#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the financial statements of the business-type activities of Northeast Mississippi Community College and its aggregate discretely presented component unit, the Northeast Mississippi Community College Development Foundation, Inc. as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Northeast Mississippi Community College's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component unit of Northeast Mississippi Community College at June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Northeast Mississippi Community College Development Foundation, Inc., which represent 100 percent of the assets and revenues of the discretely presented component unit as of June 30, 2022, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Northeast Mississippi Community College Development Foundation, Inc., is based solely on the report of the other auditors.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, (*Government Auditing Standards*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent Northeast Mississippi Community College, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. The financial statements of Northeast Mississippi Community College Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

# **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northeast Mississippi Community College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Northeast Mississippi Community College 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Northeast Mississippi Community College 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of the College's Proportionate Share of Net Pension Liability, the Schedule of College Contributions - PERS, the College's Proportionate Share of Net OPEB Liability and the Schedule of College Contributions – OPEB Plan on pages 4-14 and 52-59, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of basic financial statements. We do not express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Northeast Mississippi Community College's and discretely presented component unit Northeast Mississippi Community College Development Foundation, Inc.'s basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2023, on our consideration of Northeast Mississippi Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Northeast Mississippi Community College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Northeast Mississippi Community College's internal control over financial reporting and compliance.

# Franks, Franks, Wilcow + Hagood P.A.

FRANKS, FRANKS, WILEMON & HAGOOD, P.A. Tupelo, Mississippi April 18, 2023

This section of Northeast Mississippi Community College's (NEMCC) annual financial report presents the college's discussion and analysis of the financial performance of the College during the fiscal year ended June 30, 2022. This discussion has been prepared by management and should be read in conjunction with the financial statements and footnotes. The financial statements, footnotes, and this discussion are the responsibility of management.

#### Using the Annual Report

This annual report consists of a series of financial statements, prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. The financial statements focus on the financial condition of the College, the results of operations, and cash flows of the College as a whole.

One of the most important questions asked is whether the College as a whole is better or worse off because of the year's activities. The key to understanding this question is the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. These Statements present financial information in a form similar to that used by corporations. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

#### **Reporting the College's Financial Activities**

The Statement of Net Position includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The College's net position (the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources) is one indicator of the College's financial health. Over time, increases or decreases in net position are an indicator of the improvement or erosion of the College's financial health when considered with non-financial facts such as enrollment levels and the condition of the facilities.

The Statement of Revenues, Expenses, and Changes in Net Position presents the revenues earned and the expenses incurred during the year. Activities are reported as either operating or non-operating. The financial reporting model classifies State appropriations and gifts as non-operating revenues. The College's dependency on State Aid and gifts results in an operating deficit. The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation, which amortizes the cost of assets over their expected useful lives.

Another important factor to consider when evaluating financial viability is the College's ability to meet financial obligations as they mature. The Statement of Cash Flows presents information related to cash inflows and outflows summarized by operating, non-capital financing, capital and related financing, and investing activities.

The College complies with Governmental Accounting Standards Board (GASB) Statement No. 68. The purported primary objective of GASB 68 is to improve accounting and financial reporting by state and local governments for pensions. It is also purported to improve information provided by state and local governmental employers about financial support for pensions that is provided by other entities. However, compliance with GASB 68 requires the College to record deferred outflows, deferred inflows, net pension liability, and pension expenses (GASB adjustment to retirement expense) that distort the College's true activity and financial position. In the MD&A, the impact of GASB 68 is eliminated to provide a more useful report on operations and net position.

The College complies with GASB Statement No. 75. The purported primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). In financial statements prepared using the economic resources measurement focus and accrual basis of accounting, a cost-sharing employer is required to recognize a liability for its proportionate share of the net OPEB liability. A cost-sharing employer is also required to recognize OPEB expense and report deferred outflows of resources and deferred inflows of resources related to OPEB for its proportionate shares of collective OPEB expense and collective deferred outflows of resources and deferred inflows of resources related to OPEB. However, compliance with GASB 75 requires the College to record deferred outflows, deferred inflows, net OPEB liability, and OPEB expenses (GASB adjustment to fringe benefits expense) that distort the College's true activity and financial position. In the MD&A, the impact of GASB 75 is eliminated to provide a more useful report on operations and net position.

Depreciation and changes in compensated absences are also removed from the operating results in the Condensed Statement of Revenues, Expenses, and Changes in Net Position, as these are non-budgeted, non-cash expenses.

			Increase	Percent

#### <u>Assets</u>

#### **Current Assets**

#### Cash and Cash Equivalents - Current

Cash and cash equivalents consist of cash in the College's bank accounts. The total amount of cash and cash equivalents reported as current assets on the College financial statements were \$10,138,359 and \$15,200,918, respectively, at June 30, 2022 and 2021.

#### Accounts Receivable

Accounts receivable relates to several transactions including county appropriations, accrued interest, student tuition and fee billings, and auxiliary enterprise sales such as dorm rent, food service and bookstore charges. In addition, receivables arise from grant awards and financial aid revenues. The receivables are shown net of allowance for doubtful accounts. The College's receivables totaled \$3,398,608 and \$3,783,942 respectively, at June 30, 2022 and 2021.

#### Inventories

The College maintains inventories of resale merchandise in the Northeast Bookstore. Books, iPads, student supplies and institutional memorabilia make up the majority of the resale inventory. Inventories totaled \$499,040 and \$659,881, respectively, at June 30, 2022 and 2021.

#### **Cash and Cash Equivalents - Restricted**

Cash and cash equivalents are those funds that are held in the bank accounts. The cash and cash equivalents that are considered non-current are cash in restricted funds to be used for the purpose designated by the funding agency, such as a federal granting agency, or scholarships. The amount of cash and cash equivalents considered non-current at June 30, 2022 and 2021, totaled \$5,053,392 and \$3,827,245 respectively.

#### Capital Assets, Net

Capital assets, net, consist of land, infrastructure, buildings, equipment, and historical library holdings. The amount reported is net of accumulated depreciation. Capital assets, net of accumulated depreciation, totaled \$63,308,113 at June 30, 2022, in comparison to \$55,610,926 at June 30, 2021.

# **Right-of-Use Assets, Net**

Right-of-Use assets, net, consist of equipment held through leases. The amount reported is net of accumulated amortization. Right-of-Use assets, net of accumulated amortization, totaled \$214,605 at June 30, 2022. For purposes of the MD&A, the prior year was not restated as a result of the implementation of *Governmental Accounting Standards Board (GASB) Statement 87, Leases*, which became effective for fiscal year 2022.

# **Deferred Outflow of Resources**

# Pension Related

Pension related deferred outflow of resources are a result of timing differences due to the measurement date of pension expense and other factors. As of June 30, 2022 and 2021, pension related deferred outflow of resources amounted to \$7,271,336 and \$6,528,396, respectively. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

# Other Post-Employment Benefits (OPEB) Related

OPEB related deferred outflow of resources are a result of timing differences due to the measurement date of OPEB expense and other factors. As of June 30, 2022 and 2021, OPEB deferred outflow of resources amounted to \$516,852 and \$533,640, respectively. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

**Liabilities** 

# **Current Liabilities**

# Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities represent amounts due at year-end for goods and services received before the end of the fiscal year. The accounts payable and accrued liabilities totaled \$1,075,051 and \$1,079,633, respectively, at June 30, 2022 and 2021.

#### Unearned Revenue

Unearned revenue represents revenue that was received by the College during the fiscal year but not yet earned. Unearned revenue totaled \$141,600 and \$50,570, respectively, at June 30, 2022 and 2021.

# **OPEB Liability-Current Portion**

OPEB-Current Portion represents a portion of the OPEB liability considered due within one year of the statement of net position date. The amount of OPEB Liability-Current Portion at June 30, 2022 and 2021, was \$55,795 and \$72,291, respectively. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

### Long-Term Liabilities - Current Portion

Long-term liabilities - current portion represents the portion of bond and note indebtedness that is payable within one year of the statement of net position date. The amount of the long-term liabilities-current portion at June 30, 2022 and 2021, was \$1,644,979 and \$100,000, respectively.

Long-term liabilities - current portion also includes the current portion of lease liabilities that is payable within one year of the statement of net position date. The amount of leases payable - current portion at June 30, 2022, was \$133,142. For purposes of the MD&A, the prior year was not restated as a result of the implementation of *Governmental Accounting Standards Board (GASB) Statement 87, Leases*, which became effective for fiscal year 2022.

# **Noncurrent Liabilities**

# **Deposits Refundable**

Deposits refundable represent assets belonging to an individual for which the College acts as custodian. An example of deposits refundable is room deposits paid by dormitory students and held in reserve by the college for the students. The deposits are refunded once the student withdraws from the dormitory. The total amount held for others at June 30, 2022 and 2021, was \$110,700 and \$97,700, respectively.

# **Accrued Leave Liabilities**

This liability consists of accrued compensated balances that represent the amount payable to employees for earned but unpaid leave time. The total amount of the accrued leave and associated fringe benefits liability was \$779,231 at June 30, 2022, as compared to \$775,745 at June 30, 2021.

#### Long-Term Liabilities

This liability consists of bonded indebtedness for capital construction and improvement at the College that is not current and payable within the next fiscal year. The amount of the long-term liabilities balance was \$9,209,487 at June 30, 2022, as compared to \$8,159,919 at June 30, 2021.

This liability also includes lease liabilities that are not current and payable within the next fiscal year. The amount of the leases payable balance was \$141,757 at June 30, 2022. For purposes of the MD&A, the prior year was not restated as a result of the implementation of *Governmental Accounting Standards Board (GASB) Statement* 87, Leases, which became effective for fiscal year 2022.

# Net Other Post Employment Benefits (OPEB) Liability

This liability consists of a portion of an actuarially determined amount as required by Governmental Accounting Standards Board (GASB) Statement No. 75 that is not current and payable within the next fiscal year. The amount of the Net OPEB Liability was \$1,743,326 and \$2,022,974 at June 30, 2022 and 2021, respectively. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

#### Net Pension Liability

This liability consists of a portion of an actuarially determined amount as required by Governmental Accounting Standards Board (GASB) Statement No. 68 that is not current and payable within the next fiscal year. The amount of the Net Pension Liability was \$36,965,873 and \$47,700,177 at June 30, 2022 and 2021, respectively. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

#### **Deferred Inflow of Resources**

#### Pension Related

Pension related deferred inflow of resources are a result of timing differences due to the measurement date of pension expense and other factors. As of June 30, 2022 and 2021, pension related deferred inflow of resources amounted to \$11,161,143 and \$0, respectively. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

# Other Post-Employment Benefits (OPEB) Related

OPEB related deferred inflow of resources are a result of timing differences due to the measurement date of OPEB expense and other factors. As of June 30, 2022 and 2021, OPEB deferred inflow of resources amounted to \$623,410 and \$453,175, respectively. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

# Net Position

Net position represents the difference between the College's assets, deferred outflows of resources, liabilities and deferred inflows of resources. Total net position at June 30, 2022, was \$26,897,659 as compared to \$25,901,119 at June 30, 2021. See comments before the Condensed Statement of Net Position concerning the effects of GASB Statement Nos. 68 and 75 for a better understanding of unrestricted net position.

# Analysis of Net Position

Unrestricted net position represents those balances from operational activities that have not been restricted by parties external to the College such as donors or grant agencies. This includes funds that are normal working capital balances maintained for departmental and auxiliary enterprise activities.

The following is an analysis of net position as of June 30, 2022 and 2021:

		2022		2021		Increase Decrease	Percent Inc.(Dec.)
Net Investment in Capital Assets	\$	52,393,353	\$	47,351,007	\$	5,042,346	10.65%
Restricted for:						······	
Scholarships		83,802		84,836		(1,034)	-1.22%
Capital Projects		4,749,168		3,667,103		1,082,065	29.51%
Unemployment		50,000		50,000		-	0.00%

Total operating loss for the year ended June 30, 2022, was \$(16,894,546) as compared to \$(11,752,914) for the year ended June 30, 2021. Since the State of Mississippi appropriations are not included within operating revenue per GASB No. 35, the College shows a significant operating loss.

The sources of operating revenue for the College are tuition and fees, grants and contracts, auxiliary services, and other operating revenues.

The College strives to provide students with the opportunity to obtain a quality education. Future enrollments at the College may be affected by a number of factors, including any material increases in tuition and other mandatory charges stemming from any material decrease in appropriation funding from the State of Mississippi.

Total operating revenues for the year ended June 30, 2022, were \$26,123,005, as compared to \$44,168,898 for the year ended June 30, 2021. Tuition and fees (net of tuition discount) were \$4,302,907 for the year ended June 30, 2022, compared to \$8,326,790 for the year ended June 30, 2021. The tuition discount for the year ended June 30, 2022, was \$6,926,776 compared to \$6,930,327 for the year ended June 30, 2021. Operating expenses for the year ended June 30, 2022, including depreciation and amortization expense of \$2,676,056, totaled \$43,017,551. Operating expenses for the year ended June 30, 2021, including depreciation of \$2,468,983.

Instructional expenditures comprised 37.76% of the operating expenses for the year ended June 30, 2022, and 30.90% of the operating expenses for the year ended June 30, 2021.

# **Operating Revenues**

#### Tuition and Fees

This category includes all tuition and fees assessed for educational purposes totaling \$4,302,907 (net of tuition discount) for the year ended June 30, 2022, in comparison to \$8,326,790 (net of tuition discount) for the year ended June 30, 2021. The tuition discount for the year ended June 30, 2022, was \$6,926,776 compared to \$6,930,327 for the year ended June 30, 2021.

# **Grants and Contracts**

This includes all restricted revenues made available by government agencies as well as private agencies. Grant revenues are recorded only to the extent that the funds have been expended for exchange transactions. Non-exchange revenues are recorded when received or when eligibility criteria have been met.

The following table details the College's grant and contract awards for the fiscal year ended June 30, 2022 and 2021:

			Increase
	 2022	 2021	 (Decrease)
Federal Sources	\$ 15,030,148	\$ 27,486,752	\$ (12,456,604)
State Sources	3,319,495	3,220,151	99,344
Other Sources	 580,752	 628,461	 (47,709)
Total All Sources	\$ 18,930,395	\$ 31,335,364	\$ (12,404,969)

#### Sales and Services from Educational Activities

Other operating revenues consist of income from educational activities that totaled \$1,040,604 for the year ended June 30, 2022, as compared to \$891,484 for the year ended June 30, 2021.

#### Sales and Services from Auxiliary Enterprises, Net

Sales and services, net, consist of various enterprise entities that exist predominantly to furnish goods and services to students, faculty, staff, or the general public and charge a fee directly related to the cost of those goods or services. They are intended to be self-supporting.

Auxiliary enterprises primarily include the College bookstore, student housing, and food services. Auxiliary enterprises revenue, net of scholarship allowances, totaled \$1,849,099 for the year ended June 30, 2022, as compared to \$3,615,260 for the year ended June 30, 2021. The discount for scholarship allowance was \$2,106,295 for the year ended June 30, 2022, and \$1,506,328 for the year ended June 30, 2021.

# **Operating Expenses**

The following is a breakdown of operating expenses by category for the years ended June 30, 2022 and 2021:

			Increase	Percent
	 2022	 2021	 (Decrease)	Inc.(Dec.)
Salaries and Benefits	\$ 23,432,363	\$ 25,108,095	\$ (1,675,732)	-6.67%
Scholarships	4,922,995	14,091,406	(9,168,411)	-65.06%
Commodities	3,604,558	5,507,981	(1,903,423)	-34.56%
Contractual Services	5,689,048	6,739,441	(1,050,393)	-15.59%
Utilities	2,146,497	1,783,747	362,750	20.34%
Travel	546,034	222,159	323,875	145.79%
Depreciation and Amortization	 2,676,056	 2,468,983	 207,073	8.39%
Total Operating Expenses	\$ 43,017,551	\$ 55,921,812	\$ (12,904,261)	-23.08%

The following is a breakdown of operating expenses by functional classification for the years ended June 30, 2022 and 2021:

	2022	2021	(	Increase Decrease)	Percent Inc.(Dec.)
Expenses by Function:					
Instruction	\$ 16,242,326	\$ 17,285,168	\$	(1,042,842)	-6.03%
Academic Support	815,151	793,921		21,230	2.67%
Student Services	5,676,341	14,148,967		(8,472,626)	-59.88%
Institutional Support	6,403,423	8,465,157		(2,061,734)	-24.36%
Operation and Maintenance of Plant	4,152,102	4,855,014		(702,912)	-14.48%
Student Financial Aid	2,956,530	3,420,080		(463,550)	-13.55%
Auxiliary Enterprises	4,095,622	4,484,522		(388,900)	-8.67%
Depreciation and Amortization	 2,676,056	 2,468,983		207,073	8.39%
Total Operating Expenses	\$ 43,017,551	\$ 55,921,812	\$	(12,904,261)	-23.08%

# Non-operating Revenues (Expenses)

#### State Aid

The College's largest source of non-operating revenue is appropriations from the State of Mississippi. The College received \$14,125,285 for the year ended June 30, 2022, as compared to \$13,617,791 for the year ended June 30, 2021. In addition, the College received \$130,932 in restricted state appropriations for capital construction for the year ended June 30, 2022, as compared to \$986,427 for the year ended June 30, 2021.

#### **Other Non-Operating Revenues**

Other non-operating revenues are composed of county appropriations that the College receives from the fivecounty district in which the school resides. The College uses the education and general portion of the appropriations for salaries and benefits, and for other operational purposes. The College uses the enlargements and improvements portion of the appropriations to repair, maintain, and improve campus facilities. The College receives the appropriation in monthly payments, beginning in July of each year, since the fiscal year begins July 1<sup>st</sup>.

The College received 4,093,783 in county appropriations for the year ended June 30, 2022, compared to \$4,152,763 for the year ended June 30, 2021. The appropriation was received from the five counties that support the College.

#### Investment Income, Net

This includes the interest income from the cash in the bank accounts and the interest earned on the College's short-term investments. The investment income for the year ended June 30, 2022, was \$6,618 as compared to \$19,808 for the year ended June 30, 2021.

#### Non-operating Expenses

This consists of the interest expense on capital asset-related debt the College incurred for the year ended June 30, 2022. The total expense amounted to \$371,451 compared to \$283,266 for the year ended June 30, 2021.

#### **Statement of Cash Flows**

Another way to assess the financial health of the College is to look at the Statement of Cash Flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of the College during a period. The Statement of Cash Flows also helps users assess:

- The ability to generate future net cash flows,
- The ability to meet obligations as they come due, and
- A need for external financing.

The following is a condensed statement of cash flows for the years ended June 30, 2022 and 2021:

	 2022	2021
Cash and Cash Equivalents Provided (Used) by:		
Operating Activities	\$ (14,165,349)	\$ (8,620,740)
Noncapital Financial Activities	16,078,738	15,350,021
Capital and Related Financing Activities	(5,756,419)	(2,615,082)
Investing Activities	 6,618	 19,808
Net Increase in Cash and Cash Equivalents	(3,836,412)	4,134,007
Cash and Cash Equivalents - Beginning of the Year	 19,028,163	 14,894,156
Cash and Cash Equivalents - End of the Year	\$ 15,191,751	\$ 19,028,163

The major sources of funds included in operating activities include student tuition and fees of \$4,721,782, auxiliary enterprises of \$2,049,796, and grants and contracts of \$18,609,591. The major uses of funds were payments made to/on behalf of employees (\$23,878,468), to suppliers (\$11,738,441), and to scholarships (\$4,922,995).

#### **Significant Capital Asset Transactions**

Capital improvements consisted primarily of the purchase of a former furniture manufacturing building in Booneville, MS, for the purposes of creating a combined career and technical education, workforce training and education, and adult education center in the amount of \$7.2 million. The college also purchase other significant assets, including the construction of outdoor classrooms, and classroom equipment. Additionally, the college entered into a two-year lease agreement for employee iPads. As a result of implementation of GASB 87, the college now reports those assets as right-of-use assets and the liability as leases payable.

#### Significant Long-Term Debt Transactions

On June 30, 2022, one of the college's trust agents for making bond payments made a payment on long-term debt due July 1, 2022. As a result, the principal and interest payment that would normally be shown as due on the five-year maturities schedule of the long-term debt note has been removed, and only the December 1, 2022, interest payment due is shown in the five-year maturities schedule. Accordingly, accrued interest normally shown as an accrued liability has also been reduced.

The college financed \$3.2 million of the \$7.2 million purchase of a building for its future career and technical education, workforce training and education, and adult education center.

Additionally, the college entered into a two-year lease agreement for employee iPads. As a result of implementation of GASB 87, the college now reports those assets as right-of-use assets and the liability as leases payable.

# **Factors Impacting Future Periods**

There are a number of issues of Community College-wide importance that directly impacted the fiscal year 2022 financial situation. The recent world-wide Coronavirus pandemic caused uncertainty in many areas of the college, especially in the area of enrollment and State appropriations. As of the date of publishing these audited financial statements, the college has experienced a leveling-off of the enrollment decline for the Fall 2022 and Spring 2023 semesters. An increase in State appropriations for FY23 was approved by the State Legislature in the 2022 legislative session, with an additional increase for FY24 expected to be approved in 2023. In addition, the significant rise in inflation is causing a great impact in the College's ability to expand programs, undertake new initiatives, and/or meet its core mission and ongoing operational needs.

State appropriations contributed approximately 32.05% of the College's fiscal year 2022 revenue, including appropriations for capital purposes, up from 23.13% from fiscal year 2021, mainly due to the decrease in federal grants received from Higher Education Emergency Relief Fund (HEERF). State appropriations continue to be the single largest source of operating revenue for the College. The level of State support is therefore one of the key factors influencing the College's financial condition. Therefore, if revenue collections fail to meet state estimates, cuts in appropriations are always a possibility.

As stated previously, the College experienced a significant decrease in enrollment for fiscal year 2021, which was due to the world-wide Coronavirus pandemic. This is the case across the State of Mississippi and nationally, as well. For fiscal year 2022, the college maintained basically the same level of enrollment, but still not back up to pre-COVID levels. That leveling-off continued into the FY22 year.

The need to continue to address priority needs and requirements for deferred maintenance, new technology, repairs, and new construction projects is a monumental challenge facing the College in the years to come.

The College continues to assess its performance toward identified goals and ways to achieve greater efficiencies and reduce expenditures in an effort to assist in meeting the future challenge.

- 1. Summary of Significant Accounting Policies
  - A. Reporting Entity Northeast Mississippi Community College was founded in 1948 and is one of Mississippi's 15 public community colleges. The legal authority for the establishment of The Community College is found in Section 37-29-31, Miss. Code Ann. (1972).

The Community College is governed by a fifteen-member board of trustees, selected by the board of supervisors of Alcorn, Prentiss, Tippah, Tishomingo, and Union counties who support the district through locally assessed ad valorem tax millage. Each board member is appointed for a 5-year term. In addition, the Community College works jointly with the Mississippi State Community College Board, which coordinates the efforts of all 15 community colleges as they serve the taxpayers of the State of Mississippi.

Northeast Mississippi Community College reports the following discretely presented component unit:

Northeast Mississippi Community College Development Foundation, Inc. (Foundation) - The Foundation is a legally separate, tax-exempt nonprofit organization under section 501(c)(3) of the Internal Revenue Code founded in 1970. The Foundation acts primarily as a fundraising organization to supplement the resources available to Northeast Mississippi Community College in support of its programs.

Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon that the Foundation holds and invests are restricted to the activities of the College by the donors.

During the year ended June 30, 2022, the Foundation contributed \$1,419,811 to the College for scholarships, athletics and building programs and reimbursed the College for \$254,213 in Foundation expenses.

The Foundation reports its financial results under Financial Accounting Standards Board (FASB) statements. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's statements in the College's financial reporting entity for these differences. Significant note disclosures applicable to the Foundation's financial statements have been incorporated into the College's statements.

- B. Basis of Presentation The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board ("GASB"), including Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments,* and Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis of Public College and Universities,* issued June and November, 1999, respectively. The college now follows the "business-type activities" reporting requirements of GASB Statement No. 34 that provides a comprehensive one-line look at the college's financial activities. The effect of interfund activity has been eliminated from these financial statements.
- C. Basis of Accounting The Financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.
- D. Cash Equivalents For purposes of the Statement of Cash Flows, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.
- E. Short-term Investments Investments that are not cash equivalents but mature within the next fiscal year are classified as short-term investments.

- 1. Summary of Significant Accounting Policies (continued)
  - F. Accounts Receivable, Net Accounts receivable consist of tuition and fees charged to students, state appropriations, amounts due from state and federal grants and contracts, local governments, and credits due to the College from vendors. Accounts receivable are recorded net of an allowance for doubtful accounts.
  - G. Inventories Inventories consist of supplies. Inventories are stated at the lower of cost or market, on either the first-in, first-out ("FIFO") basis or the average cost basis.
  - H. Prepaid Expenses Prepaid expenses include insurance premiums paid during the current fiscal year which are applicable to the succeeding fiscal year.
  - Restricted Cash and Cash Equivalents Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other noncurrent assets, are classified as restricted cash and cash equivalents on the Statement of Net Position.
  - J. Capital Assets, Net of Accumulated Depreciation Capital assets are recorded at cost at the date of acquisition, or, if donated, at fair market value at the date of donation. Renovations to buildings and improvements other than buildings that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance costs are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expenditure categories. See Note 6 for additional details concerning useful lives, salvage values, and capitalization thresholds. Expenditures for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose.
  - K. Right-of-Use Assets, Net of Accumulated Amortization Right-of-use assets are recorded as cost at the date of acquisition through a lease. Routine repairs and maintenance costs are charged to operating expense in the year in which the expense was incurred. Amortization is computed using the straight-line method over the estimated useful lives of the assets or the lease period, whichever is shorter. See Note 6 for additional details concerning useful lives, salvage values, and capitalization thresholds.
  - L. Deferred Outflow of Resources In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The college has deferred outflows, which are presented as a deferred outflow for pension and deferred outflow for other post-employment benefits.
  - M. Unearned Revenues Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but are related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.
  - N. Compensated Absences The Northeast Mississippi Community College Board of Trustees has adopted an employee medical leave policy. The policy provides for the payment of up to thirty accumulated leave days at the time of an employee's termination. To be eligible for this payment, the employee must have been employed for five years and must have accumulated leave time. At termination, a qualified employee may receive pay for their accumulated leave time up to a maximum of thirty days, depending on length of service to the college. Additionally, any leave certified toward retirement with the Public Employee's Retirement System of Mississippi will not be subject to payment. The total accrued leave for all employees as of June 30, 2022, was \$779,231. The vacation leave time of applicable employees cannot be accumulated beyond one fiscal year.

- 1. Summary of Significant Accounting Policies (continued)
  - O. Leases -The Governmental Accounting Standards Board (GASB) issued *Statement No. 87, Leases* to establish a single leasing model for accounting and reporting purposes. This guidance is intended to enhance the accountability, consistency, and comparability of lease activities reported by governments. GASB 87 was implemented during fiscal year 2022.

The college uses a rate that approximates its incremental borrowing rate to calculate the present value of lease payments when the rate implicit in the lease is not known. See Note 7 for additional disclosures regarding leases.

- P. Pensions For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, the benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
- Q. Post-Employment Benefits Other than Pensions (OPEB) For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the State and School Employees' Life and Health Plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recorded when the OPEB benefits come due. Investments are reported at fair value as determined by the state.
- R. Deferred Inflow of Resources In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The College has deferred inflows, which are presented as a deferred inflow for pensions and deferred inflow for other post-employment benefits.
- S. Net Position Net position of the College is classified in three components. Net position, net investment in capital assets is reduced by the outstanding balances of long-term debt used to finance the purchase or construction of those assets. Restricted expendable net position are noncapital assets that must be used for a particular purpose as specified by creditors, grantors or donors external to the College, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings. Unrestricted net position are remaining assets less remaining liabilities that do not meet the definition of net investment in capital assets.
- T. Classification of Revenues The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most federal, state, and local grants and contracts, and (4) interest on institutional student loans. Gifts (pledges) that are received on an installment basis are recorded at net present value.

Non-operating Revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as state and local appropriations, and other revenue sources that are defined as non-operating revenues by Governmental Accounting Standards Board (GASB), such as state appropriations and investment income.

- 1. Summary of Significant Accounting Policies (continued)
  - U. State Appropriations The Community College receives funds from the State of Mississippi through the Mississippi Community College Board. The appropriations are distributed to community and junior colleges based on a funding formula which has been approved by all of the presidents of the colleges. Currently, the first 15% of the appropriations are split equally among the colleges, and then the remaining 85% of the appropriations are allocated based on the college's total credit hours generated by all students with special consideration given to those programs that are considered high cost programs.
  - V. Scholarship Discounts and Allowances Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid, such as loans, funds provided to students as awarded by third parties and Federal Direct Lending, is accounted for as a third-party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses, or scholarship allowances, which reduce revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a college basis by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.
  - W. Unrestricted and Restricted Resources When an expenditure/expense is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) resources are available, it is the College's general policy to use restricted resources first. When expenditures/expenses are incurred for purposes for which unrestricted resources are available, and amounts in any of the unrestricted classifications could be used, it is the College's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.
  - X. Accounting Standards Update GASB 87, Leases, was implemented during fiscal year 2022. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. This guidance is intended to enhance the accountability, consistency and comparability of lease activities reported by governments.
- 2. Cash and Cash Equivalents, Short-term Investments and Investments
  - A. Cash, Cash Equivalents and Short-Term Investments Investment policies as set forth by state statute authorize the College to invest in demand deposits and interest-bearing time deposits such as savings accounts, certificates of deposit, money market funds, U.S. Treasury bills and notes, and repurchase agreements.

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the College's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities that would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

The carrying amount of the College's deposits with financial institutions reported in the statement of net position as cash and cash equivalents was \$15,191,751. At June 30, 2022, none of the College's deposits were exposed to custodial credit risk.

- 2. Cash and Cash Equivalents, Short-term Investments and Investments (continued)
  - B. Investments Investment policies as set forth by state statute authorize the College to invest in demand deposits and interest-bearing time deposits such as savings accounts, certificates of deposit, money market funds, U.S. Treasury bills and notes, and repurchase agreements.

As of June 30, 2022, the college did not have any investments.

3. Prior Period Adjustments

Prior period adjustments shown on the Statement of Revenues, Expenses, and Changes in Net Position were as follows:

		Amount
Correct overstatement of prepaid insurance	\$	(88,911)
Cumulative effect of a change in accounting principle due to		
the adoption of GASB 87		(5,170)
Net Prior Period Adjustments	\$	(94,081)

4. Accounts Receivable

Accounts receivable consists of the following at June 30, 2022:

	Total Accounts Receivable		Allowance tor Doubtful Accounts		Net Accounts Receivable	
Accounts Receivable - Student Student tuition and fees Auxiliary enterprises	\$	2,552,041 1,986,370	\$	2,311,031 1,798,781	\$	241,010 187,589
Accounts Receivable - Student Accounts Receivable - Other		4,538,411		4,109,812		428,599
Auxiliary enterprises Grants and contracts		126,839 2,235,389		37,181		89,658 2,235,389
State appropriations		456,894		-		456,894
Local appropriations Other		114,108 73,960		-		114,108 73,960
Accounts Receivable - Other		3,007,190		37,181		2,970,009
Accounts Receivable	\$	7,545,601	\$	4,146,993	\$	3,398,608

#### 5. Effect of Deferred Amounts of Net Position

The unrestricted net position amount of \$(30,954,245) includes the effect of deferring the recognition of expenses resulting from a deferred outflow from pensions. A portion of the deferred outflow of resources related to pension in the amount of \$3,044,137 resulting for the college contribution subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. The \$4,227,199 balance of deferred outflow of resources related to pensions, at June 30, 2022, will be recognized as an expense and will decrease the unrestricted net position over the next three years.

The unrestricted net position amount of \$(30,954,245) includes the effect of deferring the recognition of expenses resulting from a deferred outflow from OPEB. A portion of the deferred outflow of resources related to OPEB in the amount of \$55,795 resulting from the college contribution subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2023. The \$461,057 balance of deferred outflow of resources related to OPEB, at June 30, 2022, will be recognized as an expense and will decrease the unrestricted net position over the next five years.

#### 5. Effect of Deferred Amounts of Net Position (continued)

The unrestricted net position amount of \$(30,954,245) includes the effect of deferring the recognition of revenue resulting from a deferred inflow from pensions. The \$11,161,143 balance of deferred inflow of resources related to pension, at June 30, 2022, will be recognized as revenue and will increase the unrestricted net position over the next four years.

The unrestricted net position amount of \$(30,954,245) includes the effect of deferring the recognition of revenue resulting from a deferred inflow from OPEB. The \$623,410 balance of deferred inflow of resources related to OPEB, at June 30, 2022, will be recognized as revenue and will increase the unrestricted net position over the next five years.

#### 6. Capital Assets and Right to Use Assets

Following is a summary of changes in capital assets for the year ended June 30, 2022:

	Beginning Balance 7/1/2021	Addtitions	Dispositions	Completed Construction/ Adjustments	Ending Balance 6/30/2022
Nondepreciable Capital Assets: Land Construction in progress	\$    3,139,993 141,726	\$ 2,162,000 1,649,725	\$	\$(127,732)	\$    5,301,993 1,663,719
Total Nondepreciable Capital Assets	3,281,719	3,811,725		(127,732)	6,965,712
Depreciable Capital Assets: Improvements other than Buildings Buildings Equipment Library Books Intangible right to use equipment	12,667,393 73,415,564 12,171,305 1,294,830	5,052,890 1,411,678 10,634 146,074	- - 364,466 - -	- 127,732 - - 296,237	12,667,393 78,596,186 13,218,517 1,305,464 442,311
Total Depreciable Capital Assets	99,549,092	6,621,276	364,466	423,969	106,229,871
Less Accumulated Depreciation for: Improvements other than Buildings Buildings Equipment Library Books Intangible right to use equipment Total Accumulated Depreciation	4,483,791 34,076,009 7,424,208 1,235,877  47,219,885	471,700 1,253,352 823,561 13,055 114,388 2,676,056	- 336,394 - - 336,394	- - - 113,318 - 113,318	4,955,491 35,329,361 7,911,375 1,248,932 227,706 49,672,865
Total Depreciable Capital Assets, Net	52,329,207	3,945,220	28,072	310,651	56,557,006
Capital Assets, Net	<u> </u>	<u> </u>	\$ 28,072	<u>\$ 182,919</u>	\$ 63,522,718
Total capital assets, net excluding intangible right to use assets					\$ 63,308,113
Intangible right to use assets, net					214,605
Total capital assets, net as reported in the statement of net position					<u>\$ 63,522,718</u>

The adjustments above for intangible right to use equipment are a result of the implementation of GASB 87 related to lease assets and lease liabilities. See note 7 for further detail.

#### 6. Capital Assets (continued)

Depreciation is computed on a straight-line basis with the exception of the library books category, which is computed using a composite method. The following useful lives, salvage values, and capitalization thresholds are used to compute depreciation.

	Useful	Salvage	Capitalization
	Lives	Value	Threshold
Buildings	40 years	20%	50,000
Improvements other than Buildings	20 years	20%	25,000
Equipment	3-15 years	1-10%	5,000
Library books	10 years	0%	-
Intangible right to use assets	*		

\* - The estimated useful life for each right to use asset (intangible asset) is the number of years of the lease which is represented by each right to use asset. The term 'depreciation' includes the amortization of intangible assets.

Construction in progress is composed of the following amounts:

	Spent to June 30, 2022	Remaining Commitment
Seth Pounds Auditorium	\$ 6,289	\$
Northeast at Corinth Phase III	3,486	-
Fine Arts Complex	135,151	-
Outdoor Classrooms	225,506	177,494
Campus Paving Project	258,701	6,238
Sidewalk/Lighting Improvements	1,034,586	340,801
Total Construction in Progress	<u>\$ 1,663,719</u>	<u>\$                                    </u>

\*The Seth Pounds Auditorium Renovations project is a MS Bureau of Buildings (BoB) project. All commitments are through the BoB and will be paid from state bond funds allocated to the college. Therefore, no commitments have been made by the college.

7. Long-Term Liabilities, Including Leases

Long-term liabilities of the College consist of notes and bonds payable, original issue premiums, leases payable, and certain other liabilities that are expected to be liquidated beyond one year from June 30, 2022.

# Long-Term Liabilities

The following is a schedule changes in notes payable, original issue premiums, and certain other long-term liabilities:

Description	Original Issue	Interest Rate	Maturity	Balance July 1, 2021	Additions	Payments	Balance June 30, 2022	Due Within One Year
Notes Payable, 2022 G.O. Notes Payable,	\$ 3,200,000	7.00%	1/2024	\$-	\$ 3,200,000	\$-	\$ 3,200,000	\$ 1,544,979
Series 2018 G.O. Refunding Notes	\$ 8,155,000	3-5%	7/2033	7,000,000	-	470,000	6,530,000	-
Payable, Series 2014	\$ 2,935,000	3.125%	12/2028	865,000		100,000	765,000	100,000
Total Long-Term Deb	t			7,865,000	3,200,000	570,000	10,495,000	1,644,979
Original Issue Premium, Original Issue Premium,				344,807 50,112	-	28,734 6,719	316,073 43,393	-
Total Original Issue P	remium			394,919	-	35,453	359,466	-
Total Long-Term Debt				8,259,919	3,200,000	605,453	10,854,466	1,644,979
Other Long-Term Liabiliti	ies							
Accrued Leave Liability				774,745	4,486	-	779,231	-
Deposits Refundable				97,700	13,000	-	110,700	-
Net OPEB Liability				2,095,265		296,144	1,799,121	-
Net Pension Liability				47,700,177		10,734,304	36,965,873	
Total Other Liabilities				50,667,887	17,486	11,030,448	39,654,925	
Total Long-Term Liabilitie	es			\$ 58,927,806	<u>\$ 3,217,486</u>	<u>\$ 11,635,901</u>	<u> </u>	<u>\$ 1,644,979</u>

The following is a schedule by years of the total payments due on notes payable:

	Notes Payable	Interest	Total
2023	\$ 1,644,979	\$ 344,747	\$ 1,989,726
2024	2,250,021	347,256	2,597,277
2025	615,000	239,269	854,269
2026	635,000	220,519	855,519
2027	650,000	198,544	848,544
2028-2032	3,290,000	604,747	3,894,747
2033-2034	1,410,000	57,000	1,467,000
Totals	<u>\$ 10,495,000</u>	<u>\$ 2,012,082</u>	\$ 12,507,082

On June 30, 2022, the July 1, 2022, principal and interest payment was made on the 2018 G.O. Notes Payable by the trustee/paying agent. Therefore, the payment on principal reduced long-term debt, current portion and accrued interest. The five-year maturities schedule above also reflects this early payment, and only the semi-annual interest payment due on December 1, 2022, is shown in the schedule.

7. Long-Term Liabilities, Including Leases (continued)

#### **Leases**

The college is a lessee for various noncancellable leases of equipment. For leases that have a maximum possible term of 12 months or less at commencement, the college recognizes expense based on the provisions of the lease contract. For all other leases, the college recognized a lease liability and an intangible right-of-use asset.

At lease commencement, the college initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, less lease payments made at or before the lease commencement date, plus any initial direct costs ancillary to placing the underlying asset into service, less any lease incentives received at or before the lease commencement date. Subsequently, the lease asset is amortized in depreciation and amortization expense on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

The college generally uses an approximation of its incremental borrowing rate as the discount rate for leases unless the rate that the lessor charges is known. That rate is calculated based on management's assessment of current debt and current interest rates.

The lease term includes the noncancellable period of the lease plus any additional periods covered by either a college or lessor option to extend for which it is reasonably certain to be exercised or terminate for which it is reasonably certain to not be exercised. Periods in which both the college and the lessor have a unilateral option to terminate (or if both parties have agreed to extend) are excluded from the lease term.

#### As Lessee

Lease Assets:

Following is a summary of changes in lease assets and liabilities for the year ended June 30, 2022:

	Beginning Balance 7/1/2021	Addtitions	Adjustments	Amortization	Ending Balance 6/30/2022
Copiers and iPads Total	\$	<u> </u>	<u> </u>	(114,388) (114,388)	214,605 214,605

Amortization is computed on a straight-line basis over the lesser of the estimated useful lives of the assets leased or the lease term, whichever is shorter. Useful lives are determined in the same way as depreciable capital assets.

7. Long-Term Liabilities, Including Leases (continued)

Lease Liabilities:

The college leases various equipment to optimize its cash flows year-over-year. The following is a schedule changes in lease liabilities:

	Balance	Beginning Balance 7/1/2021		Adjustments	Principal Payments	Ending Balance 6/30/2022	
Copiers and iPads Total	\$	_	<u> </u>	188,089 188,089	(59,264) (59,264)	274,899 274,899	

Description	Date of Issue	Date of Maturity	Interest Rate	Monthly Payment		Amount Outstanding	
Copier Lease	7/2021	6/2024	2.96%	\$	4,972	\$	115,732
Copier Lease	7/2021	10/2025	4.940%		289		10,639
Copier Lease	7/2021	6/2024	10.470%		114		2,454
iPad Lease	10/2021	9/2023	3.000%		261		146,074
Total Leases Payable				\$	5,636	\$	274,899

Each lease is a fixed payment lease with a fair-market value buyout option. The college does not intend to exercise the buyout of any of its current leases. There are no terms of any lease whereby variable payments would be due. The following is a schedule by years of the total payments due on leases payable:

	 Lease Payable		Interest		Total		
2023	\$ 133,142	\$	7,698	\$	140,840		
2024	137,290		3,550		140,840		
2025	3,323		146		3,469		
2026	 1,144		12		1,156		
Totals	\$ 274,899	\$	11,406	\$	286,305		

#### <u>As Lessor</u>

The college has evaluated its current leases as lessor and determined that its leases as lessor are immaterial, both individually and in the aggregate and therefore are not reported under long-term leases.

#### 8. Risk Management.

The College is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College carries commercial insurance for these risks. Settled claims resulting from these insured risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### 9. Contingencies:

Federal Grants: The College has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowances resulting from the grantor audit may become a liability of the College.

Litigation: The College is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate ultimate outcome or liability, if any, of the College with respect to the various proceedings. However, the College's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the College.
10. Natural Classifications with Functional Classifications

The College's operating expenses by functional classification were as follows for the year ended June 30, 2022:

	Total	\$16,242,326	815,151	5,676,341	6,403,423	4,152,102	2,956,530	4,095,622	2,676,056	\$43,017,551
Depreciation	Expense	ج			I	ı	·		2,676,056	\$ 2,676,056
	Commodities	\$ 549,480	97,107	402,771	677,976	488,218	1	1,389,006	t	\$ 3,604,558
Scholarships	& Fellowships	\$ 451,204	·	1,515,261		ł	2,956,530	·	T	\$ 4,922,995

### 11. Defined Benefit Pension Plan

General Information about the Pension Plan

*Plan Description.* The College contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report is available at <u>www.pers.ms.gov</u>.

Benefits provided - Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public colleges. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.00% of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.50% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.00% of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.00% compounded for each fiscal year thereafter.

*Contributions* - PERS members are required to contribute 9.00% of their annual covered salary, and the College is required to contribute at an actuarially determined rate. The employer's rate as of June 30, 2022, was 17.40% of annual covered payroll. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Section 25-11-1 of the Mississippi Code of 1972, as amended, and maybe amended only by the State of Mississippi Legislature. The College's contributions to PERS for the fiscal years ending June 30, 2022, 2021, and 2020, were \$3,044,137, \$2,893,200, and \$2,854,717, respectively, which equaled the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the College reported a liability of \$36,965,873 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension plan relative to projected contributions of all participating entities, actuarially determined. The College's proportionate share used to calculate the June 30, 2022, net pension liability was 0.2501%, which was based on a measurement date of June 30, 2021. This was a 0.0037% increase from its proportionate share used to calculate the June 30, 2020.

11. Defined Benefit Pension Plan (continued)

For the year ended June 30, 2022, the College recognized pension expense of \$2,760,203. At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred		
	Outflows of			ferred Inflows
	Resources		0	Resources
Differences between expected and actual experience Net difference between projected and actual earnings	\$	587,320	\$	-
on pension plan investments		-		11,161,143
Changes of assumptions		2,842,256		-
Changes in proportion and differences between College		-		
contributions and proportionate share of contributions		797,623		-
College contributions subsequent to the measurement date		3,044,137	******	-
Total	\$	7,271,336	\$	11,161,143

\$3,044,137 reported as deferred outflows of resources related to pensions resulting from college contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2023	\$ (923,203)
2024	(1,105,926)
2025	(1,587,378)
2026	(3,317,437)
Total	<u>\$ (6,933,944)</u>

Actuarial assumptions - The total pension liability as of June 30, 2021, was determined by actuarial valuation prepared as of June 30, 2020, by the new actuarial assumptions adopted by the Board subsequent to the June 30, 2020, valuation based on the experience investigation for the four-year period ending June 30, 2020, and by the investment experience for the fiscal year ending June 30, 2021. The following actuarial assumptions are applied to all periods included in the measurement:

Inflation:2.40%Salary increases:2.65-17.90%, including inflationInvestment rate of return:7.55%, net of pension plan investment expenses, including inflation

Mortality rates for service retirees were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 95% of male rates up to age 60, 110% for ages 61 to 75 and 101% for ages above 77. For females, 84% of female rates up to age 72 and 100% for ages above 76. Mortality rates for disability retirees were based on the PubG.H-2010 Disabled Table adjusted 134% for males and 121% for females. Mortality rates for Contingent Annuitants were based on the PubS.H-2010(B) Contingent Annuitant Table, adjusted 97% for males and 110% for females. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

### 11. Defined Benefit Pension Plan (continued)

The actuarial assumptions used for the purposes of determining the total pension liability were based on the results of an actuarial experience study for the period July 1, 2016, to June 30, 2020. The experience report is dated April 20, 2021.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The most recent target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	27.00%	4.60%
International Equity	22.00%	4.50%
Global Equity	12.00%	4.80%
Fixed Income	20.00%	-0.25%
Real Estate	10.00%	3.75%
Private Equity	8.00%	6.00%
Cash	1.00%	-1.00%
Total	100.00%	=

*Discount rate* - The discount rate used to measure the total pension liability was 7.55%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate of 9.00% and that Employer contributions will be made at the current contribution rate of 17.40%. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the College's proportionate share of the net pension liability to changes in the discount rate -The following table presents the College's proportionate share of the net pension liability calculated using the discount rate of 7.55%, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.55%) or one percentage-point higher (8.55%) than the current rate:

				Current		
	1	% Decrease	Di	scount Rate	1	% Increase
		6.55%		7.55%		8.55%
College's proportionate share of the						
Net Pension Liabiliity	\$	52,352,343	\$	36,965,873	\$	24,286,198

*Pension plan fiduciary net position* - Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

12. Other Post-Employment Benefits (OPEB)

General Information about the OPEB Plan.

*Plan description* - State law mandates that all state, public education, library, junior and community college and retiring employees be offered health and life benefit coverage through the State and School Employees' Life and Health Insurance Plan (the Plan). The Plan was established by Section 25-15-3 et seq., Mississippi Code Ann. (1972), which may be amended only by the State Legislature. The State and School Employees' Health Insurance Management Board (the Board) administers the Plan. The Board has the sole legal authority to promulgate rules and regulations governing the operations of the Plan within the confines of the law governing the Plan. The Plan is self-insured and is financed through premiums collected from employers, employees, retirees, and COBRA participants. The Plan provides for Other Postemployment Benefits (OPEB) as a multiple-employer defined benefit OPEB plan. The plan issues a publicly available financial report that can be obtained at <a href="http://knowyourbenefits.dfa.ms.gov/">http://knowyourbenefits.dfa.ms.gov/</a>.

Benefits provided - The Plan was formed by the State Legislature to provide group health and life benefits to full-time active and retired employees of the State, agencies, universities, community/junior colleges, public colleges and public libraries. In addition, the spouse and/or children of covered employees and retirees, as well as surviving spouses and COBRA participants, may be eligible for health insurance coverage under the Plan. Benefits of the OPEB Plan consist of an implicit rate subsidy, which is essentially the difference between the average cost of providing health care benefits to retirees under age 65 and the average cost of providing health care benefits to all participants when premiums paid by retirees are not age adjusted. Employees' premiums are funded primarily by their employers. Retirees must pay their own premiums, as do active employees for spouse and dependent medical coverage. The Board has the sole authority for setting life and health insurance premiums for the Plan. Per Section 12-15-15 (10) Mississippi Code Ann. (1972), a retired employee electing to purchase retiree life and health insurance must pay the full cost of such insurance premium. If the Board determined actuarially that the premium paid by the participating retirees adversely affects the overall cost of the Plan to the State, then the Board may impose a premium surcharge, not to exceed 15%, upon such participating retired employees who are under the age for Medicare eligibility and who are initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who are initially employed on or after January 1, 2006, the Board may impose a premium surcharge in an amount the Board determined actuarially to cover the full cost of insurance. The Plan offers a Base option and a Select option for health benefits for non-Medicare participants. The Plan includes a separate coverage level for Medicare eligible retirees, Medicare Eligible surviving spouses, and Medicare eligible dependents of retirees and surviving spouses.

*Contributions* - The Board has the sole authority for setting life and health insurance premiums for the Plan. The required premiums vary based on the plan selected and the type of participant. Employers pay no premiums for retirees while employees' premiums are funded primarily by their employer. Contributions to the OPEB plan from the College were \$55,795 for the year ended June 30, 2022.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB – At June 30, 2022, the College reported a long-term liability of \$1,743,326 and a short-term liability of \$55,795, for a total liability of \$1,799,121 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The basis for the College's proportion is determined by comparing the employer's average monthly employees participating in the Plan with the total average employees participating in the Plan in the fiscal year of all employers. The allocation was utilized because the level of premiums contributed by each employer is the same for any employee regardless of plan participation elections made by the employee. At the measurement date of June 30, 2021, the College's proportion was 0.2795%. This was an increase of 0.0103% from the proportionate share as of the measurement date of June 30, 2020.

For the year ended June 30, 2022, the College recognized OPEB expense of \$(53,325). At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

12. Other Post-Employment Benefits (OPEB) (continued)

	Ou	Deferred utflows of esources	 erred Inflows Resources
Differences between expected and actual experience	\$	1,957	\$ 562,562
Net difference between projected and actual earnings			
on OPEB plan investments		84	-
Changes of assumptions		291,381	60,848
Changes in proportion and differences between College			
contributions and proportionate share of contributions		167,635	-
College's contributions subsequent to the measurement date		55,795	 -
Total	\$	516,852	\$ 623,410

The Implicit rate subsidy of \$55,795 reported as deferred outflows of resources related to OPEB resulting from College contributions subsequent to the measurement date will be recognized as a reduction to the net OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30,	Amount
2023	(32,943)
2024	(30,130)
2025	(23,511)
2026	(45,454)
2027	(30,315)
Total	<u>\$ (162,353)</u>

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of June 30, 2021, using the following key actuarial assumptions and other inputs:

Inflation	2.40%
Salary increases	2.65-17.90%, including wage inflation
Municipal Bond Index Rate	
Measurement date	2.13%
Prior measurement date	2.19%
Year FNP is projected to be depleted	
Measurement date	2021
Prior measurement date	2020
Single equivalent interest rate, net of OPEB plan Investment expense, including inflation	
Measurement date	2.13%
Prior measurement date	2.19%
Health care cost trends, Medicare supplement	
Claims, Pre-Medicare	6.50% for 2022 decreasing to an ultimate rate of 4.50% by 2030

### 12. Other Post-Employment Benefits (OPEB) (continued)

Mortality rates for service retirees were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 95% of male rates up to age 60, 110% for ages 61 to 75 and 101% for ages above 77. For females, 84% of female rates up to age 72 and 100% for ages above 76. Mortality rates for disability retirees were based on the PubG.H-2010 Disabled Table adjusted 134% for males and 121% for females. Mortality rates for Contingent Annuitants were based on the PubS.H-2010(B) Contingent Annuitant Table, adjusted 97% for males and 110% for females. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

The demographic actuarial assumptions used in the June 30, 2021, valuation were based on the results of the last actuarial experience study, dated April 20, 2021.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2021, valuation were based on a review of recent plan experience done concurrently with the June 30, 2021, valuation.

The long-term investment rate of return, net of OPEB plan investment expense, including inflation was 4.50%.

*Discount rate* - The discount rate used to measure the total OPEB liability at June 30, 2021, was 2.13%. Since the Prior Measurement Date, the Discount Rate has changed from 2.19% to 2.13%.

The trust was established on June 28, 2018, with an initial contribution of \$1,000,000. As of June 30, 2021, the trust has \$1,044,424. The fiduciary net position is projected to be depleted immediately, therefore, the Municipal Bond Index Rate is used in the determination of the discount rate for both June 30, 2020, and June 30, 2021, total OPEB liability. The discount rate used to measure the total OPEB liability at June 30, 2021, was based on a monthly average of the Bond Buyers General Obligation 20-year Municipal Bond Index Rate.

Sensitivity of the College's proportionate share of the net OPEB liability to changes in the discount rate - The following presents the College's proportionate share of the net OPEB liability, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.13%) or 1-percentage-point higher (3.13%) than the current discount rate:

	Current					
	19	6 Decrease 1.13%	Dis	count Rate 2.13%	1% Increase 3.13%	
Net OPEB Liabiliity	\$	1,991,370	\$	1,799,121	\$	1,635,200

Sensitivity of the College's proportionate share of the net OPEB liability to changes in the healthcare cost trend rates. The following presents the College's proportionate share of the net OPEB liability, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

			F	Current lealthcare		
	1%	Decrease	Cos	t Trend Rate	1% Increase	
Net OPEB Liabiliity	\$	1,666,452	\$	1,799,121	\$	1,949,260

*OPEB plan fiduciary net position -* Detailed information about the OPEB plan's fiduciary net position is available in a separately issued report that can be found at <u>http://knowyourbenefits.dfa.ms.gov.</u>

### 13. Subsequent Events

Events that occur after the Statement of Net Position date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management evaluated the activity of the entity through April 18, 2023, and determined there were no events that occurred that warranted disclosure.

Note 1: Summary of Significant Accounting Policies

### **Description of Business Activities**

Northeast Mississippi Community College Development Foundation, Inc., (the Foundation), is a nonprofit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes. The organization is not classified as a private foundation. Its purpose is to provide scholarships and other support for Northeast Mississippi Community College.

#### Reporting Entity

For financial reporting purposes, the Foundation is considered to be a component unit of Northeast Mississippi Community College.

#### **Basis of Accounting**

The accompanying financial statements were prepared in conformity with accounting principles generally accepted in the United States of America. The significant accounting policies followed by Northeast Mississippi Community College Development Foundation, Inc., (the Foundation), are described below to enhance the usefulness of the combined financial statements.

#### Use of Estimates

Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the combined financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

Cash and cash equivalents includes bank demand deposit accounts, money market accounts and all highly liquid debt instruments purchased with a maturity of three months or less. The Foundation's cash balances may at times exceed federally insured limits. The Foundation has not experienced any losses in these accounts and believes it is not exposed to any significant risk with respect to cash and cash equivalents.

#### **In-Kind Donations**

The Foundation received donated supplies, athletics apparel and other goods to be used in college programs of \$106,850 for the year ended June 30, 2022. Such amounts, which are based upon information provided by third-parties, are recorded at their estimated fair value determined on the date of contributions and are reported as contributions and program expenses on the accompanying Statement of Activities and Statement of Functional Expenses.

#### Investments

All investments in publicly traded debt securities, equity securities, and mutual funds are stated at fair value. Fair value is determined using quoted market prices. All realized and unrealized gains and losses are reported directly in the accompanying combined Statement of Activities.

Investments in cash surrender value life insurance policies are stated at fair value. Fair value is determined annually, based on the cash surrender value calculated by the insurer.

Real estate investments are initially recognized at fair value based on appraised values at the date of receipt and are subsequently carried at fair value.

Investment income is accrued on fixed income securities based on the current fair market value and yield percentage.

Marketable securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain marketable securities, it is at least reasonably possible that changes in the values of marketable securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying combined financial statements.

The Foundation has a board policy that when interest and dividends are earned on investment accounts, the earnings are reinvested into the account and not distributed to a bank account. The Foundation only withdraws money from the investment account when there are scholarship expenses that need to be covered.

### **Unconditional Promises to Give**

The Foundation has recorded unconditional promises to give of \$91,240 at June 30, 2022, of which \$10,667 is current and \$80,573 is long-term. The Foundation expects to receive payment on the current portion during 2023.

The Foundation provides an allowance for uncollectible pledges based upon collection history and a review of open accounts by management. Open accounts are written off after all collection efforts have been exhausted and the pledge is determined to be uncollectible.

### Property and Equipment

Property and equipment are stated at cost, except for donated assets, which are recorded at their fair market value at the date of the gift. The Foundation does not imply a time restriction, based on the assets' estimated useful lives, on donations of property and equipment that are restricted as to their use by the donor. Accordingly, those donations are recorded as support, increasing unrestricted net assets.

Expenditures for acquisitions, renewals, and betterments are capitalized, whereas maintenance and repair costs are expensed as incurred. When property and equipment are disposed of, the appropriate accounts are relieved of costs, and accumulated depreciation and any restraint gain or loss is reported as a change in net assets.

Depreciation is computed on a straight-line basis using the estimated useful lives (5 to 20 years) of the various assets.

### Long-Lived Assets

The Foundation assesses its long-lived assets for impairment when events or circumstances indicate their carrying amounts may not be recoverable. This is accomplished by comparing the expected undiscounted future cash flows of the long-lived assets with the respective carrying amount as of the date of assessment. If the expected undiscounted future cash flows exceed the respective carrying amounts as of the date of assessment, the long-lived assets are considered not to be impaired. If the expected undiscounted future cash flows are less than the carrying value, an impairment loss is recognized and measured as the difference between the carrying value and the fair value of the long-lived assets. No impairment of long-lived assets was recognized in 2022.

### **Recognition of Donor Restrictions**

Support that is restricted by the donor is reported as an increase in net assets without restrictions if the restriction expires in the reporting period in which the support is received. All other donor-restricted support is reported as an increase in net assets with restrictions. When a restriction expires, net assets with restrictions are reclassified to net assets without restrictions.

### **Financial Reporting**

The Foundation reports its activities and the related net assets using two net asset categories: net assets without restrictions and net assets with restrictions.

Net assets without restrictions are not restricted by donors or other outside agencies. The Board of Directors can authorize use of these assets, as it desires, to carry on the purposes of the Foundation according to its bylaws. The Board of Directors has also designated that a portion of these monies be used to supplement program expenses.

Net assets with restrictions represent donor-imposed restrictions that permit the donee organization to use up and expend the donated assets as specified. This restriction is satisfied by the passage of time or actions by the Foundation.

Additionally, net assets with restrictions also include net assets that represent donor-imposed restrictions that stipulate that resources be maintained permanently, but permit the Foundation to use up or expend part or all of the income derived from the donated assets.

### Financial Instruments Measured at Fair Value

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and GAAP provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The valuation methodology used for the Foundation's assets measured at fair value is to value the investments at quoted market prices on the last business day of the fiscal year.

#### New Accounting Pronouncement

In June 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2020-05, Revenue from Contracts with Customers (Topic 606) and Leases (Topic 842): Effective Dates for Certain Entities, which among other things, provided entities with an additional year to implement ASU 2016-02, Leases (Topic 842). As a result, the effective date for ASU 2016-02 has been extended to be effective for annual reporting periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2021, and interim reporting periods beginning after periods beginning after December 15, 2021, and interim reporting periods beginning after periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2021, and interim reporting periods beginning after December 15, 2022.

#### Income Taxes

NEMCC Foundation is exempt from federal income tax as a not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code and has been classified as an entity that is not a private foundation.

Management has concluded that any tax positions that would not meet the more-likely-than-not criterion of FASB ASC 740-10 would be immaterial to the financial statements taken as a whole.

Accordingly, the accompanying financial statements do not include any provision for uncertain tax positions, and no related interest or penalties have been recorded in the Statement of Activities or accrued in the Statement of Financial Position. Federal tax returns of the Foundation are generally open to examination by the relevant taxing authorities for a period of three years from the date the returns are filed.

### Note 2: Availability and Liquidity

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund scholarships. In addition, the Foundation receives support without donor restrictions; such support has historically represented approximately 5-10% of annual program funding needs, with the remainder funded by investment income without donor restrictions and appropriated earnings from gifts with donor restrictions.

The Foundation considers investment income without donor restrictions, appropriated earnings from donorrestricted, contributions without donor restrictions and contributions with donor restrictions for use in current programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. General expenditures include administrative and general expenses, and fundraising expenses. Annual operations are defined as activities occurring during the Foundation's fiscal year.

The Foundation manages its cash available to meet general expenditures following three guiding principles:

- Operating within a prudent range of financial soundness and stability,
- Maintaining adequate liquid assets, and
- Maintaining sufficient reserves to provide reasonable assurance that obligations under endowments with donor restrictions that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

The Foundation's Board meets quarterly to review the financial asset balances to evaluate and ensure that liquid financial assets are adequate to meet the next quarter's needs. Additionally, the Foundation strives to maintain a minimum cash balance of \$100,000, which would cover the fundraising, general, and administrative costs for approximately six months.

The table below presents financial assets available for general expenditures within one year at June 30, 2022:

Financial assets at year end:	
Cash and cash equivalents	\$ 436,855
Unconditional promises to give (net)	91,240
Cash surrender value life insurance investment	15,577
Investments	 8,477,967
Total financial assets	 9,021,639
Less amounts not available to be used within one year:	
Endowment Investments	7,479,241
Unconditional promisies to give (net) - due after one year	 80,573
	7,559,814
Financial assets available to meet general expenditures	
over the next twelve months	\$ 1,461,825

Note 3: Economic Dependence and Concentration

The organization receives its contributions mainly from the five-county area in Northeast Mississippi that are served by Northeast Mississippi Community College.

Note 4: Promises to Give

Unconditional promises due within one year are recorded net of allowance for bad debts. Unconditional promises due after one year are recorded at net present value using a 4% discount.

Unconditional promises to give	
Without restrictions	\$ 91,240
With restrictions	 _
Total	 91,240
Reported As	
Current	10,667
Long-term	 80,573
	\$ 91,240

These pledges are due as follows:

Due in less than one year	\$ 10,667
Due in one to five years	38,668
Due in six to ten years	42,335
Due in eleven to fifteen years	 19,996
Total	111,666
Less: discounts to present value Less: allowances for bad debts	(20,426)
Net unconditional promises to give at June 30, 2022	\$ 91,240

## Note 5: Investments

Note 5: Investments (continued)

The following schedule summarizes the investment return in the statement of activities:

		Total	 Without estrictions	Re	With strictions
Dividend and Interest Income Realized Gain (Loss) on Assets (Net)	\$	135,455 (759,571)	\$ 135,455 967,138	\$ (	- 1,726,709)
Total	<u>\$</u>	(624,116)	 1,102,593	\$ (	1,726,709)
Note 6: Property and Equipment					
The following is a summary of property a	ind e	quipment:			
Land			\$	125	,000
Office Equipment				28	,364
Less: Accumulated Depreciation	ו			(27	728)
			\$	125	,636

Depreciation expense totaled \$297 for the year.

Of the total \$125,000 in land, \$45,000 came from the Franks Foundation.

Note 7: Net Assets

Net assets with restrictions are available for the following purposes:

Athletics	\$ 315,527
Building Endowments	3,596
Endowment Scholarships	169,946
College Programs	151,522
Fine Arts	29,241
Other	489,650
Scholarships	87,535
Endowments (See Below)	 6,803,527
	\$ 8,050,544

The \$87,535 in Scholarships is made up of mostly tuition guarantee payments from surrounding counties.

Net assets restricted as endowments are available for the following purposes:

Scholarships - Franks Foundation	\$ 3,407,547
Scholarships - Haney	1,037,833
Scholarships - Martin	100,049
Scholarships - Miller	227,840
Scholarships - Newby	350,000
Scholarships - Rees	100,000
Scholarships - Tuckier	151,564
Scholarships - Woods	125,000
Scholarships - Various	 1,303,694
	\$ 6,803,527

Net assets restricted as endowments consist of endowment fund investments to be held indefinitely, the income from which is expendable for scholarships.

Note 8: Fair Value Measurements

The following methods and assumptions were used by the Foundation in estimating its fair value disclosures:

Short-term unconditional promises to give: The carrying amounts reported in the statement of financial position approximate fair values because of the short maturities of those instruments.

Unrestricted and temporarily restricted investments and endowment investments: The fair values of investments are based on quoted market prices for those or similar investments.

Long-term unconditional promises to give: The fair value of promises to give that are due in more than one year are recorded at net present value of their net realizable value applicable to the years in which the promises are received to discount the amounts.

The estimated fair values of the Foundation's financial assets, none of which are held for trading purposes, are as follows:

	Fa	ir Value	Act fc	Prices in tive Markets or Identical ets (Level 1)	Ot	ignificant Other oservable ts (Level 2)	U	Inputs are nobservable (Level 3)
Finanical Assets Without Restrictions	<b>3</b> :							
Cash surrender value life								
insurance investment	\$	15,577	\$	-	\$	-	\$	15,577
Investments without restrictions		206,917		206,917		-		-
Financial Assets With Restrictions:								
Unconditional promises to give		91,240		-		-		91,240
Endowment investments with restrictions								
Farmers & Merchants Bank Stock	8	,271,050		7,479,241		-		791,809
Total	\$8	,584,784	\$	7,686,158	\$	_	\$	898,626

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan can access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

When available, The Foundation measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 1 and Level 3 were available to the Foundation.

Level 3 investments consist of a life insurance policy and unconditional promises to give. The life insurance investment is carried at its cash surrender value which approximates fair value to be realized if the policy were voluntarily terminated before its maturity or an insured event occurs. Unconditional promises due within one year are recorded net of allowance for bad debts. Unconditional promises due after one year are recorded at net present value using a 4% discount.

Note 9: Related Party Transactions

Certain Foundation expenditures are paid by the College and reimbursed by the Foundation. They totaled approximately:

Salary and Fringe Benefits	\$ 245,775
Postage and Freight	1,593
Other	6,845
Total	<u>\$ 254,213</u>

The members of the Foundation Board of Directors contributed \$164,015 to the Foundation during this fiscal year.

The Foundation does not have a retirement plan. The employees also work for the College and are covered under their retirement plan.

#### Note 10: Compensated Absences

The Foundation does not have a policy for compensated absences.

Note 11: Donated Services

The Foundation receives donated office space, certain expenses and personnel services from the College. The Foundation also receives certain donated services from others. The value of these "non-cash" donations has not been measured and thereby not recorded in these financial statements.

Note 12: Joint Costs of Activities That Include a Fund-Raising Appeal

The Foundation produces various methods of communications with the public that includes programmatic and administrative information, together with a request for contributions in support of our mission. The costs of producing the communications included joint costs not directly attributable to any single function. Those costs were allocated among the following functional expense categories as follows:

Program Services	\$1,491,322
General and Administrative	158,041
Fund Raising	120,835
Total Joint Costs	\$1,770,198

For a complete breakdown of the expense categories listed above, please see the Statement of Functional Expenses included in this report.

Note 13: Functionalized Expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that were allocated include salaries and wages, benefits, payroll taxes, professional services, office expenses, information technology, and other, which are allocated on the basis of estimates of time and effort.

Note 14: Franks Foundation Endowment Agreement Transfer

In August 2021, the Foundation acquired the Franks Foundation and all assets involved. The transfer in total was approximately \$5.4 million with the bulk of the transfer involving scholarship endowments of approximately \$4.6 million. Fair market value of the endowment as of June 30, 2022, was approximately \$3.4 million.

Note 15: Endowment Net Assets

Endowment net asset composition by type of fund as of June 30, 2022, is as follows:

			Total Net
	Without Donor	With Donor	Endowment
	Restrictions	Restrictions	Assets
Donor-Restricted Endowment Funds	<u>\$</u>	<u>\$6,803,527</u>	<u>\$ 6,803,527</u>

Changes in endowment net assets as of June 30, 2022, are as follows:

	Without Donor Restrictions	With Donor Restrictions	Total Net Endowment Assets
Endowment Net Assets, Beginning of Year	-	3,280,981	3,280,981
Contributions Investment Return, Net Amounts Appropriated for Expenditure	-	3,522,546 	3,522,546 - -
Endowment Net Assets, End of Year	<u> </u>	\$ 6,803,527	\$ 6,803,527

### Note 16: Subsequent Events

Events that occur after the statement of financial position date, but before the financial statements were available to be issued, must be evaluated for recognition or disclosure. The Foundation evaluated subsequent events and transactions that occurred after the Statement of Financial Position date up to the date that the financial statements were issued on February 23, 2023. No adjustments are considered necessary to these financial statements.

### Pension Schedules

#### 1. Changes of Assumptions

#### 2015

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.

The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

#### 2016

The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

#### 2017

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.

The wage inflation assumption was reduced from 3.75% to 3.25%.

Withdrawal rates, pre-retirement mortality rates, disability rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 6.00% to 7.00%.

#### 2019

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments: for males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119; for females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119; and projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments: for males, 137% of male rates at all ages; for females, 115% of female rates at all ages; and projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 3.00% to 2.75%.

The wage inflation assumption was reduced from 3.25% to 3.00%.

Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

Pension Schedules (continued)

1. Changes of Assumptions (continued)

#### 2021

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments: for males, 95% of male rates up to age 60, 110% for ages 61 to 75, and 101% for ages above 77; for females, 84% of female rates up to age 72, 100% for ages above 76; and projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubG.H-2010 Disabled Table for disabled retirees with the following adjustments: for males, 134% of male rates at all ages; for females, 121% of female rates at all ages; and projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of contingent annuitant mortality was based on the PubS.H-2010(B) Contingent Annuitant Table with the following adjustments: for males, 97% of male rates at all ages; for females, 110% of female rates at all ages; and projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 2.75% to 2.40%.

The wage inflation assumption was reduced from 3.00% to 2.65%.

The investment rate of return assumption was changed from 7.75% to 7.55%.

The assumed load for administrative expenses was increased from 0.25% to 0.28%.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual experience more closely.

The percentage of active member disabilities assumed to be in the line of duty was increased from 9% to 12%.

The percentage of active member deaths assumed to be in the line of duty was decreased from 6% to 4%.

2. Changes in Benefit Provisions

<u>2016:</u>

Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of 1.00% and a maximum rate of 5.00%.

3. Method and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported (June 30, 2019 valuation for the June 30, 2021 fiscal year end). The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method Amortization method Remaining amortization period Asset valuation method Price inflation Entry age Level percentage of payroll, open 28.8 years 5-year smoothed market 2.75%

Pension Schedules (continued)

3. Method and Assumptions Used in Calculations of Actuarially Determined Contributions (continued)

Salary increase	3.00-18.25%, including inflation
Investment rate of return	7.75%, net of pension plan investment expense,
	including inflation

Other Post-Employment Benefits (OPEB) Schedules

1. Changes of Assumptions

### 2017:

The discount rate was changed from 3.01% for the prior Measurement Date to 3.56% for the current Measurement Date.

### 2018:

The discount rate was changed from 3.56% for the prior Measurement Date to 3.89% for the current Measurement Date.

### <u>2019</u>

The discount rate was changed from 3.89% for the prior Measurement Date to 3.50% for the current Measurement Date.

### <u>2020</u>

The discount rate was changed from 3.50% for the prior Measurement Date to 2.19% for the current measurement date.

### 2021

The discount rate was changed from 2.19% for the prior Measurement Date to 2.13% for the current measurement date.

2. Changes in Benefit Provisions

2017, 2018, and 2019 None

### <u>2020</u>

The schedule of monthly retiree contributions was increased as of January 1, 2021. In addition, the deductibles and coinsurance maximums were increased for the Select Coverage and the coinsurance maximums were increased for the Base Coverage beginning January 1, 2021.

### 2021

The schedule of monthly retiree contributions was increased as of January 1, 2022. In addition, the innetwork medical deductible was increased for the Select coverage beginning January 1, 2022.

3. Methods and Assumptions Used in Calculations of Actuarially Determined Contributions

The Actuarially Determined Contributions rates, as a percentage of payroll, used to determine the Actuarially Determined Contribution amounts in the Schedule of Employer Contributions are calculated as of the most recent Valuation Date. The following actuarial methods and assumptions (from the June 30, 2020, actuarial valuation) were used to determine contribution rates reported in that schedule for the year ending June 30, 2021:

Other Post-Employment Benefits (OPEB) Schedules (continued)

3. Methods and Assumptions Used in Calculations of Actuarially Determined Contributions (continued)

Actuarial cost method Amortization method Remaining amortization period	Entry age Level dollar 30 years, open
Asset valuation method	Market value of assets

### NORTHEAST MISSISSIPPI COMMUNITY COLLEGE Schedule of Expenditures of Federal Awards Year Ended June 30, 2022

### Notes to the Supplementary Information

The accompanying schedule includes all federal awards administrated by Northeast Mississippi Community College. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of *Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

This schedule was prepared using the same basis of accounting and the same significant accounting policies, as applicable, used for the financial statements, with the following exceptions:

For purposes of this schedule, loans made to students under the Federal Direct Student Loans (ALN #84.268) are presented as federal expenditures. The loans are a direct benefit to students and therefore are eliminated out of the Statement of Revenues, Expenses and Changes in Net Position.

Expenditures presented on the schedule of expenditures of Federal awards are recognized following the cost principles as found in the Uniform Guidance. The College has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mr. Ricky G. Ford, President And Board of Trustees Northeast Mississippi Community College Booneville, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of Northeast Mississippi Community College, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which comprise Northeast Mississippi Community College's basic financial statements, and have issued our report thereon dated April 18, 2023. Our report includes a reference to other auditors who audited the financial statements of Northeast Mississippi Community College Development Foundation, Inc., which is a discretely presented component unit, as described in our report on the College's financial statements. The financial statements of Northeast Mississippi Community College Development Foundation, Inc. were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with Northeast Mississippi Community College Development Foundation, Inc. were not audited in accordance with Government Auditing Standards, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with Northeast Mississippi Community College Development Foundation, Inc.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Northeast Mississippi Community College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Northeast Mississippi Community College's internal control. Accordingly, we do not express an opinion on the effectiveness of the Northeast Mississippi Community College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Northeast Mississippi Community College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001.

### College's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the finding identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Northeast Mississippi Community College's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

www.ffwhcpa.com

Mr. Ricky G. Ford, President And Board of Trustees Northeast Mississippi Community College Booneville, Mississippi

## **Report on Compliance for Each Major Federal Program**

### **Opinion on Each Major Federal Program**

We have audited Northeast Mississippi Community College's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Northeast Mississippi Community College's major federal programs for the year ended June 30, 2022. The College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Northeast Mississippi Community College, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Northeast Mississippi Community College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Northeast Mississippi Community College's compliance with the compliance requirements referred to above.

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Northeast Mississippi Community College's federal programs.

### Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Northeast Mississippi Community College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Northeast Mississippi Community College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test
  basis, evidence regarding Northeast Mississippi Community College's compliance with the compliance
  requirements referred to above and performing such other procedures as we considered necessary in
  the circumstances.
- Obtain an understanding of Northeast Mississippi Community College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Northeast Mississippi Community College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE Rudolph Franks, CPA (1933-2019) WITH STATE LAWS AND REGULATIONS

Mr. Ricky G. Ford, President And Board of Trustees Northeast Mississippi Community College Booneville, Mississippi

We have audited the financial statements of the business-type activities of Northeast Mississippi Community College as of and for the year ended June 30, 2022, which collectively comprise Northeast Mississippi Community College's basic financial statements and have issued our report thereon dated April 18, 2023. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Northeast Mississippi Community College Development Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

We have also performed procedures to test compliance with certain state laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of procedures performed to test compliance with certain state laws and regulations and our audit of the financial statements disclosed an instance of noncompliance with state laws and regulations. This instance of noncompliance was considered in forming our opinion on compliance. Our finding and recommendation and your response are described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001.

Northeast Mississippi Community College's response to the finding included in the Schedule of Findings and Questioned Costs was not audited, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Trustees and management, others within the entity, entities with accreditation overview, and federal awarding agencies, the Office of the State Auditor, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

# Northeast Mississippi Community College Schedule of Findings and Questioned Costs For the Year Ended June 30, 2022

Section II: Finan	cial Statement Findings
2022-001	Material Noncompliance
Criteria:	Debt issued pursuant to Miss. Code Section 37-29-103, should be sold pursuant Miss. Code Section 31-19-25. This code section requires that the debt shall be advertised for sale on sealed bids or public auction.
Condition:	Debt was issued under Miss. Code Section 37-29-103 without following Miss. Code Section 31-19-25 concerning advertisement for sealed bids or public auction.
Cause:	The college failed to advertise and did not obtain sealed bids to issue current year debt.
Effect:	The college may be incurring higher interest costs than if they had followed Miss. Code Section 31-19-25.
Recommendation:	The college should follow proper procedures to advertise for bids for issuance of debt according to Miss. Code Section 31-19-25.
Views of Responsible Officials:	Before proceeding with the purchase of the building, which will become the college's Career and Technical Education, Workforce Education and Training and Adult Education Center, the Vice President of Finance emailed the college's attorney concerning the matter of seller-financing a portion of the purchase, along with a request to review the commercial purchase and sale agreement. Due to the time-sensitiveness of this transaction, after not hearing quickly from the attorney, the Vice President of Finance called him to follow up, and during the telephone conversation, it was the Vice President of Finance's understanding that the college could move forward with the purchase, including the seller-financing portion. Therefore, the college moved forward and signed the commercial purchase and sale agreement contingent upon board approval. A special called meeting of the Northeast Mississippi Community College's Board of Trustees was convened where college administration presented a recommendation to the board to proceed. After thorough discussion, including the reasons to go with seller-financing due to the time constraints of advertising for financing bids. The interest rate was also discussed, and the administration, even though the interest rate may have been higher than could have been obtained by advertising for bids on financing, when closing costs were factored in, the interest rate was reasonable under the circumstances and short term of the financing. Further, the property had existing leases in place whereby the income from those leases more than offset the interest costs, especially any portion of interest resulting from the higher interest rate. After thorough discussion, the board approved the purchase based on the facts and circumstances presented.

# Section 3: Federal Award Findings and Questioned Costs

The results of our tests did not disclose any findings related to the Federal Awards.

Auditee's Corrective Action Plan

As required by Title 2 U.S. code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UG), Northeast Mississippi Community College has prepared and hereby submits the following corrective action plan for the findings included in the Schedule of Findings and Questioned Costs for the year ended June 30, 2022:

Finding Corrective Action Plan Details

2022-001

a. Administrator: Vice President of Finance Christopher D. Murphy, CPA 662-720-7281

- b. Corrective Action Planned: The Vice President of Finance has reviewed applicable statutes regarding debt issuance and now has a better understanding of those statutes. Further, when consulting the college attorney, the Vice President of Finance will not proceed without first having a written response from the attorney as to the steps to move forward in a statutorily legal manner.
- c. Anticipated date of correction: This corrective action has already been completed as of the date of the completion of this Corrective Action Plan.

March 24, 2023
