INDEPENDENT ACCOUNTANTS' COMPILATION REPORT

Honorable Mayor and Board of Alderman
Town of Golden, Mississippi
Golden, Mississippi

Management is responsible for the accompanying financial statement of the governmental activities and the business-type activities of Town of Golden, Mississippi, as of and for the year ended September 30, 2022, which comprise the Statement of Cash Receipts and Disbursements and for determining that the cash receipts and disbursements basis of accounting is an acceptable reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on this financial statement.

The financial statement is prepared in accordance with the cash receipts and disbursements basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities and business-type activities. Accounting principles generally accepted in the United States of America, as applied to the Town's cash receipts and disbursements basis of accounting, require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements for the Town's governmental activities and business-type activities are not reasonably determinable.

Management has elected to omit substantially all the disclosures ordinarily included in a financial statement prepared in accordance with the cash receipts and disbursements basis of accounting. If the omitted disclosures were included in the financial statement, they might influence the user's conclusions about the Town's cash receipts and disbursements. Accordingly, the financial statement is not designed for those who are not informed about such matters.

Management has omitted the management's discussion and analysis information and other required supplemental information that is required to be presented for purposes of additional analysis. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

The supplementary information contained in Schedules 1, 2, and 3 is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such information is the responsibility of management. The supplementary information was subject to our compilation engagement. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such information.

In accordance with the provisions of Section 21-35-31, Miss. Code Ann. (1972), we have issued a report dated September 29, 2023, on the results of our agreed-upon procedures.

Yours truly,
