

## OFFICE OF THE STATE AUDITOR REPORT NOTE:

*Section 7-7-211, Mississippi Code Annotated (1972)* gives the Office of the State Auditor the authority to audit, with the exception of municipalities, any governmental entity in the state. In the case of municipalities, *Section 21-35-31, Mississippi Code Annotated (1972)* requires municipalities to obtain an annual audit performed by a private CPA firm and submit that audit report to the Office of the State Auditor. The Office of the State Auditor files these audit reports for review in case questions arise related to the municipality.

As a result, the following document was not prepared by the Office of the State Auditor. Instead, it was prepared by a private CPA firm and submitted to the Office of the State Auditor. The document was placed on this web page as it was submitted and no review of the report was performed by the Office of the State Auditor prior to finalization of the report. The Office of the State Auditor assumes no responsibility for its content or for any errors located in the document. Any questions of accuracy or authenticity concerning this document should be submitted to the CPA firm that prepared the document. The name and address of the CPA firm appears in the document.

## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Aldermen  
City of Yazoo City  
Yazoo City, Mississippi

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Yazoo City, Mississippi, (the City) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Yazoo City, Mississippi, as of September 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Public Service Commission, which represents 58%, 72%, and 63%, respectively, of the assets, net position, and revenues of Yazoo City. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Public Service Commission is based solely on the report of the other auditors.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit

of the Financial Statement section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood, that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis, the Budgetary Comparison Schedules and corresponding notes, the Schedule of the City’s Proportionate Share of the Net Pension Liability-Public Employees Retirement System (PERS), the Schedule of the City’s Contributions-PERS, the Schedule of Changes in the Net Pension Liability-Mississippi Municipal Retirement Systems (MMRS), and the Schedule of the City’s Contributions-MMRS be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Surety Bonds for City Officials, Reconciliation of Tax Assessments to Fund Collections – 2021 Tax Rolls, Schedule of Long-Term Debt, and Computation of Legal Debt Margin but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 16, 2024 on our consideration of Yazoo City, Mississippi’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Yazoo City, Mississippi’s internal control over financial reporting or on compliance. That

report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Yazoo City, Mississippi's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**YAZOO CITY, MISSISSIPPI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**For the Year Ended September 30, 2022**

Our discussion and analysis of Yazoo City's (the City) financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2022. Readers should also review the basic financial statements and disclosures to enhance their understanding of the City's financial performance.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of Yazoo City exceeded its liabilities and deferred inflows at the close of the 2022 fiscal year by \$9,237,061 (net position). Of this amount, the unrestricted net position showed a deficit balance of (\$5,243,346).
- The remaining net position of the City includes: \$13,031,633 invested in capital assets, net of related debt, and \$1,448,774 restricted (for General Government, Public Safety, and Debt Service).
- Other Statement of Net Position Increases (Decreases) from 2021.
  - Total Assets increased \$4,124,627.
  - Deferred outflows of resources increased \$955,120.
  - Total Liabilities increased \$5,165,618.
  - Deferred inflows of resources decreased \$2,265,231.
  - Total net position increased \$2,179,360.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements. Required Supplementary Information is included in addition to the basic financial statements themselves.

**Figure 1: Required Components of the City's Annual Report**

Figure 1 shows how required parts of this annual report are arranged and relate to one another.

**YAZOO CITY, MISSISSIPPI**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS**  
**For the Year Ended September 30, 2022**

Figure 2 summarizes the major features of the City’s financial statements, including the portion of the City’s government they cover and the types of information they contain. The remainder of this section of Management’s Discussion and Analysis explains the structure and content of each of the statements.

**Figure 2: Major Features of the City’s Government-Wide and Fund Financial Statements**

<b>Government-Wide Financial Statements</b>		<b>Fund Financial Statements</b>		
		<b>Governmental Funds</b>	<b>Proprietary Funds</b>	<b>Fiduciary Funds</b>
Scope	Entire City government (except fiduciary funds)	All activities of the City that are not business-type or fiduciary in nature	Activities of the City that operate similar to private businesses	The City is the trustee or agent for someone else’s resources
Required financial statements	<ul style="list-style-type: none"> <li>● Statement of net position</li> <li>● Statement of activities</li> </ul>	<ul style="list-style-type: none"> <li>● Balance sheet</li> <li>● Statement of revenues, expenditures and changes in fund balances</li> </ul>	<ul style="list-style-type: none"> <li>● Statement of net position</li> <li>● Statement of revenues, expenses and changes in net position</li> <li>● Statement of cash flows</li> </ul>	<ul style="list-style-type: none"> <li>● Statement of fiduciary net position</li> <li>● Statement of changes in net position</li> </ul>
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset, deferred outflow, liability, deferred inflow information	All assets, deferred outflows, liabilities, and deferred inflows, both financial and capital and short and long term	Only assets and deferred outflows expected to be used up and liabilities and deferred inflows that come due during the year or soon thereafter; no capital assets included	All assets, deferred outflows, liabilities, and deferred inflows, both financial and capital, and short and long term	All assets, deferred outflows, liabilities, and deferred inflows, both short and long term
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services are received, and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

**YAZOO CITY, MISSISSIPPI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**For the Year Ended September 30, 2022**

**1) Government-wide Financial Statements.** The government-wide financial statements presented on pages 16 and 17 are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The **statement of net position** presents information on the City's assets, deferred outflows, liabilities, and deferred inflows, with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The **statement of activities** presents information showing the City's change in net position during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activities).

The governmental activities of the City include general government, public safety, highways and streets, culture and recreation, health and sanitation, cemetery, debt service, and pension expense.

**2) Fund Financial Statements.** A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City can be divided into three categories: (1) governmental funds, (2) proprietary funds, and (3) fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term effect of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Yazoo City maintains 25 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, 15<sup>th</sup> Street Improvements, Capital Projects, and American Rescue Plan Funds which are considered to be major funds. All other funds are considered non-

**YAZOO CITY, MISSISSIPPI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**For the Year Ended September 30, 2022**

major and are presented in a single column. The governmental fund financial statements are presented on pages 18 through 21.

Yazoo City adopts an annual budget. A budgetary comparison schedule has been provided for the General Funds, 15<sup>th</sup> Street Improvements Funds, Capital Projects Funds, and American Rescue Plan Funds to demonstrate compliance with their respective budget.

**Proprietary Funds.** The City maintains one type of proprietary fund - an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses the enterprise fund to account for solid waste operations. The fund is primarily financed through user fees.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements are presented on pages 22 through 24.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City used 6 fiduciary funds consisting of the police and fire pension fund, city separate school district tax clearing fund, unemployment tax reserve, cemetery trust, and crump school trust fund. The combined fiduciary financial statement of fiduciary net position and changes in Fiduciary net position can be found on page 25.

**3) Notes to the Financial Statements.** The notes, presented on pages 26 through 53, provide additional narrative and tabular information that is essential to obtain a full understanding of the data provided in the government-wide and fund financial statements.

**Required Supplementary Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's budgetary control and pensions on pages 54 through 66.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of September 30, 2022, the assets and deferred outflows of Yazoo City exceeded its liabilities and deferred inflows by \$9,237,061.

One of the largest portions of the City's net position, \$13,031,633 (141%) reflects its accumulation of funds to invest in capital assets (land, buildings, machinery and equipment, etc.). The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources because the capital assets themselves cannot be used to liquidate these liabilities.

**YAZOO CITY, MISSISSIPPI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**For the Year Ended September 30, 2022**

(Table 1)

The City's governmental activities continue to be funded primarily by property taxes, which made up 49.50% of the total revenues. The other major revenue sources were sales and tourism taxes 29.15%, and grants and contributions 15.90%. The major expense activities were public safety, general government, highways and streets, and pension expense, which comprise 45.30%, 24.12%, 13.07% and 11.13% of total expenses, respectively. The City remains committed to providing the services its residents expect and need.

Business-type activities are accounted for similar to businesses and are primarily supported by user fees. The City makes every effort to keep these fees as low as possible.

**FUND FINANCIAL ANALYSIS**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of governmental fund reporting is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the year ended, the City's governmental funds reported a combined fund balance of \$ 5,862,419 which is an increase of \$163,360 over last year's total of \$5,699,059.

Governmental funds meeting the requirements for being reported as major funds include the General Fund, 15<sup>th</sup> Street Improvements Fund, Capital Projects Funds, and American Rescue Plan Funds. The remaining governmental funds were combined and reported as non-major governmental funds. The

**YAZOO CITY, MISSISSIPPI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**For the Year Ended September 30, 2022**

general fund, 15<sup>th</sup> Street Improvements Fund, Capital Projects Funds, American Rescue Plan Fund and non-major governmental funds reflected a net change in fund balance of \$539,318, \$(235,506), \$(795,106), \$0 and \$581,808, respectively. The 2022 year had a combined net change in fund balances of \$90,514.

**Major Fund Budgeting Highlights**

The City's budget is prepared according to Mississippi law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. One of the most significant budgeted funds is the General Fund.

During the course of 2022, the City amended its general fund budget. All recommendations for budget changes come from the Chief Administrative Officer and are presented to the Mayor and City Aldermen, as a whole, for ordinance enactment on the change. The City does not allow budget changes that modify line items within departments without aldermen approval. With the general fund supporting many of our major activities such as our police and fire departments, as well as most legislative and executive activities, the General Fund is monitored closely looking for possible revenue shortfalls or overspending by individual departments.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

At the end of 2022, the City had \$21,155,433 invested in a broad range of capital assets, including police, fire, solid waste equipment, and highways and streets (See Table 3 following). This amount represents a net increase (including additions, deletions, and adjustments) of approximately \$2,640,482 or 14.26% over the prior year. The following table is a summary of changes in capital assets, net of accumulated depreciation.

(Table 3)

Yazoo City continues to provide for the growth and stability of its citizenry through various acquisitions of equipment and construction and rehabilitation projects.

**YAZOO CITY, MISSISSIPPI**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS**  
**For the Year Ended September 30, 2022**

**Long-term Debt**

At year-end, the City had \$8,296,287 in long term debt outstanding compared to \$7,491,035 last year, an increase of \$805,252. Of the total debt outstanding, \$5,958,000 is backed by the full faith and credit of the City with debt service funded by voter-approved property taxes. The other components are financed purchases in the amount of \$2,145,022 and compensated absences in the amount of \$172,487.

The following table illustrates the total Long-term Debt of Yazoo City as of September 30, 2022:

(Table 4)  
**LONG-TERM DEBT**  
Outstanding at Year-end

	Governmental Activities		Business-type Activities		Totals		Increase (Decrease)	Percentage Change
	2022	2021	2022	2021	2022	2021

More detailed information about the City’s long-term debt is presented in Note (9) of the Notes to Financial Statements.

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES**

The City’s elected and appointed officials considered many factors when compiling and approving the fiscal year 2023 budget, such as tax rates for governmental activities and fees that will be charged for the business-type activities. The total property tax millage rate of 85.55 mills is expected to provide adequate funding in the following year.

**Contacting the City’s Finance Department**

This financial report is designed to provide our citizens, customers, investors, and creditors with a general overview of the City’s finances and to show the City’s accountability for the money it receives. If you have any questions about this report or need any additional information, address requests to the City Clerk, at 128 East Jefferson Street, Yazoo City, MS 39194.

**YAZOO CITY, MISSISSIPPI**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES**  
**IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Net Changes in Fund Balances - Governmental Funds	\$ 90,514
<p>Amounts reported for governmental activities in the Statement of Activities are different because:</p>	
<p>Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays of \$3,016,901 exceeded depreciation expense of \$708,405.</p>	2,308,496
<p>In the Statement of Activities, only gains and losses from the sale of capital assets are reported, whereas in the Governmental Funds, proceeds from the sale of capital assets increase financial resources. Thus, the change in net position differs from the change in fund balances by the amount of the net loss of (\$46,518) and the proceeds from the sale of \$0 in the current period.</p>	(46,518)
<p>The proceeds of long-term debt provides financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the government funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount that debt proceeds of \$1,203,597 exceeds debt payments of \$728,672.</p>	(474,925)
<p>Fine revenue recognized on the modified accrual basis in the funds during the current year decreased because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.</p>	21,488
<p>Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. Thus, the change in net position differs from the balance by a combination of the following items:</p>	
Change in accrued interest on long-term debt	10,117
Change in compensated absences	(30,309)
Amortization of bond premium	1,222
<p>Some items reported in the Statement of Activities relating to the implementation of GASB 68 are not reported in the governmental funds. These activities include:</p>	
Recording of pension expense for the current period	(842,502)
Recording of contributions made during the year	928,308
Change in Net Position of Governmental Activities	\$ 1,965,891

The notes to the financial statements are an integral part of this statement.

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Yazoo City, Mississippi (the City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The more significant of the government's accounting policies are described below.

**A. Financial Reporting Entity**

Yazoo City, located in Yazoo County, Mississippi, was incorporated under the laws of the State of Mississippi in 1839. The City operates under an elected Mayor-Aldermen form of government with a full-time mayor elected from the City at-large and four part-time aldermen members (City Aldermen) elected from wards. The City provides the following services to the citizenry: general administration, police and fire protection, public works, culture and recreation, health and welfare, economic and community development, and solid waste disposal. The primary sources of revenues are property taxes, sales taxes, other state shared revenues, and solid waste billings.

**B. Individual Component Unit Disclosure**

As required by accounting principles generally accepted in the United States of America, the accompanying financial statements present the City (the primary government) and its component unit, an entity for which the City is considered to be financially accountable.

The Government Accounting Standards Board ("GASB") has set forth criteria to be considered in determining financial accountability. "Financial accountability" is the benchmark for determining which organizations are component units of a primary government. Financial accountability exists when an organization is fiscally dependent on a primary government or when a primary government has appointed a voting majority of the governing body of a legally separate organization and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burdens on the primary government. GASB provides additional guidance to determine whether certain organizations for which the primary government is not financially accountable should be reported as component units based on the nature and significance of their relationship with the primary government. Generally, it requires reporting, as discretely presented component units, organizations that raise and hold economic resources for the direct benefit of the primary government.

Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City. The component unit discussed below is included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

**Discretely Presented Component Unit**

**Public Service Commission of Yazoo City, Mississippi**

The Public Service Commission's Board of Commissioners, is appointed by the City's Board of Aldermen. The legal liability for the general obligation portion of PSC debt remains with the City. Complete financial statements may be obtained from the Public Service Commission.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**C. Basis of Presentation**

The City's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, fund financial statements, and the accompanying note disclosures which provide a detailed level of financial information.

**Government-wide Financial Statements:**

The Statement of Net Position and Statement of Activities display information concerning the City as a whole. The statements include all non-fiduciary activities of the primary government and its component unit. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental revenues and other non-exchange revenues and are reported separately from business-type activities. Business-type activities rely mainly on fees and charges for support. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Net Position presents the financial condition of the governmental activities and business-type activities of the City at year end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the City's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business-type activity or governmental function is self-financing or draws from the general revenues of the City.

**Fund Financial Statements:**

Fund financial statements of the City are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into governmental, proprietary and fiduciary. Major individual Governmental Funds and major individual Enterprise Funds are reported as separate columns in the fund financial statements. Non-major funds are aggregated and presented in a single column Non-Major Governmental Funds.

**D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The Government-wide, Proprietary Funds and Fiduciary Funds financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property tax revenues are recognized in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the City. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

The revenues and expenses of Proprietary funds are classified as operating or non-operating. Operating revenues and expenses generally result from providing services in connection with a Proprietary Fund's primary operations. All other revenues and expenses are reported as nonoperating.

Governmental fund financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate liabilities existing at the end of the year. Available means collected in the current period or within 60 days after year end to liquidate liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the accounting period when the related fund liabilities are incurred. Debt service expenditures and expenditures related to compensated absences are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

The City reports the following major governmental funds:

General Fund- The general fund is the primary operating fund of the City. It is used to account for all activities of the general government for which a separate fund has not been established.

15<sup>th</sup> Street Improvements Fund- This fund is used to account for revenues and expenditures related to the capital improvement of 15<sup>th</sup> Street.

Capital Projects Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

American Rescue Plan Fund- This fund is used to account for and report grant revenues derived from the American Rescue Plan Act and the related expenditures.

The City reports the following major proprietary fund:

Solid Waste Fund- This fund accounts for revenues and expenses related to disposal of solid waste within the City.

Additionally, the City reports the following fund types:

**GOVERNMENTAL FUND TYPES**

Special Revenue Funds- These funds are used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditures for specified purposes. Special Revenue Funds account for, among others, certain federal grant programs, taxes levied with statutorily defined distributions and other resources restricted as to purpose.

Debt Service Funds- These funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Capital Projects Funds- These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. Such resources are derived principally from proceeds of general obligation bond issues and federal grants.

**PROPRIETARY FUND TYPE**

Enterprise Funds- These funds are used to account for those operations that are financed and operated in a manner similar to private business enterprises or where the city has decided that periodic determination of revenues earned, expenses incurred and/or net income is necessary for management accountability.

**FIDUCIARY FUND TYPES**

Custodial Funds- These funds account for various taxes, deposits and other monies collected or held by the City, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

Private-purpose Trust Funds - These funds are used to report all trust arrangements, other than those properly reported elsewhere, under which the principal and income benefit individuals, private organizations or other governments.

**E. Account Classifications.**

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

**F. Deposits and Investments**

State law authorizes the City to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the City may invest in certain repurchase agreements.

Cash includes cash on hand, demand deposits, all certificates of deposit and cash equivalents which are short-term highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value.

**G. Receivables**

Receivables are reported net of allowance for uncollectible accounts, where applicable.

**H. Inter-fund Transactions and Balances**

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds". Inter-fund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position. Any outstanding balances between the

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

governmental activities and business-type activities are reported in the government wide financial statements as “internal balances.”

**I. Restricted Assets**

Proprietary Fund and component unit assets required to be held and/or used as specified in bond indentures, bond resolutions, trustee agreements, aldermen resolutions and donor specifications have been reported as restricted assets. When both restricted and non-restricted assets are available for use, the policy is to use restricted assets first.

**J. Capital Assets, Depreciation, and Amortization**

Capital asset acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the applicable governmental or business-type activities column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extent to which capital assets, other than infrastructure, costs have been estimated, the methods of estimation are not readily available. The City generally capitalizes assets with a cost of \$5,000 or more as purchase and construction outlays occur. Donated capital assets are recorded at estimated fair market value at the time of donation. The cost of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

Capital assets acquired or constructed for Proprietary Fund operations are capitalized at cost in the respective funds in which they are utilized. Interest cost incurred during the construction of Proprietary Fund capital assets is capitalized as part of the cost of construction. Donated capital assets are recorded at their fair value at the time of donation.

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements and Proprietary Funds. Depreciation is calculated on the straight-line basis for all assets, except land. A full year’s depreciation expense is taken for all purchases and sales of capital assets during the year.

The following schedule details those thresholds and estimated useful lives:

<u>Asset Classification</u>	<u>Capitalization Thresholds</u>	<u>Estimated Useful Life</u>
Land	\$ No minimum	N/A
Infrastructure	No minimum	20-50 years
Buildings	50,000	20-40 years
Improvements other than buildings	25,000	20 years
Mobile equipment and machinery	5,000	5-10 years
Furniture and equipment	5,000	3-7 years
Intangible assets	*	*

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

The term “depreciation” includes the amortization of intangible assets.

**K. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred outflows related to pensions – This amount represents the City’s proportionate share of the deferred outflows of resources reported by the pension plan in which the City participates. See Note 11 for additional details.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

Unavailable revenue – fines – When an asset is recorded in the governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Deferred inflows related to pensions – This amount represents the City’s proportionate share of the deferred inflows of resources reported by the pension plan in which the City participates. See Note 11 for additional details.

**L. Leases**

The Governmental Accounting Standards Board (GASB) issued Statement No. 87, *Leases* (GASB 87), to establish a single leasing model for accounting and reporting purposes. This guidance is intended to enhance the accountability, consistency and comparability of lease activities reported by governments.

For the year ended September 30, 2022, the City did not have any leases that were required to be recorded under Statement No. 87.

**M. Long-Term Liabilities**

Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of non-current or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances but may also include liabilities on financed purchases and other commitments.

In government-wide financial statements and in the Proprietary Fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or Proprietary Funds Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

In the fund financial statements, Governmental Fund Types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**N. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Mississippi (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

**O. Compensated Absences**

The City has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements and Proprietary Funds financial statements. In fund financial statements, Governmental Funds report the compensated absence liability payable only if the payable has matured, for example, an employee resigns or retires.

**P. Equity Classifications**

Government-wide Financial Statements:

Equity is classified as Net Position and displayed in three components:

*Net investment in capital assets*- Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings attributable to the acquisition, construction or improvement of those assets.

*Restricted net position* - Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

*Unrestricted net position*- All other net position not meeting the definition of "restricted" or "net investment in capital assets."

Net Position Flow Assumption – When an expense is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the City's general policy to use restricted resources first. When expenses are incurred for purposes for which unrestricted (committed, assigned or unassigned) resources are available and amounts in any of these unrestricted classifications could be used, it is the City's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Fund Financial Statements:

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Government fund balance is classified as restricted or unassigned. The following are descriptions of fund classifications used by the City:

*Restricted fund balance* includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

*Unassigned fund balance* is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds if expenditures incurred for a specific purpose exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Fund Balance Flow Assumption - When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the City's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the City's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

**Q. Property Taxes**

Numerous statutes exist under which the City may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the City. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The City, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase. All unpaid taxes levied October 1<sup>st</sup> become delinquent February 1<sup>st</sup> of the following year. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided. The City entered an inter-local agreement with the Yazoo County Tax Collector for the billing and collection of its real and personal property taxes, motor vehicle, and mobile home. Taxes are billed, collected, and remitted to the City by the Yazoo County Tax Collector each month. The millage rate for the City for the 2022 tax year was 85.55 mills as: 68.35 mills for the general fund, 11.77 mills for the debt service fund, 1.00 mills for library maintenance, 1.50 mills for park maintenance, and 2.93 mills for fire and police disability fund.

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

**R. Intergovernmental Revenues in Governmental Funds**

Intergovernmental revenues, consisting of grants, entitlements and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the "available" criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

**S. Risk Management**

The City carries commercial insurance with respect to risks including, but not limited to, property damage and personal injury. Insurance coverage remains relatively constant, and settlements amounts have not exceeded insurance coverage for the current year.

**T. Estimates and Assumptions**

A number of estimates and assumptions relating to the reporting of revenues, expense, expenditures, assets and liabilities, and the disclosure of contingent liabilities were used to prepare these financial statements in conformity with GAAP. Actual results could differ from those estimates.

**U. Changes in Accounting Standards**

GASB 87, *Leases*, was implemented during fiscal year 2022. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. It established a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. This guidance is intended to enhance the accountability, consistency and comparability of lease activities reported by governments.

**NOTE 2 – BUDGET POLICY**

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Prior to August 1<sup>st</sup>, the City Clerk and Chief Administrative Officer submits to the Mayor and Aldermen a proposed operating budget for the fiscal year commencing the following October 1<sup>st</sup>. The operating budget includes proposed expenditures and the means of financing them.
- B. Public notice is given of the City's budget meetings being open to the public, so that public hearings are conducted at City Hall to obtain taxpayer comments.
- C. Prior to September 15<sup>th</sup>, the budget is legally enacted through adoption by the Mayor and City Aldermen.

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

- D. The budget is formally revised during the year and properly amended by the Mayor and City Aldermen.
- E. Budgetary comparisons are employed by management as a management control device during the year for all funds.
- F. Appropriations lapse at the end of each fiscal year.

Mississippi laws require that municipalities budget revenue and expenditures on a modified-cash basis. Claims that have been incurred prior to the end of the year and that are paid within 30 days are recorded under the accrual basis. Prior year claims that are paid after 30 days revert to the cash basis. All revenue is accounted for under the cash basis. The required budgetary basis is therefore not considered a generally accepted accounting principal. Governmental accounting requires that the “budget to actual” statements be prepared according to budgetary laws and the statement of revenues, expenditures, and fund balance be prepared according to the modified-accrual basis (GAAP). The major reconciling items between the budgetary and GAAP presentations are presented on the “budget to actual” statements.

**NOTE 3 – PRIOR PERIOD ADJUSTMENTS**

A summary of significant equity adjustments is as follows:

<u>Exhibit 2- Statement of Activities</u>	
<u>Explanation</u>	<u>Amount</u>
Governmental Activities	
To record client changes to due to-due from accounts	\$ 72,846
Total prior period adjustments	<u>\$ 72,846</u>
Business-Type Activities

<u>Explanation</u>	<u>Amount</u>
To record client changes to due to-due from accounts	\$ 45,841
To correct accumulated depreciation from prior year	40,629
Total prior period adjustments	<u>\$ 86,470</u>

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 4 – DEPOSITS AND INVESTMENTS**

Deposits

The carrying amount of the City’s total deposits with financial institutions at September 30, 2021 was \$8,733,155, and the bank balance was \$9,657,724. The collateral for public entities’ deposits in financial institutions are held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss Code Ann (1972). Under this program, the entity’s funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation (FDIC).

Custodial Credit Risk- Deposits. Custodial credit risk is the risk that in the event of the failure of a financial institution, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. The City does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution’s trust department or agent in the name of the Mississippi State Treasurer on behalf of the City.

Investments

The City’s investments consisted of the following at September 30, 2022:

**Cemetery Trust Fund Investments**

<u>Investment type</u>	<u>Maturity</u>	<u>Fair Value Level</u>	<u>Fair Value</u>
Certificate of Deposit- BYC	Less than one year	1	\$ 118,836
Certificate of Deposit- BYC	Less than one year	1	112,734
Total			\$ <u>231,570</u>

**Crump School Fund Investments**

<u>Investment type</u>	<u>Maturity</u>	<u>Fair Value Level</u>	<u>Fair Value</u>
United States Treasury Notes	Various	1	\$ 2,295,143
Total			\$ <u>2,295,143</u>

The fair value hierarchy prioritizes the inputs used to measure fair value into three broad Levels (Levels 1, 2 and 3), moving from quoted prices in active markets in Level 1 to unobservable inputs in Level 3. All City investments are considered Level 1 investments.

Interest Rate Risk: The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, Section 19-9-29, Miss. Code Ann. (1972) limits the maturity period of any investment to no more than one year.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Credit Risk: State law limits investments to those authorized by Sections 19-9-29 and 91-13-8, Miss. Code Ann. (1972). The City does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

Custodial Credit Risk- Investments. Custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a formal policy for custodial credit risk.

**NOTE 5 – INTER-FUND TRANSACTIONS AND BALANCES**

The following is a summary of interfund balances at September 30, 2022:

A. Due From/To Other Funds:

Receivable Fund	Payable Fund	Amount
General Fund	15th Street Improvements Fund	\$ 235,506
General Fund	Capital Projects Fund	879,015
General Fund	Other Governmental Funds	40,688
General Fund	Fiduciary Funds	9,258
General Fund	Custodial Funds	72,833
Total		<u>\$ 1,237,300</u>

The amounts due to General Fund-represent amounts paid for expenditures made for other funds. All inter-fund balances are expected to be repaid within one year from the date of the financial statements.

B. Transfers In/Out:

Transfer In	Transfer Out	Amount
General Fund	Other Governmental Funds	\$ 20,602
15th Street Improvements Fund	General Fund	135,265
Capital Projects Fund	General Fund	22,595
Total		<u>\$ 178,462</u>

During the course of normal operations, the City has numerous transactions between funds including expenditures and transfers of resources. Transfers and payments within the City are substantially for the purpose of subsidizing operating functions, funding capital projects and asset acquisitions, or maintaining debt service on a routine basis. The governmental and business-type funds financial statements reflect such transactions as transfers.

**NOTE 6 – INTER-GOVERNMENTAL RECEIVABLES**

**Governmental Activities:**

In the government-wide financial statements, the receivables and related revenues include all amounts due to the City regardless of when cash is received. In the governmental fund financial statements, the revenues are offset, and revenue recognition deferred by the amounts not received within 60 days of fiscal year-end.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Intergovernmental receivables at September 30, 2022 include the following:

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 9 – LONG-TERM DEBT**

The City’s long-term debt consists of general obligation bonds, capital leases and compensated absences. General obligation bonds are direct obligations backed by the full faith and credit of the City. The City also incurs debt in the form of various leases which are repaid through daily operations.

The City is subject to a general statutory debt limitation under which no City in the State may incur general obligation indebtedness in an amount which exceeds 15 percent of the assessed value of the taxable property within the City according to the last completed assessment for taxation.

In computing general obligation indebtedness for purposes of such 15 percent limitation, there may be deducted all bonds or other evidences of indebtedness issued for school, water, and sewerage systems, gas and light and power purposes and for construction of special improvements primarily chargeable to the property benefited, or for the purpose of paying a City’s proportion of any betterment program, a portion of which is primarily chargeable to the property benefited. However, in no case may a City contract any indebtedness payable in whole or in part from proceeds of ad valorem taxes which, when added to all of its outstanding general obligation indebtedness, both bonded and floating, exceeds 20 percent of the assessed value of the taxable property within such City.

In arriving at the limitations set forth, bonds issued for school purposes, bonds payable exclusively from the revenues of any municipally-owned utility, general obligation industrial bonds issued under provisions of Section 57-1-1 to 57-1-51, Mississippi Code of 1972, Annotated, revised 1989 and special assessment improvement bonds issued under the provisions of Sections 21-41-1 to 21-41-53, Mississippi Code of 1972, Annotated, revised 1990, are not included. Also excluded from both limitations are contract obligations subject to annual appropriations.

The margin for additional debt under the above debt limits as of September 30, 2022 is approximately:

<b>15% Debt Limit</b>	<b>20% Debt Limit</b>
<u>\$ 2,360,168</u>	<u>\$ 5,132,890</u>

Debt outstanding as of September 30, 2022, consisted of the following:

**NOTE 10 – OTHER EMPLOYMENT BENEFITS**

Plan Description

The aldermen administer the City's health insurance plan which was authorized by Sections 25-15-101 et seq., Mississippi Code Ann. (1972). The City's health insurance plan may be amended by the City aldermen. The City purchases health insurance coverage from a commercial insurance company and offers health insurance benefit coverage through the City's health insurance plan (the Plan).

Funding Policy

Employee premiums are funded by the City, with added funding provided by active employees for spouse and dependent medical coverage. The Plan is financed on a pay-as-you-go basis. The City aldermen, acting in conjunction with the commercial insurance company, has the sole authority for setting health insurance premiums for the City's health insurance plan.

**NOTE 11 – DEFINED BENEFIT PENSION PLAN**

**Cost-Sharing Multiple-Employer Defined Benefit Pension Plan – Public Employees Retirement System**

*General Information about the Pension Plan*

Plan Description. Yazoo City, Mississippi contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

financial statements and required supplementary information. That information may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling (601) 359-3589 or 1-800-444-PERS.

Benefits Provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public-school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application to an annual retirement allowance payable monthly for life in the amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

Contributions. At September 30, 2022, PERS members were required to contribute 9% of their annual covered salary and the City is required to contribute at an actuarially determined rate. The employer's rate at September 30, 2022 was 17.40% of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The City's contributions (employer share only) to PERS for the years ending September 30, 2022, 2021, and 2020, were \$604,919, \$488,648, and \$550,002, respectively, equal to the required contributions for each year.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At September 30, 2022, the City reported a liability of \$11,420,543 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contribution to the pension plan relative to projected contributions of all participation entities, actuarially determined. The City's proportionate share used to calculate the September 30, 2022 net pension liability was 0.048 percent, which was based on a measurement date of June 30, 2022. This was an increase of 0.003 percent from its proportionate share used to calculate the September 30, 2021 net pension liability, which was based on a measurement date of June 30, 2021.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

For the year ended September 30, 2022, the City recognized pension expense of \$770,940. At September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 136,047	-
Net difference between projected and actual earnings on pension plan investments	624,565	-
Changes of assumptions	320,358	-
Changes in the proportion and differences between actual contributions and proportionate share of contributions	324,536	164,521
Contributions subsequent to the measurement date	140,380	-
Total	<u>\$ 1,545,886</u>	<u>164,521</u>

The \$140,380 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	Amount
2023	\$ 289,595
2024	368,646
2025	46,619
2026	536,125
Total	<u>\$ 1,240,985</u>

Actuarial Assumptions. The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.40 percent
Salary increases, including inflation	2.65 - 17.90 percent
Investment rate of return, net of pension plan investment expense, including inflation	7.55 percent

Mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 95% of male rates up to age 60, 110% for ages 61 to 75 and 101% for ages above 77. For females, 84% of female rates up to age 72 and 100% for ages above 76. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

The actuarial assumptions are based on the experience investigation for the four-year period ending June 30, 2020.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The most recent target asset allocation and best estimate of arithmetic real rates of return for each asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	25.00 %	4.60 %
International Equity	20.00	4.50
Global Equity	12.00	4.85
Fixed Income	18.00	1.40
Real Estate	10.00	3.65
Private Equity	10.00	6.00
Private Infrastructure	2.00	4.00
Private Credit	2.00	4.00
Cash Equivalents	1.00	(0.10)
	<u>100.00 %</u>	

Discount Rate. The discount rate used to measure the total pension liability was 7.55 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (17.40%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity to the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.* The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.55 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.55 percent) or 1-percentage-point higher (8.55 percent) than the current rate:

	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
	6.55%	7.55%	8.55%
Proportionate share of the net pension liability	\$ 12,894,648	9,880,147	7,394,883

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**YAZOO CITY COMPONENT UNIT**

**Public Service Commission of Yazoo City**

Plan Description. The Public Service Commission of Yazoo City (Commission) contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan.

Contributions. The Commission's contributions (employer share only) to PERS for the years ending September 30, 2022, 2021, and 2020, were \$210,103, \$177,103, and \$536,400, respectively, equal to the required contributions for each year.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At September 30, 2022, the Commission reported a liability of \$8,443,409 for its proportionate share of the net pension liability. At June 30, 2022, the Commission's proportion was 0.041022 percent.

For the year ended September 30, 2022, the Commission recognized pension expense of \$748,686. At September 30, 2022, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 119,553	-
Net difference between projected and actual earnings on pension plan investments	443,489	-
Changes of assumptions	-	1,652,622
Total	<u>\$ 563,042</u>	<u>1,652,622</u>

Contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2023.

*Sensitivity to the Commission's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.* The following presents the Commission's proportionate share of the net pension liability calculated using the discount rate of 7.55 percent, as well as what the Commission's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.55 percent) or 1-percentage-point higher (8.55 percent) than the current rate:

	1% Decrease 6.55%	Discount Rate 7.55%	1% Increase 8.55%
Proportionate share of the net pension liability	\$ 11,019,511	8,443,820	6,319,544

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**Agent Multiple-Employer Defined Benefit Pension Plan - Mississippi Municipal Retirement Systems**

*General information about the Plan*

Plan Description. The City also takes part in the Mississippi Municipal Retirement Systems ("MMRS") Yazoo City Fire and Police Plan which has been closed to new participants since July 1, 1976. MMRS is an agent multiple employer defined benefit plan administered by PERS. MMRS was designed to provide retirement benefits for firefighters and police officers. The City is one of seventeen cities providing retirement benefits to firefighters and police officers. Plan provisions are established by Miss. Code Ann. §21-29-1 et seq. (1972, as amended) and annual local and private legislation. The Mississippi Legislature may only amend statutes. PERS issues a publicly available report entitled the Report on the Annual Valuation of the Mississippi Municipal Retirement Systems. That report may be obtained by writing to Public Employees' Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, MS, 39201 or by calling (601)359-3589 or 1-800-444-PERS.

Benefits Provided. Membership in the MMRS is comprised of employees who were hired prior to July 1, 1976, and includes only those eligible employees of the City who did not opt to become a member of PERS. MMRS provides retirement, disability, and death benefits to plan members and their beneficiaries.

A retirement allowance is payable to any member who retires and has completed at least 20 years of creditable service, regardless of age. Any firefighter or police officer who has reached age 65 shall be retired forthwith. The annual retirement allowance payable to a retired member is equal to (1) 50.0 percent of average compensation, plus (2) 1.7 percent of average compensation for each year of credited service over 20. The aggregate amount of (1) and (2) shall not exceed 66-2/3 percent of average compensation, regardless of service.

A disability retirement allowance is payable to any member who is not eligible for a service retirement benefit, but who becomes totally and permanently disabled regardless of creditable service, if the disability is due to causes in the performance of duty. If the disability is not due to causes in the performance of duty, the member must have completed at least five years of creditable service to be eligible for disability retirement. The annual disability retirement allowance payable is equal to 50.0 percent of the member's salary at the time of retirement, if the disability is due to causes in the performance of duty. If the disability is not due to causes in the performance of duty, the allowance is equal to 2.5 percent times credited service, not more than 20 years, times the member's salary at the time of retirement for firefighters and police officers.

A death benefit is payable upon the death of a member under the following conditions: (a) the member has retired; (b) the member is eligible to retire; (c) the death is in the line of duty; or (d) the death is not in the line of duty but occurs after the member has five years of credited service. The death benefit is payable to the surviving spouse and to children under age 18, to dependent children through age 23 when full-time students, and to dependent children of any age if handicapped. The annual benefit payable, under all conditions in the case of firefighters and police officers is equal to 2.5 percent of average compensation for each year of credited service up to 20 and 1.7 percent of average compensation for each year over 20, with a maximum benefit of 66-2/3 percent of average compensation.

Upon a member's termination of employment for any reason before retirement, the member's accumulated contributions are refunded. Upon the death of a member who is not eligible for any other death benefit, the member's accumulated contributions are paid to the member's beneficiary.

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

The allowances of certain retired members are adjusted annually by a Cost-of-Living Adjustment (COLA) based on the annual percentage change in each fiscal year of the Consumer Price Index. The Yazoo City adjustments are limited to a maximum of 2.5 percent per year (not to exceed 25 percent) for all retirees and beneficiaries.

At June 30, 2022 (measurement date), the following employees were covered by the plan:

Inactive Members or Their Beneficiaries Currently Receiving Benefits	10
--	----

Contributions. Funding policies for MMRS are established by Mississippi statutes. Employer contributions are paid through an annual millage rate on the assessed property values of the City. For the year ended September 30, 2022, the City levied 2.93 mills to help fund MMRS. These millage rates are determined through review of the plan benefit structure during the MMRS annual actuarial valuation and certification by the actuary as to the funding level required of the City. The City's contributions to the Yazoo City Fire and Police Plan for the fiscal year ended September 30, 2022, were \$378,652.

Net Pension Liability. The City's net pension liability is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the plan was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liabilities in the June 30, 2022, actuarial valuations were determined using the following actuarial information and assumptions:

<u>Description</u>	<u>Assumptions</u>
Valuation date	June 30, 2020
Actuarial cost method	Ultimate Asset Reserve
Amortization method	N/A
Remaining amortization period	N/A
Asset valuation method	Market value of assets
Actuarial assumptions:	
Investment rate of return	6.25%, net of pension plan investment expense, including inflation
Projected salary increases	3.00% - 4.50%, including inflation
Inflation	2.75%

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2022 valuation were adopted by the PERS Board of Trustees. Further details can be found on the PERS website.

Discount Rate. The discount rate used to measure the total pension liability was 7.55 percent. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at the current employer contribution rate (2.93 mills). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Changes in Net Pension Liability. Changes in the City's net pension liability for the year ended September 30, 2022 were as follows:

	<u>Total Pension Liability (a)</u>	<u>Plan Fiduciary Net Position (b)</u>	<u>Net Pension Liability (Asset) (a) - (b)</u>
<b>Balances at June 30, 2021</b>	\$ 1,826,849	208,652	1,618,197

Other changes	-	-	-
Net Changes	<u>(42,876)</u>	<u>34,925</u>	<u>(77,801)</u>
<b>Balances at June 30, 2022</b>	<u>\$ 1,783,973</u>	<u>243,577</u>	<u>1,540,396</u>

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the plan net pension liability calculated using the discount rate of 7.55 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.55 percent) or one percentage point higher (8.55 percent) than the current rate:

	<u>1% Decrease 6.55%</u>	<u>Discount Rate 7.55%</u>	<u>1% Increase 8.55%</u>
Proportionate share of the net pension liability	\$ 1,664,665	1,540,396	1,430,241

Pension Plan Fiduciary Net Position. Detailed information about the pension plans fiduciary net position is available in the separately issued PERS and MMRS financial reports.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

For the year ended September 30, 2022, the plan recognized pension expense of \$148,656.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

At September 30, 2022, the plan reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 22,285	-
Contributions subsequent to the measurement date	122,525	
Total	<u>\$ 144,810</u>	<u>-</u>

The above deferred outflows of resources and deferred inflows of resources are the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

Contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	Amount
2023	\$ 7,385
2024	4,952
2025	1,599
2026	8,349
Total	<u>\$ 22,285</u>

**Summary of Pension Plan Balances**

The City's pension related balances presented on the Statement of Net Position as of September 30, 2022, by individual plan are as follows:

Description	PERS	MMRS	Total
Deferred outflows - pensions	\$ 1,545,886	144,810	1,690,696
Net pension liability	9,880,147	1,540,396	11,420,543
Deferred inflows - pensions	164,524	-	164,524
Pension expense	\$ 770,940	148,656	919,596

**YAZOO CITY, MISSISSIPPI  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 12 – DEFICIT FUND BALANCES OF INDIVIDUAL FUNDS**

The following funds reported deficits in fund balances at September 30, 2022:

Fund	Deficit Balance
Municipal Grant Fund	\$ 37,295
City Donations Fund	3,393
15th Street Improvements Fund	10,368
Capital Projects & Grants Fund	870,930
Tax Collection Outside Levies Fund	22,425
Fire and Police Disability Relief Fund	50,407

**NOTE 13 – CONTINGENCIES**

Federal Grants - The City has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a grantor audit may become a liability of the City. No provision for any liability that may result has been recognized in the City's financial statements.

Litigation - The City is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the City with respect to the various proceedings. However, the City's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the City.

**NOTE 14 - EFFECT OF DEFERRED AMOUNTS ON NET POSITION.**

The governmental activities' unrestricted net position deficit amount of \$(4,819,258) includes the effect of deferred inflows/outflows of resources related to pensions. A portion of the deferred outflow of resources related to the pension in the amount of \$248,867 results from the City's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended September 30, 2023. The \$1,287,242 balance of the deferred outflow of resources related to pensions at September 30, 2022, will be recognized in pension expense over the next 4 years. The \$148,069 balance of the deferred inflow of resources related to pension at September 30, 2022, will be recognized in pension expense over the next 4 years.

The business-type activities' unrestricted net position deficit amount of \$(424,088) includes the effect of deferred inflows/outflows of resources related to pensions. A portion of the deferred outflow of resources related to the pension in the amount of \$14,038 results from the City's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended September 30, 2023. The \$140,549 balance of the deferred outflow of resources related to pensions at September 30, 2021, will be recognized in pension expense over the next 4 years. The \$16,452 balance of the deferred inflow of resources related to pension at September 30, 2022, will be recognized in pension expense over the next 4 years.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 15 – JOINTLY GOVERNED**

Yazoo City is a participant with Yazoo County in a joint venture, authorized by Senate Bill 2954, Laws of 1979, to run the Yazoo Recreation Commission. The joint venture was created to manage recreation facilities in both the city and county and is governed by a twelve-member board, with five members appointed by Yazoo City, five members appointed by the Yazoo County Board of Supervisors, one member by the Yazoo City Municipal School District, and one member appointed by the Yazoo County School District. The City levied a 1.50 mill property tax and remitted \$76,943 to the Commission in fiscal year 2022. Complete financial statements for the Yazoo Recreation Commission may be obtained by written request to the Commission at P.O. Box 9, Yazoo City, MS 39194.

**NOTE 16 – SUBSEQUENT EVENTS**

Events that occurred after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of Yazoo City evaluated the activity of the City through February 16, 2024 and determined that no subsequent events occurred requiring disclosure in the notes to the financial statements.

The accompanying notes to the Required Supplementary Information are an integral part of this schedule.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**  
**UNAUDITED**

**A. Budgetary Information.**

Statutory requirements dictate how and when the City's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the City Clerk or Chief Administrative Officer prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the City aldermen that budgetary estimates will not be met, it may make revisions to the budget.

The City's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year-end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

**B. Basis of Presentation.**

The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) presents the originally legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP Basis) and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund. The Budgetary Comparison Schedule - Budget and Actual (Non-GAAP Basis) is a part of required supplemental information.

**C. Budget/GAAP Reconciliation.**

The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The following schedule reconciles the budgetary basis schedules to the GAAP basis financial statements for the General Funds, 15<sup>th</sup> Street Improvements Funds, Capital Projects Funds and American Rescue Plan Funds:

<b>Governmental Fund Type</b>	<b>General Funds</b>	<b>15th Street Improvements Funds</b>	<b>Capital Projects Funds</b>	<b>American Rescue Rescue Plan Funds</b>
Budget ( Cash Basis )	\$ 402,433	(235,506)	(899,969)	2,672,665
Increase (Decrease)				
Net adjustments for unearned revenues	0	0	0	(2,672,665)
Net adjustments for revenue accruals	181,671	-	-	-
Net adjustments for expense accruals	(44,786)	-	104,863	-
Net Change in Fund Balance - GAAP Basis	<u>539,318</u>	<u>(235,506)</u>	<u>(795,106)</u>	<u>-</u>

**D. Excess of Actual Expenditures over Budget in Individual Funds.**

No funds with actual expenditures over Budgeted amounts were identified.

**E. Unbudgeted Funds.**

There were no unbudgeted funds.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**  
**UNAUDITED**

**Pension Schedules - PERS**

**A. Changes of assumptions.**

2015

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.

The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual experience more closely.

Assumed rates of salary increase were adjusted to reflect actual and anticipated experience more closely.

The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

2016

The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

2017

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.

The wage inflation assumptions were reduced from 3.75% to 3.25%

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual and anticipated experience more closely.

The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

2019

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:

For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119.

For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119.

Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**  
**UNAUDITED**

The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:

For males, 137% of male rates at all ages.

For females, 115% of female rates at all ages.

Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 3.00% to 2.75%.

The wage inflation assumption was reduced from 3.25% to 3.00%.

Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

2021

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:

For males, 95% of male rates up to age 60, 110% for ages 61 to 75, and 101% for ages above 77.

For females, 84% of female rates up to age 72, 100% for ages above 76.

Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubG.H-2010 Disabled Table for disabled retirees with the following adjustments:

For males, 134% of male rates at all ages.

For females, 121% of female rates at all ages.

Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of contingent annuitant mortality was based on the PubS.H-2010(B) Contingent Annuitant Table with the following adjustments:

For males, 97% of male rates at all ages.

For females, 110% of female rates at all ages.

Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 2.75% to 2.40%.

The wage inflation assumption was reduced from 3.00% to 2.65%.

The investment rate of return assumption was changed from 7.75% to 7.55%.

The assumed load for administrative expenses was increased from 0.25% to 0.28% of payroll.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual experience more closely.

The percentage of active member disabilities assumed to be in the line of duty was increased from 9% to 12%.

**YAZOO CITY, MISSISSIPPI**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**  
**UNAUDITED**

The percentage of active member deaths assumed to be in in the line of duty was decreased from 6% to 4%.

**B. Changes in benefit provisions.**

2016

Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

Method and assumptions used in calculations of actuarially determined contributions. The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported (June 30, 2019 valuation for the June 30, 2021 fiscal year end). The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, open
Remaining amortization period	28.8 years
Asset valuation method	5-year smoothed market
Price Inflation	2.75 percent
Salary increase	3.00 percent to 18.25 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

**Pension Schedules – MMRS**

Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported. Contributions for the fiscal year ending September 30, 2022 were based on the June 30, 2020 actuarial valuation.

Methods and assumptions used to determine contributions rates:

Actuarial cost method	Ultimate Asset Reserve
Amortization method	N/A
Remaining amortization period	N/A
Asset valuation method	Market value of assets
Inflation	2.75%
Salary increases	3.00 – 4.50%, including inflation
Investment rate of return	6.25%, net of pension plan investment expense, including inflation

**LIMITATION OF INDEBTEDNESS- SECTION 21-33-303 AS AMENDED**

No municipality shall hereafter issue bonds secured by a pledge of its full faith and credit for the purposes authorized by law in an amount which, when added to the then outstanding bonded indebtedness of such municipality, shall exceed either (a) fifteen percent (15%) of the assessed value of taxable property within such municipality, according to the last completed assessment for taxation, or (b) ten percent (10%) of the assessment upon which taxes were levied for its fiscal year ending September 30, 1984, whichever is greater. In computing such indebtedness, there may be deducted all bonds or other evidences of indebtedness, heretofore or hereafter issued, for school, water, sewerage systems, gas, and light and power purposes and for the construction of special improvements primarily chargeable to the property benefited, or for the purpose of paying the municipality's proportion of any betterment program, a portion of which is primarily chargeable to the property benefited. However, in no case shall any municipality contract any indebtedness which, when added to all of the outstanding obligation indebtedness, both bonded and floating, shall exceed either (a) twenty percent (20%) of the assessed value of all taxable property within such municipality according to the last completed assessment for taxation or (b) fifteen percent (15%) of the assessment upon which taxes were levied for its fiscal year ending September 30, 1984, whichever is greater. Nothing herein contained shall be construed to apply to contract obligations in any form heretofore issued by any municipality for school purposes, or to contract obligations in any form heretofore or hereafter incurred by any municipality which are payable exclusively from the revenues of any municipality-owned utility, or to bonds issued by any municipality under the provisions of Sections 57-1-1 through 57-1-51, or to any special assessment improvement bonds issued by any municipality under the provisions of Sections 21-41-1 through 21-41-53.

## **SPECIAL REPORTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and City Aldermen  
City of Yazoo  
Yazoo City, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund and the aggregate remaining fund information of Yazoo City, Mississippi, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated February 16, 2024.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Yazoo City, Mississippi's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Yazoo City, Mississippi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of Yazoo City, Mississippi in the Limited Internal Control and Compliance Review Management Report dated February 16, 2024, included within this document.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Honorable Mayor and City Aldermen  
City of Yazoo  
Yazoo City, Mississippi

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Yazoo City, Mississippi, as of and for the fiscal year ended September 30, 2022, which collectively comprise Yazoo City, Mississippi's basic financial statements and have issued our report thereon dated February 16, 2024. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on the City's compliance with these requirements was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the general-purpose financial statements disclosed no material instances of noncompliance with state laws and regulations. The prior year findings have been corrected.

This report is intended solely for the information and use of management, City Aldermen, State Auditor's Office and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

## LIMITED INTERNAL CONTROL AND COMPLIANCE REVIEW MANAGEMENT REPORT

Honorable Mayor and City Aldermen  
City of Yazoo  
Yazoo City, Mississippi

In planning and performing our audit of the financial statements of Yazoo City, Mississippi for the year ended September 30, 2022, we considered Yazoo City, Mississippi’s internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Yazoo City, Mississippi’s financial reporting, we have performed some additional limited internal control and compliance tests. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the City’s compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated February 16, 2024 on the financial statements of Yazoo City, Mississippi.

Due to the reduced scope, these review procedures and compliance tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with *Section 7-7-211, Mississippi Code of 1972 Annotated*, the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

The results of our review procedures and compliance tests identified certain areas that are opportunities for strengthening internal controls and operating efficiency. Our findings, recommendations, you’re your responses are disclosed below:

<b>2022-001</b>	<u>Public Officials should ensure compliance with state law over surety bonding requirements.</u>
<b>Repeat Finding</b>	Yes; 2021
<b>Criteria</b>	<p><i>Section 25-1-15, Mississippi Code Annotated (1972)</i>, states, “A new bond in an amount not less than that required by law shall be secured upon employment and coverage shall continue by the securing of a new bond every four (4) years concurrent with the normal election cycle of the Governor or with the normal election cycle of the local government applicable to the employee.”</p> <p><i>Section 21-15-23, Mississippi Code Annotated (1972)</i>, states, “Every deputy city clerk, before entering upon the duties of his office, shall take and subscribe the</p>

same oath required of the city clerk. The appointment of said deputy city clerk, with the certificate of the oath, shall be filed and preserved in the office of the clerk of the governing authorities of such city. Such deputy city clerk shall give bond, with sufficient surety, to be payable, conditioned and approved as provided by law, in an amount to be determined by the governing authority (which shall be not less than Fifty Thousand Dollars (\$50,000.00)).”

*Section 21-15-38, Mississippi Code Annotated (1972)*, states, “Before any person appointed to the position of municipal clerk, city manager, municipal administrator or municipal chief administrative officer enters upon the discharge of his duties, he shall give bond, with sufficient surety, to be payable, conditioned and approved as provided by law, in an amount to be determined by the municipal governing authority (which shall not be less than Fifty Thousand Dollars (\$50,000.00)).”

<b>Condition</b>	During the course of our testing we noted the following instances of non-compliance: <ul style="list-style-type: none"><li>• One Deputy Municipal Court Clerk and the former Police Chief were not bonded for the entire fiscal year</li><li>• One Interim Police Chief was not bonded for the entire length of his tenure and one Interim Police Chief was not bonded at all during his tenure</li></ul>
<b>Cause</b>	Public Officials have insufficient control over the requirements for bonding officials and employees.
<b>Effect</b>	Failure to have a bond in place for a specific term could limit the amount available for recovery if a loss occurred over multiple terms, as well as the current terms.
<b>Recommendation</b>	We recommend that the City implement procedures to ensure that City officials’ and employees’ bonds meet the requirements of State Laws.
<b>Response</b>	I will comply.
<b>2022-002.</b>	<u>Public Officials Should Ensure Compliance over its Adopted Central Purchasing System</u>
<b>Repeat Finding</b>	Yes; 2021
<b>Criteria</b>	The City is responsible for establishing and maintaining an effective system of internal control over purchases. An effective system would include a purchase requisition, purchase order, an invoice, and a receiving report in chronological order.
<b>Condition</b>	During the course of our audit, we tested a sample of twenty-five purchases and noted the following instances of noncompliance: <ul style="list-style-type: none"><li>• Twenty-three (23) instances of not having a receiving report</li></ul>

	<ul style="list-style-type: none"> <li>• One (1) instance where the invoice predates the purchase order</li> <li>• One (1) instance where no purchase documentation was provided</li> <li>• Four (4) instances where an unauthorized individual signed a purchase order</li> <li>• Five (5) instances where an invoice was not provided</li> <li>• One (1) instance where an invoice was not dated</li> </ul>
<b>Cause</b>	Purchases were made prior to the filing and approval of the necessary purchase requisitions and purchase orders.
<b>Effect</b>	A lack of controls over purchasing could result in the misappropriation of public funds.
<b>Recommendation</b>	The City should ensure compliance with its adopted purchasing system by verifying that all appropriate purchase documents have been properly completed before any purchases are made by any departments or employees.
<b>Response</b>	I will comply.
<b>2022-003</b>	<u>Establish and Maintain Controls Pertinent to Employee Files.</u>
<b>Repeat Finding</b>	Yes; 2021
<b>Criteria</b>	An effective system over the control and maintenance of files relative to employee hiring, verification, rate of pay and withholding of taxes.
<b>Condition</b>	During the course of our test work, we noted the following: <ul style="list-style-type: none"> <li>• One (1) instance where the Form I-9 was incomplete</li> <li>• One (1) instance where the federal withholding form was incomplete</li> </ul>
<b>Cause</b>	Files and records were not adequately obtained, maintained and/or updated.
<b>Effect</b>	Failure to obtain and maintain employee records could result in failure to report employees as required by law and failure to withhold proper funds in accordance with State and Federal law.
<b>Recommendation</b>	The City should maintain a complete personnel file system which would ensure that the City is in compliance with State and Federal documentation laws.
<b>Response</b>	I will comply.

<b>2022-004</b>	<u>Public Officials Should Strengthen Controls over Timeliness of Deposits.</u>
<b>Repeat Finding</b>	No
<b>Criteria</b>	Management is responsible for establishing a proper internal control system to ensure a strong financial accountability and safeguarding of assets and revenue.
<b>Condition</b>	<p>During the course of our test work on the Municipal Court, we noted the following:</p> <ul style="list-style-type: none"> <li>• Out of twenty-three (23) daily deposits tested, we noted that nineteen (19) were deposited late with some deposits being held for almost three weeks</li> <li>• Out of twelve (12) receipts tested, we noted that all twelve (12) were deposited late with one being held up to ten days</li> </ul>
<b>Cause</b>	Public officials did not implement adequate internal control surrounding the depositing of revenue collected.
<b>Effect</b>	Inadequate controls surrounding the deposits of revenue collections could result in improper revenue recognition or the loss or misappropriation of public funds.
<b>Recommendation</b>	Management should implement controls to ensure that deposits are being made in a timely manner.
<b>Response</b>	I will comply.
<b>2022-005</b>	<u>Deficit fund balances</u>
<b>Repeat Finding</b>	No.
<b>Criteria</b>	Management is responsible for establishing a proper internal control system to ensure the City operates within its means.
<b>Condition</b>	<p>We noted deficit fund balances at September 30, 2022. These deficit fund balances existed in the following funds:</p> <ul style="list-style-type: none"> <li>• Municipal Grant Fund (117)</li> <li>• City Donations Fund (120)</li> <li>• 15<sup>th</sup> Street Improvements Fund (300)</li> <li>• Capital Projects &amp; Grants (400)</li> <li>• Tax Collection Outside Levies (003)</li> <li>• Fire and Police Disability Relief Fund(410)</li> </ul>
<b>Cause</b>	The above-listed funds were operating with a cash deficit.

<b>Effect</b>	Prolonged deficit fund balances, especially in grant funding accounts, could result in loss of future grant funding.
<b>Recommendation</b>	The Board of Aldermen should determine the reasons for the deficit fund balance and take the appropriate actions to reduce the deficit.
<b>Response</b>	I will comply.

Also, our consideration of the internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

The City's responses to the findings identified in our audit were not subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, the City Aldermen, and others within the entity and is not intended to be and should not be used by anyone other than these parties. However, this report is a matter of public record and its distribution is not limited.
