# OFFICE OF THE STATE AUDITOR REPORT NOTE:

Section 7-7-211, Mississippi Code Annotated (1972) gives the Office of the State Auditor the authority to audit, with the exception of municipalities, any governmental entity in the state. In the case of municipalities, Section 21-35-31, Mississippi Code Annotated (1972) requires municipalities to obtain an annual audit performed by a private CPA firm and submit that audit report to the Office of the State Auditor. The Office of the State Auditor files these audit reports for review in case questions arise related to the municipality.

As a result, the following document was not prepared by the Office of the State Auditor. Instead, it was prepared by a private CPA firm and submitted to the Office of the State Auditor. The document was placed on this web page as it was submitted and no review of the report was performed by the Office of the State Auditor prior to finalization of the report. The Office of the State Auditor assumes no responsibility for its content or for any errors located in the document. Any questions of accuracy or authenticity concerning this document should be submitted to the CPA firm that prepared the document. The name and address of the CPA firm appears in the document.

June 28, 2023

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Hattiesburg

The Department of Administration is pleased to submit the Audited Financial Statements and Special Reports of the City of Hattiesburg, Mississippi, prepared in accordance with accounting principles generally accepted in the United States of America for the fiscal year ended September 30, 2022. These accompanying financial statements are prepared and presented in conformity with GASB Statement No 34 - Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. The format, which includes Government-wide and Major Fund presentations, provides citizens, investors and creditors, grantor agencies, and other interested parties with reliable financial information about the City. Management assumes full responsibility for the completeness and reliability of the information contained in this report, and we believe the report is accurate in all material respects.

The Audited Financial Statements and Special Reports includes the following: this transmittal letter, the financial section consisting of the basic financial statements (government-wide and fund statements), Management's Discussion and Analysis, notes to the financial statements, combining and individual fund financial statements and schedules and the independent auditors' report on the financial statement schedules, and a statistical section consisting of several tables of unaudited data describing the financial history of the City, as well as other miscellaneous statistics, presented on a multi-year basis.

#### **Profile of Government**

The City of Hattiesburg has a land area of 55.4 square miles and is located strategically in the southeast section of Mississippi. It has historically been designated as the "Hub City," since its location is within a 100-mile radius of Jackson, Mississippi, New Orleans, Louisiana, Mobile, Alabama, and the Mississippi Gulf Coast. Because of its location, it is a regional center of trade, medical services, educational and industrial activity. The City operates under the Mayor/Council form of government. The policy-making and legislative authority, as well as budgetary responsibilities, are vested with the five-member City Council, each of whom is elected from one of the five wards into which the City is divided. The Mayor is responsible for the day-to-day operations of City government, and much of his work is accomplished through the delegation of duties to his department directors and chiefs, who are appointed by the Mayor and approved by the City Council. All elected officials serve four-year terms.

Services provided include police and fire protection, water and sewer services, construction and maintenance of streets and infrastructure, sanitation, parks and recreation, planning and zoning, and general administrative functions.

#### **Current Economic Conditions**

Hattiesburg ended the fiscal year with revenue increases in both sales tax and property taxes. Property tax revenue increased 3.6% over the prior year. Combined sales tax revenue consisting of general sales taxes, special sales taxes and internet sales taxes saw a significant increase of 11.2% from FY 2021. Revenue from the internet sales tax is used for infrastructure improvements, and the amount is expected to increase as the tax is more widely enforced with online vendors. For FY 2022, revenue from internet sales taxes was up 90.42% from FY 2021.

The General Fund's ending fund balance increased 26.3% from FY 2021. The increase was due to increases in revenues, such as the aforementioned increase in sales taxes, and decreases in expenditures.

2022 was another year of uniqueness, with the continuing yet waning impact of the COVID-19 Pandemic, inflationary constraints and supply chain issues. Local businesses were challenged to continue to alter their methods of providing goods and services in order to remain in compliance with the mandates, deal with rising costs and issues with obtaining goods. Elected officials struggled with these issues as well, with rising prices and delays in obtaining inventory led to difficulties in being able to provide services to their constituents.

The resourcefulness of local businesses, along with support from the community, enabled Hattiesburg to weather the impacts of these issues. Hattiesburg has, for many years, pointed out the many benefits of its diverse economy, and once again, that diversity provided the perfect mix to keep the City functioning well. The real estate market continued to experience the benefits of a strong local economy, and that, in turn, led to increasing prices on home sales due to demand amid a declining supply of homes on the market.

#### **Future Economic Outlook**

Many projects were begun in Fiscal Year 2022 including the Hall Avenue East Overpass, Jaycee Park and the Hardy Street roundabout. Infrastructure improvements in the Midtown District continued and plans for re-routing traffic around the Forrest General Hospital campus moved forward. Other major transportation improvements, such as Hardy Street and Lamar Boulevard, that began in the prior fiscal year, have been completed. The second phase of the \$45 Million bond issuance was completed in August 2020, and this provided the funds necessary for the Hall Avenue East Overpass construction near the Public Safety Complex in this fiscal year, as well as the Hall Avenue West Overpass near Broadway Drive which began in FY 2023. These infrastructures will greatly improve traffic flow and connectivity with the eastern and western sections of the City, improving commuting and emergency response times.

## **Financial and Budgetary Information**

The City maintains budgetary controls to ensure compliance with legal provisions specified by state statute. Activities of the City are included in budget appropriations approved by the City Council. The legal level of budgetary control is established by major expenditure classification and approved by the Council. Adjustments within a classification may be approved by the Department Director.

The Mayor and Council established the goal and desire to reduce and eventually eliminate the structural spending deficit in the General Fund. For several years, the City's expenditure budget has exceeded the revenue budget. This can be detrimental to building a strong fund balance. Based upon today's economy, it is recommended that the City seek to have a \$7 Million to \$8 Million ending cash balance. Mayor Barker was able to present a budget for FY 2022 to the council with projected new revenue equaling new expenditures, thereby accomplishing the objective of eliminating the structural spending deficit.

Water and sewer projects continue to be a priority. Evaluation of the water and sewer infrastructure has been ongoing and is revealing the areas of the City needing repair or replacement. Many areas in older sections of the City have already been repaired, but it will take several years to complete the task.

#### **Enterprise Funds**

Hattiesburg's enterprise operation is the Combined Water and Sewer Fund. All revenues and costs associated with delivering potable water to the City's residential and commercial customers and treatment of residential and industrial waste are reported in this group of funds. Financial statements for this operation are contained in this report.

#### **Debt Administration**

The City maintains the Municipal Bond and Interest Fund to retire debt associated with general obligation bonds. The funding source comes from levy and collection of ad valorem property taxes. Mississippi law limits the amount of general obligation debt a municipality may issue to 15% of total assessed value. As of September 30, 2022, the City's remaining margin for further debt issuance stands at \$25,501,861. The City was able to correct many findings in previous audits and, as a result was able to secure the Aa3 bond rating with the issuance of \$29,850,000 in general obligation bonds in December 2018. That rating was maintained with issuance of \$15,150,000 general obligation bonds in August 2020. These two bond issues complete the \$45 Million bond issuance planned for the Public Safety Complex and overpass construction in the eastern section of the City.

#### **Risk Management**

The City is self-insured for group health insurance, and is a member of the Municipal Workers Compensation Group and the Municipal Liability Plan, a self-insured plan for member municipalities across the State of Mississippi. The City has a Risk Manager who monitors safety procedures with departments and reviews and reports all accidents and claims to the self-insured group administrators.

#### **Independent Auditors**

The City's financial statements have been audited by TMH, Certified Public Accountants, a firm of licensed certified public accountants. The independent audit of the financial statements was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and compliance with legal requirements involving the administration of federal awards. The independent auditor's report is located at the front of the financial section of this report, and the single audit reports are presented in the single audit section of this report.

# Acknowledgments

The preparation of this report was made possible with the assistance of the dedicated staff of the Accounting Division of the Department of Administration. Appreciation is also extended to other City departments for their cooperation in providing information for preparation of this report.

Sincerely,

Malcolm G. Berch Chief Financial Officer

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

## Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hattiesburg, Mississippi, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Hattiesburg, Mississippi's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hattiesburg, Mississippi, as of September 30, 2022, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of Matter - Deficit Fund Balances

As described in Note 15 to the financial statements, deficit fund balances were reported in certain governmental funds as a result of modified accrual recognition of expenditures for which reimbursements were not available resources. Our opinion is not modified with respect to this matter.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Hattiesburg, Mississippi and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

The City of Hattiesburg, Mississippi's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Hattiesburg, Mississippi's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the City of Hattiesburg, Mississippi's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Hattiesburg, Mississippi's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and Schedules 1 through 8, including related notes, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hattiesburg, Mississippi's basic financial statements. Schedules 9 through 25 and Schedule 26, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost* 

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

Cost Principles, and Audit Requirements for Federal Awards (supplementary information), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information. The other information comprises the Letter of Transmittal, List of Public Officials and Tables 1 through 14 (other information) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2023 on our consideration of the City of Hattiesburg, Mississippi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Hattiesburg, Mississippi's internal control over financial reporting and compliance.

Hattiesburg, Mississippi

June 28, 2023

# MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) Year Ended September 30, 2022

The Discussion and Analysis of the City of Hattiesburg's financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2022. The intent of this discussion and analysis is to look at the City's financial performance as a whole. Readers should also review the City's financial statements in conjunction with the transmittal letter in order to enhance their understanding of the City's financial performance.

#### **FINANCIAL HIGHLIGHTS**

Key financial highlights for 2022 were as follows:

- Total net position for 2022 increased \$19,507,320, or 13.31% from 2021 including a prior period adjustment of \$166,816.
- Total assets of governmental activities increased \$23,728,346 or 9.04% from 2021.
- Total liabilities of governmental activities increased \$22,444,603 or 14.57% from 2021.
- In total, equity in cash and cash equivalents of governmental activities increased \$3,981,807, or 7.13% from 2021.
- Total book value of capital assets for governmental activities increased \$16,873,998, or 9.89% from fiscal year 2021.

#### **Using this Annual Financial Report:**

This annual report consists of a series of financial statements and notes to those statements that are organized so that the reader can understand the City of Hattiesburg as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial conditions.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

# Reporting the City of Hattiesburg as a Whole:

#### Statement of Net Position and the Statement of Activities

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole looks at all financial transactions and asks the question, "How did we do financially during 2022?" The Statement of Net Position and the Statement of Activities answer this question.

These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. This basis of accounting considers all of the current year's revenues and expenses regardless of when the cash is received or paid. These two statements report the City's net position and the change in net position. This change in net position is important because it tells the reader whether, for the City as a whole, the financial position of the City has improved or diminished. However, in evaluating the overall position of the City, non-financial information such as changes in the City's tax base and the condition of the City's capital assets will also need to be evaluated.

In the Statement of Net Position and the Statement of Activities, all of the City's departmental activities are reported as Governmental Activities, which include all of the City's services such as police, fire, administration, public services, and all other departments. The Business-Type Activities of the City of Hattiesburg consist of the City's Combined Water & Sewer System.

The government-wide financial statements include not only the City of Hattiesburg itself (the *primary government*), but also a legally separate component unit, the Hattiesburg Convention Commission. Financial information presented for the component unit is reported separately from the financial information presented for the primary government itself.

#### **Changes to Net Revenue**

Net Revenues exceeded expenses by \$19,340,504 in 2022. For 2021, Net Revenues exceeded expenses by \$26,076,623. This amounts to a decrease in Net Revenue in 2022 of \$6,736,119 from 2021. There are a number of factors affecting this decrease in Net Revenues:

- Overall expenses increased \$6,419,679 from FY 2021 for governmental activities.
- General revenues and transfers decreased \$2,905,929 primarily due to fewer projects being completed and transferred from the component unit.

#### Revenues

The major components of primary government revenues are property tax and sales tax. The City's Combined Water & Sewer System comprises revenue for business-type activities.

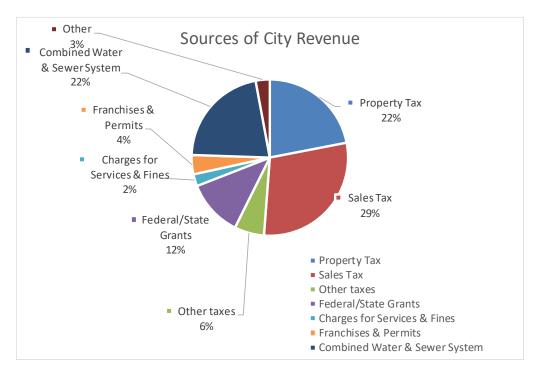

*Property Tax* - One of the major sources of revenue for the City, at 21.93% of total revenues, property tax revenue, increased \$781,403 from FY 2021. Adjustments to property values based on home sales and new construction contributed to the increase in total property valuations.

Sales Tax - An equally significant component of City revenue is sales tax, at 29.23% of total revenue. Sales tax revenue decreased \$1,833,015 from FY 2021. This represents a 5.07% decrease, which is slightly less than average primarily due to inflationary concerns.

The Mississippi Legislature passed a bill in 2019 that authorized the City to levy an additional tax on hotels, motels, and restaurants to be used to promote tourism and parks and recreation, and additionally to distribute a portion to the University of Southern Mississippi to be used for improvements to their athletic facilities. This tax was effective only if 60.00% of the qualified electors voted in favor of the tax. The referendum passed and collection of the additional 1.00% tax began on July 1, 2021, effective for a three-year period, after which it must be renewed by new legislation and referendum. The amount of \$3,482,968 was received in FY 2022, half of which was remitted to the University for their projects, as per the legislation. The portion retained by the City was used for projects such as tennis court upgrades, upgrades to a building donated to the City for a Community Arts Center, splash pads, Jaycee park and other ballfield improvements, and improvements to various parks throughout the City.

(This Space Intentionally Left Blank)

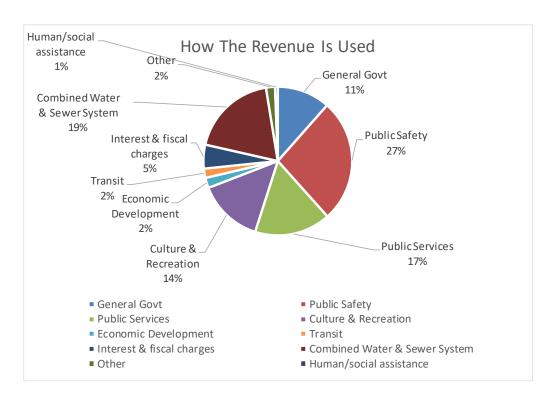

Water & Sewer - The City's Combined Water & Sewer System comprises a significant portion of the total revenues, and its revenues are used almost exclusively for water & sewer system maintenance and improvements.

# **Expenses**

The following chart depicts the breakdown of how Hattiesburg's revenue is used. Public Safety and the Combined Water & Sewer System are the most significant portions of expenditures, and Public Services comprises the third largest portion of total expenditures.

(See Chart on Next Page)

# Reporting on the City of Hattiesburg's Most Significant Funds:

#### Governmental Funds:

Information about the City's major governmental funds begins with items presented on the Governmental Funds Balance Sheet. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$89,528,112 and expenditures of \$100,204,969, exclusive of other financing sources and uses.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Detailed information is presented for other funds comprising the Governmental Funds grouping, and a reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position is provided.

The General Fund is the primary governmental operating fund, containing expenditures for general government, public safety, public services, other services, mass transit, culture and recreation, human/social assistance and economic development. The general fund accounts 71.77% of total revenues and 64.09% of total expenses.

Total expenditures for the General Fund increased by \$9,177,296, or 16.67% from FY 2021. The General Fund's ending fund balance increased by \$4,590,927, or 26.27% from FY 2021.

# **Proprietary Funds:**

The City of Hattiesburg maintains one type of proprietary fund, an enterprise fund that is used to report business-type activities in the government-wide financial statements. The City uses enterprise fund accounting in order to account for the Combined Water & Sewer System.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Operating revenues of the system are utilized to fund operation and maintenance expenses and debt service, with any residual net revenues being transferred into the Water & Sewer Construction Fund, a component of the consolidated enterprise fund.

Operating expenses for the system increased by \$52,145 or 0.28% in FY 2022. This nominal increase is the result of differences in materials costs required for the various water and sewer line repairs.

Operating revenues increased by \$1,599,057 or 6.75% in FY 2022. Revenue increases were due primarily to rate increases that were implemented in 2022.

## The City of Hattiesburg as a Whole:

Recall that the Statement of Net Position looks at the City as a whole. Table 1 provides a summary of the City's net position for FY 2022.

Table 2 shows the changes in net position for the year ended September 30, 2022.

The most significant changes in the information included in Table 1 are reflected in the *Assets, Liabilities and Deferred Inflows of Resources* sections. The increase in Capital Assets from FY 2021 of \$17,704,634 is due to the completion of the Public Safety Complex and the construction of the Hall Avenue East Overpass. The increase in net pension liability from FY 2021 of \$24,551,346 is Hattiesburg's share of liability of the Public Employees Retirement System, from information provided by the Retirement System in their annual financial report. The decrease in long-term liabilities, outstanding payable after one year is due to the payoff of some Water & Sewer Revenue bonds.

## General Fund Budgetary Highlights

The City's budget is prepared according to Mississippi Law and is based on accounting for certain transactions of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The 2022 budget of the General Fund realized an increase in ending fund balance of \$4,453,135.

In June 2022, the City was given a Aa3 bond rating that will allow the City to continue to refinance old debt and issue new debt as need arises.

Other significant expenditures for FY 2022 included paving throughout the City, new sidewalks in various sections of the City (especially near schools), upgrading of major traffic corridors, Hardy Street roundabout, infrastructure improvements on Lamar Boulevard (to accommodate increased traffic flow due to construction of a major banking facility), as well as continuation of infrastructure improvements considered more routine in nature.

From a budgetary point of view, the City's original General Fund revenue budget for FY 2022 totaled \$54,861,348 (exclusive of projected beginning cash at October 1, 2021 of \$12.5 million). The final revenue budget totaled \$56,155,142, with actual revenue collections of \$56,819,936 (101.18% collected). Amendments to the General Fund budget were attributable mostly to state grant awards.

The original FY 2022 budget for General Fund expenditures was \$55,061,348, and the final amended total was \$62,918,530. Actual expenditures totaled \$52,366,801 (83.23% of budget expended). The unexpended budget total of \$10,551,729 is mostly attributable to unexpended personnel costs for unfilled positions, unexpended grant funds, and unexpended funds for capital purchases which were not completed prior to the end of the fiscal year.

## **Capital Assets and General Long-Term Obligations**

#### Capital Assets

Table 3 provides an overview of the City's Capital Assets, net of accumulated depreciation:

Table 3
Capital Assets (Net of Depreciation)

	2022	2021
Land and construction in progress	\$ 48,571,835	\$ 73,537,209
Buildings and improvements	67,487,637	41,527,294
Machinery and equipment	5,023,634	5,587,295
Infrastructure	182,111,311	171,018,843
Intangible right-to-use assets	6,180,858	
Total	\$ 309,375,275	\$ 291,670,641

The decrease in the "Land and construction in progress" category is the result of completion of the Public Safety Complex as well as other major street improvements throughout the city. The increase to Building and Improvements is due to completion of construction of the Public Safety Complex. The increase in improvements is the completion of major street improvements. The decrease to Machinery and Equipment is the result of depreciation on existing assets.

#### General Long-Term Debt Obligations

At September 30, 2022, the City of Hattiesburg had \$48,006,231 in outstanding General Obligation Bonds and Notes subject to the City's overall general obligation debt limitations. The City's overall legal debt margin at September 30, 2022 was calculated to be \$73,508,092. This number is based on the City's most current property tax rolls in conjunction with existing general obligation debt. In addition to traditional general obligation debt, certain debt issues are secured by tax interceptor agreements with the State of Mississippi. Tax Increment Financing Bonds are secured by the incremental increase in property taxes at various taxing districts. The City has opted to maintain a margin of at least \$10 million as a matter of policy. Table 4 summarizes the total outstanding long-term debt obligations of the City.

Table 4
Outstanding Bonds, Notes and Long-Term Obligations at Year End

	2022	2021
Governmental Funds		
General obligation bonds	\$ 45,000,000	\$ 45,845,000
Limited obligation tax increment financing bonds	10,093,039	11,078,724
Certificates of participation	4,345,000	4,550,000
Economic development limited obligation bonds	113,208	134,771
Notes from direct borrowings and direct placements	3,006,231	3,728,621
Leases payable	6,180,858	-
Capital leases	-	6,394,377
Unamortized premium	5,137,723	5,338,028
Claims and judgments	449,250	499,250
Subtotal governmental funds	74,325,309	77,568,771
Proprietary Fund		
General obligation bonds	2,860,000	3,675,000
Revenue bonds	48,697,000	78,642,000
Unamortized bond premium	165,497	210,881
Subtotal proprietary fund	51,722,497	82,527,881
Compensated Absences	2,232,290	1,879,443
Total Long-Term Obligations	\$ 128,280,096	\$ 161,976,095

The compensated absences liability identified above refers to the current balance of what has been earned as a termination benefit that will be paid over time as people leave or retire.

# **Current Financial Related Activities:**

Combined sales tax collections, a major source of revenue for the General Fund, have been a strong indicator of the local economy, showing an approximate 8.70% increase in FY 2022. This is also slightly above the average rate of increase when looking at the history of collections over the period of several years. Hattiesburg has a diverse economy, driven by regional medical facilities, two universities, and a major military training installation south of the city limits. Efforts to bring sporting events and tournaments to the city have been successful, contributing to this revenue.

Property tax values did, in fact, increase from 2021 valuations, and this resulted in a 3.13% increase in property tax revenues for FY 2022. There was a strong real estate market in Hattiesburg during 2022, reflecting the federal and local economies. A decreasing supply of homes available for sale contributed to the increase in home values.

# **Contacting the City of Hattiesburg:**

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the City's finances and to show the City's accountability for the money it receives. Copies of this report will be on file at City Hall as well as on the City's website, <a href="www.hattiesburgms.com">www.hattiesburgms.com</a>. If you should have questions about this report or need additional financial information, contact the City Clerk's Office at 601-545-4552.

# Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position September 30, 2022

Total fund balances for governmental funds (Exhibit C)		\$ 54,938,355
Total <i>net position</i> reported for governmental activities in the statement of net position is different because:  Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:		
Land	\$ 31,006,098	
Construction in progress Buildings and improvements, net of \$37,430,895	16,598,299	
accumulated depreciation  Machinery and equipment, net of \$35,778,204	67,353,841	
accumulated depreciation Infrastructure, net of \$110,790,997 accumulated	4,159,970	
depreciation Intangible right-to-use assets, net of \$463,672	62,221,015	
accumulated depreciation	6,180,858	
Total capital assets		187,520,081
Other long-term assets are not available to pay for current period expenditures and therefore are reported as deferred		
revenue in the funds.		3,189,389
Receivables not received within thirty days of year end are not reported in the funds.		6,062,107
Deferred outflows related to pensions and OPEB are not reported in the funds:		
Related to pensions	9,590,602	
Related to OPEB	2,013,636	
Total deferred outflows		11,604,238

#### EXHIBIT C.1 PAGE 2 OF 2

### **CITY OF HATTIESBURG, MISSISSIPPI**

# Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position September 30, 2022

Deferred inflows related to pensions and OPEB are not reported in the funds: Related to pensions Related to OPEB Total deferred inflows	\$ (644,696) (2,695,951)	\$ (3,340,647)
Payables not paid within thirty days of year end are not reported in the funds.		(141,112)
Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net position. Balances for these liabilities at September 30, 2022 are:  Accrued interest on bonds and notes General obligation bonds Limited obligation tax increment financing bonds Economic development limited obligation bonds Unamortized premiums on bonds Certificates of participation Unamortized premiums on certificates of participation Notes from direct borrowings and direct placements Leases payable Compensated absences Claims and judgments Net pension liability Total OPEB liability Total long-term liabilities	(530,098) (45,000,000) (10,093,039) (113,208) (4,953,523) (4,345,000) (184,200) (3,006,231) (6,180,858) (2,038,070) (449,250) (83,959,537) (10,647,900)	(171,500,914)

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended September 30, 2022

Net change in *fund balances* - governmental funds (Exhibit D)

\$ (3,028,857)

The change in *net position* reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$31,277,791) exceeded depreciation expense (\$8,844,764) in the current period.

22,433,027

Intergovernmental revenues are recognized on the fullaccrual basis in the statement of activities for revenues received thirty days after year end. This is the amount of effect of the change in revenue.

1,675,080

Fine revenue deferred in the funds for the modified accrual basis during the current year decreased because prior year recognition would have been required in the statement of activities using the full-accrual basis of accounting.

(70,089)

Proceeds from issuance of long-term debt are reported in the governmental funds. However, in the statement of net position a long-term liability is recorded. Repayments of long-term debt are reported as expenses in the governmental funds but are recorded against the liability in the statement of net position. Thus, the change in net position differs from the change in fund balances by the net amount of the debt proceeds and repayments.

(2,682,687)

#### EXHIBIT D.1 PAGE 2 OF 2

#### CITY OF HATTIESBURG, MISSISSIPPI

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended September 30, 2022

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The following adjustments combine the net changes of the balances:

balances:			
Compensated absences	\$	(404,584)	
Amortization of certificates of participation premium		13,157	
Amortization of bond premium		187,148

#### NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### A. General Information

The City of Hattiesburg, Mississippi (the City) was incorporated in 1884 under the laws of the State of Mississippi and presently operates under a Mayor/Council form of government. It is the fifth largest municipality in the state with approximately 47,000 residents. The policy-making and legislative authority, as well as budgetary responsibilities, are vested with the City Council. The following services are provided by the City: Public Safety (Police, Fire, and Code Enforcement), Public Services, Engineering, Solid Waste Collection, Water and Sewer, Culture and Recreation, Mass Transit, Federal Programs, Urban Development, and General Administrative Services.

The accounting and reporting framework and the more significant accounting policies and practices are discussed in subsequent sections of this Note. The remainder of the notes are organized to provide explanations, including required disclosures, of the City's financial activities.

#### B. Reporting Entity

The City is a charter city in which citizens elect the mayor at large and five council members by wards. The accompanying financial statements present the City's primary government and its component unit, an entity for which the government is considered to be financially accountable. The discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the primary government.

Discretely presented component unit - The Hattiesburg Convention Commission (the Commission) is composed of a seven member board whose members are appointed by the Hattiesburg City Council. The purpose of the Commission is to promote conventions and tourism. The Commission has authority over all matters relating to the establishment, development, construction, furnishing, and equipping of convention and tourism related facilities. The Commission is primarily funded by a 2% sales tax on local food, beverage, and alcoholic beverage package retailer permits. The Commission is presented as a governmental fund type. Pursuant to component unit criteria guidelines, the Commission is presented as a discretely presented component unit based upon the budgetary oversight provided by the City in conjunction with other related criteria including, but not limited to, the City's ability to make board appointments and the Commission's status as a legally separate entity.

A separate financial statement of the Commission can be obtained by contacting the Hattiesburg Convention Commission, 1 Convention Center Plaza, Hattiesburg, Mississippi 39401.

# NOTES TO THE FINANCIAL STATEMENTS PAGE TWO YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### C. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component unit. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from a certain legally separate component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The major individual governmental funds and the major individual enterprise fund are reported as separate columns in the fund financial statements. Internal activities, including interfund transfers and due to/due from balances attributable to governmental activities have been eliminated for government-wide financial statement presentation purposes.

#### D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied based on historical trends of collections in relation to assessments. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

# NOTES TO THE FINANCIAL STATEMENTS PAGE THREE YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

**General Fund** - The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Activities accounted for in the general fund include police and fire protection, public services, general government, sanitation, city courts, urban development, and other services.

**Municipal Road and Bridge Fund -** The Municipal Road and Bridge Fund is a special revenue fund that accounts for resources restricted for the purpose of construction, repair and maintenance of roads and bridges.

**COVID Fiscal Recovery Fund -** The COVID Fiscal Recovery Fund is a special revenue fund that accounts for water and sewer infrastructure projects funded by Coronavirus State Fiscal Recovery Fund Grant monies awarded through the U.S. Department of Treasury.

**Series 2019 and 2020 Bond Projects Fund -** The Series 2019 and 2020 Bond Projects Fund represents the City's major capital project fund. It accounts for all infrastructure projects associated with the Series 2019 and 2020 Bond Issuances.

The City reports the following major proprietary fund:

**Combined Water and Sewer System Fund -** The Combined Water and Sewer System Fund accounts for the activities of the water and sewer system. The City operates the sewage treatment plant, sewage pumping stations and collection systems, and the water distribution system.

# NOTES TO THE FINANCIAL STATEMENTS PAGE FOUR YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

Additionally, the City reports the following fund types:

#### **GOVERNMENTAL FUND TYPES**

**Special Revenue Funds** - These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**Debt Service Funds -** These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest on long-term debt.

**Capital Project Funds** - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

#### FIDUCIARY FUND TYPE

**Custodial Funds -** Custodial Funds are used to report fiduciary activities that are not held in a trust or equivalent arrangement that meet specific criteria.

Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

# NOTES TO THE FINANCIAL STATEMENTS PAGE FIVE YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

The proprietary fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer system enterprise fund are charges to customers for sales and services. The water and sewer system also recognize as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

#### E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

#### Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

To maximize interest earnings, the City's cash resources are combined to form a cash pool. Excluded from this pool is the cash of the Water and Sewer Bond and Interest Fund, Water and Sewer Revenue Fund, the Payroll Fund, the Police Forfeitures Fund, the Series 2019 and 2020 Bond Projects Fund, the 2003 TIF Bond and Interest Chauvet Square Fund, the 2007 TIF Bond and Interest Turtle Crossing Fund, the 2008 TIF Bond and Interest Lincoln Center Fund, the 2012 TIF Bond and Interest Kohl's Fund, the 2014 TIF Bond and Interest Southern Pointe Fund, the 2015-A TIF Bond and Interest Ridge at Turtle Creek Fund, the 2015-B TIF Bond and Interest Midtown Market Fund, the 2016 TIF Bond and Interest Whispering Pines Fund, the 2016 TIF Bond and Interest Hattiesburg Clinic Fund, 2019 TIF Bond and Interest Planet Fitness Fund, the 2019 TIF Elam Arms Midtown Bond and Interest Fund, the COVID Fiscal Recovery Grant, the Municipal Road and Bridge Fund, the Community Development Block Grant Fund for Entitlement and HOME Entitlement, the Special 1% Sales Tax Fund, Internet Sales Tax Fund, the 2019 Fire Station Construction Fund, the TIF Construction Fund, the Group Insurance Trust Fund and the Claims Fund.

Investments for the City and its component unit are reported at fair value.

# NOTES TO THE FINANCIAL STATEMENTS PAGE SIX YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### Interfund Transactions and Balances

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds". Noncurrent portions of interfund receivables and payables are reported as "advances to/from other funds". Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance account in the General Fund to indicate that they are not available for appropriation and are not expendable available financial resources. Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any outstanding balances between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

#### Receivables

All receivables for sales taxes and property taxes are considered collectible; therefore no reduction has been made for an allowance for these receivables. Fees paid in lieu of ad valorem taxes pursuant to separate agreements are recognized when collected or when probability of receipt is reasonably certain. Fines receivable is reported net of allowance for uncollectible accounts at September 30, 2022. Credits against fines are applied for any jail time served, community service, or electronic monitoring. Since any such credits are not known until actual events occur, the amounts of those credits cannot be reasonably estimated before they are earned. Therefore, future credits to be applied against existing fines receivable are not estimated or reflected in the City's financial statements.

Customer accounts receivable in the enterprise fund are attributable to unpaid balances at year-end for charges for services and are netted with an allowance for doubtful accounts. The City estimates the allowance for doubtful water and sewer account balances based upon a review of outstanding balances and status of customer accounts and upon consideration of historical collection trends and other factors.

Property taxes are levied annually for the upcoming fiscal year beginning October 1<sup>st</sup> on property values assessed as of the previous January 1<sup>st</sup>. Such levy, which establishes a lien against the underlying property, is made by the City Council in September before the beginning of the fiscal year. Property taxes are recognized in the year for which they are levied. Property tax statements on real property are typically mailed in December each year, with the taxes due annually on February 1<sup>st</sup>. All taxes are collected and remitted to the City on a monthly basis by Forrest and Lamar County governments. Delinquent tax payments, received throughout the year, are recognized as revenue in the year received. Property with delinquent taxes as of August is subject to sale for collection of such taxes. Property taxes on vehicles are assessed annually and become due throughout the year based upon the month of acquisition.

# NOTES TO THE FINANCIAL STATEMENTS PAGE SEVEN YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### Inventories and Prepaid Items

All inventories are valued at cost, which approximates market, using the first-in/first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, street lights, sewer and water lines, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government, as well as the component unit, is depreciated using the straight-line method over the following estimated useful lives:

Buildings and improvements 20-50 years Infrastructure 10-50 years Machinery and equipment 3-15 years Intangible right-to-use assets

\*\* Intangible assets for the City represent right-to-use leased assets and are capitalized as a group for reporting purposes. The estimated useful life is the term of the lease agreement. There is no mandated maximum amortization period. Intangible assets with indefinite useful lives are not amortized.

The term "depreciation" includes the amortization of intangible assets.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the City's pension plans and additions to/deductions from the plan's net position have been determined on the same basis as they are reported by Public Employees' Retirement System of Mississippi. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Deferred Outflows/Inflows of Resources

Deferred outflows of resources are a separate financial statement element that represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports prepaid insurance on the Water and Sewer Revenue Bonds in the government-wide and the proprietary statements of net position as a deferred outflow of resources. Bond insurance paid from debt proceeds as a credit enhancement feature with the bonds is deferred and amortized over the life of the bonds. In addition, deferred outflows include amounts related to pensions and other postemployment benefits, including contributions subsequent to the measurement date of the actuarial valuations for the plans.

Deferred inflows of resources are a separate financial statement element that represents an acquisition of net position or fund balance that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds report unavailable revenues from special assessments, and these amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Both the government-wide statements and governmental funds report property taxes levied for the subsequent year, which are deferred and recognized as an inflow of resources in the period for which they are levied. The government-wide statements report unavailable revenues from contracts, leases and grants, in addition to special event revenue from its' component unit, which are deferred and recognized as inflows of resources in the period that the amounts become available. The government-wide statements also reflect pension related items resulting from the difference between estimated and actual return on pension plan investments, which are being amortized over a four-year period using the straight-line method.

# NOTES TO THE FINANCIAL STATEMENTS PAGE NINE YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation, sick pay, overtime, and holiday pay benefits. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when employees separate from service with the government. All vacation, overtime, and holiday pay is accrued when incurred in the government-wide financial statements and in the proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they are expected to be paid from current resources, for example, as a result of employee resignations and retirements, based on management's estimates.

#### Leases

The City's incremental borrowing rate is determined using the daily treasury rate that is in effect at the start of the lease adjusted by 1.00% based on the quality of the City's credit. This rate is used to calculate the present value of lease payments when the rate implicit in the lease is not known.

#### Long-Term Obligations

In the government-wide financial statements and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond discounts and premiums are amortized over the life of the related bonds. Bond issuance costs, other than prepaid insurance costs, are recognized as expenses in the period incurred. Prepaid insurance costs are reported as an asset and are recognized as expenses over the duration of the related debt.

Governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

# NOTES TO THE FINANCIAL STATEMENTS PAGE TEN YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### Net Position

The government-wide statement of net position presents financial information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Net position invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back any unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through enabling creditors, grantors, or laws or regulations of other governments.

#### Fund Balance Policies

The City provides fund balance categories to report the nature and extent of the constraints placed on the government's fund balances. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance amounts that are not in spendable form, such as inventories and prepaid items, or are legally or contractually required to remain intact.
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government) through constitutional provisions, or by enabling legislation.
- Committed fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council, the government's highest level of decision-making authority.
- Assigned fund balance amounts a government intends to use for a specific purpose; intent can be
  expressed by the governing body or official to which the governing body has delegated the authority
  to assign amounts to be used for specific purposes.
- *Unassigned fund balance* residual amounts that are available for any purpose; positive amounts are reported only in the general fund.

The City Council, the City's highest level of decision-making authority, establishes, modifies, or rescinds fund balance commitments by passage of resolutions that also establish the City's spending policy, which prescribes that restricted fund balance amounts are to be spent first, followed by committed, assigned, and lastly, unassigned fund balances.

The City does not have a formal minimum fund balance policy but transfers resources among funds as necessary to address any deficiencies at the fund level.

# NOTES TO THE FINANCIAL STATEMENTS PAGE ELEVEN YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### F. Budgets and Budgetary Accounting

The City's procedures for establishing its budget and for reporting budgetary data reflected in the financial statements are as follows:

- 1. In August, the City's Chief Financial Officer submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Prior to September 15, the budget is legally enacted through the passage of an ordinance by the City Council. The budget may be subsequently amended by action of the City Council.
- 3. The City's Chief Financial Officer is authorized to transfer budgeted amounts within departments within the published expenditure categories; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.
- 4. All funds, with the exception of Fiduciary Funds, are budgeted, including the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Proprietary Funds. These budgets are prepared on a cash basis, modified for encumbrances for goods and services which have not been received.

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source. Pursuant to the Mississippi State Department of Audit's prescribed format, expenditures are budgeted by department and class as follows: personal services, supplies, other services and charges, capital outlays, transfers, and debt service. This constitutes the legal level of control. Expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to final approval of the City Council. Cumulative increases to departmental expenditures in excess of 10.00% must also be published in the local newspaper.

Encumbrances arise from the issuance of purchase orders, which must be within the adopted budgetary limits. Encumbrances are recorded when purchase orders are issued but are not considered expenditures until liabilities for payments are incurred upon receipt of goods or services. Encumbrances do not lapse at the close of the fiscal year but are carried forward. If necessary, subsequent year budgets are amended to cover prior year encumbrances.

# NOTES TO FINANCIAL STATEMENTS PAGE TWELVE YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

#### G. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. This affects the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates. Significant estimates which could change in the near-term include collectible portions of receivables from property taxes levied but not yet due, the allowance for doubtful Water and Sewer customer accounts receivable, the net collectible amounts of Municipal Court fines receivable, claims liabilities for the employee health insurance plan, useful lives of capital assets, and liabilities for pension and other post-employment benefits. In addition, long-term and current portions of compensated absences are based on estimates and assumptions relating to when earned compensated absences will be paid. Actual results may differ from these estimates.

#### H. Change in Accounting Standard

GASB Statement No. 87, Leases, was implemented during fiscal year 2022. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. It established a single model for lease accounting based on the foundational principle that leases are financings of the right-to-use an underlying asset. This guidance is intended to enhance the accountability, consistency and comparability of lease activities reported by governments.

#### I. Recent Accounting Pronouncement

In May 2020, GASB issued GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, which changes the treatment of the capitalization criteria and recognition of the subscription asset. The new standard is effective for the year ending September 30, 2023. The City is evaluating the effect the guidance will have on their financial statements and related disclosures.

# NOTES TO FINANCIAL STATEMENTS PAGE THIRTEEN YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 2 - PRIOR PERIOD ADJUSTMENT**

A summary of the prior period adjustment reflected on the City's financial statements is presented below:

Explanation		Amount
Exhibit B (Governmental Activities)		
Change in Accounting Standard	Φ.	100.010
To implement GASB 87 lease assets and lease liabilities.	\$	166,816

#### **NOTE 3 - DEPOSITS**

<u>Deposits</u> - The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, *Mississippi Code of 1972 Annotated*. Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation (FDIC).

The carrying amount of the City's deposits with financial institutions and petty cash reported in the government-wide statements was \$70,772,328 (exclusive of cash with fiscal agents disclosed below). The bank balance was \$76,380,057. The City's long standing, although not formally adopted, investment policy is based upon all bank accounts being fully collateralized (using the procedures described above) and interest-bearing with rates updated on a quarterly basis and benchmarked using verifiable appropriate federal funds rates. Interest is calculated using average balances and recorded monthly.

<u>Custodial Credit Risk - Deposits</u> - Custodial credit risk is defined as the risk that, in the event of a financial institutions failure, the government's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of September 30, 2022, the City's bank balance was not exposed to custodial credit risk because deposits are covered by the State Treasurer collateral pool.

<u>Cash with Fiscal Agents</u> - The carrying amount of the City's cash with fiscal agents held by financial institutions was \$5,328,912.

<u>Interest Rate Risk</u> - The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

# NOTES TO FINANCIAL STATEMENTS PAGE FOURTEEN YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 4 - CAPITAL ASSETS**

Capital asset activity for the year ended September 30, 2022, was as follows:

# NOTES TO FINANCIAL STATEMENTS PAGE SIXTEEN YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 4 - CAPITAL ASSETS (Cont.)**

Depreciation expense was charged to the functions/programs of the governmental activities of the City as follows:

#### Governmental Activities:

General government Public safety	\$	588,895
·		1,065,270
Public services – which includes the depreciation of infrastructure assets		4,794,098
Other services		624,348
Mass transit		693,648
Culture and recreation		1,041,552
Human/social assistance		36,953
Total depreciation expense - governmental activities	Ф	8.844.764
i Olai depi ecialioni expense - govennilentai activities	Ψ	0,044,704

#### NOTE 5 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Balances due to/from various City funds at September 30, 2022, consist of the following:

Receivable Fund	Payable Fund		Amount		
General fund	Municipal road and bridge fund	\$	2,295,000		
General fund	Nonmajor governmental funds		583,500		
General fund	Custodial fund		336,111		
Nonmajor governmental funds	General fund		19,071		
Nonmajor governmental funds	Combined Water and Sewer System		1,738		
Total		\$	3,235,420		

The outstanding balances between funds result mainly from the time lag between the dates that goods and services are provided or reimbursable expenditures occur and satisfaction of those amounts. These balances are expected to be collected within one year.

Advances to/from other funds at September 30, 2022, consist of the following:

Receivable Fund	Payable Fund	 Amount		
General fund	Nonmajor governmental fund	\$ 300,000		

# NOTES TO FINANCIAL STATEMENTS PAGE SEVENTEEN YEAR ENDED SEPTEMBER 30, 2022

#### NOTE 5 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (Cont.)

The amount payable to the General Fund is attributable to working capital loans made to the Community Development Block Grant Fund. None of the balance shown is scheduled to be collected in the subsequent year.

The composition of interfund transfers for the year ended September 30, 2022, is as follows:

	Transfers In:						
Transfers out:	General Fund		Go	Other evernmental Funds		ned Water and ver System	Total
General fund Municipal road and bridge fund	\$ 321,40	- 07	\$	3,406,794	\$	27,636	\$ 3,434,430 321,407
Combined water and sewer system	894,82	:3_				<u>-</u>	894,823
Total	\$ 1,216,23	0	\$	3,406,794	\$	27,636	\$ 4,650,660

Interfund transfers are authorized components of the budget and are typically used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the fund collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### NOTE 6 - AD VALOREM TAXES LEVIED FOR OTHER GOVERNMENTAL ENTITIES

Section 35-57-1 et seq., *Mississippi Code of 1972 Annotated*, requires that the City levy and collect all taxes for and on behalf of the municipal separate school district. Section 39-3-7, *Mississippi Code of 1972 Annotated*, authorizes the City to levy and collect a tax not in excess of three mills for the support of any public library system located within the municipality.

# NOTES TO FINANCIAL STATEMENTS PAGE EIGHTEEN YEAR ENDED SEPTEMBER 30, 2022

#### NOTE 6 - AD VALOREM TAXES LEVIED FOR OTHER GOVERNMENTAL ENTITIES (Cont.)

For the fiscal year 2022, the following ad valorem tax levies were made in accordance with the applicable statutory requirements and authorizations:

Entity/Purpose of Levy	Applicable State Law	Mills Levied
School District:		
Operational Support	37-57-105	58.33
School Bonded Indebtedness	37-59-23	7.75
Library (support, upkeep and maintenance of		
Hattiesburg Public Library System)	39-3-7	1.95

#### **NOTE 7 - CLAIMS AND JUDGMENTS**

Self-Funded Health Insurance Program - The City provides employee health and accident coverage through a self-insurance program that utilizes a plan administrator as its claims-servicing organization, with the City retaining the risk of loss on all claims to which the City is exposed. Premium payments into the plan are established as a part of the City's budgetary process and upon consideration of actuarial recommendations provided by the plan administrator. The City has opted to set premium rates for individual and family coverage at somewhat lower levels than those recommended. Therefore, additional costs not expected to be covered by premiums are separately budgeted in individual funds in which related payroll costs are incurred. When necessary, based upon the claims paid during the fiscal year, the City makes supplemental transfers from payroll budgets of various funds into separate self-insurance fund accounts, which are included in the general fund for financial reporting purposes.

To limit its exposure to risk under this self-insured program, the City maintains reinsurance which provides two separate stop loss coverages: specific and aggregate. These coverages are provided by an outside commercial carrier. For fiscal year 2022, the specific coverage begins when an individual participant's claim exceeds \$125,000, with unlimited maximum benefit per covered person. The aggregate policy covers all submitted claims in excess of the minimum aggregate deductible, which is the greater of \$5,834,783 or 95% of the annualized first monthly aggregate deductible. Maximum covered expenses of \$125,000 per covered person accumulate toward the unlimited maximum aggregate benefit.

# NOTES TO FINANCIAL STATEMENTS PAGE NINETEEN YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 7 - CLAIMS AND JUDGMENTS (Cont.)**

Claims expenses and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The following table provides changes in the balances of claims liabilities for fiscal year 2022:

Unpaid claims, beginning of fiscal year	\$ 287,050
Plus: Incurred claims (including IBNRs)	4,923,053
Less: Claims payments	 (4,837,787)
Unpaid claims, end of fiscal year	\$ 372,316

Cash on deposit in the Group Insurance Fund at September 30, 2022 was \$350,047. Based on the above project of net unpaid claims in excess of cash on deposit, interfund receivables were established from the respective operating funds at September 30, 2022.

**Kohler Tax Exemption Judgment -** Pursuant to the settlement and mutual release, effective January 31, 2019, the City agreed to pay Kohler Company \$599,250 in tax refunds over a period of 10 years. Installments of \$50,000 are due December 31 of each year. These payments may be processed as either cash settlements or ad valorem tax credits each year at the option of the City. See Note 9 for additional information related to the payment schedule.

### **NOTE 8 - LEASES**

The City is a lessee for various non-cancellable leases of equipment, land and property. For leases that have a maximum possible term of 12 months or less at commencement, the City recognizes expense based on the provisions of the lease contract. For all other leases, other than short-term, the City recognized a lease liability and an intangible right-to-use lease asset.

At lease commencement, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, less lease payments made at or before the lease commencement date, plus any initial direct costs ancillary to placing the underlying asset into service, less any lease incentives received at or before the lease commencement date. Subsequently, the lease asset is amortized in amortization expense on an effective interest rate method over the shorter of the lease term or the useful life of the underlying asset.

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 8 - LEASES (Cont.)**

The City generally uses its incremental borrowing rate as the discount rate for leases unless the rate that the lessor charges is known. The City's incremental borrowing rate is determined using the daily treasury rate that is in effect at the start of the lease adjusted by 1.00% based on the quality of the City's credit.

The lease term includes the non-cancellable period of the lease plus any additional periods covered by either the City or lessor option to extend for which it is reasonably certain to be exercised or terminate for which it is reasonably certain to not be exercised. Periods in which both the City and the lessor have a unilateral option to terminate (or if both parties have to agree to extend) are excluded from the lease term.

#### As lessee:

The intangible right-to-use assets as of September 30, 2022, were as follows:

	Balance ober 1, 2021	Additions	Am	ortization	Septe	Balance ember 30, 2022
Equipment, net Land, net Property, net	\$ - - -	\$ 6,243,456 215,725 185,349	\$	458,699 3,935 1,038	\$	5,784,757 211,790 184,311
Total	\$ 	\$ 6,644,530	\$	463,672	\$	6,180,858

See Note 4 for further details regarding intangible right-to-use assets, which represents leased assets.

The lease agreements can only be cancelled if both parties agree. There are no options to extend the leases.

The lease obligations outstanding as of September 30, 2022, were as follows:

	Discount Rate	Term	Issue Date	Maturity Date	Monthly Payment		Amount Outstanding
Equipment Land Property	1.71% - 2.58% 3.04% 4.20%	48-192 months 40 years 25 years	Various 10/1/2021 6/1/2022	Various 8/13/2059 6/01/2047	\$295,429 9,613 1,000	В	\$ 5,784,757 211,790 184,311
Total							\$ 6,180,858

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY-ONE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 8 - LEASES (Cont.)**

- A. One of these leases includes a payment escalation that occurs every February 4th throughout the lease term. The other leases contain fixed payment amounts.
- B. This lease contains a variable payment adjustment based on the Consumer Price Index.
- C. This lease contains a variable payment adjustment that will be made upon completion of the project based on an appraisal of the property and this amount will remain in effect for the remaining first five-year term. A new appraisal will be completed at the beginning of each new five-year term to determine the lease payment for that period.

The following is a schedule by year of the total payments due:

Year Ending September 30,	Principal	Interest
2023	\$ 476,885	\$ 159,598
2024	494,888	147,355
2025	517,168	134,508
2026	543,190	121,004
2027	574,655	106,727
2028-2032	3,267,039	288,366
2033-2037	58,619	49,444
2038-2042	70,678	37,384
2043-2047	82,281	22,782
2048-2052	35,656	12,403
2053-2057	41,416	6,647
2058-2059 <i>Total</i>	18,383 \$ 6,180,858	\$1,087,060

As lessor:

On April 3, 2018, the City entered into a lease agreement with an aviation company for the use of the facility owned by the City for the purpose of having access to the facility as a general fixed base operator. The lease stipulated that the lessee would pay approximately \$1,510 per month in lease payments commencing on April 3, 2033, with an option to extend the lease for an additional five-year term, for a term of 20 years. Variable payments above the base amount are not included in the measurement of the lease receivable. The City is to receive \$18,120 in rent annually with an implicit interest rate of 2.99%.

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY-TWO YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 8 - LEASES (Cont.)**

Remaining amounts to be received associated with this lease are as follows:

Year Ending September 30,_	Principal		<u>Ir</u>	nterest
2023	\$	11,530	\$	6,590
2024		11,863		6,257

### **NOTE 9 - LONG-TERM LIABILITIES**

### **General Obligation Bonds**

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City and have been issued for both governmental and business-type activities. The City has no special assessment bonds at September 30, 2022. Bonds are generally issued as serial bonds with essentially level principal and interest payments maturing each year with maturities that range from 5 to 30 years. Upon default, the Trustee shall notify the owners of all bonds then outstanding of such event of default by registered or certified mail, may pursue any available remedy at law or in equity or by stature to enforce the payment of principal of and interest on the bonds outstanding, and may declare the principal of and accrued interest on all bonds to be due and payable immediately.

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY-THREE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 9 - LONG-TERM LIABILITIES (Cont.)**

General obligation bonds outstanding at September 30, 2022 are as follows:

### **General Obligation Bonds**

Governmental Activities:	Sale Date		Original Borrowing	Interest Rates to Maturity	Final Maturity	Outstanding 9/30/22
Public Improvements	2019	\$	29,850,000	3.00 - 5.25%	2049	\$ 29,850,000
Public Improvements	2020	•	15,150,000	3.00 - 4.00%	2050	15,150,000
Total						\$ 45,000,000
Business-type Activities:	_					
Public Improvements	2011	\$	3,600,000	2.60 - 3.70%	2031	\$ 1,825,000
Public Improvements	2016		4,605,000	2.00 - 3.00%	2024	1,035,000
Total						\$ 2,860,000

### <u>Limited Obligation Tax Increment Financing Bonds</u>

Tax increment financing (TIF) bonds are issued by the City to provide funds for the acquisition and construction of infrastructure and related improvements in conjunction with commercial development projects. Bonds are generally issued as serial bonds with essentially level principal and interest payments with maturities that range from 10 to 20 years. These bonds are secured by the payment of the incremental increase in City property taxes from each project's TIF taxing district as authorized under the TIF plan document approved by the governing authorities. These bonds may also be secured by county participation as authorized by executed interlocal agreements pledging incremental increase in county property taxes in the TIF taxing district. The City's obligation is limited to the increase in taxes provided by improvements in the taxing district.

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY-FOUR YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 9 - LONG-TERM LIABILITIES (Cont.)**

Limited obligation TIF bonds outstanding at September 30, 2022 are as follows:

### **Limited Obligation TIF Bonds**

Governmental Activities:	Sale Date	Original Borrowing	Interest Rates to Maturity	Final Maturity	Outstanding 9/30/22
Chauvet Square	2003	\$ 1,100,000	4.50 - 5.35%	2023	\$ 90,000

Planet Fitness	2020	768,000	3.00%	2036	676,039
Total					\$ 10,093,039

### Certificates of Participation

In accordance with Section 31-8-1, et seq. *Mississippi Code of 1972 Annotated*, the City issued Certificates of Participation and transferred the proceeds to the Southern Mississippi Investment Company, Inc. (Corporation). The funds were used to construct a City Public Safety Complex, including renovations of an existing building to be used as a multi-purpose building and a Parks and Recreation administration building.

At completion, the Corporation entered into a 20 year agreement with the City, with the City being obligated to make payments to the Corporation equal to the principal and interest payments on the debt. When the debt is paid, the City will assume ownership of the facilities. The obligation is not a general obligation and does not constitute a pledge of full faith and credit of the City. Upon default, the City will be liable for, any deficiency resulting from said reletting of the Project or sale of the Improvements, or from the continuation of this Lease by the Lessor, beyond the amount of the specific appropriation, if any, by the City for the Project for the Fiscal Year in which the default occurred reduced by the amount of said current and specific appropriation disbursed by the City in accordance with the terms of this Lease and the Trust Agreement.

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY-FIVE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 9 - LONG-TERM LIABILITIES (Cont.)**

There is an unamortized premium of \$184,200 which is not included in the principal in the following schedule:

### **Certificates of Participation**

Governmental Activities:	Sale Date	Original Borrowing	Interest Rates to Maturity	Final Maturity	Outstanding 9/30/22
Certificates of Participation	2016	\$ 5,300,000	3.00 - 5.00%	2036	\$ 4,345,000

### Economic Development Limited Obligation Bonds

The City also has issued limited obligation debt for economic development purposes that is repaid from revenues pledged under the terms of the respective contractual agreements made pursuant to the authorization for these projects by the governing authorities. Thus, future revenues are pledged in the amount of future debt service requirements. These limited obligation bonds and notes are generally issued with essentially level annual principal and interest payments with a maturity of 10 years.

Limited obligation bonds and notes outstanding at September 30, 2022 are as follows:

### **Economic Development Limited Obligation Bonds**

Governmental Activities:	Sale Date	Original Borrowing	Interest Rates to Maturity	Final Maturity	01	utstanding 9/30/22
MDB Limited Obligation Bonds	2009	\$ 2,937,000	2.90 - 6.00%*	2030	\$	113,208

<sup>\*</sup>Variable rate for MDB debt is adjusted weekly using the SIFMA Muni-Index plus 1.2%.

### Notes from Direct Borrowings and Direct Placements

The City issues notes to provide funds for the acquisition and construction of major capital facilities. These notes from direct borrowings and direct placements are direct obligations and pledge the full faith and credit of the City and have been issued for governmental activities. Notes from direct borrowings and direct placements are generally issued with a five-year maturity. The City has no anticipation notes at September 30, 2022. Upon default, the notes from direct borrowings and direct placements become immediately due in full.

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY-SIX YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 9 - LONG-TERM LIABILITIES (Cont.)**

Notes from direct borrowings and direct placements outstanding at September 30, 2022 are as follows:

**Notes from Direct Borrowings/Direct Placements** 

Governmental Activities:	Sale Date	 Original Borrowing	Interest Rates to Maturity	Final Maturity	utstanding 9/30/22
Fire truck	2018	\$ 439,502	2.83%	2025	\$ 169,030
Public Improvements	2019	494,000	1.52%	2025	304,875
Public Improvements	2019	4,100,000	1.82%	2025	 2,532,326
Total					\$ 3,006,231

### Business-type Activities (Water and Sewer) Revenue Bonds

In addition to water and sewer general obligation bonds, the City also issues water and sewer revenue bonds to provide funds for the acquisition and construction of water and sewer system infrastructure and related improvements and system rehabilitation. These bonds are secured by water and sewer operating revenues and are subject to the requirements of the respective revenue bond documents. These bond documents include important parity debt requirements with the issuance of each new series of revenue bonds and require annual net revenue tests to be performed in accordance with the prescribed calculations. Water and sewer rates are required to be adjusted if debt requirements are not met. Upon default, the Trustee shall notify the owners of all bonds then outstanding of such event of default by registered or certified mail, may pursue any available remedy at law or in equity or by stature to enforce the payment of principal of and interest on the bonds outstanding, and may declare the principal of and accrued interest on all bonds to be due and payable immediately.

# NOTES TO FINANCIAL STATEMENTS PAGE TWENTY-SEVEN YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 9 - LONG-TERM LIABILITIES (Cont.)**

Bonds are generally issued as serial bonds with essentially level principal and interest payments maturing each year with maturities that range from 10 to 25 years. Revenue bonds outstanding at September 30, 2022 are as follows:

### **Revenue Bonds**

Business-type Activities:	Sale Date	Original Borrowing	Interest Rates to Maturity	Final Maturity	Outstanding 9/30/22
W&S Revenue Project, Series 2012	2012	\$ 12,500,000	2.50 - 5.00%	2024	\$ 1,260,000

W&S Refunding Bonds, Series 2016	2016	25,000,000	3.03%	2023	2,605,000
W&S Refunding Bonds, Series 2021	2021	38,402,000	0.95% - 2.50%	2038	37,832,000
Total					\$ 48,697,000

### **Compensated Absences**

Vested or accumulated vacation leave, holiday leave, and accrued overtime that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave, holiday leave, and accrued overtime that are not expected to be liquidated with expendable available financial resources are reported as noncurrent liabilities. In accordance with the provisions of ASC 710-10-20, *Compensation*, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

Compensated absences at September 30, 2022 are as follows:

	 vernmental Activities	iness-Type ctivities	Primary overnment
Accrued vacation pay Accrued overtime pay Accrued holiday pay	\$ 1,948,815 12,372 76,883	\$ 193,799 421 -	\$ 2,142,614 12,793 76,883

# NOTES TO FINANCIAL STATEMENTS PAGE THIRTY-TWO YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 10 - SCHEDULE OF STATUTORY DEBT LIMITATIONS**

The City is subject to the limitations of indebtedness prescribed by Section 21-33-303, *Mississippi Code of 1972 Annotated.* No municipality may issue bonds secured by a pledge of its full faith and credit in an amount which, when added to the then outstanding bond indebtedness of such municipality, would exceed the 15.00% and 20.00% tests prescribed in Section 21-33-303. These percentages are applied to the assessed value of the taxable property within such municipality, with certain types of bond issues being excluded from the authorized debt limit tests.

Presented in the schedule below are the calculations of the applicable statutory debt limitations as of September 30, 2022:

		1	5.00% Test	2	0.00% Test
Assessed value as of September 30, 2022 (\$490,053,946) times applicable percentage Present debt subject to debt limits as of September 30, 2022:	[a]	\$	73,508,092	\$	98,010,789
Total bonds and notes other than water and sewer Less: Bonds exempt from debt limitation calculations Add: Water & Sewer debt other than revenue bonds			58,212,478 (10,206,247) N/A		58,212,478 (10,206,247) 2,860,000
General obligation debt subject to applicable tests	[b]		48,006,231		50,866,231
Margin for additional debt [a] minus [b]		\$	25,501,861	\$	47,144,558

#### **NOTE 11 - TAX ABATEMENTS**

GASB Statement No. 77, *Tax Abatement Disclosures*, defines a tax abatement as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they would otherwise be entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the government or citizens of those governments.

The City negotiates property tax abatements on an individual basis. All abatements are for 5 and/or 10 years and are for economic development purposes. The City has one type of abatement, as follows:

<u>Section 27-31-101 and 27-31-105, Mississippi Code of 1972 Annotated</u> - All allowable tax levies There are twenty-one companies that have tax abatements under this statute.

# NOTES TO FINANCIAL STATEMENTS PAGE THIRTY-THREE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 11 - TAX ABATEMENTS (Cont.)**

Category	Ab	ount of Taxes ated During e Fiscal Year	Direct Employment Impact	Indirect Employment Impact
Industrial expansion exemptions	\$	1,522,092	4,315 jobs	4,385 jobs

The projected public investment for jobs impacted by industrial expansions is \$550 per direct job and \$268 per indirect job.

The economic impact information presented above was compiled by consultants contracted by the City and was prepared in conjunction with fiscal year 2022 tax abatement totals obtained from the Forrest County Tax Assessor's office. There were no tax abatement agreements for Lamar County properties in fiscal year 2022.

The companies were required to comply with certain special provisions, and did so in order to receive the abatements. The City made no commitments as part of the agreements other than to reduce taxes.

### **NOTE 12 - RELATED ORGANIZATION**

The following related organization is excluded from the financial reporting entity because the City's accountability does not extend beyond making appointments. Audited financial statements are available from the organization.

<u>Hattiesburg Tourism Commission</u> - The Commission consists of seven members appointed by the Mayor and ratified by the City Council. Funding is from a special tax levied upon the gross proceeds from hotel and motel overnight room rentals. The City collects that tax and distributes it to the Tourism Commission. Amounts disbursed for the fiscal year ended September 30, 2022 totaled \$1,044,894.

## NOTES TO FINANCIAL STATEMENTS PAGE THIRTY-FOUR YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 13 - JOINT VENTURES**

The City of Hattiesburg is a participant with Forrest County in a joint venture authorized by Section 57-31-1, *Mississippi Code of 1972 Annotated*, to operate the Forrest County Industrial Park Commission (FCIPC). The joint venture was created to develop and operate an industrial park complex for citizens of Forrest County and the City of Hattiesburg. During fiscal year 2021, the City contributed \$235,000 to the Forrest County Industrial Park Commission. The Commission is governed by a ten member board. The governing authorities of the City of Hattiesburg and the Forrest County Board of Supervisors each appoint five members. Each entity is obligated to provide equal funding for the ongoing financial support of the Commission. A separate financial statement of the Forrest County Industrial Park Commission can be obtained by contacting the Commission at Post Office Box 1898, Hattiesburg, Mississisppi 39403.

The City of Hattiesburg is a participant with Forrest County, Jones County, and the State of Mississippi to operate the Hattiesburg/Laurel Regional Airport Authority authorized by Section 61-3-5, *Mississippi Code of 1972 Annotated.* The joint venture, governed by a five member board of commissioners, was created to maintain and develop the Authority for the City and aforementioned entities. Each governmental entity appoints one board member. A separate financial statement of the Hattiesburg/Laurel Regional Airport Authority can be obtained by contacting the Authority at 1002 Terminal Drive, Moselle, Mississippi 39459.

The City of Hattiesburg is a participant with Forrest County and the City of Petal in a joint venture authorized by Section 39-3-38, *Mississippi Code of 1972 Annotated* to operate the Library of Hattiesburg, Petal, and Forrest County. The joint venture was created to provide free public library service to the citizens of Forrest County and the Cities of Hattiesburg and Petal. The library is governed by a fifteen member board appointed by the governments involved as follows: City of Hattiesburg - six members; Forrest County - six members; and City of Petal - three members. Each entity is obligated by contract to levy not less than 1.25 mills as authorized by Sections 39-3-35 and 39-3-37, *Mississippi Code of 1972 Annotated*, for the ongoing financial support of the library. A separate financial statement of the library can be obtained by contacting the Library at 329 Hardy Street, Hattiesburg, Mississippi 39401.

### **NOTE 14 - JOINTLY GOVERNED ORGANIZATIONS**

The Emergency Management District provides emergency services to the City of Hattiesburg and Forrest County. The entity is controlled by an eight member council. The Council is chosen as follows by the following authorities: Mayor of Hattiesburg - one; Forrest County Board of Supervisors - one; Sheriff of Forrest County - one; AAA Ambulance - one; Hattiesburg Police Chief - one; Hattiesburg Fire Chief - one; the University of Southern Mississippi - one; and Forrest General Hospital - one. Operating funds are provided by state grants, E-911 charges and direct contributions.

## NOTES TO FINANCIAL STATEMENTS PAGE THIRTY-FIVE YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 15 - DEFICIT FUND BALANCES OF INDIVIDUAL FUNDS**

At September 30, 2022, the City's 2012 TIF Bond and Interest Kohl's Fund, Airport Improvement Fund and Community Development Block Grant Fund reported deficit fund balances of \$1,249, \$381,694 and \$20,292, respectively, which are attributable to the cumulative effect of program expenditures in excess of grant reimbursements.

#### **NOTE 16 - COMMITMENTS**

Significant encumbrances at September 30, 2022, included \$1,572,555 for public services projects.

Commitments for construction projects in progress are as follows:

September 30, 2022	 Amount
Airport improvements	\$ 29,353
Infrastructure projects	12,656,949
Economic development	10,690,893
Culture and recreation	3,773,797
Water and sewer projects	 532,154
Commitments for construction projects in progress, end of fiscal year	\$ 27,683,146

### **NOTE 17 - CONTINGENCIES**

**USA Yeast Facility** - During fiscal year 2015, the City completed construction of a wastewater pretreatment facility, or evaporator plant, for a manufacturing facility located within the City. Project costs were funded with CDBG Economic Development Grant funds along with private funds provided by the manufacturer. Under the terms of the grant agreement, the City has title to assets constructed with grant funds, and the manufacturing company owns the assets constructed with its funds. Pursuant to an agreement between the City and the company and to terms stated in the CDBG grant agreement, title to the facility, equipment and components transferred to the company upon expiration of the agreement on December 31, 2021. In conjunction with this project, the City has a ground lease for company property on which the evaporator plant is located. This lease requires payment of \$1 per year and expired December 31, 2021.

# NOTES TO FINANCIAL STATEMENTS PAGE THIRTY-SIX YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 17 - CONTINGENCIES (Cont.)**

**Litigation** - The City is party to various legal proceedings which normally occur in governmental operations. While the City cannot predict the results of any litigation, legal counsel for the City of Hattiesburg believes that it has meritorious defenses for those actions, proceedings and claims, or they are without merit or are of such kind, or involve such amounts, that unfavorable dispositions not covered by insurance resulting from such litigation would not materially affect the financial statements of the City of Hattiesburg, Mississippi. The City includes anticipated attorney fees for ongoing matters in its annual budget for the year in which such fees are incurred.

In 2015, the City began the process to annex properties located West and North of the current city limits. The discovery process was completed in the fall of 2019. The trial was delayed due to the Covid-19 Pandemic. It began in October 2022 and is still in process to this date.

**Federal Grants** - In the normal course of operations, the City receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

**Group Insurance Programs -** The City obtains its workers' compensation, general and automobile liability insurance through certain group insurance programs of the Mississippi Municipal Service Company. Under these programs and pursuant to State of Mississippi regulations, participants are jointly and severally liable for claims incurred; however, the City has experienced no loss under such provisions and cannot reasonably estimate the amount or possibility of losses under these programs.

**Self-Funded Health Insurance Program** - The City provides health insurance to its employees under a self-insured program, as previously described. The City obtains reinsurance to protect against significant loss; however, under the terms of such reinsurance policies, the City is ultimately responsible for covered claims. While the City estimates and recognizes expected claims liabilities related to this program, the amount or possibility of any additional loss cannot be reasonably estimated.

## NOTES TO FINANCIAL STATEMENTS PAGE THIRTY-SEVEN YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 18 - OTHER POSTEMPLOYMENT BENEFITS**

**Plan Description -** The City provides health insurance coverage to participating retirees and their spouses through its single employer defined benefit healthcare plan, which is a self-funded plan administered by United Healthcare, who meet the plan's eligibility requirements. Retirees who elect coverage are automatically provided a \$20,000 life insurance benefit at no cost to retiree. Employees are eligible for these benefits upon attaining age 60 with 8 years of service or any age with 25 years of service. Since retirees may obtain health insurance by participating in a group with active employees and consequently receive a health insurance premium rate differential, such postemployment healthcare benefits are reportable by the City under GASB Statement 75 as a single employer defined benefit health care plan. The portion of the plan attributable to retirees represents other postemployment benefits for financial reporting purposes. Although the City expects to continue the plan indefinitely, it has the right to discontinue, alter, or modify the plan in whole or in part at any time and for any reason, at its sole determination. The plan does not issue a stand-alone financial report. Instead, accounts of the plan are included in the financial statements of the City. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement 75. The City Council must approve any changes to the plan provisions.

**Funding Policy -** Benefits of the plan are self-insured by the City. The City maintains an account for the purpose of paying claims and administrative costs of its self-funded health insurance plan. The account requires that a minimum balance be maintained, and the City deposits additional funds for claims incurred and anticipated payments on a pay-as-you-go basis. Balances in the account belong to the City. Amounts contributed to this account are earmarked for plan expenses but may be revoked at the City's discretion. Therefore, balances are reported in assets of the general fund, and employer contributions are not recognized until payment of claims by the administrator to retirees or their beneficiaries. No assets have been segregated and restricted to provide for postretirement benefits.

Participating retirees make monthly contributions through premium payments based on coverage type. Monthly retiree contributions for single and family coverage for the fiscal year ended September 30, 2022 totaled \$388 and \$638, respectively. For the years ended September 30, 2022, 2021, and 2020, the City contributed \$276,053, \$259,815, and \$468,268, respectively, to the plan for expected payouts for retiree benefits, which represented 15.54%, 14.45%, and 28.00%, respectively, of the actuarially determined annual required contribution of \$1,776,553, \$1,797,653, and \$1,672,469, respectively. No amounts have been contributed to finance future medical benefits under the plan for either current or future retirees.

# NOTES TO FINANCIAL STATEMENTS PAGE THIRTY-EIGHT YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 18 - OTHER POSTEMPLOYMENT BENEFITS (Cont.)**

*Employees Covered by Benefit Terms -* At September 30, 2022, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving	59
Active members	561
Total participants	620

**Total OPEB Liability -** The City's Total OPEB liability of \$11,505,389 was measured as of September 30, 2022, and was determined by an actuarial valuation as of October 1, 2021.

**Actuarial assumptions and other inputs -** The Total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 3.00%

Salary increase 2.50% per annum

Discount rate 2.43%

Healthcare costs trends rate 6.25% graded uniformly to 5.50% over

3 years and following the 2021 Getzen model thereafter until reaching an ultimate

rate of 4.04% in the year 2075

Administrative costs \$247 per member

Retirees' share of health benefit related cost 100% of health premiums

The discount rate was based on the S&P 500 High Grade 20 Year Rate Index as of September 30, 2021.

Mortality rates were based on the PUB.G Headcount-Weighted Mortality tables adjusted with Improvement Scale MP-2021.

100% of future eligible retirees are assumed to elect the medical coverage upon retirement.

Claims cost have been calculated for a male at attained age of 65 and decrease according to the Dale Yamamoto aging table.

## NOTES TO FINANCIAL STATEMENTS PAGE FORTY-ONE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS**

### **Public Employees Retirement Plans**

Plan Descriptions - The City contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer defined benefit pension plan (the Cost-Sharing Plan), which covers all eligible employees, except certain sworn and uniformed policemen and firemen who participate in the City of Hattiesburg Police and Fire Disability and Relief Fund (PFDR), also administered by PERS. Both plans provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PFDR Plan members consist of all full-time sworn and uniformed policemen and firemen who were employed by July 1, 1987. All full-time sworn and uniformed policemen and firemen employed after July 1, 1987, participate in the Cost-Sharing Plan. The PFDR Plan is affiliated with the Mississippi Municipal Retirement System (MRS), an agent multiple-employer defined benefit pension plan, and as of June 30, 2022, included no active members and 134 retirees and beneficiaries currently receiving benefits. Benefit provisions for both plans are established by State law and may be amended only by the State of Mississippi Legislature. The Plans' provisions and the Board of Trustees' authority to determine contribution rates are established by Mississippi Code of 1972 Annotated 25-11-1 et seq, and may be amended only by the Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling 1-800-444-PERS.

Cost-Sharing Plan Benefits Provided - Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of the Cost-Sharing Plan before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.00% of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of the Cost-Sharing Plan before July 1, 2011), plus 2.50% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of the Cost-Sharing

## NOTES TO FINANCIAL STATEMENTS PAGE FORTY-TWO YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS (Cont.)**

Plan before July 1, 2007). The Cost-Sharing Plan also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.00% of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of the Cost-Sharing Plan before July 1, 2011), with 3.00% compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

**PFDR Plan Benefits Provided** - MRS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Membership eligibility and benefit provisions are governed by the general laws of the State of Mississippi, as well as local and private legislation enacted by the Mississippi State Legislature. Statutes may only be amended by the Mississippi Legislature. The PFDR retirement allowance is payable under this plan to any member who retires and has completed at least 20 years of creditable service, regardless of age. The retirement benefits are calculated in an amount equal to 50% of the employee's average compensation, plus 1.70% of average compensation for each year of credited service over 20 with an aggregate amount not to exceed 66-2/3%. Annual cost-of-living (COLA) adjustments are made to allowances of all retirees and beneficiaries, as further described below. Disability and death benefits are also provided under the plan. Upon a member's termination for any reason before retirement, that member's accumulated contributions are refunded.

**Cost-Sharing Plan Contributions** - At September 30, 2022, PERS members were required to contribute 9.00% of their annual covered salary, and the City is required to contribute at an actuarially determined rate. The employer's rate at September 30, 2022 was 17.40% of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The City's contributions (employer share only) to PERS for the years ended September 30, 2022, 2021 and 2020 were \$4,405,518, \$4,317,268, and \$4,334,297, respectively, equal to the required contributions each year.

PFDR Funding Policy - The PERS System Board of Trustees establishes the funding policy for MRS plans. The funding policy for PFDR provides for periodic employer contributions at actuarially determined rates, expressed as millage rate tax applied to assessed property tax values, and active employee contributions at stated rates. The employee contribution rate as of September 30, 2022, was 10.00% of covered payroll. Contributions under this funding policy, established beginning in the 2011-2012 fiscal year, will generate an ultimate asset reserve level equal to a reasonable percentage (initially 100.00% - 150.00%) of the next year's projected benefit payment. At that point, actuarially determined employer contributions will be set equal to the fiscal year's projected benefit payments and adjusted as necessary to maintain the assets at the established reserve level; however, ultimately the City has the option of determining the contribution rate to set as its certified millage rate. The millage rate set by the City must be at a level that will ensure actuarial soundness of the System.

## NOTES TO FINANCIAL STATEMENTS PAGE FORTY-THREE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS (Cont.)**

In developing the annual required contribution shown in the following paragraphs, the normal cost and actuarial accrued liability are determined using the entry age actuarial cost method. Unfunded actuarial accrued liability is being amortized on a closed basis as a level dollar amount over a remaining amortization period of twenty years. The asset valuation method used is a 5-year smoothed market method. The City has the option to set property tax rates to allow for extended contributions beyond 2022 under the funding policy adopted by the PERS Board of Trustees in February 2011. The millage rates certified as of June 30, 2022 for the fiscal years ending September 30, 2023 and September 30, 2024 are 2.03 mills and 2.53 mills, respectively. The actual tax levy set in 2021 for the pension fund for policemen and firemen for the year ended September 30, 2022 was 2.86 mills.

For the plan year ended June 30, 2022, contributions totaling \$137,686 (employer only, no active members) were made in accordance with contribution requirements determined by an actuarial valuation of the System as of June 30, 2022. The employer's annual required contribution (ARC) as of June 30, 2022, was actuarially determined to be \$1,349,361.

**Pension Liabilities and Pension Expense -** At September 30, 2022, the City reported a liability of approximately \$89,712,275 for its proportionate share of the collective net pension liability (NPL) of the Cost-Sharing Plan and the net pension liability allocated to PFDR. The net pension liability (NPL) for both plans was measured as of June 30, 2022, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of that date for both the Cost-Sharing Plan and PFDR Plan.

The NPL recorded and the pension expense recognized by the City for the year ended September 30, 2022, were as follows:

	 ost - Sharing Plan		PFDR		Total
Net pension liability	\$ \$ 75,192,033		\$ 14,520,242		9,712,275
Net pension expense	\$ 6,180,517	\$	786,116	\$	6,966,633

## NOTES TO FINANCIAL STATEMENTS PAGE FORTY-FOUR YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS (Cont.)**

The NPL is the difference between the TPL and the pension plans' fiduciary net position (FNP). The TPL is the present value of the pension benefits that are allocated to current members due to past service by entry age normal actuarial cost method. The TPL includes benefits related to projected salary and service, and automatic cost of living adjustments. The FNP is determined on the same basis as that used by the pension plans. The City's proportion of the collective Cost-Sharing Plan NPL was based on the employers' shares of contributions to the pension plan relative to the total employer contributions of all participating PERS employers. At June 30, 2022, the City's proportion was 0.365326% as compared to its proportion measured at June 30, 2021 of 0.370199%, or a decrease of 0.004873%.

Sensitivity to the City's Proportionate Share of the Net Pension Liabilities to Changes in the Discount Rate - The discount rate used to measure the TPL was 7.55% for both pension plans. The projection of cash flows used to determine the discount rate for the Cost-Sharing Plan assumed that plan member contributions will be made at the current contribution rate (9.00%) and that the employer contributions will be made at the current employer contribution rate (17.40%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

The following presents the City's net pension liabilities calculated using the discount rate of 7.55%, as well as what the City's proportionate share of the net pension liabilities would be calculated using a discount rate that is 1-percentage point lower (6.55%) or 1-percentage point higher (8.55%) than the current rate:

	1.00% Decrease ( 6.55% )		Discount Rate (7.55%)	1.0	0% Increase (8.55%)
Cost-sharing plan net pension liability	\$	98,133,282	\$ 75,192,033	\$	56,278,140
PFDR plan net pension liability	\$	17,141,494	\$ 14,520,242	\$	12,243,556

### **NOTES TO FINANCIAL STATEMENTS** PAGE FORTY-FIVE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS (Cont.)**

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions -At September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Cos	st - Sharing Plan		PF	FDR				
		Deferred	D	eferred	_	Deferred			
0 / 1 00 000	(	Outflows of		tflows of		flows of			
September 30, 2022		Resources	R	esources	R	esources			
Differences between expected and actual experience	\$	779,233	\$	_	\$	_			
Net difference between projected and actual earnings									
on investments		3,159,562		645,160		-			
Changes of assumptions Changes in proportion and differences between employer contributions and proportionate		1,903,391		-		-			
share of contribution Employer contributions subsequent to the measurement		2,557,380		-		644,696			
date		1,203,564		110,562					
Total	\$	9,603,130	\$	755,722	\$	644,696			

Deferred outflows of resources related to the Cost-Sharing Plan and PFDR resulting from City contributions subsequent to June 30, 2022 (the measurement date) were \$1,203,564 and \$110,562, respectively, and will be recognized as a reduction of the net pension liability in the year ending September 30, 2023.

# NOTES TO FINANCIAL STATEMENTS PAGE FORTY-SIX YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS (Cont.)**

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as an addition to (reduction of) pension expense as follows:

	Cost	- Sharing Plan		PF	DR				
Voor Ending Contember 20	0	Deferred Outflows of		Deferred	In	Deferred flows of			
Year Ending September 30,		Resources		esources		esources			
2023	\$	2,458,162	\$	161,290	\$	161,174			
2024		2,458,162		161,290		161,174			
2025		2,192,845		161,290		161,174			
2026		1,290,397		161,290		161,174			
Total	\$	8,399,566	\$	645,160	\$	644,696			

No deferred inflows related to the Cost-Sharing Plan were reported in the year ended September 30, 2022. Recognition of pension-related deferred inflows and deferred outflows is reflected in changes in unrestricted net position.

**Actuarial Assumptions** - In determining employer contribution rates for the PFDR Plan, the actuary evaluates the assets of the plans based on a five-year smoothed expected return with 20.00% of a year's excess or shortfall of expected return recognized each year for five years. The TPL as of June 30, 2022 was determined by an actuarial valuation prepared as of June 30, 2021, and by the investment experience for the fiscal year ending June 30, 2022. The following actuarial assumptions are applied to all periods in the measurement:

	Cost - Sharing Plan	PFDR Plan
Inflation	2.40%	2.75%
Investment rate of return (net of plan investment expense, including inflation)  Projected salary increases, including	7.55%	7.55%
inflation	2.65% - 17.90%	3.00% - 4.50%

## NOTES TO FINANCIAL STATEMENTS PAGE FORTY-SEVEN YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS (Cont.)**

For both plans, the mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 95.00% of male rates up to age 60, 110.00% for ages 61 to 75 and 101.00% for ages above 77. For females, 84.00% of female rates up to age 72 and 100.00% for ages above 76. Mortality rates for disability retirees were based on the PubG.H-2010 Disabled Table adjusted 134.00% for males and 121.00% for females. Mortality rates for Contingent Annuitants were based on the PubS.H-2010(B) Contingent Annuitant Table, adjusted 97.00% for males and 100.00% for females. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

The actuarial assumptions used for the purposes of determining the total pension liability were based on the results of an actuarial experience study for the four-year period from July 1, 2016 to June 30, 2020. The experience report is dated April 20, 2021.

The long-term expected rate of return on the Cost-Sharing Plan investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The most recent target asset allocation and best estimates of arithmetic real rates of return for each major asset class in the Cost-Sharing Plan are as follows:

Investment Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	25.00%	4.60%
International equity	20.00	4.50
Global equity	12.00	4.85
Fixed income	18.00	1.40
Real estate	10.00	3.65
Private equity	10.00	6.00
Private infrastructure	2.00	4.00
Private credit	2.00	4.00
Cash equivalents	1.00	-0.10
Total	100.00%	

# NOTES TO FINANCIAL STATEMENTS PAGE FORTY-EIGHT YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 19 - DEFINED BENEFIT PENSION PLANS (Cont.)**

The actuarial value of assets for the PFDR Plan recognizes a portion of the difference between the market value of assets and the expected market value of assets, based on the assumed valuation rate of return. The amount recognized each year is 20.00% of the difference between market value and expected market value. Actuarial assets were allocated to individual cities in the same proportion that their market value of assets was to the total market value of assets for all cities.

#### **NOTE 20 - ASSET RETIREMENT OBLIGATION**

The City has determined that based on the highly unlikely scenario of water and sewer services no longer being required across its service area and the numerous variables that would be involved with completely abandoning its plant facilities and waste water lagoon it is unable to feasibly determine the calculation of this liability as of September 30, 2022.

# NOTES TO FINANCIAL STATEMENTS PAGE FIFTY-ONE YEAR ENDED SEPTEMBER 30, 2022

### **NOTE 21 - DISCRETELY PRESENTED COMPONENT UNIT (Cont.)**

The Commission executed a contract in 2010 with the City for the management of the Hattiesburg Zoo at Kamper Park. In May of 2012, a new agreement was entered into by the City and the Commission where the Commission agreed to accept full financial responsibility for any subsidy requirement necessary for the operation of the Hattiesburg Zoo. This agreement was renewed in August 2015. In September 2020, the subsequent renewal agreement was styled to continue without a designated termination date. Pursuant to the agreement, all parties reserve the right to cancel this agreement at any time upon six months written notice to the other party. Furthermore, the City agrees to reimburse on a pro rata basis, the Commission for capital equipment, expansion expenditures or major renovation expenditures executed for benefit of the City in the 2 years prior to the date of notice of cancellation.

During the year ended September 30, 2022, the Commission contracted for certain capital projects. The Commission transferred completed construction projects totaling \$91,492 to the City, which are reflected in capital assets of the City as of September 30, 2022.

#### **NOTE 22 - SUBSEQUENT EVENTS**

In preparing the financial statements, management has evaluated and disclosed all material subsequent events through June 28, 2023, which is the date the financial statements were available to be issued as follows:

On November 3, 2022, the City issued General Obligation Bonds, Series 2022 in the amount of \$5,500,000 for cultural and recreational improvements.

This schedule is presented to illustrate the requirement to show information for 10 years. However, GASB Statement No. 75 was implemented for the fiscal year ended September 30, 2018, and until a full 10 year trend is compiled, the City has only presented information for the years in which information is available.

The accompanying notes to the required supplementary information are an integral part of this schedule.

### NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - BUDGETARY COMPARISON SCHEDULES**

#### A. Basis of Presentation:

The Budgetary Comparison Schedules (the Schedules) present the original legally adopted budget, the final legally adopted budget, the actual amounts on the budgetary cash basis, and variances between the final budget and the actual amounts. The Schedules are a part of required supplementary information. As disclosed in Note 1, Section F to the financial statements, the Schedules are presented in the Mississippi State Department of Audit's prescribed format.

#### B. Budget/GAAP Reconciliation:

The major differences between the budgetary basis and the GAAP basis are:

- 1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The budget to GAAP reconciliation is shown at the bottom of Schedules 1 through 3.

#### **NOTE 2 - PENSION SCHEDULES**

#### A. Changes of Assumptions:

<u> 2015</u>

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.

The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION PAGE TWO YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 2 - PENSION SCHEDULES (Cont.)**

#### A. Changes of Assumptions (Cont.):

#### 2016

The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

#### 2017

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.

The wage inflation assumptions was reduced from 3.75% to 3.25%.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual experience more closely.

The percentage of active member disabilities assumed to be in the line of duty was increased from 6.00% to 7.00%.

#### 2019

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:

- For males, 112.00% of male rates from ages 18 to 75 scaled down to 105.00% for ages 80 to 119.
- For females, 85.00% of the female rates from ages 18 to 65 scaled up to 102.00% for ages 75 to 119.
- Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:

- For males, 137.00% of male rates at all ages.
- For females, 115.00% of female rates at all ages.
- Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 3.00% to 2.75%.

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION PAGE THREE YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 2 - PENSION SCHEDULES (Cont.)**

#### A. Changes of Assumptions (Cont.):

The wage inflation assumption was reduced from 3.25% to 3.00%.

Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 7.00% to 9.00%.

#### 2021

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:

- For males, 95.00% of male rates up to age 60, 110.00% for ages 61 to 75, and 101.00% for ages above 77.
- For females, 84.00% of female rates up to age 72, 100.00% for ages above 76.
- Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubG.H-2010 Disabled Table for disabled retirees with the following adjustments:

- For males, 134.00% of male rates at all ages.
- For females, 121.00% of female rates at all ages.
- Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of contingent annuitant mortality was based on the PubS.H-2010(B) Contingent Annuitant Table with the following adjustments:

- For males, 97.00% of male rates at all ages.
- For females, 110.00% of female rates at all ages.
- Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 2.75% to 2.40%.

The wage inflation assumption was reduced from 3.00% to 2.65%.

The investment rate of return assumption was changed from 7.75% to 7.55%.

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION PAGE FOUR YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 2 - PENSION SCHEDULES (Cont.)**

#### A. Changes of Assumptions (Cont.):

The assumed load for administrative expenses was increased from 0.25% to 0.28% of payroll.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual experience more closely.

The percentage of active member disabilities assumed to be in the line of duty was increased from 9.00% to 12.00%.

The percentage of active member deaths assumed to be in in the line of duty was decreased from 6.00% to 4.00%.

#### B. Changes in Benefit Provisions:

#### 2016

Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

#### C. Method and assumptions used in calculations of actuarially determined contributions.

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported (June 30, 2020 valuation for the June 30, 2022 fiscal year end). The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method Entry age

Amortization method Level percentage of payroll, open

Remaining amortization period 27.7 years

Asset valuation method 5-year smoothed market

Price inflation 2.75%

Salary increase 3.00% to 18.25%, including inflation

Investment rate of return 7.75%, net of pension plan investment expense,

including inflation

(This Space Intentionally Left Blank)

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION PAGE FIVE YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 3 - OPEB SCHEDULES**

#### A. Changes of Assumptions:

#### 2017

The discount rate is 2.98% based on the S&P Municipal Bond 20 Year High Grade Rate Index as of September 29, 2017, compared to the prior year Statement No. 45 discount rate of 4.00%.

The mortality improvement was changed from scale MP-2014 to scale MP-2017.

The medical trend was changed from 8.00% grading to 5.00% over 6 years beginning in 2014 to 8.00% grading to 5.00% over 10 years beginning in 2017.

#### 2019

The discount rate is 3.58% based on the S&P Municipal Bond 20 Year High Grade Rate Index as of September 30, 2019 under Statement No. 75, compared to the prior discount rate of 2.98%.

The medical claims aging table was updated to be based on the aging factors in the Dale Yamamoto study released by the Society of Actuaries in June 2013.

The assumed trend rate for the medical claims was changed to 7.25% grading uniformly to 6.50% over 3 years, and following the 2020 Getzen model thereafter until reaching an ultimate rate of 4.04% in the year 2075.

Mortality was updated to mortality table MP-2014 Adjusted to 2006 with Scale MP-2019.

#### 2021

The discount rate is 2.43% based on the S&P Municipal Bond 20 Year High Grade Rate Index as of September 20, 2021 under Statement No. 75, compared to the prior discount rate of 3.58%.

The assumed trend rate for the medical claims was changed to 6.25% grading uniformly to 5.50% over 3 years and following the 2021 Getzen model thereafter until reaching an ultimate rate of 4.04% in the year 2075.

Mortality was updated to PUB.G Headcount-weighted mortality tables with scale MP-2021.

#### B. Funding Policy:

Benefits of the plan are self-insured by the City. The City maintains an account for the purpose of paying claims and administrative costs of its self-funded health insurance plan. The account requires that a minimum balance be maintained, and the City deposits additional funds for claims incurred and anticipated payments on a pay-as-you-go basis. No assets have been segregated and restricted to provide for postretirement benefits.

#### Full Cost Accounting - Solid Waste Management Services Year Ended September 30, 2022

EXPENSES - Sanitation Cost Center (General Fund):	
Personnel costs	\$ 1,459,506
Supplies	390,065
Other services and charges	1,480,405
Total expenses (other than capital outlay) sanitation cost center	3,329,976
Depreciation expense	174,846
Allocation of certain expenses in Other Cost Centers:	
50% of shop cost center - repair and maintenance	222,710
Indirect cost allocation - 10% of administration cost centers	 217,801
Total calculated expenses - full cost basis	\$ 3,945,333
Number of tons of solid waste collected and disposed of by City:	
Sanitation trucks:	
Garbage (tons)	1,829
Trash (tons)	 43,738
Total tons solid waste	45,567
Distribution of residential and non-residential costs:	
Residential (84%)	\$ 3,314,080
Non-residential (16%)	 631,253
Total distribution	\$ 3,945,333

#### **NOTES:**

Pursuant to Section 17-17-347 of the Mississippi Code, this schedule is presented to provide a full cost accounting of sanitation services. "Residential" solid waste service includes routine household garbage and yard waste collections and disposal. Additionally, duplexes and smaller apartments with individual water meters are also considered to be "residential" customers. "Non-residential" would include garbage and trash service to City-owned facilities, overgrown lot and demolition debris, waste generated by tree crews or other city departments. The distribution of "Residential" and "Non-residential" at 84/16 is based upon regularly scheduled direct labor hours. Unusual occurrences, such as severe storm damage or demolition of large structures will cause significant fluctuations both in labor hours and debris removal costs.

Culture and recreation	1,558,880
Payments to USM of 1/2 of special taxes collected	1,741,484
Miscellaneous	322
Total expenditures	3,300,686
NET CHANGE IN FUND BALANCE	287,380
Fund balance - beginning	1,277,527
Fund balance - ending	\$ 1,564,907

#### **NOTES:**

Pursuant to Senate Bill 3069 enacted during the 2018 regular session of the Mississippi Legislature, the above schedule is presented as a recapitulation of the additional 1% sales taxes levied by the City of Hattiesburg as authorized by that legislation. This additional 1% sales tax is collected from the specified restaurants, alcoholic beverage retail stores, hotels, and motels in the City of Hattiesburg. The proceeds of this tax are settled to the City each month and deposited into a separate fund. One-half of these taxes are then remitted to the University of Southern Mississippi for improvements to athletic facilities and one-half is used for improvements to City parks and recreation facilities. If the City's share exceeds the projected \$1.2 million per year to be used for city parks and recreation, the City will use those additional taxes for sidewalks and multiuse paths located in seven designated areas within the City.

# NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED SEPTEMBER 30, 2022

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the City of Hattiesburg under programs of the federal government for the year ended September 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Hattiesburg, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Hattiesburg.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

#### **NOTE 2 - DE MINIMIS COST RATE**

The City elected not to recover indirect costs for federal programs using the 10.00% de minimis cost rate allowed under the Uniform Guidance.

#### **NOTE 3 - PAYMENTS MADE TO SUBRECIPIENTS**

Federal funds provided to subrecipients from the Edward Byrne Memorial Justice Assistance Program during the year ended September 30, 2022 totaled \$13,301.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hattiesburg, Mississippi as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Hattiesburg, Mississippi's basic financial statements, and have issued our report thereon dated June 28, 2023.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Hattiesburg, Mississippi's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Hattiesburg, Mississippi's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Hattiesburg, Mississippi's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

P. O. Box 548 Gulfport, MS 39502-0548

PHONE: 228.864.1779 FAX: 228.864.3850 To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2022-001 through 2022-005 that we consider to be material weaknesses.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Hattiesburg, Mississippi's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### City of Hattiesburg's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City of Hattiesburg, Mississippi's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The City of Hattiesburg, Mississippi's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Hattiesburg, Mississipp

June 28, 2023

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

#### Opinion on Compliance for Each Major Federal Program

We have audited the City of Hattiesburg, Mississippi's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of Hattiesburg, Mississippi's major federal programs for the year ended September 30, 2022. The City of Hattiesburg, Mississippi's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Hattiesburg, Mississippi complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

P. O. Drawer 15099 Hattiesburg, MS 39404-5099

PHONE: 601.264.3519 FAX: 601.264.3642 COLUMBIA

150 Old Highway 98 E Columbia, MS 39429-6447

P. O. Box 609 Columbia, MS 39429-0609

PHONE: 601.736.3449 FAX: 601.736.0501 GULFPORT

2019 23rd Avenue Gulfport, MS 39501-2968

P. O. Box 548 Gulfport, MS 39502-0548

PHONE: 228.864.1779 FAX: 228.864.3850 To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

We are required to be independent of the City of Hattiesburg, Mississippi and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Hattiesburg, Mississippi's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City of Hattiesburg, Mississippi's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Hattiesburg, Mississippi's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Hattiesburg, Mississippi's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test
  basis, evidence regarding the City of Hattiesburg, Mississippi's compliance with the compliance
  requirements referred to above and performing such other procedures as we considered necessary in
  the circumstances.
- Obtain an understanding of the City of Hattiesburg, Mississippi's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Hattiesburg, Mississippi's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### Section II - Financial Statement Findings

#### **Finding:**

Finding 2022-001 Entity-Level Control Environment and Risk Assessment Processes

Finding Type: Material Weakness

**Criteria** - The Committee of Sponsoring Organizations of the Treadway Commission (COSO) model has been adopted as the generally accepted framework for evaluating internal controls framework, organizational structure, assignment of authority and responsibility, estimating the potential significance of risks relevant to achievement of financial reporting objectives, and responding to such risks represent elements of entity-level internal controls.

**Condition** - The City did not timely initiate or make substantial progress in implementation of corrective actions in response to material weaknesses and significant deficiencies in internal control identified in its financial statement audit for the year ended September 30, 2022.

**Context** - The City has previously developed a comprehensive plan in response to certain material entity-level control weaknesses related to financial reporting, but the City had not yet implemented corrective actions during fiscal year 2022.

**Cause -** The City's organizational structure, depth of resources of personnel with suitable knowledge and skill in financial reporting, and process for evaluating and addressing risks related to financial reporting result in entity-level control weaknesses.

#### SCHEDULE 27 PAGE 3 OF 8

#### CITY OF HATTIESBURG, MISSISSIPPI

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED SEPTEMBER 30, 2022

#### Section II - Financial Statement Findings (Cont.)

Finding 2022-001 Entity-Level Control Environment and Risk Assessment Processes (Cont.)

*Effect -* Previously identified material weaknesses in internal control continued unmitigated in fiscal year 2022.

#### Identification of Repeat Finding 2021-001

**Recommendation -** The Administration should take steps to implement corrective actions for identified material weaknesses in internal controls and assess its overall control environment and risk assessment processes.

Views of Responsible Officials - See the Auditee's Corrective Action Plan.

#### Finding:

Finding 2022-002 Entity-Level Information, Communication and Monitoring

Finding Type: Material weakness

*Criteria* - The City must maintain effective internal accounting procedures over information, communication, and monitoring functions, including bank reconciliations, that relate to financial reporting and legal compliance.

**Condition** - The City's financial reporting system and monitoring processes lack sufficient depth and structure to ensure that all relevant information is timely identified, communicated to appropriate financial and accounting personnel, assessed for financial reporting impact, and assimilated into the financial reporting process.

**Context** - The City's centralized accounting system does not have a structured and cohesive process to obtain, maintain, and analyze data from varied sources as part of its information management and financial reporting system or to communicate and educate departmental personnel regarding criteria and responsibilities for conveyance of information.

#### SCHEDULE 27 PAGE 4 OF 8

#### CITY OF HATTIESBURG, MISSISSIPPI

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED SEPTEMBER 30, 2022

#### Section II - Financial Statement Findings (Cont.)

Finding 2022-002 Entity-Level Information, Communication and Monitoring (Cont.)

**Cause -** The City's entity-wide controls and procedures do not effectively ensure that all relevant information is timely incorporated into the financial reporting process. In addition, lines of authority and responsibility under the City's organizational structure are incompatible with the structure of its financial reporting process. Further, the City has experienced significant turnover of management personnel in recent years. Staff turnover has caused loss of knowledge base, including familiarity with informal and undocumented procedures performed in prior years.

**Effect -** Deficiencies in information, communication and monitoring processes cause unnecessary hardship in the preparation of the annual financial reporting process.

#### Identification of Repeat Finding 2021-002

**Recommendation** - The City should immediately develop and implement procedures to enhance its process for timely identifying, maintaining, conveying, and reporting information relevant to financial reporting. Procedures should be formally documented and incorporated into the financial reporting process on an ongoing basis, and personnel responsible for financial reporting monitoring and oversight should have appropriate levels of authority in order to enforce accountability of personnel responsible for accumulating, maintaining, and communicating data.

Views of Responsible Officials - See the Auditee's Corrective Action Plan.

#### Finding:

Finding 2022-003 Financial Statement Adjustment, Close, and Disclosure

Finding Type: Material weakness

**Criteria** - The City's internal accounting controls, including year-end procedures, should be sufficient to ensure that amounts are properly classified, that accounts are properly valued, and that pertinent rights and obligations are properly reflected in the financial statements in accordance with U.S. generally accepted accounting principles.

#### SCHEDULE 27 PAGE 5 OF 8

#### CITY OF HATTIESBURG, MISSISSIPPI

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED SEPTEMBER 30, 2022

#### Section II - Financial Statement Findings (Cont.)

Finding 2022-003 Financial Statement Adjustment, Close, and Disclosure (Cont.)

**Condition** - The City does not routinely maintain data necessary to prepare required conversions from its cash basis accounting records to the modified accrual and/or accrual basis of accounting required for financial reporting purposes. Additionally, the City's accounting system does not consistently ensure proper cut-off and valuation or completeness of transactions and balances at year-end for reporting purposes.

**Context** - The City's financial reporting system centers on its budgetary cash basis accounting processes and this typically requires extensive manual processes after the end of the fiscal year for financial reporting purposes. These year-end processes have become increasingly difficult due to the complexity of governmental financial reporting requirements. In particular, the City does not routinely capture and maintain data necessary for conversion of cash basis to appropriate fund and accrual basis financial presentation or for preparation of necessary disclosures and supplementary information reported in its financial statements. Further, the City does not routinely perform valuation assessments, such as estimates of impairment of carrying value of its long-term assets or estimates of net realizable values of receivables, in order to determine whether financial statement adjustments are appropriate.

**Cause** - The City's reliance on its budgetary cash basis general ledger system and year-end conversion processes to provide financial reporting information causes difficulty in the preparation of its basic financial statements along with the necessary disclosures and supplemental schedules.

**Effect** - The City cannot readily prepare conversion adjustments required for financial reporting purposes and cannot readily produce necessary disclosures and supplemental schedules which increases the risk of omission of information that should be reported under U.S. generally accepted accounting principles.

#### **Identification of Repeat Finding** 2021-003

**Recommendation -** The City should develop a plan to address deficiencies in its financial statement adjustment, close, and disclosure processes.

Views of Responsible Officials - See the Auditee's Corrective Action Plan.

#### SCHEDULE 27 PAGE 6 OF 8

#### CITY OF HATTIESBURG, MISSISSIPPI

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED SEPTEMBER 30, 2022

#### Section II - Financial Statement Findings (Cont.)

#### Finding:

Finding 2022-004 Water and Sewer Customer Accounts Receivable

Finding Type: Material weakness

**Criteria** - Internal accounting controls should be sufficient to ensure that recorded Water and Sewer System customer accounts receivable are complete, accurate, properly valued, and reported in the proper period.

**Condition** - The City's internal controls for recording and reconciling Water and Sewer customer account balances outstanding are not sufficient to ensure that account balances are accurate and does not allow for the proper evaluation of collectability. The City does not routinely perform reconciliations or analyses of customer receivable detail records. Additionally, aged receivable reports do not segregate finance charges from service fees, thereby distorting brackets and limiting effectiveness for monitoring propriety of service cut-off and assessing overall collectability. The City is also unable to produce reliable reports of subsequent collections on year-end outstanding balances for proper assessment of collectability and has no formal documentation of methodology or calculations supporting its estimated allowance for doubtful accounts.

**Context** - The City utilizes a separate module of its general ledger accounting software for its Water and Sewer billing functions that does not include an interface with the City's general ledger accounting system, and the City does not routinely review, reconcile, or analyze aggregate Water and Sewer customer account receivables.

**Cause -** While the City routinely processes and reviews billing route reports and reports of unpaid accounts subject to service cut-off, the City's procedures do not require periodic generation, reconciliation, and retention of detail accounts receivable and activity reports.

**Effect** - Without timely reconciliations and proper aging of its customer account balances and related activity, the City cannot readily determine net realizable value of outstanding Water and Sewer customer accounts receivable at fiscal year-end. This lack of timely review and reconciliation of subsidiary account balances could allow significant errors to go undetected.

#### SCHEDULE 27 PAGE 7 OF 8

#### CITY OF HATTIESBURG, MISSISSIPPI

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED SEPTEMBER 30, 2022

#### Section II - Financial Statement Findings (Cont.)

Finding 2022-004 Water and Sewer Customer Accounts Receivable (Cont.)

**Identification of Repeat Finding 2021-005** 

**Recommendation** - The City should implement procedures to routinely prepare and reconcile Water and Sewer customer accounts receivable activity and balances at each interim period, and a formal analysis of collectability of outstanding balances should be performed on at least an annual basis in order to estimate the related allowance for doubtful accounts.

Views of Responsible Officials - See the Auditee's Corrective Action Plan.

#### **Finding:**

Finding 2022-005 Capital Assets

Finding Type: Material weakness

*Criteria* - Internal controls over capital assets should be sufficient to ensure that assets are properly recorded, depreciated, assessed for impairment, and reported. Detail subsidiary ledgers should be reconciled on a timely basis, and disposals should be timely recognized and reported. Rights and obligations related to ownership and pledges of capital assets should also be properly reported.

**Condition -** The City's procedures and controls are not sufficient to ensure that all City-owned assets are properly recorded. Additionally, the City's procedures related to construction projects are not sufficient to ensure that all project costs are identified and captured in the proper period.

**Context** - Existing accounting procedures do not ensure inclusion of contributed assets received or transfers of infrastructure from developers or other governmental entities, and the City does not routinely reconcile capital outlay expenditures to additions to fixed assets and additional inventoried items. The City does not routinely monitor assets acquired with grants or other restricted funds to ensure that any disposition of those assets is in accordance with terms of agreements and/or regulations and to ensure proper disclosure of commitments relating to those assets. Also, the City does not periodically assess its long-term assets for impairment nor does the City have an adequate system of accounting for its construction project activity.

#### SCHEDULE 27 PAGE 8 OF 8

#### CITY OF HATTIESBURG, MISSISSIPPI

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED SEPTEMBER 30, 2022

#### Section II - Financial Statement Findings (Cont.)

Finding 2022-005 Capital Assets (Cont.)

**Cause** - The City did not routinely and formally reconcile capital asset subsidiary detail to its financial statements, and the City does not maintain a comprehensive schedule of construction projects sufficient to support financial reporting.

**Effect -** The City's procedures are not adequate to ensure that capital outlay expenditures are reported in the proper period, or properly classified as capital expenditure or expense. Detail records are not timely reconciled to detect errors or irregularities, or to ensure that required disclosures are accurate and complete.

The City's deficiencies in procedures related to construction projects and capital assets indicate material weaknesses in internal controls over financial reporting.

#### **Identification of Repeat Finding** 2021-006

**Recommendation** - The City should take immediate steps to develop and implement a comprehensive system of accounting for capital assets, including construction projects. Subsidiary records should include adequate descriptions and should be periodically reviewed to identify any assets no longer in service or those with indicated impairment.

Views of Responsible Officials - See the Auditee's Corrective Action Plan.

## **Auditee Corrective Action Plan**

The City of Hattiesburg respectfully submits the following corrective action plan.

Audit Period: September 30, 2022

The findings discussed below are numbered consistently with the numbers assigned in the schedule of findings and questioned costs.

## **Corrective Action Plan for Financial Statement Findings**

2022-001 Entity-Level Control Environment and Risk Assessment Processes

The City's Administration acknowledges the importance of the control environment and, in particular, the organizational structure, with the assignment of authority and responsibility in addressing risks relevant to the achievement of financial reporting objectives. The Administration initiated an entity-wide assessment of the existing organizational structure and found that many issues were relevant to deficiencies in financial software in use. The City has purchased new software, and training and implementation began during the summer of 2020. The financial software became fully operational in January 2021. The Payroll module became operational on July 1, 2021. The Municipal Court module became operational November 1, 2021, and the Water Billing module is expected to be operational August 2023.

Name of Responsible Person:

Ann Jones, Chief Administrative Officer;

Malcolm Berch, Chief Financial Officer

Name of Department Contact: Ann Jones, Chief Administrative Officer

Expected Date of Completion: Fall 2023

2022-002 Entity-Level Information, Communication and Monitoring

The City has recognized that the current financial software has deficiencies which impede the ability to obtain, maintain, and analyze data from varied sources. The City has purchased financial software, and training and implementation began during the summer of 2020. The financial software module became operational on January 1, 2021. The Payroll module became operational on July 1, 2021. The Municipal Court module became operational November 1, 2021, and the Water Billing module is expected to be operational August 2023. The new software will aid in improving internal control procedures and provide greater detail for project accounting and documentation of federal awards.

#### **Auditee Corrective Action Plan (Cont.)**

Name of Responsible Person: Malcolm Berch, Chief Financial Officer

Name of Department Contact: Lisa Hanson, Comptroller

Expected Date of Completion: Fall 2023

2022-003 Financial Statement Adjustment, Close, and Disclosure

Finding 2022-003 emphasizes the "increasing complexity of financial reporting requirements", and it includes other notations that generally describe the difficulties encountered by the City in its financial accounting functions. Other points, including the need for a formal process for ensuring the accuracy and completeness of various peripheral systems and reconciliation procedures, are, in the opinion of the Administration, valid concerns.

As noted in our response to findings 2022-001 and 2022-002, the City has purchased financial software, which became operation on January 1, 2021. The Accounting staff has endeavored to produce timely and reliable budgetary basis accounting reports in the interim and has facilitated improved conversion procedures as far as practicable until new software is fully functional. The final module, Water Billings, is expected to be operational August 2023.

Name of Responsible Person: Lisa Hanson, Comptroller

Expected Date of Completion: Fall 2023

## 2022-004 Water and Sewer Customer Accounts Receivable

The Administration implemented procedures to prepare and reconcile water and sewer customer accounts receivable activity. Due to deficiencies with current billing and financial software, some data is not accessible or has not been captured, making manual capture of the data on subsidiary spreadsheets necessary. Along with financial software upgrades, new billing software is expected to be fully implemented August 2023. This will enable seamless communication with the Accounting Department to properly capture financial data and provide more detailed information on outstanding balance, aging of accounts receivable, and allowance for doubtful accounts.

Name of Responsible Person: Allen Howe, Director of Water and Sewer

Name of Department Contact: Wanda Turner, Office Manager

Estimated Date of Completion: Fall 2023

(This Space Intentionally Left Blank)

## **Auditee Corrective Action Plan (Cont.)**

2022-005 Capital Assets

The City has implemented a system of policies and procedures for accounting for capital assets pending implementation of financial software which will be able to capture this information seamlessly as part of the financial transactions. The current system can accommodate both approved construction projects and acquisitions of assets achieved outside the routine cash disbursement process, as well as any contributions or transfers of fixed assets to the City. Periodic review by the City's management team for the identification of impaired assets or assets no longer in service is performed to ensure that capitalization policies and procedures are followed. Greater accountability for accuracy of capital assets will be available when new software is fully implemented. The financial software module became fully operational on January 1, 2021. It has many additional reporting capabilities, which are being utilized to track capital assets and provide more detailed reporting.

Name of Responsible Person: Malcolm Berch, Chief Financial Officer;

Ann Jones, Chief Administrative Officer

Name of Department Contact: Lamar Rutland, Director of Engineering;

Lisa Hanson, Comptroller

Estimated Date of Completion: Fall 2023

# Summary Schedule of Prior Audit Findings Year Ended September 30, 2022

The following is an update of the prior audit findings and is prepared in accordance with Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.* 

2021-001 Entity-Level Control Environment and Risk Assessment Process

**Condition** - This finding was a material weakness stating that entity-wide controls and procedures were not effectively initiated or implemented for corrective actions in response to material weaknesses and significant deficiencies in internal control identified in its financial statement audit for the year ended September 30, 2021.

**Recommendation** - The auditor recommended that the City take steps to implement corrective actions for identified material weaknesses and significant deficiencies in internal controls.

**Current Status -** In early 2018, the Administration implemented changes to the organizational structure, adding a Department of Finance and Procurement, and assigning responsibility for this function to the Chief Financial Officer. At this time, an individual has not been appointed to this position, and the Accounting and Purchasing departments continue to operate under the supervision of the City Clerk and coordination with the Chief Financial Officer. An additional accountant was hired and serves as liaison with the various city departments to ensure greater accountability and documentation of ongoing projects.

2021-002 Entity-Level Information, Communication and Monitoring

**Condition** - This finding was a material weakness stating that entity-wide controls and procedures did not effectively ensure that all information relevant to the financial reporting process was timely identified and communicated for assessment of financial reporting impact and for assimilation into the financial reporting process.

**Recommendation** - The auditor recommended that the City formalize its information, communications, and monitoring processes to ensure that data from external and internal sources is timely captured, retained, and available for financial reporting purposes. Management concurred with the recommendation and indicated that the procedures would be implemented.

## Summary Schedule of Prior Audit Findings Year Ended September 30, 2022 (Cont.)

**Current Status -** As mentioned in the current status to Finding 2021-001, the additional accountant hired has been assigned the responsibility of communicating with various city departments to ensure proper capture and documentation of financial information on various projects. This position is responsible for compiling and documenting information for federal awards, and preparation and maintenance of supplementary spreadsheets has been developed and is being utilized at this time. City Administration acknowledges that updating the financial software is necessary in order to properly report financial information in accordance with generally accepted accounting principles, and the Administration has purchased new software and is currently engaged in training and subsequent implementation. The financial software became fully operational on January 1, 2021.

2021-003 Financial Statement Adjustment, Close, and Disclosure

**Condition** - This finding was a material weakness stating that the City's internal accounting controls were not sufficient to ensure that transactions and account balances were properly reported in conformity with bases of accounting required by generally accepted accounting principles.

**Recommendation** - The auditor recommended that the City assess the quality of existing peripheral processes and implement effective control procedures to ensure that data maintained therein is accurate and that errors or irregularities are prevented or timely detected and corrected. Management concurred with the recommendation and indicated that the procedures would be implemented.

**Current Status -** As stated in the current status to Finding 2021-002, a needs assessment and subsequent selection and implementation of updated financial software has been completed and new software purchased. The financial software module became fully operational on January 1, 2021. The payroll module became operational on July 1, 2021. The Municipal Court module became operational November 1, 2021, and the Water Billings module will be operational August 2023. The Administration acknowledges that during the period 2014 – 2018, staffing changes due to retirements resulted in loss of institutional knowledge which had, in the past, afforded timely and accurate production of financial information at year-end. The Administration has taken steps to provide the needed support and institutional knowledge to ensure improvement in this area through the hiring process and subsequent training of current staff.

(This Space Intentionally Left Blank)

## Summary Schedule of Prior Audit Findings Year Ended September 30, 2021 (Cont.)

2021-004 Water and Sewer Customer Accounts Receivable

**Condition** - This finding was a material weakness stating that the City's internal controls for recording and reconciling customer account balances outstanding are not sufficient to ensure that account balances are accurate and reflect valid amounts receivable and that collectability is properly evaluated.

**Recommendation** - The auditor recommended that the City develop and implement procedures to routinely prepare and reconcile Water and Sewer customer accounts receivable activity and balances at each interim period and that formal analysis of collectability of outstanding balances should be prepared to estimate the related allowance for doubtful accounts. Management concurred with the recommendation and indicated that the procedures would be implemented.

Current Status - The Administration adjusted the organization structure of the Water and Sewer Department by placing responsibility for the Billing Office with the Water and Sewer Director. (It was previously the responsibility of the Director of Administration.) Review of current procedures has been completed, and adjustments have been made for better accountability and communication with the service departments. An outside company has been contracted with to aid in evaluation of water meter performance in order to assess lost revenue. Non-functioning meters are being replaced. New procedures are assessed after implementation to determine their viability, and adjustments are made as needed.

2021-005 Capital assets

**Condition** - This finding was a material weakness stating that the City did not appropriately identify and accurately capture, maintain, and report activity and balances relating to capital assets.

**Recommendation** - The auditor recommended that the City implement policies and procedures to initially identify capital asset transactions, enhance detail data maintained, perform periodic reconciliations of detail, review propriety of account coding, and review for indicated impairment. Management concurred with the recommendation and indicated that the procedures would be implemented.

**Current Status -** New financial software was implemented on January 1, 2021, which will capture the capital asset information during the procurement process. Other staff, such as the Engineer and Chief Financial Officer, as well as engineer consultants, may be included when assessing potential impairment as well as reporting construction in progress.

(This Space Intentionally Left Blank)

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

We have audited the basic financial statements of the City of Hattiesburg, Mississippi as of and for the year ended September 30, 2022, and have issued our report dated June 28, 2023. We have conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not the objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the general purpose financial statements disclosed the following material instances of noncompliance with state laws and regulations. Our findings and recommendations and your responses are as follows:

## Finding 1 - Fixed Asset Accounting

The City's procedures for determining the total acquisition cost of fixed assets and maintaining fixed asset detail did not comply with accounting system procedures prescribed by the Municipal Auditing and Accounting Guide. Noncompliance with prescribed fixed asset accounting procedures is a recurring finding.

### Criteria, Context, and Condition

The property accounting system must follow prescribed procedures for recording acquisition cost of fixed assets, and certain professional fees, such as appraisal, architectural, engineering, and legal fees, should also be capitalized into fixed asset records. Additionally, the City's property accounting system must maintain the required fixed asset data elements as listed in the Municipal Auditing and Accounting Guide.

P. O. Box 548 Gulfport, MS 39502-0548

PHONE: 228.864.1779 FAX: 228.864.3850 To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

#### Recommendation

The Administration should implement procedures to properly capture and maintain fixed asset detail, including the required data elements, in accordance with prescribed procedures.

### Response

The City Administration agrees with this finding, and management had implemented a temporary corrective action plan to address all fixed asset recordkeeping requirements. New financial software was implemented on January 1, 2021, which will satisfy recording requirements.

### Finding 2 - Annual Inventory of Assets

The City did not maintain a complete annual inventory of its assets in accordance with the guidelines established by the Office of the State Auditor. Noncompliance with the annual inventory completion guidelines is a recurring finding.

### Criteria, Context, and Condition

The Municipal Audit and Accounting Guide published by the State of Mississippi Office of the State Auditor requires municipalities to conduct a "thorough inventory of all fixed assets" at the end of each fiscal year in order to verify the existence of all fixed assets. The Municipal Audit and Accounting Guide also prescribes inventory procedures to be followed, including the assignment of the general oversight of the inventory process to an appropriate municipal officer, the use of inventory forms and a tagging system, and the investigation of discrepancies and missing inventory tags.

#### Recommendation

The City should follow the specific instructions of the Municipal Audit and Accounting Guide in order to update the City inventory records. This process, as prescribed by the Office of the State Auditor, must be considered to be an important legal compliance procedure that must be performed at the end of each fiscal year.

#### Response

The City Administration agrees with this finding and has implemented procedures to update the City's detailed fixed asset inventory records. Additionally, the prescribed update of inventory records will be completed at the end of each fiscal year on a timely basis.

[See Schedule 27 - Schedule of Findings and Questioned Costs.]

To the Honorable Mayor and Members of the City Council City of Hattiesburg, Mississippi

The instances of noncompliance of the prior year have been corrected by management unless it is specifically stated otherwise in the findings and recommendations noted above.

The Office of the State Auditor or a public accounting firm will review, on a subsequent year's audit engagement, the findings in this report to ensure that corrective action has been taken.

This report is intended for the information of the City of Hattiesburg, Mississippi's management, Honorable Mayor and Members of the City Council, and the Mississippi Office of the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

<sup>(1)</sup> This schedule reports using the modified accrual basis of accounting. See Table 4 for changes in fund balances from year to year.

<sup>(2)</sup> Under GASB Statement No. 54 the balance sheet reporting categories are based upon a hierarchy of classifications based upon the constraints on resources reported in the funds.

The City's debt service and capital project fund balances are presented as restricted due to the underlying statutory spending requirements in Mississippi applicable to debt repayment resources and debt proceeds.

# TOP TEN PROPERTY TAXPAYERS PROPERTY TAXES ASSESSED IN FISCAL YEAR 2021, COLLECTED FISCAL YEAR 2022

Taxpayer	Type of Business	A	ssessment	Percentage of Total Assessed Valuation	Taxes
Mississippi Power	Public Utility	\$	13,312,086	2.7%	\$ 707,271
Western Container	Industrial		14,356,936	2.9%	273,643
Merit Health - Wesley	Health Care		3,905,477	0.8%	208,451
Bell South Communications	Public Utility		10,925,397	2.2%	174,502
Hattiesburg Clinic	Health Care		18,474,260	3.8%	172,214
Kohler Company	Industrial		3,114,663	0.6%	164,660
Hattiesburg Breckenridge	Commercial		2,640,971	0.5%	140,975
SPG Holdings	Industrial		25,152,012	5.1%	133,491
TNHYIF Reiv Golf LLC	Commercial		1,865,400	0.4%	98,701
Pointe Properties LLC	Commercial		1,831,470	0.4%	97,853
Total of top ten taxpayers			95,578,672	19.5%	
Tax roll total - all other taxpayers			394,475,274	80.5%	
Total taxable assessed values fo	r FY 2022	\$	490,053,946	100.0%	

TABLE 8

# COMPUTATION OF LEGAL DEBT MARGIN USING MOST CURRENT TAX ROLLS SEPTEMBER 30, 2022

		15% Test	20% Test
Property tax base valuation as prepared by Tax Assessors during the summer months of 2021 for Property Taxes to be Collected in FY 2022		\$ 490,053,946	\$ 490,053,946
Times Applicable %	·	X 15%	 X 20%
Product of Tax Base Times Applicable Percentage	(a)	73,508,092	 98,010,789
Present General Obligation Debt Subject to Statutory Debt Limits:			
General obligation bonds outstanding at September 30, 2022		58,212,478	58,212,478
Less: exempt bonds Add: water and sewer general obligation bonds Total general obligation debt outstanding	(b)	(10,206,247) n/a 48,006,231	 (10,206,247) 2,860,000 50,866,231
Margin for Additional General Obligation Debt - (a) minus (b)	;	\$ 25,501,861	\$ 47,144,558

The City is subject to the limitations of indebtedness prescribed by MS Code Section 21-33-303. No municipality may issue bonds secured by a pledge of its full faith and credit in an amount which, when added to the then outstanding bonded indebtedness of such municipality, would exceed the 15% and 20% tests prescribed in that Code Section. These percentages are applied to the assessed value of the taxable property within such municipality, with certain types of municipal debt excluded from the authorized debt limit tests. Excluded from this test would be tax increment financing bonds, water and sewer revenue bonds, debt secured by tax intercept agreements (sales tax collections, as opposed to the property tax base) and leases subject to annual appropriations.

The municipality is limited to the smaller of the two calculated percentages, and as of September 30, 2022 the 15% test would apply with a calculated margin for additional general obligation debt in the amount of \$25,501,861.
