan. The required premiums vary based on the plan selected and the type of participant. Employers pay no premiums for retirees while employees' premiums are funded primarily by their employer. Contributions to the OPEB plan from the Corporation were \$1,118, \$1,118 and \$1,227 for the years ended June 30, 2021, 2020 and 2019, respectively.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 9 - Other Postemployment Benefits (OPEB) (Continued)

At June 30, 2021, the Corporation reported a liability of \$28,030 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The basis for the Corporation's proportion is determined by comparing the employer's average monthly employees participating in the Plan with the total average employees participating in the Plan in the fiscal year of all employers. The allocation was utilized because the level of premiums contributed by each employer is the same for any employee regardless of plan participation elections made by the employee. At the measurement date of June 30, 2020, the Corporation's proportion was .00360190 percent, a decrease from the proportion as of the previous measurement date of .00360820 percent.

For the years ended June 30, 2021 and 2020, the Corporation recognized OPEB expense of \$665 and \$1,810, respectively. At June 30, 2021, the Corporation reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 4,352	\$ 1,185
Difference between expected and actual experience	37	4,878
Changes in proportion and differences between MBFC contributions and proportionate share of contributions	395	111
MBFC's contributions subsequent to the measurement date	1,118	-
	<u>\$ 5,902</u>	<u>\$ 6,174</u>

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 9 - Other Postemployment Benefits (OPEB) (Continued)

\$1,118 reported as deferred outflows of resources related to OPEB resulting from Corporation contributions subsequent to the measurement date will be recognized as a reduction to the net OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:

2022	\$ (351)
2023	(351)
2024	(305)
2025	(115)
2026	(268)
	<hr/>
	\$ (1,390)

Actuarial Assumptions. The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial cost method	Entry Age Normal
Inflation rate	2.75 percent
Salary increases, including wage inflation	3.00 - 18.25 percent
Municipal bond index rate	
Measurement date	2.19 percent
Prior measurement date	3.50 percent
Year FNP is projected to be depleted	
Measurement date	2020
Prior measurement date	2019

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 9 - Other Postemployment Benefits (OPEB) (Continued)

Actuarial Assumptions (Continued)

Single equivalent interest rate, net of OPEB plan
investment expense, including inflation

Measurement date	2.19 percent
Prior measurement date	3.50 percent

Health care cost trends

Medicare supplement claims	7.00 percent for 2021 decreasing to an
Pre-Medicare	ultimate rate of 4.50 percent by 2030

Mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments. For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements in life expectancy.

The demographic actuarial assumptions used in the June 30, 2020 valuation were based on the results of the last actuarial experience study, dated April 2, 2019. The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2020 valuation were based on a review of recent plan experience done concurrently with the June 30, 2020 valuation.

Discount rate. The discount rate used to measure the total OPEB liability at June 30, 2019 was 2.19 percent. Since the prior measurement date, the discount rate has changed from 3.50 to 2.19 percent.

The trust's fiduciary net position is projected to be depleted immediately. The discount rate used to measure the total OPEB liability was based on the monthly average of the Bond Buyers General Obligation 20-Year Municipal Bond Index Rate.

MISSISSIPPI BUSINESS FINANCE CORPORATION

A Component Unit of the State of Mississippi

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

Note 9 - Other Postemployment Benefits (OPEB) (Continued)

Sensitivity of the Corporation's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the Corporation's proportionate share of the net OPEB liability, as well as what the Corporation's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.19 percent) or 1-percentage-point higher (3.19 percent) than the current discount rate:

	<u>1% Decrease</u> <u>(1.19%)</u>	<u>Discount Rate</u> <u>(2.19%)</u>	<u>1% Increase</u> <u>(3.19%)</u>
Net OPEB liability	\$ 30,975	\$ 28,030	\$ 25,504

Sensitivity of the Corporation's proportionate share of the net OPEB liability to changes in the healthcare cost trend rates. The following presents the Corporation's proportionate share of the net OPEB liability, as well as what the Corporation's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Healthcare</u> <u>Cost Trend</u> <u>Rates Current</u>	<u>1% Increase</u>
Net OPEB liability	\$ 25,882	\$ 28,030	\$ 30,465

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2021 and 2020

Note 1: Required Supplemental Pension and OPEB Schedules

The amounts presented for each year in the accompanying pension and OPEB schedules were determined as of the measurement date of June 30 of the year prior to the fiscal year presented. GASB 68 was implemented in the fiscal year ended June 30, 2015, and GASB 75 was implemented in the fiscal year ended June 30, 2018. Until a full 10-year trend is compiled, the Corporation has only presented information for the years in which information is available.

Note 2: Pension Schedules

Changes of assumptions

2019:

- The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:
 - For males, 112% of males rates from ages 18 to 75 scaled down to 105% for ages 80 to 119.
 - For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119.
 - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:
 - For males, 137% of male rates at all ages.
 - For females, 115% of female rates at all ages.
 - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The price inflation assumption was reduced from 3.00% to 2.75%.
- The wage inflation assumption was reduced from 3.25% to 3.00%.
- Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

MISSISSIPPI BUSINESS FINANCE CORPORATION
A Component Unit of the State of Mississippi
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2021 and 2020

Note 2: Pension Schedules (Continued)

- The percentage of active member disabilities assumed to be in the line of duty increased from 7% to 9%.

2017:

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.
- The wage inflation assumption was reduced from 3.75% to 3.25%.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

2016:

- The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

2015:

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.
- The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2021 and 2020

Note 2: Pension Schedules (Continued)

- Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.
- The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

Changes in benefit provisions

2016:

- Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

Method and assumptions used in calculations of actuarially determined contributions. The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, open
Remaining amortization period	30.9 years
Asset valuation method	5-year smoothed market
Price Inflation	3.00 percent
Salary increases	3.25 percent to 18.50 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

Note 3: OPEB Schedules

Changes of assumptions

2020:

- The discount rate was changed from 3.50% for the prior measurement date to 2.19% for the current measurement date.

2019:

- The discount rate was changed from 3.89% for the prior measurement date to 3.50% for the current measurement date.

2018:

- The discount rate was changed from 3.56% for the prior measurement date to 3.89% for the current measurement date.

2017

- The discount rate was changed from 3.01% for the prior measurement date to 3.56% for the current measurement date.

Changes in benefit provisions

2020:

- The schedule of monthly retiree contributions was increased as of January 1, 2021. The deductibles and coinsurance maximums were increased for the Select coverage, and the coinsurance maximums were increased for the Base coverage beginning January 1, 2021.

2019:

- None

2018:

- None

2017:

- None

Methods and assumptions used in calculations of Actuarially Determined Contributions. The Actuarially Determined Contribution rates, as a percentage of payroll, used to determine the Actuarially Determined Contribution amounts in the Schedule of Employer Contributions are calculated as of the most recent Valuation Date. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule.

Actuarial cost method	Entry age
Amortization method	Level dollar
Amortization period	30 years, open
Asset valuation method	Market Value of Assets
Price inflation	2.75 percent
Salary increases, including wage inflation	3.00 percent to 18.25 percent
Initial health care cost trend rates	
Medicare Supplement Claims	
Pre-Medicare	7.00 percent
Ultimate health care cost trend rates	
Medicare Supplement Claims	
Pre-Medicare	4.75 percent
Year of ultimate trend rates	
Medicare Supplement Claims	
Pre-Medicare	2028
Long-term investment rate of return, net of pension plan investment expense, including price inflation	3.50 percent

INTERNAL CONTROL AND COMPLIANCE REPORT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Mississippi Business Finance Corporation
Jackson, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Mississippi Business Finance Corporation (the "Corporation"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Corporation's financial statements, and have issued our report thereon dated October 7, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
